WAS A YOUTH LOVED BY ALL

Deceased Was Ill for Some Weeks with Pneumonia and had Recovered, but Had a Relapse Saturday Evening

John Thomas Hammond, the five year old son of Mr. and Mrs. Jas. J. Hammond, passed away at the family home on east Main street last Sunday evening at 5 o'clock.

The news came as a shock to the community for the little fellow was loved by all who knew him and was a great favorite among his youthful companions.

The youth had been ill with pneumonia for several weeks, and had just recovered and was out for a ride with his father last Saturday evening when he was taken with a chill and hurried to the home and medical aid called. On Sunday, he grew worse and at 5 o'clock death claimed its victim.

The deceased was born March 1, 1898 in Genoa and was five years, four months and twenty-five days of age. He is survived by father and mother, two sisters and one infant brother.

Little John was a bright and active little fellow, and loved by all his little classmates of his Sunday school, of which he was an active member.

The funeral services were held Tuesday morning from the home at 11 o'clock, and burial at the Genoa cemetery. The services were presided over by Rev. T. E. Ream.

The floral gifts were large and showed how those around the little fellow loved him.

Those who were here from out of town to attend the funeral services were Mr. and Mrs. C. E. Middleton, Mr. and Mrs. L. F. Whipple, Mrs. Frank Warner, Miss Cora Warner and Earl Warner, all of Elgin; Mrs. P. C. Cull and family, P. B. Hammond of Aurora; Mr. and Mrs. J. T. Hammond of Hampshire; W. H. Hammond of Chicago.

RESOLUTIONS OF RESPECT

WHEREAS, the great and Supreme Ruler of the Universe has in his infinite wisdom removed from this life John Thomas Hammond, the beloved son of our worthy and esteemed brother, Jas. J. Hammond, and,

WHEREAS, the long and intimate relation held with him in the faithful discharge of his duties in this society, makes it eminently fitting that we extend to him heartfelt sympathy in this his great bereavement and sorrow, therefore be it

RESOLVED, that the sudden removal of such a life from the home circle leaves a vacancy and a shadow that extends beyond and is deeply realized by all the members and friends of this organization, who are keenly alive to the sorrow of a distressed worthy brother.

RESOLVED, that with deep sympathy with the bereaved relatives of the deceased, we express our hope that ever so great a loss may be overruled for the good by Him who doeth all things well.

RESOLVED, that a copy of these resolutions be spread upon the records of Genoa Lodge No. 768, I. O. O. F., a copy printed in the Genoa REPUBLICAN and a copy forwarded to the bereaved family.

TAKES HER OWN LIFE

Mrs. Julius Voight Dies from Poison at Her Home Near Hampshire

On Wednesday afternoon of last week at the family home north of Hampshire, Mrs. Julius Voight swallowed a teaspoonful of strychnine which caused her demise a few moments later in the presence of her eight little children.

The cause of her action is said to be family trouble, and on many other occasions she has threatened to take her life but was talked to by friends, who told her what an awful thing it would be to leave her eight children motherless. She had promised that she would not do it.

The inquest was held last Thursday afternoon at the farm home. The funeral took place Saturday from the home and at the Lutheran church of Hampshire. Burial at the Hampshire cemetery.

LOCAL CONTRACTORS BUSY

Work of Building a City is Shown in the Erection of Several Fine Residences—Notes of Interest to Readers

During the course of weeks the local contractors have been kept more than busy with the work of building up our little city and it seems well to inform the public of the improvements under way.

Doctors and Lawyers Play Ball

The doctors and lawyers of Belvidere have been at war the past week, the doctors accepting a challenge from the lawyers to play ball on a future set day. The contest is looked forward to with much interest.

To be in line with the surrounding towns, the business men of the south side of Main street in Genoa are talking of challenging the business men of the north side of Main street. The game, if played, will be one of much interest to the people in general and will probably be largely attended.

No Pity Shown

MUCH DAMAGE BY STORM

Short but Severe Storm Visits Here Tuesday Evening

THE RAIN FELL IN TORRENTS

Uplifting Wind Tears off Roof of Kellogg & Adams' Carriage Repository—Does Damage to Property Elsewhere

The storm which visited here last Tuesday evening about 7 o'clock was short but severe, and did much damage throughout this section. The most noticeable feature was that hundreds of mammoth trees were blown over and riddled in every direction.

The greatest loss in this vicinity was on Kellogg & Adams' carriage repository, where a section of the roof was completely torn off and rolled up on one corner of the building. The damage is estimated at about \$150 which is covered with tornado insurance to the full extent of the loss.

On the Ira Bicksler farm, about two miles south of Kingston, a large windmill was toppled over, and the loss is put up in the hundreds.

At the new Crawford home on Genoa street, the large plate glass windows in the front of the house were blown in and shattered in places.

The cupola on the barn on the Freeman Nutt place on Genoa street was taken off in the heavy wind.

At Alfred Moore's home on Genoa street one end of the summer house was blown in.

The bundles of shingles on the roof of the new Holtgren home on Genoa street were hurled off by the wind and carried for a block.

On the Wm. Watson farm west of town the wind caught a corncrib broadside and set it around a foot.

BRINGS BACK FINE SHOWING

R. E. Farrand and Party Return from Northwest with fine Samples of Crops

R. E. Farrand agent here for the Sylvester Brothers Land Co. of St. Paul, Minn., returned last Saturday evening with a party of land seekers and with them they brought back some fine specimens of the crops in that section and it is easy to say that they are far better than the crops in this section and it is also evident that the crops in that section are more advanced than they are here.

From the words that come from the visitors who went on the last excursion conducted by Mr. Farrand, it is evident that the country is more than he represented it to be.

The samples herein mentioned are on exhibition in many of the prominent business houses about town and are receiving the attention of every one who sees them.

Mr. Farrand will conduct his next excursion to Herman, Minn., August 4, at which time a large number will accompany him.

Don't Like Stand-Pipe
Many property owners in Sycamore are anxious that the 135-foot stand-pipe in that city be taken down. They argue that it is not a thing of beauty, that it has outlived its usefulness and withal is a continual source of worry to those who live adjacent to it. The city has had to stand several expensive law suits on account of it and more are threatened if the pipe isn't removed.

Very Remarkable Cure of Diarrhoea

"About six years ago for the first time in my life I had a sudden and severe attack of diarrhoea" says Mrs. Alice Miller, of Morgan, Texas. "I got temporary relief, but it came back again and again, and for six long years I have suffered more misery and agony than I can tell. It was worse than death. My husband spent hundreds of dollars for physicians' prescriptions and treatment without avail. Finally we moved to Bosque county, our present home, and one day I happened to see an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy with a testimonial of a man who had been cured by it. The case was so similar to my own that I concluded to try the remedy.

The result was wonderful. I could hardly realize that I was well again, or believe it could be so after having suffered so long, but that one bottle of medicine, costing but a few cents cured me." For sale by F. T. Robinson.

50 Years of Success

This is our record. From a small beginning we have grown until our factories now cover many acres. Many of our machines sold forty to fifty years ago are still giving their users faithful service. Can anything be more convincing of their merits and durability? Did you ever hear of any other machine with such a record?

Note a few of the many superior points of the

Wheeler & Wilson No. 9 Sewing Machine

The Rotary Hook displaces the old, out-of-date, unmechanical and troublesome shuttle.

The Frictionless ball bearings and perfect mechanical construction enable it to be operated with one-third less exertion than is required by ordinary machines. It sews three yards of goods while a shuttle machine sews two.

It makes the most elastic and most perfect stitch whether sewing light or heavy goods.

With our superior attachments the greatest variety of work is possible.

Do not make the mistake of buying a sewing machine until you have given the Wheeler & Wilson No. 9 a trial.

HORSE RECEIVES INJURY

Horse Belonging to Lee Wylde Gets Tangled in Harvester

On Saturday of last week, Lee Wylde witnessed a peculiar incident while he was working on the Buck farm near Ney. It seems that Mr. Wylde has an old trusty horse and never thinks of hitching the animal when leaving.

On this occasion Mr. Wylde was harvesting on the Buck farm, and had him hitched to a harvester. He stopped the team and left them for a few moments to go to the house to get a drink, and on his return found the animal, in attempting to keep away from the flies, had become entangled in the harvester. In kicking at a fly, the hind foot had passed through a narrow space between the wheel and the shaft-box and the horse had fallen down with its leg bent over the wheel of the harvester.

Mr. Wylde found it necessary to remove the wheel to release the suffering animal. The flesh was gouged off to the bone and the cords severely strained.

Dr. Danforth was called and dressed the wound. It will be necessary to leave the horse on the Buck farm before it will be able to travel to Genoa and receive further attention here.

STRANGER ACTS PECULIAR

Man Named McKeever Creates a Stir on Genoa Street last Saturday Evening

William McKeever, who during last week spent his time in Genoa repairing sewing machines, reached the climax by becoming intoxicated and calling on his patrons.

The peculiarity of his actions was that he called upon a number of his patrons several times and was finally removed from the street by some of the male members of the families on Genoa street.

How Is This for MINNESOTA?

REMEMBER THAT

Tuesday, August 4

is the date of our next excursion.

The cut is a scene taken in the harvest fields on the big "Wagner Ranch" near Herman. This is probably one of the largest farms in the state, and is owned entirely by H. Wagner & Sons. The farm consists of 2,240 acres, all of which was in crop this year. Just to show what can be done on Minnesota soil, we give a report of the crops raised on this ranch this year. 750 acres of wheat, 21 bushels to the acre and sold at 60 cents a bushel; 350 acres of flax, 14 bushels to the acre, sold at \$1.28 per bushel; 230 acres of barley, 31 bushels to the acre, sold at 50 cents per bushel; 310 acres of oats, 65 bushels per acre, and 320 acres of corn that matured and was a good crop. Some of the land is in pasture and the balance summer fallowed.

The ranch has made a profit for the owners of \$10 per acre and has increased in value about \$12 an acre. This is since last spring. Here is a record that is hard to equal, and we are of the opinion that it is impossible to beat it. Compare this with the results one would get from an investment in Dakota or Canadian lands and then come up and locate in the garden spot of the world. The Wagners will run this ranch another year on the same large scale, as they are satisfied that Minnesota can raise good crops and also that the land is sure to further increase in value. Ten men besides a foreman are regularly employed and during the harvest and threshing a large extra force was put in the fields. From seven to ten binders were at work harvesting the crop and finished it all up in about nine days. A threshing machine, owned on the farm, threshed out the grain in one month, and now the fifty horses that are kept on the farm are at work plowing and preparing for the next year's crop. The members of the firm of H. Wagner & Sons are: H. Wagner, of Ankeney, Iowa; A. W. Wagner, of Ankeney, Iowa, and the manager, H. E. Wagner, of Emmetsburg, Iowa.—Grant County Review, Oct. 30, 1902.
