Ceremony Takes Place in the German Evangelical Trinity Lutheran Church.—Rev. J. Molthan, Officiating.

In the German Evangelical Trinity Lutheran church, on Wednesday at high noon, occurred the wedding of Albert B. Strege of Colvin Park and Miss Emma C. Gnekow of Genoa.

In the presence of a large gathering of the intimate friends and relatives of the bride and groom, the Rev. J. Molthan, pastor, officiated using the ring ceremony. He used as a text for the wedding sermon: Psalm 128.

The bridal procession, consisting of Frank Strege and Martha Gnekow, Frank Kuebusch and Alvina Lettow, Chas. Gnekow and Anna Kenike, Wm. Gnekow and Anna Ruback, preceded by the flower-bearers—Emil Renike and Ida Gnekow—and in the midst of which walked the bride and groom. Entering from the rear and proceeding to the altar, they were met by Rev. Molthan, who pronounced the happy couple man and wife.

The bride was beautifully attired in a wedding gown of slate colored satin.

After the ceremony, those assembled retired to the home of Wm. Gnekow, an uncle of the bride, where Mr. and Mrs. Gnekow presided as host and hostess of the sumptuous wedding celebration.

The scene at the home was a beautiful one—those gathered there to celebrate the union of two highly respected young people.

## ESCORTED TO LODGE.

Bert Shattuck Compelled to Attend the Meeting Saturday Night.

Bert Shattuck, formerly of Genoa, Noble Grand of the Odd Fellows of Belvidere lodge, failed to attend the regular meeting of the lodge Saturday night.

Mr. Shattuck was married a few days ago and the lodge members guessed this was the reason. There was important work to be done by him at the lodge, and a committee consisting of Loomis Shattuck, W. P. Ogden and Will Edgeton started out to bring the Noble Grand to the hall, either with or without his consent. When the committee returned with Mr. Shattuck they ordered him to take his place, and, before he knew what was going on, W. O. Willard stepped to the front and presented him with an elegant chair as a token from the lodge. Mr. Shattuck responded to the remarks of Mr. Willard, thanking his brother Odd Fellows for their kindness. Afterwards by unanimous vote Mr. Shattuck was permitted to go home early.

One man killed, name unknown, and another injured, is the record of the fast mail train which passed through Maple Park over the Northwestern line early last Monday morning. A few moments before the train arrived, John Salie, who claims Anoka, Minn., as his home, and a stranger whom he met in Clinton, Neb., were walking on the track containing a west bound freight. The fast mail, east bound, struck the two men just as they stepped onto the track throwing them both into a pond fifty feet distant. Salie came to the surface and attempted to save the life of his partner but the man's injuries caused him to expire almost instantly.

Advertisements having appeared in various publications wherein Sears, Roebuck & Co., offer Wheeler & Wilson sewing machines, we wish to warn the public that they are not our authorized agents and that we do not sell our machines to them nor any other catalogue house or department store.

Their advertisements are not for the purpose of promoting the sale of our machines. They are using our reputation as makers of the highest grade machines only, in order to get the names of possible buyers and persuade them to purchase one of their cheap STENCILED MACHINES, the manufacturers of which they are, evidently, ashamed to make public.

If you want a genuine Wheeler & Wilson machine, do not waste your time writing to anyone who is unable to furnish it. The genuine Wheeler & Wilson machine, made by us and backed by our warranty, is for sale by our authorized dealers only. When you buy a Wheeler & Wilson, you get a machine that is a machine, backed by a reputation of 50 years' unparalleled success.

As reported by Harry S. Heckman for THE GENOA REPUBLICAN of the week ending March 20, 1903.

## PASSED FROM EARTH

Fay Lanau Succumbs to Pneumonia  
Early Sunday Morning.

Illness Was of Short Duration.—Funeral  
Services Were Held Tuesday at the  
M. E. Church, Rev. Clay Offenberg.

Death in its saddest form visited the home of Mr. and Mrs. Henry Lanau, two miles south of town, early Sunday morning and took from it their eleven year old son, Fay.

He was taken ill several weeks ago with measles and had nearly recovered when pneumonia developed and since that time his life had been spared of. Everything was done that the hands of loving parents and a trained nurse could possibly do, but death ended his sufferings at 2 o'clock Sabbath morning.

Fay Lanau was born in Kingston township, January 25, 1892, and has always lived in this community.

Funeral services were conducted at the M. E. church Tuesday at 2 p. m., Rev. C. S. Clay officiating. Interment at Kingston cemetery.

The sympathy of many friends goes out to the stricken family in their affliction.

He leaves to mourn a loving father and mother and a younger brother Guy.

The M. E. Sunday school of which he was a member sent a tribute in pink and white carnations. The pall-bearers were: George Gilberts, Fay Fulkerson, Roy Frazier, Andrew Anderson, Claire Wilson and Ralph Sexauer.

## Papers Were Late.

Owing to an error in the Genoa postoffice our Kingston subscribers received last week's REPUBLICAN a day late. We put the papers in the office at 7 a. m. Friday morning, as usual. Fortunately we learned that the Kingston bundle had gone astray, and Postmaster Buck expressed a second bundle to Kingston. Postmaster Hix did his best, and managed to deliver the papers Saturday to nearly everyone on the list. These delays are very annoying to us as well as to our many subscribers, and we hope such occurrences will be rare. Had we not printed more than usual last week we would not have had enough extras to duplicate our large Kingston list. As it was we had to turn many Genoaites away who wanted extras to send to friends.

## Kingston Public School

I. E. CONOVER  
Principal

The enrollment for the last term in all grades and high school was 106, with an average attendance of ninety over an enrollment of last term of 113 and an average attendance of 103. There were fewer cases of tardiness this term than last and it seems to be about overcome, save a few chronic cases, and school work ought to be worth enough extra effort to overcome even chronic cases. School is real earnest living and if the habit of tardiness be practiced with impunity during this phase of life there can be but faint hope of redemption from it in later life and it can only be conjectured what an eternity of tardiness will be.

From the proceeds of the lectures given by Rev. George A. Sahlin, under the auspices of the school, we were able to add a dozen good books to the library. A picture of historical importance, framed by the pupils of the high school, will be added to the list of decorations in the near future, and the teachers of all grades are making careful selections of reproductions of the best artists; these pictures serving the twofold purpose of creating a taste and appreciation for art and making the school room pleasant and homelike.

The result tests given at the close of this month have been very unsatisfactory to teachers and pupils and we hope they may prove as unsatisfactory to the parents; at least enough to bring them to the school to see what is doing there. These poor results in the shape of grades are due to one or more perfectly explainable causes over which, unhappily, the teacher has had little, if any, influence, and, as soon as matters

KINGSTON PUBLIC SCHOOL BUILDING

have opportunity—time—to readjust themselves, the difficulties will probably disappear.

I wish to reiterate the idea expressed through these columns three months ago that the sole end of school work is not a grade. While the grade system is as convenient, probably the most convenient system of measurement in this work that we have, yet it doesn't tell enough of the story. Five hundred of the most important dates in the world's history is not history. A memorized form of the multiplication table is not arithmetic. But when either has become a part of our life, is viewed in its relations to past, present and future experiences, is well in hand for present application to things useful—then only can it be history or arithmetic. Many facts follow, should follow, even a common school education but the power to use each in its relation to others should follow also. The process of stuffing facts to be able to answer in cut and dried form a set of test or examination questions is a relic of barbarism and long since should have taken its place in the silent halls of death where are strewn the dry bones of its kind.

Thanking the patrons for their co-operation in different ways and the interest shown in our work, I am obediently,  
I. E. CONOVER.

## PHOTOGRAPH OF FOOT

Marion Arbuckle Stepped on Needle and an X-ray Machine Used.

Accident Occurred Last Sunday Morning at His Home in Belvidere.—Believes to Have Been Saved from Serious Trouble.

Through the use of the X-rays a needle which had run nearly through Marion Arbuckle's foot was removed Thursday. Last Sunday morning Mr. Arbuckle stepped on a needle. It broke off and he managed to pull a portion of it out. An X-ray photograph revealed the presence of a piece of the needle seven-eighths of an inch in length the picture being perfect enough to show the eye of the needle to the naked eye.

The needle was between two of the bones of the foot and the operation of removing it was rather delicate and difficult. Mr. Arbuckle believes that the X-ray has saved him from serious trouble.—Belvidere Republican.

# Can this be True?

Kellogg & Adams have just received the LARGEST SHIPMENT of new buggies, surries, runabouts, carts, spring wagons, etc., ever seen in DeKalb County!

The second story of this mammoth barn is filled with elegant vehicles, harness, and everything for the horse.

**WE** have bought our goods from the leading manufacturers, such as the genuine COLUMBUS BUGGY Co. of Columbus, Ohio. We also handle the celebrated STAYER BUGGIES of Chicago and the BROOKVILLE BUGGIES of Brookville, Indiana. Ask dealers elsewhere for these goods, and they will tell you they are too high priced for their trade. We know these makes are THE BEST, and are selling large numbers of these famous makes. There is nothing too good for our trade.

If you are sure, however, that you want a low priced vehicle, don't order from a catalogue house until you see the snaps we have in low priced goods. We will trade buggies, or trade horses; we also buy and sell horses.

### HARNESS SNAPS

We bought over One Thousand Dollars' worth of hand-made Harness from a concern that was being closed out. We bought these goods at less than cost and are selling them accordingly. We challenge the whole country to compete with our goods and prices.
