Makes a Clean Sweep.

There's nothing like doing a thing thoroughly. Of all the slaves you ever heard of, Bucklen's Arnica Salve is the best. It sweeps away and cures burns, sores, bruises, cuts, boils, ulcers, skin eruptions and piles. Its only 25c, and guaranteed to give satisfaction by F. T. Robinson, druggist.

Elgin Butter Market

Ninety-three tubs were offered Monday. The bid was twenty-seven and one-half cents, but no sales. Market was firm at twenty-seven and one-half cents.

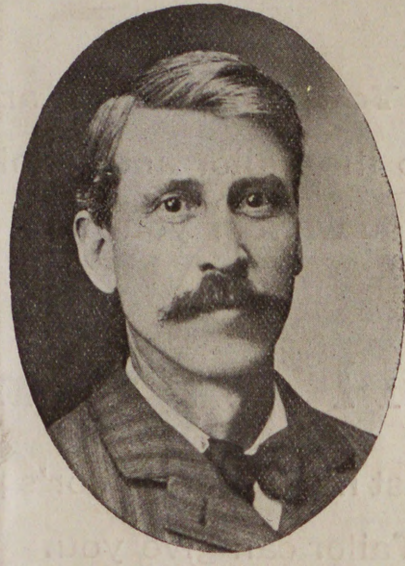

Hog Remedy

The past year has demonstrated the practical value of Haas' hog remedy in this community. As to its value for growing hogs, K. Jackman & Son refer you to Mr. Howard Crawford.

Buys Home

S. S. Slater on Thursday purchased the Travers' home on main and Genoa streets. Mr. Slater will make extensive improvements and will have a beautiful home.

There can be no gossip without a listener. Be careful how you are a party to it.

H. A. PERKINS

H. A. Perkins, one of Genoa's most progressive, successful, and energetic merchants, was born in Genoa on the 9th day of January in the year 1857.

He received his early schooling in the old district school, and at the age of 16 joined his father, H. N. Perkins, in conducting a general store.

In the year 1879, he took the agency of Chicago & Pacific R. R. at Pingree Grove.

In the spring of 1886, Mr. Perkins was appointed Genoa's postmaster under the Republican administration. In this capacity he served the public until 1885.

In 1886, he engaged in the hardware business with his father, which store he still conducts as a member of the firm of Clifford & Perkins.

In 1884, he was elected village clerk, and again in 1895. To this office he was re-elected five times in succession.

He also served Genoa as trustee in the years of 1887, 1888, 1901 and 1902. The office of town clerk he has held for 21 terms, and appeared on the ticket this year without opposition.

Mr. Perkins is a man who has served the community to a greater extent than any other citizen. He is a man of his word and truthful in all dealings.

Reply to Unjust Criticism

The Members of the Village Board who Represented the Taxpayers at the Board Meeting April 9, Show that They Acted with Fairness to All

The interest of every voter, citizen and tax payer of Genoa has been aroused by the false stories which are being circulated.

As a guardian of the public the REPUBLICAN has permitted the gentlemen, who are being censured, to explain to the voters of Genoa why they took such action in the council meeting held specially for the purpose of forcing the acceptance of the Eureka Park addition upon them.

The acceptance of the Eureka Plat was not public talk before the special meeting of April 9. The notice to some of the members of the board was six hours, while to others it was twenty minutes.

Why the plat should be accepted so hurriedly and without the conditions upon which it was to be accepted thoroughly understood was what was not clear in the minds of the members of the board who voted "no."

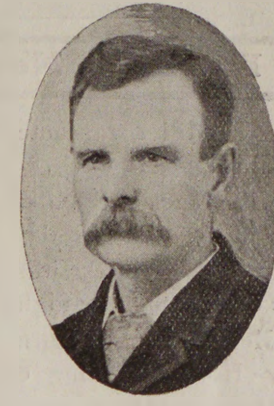

In reference to the letters, our readers may clearly judge to whose interest they were directing their influence.

In 1902, Genoa paid the highest taxation of any village in the county which was 7.06, and further it is the highest tax paid by any village in any of the four adjoining counties.

Today Genoa is \$16,000.00 in debt, and why should our village fathers vote the expenditure of an unlimited amount on a new addition, from which private individuals will benefit financially. Honors should be conferred upon the members of the board who voted to the interest of the tax payer.

There is no doubt in the mind of every voter that if the question came up again and the grading was guaranteed (which was not guaranteed before the meeting) that every member of the board would vote to its acceptance.

It is to the interest of every voter of Genoa to look to his taxes for 1903 as did the members of the board who voted "no," for the difference between the increase of tax on the plat would not pay the slightest portion of the expenditure.

A. H. HOLROYD

Alonzo H. Holroyd, one of Genoa's prominent citizens who has served Genoa as trustee of the village board for the past two years, was born in Genoa on the 9th day of June in 1850.

Mr. Holroyd received his early education in Genoa, completing his schooling in Sycamore.

Shortly after leaving school he engaged in farming with his father, Henry Holroyd.

At the age of 23, he began farming for himself east of Genoa. In 1876, he moved to Genoa and took up the painter's trade, at which he has since devoted his time.

In 1901, he was elected as one of the village fathers, serving the public with perfect satisfaction during two years.

From Mr. Hammond

Genoa, Illinois, April 14, '03.

To the Editor:

The facts in regard to my action on the petition of Mr. Stephens for acceptance of his plat designated as the Eureka Park Addition to Genoa are as follows:

I was not aware of the fact that the plat would be offered for acceptance before the meeting was called for that purpose and had no chance to make amendments.

The plat was offered without any conditions, and when asked of Mr. Stephens regarding the grading of the addition, he refused to guarantee the grading of the addition. I asked this basing my question upon the fact that other additions added to Genoa were graded before being accepted by the village.

It was not a question with me as to whether or not the plat should be accepted, but under what condition.

The question at issue was whether the tax payers of the village of Genoa should pay for the grading of the plat offered, or the owner or owners.

My conclusion was that public money should not be appropriated for private purposes, and as the platting and marketing of this land was for private or individual gain, the improvement of the addition should be made at the expense of the owner or owners and not the public.

JAS. J. HAMMOND.

From Mr. Perkins

Genoa, Illinois, April 11, '03.

To the Editor:

There being considerable censure in regard to my vote at special meeting of village trustees on the 9th in regard to accepting plat prescribed by Mr. Stephens. Knowing that in the two last additions to the village laid out in lots for building purposes, the streets were graded at the expense of the owners of said additions before the plats were accepted by the board. I could see no harm or any injustice to the owner or owners of this plat, known as the Eureka Park addition, first having the streets in their proposed addition graded, and then to place their plat before the board for its acceptance.

I believe the expenses upon the tax payers has now reached a limit where it should have careful consideration, such as a person would give his private business, and curtail all unnecessary expenditures above the actual needs as they occur for the public benefit.

Considering the laying out of lots in plats to be as much or more benefit to the party or parties causing the same to be done, as to the public, I caused myself to go on record against accepting said plat until the streets were properly graded, when I stand ready to accept all additions when properly presented.

H. A. PERKINS.

From Mr. Holroyd

Genoa, Illinois, April 13 '03.

To the Editor:

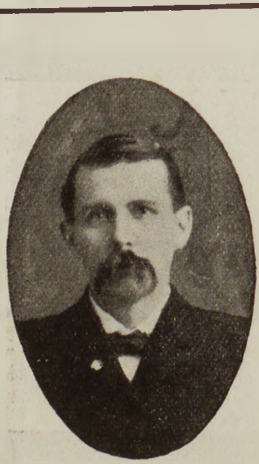

Regarding the (so called) injustice to the tax payers of the village of Genoa by my voting no against the acceptance of the plat presented at the special meeting of the board on Monday evening, April 9, by Mr. Stephens, I give the following explanation. It was not until twenty minutes before the special meeting that I was notified by Marshal Fay that there was such a meeting to be held, and on the spur of the moment I failed to see the cause, owing to there being a regular meeting of the board on the following Friday evening at which time I considered the proper time for its acceptance.

I felt that in my position I wasn't justified in acting upon the matter hurriedly, and felt that the expenditures that might be put forth for the grading of said addition should not be paid by the tax payer but by the petitioner or petitioners.

If every tax payer of this village will re-call to memory that Genoa's total tax for 1902 was at the rate of 7.06 I feel sure that he will endorse my statement when I say that I was not in favor of causing a higher rate to be placed on the people of the village.

I further state that I am willing to accept any plat added to Genoa that is put in proper condition and that I think I am correct in stating that other plats that have been added to Genoa were graded before accepted.

E. H. BROWNE

E. H. Browne, active among Genoa's energetic merchants, was born in L'Original, Canada, November 22, 1864.

Mr. Browne's younger life was spent in Canada where he received youth's teachings.

In 1879, he came direct from Canada to Genoa. Between the years of 1879 and 1890 he acted faithfully as clerk in the employment of Genoa merchants.

In 1896, he became a partner in the firm of Crawford & Browne. In 1898, he engaged in business for himself, and in him Genoa has witnessed the development of a self-made business man.

Mr. Browne has figured prominently in Genoa's history. He is a M. W. of A., and in 1895 was elected as banker, serving in that capacity until 1898. For five years he has been clerk of Genoa camp and yet serves his neighbors in this position.

Mr. Browne has been successful as a citizen, businessman and is cautious and truthful in all dealings.

CAN IT BE TRUE

Kellogg & Adams have just received the Largest Shipment of New Buggies, Surries, Runabouts, Carts, Spring Wagons, etc., ever seen in DeKalb County!

WE have bought our goods from the leading manufacturers, such as the genuine Columbus Buggy company of Columbus, Ohio. We also handle the celebrated Staver Buggies of Chicago and the Brookville Buggies of Brookville, Indiana. Ask dealers elsewhere for these goods, and they will tell you they are too high priced for their trade. We know these makes are the very best, and are selling large numbers of these famous makes. There is nothing too good for our trade.

If you are sure, however, that you want a low priced vehicle, don't order from a catalogue house until you see the snaps we have in low priced goods. We will trade buggies, or trade horses; we also buy and sell horses.

HARNESS SNAPS

We bought over One Thousand Dollars' worth of hand-made Harness from a concern that was being closed out. We bought these goods at less than cost and are selling them accordingly. We challenge the whole country to compete with our goods and prices.

Secure a Lot in the Moan Addition Now and see Jas. J. Hammond about the Work!

Frank Moan

Owner of the Moan Addition, where the best residence lots in Genoa are located.

Jas. J. Hammond

Mr. Hammond furnishes plans and specifications, superintends construction, takes contracts to any amount and for any kind of building, while in other ways he performs the duties required in such a business. Many of the principal buildings and residences of Genoa have been erected by Mr. Hammond. That his work gives complete satisfaction is evidenced by the large number of orders continually on his books from the most influential people of this locality. At the present time he employs from eight to ten of the best mechanics. Mr. Hammond is a conscientious workman and has met with an unusual degree of success. His reputation has been established strictly on his merits as a contractor and builder, and to say that it is well established is putting it mild.

Frank Moan

Mr. Moan is deserving of great credit for the building up of the Moan addition. But a few years ago this property was devoted to the raising of corn and other farm produce. Today it eclipses any section of Genoa. A group of beautiful homes, a nicely graded street and cement sidewalks appear where such a short time ago was a cornfield. But a few choice lots remain for sale in this attractive addition.

New homes on this street number about twenty, and lots have been sold for the erection of other new buildings this Spring. There are still a limited number of choice lots for sale at moderate prices.

A drive down Genoa Street will convince any one of the merits of the Moan Addition. It is the best location in Genoa for modern homes.

NOW

Is the time to invest in a home. There are but few lots left in the Moan Addition. If you are thinking of Building, THE MOAN ADDITION offers the finest sites in Genoa. If you want a residence that is both comfortable and artistic, that will not disappoint you in any way, SEE J. J. HAMMOND for plans and estimates.

THE PICTURES

on this page give a faint idea of the beauty of Genoa Street, as but three of the many beautiful homes are shown. The cut in the center shows the residence of Mr. Smith, on the right is shown H. A. Kellogg's house and on the left Lorin Olmsted's. All of these homes were built by J. J. Hammond.

ADDRESS

"Saving and home ownership should be advocated and encouraged, because it is the best way to make the industrial classes independent."

TO THE GENOA TAXPAYERS

We wish to emphasize and impress upon the mind of every citizen and taxpayer of Genoa that the grading of streets and planting of trees in Eureka Park addition is being done at our own expense and that in addition to paying all this expense we have donated and given to the public EUREKA PARK, containing nearly an acre of ground, and dedicated it forever to public park purposes. Genoa Improvement Syndicate.

"The desire for home ownership is instinctive; every man, no matter how discouraged he may be, still longs for and dreams of a snug little place all his own where his children may be reared, where under his own roof he can meet his friends and where, free from all annoyance, he can rest and enjoy himself."

DON'T BE FOOLED

Advertisements having appeared in various publications wherein Sears, Roebuck & Co., offer Wheeler & Wilson sewing machines, we wish to warn the public that they are not our authorized agents and that we do not sell our machines to them nor any other catalogue house or department store. Their advertisements are not for the purpose of promoting the sale of our machines. They are using our reputation as makers of the highest grade machines only, in order to get the names of possible buyers and persuade them to purchase one of their cheap STENCILED MACHINES, the manufacturers of which they are, evidently, ashamed to make public. If you want a genuine Wheeler & Wilson machine, do not waste your time writing to anyone who is unable to furnish it. The genuine Wheeler & Wilson machine, made by us and backed by our warranty, is for sale by our authorized dealers only. When you buy a Wheeler & Wilson, you get a machine that is a machine, backed by a reputation of 50 years' unparalleled success. Wheeler & Wilson Mfg. Co., Chicago, Ill. Pleased All

Mrs. Maude Fenlon Bollman, a pleasing artist of the higher world of music, gave a splendid program last Friday evening at the M. E. church.

She possesses a voice of rare fineness and her coming was a treat to Genoa people.

What is luck, anyhow?

Robbed the Grave.

A startling incident, is narrated by John Oliver of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was to use Electric Bitters; to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim. No one should fail to try them. Only 50 cents, guaranteed, at F. T. Robinson's drug store.

Wanted

fifty farmers to contract to grow pickles in Genoa territory, this season for delivery at our Herbert factory. Best prevailing cash prices and fair treatment guaranteed. Drop postal card to Thos. Sheahan, our manager, Herbert, Illinois, and he will call on you and make contract and supply you with seed.

MARSH & HAARMANN.

Note—Manager Sheahan has arranged with Slater & Douglass to handle the pickle seed for this season. See them for seeds and contracts.

A fool for luck.

A Great Sensation.

There was a big sensation in Leeville, Ind. when W. H. Brown, of that place, who was expected to die, had his life saved by Dr. King's New Discovery for consumption, he writes: "I endured insufferable agonies from asthma, but your new discovery gave me immediate relief and soon thereafter effected a complete cure." Similar cures of consumption, pneumonia, bronchitis and grip are numerous. Its peerless remedy for all throat and lung troubles. Price 50c, and \$1.00 Guaranteed by F. T. Robinson, druggist. A chance to secure a high grade suit or skirt this week at a great discount.

We have in stock today about thirty-five ladies' tailored suits, some of the finest suits we have shown this season, every one of them man tailored, perfect fitting and the very latest style, with few exceptions, no two alike, colors black, navy, royal blue, Havana brown, gray and green, sewed with silk and silk serge lined. Garments we have been selling at \$25, \$19.50 and \$17.50.

Ladies' \$10 etamines and mistral cloth skirts, each **\$7.50**
Millinery—Never had such a millinery business at the opening; although we had on sale for the opening days nearly twice as many hats as usual, they seemed to melt away like snow before a June sun. People were delighted with them, the shades were entirely new, with the latest trimmings, put together by expert trimmers and marked at the very closest prices consistent with high grade work.

Ladies were quick to see the advantage in buying our hats, and those who came Saturday and could not get waited on we earnestly ask to visit our store this week and see the new ideas we are showing at the same low prices. A big display of children's caps and bonnets.

Important—The strongest and best assorted line of Carpets shown in Northern Illinois this season is to be seen at W. M. McAllister & Co.'s, Sycamore. They are showing over 50 rolls of new 1903 patterns, in all colors and patterns. Amongst them are two new lines of Kurtschire and Amber, extra close woven, double reeled, reversible ingrain, all wool at 65c and 60c a yard, will wear better than most 3-ply. It will pay you well to see them before buying, as the price is lower than most stores get for a lower grade of single reel yarn. The prices they are making are only made possible by their ability to buy direct from the mills in immense quantities for their many stores. All wool carpet as low as 45c per yard and up to 75c. They also show a big line of Linoleums, Mattings, Rugs and Lace Curtains at the same low prices. You can also buy the very best window shades, that others ask 25c for, at McAllister's for 20.
