BUSINESS MEN TO MEET

Meeting Called For Purpose of Organization

WILL HUSTLE FOR GENOA

The Village Will Profit by Such an Organization, Which Will Bring New Industries Here.

Since Genoa's recently awakened industrial boom has been attracting attention from all over the country many prominent citizens have suggested the formation of a club or a society to look after Genoa's industrial welfare. The matter was brought to the attention of H. A. Perkins, president of the village board, who issued the following call:

Inasmuch as the business and industrial situation in Genoa seems to demand the attention of a well organized body to assist in caring for our rapidly growing industries, and as the organizing of such association has been suggested by many of our leading citizens,

I hereby call a meeting of the business men and citizens of Genoa who are interested in the development of the village, to convene in the Genoa Opera house at 8 o'clock next Monday evening, Aug. 17. H. A. PERKINS, President of Village Board.

The advantages of such an organization will be many. For instance, Mr. Perkins has now in his possession a letter from a prominent furniture manufacturing concern, asking for a manufacturing site in Genoa. It is certainly desirable that this matter be investigated by a proper committee, and perhaps Genoa can secure the industry. The mayor frequently receives such letters of inquiry, now that the world is getting on to the fact that Genoa is the prettiest, cleanest, best located, most progressive and altogether best situated village for factories anywhere near Chicago. Efforts should be made to get many such inquiries, and to investigate all such inquiries carefully, securing only the most desirable concerns for Genoa.

The meeting called next Monday is expected to organize for the purpose of booming Genoa, and to succeed in locating new industries here.

F. O. Swan T. N. Austin
C. A. Patterson E. C. Crawford

Trouble at Hampshire

Mrs. Wm. Bochum of Hampshire, lost a fine patch of cucumbers last week, some one pulling the vines up by the roots. The work was done at night and is thought to have been done by an enemy. The law should deal severely with such a miscreant if apprehended.

STOLE RIG AND HORSE

Man Named Henry Walker Who Worked in the Eureka Factory Departs with Animal and Rig

Henry Walker, who for the past month has been a suspicious character about town, departed last Saturday afternoon with a valuable horse and buggy belonging to Kellogg & Adams, and the man or rig has not been seen or heard from since.

Walker went to Kellogg & Adams' livery Saturday afternoon about two o'clock and asked for a rig to drive to Kingston to see an aunt. When he did not return with the rig by evening, the manner in which he hired the rig led the members of the firm to become suspicious. Mr. Kellogg at once took up the search and it was but a short time before he discovered that the thief did not go to Kingston but headed straight for Chicago, and Mr. Kellogg at once set out on his trail. He was tracked as far as Pingree Grove where it could not be ascertained which way he went or what road he took.

It was thought he was making for Chicago so Mr. Kellogg left on a Monday morning train for that city in company with J. W. Brown and they with the help of Chief O'Neil's men searched Walker's old stopping places but no clues to his whereabouts could be found.

Walker is a young man about 22 years of age and has been working here about a month and came here from Chicago. For the past three weeks he has been working in the Eureka factory, but on Saturday morning he was discharged. From the head of the department in which he worked it is learned that he was discharged because he was incompetent to do the work assigned to him and was often caught shirking.

The rig was one of the best in the livery; a reward of \$50.00 has been offered for the capture of the man or the return of the rig.

CONTRACTS LET

Joe Smith Will Build Two Cottages in Eureka Park Addition

P. Bartzan was out from Chicago on Saturday and opened the bids for carpenter work on two story and a half cottages he is erecting in Eureka Park addition.

Joe Smith of Genoa was the successful bidder, and is now at work on the cottages.

The foundations are of stone manufactured by Mr. Hay, and the cottages are to be neatly finished throughout and wired for electric lights.

The buildings will cost about \$1500 each, and will be ready as soon as it is possible for Mr. Smith to complete the carpenter work. Mr. Bartzan was here again Monday arranging for more houses he intends to put up immediately in the new addition.

ENJOYING A VACATION

Harry S. Heckman, who so Successfully Edits the Kingston News, Away For Period of Two Weeks

Harry S. Heckman is putting in two weeks to good advantage, his plans embracing a lake trip with possible trips to Chicago and lake resorts in Michigan.

During his absence the Kingston News will receive special correspondence from able writers in the village and in two weeks Mr. Heckman will be again at his post, doubtless with new ideas and fresh enthusiasm to work in behalf of the REPUBLICAN's large constituency at Kingston.

HAS A NARROW ESCAPE

Engineer Elvin Williams Hurt by Threshing Machine

NEARLY CHOKED TO DEATH

Accident Occurred on Cole Kitchen Farm - Injured Man is Finally Rescued With Great Difficulty.

Tuesday morning Elvin Williams nearly met his death on the Cole Kitchen farm where he was running a steam thrasher. He crawled under the machine to make some adjustment while the thrasher was running at full speed. In some way his clothing caught on a set screw and was wound upon a shaft, drawing tighter and tighter about his shoulders and neck until he was choked into insensibility. The promptness of Mr. Kitchen was all that prevented a fatal accident. He jumped to the throttle of the engine and shut off the steam. When Williams was dragged from under the separator he was to all appearances dead. His face was black from suffocation and he lay limp and bleeding from cuts and bruises about the head and arms. Dr. Hill was hastily summoned and succeeded in reviving the injured man. He sewed on the right ear which was nearly torn from the head, and dressed the injured arm. The patient vomited from the effects of the strangulation.

Elvin Williams came here some weeks ago from Michigan, working for some time on the Eugene Olmstead farm. When threshing commenced he was put in charge of an engine owned by a company of farmers, and ran it very successfully until the unfortunate accident occurred. It is not thought that his injuries will be long in healing, and he hopes to be running the engine again before many days.

THIRD REGIMENT CAMP

Militia Men of Neighboring Towns Will Enjoy Week of Work and Pleasure

The regimental headquarters of Third regiment, Illinois National Guard, will be removed from Rockford to Springfield, via the Illinois Central Friday night, Aug. 14, and will be established in the latter place Saturday.

The official routing of the companies of the regiment has been issued by Col. A. E. Fisher, through Adjutant Brogunicer.

The Rockford companies, accompanied by the Belvidere militia, will leave on a special Illinois Central train Friday night and go to Chicago, where all but two companies will join them. The DeKalb band, hereafter known as Third Regiment band, will be with the regiment this year to furnish music.

Co. E. of Elgin, is working hard preparatory to going to camp, and expects to stand some pretty hard drilling. The work at Camp Lincoln this year has been rather strenuous so far, and it is expected that the Third regiment will not be lacking when it comes to that part of the trip. Nothing new and novel is anticipated but hard, hard drill, and lots of rifle range work is announced.

CAME TO BUY 'PHONES

W. B. Swigart of Maquoketa, Iowa, Was in Genoa Saturday

Genoa has at least one more friend in the person of W. B. Swigart, publisher of the Jackson Sentinel, one of the oldest papers at Maquoketa, Iowa.

Mr. Swigart is secretary of the local telephone company at Maquoketa, and he came to Genoa to purchase Eureka telephones. He stated that the Eureka people make a magnificent telephone, and are constantly improving their goods, keeping constantly up-to-date. The Maquoketa exchange has a Eureka switchboard and over 400 telephones in operation. The business is growing steadily, and the addition of several important toll lines makes quite an extensive order necessary.

Mr. Swigart expressed himself as greatly pleased with Genoa as a manufacturing village. Being so near Chicago, and having such magnificent railroad facilities, Genoa impressed Mr. Swigart well. He is interested in a manufacturing industry in Chicago, and said he would consult the management with a view to moving to Genoa.

LAUNDRY COMING

George Spies of DeKalb will Establish Steam Laundry in Genoa

Joseph Smith has rented his property on Main street to Geo. Spies of DeKalb, who will establish an up-to-date steam laundry in Genoa as soon as he can install the machinery.

Mr. Spies expects to employ three men and run a thoroughly modern establishment. He will occupy the living rooms in the second story of the house, and Mr. Smith will build himself a new home in Eureka Park addition just as soon as possible.

Mr. Spies was interviewed by a Republican reporter Monday, while he was busy moving in his machinery. He stated that he would be open for business August 20, and would call his laundry "The Genoa Steam Laundry." He will run a wagon to Sycamore, Kingston, Kirkland, Hampshire and other suburbs and will do a batch of washing every day.

He wants to employ three men and three women at the start. Genoa people preferred. He has the latest improved machinery and can turn out 1500 shirts a day if necessary. He expects to have a good patronage and promises the best of work.

NOVEL PORCH PARTY

Mr. and Mrs. A. B. Clefford Entertain Large Party of Friends

At the beautiful home of Mr. and Mrs. A. B. Clefford on Friday evening July 31 was given a novel porch party at which a large party of friends were present.

The large spacious porch at the Clefford home was beautifully illuminated with colored lights and the many guests circled around taking part in a "Polly Piper Porch Party" made a picturesque scene.

Each participant was given a clay pipe, sheet of paper and a needle and with these each endeavored to dress the pipe to resemble the human being. The prizes were awarded as follows, 1st, Miss Mae Burroughs; consolation prize A. L. Funk.

During the evening a short musical program was given.

Those taking part were Miss Hattie Watson of LaFayette, Indiana, Miss Flossie Kellogg and Miss Florence Clefford.

The affair was given in honor of Misses Hattie Watson and Stella Shearer of LaFayette, Indiana.

LOCAL MARKET REPORTS

Prices that Our Farmers Can Get in Genoa

WILL PUBLISH EACH WEEK

The Republican Plans to Publish Each Week Local Market Reports For Benefit of Farmers

As several prominent farmers have suggested that THE REPUBLICAN give extended notice to the local markets each week, arrangements have been made with prominent business firms in Genoa to supply the necessary figures each week.

Our readers understand, of course, that the market often varies considerably from day to day, and that we give the prices paid on the Wednesday preceding publication. This will be somewhat of a guide to our many farmer friends, however, and it is hoped it will aid them in taking advantage of the high points of the market.

In this connection, attention is called again to the splendid offer we make to our subscribers—the Chicago Daily Journal for only \$1.50 a year. Progressive farmers who desire to follow the city markets closely cannot do better than get the Chicago Journal delivered each morning on the rural route. The price is very low to our subscribers.

GENOA MARKETS

K. Jackman & Son offered the following prices Wednesday:

Corn, per bushel... \$.45 to \$.48
Oats, per bushel... .30 to .32

John Lempke and T. M. Frazier paid the following prices Wednesday for farm produce:

New potatoes, per bu... 50cts

During the past week K. Jackman & Son have purchased two carloads of hogs, 5000 bushels of new oats, and one carload of new rye.

John Lempke bought 5 cases of eggs and wants all he can get the coming week. He is buying new potatoes in limited quantities, only enough to supply his trade.

At the services Sunday evening the congregation will be asked to participate in singing several hymns and Rev. T. E. Ream will speak briefly on their history. Visiting friends in Genoa have also consented to assist the choir in the services.

The public is cordially invited.

WILL OPEN SEASON

"What Happened to Jones" Will Open the Season at Genoa Opera House, Aug. 27.

Genoa may feel proud of the fact that the opening play of the season at the Genoa Opera House is far above the standard of Genoa's theatrical performances.

The play entitled "What happened to Jones" is a play that has been before the theatrical world the past five years with wonderful success and its appearance in Genoa may seem strange but the fact that it is an off date for the company explains the reason of their showing here.

The local management are congratulating themselves on the securing of this high class production. The play all the way through is one that will interest everyone and in the production this year many new and original comic parts have been brought in which have received creditable comments in many of the local papers in the cities where they have showed.

On the evening of August 26 the company appears in Elgin and on the 27 they will show here.

It was moved by Malana, seconded by Smith that board adjourn. Motion carried.

T. M. FRAZIER, Village Clerk.

ENTERTAIN AT CINCH

Dr. and Mrs. C. A. Patterson Entertained Last Thursday Evening

Dr. and Mrs. C. A. Patterson entertained at Military Cinch last Thursday evening and an enjoyable time was reported.

The fort at the head of table was successfully defended by Mrs. Fred Marquart, Miss Mae Burroughs, Dr. J. H. Danforth and E. A. Sowers who were awarded the prizes.

Refreshments were served.

Trolley Talk

There is talk now that the Belvidere-Harvard trolley line will be built at the earliest moment, via Marengo. We hope the time will soon come when talk will materialize into action. If the Belvidere line goes to Harvard via Marengo, it will make this a junction point, as the Farson-Leach line will be built to Elgin. Quite likely all this talk about trolley lines may hatch out something that will be of benefit to our city—we hope so at least. A north and south line from Sycamore to Harvard or Woodstock and Geneva Lake would be the most desirable thing for us.—Marengo Republican.

Ice Cream Social

The Ladies' Aid society of the Methodist church gave a successful ice cream social on the parsonage lawn last Tuesday evening. The ladies report \$12.00 cleared which was better than they anticipated.

When it came to being well preserved, Lot's wife had all her female acquaintances beat a block.

Dysentery Cured Without a Doctor

"I am just up from a hard spell of the flux" (dysentery) says Mrs. T. A. Pinner, a well known merchant of Drummond, Tenn. "I used one small bottle of Chamberlain's colic, cholera and diarrhoea remedy and was cured without having a doctor. I considered it the best Cholera medicine in the world." There is no need to employ a doctor when this medicine is used, for no doctor can prescribe a better medicine for bowel complaint in any form either for children or adults. PASSED AWAY SUNDAY

Mrs. Emma Heberling Passed Away in Chicago--Aged 44 Years

Mrs. Emma Heberling passed away Sunday afternoon at 5:30 p. m. at her home in Chicago at the age of 44 years.

The deceased was born in Genoa, July 7, 1859, and was the daughter of Dr. and Mrs. G. Truax. Mrs. Heberling received her early education here. When very young she left Genoa with her parents to reside at Maquoketa, Iowa.

Dr. Truax was for many years one of the leading physicians of this section and was widely known throughout DeKalb county.

While residing in Maquoketa, Iowa, she was united in marriage to H. S. Heberling of that place and later moved to Chicago, where she has since resided.

Mrs. Heberling was a lady possessing a wide acquaintance in Genoa and since her leaving here she has spent many lengthy visits here with her childhood friend. In the Episcopal circles at Ravenswood she was a diligent worker and a faithful member of that church.

Deceased passed from life after an illness of four months duration and suffered uncomplainingly to her death, the cause being a complication of diseases.

Besides her husband and parents, Dr. and Mrs. G. Truax of Tallapoosa, Georgia, two brothers, Chas. and Herbert and sister, Mrs. Fannie Sherwood, all of Chicago, survive. Mrs. H. H. Slater of this place is an aunt.

The funeral services took place Tuesday at 10 o'clock from the home in Chicago and 3:30 at the Genoa Cemetery. Services accustomed to the Episcopal religion were held in the evening at the Genoa Cemetery where the remains were entered.

ALBERT A. BEAN

A One Time Resident of Kingston Passes Away in Canada

Albert A. Bean, a former resident of Kingston, died at his home in Lacombe, Alberta, Canada, July 20, 1903, after a lingering and painful illness for nearly two years; paralysis finally ending his life.

Deceased was born in Kingston township July 4, 1850, and in 1871 was married to Miss Emma Vosberg. In 1882 the family moved to Nebraska, settling in Maywood, Frontier county, and later moving to Colorado and from there to Alberta, Canada. He was the son of Mr. and Mrs. Samuel Bean, who were early settlers of this vicinity and a brother of Mrs. Ida M. Fuller of this place. He leaves a widow and nine children to survive his departure.

Half Rates to Peoria, Ill.

Via the North-Western Line. Excursion tickets will be sold at one fare for round trip Aug. 30, 31 and Sept. 1, limited for return until Sept. 3, inclusive, on account of Grand Commandery, Knights Templar of Illinois, annual meeting. Apply to Agents Chicago & North-Western R'y.

Not Over-Wise

There is an old allegorical picture of a girl scared at a grasshopper, but in the act of heedlessly treading on a snake. This is paralleled by the man who spends a large sum of money building a cyclone cellar, but neglects to provide his family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a safeguard against bowel complaints, whose victims outnumber those of a cyclone a hundred to one. This remedy is everywhere recognized as the most prompt and reliable medicine in use for these diseases. For sale by F. T. Robinson.

Chicago's Centennial Celebration

The Chicago & North-Western Ry announces that much interest is being evidenced throughout the west in Chicago's celebration of the 100th anniversary of that city's settlement in 1803. The celebration will take place from September 26 to October 1, next, with the program that includes a series of commemorative events that possess many special features of interest. A great naval display will be a part of the program, together with regattas and the spectacular arrival in canoes, by way of the lake, of 400 Indians, the descendants of tribes formerly occupying this site, who will establish a village around a reproduction of old Fort Dearborn, on the lake front.

Athletic contests, parades, great fire works displays, patriotic meeting and religious services, a grand chorus, military maneuvers by government troops, and on the concluding day a reception to the president of the United States and other distinguished guests, all contribute to a most elaborate program.

Every energy is being employed to make the occasion typical of that spirit that has made Chicago one of the greatest cities in the world.

The Death Penalty

A little thing sometimes results in death. Thus a mere scratch, insignificant cuts or puny boils have paid the death penalty. It is wise to have Bucklen's Arnica Salve ever handy. It's the best salve on earth and will prevent fatality, when burns, sores, ulcers and piles threaten. Only 25c, at F. T. Robinson's, drug store.

COUNTY BOARD MET

Last Week Tuesday, the Supervisors Consider the Court House Matter

Pursuant to a petition signed by the required number of supervisors, county clerk Kinsale issued a call for a special meeting of the board of supervisors, which was held in the circuit judge's chambers in Sycamore, beginning at 1:30 p. m. on Tuesday of last week.

Chairman Glidden presided. All the 24 members were present. The clerk read the minutes of the last special meeting of the board, and there being no objections the minutes were approved.

Supervisor Townsend guaranteed that Sycamore would contribute \$55,000 to the expense of the construction of the court house. His offer was in writing and was put on record and was as follows:

To the Board of Supervisors of DeKalb County:

GENTLEMEN—We propose to deposit with the county treasurer of your county \$55,000 to be used under the direction of your board on and after December 1, 1903, toward payment of the contract price stipulated in contract let to W. J. McAlpine on July 14, 1903, for the erection of a new court house at Sycamore, provided work on said building under contract progresses so that the corner stone of the court house is laid on or before November 2, 1903, and the county shall be ready and willing on December 1, 1903, to and do go on with the completion of said building, provided we are released from our subscription to the old people's home, referred to in the minutes of the proceedings of the board at its last session.

Frederick B. Townsend.
 David A. Syme.

Supervisor McEwen offered verbally in behalf of DeKalb, \$75,000 and a site if the court house was built in DeKalb.

Jacob Haish was called upon and made a verbal statement to the effect that he would pay \$75,000 and he would guarantee as much more if the people would move the court house to DeKalb. The question being the motion of Supervisor Townsend to accept the offer of \$55,000 from Sycamore, the motion was carried by the following vote, 11 to 13.

Yes—Arbuckle, Ault, Hait, Hess, Jordan McMurchy, Sawyer, Siglin, Townsend, VonOhlen, Whittemore, Williams, Winnie—13.

No—Dodge, Glidden, Gormley, Haish, Hampton, McEwen, McGirr, Olmstead, Randles, Salisbury, Sanderson—11.

Supervisor Whittemore made report as chairman of building committee in effect as follows:

Your committee reports that they have in behalf of DeKalb county entered into a contract with W. J. McAlpine for erection of a court house, pursuant to his bid therefor reported to this board at its last meeting and have taken from him a bond of \$50,000; that the committee has sold the old court house for \$200 and that Crowe Bros., who have nearly finished the work of removing the west wing and vaults are delayed by an injunction from Cook county issued at the suit of two individuals, citizens of DeKalb.

Mr. Whittemore introduced and moved to adopt the following resolution:

Resolved, that the report of the special court house building committee read to this board July 14, 1903, and supplementary report of said committee this day submitted, be and they are hereby approved and the acts of said committee, as shown by said reports, are hereby ratified and confirmed.

Mr. McEwen moved the motion be rejected. Motion was lost by the same vote—13 to 11.

The question recurring on the motion of Mr. Townsend it was adopted by the same vote—13 to 11.

On motion the board adjourned.

HERMAN MINNESOTA

is the coming country. "Crop failures are unknown" in Grant County and our lands will surely double in price within the next few years. We quote you actual facts for we cannot afford to misrepresent anything. Note our Genoa proofs : : : :

GENOA, ILLINOIS, AUG. 1st, '03

Sylvester Bros. Land Co.,
 St. Paul, Minn.

Dear Sir:

We left Genoa on June 25th with your Mr. Farrand to investigate your Minnesota lands at Herman, Grant County, and we can truthfully say that we have never seen a more beautiful farming country anywhere and the crops were first class. It is certainly the coming farming country.

We found everything even better than your Mr. Farrand represented same to be. The town of Herman is a fine hustling little place, having many as good, and some better business places than Genoa has.

You can use our names for reference and we will recommend your country as well as your firm to our friends.

Respectfully yours

Gentlemen:

We are pleased to say after looking over your lands in the "Red River Valley" of Minnesota, at and near Herman, with your Mr. Farrand, that the lands are more than you claim for them and that you certainly have a splendid country.

We can further say that the country is much better than represented to us by your Mr. Farrand and we certainly believe same to be the best country for a farmer of limited means to buy in.

We have lived in Illinois for a number of years and have never seen any finer crops than we did at Herman, Minn., between July 21st and 25th '03.

You are at liberty to use our names as references.

Truly yours,
