

WHAT THE VOTER SHOULD KNOW ABOUT THE NEW PRIMARY LAW

DATE of primary—Saturday, Aug. 8, 1908. Polls are open from 6 a. m. to 5 p. m.

The law covers the nomination of all candidates for all elective offices from state down to village, the only exceptions being university trustee, presidential electors and elective township and school officers.

The new law has a state wide application. In Chicago and Cook county there are a few more offices to be filled than in down-state sections. The voter in Genoa will be entitled to cast a direct vote for the following offices:

- Governor.
- Lieutenant Governor.
- Secretary of State.
- Auditor of public accounts.
- State treasurer.
- Attorney general.
- Clerk of Supreme Court.
- Representatives in Congress.
- Members state board of equalization.

State Senators—even numbered districts only.

Representatives in general assembly.

Clerk Appellate Court.

State's attorney.

Clerk Circuit Court.

Clerk Superior Court.

Coroner.

County surveyor.

Voters will also mark their ballots for candidates for United States senator. This is to ascertain public sentiment. The vote will have an "advisory" value with the general assembly when it elects a senator.

The polling booths will be at the regular election voting places the regular judges and clerks of election acting as judges and clerks for the primaries.

All political parties vote at the same polling place, and on

the same day, and the ballots are received, counted and canvassed by the same judges and clerks and are deposited in the same ballot box.

The culminating feature of voting for representatives in the general assembly is not to be considered at the primaries.

In voting for representatives in the assembly the voter may mark one vote for each candidate to be nominated. The number to be nominated is determined by the respective senatorial committees, and under the title, "For Representative in General Assembly," which will appear on the primary ballot will be printed the instruction to the voter, "Vote for one," "Vote for two," "Vote for three," as the case may be—as shall be determined by the senatorial committee.

No two political parties shall have ballots on paper of the same color.

The state convention meets Sept. 9. It nominates presidential electors and university trustees and adopts a party platform.

The senatorial conventions meet Aug. 26. The congressional conventions meet Sept. 2 to recommend to the state convention the names of candidates for presidential elector.

The precinct committeemen elected at the primary form the county central committee. The county committee meets Aug. 19, and that is the county convention. It chooses delegates to the senatorial, congressional and state conventions.

When voters enter the polling place they will ask for the primary ballot of the party to which they belong.

Each voter, before receiving a ballot from the primary judges, is required by law to declare his

party affiliations—that is, he must declare if he is a Republican, Democrat, Prohibitionist or Socialist.

There will be no registration prior to the primaries, but a voter who is not registered in the precinct where he lives and who has moved in since March 17, the last day of registration, may have his vote sworn in, if he has lived in the precinct thirty days, in the county ninety days and in the state one year. The fact that a person was not registered in his former precinct is no bar to swearing in his vote.

A voter, although otherwise qualified, will not be permitted to vote in the following three instances:

If he has signed the petition of a candidate of another party for an office to be voted on at the primary.

If he has signed a nominating petition for an independent candidate for an office to be voted on Nov. 3.

If he has voted the primary ballot of another political party since Aug. 8, 1906. For example, if the voter voted the primary ballot of the Republican party since Aug. 8, 1906, he would be disqualified from voting the primary ballot of another party at the primaries Aug. 8, 1908.

Any person entitled to vote has the right to absent himself from his employment for a period of two hours to vote, without penalty, provided application for such leave is made prior to the day of the primary.

Party committeemen are to be elected at the primary. They are: One state central committeeman for each congressional district; three senatorial committeemen for each senatorial district; one precinct committeeman for

each election district.

The official primary ballot is marked by the voter in the booth at the polling place by marking a cross (X) in the square in front of the name of each candidate for nomination of his choice for each office to be filled.

Party circles will not be printed on the primary ballot.

In voting for precinct committeemen the voter shall write or attach, at the bottom of the primary ballot in the space provided for that purpose, the name of some person who is a member of the same political party as the voter, and who is a primary elector of the precinct. A square will not be printed on the ballot to the left of space for precinct committeeman, as the voter is not required to mark a cross opposite the name for such candidate for committeeman. The mere act of the voter in writing or attaching such name for precinct committeeman to the ballot in the space provided for that purpose votes that name.

Keep in mind, however, that it is absolutely necessary to place a cross (X) opposite the names of all other candidates voted for on the ballot.

Although party nominees are named directly without the intervention of delegate conventions, the conventions are retained for the purpose of adopting party platforms and of performing other small business.

All nominations are made by direct vote. Delegate conventions are abolished. The candidate receiving the highest number of votes of his party for the office he is seeking automatically becomes the nominee. Without further ado his name goes on the ballot for the election to be held Nov. 3.

WIN TWO. LOSE ONE

GENOA BASE BALL TEAM PLAYS FAST GAMES

ONE OF THIRTEEN INNINGS

Defeat Maple Park 6 to 5—Defeated by Monroe 1 to 0—Burlington Out-classed by Score of 15 to 0

The Genoa base ball team is "IT" until some better team happens along to put a crimp in our championship ambitions.

The greatest game ever played in this vicinity was pulled off at Kirkland last Friday between Genoa and Monroe Center. For twelve innings neither side could score. Senska for Genoa and Mathews for Monroe pitched superbly and had the kind of support that makes the bleachers howl. In the thirteenth inning Saterbak made a two-base smash sending Mathews in with the lone run which gave the victory to Monroe.

One of the most exciting games ever played in Genoa took place last Saturday when the locals and Maple Park battled for honors. It was a contest worthy the attention of the most exacting fan and was witnessed by the largest crowd of the season. With the exception of a little relaxation in one or two innings Hall pitched a good game.

Patterson and Leitow carried off the batting honors for the day, each getting two hits in four times at bat.

The score:

GENOA	AB	R	H	PO	A	E
Patterson, rf.	4	1	2	1	0	0
Stewart, lf.	2	0	3	1	0	0
McKee, 3b.	5	0	0	1	1	3
Hall, p.	5	0	1	0	2	0
Leitow, cf.	4	1	2	1	0	0
Senska, 2b.	3	1	1	3	4	0
Swordes, ss.	2	1	0	1	4	1
Crawford, c.	4	1	1	9	1	1
Olmsted, lb.	3	0	1	8	1	0
Total	32	6	8	27	14	5

MAPLE PARK

Clyne, 2b.	4	0	0	1	1	3
Pobstman, p.	4	1	1	1	6	1
Stowe, lb.	4	1	2	9	1	1
Hustis, c.	4	2	1	7	0	0
Lyke, cf.	3	0	1	2	0	0
Tiehl, lf.	3	0	1	1	0	0
Smith, ss.	3	0	0	1	2	0
Hickey, 3b.	4	1	1	1	1	0
Miner, rf.	3	0	0	1	0	0
Total	32	5	7	24	11	5

Three base hits—Pobstman.

First on balls—off Hall 3; off Pobstman 2. Left on bases—Genoa 8; Maple Park 5. Wild pitches—Pobstman 1. First base on errors—Genoa 3; Maple Park 2. Struck out by Hall 6; by Pobstman 6. Double play—Senska to Olmsted. Hit by pitcher—Patterson, Stewart, Leitow, Swordes (2), Clyne. Sacrifice hits—Olmsted, Senska. Stolen bases—Stewart (2), Hall, Leitow, Clyne, Stowe, Tiehl, Hickey.

The game at Burlington Sunday was the greatest surprise of many moons to our neighbors. The Burlington Indians had been winning some games and had a notion that Genoa would make a good looking scalp to hang on the string. So confident were they that no little money was put up. There was a battle of nine innings that would put to shame any Indian massacre that ever happened and when the smoke had cleared away the Genoas had fifteen notches cut on their side of the shingle, while instead of scalps the Indians had a row of nine goose eggs.

Neurauter of Genoa pitched for Burlington. In the first inning he was pounded unmercifully, nine Genoa men crossing the home plate to score. Sixteen hits were made in the nine innings, while Senska, without any extra effort, held the Indians to seven small bingles. He had excellent support, however, not an

error being marked up for the men behind him. Patterson and Leitow again reached the highest notch in batting, the former getting three hits in four times at bat and the latter four hits in five times up.

The score:

GENOA	AB	R	H	PO	A	E
Patterson, lf.	4	3	3	3	0	0
A. Crawford, rf.	3	2	1	0	0	0
McKee, 3b.	4	2	1	3	1	0
Leitow, cf.	5	2	4	5	2	0
V. Crawford, c.	5	2	1	3	0	0
Chas. Senska, 2b.	5	1	2	4	4	0
Swordes, ss.	5	0	1	0	1	0
Olmsted, lb.	5	1	1	9	0	0
Senska p.	5	2	2	0	3	0
Total	41	15	16	27	11	0

BURLINGTON

Roth, c.	4	0	3	8	2	1
Solomon, lf.	4	0	1	0	1	0
Wickizer, 2b.	4	0	1	2	2	1
Morgan, 3b.	3	0	0	3	1	2
Starey, ss.	4	0	1	1	1	2
Drymiller, cf.	4	0	1	3	0	0
Neurauter, p.	4	0	0	0	5	0
Lumberg, rf.	3	0	0	0	0	0
Plummer, lb.	3	0	1	10	0	0
Total	33	0	7	27	12	6

Three base hits—Leitow, Patterson. First on balls—off Neurauter 3; off Senska 1. Left on bases—Genoa 2; Burlington 4.

Wild pitches—Neurauter 2. Two base hits—Patterson, McKee. Struck out—by Senska 2; by Neurauter 7. Double plays—Morgan unassisted; Leitow to Olmsted; Neurauter to Wickizer to Plummer. Stolen bases—Patterson, A. Crawford, McKee, Leitow (3), Crawford, Senska 2, Olmsted. Olmsted ran for Leitow.

WOULD TEST LAW

Elgin Man Willing to Fight the Illinois Marriage Act

Chauncey L. Ness and his newly acquired bride, who defied the laws of Illinois by getting married in Indiana and returning to this state, are still in Elgin, says the Courier. Despite the decision of several Illinois judges that either member of a divorced couple who marries in another state to evade the Illinois law is liable to arrest, they have no fear that they will be arrested.

"I do not believe that the decisions of the judges are right in that particular," said Mr. Ness Thursday afternoon. "By the laws of Indiana I had a perfect right to get married there and I did. Now the constitution of the United States says that the laws of one state cannot nullify the laws of another, and therefore if I am married in Indiana I must be married in Illinois."

"I should like to see a test case made of that decision," continued Mr. Ness, "and would just as soon it was my case as any other. Of course I haven't the money to continue a long legal battle, and consequently would hate to be taken into court, but if I should be arrested I should certainly fight the case to the very end, and believe I would win."

"The state of Illinois is losing a lot of good money through that provision of the law, that either one of a divorced couple cannot marry within a year. So many couples go to other states to get married that a lot of money is taken out of the state. It is a good thing for Indiana, though, a license there costing \$3, while an Illinois license costs but \$1."

Saloons Again

After nearly two and one half months without saloons Al. Hagen of Aurora opened a saloon in Hinckley last Saturday in the Martin Israel building formerly occupied by Fred Snyder. Albert Molitor has been granted a license and opened a saloon last Wednesday in the Elsemann building. The city council passed an ordinance last week limiting the number of saloons in the village to two.

AT EPWORTH GROVE

CAMP MEETING WILL OPEN THURSDAY AUGUST 6

THE THIRTY-SECOND SESSION

Complete Arrangements have been Made for the Great Annual Love Feast

The thirty-second annual session of the Centennial Camp-meeting Association of Rockford district, Rock River Conference, of the M. E. church will be held at Epworth Grove beginning, Thursday, Aug. 6, and closing Sunday evening, Aug. 16.

At the executive committee meeting and at the annual gathering at the grounds in May it was unanimously voted that the entire services this year should be chiefly committed to the pastors of the district.

The music which has always been a feature at our meetings, will receive especial attention this year.

Prof. Geo. P. Rockwell, of Chicago who most successfully conducted the large chorus choir at the Belvidere M. E. church, last winter, during the special meetings conducted by Rev. I. E. Honeywell, will have charge of the musical program for the entire campmeeting.

A large chorus choir will be organized under his supervision, and he will give personal attention to bringing to perfection all the numbers rendered. At different times during the meetings, special numbers will be given by soloists, and duets and quartettes will be rendered by the members of the choir, and others, who will volunteer for the occasions.

The dining hall, this year, has been let to Mr. D. E. Packard, a well-known restaurant man in business at Belvidere. Mr. Packard conducted the dining hall at the late session of the Belvidere Chautauqua, on these grounds, and people who patronized him report satisfaction.

BUMPER BEET CROP

More Than Two Thousand Acres Under Cultivation Near Elgin

Bumper crops are looked for in sugar beet culture in this vicinity, says the Elgin News. The industry is fast becoming one of the best paying in Kane county and over 2,000 acres of land are now under cultivation. Another consignment of Belgian beet laborers arrived in Elgin recently and were distributed at the Frank Wolgamuth farm east of town and at the Charles Taun farm near Pingree Grove.

From present indications the crop in the vicinity of Genoa will be encouraging despite the wet weather.

PRIMARY ELECTION LAW

Notice of Color for Primary Election Held Aug. 8th, 1908

Section 35, Primary Election Law.

Announcement is hereby made that the color for the primary election ballots to be used by the respective parties at a primary election to be held on the day of August 1908 in the County of DeKalb, State of Illinois will be as follows, to-wit:

- Republican.....white
 - Democratic.....rose
 - Prohibition.....blue
 - Socialist.....salmon
- Dated at Sycamore, Ill., this 22nd day of July, 1908.

S. M. HENDERSON,
County Clerk.

SUE BANK RECEIVER

Woodmen Claim \$420,755 From Insolvent Iowa Institution

The Modern Woodmen of America filed a suit in the federal court at Des Moines last week for \$420,755 against James H. Jamison, receiver of the First National bank of Charlton, Iowa, and L. O. Murray, comptroller of the currency. The sum claimed is made up of deposits and a loan of \$70,755.49.

The suit also involves the First National bank of Chicago, the National Park bank of New York City, National bank of the Republic of Chicago and the National Bank of Commerce of Kansas City.

The action grows out of the insolvency of the First National bank of Charlton caused by the defalcation of Frank R. Crocker, its cashier, vice-president and director, to the extent of nearly a million dollars. Crocker committed suicide.

A POPULAR PLAY

"Ten Nights in a Bar Room" at the Opera House Tonight

That ever popular and thrilling drama, "Ten Nights in a Bar Room" will be presented at the opera house this (Thursday) evening by Raymond's company. All the regular season's players are now with Mr. Raymond and those who will assume the several roles in this drama have portrayed the parts many times before. It will be the best of the season without a doubt.

The drama last week, "A Story of the South" was one of the company's best efforts and elicited many words of commendation from the audience.

Board of Review

The board of review is now on the job at the court house in Sycamore. If you have any kick coming on your assessment now is the time to say the word, or forever hold your peace.

DARING BANK ROBBERY

Colored Porter Steals \$8,000 at Rockford and is Captured

One of the most daring pieces of thievery ever attempted in Rockford was that of Saturday, when I. W. Bess, colored porter at the Manufacturers National bank, slipped into the money vault of the institution and abstracted sixteen packages of money, totaling \$8,000, and also several sheets of unsigned currency, amounting to \$420.

Bess made good his part of the job and might have made a getaway from the city had it not been that he delayed too long with his wife after starting for the Northwestern station, or he might also have made way with the spoils had he taken just \$2,000 more and not left a few bills scattered about in the vault.

As it was, Bess was caught within three hours after the theft was reported to the police.

BASE BALL SATURDAY

The Genoa Superbas will Take on the Holcomb Team

Another good ball game is scheduled for the local diamond Saturday of this week when the Genoa Superbas will meet the Holcomb aggregation. The visiting team is Holcomb in name only, being composed of the best material that can be picked up in the country about that village. It is practically the same team that defeated Genoa 1 to 0 in thirteen innings last Friday. Game called at 2:30. Usual prices.

New Advance Thresher

Jas. R. Kiernan unloaded an Advance thresher and engine Tuesday for Lanan Bros. of Kingston. The Lanans have operated an Advance for about seventeen years and the fact that they invest in another outfit of the same make is evidence that it gives satisfaction.

SEMI-ANNUAL DIVIDENDS

Employees of the C. F. Hall Co. Enjoy Spread and Receive Checks

On Friday evening last the employees of the C. F. Hall Company of Dundee enjoyed their fourteenth semi-annual outing and received their thirteenth semi-annual dividend, amounting in this case to something over four hundred dollars, the different checks ranging in amount from three dollars to sixty.

It was in 1901 that the C. F. Hall Company, who had had under advisement several plans of profit sharing, announced at a banquet of their employees that for the coming six months one per cent of their gross sales would be paid to their employees in the shape of a dividend, to be shared among them in the ratio of the wages which each was receiving.

BURST IS CONFIDENT

Spends a Couple of Days in Genoa and Makes Friends

States Attorney E. M. Burst, candidate for re-nomination, was in Genoa Wednesday and Thursday, meeting old friends and making new ones. Mr. Burst is making a vigorous campaign and feels confident that he will be nominated by a handsome majority. He is meeting with words of encouragement thruout the county. Having the advantage of a good record of four years to stand on, it is the sentiment of the DeKalb county bar that he should be returned for another term.

Engine Turns Turtle

A C. B. & Q. passenger train, running on the C. M. & St. P. tracks between Davis Junction and Rockford, was wrecked near the latter city Monday morning, the engine turning turtle and every car leaving the track. No lives were lost and no one injured beyond severe bruises. The engineer jumped from the engine and the fireman was thrown out of the window as the engine turned over.

FARMERS WANTED

To Take up Claims in the Irrigation Districts of the West

Washington, D. C., July 18, 1908.

WANTED—3,000 practical farmers who would like to own homes of their own. The government has nearly 200,000 acres of land lying under the various irrigated projects throughout the West for which water will be available next season. The farm unit on these projects varies in most cases from 40 to 80 acres of irrigable land, depending upon location. In many sections a tract of grazing land has been included in the farm unit wherever practicable, bringing the total up to 160 acres.

The only charge for these farms, besides the regular land office fee for filing, is the actual cost of getting water to them, and payment may be made in ten annual installments without interest.

These irrigation projects are scattered over the entire arid region, from Canada to the Mexican line. In consequence, every variety of crop grown in the temperate zone can be raised under them. If you would like a fruit or dairy farm, a garden for market truck, a tract for diversified farming, hog or poultry raising, just write to the Statistician of the U. S. Reclamation Service, Washington, D. C., for particulars.

Gala Day at Marengo

Last Sunday will be marked as a gala day in the history of the Catholic church of Marengo. The event characterized the laying of the corner stone of the new Sacred Heart church by Rt. Rev. P. J. Muldoon at 4 o'clock in the presence of 4,000 people and a number of visiting clergy. The bishop was met by a delegation of Knights of Columbus and Foresters, coming from Harvard, Belvidere, Elgin, Huntley, Gilbert and Naua, which escorted the guests to the site. The church will be built of pressed brick with dimensions of 50 x 110 feet.

Improving the Consular Service. Attention has been drawn to numerous transfers and promotions in the United States consular service recently, and a careful review of facts shows that the procedure is in conformity with the determination of President Roosevelt's administration to put matters on a plane of higher efficiency.

The Japanese did a graceful act in raising and dedicating a monument to the Russians who fell in defending Port Arthur. This tribute of generous foes to brave enemies should go far toward removing asperities, if any remain.

The match is a little thing but it plays a most important part in modern life. Recently gathered information shows that matchmaking in the United States has attained the dimensions of a big industry.

One of the puzzles of the day is to find the automobiles which started on the race from New York to Paris. When last heard of the remaining contestants were somewhere in the wilds of Siberia.

The Cubans like the American army so well that they want our boys in blue and khaki to stay indefinitely. That is out of the question, of course, as American troops will be withdrawn when American occupation of the island ceases.

If high living is driving us all to appendicitis, as the Chicago surgeon says, and if we shall all be forced to the operating table to have our lives saved, why, if the knife is a sure cure, as the surgeon also declares, should he be raising such an objection to high living? It is money in his pocket.

The International Congress on Tuberculosis will be held in Washington next September. A great exhibition illustrative of what is being done the world around in the fight against the disease will be held in connection with the congress, and the two will continue from September 21 to October 12.

The colony of Barbary apes, on the Rock of Gibraltar, is the only one of its kind in existence, and is being protected by the British government.

THE NEWS IN BRIEF.

Lieut. Guy Burr died at Manila of wounds inflicted by Filipino outlaws. Fire destroyed the business section of Cottonwood, Idaho, the loss being \$300,000. Typhoid fever is epidemic in Mankato, Minn., about 1,500 cases being reported.

Former United States Senator William F. Vilas suffered a hemorrhage of the brain at his home in Madison, Wis. William Pohlman, a somnambulist, cut his throat in his sleep at St. Louis and only prompt work by physicians saved his life.

Y. M. C. A. relay runners carried Mayor McClellan's message to Mayor Busse from New York to Chicago in 119 hours and 23 minutes. C. J. L. Meyer, aged 86 years, formerly a millionaire manufacturer of Fond du Lac, Wis., but of late years in reduced circumstances, died in Milwaukee of heart trouble.

President Gompers, Secretary Morrison and John Mitchell of the executive council of the American Federation of Labor were cited to answer on September 8 to a charge of contempt in violating a court injunction forbidding them from continuing a boycott against the Bucks Stove and Range Company.

Immigration to the United States from all countries, particularly Russia and Japan, showed a marked falling off for the month of June as compared with the same month of 1907, according to figures made public by the bureau of immigration and naturalization. The total immigration aggregated 31,947, compared with 154,734 in 1907.

Hot Springs, Va., July 22.—President Roosevelt is to review in advance the speech Judge Taft will deliver in Cincinnati next Tuesday. "I have decided to make this speech what may be the most important utterance of the campaign. I have the highest regard for the president's judgment regarding the subjects to be dealt with, and a keen appreciation of his wonderful ability for forceful expression. I want his judgment and his criticism, and this cannot be satisfactorily obtained at long range, so I have decided to go to Oyster Bay."

This statement, made Tuesday by Mr. Taft, indicates his viewpoint regarding the announcement of his intended trip, which he says is to be taken on his own and not on the president's initiative. He will leave here with Mr. Carpenter, his secretary, Wednesday night. On reaching Jersey City Thursday afternoon he will enter an automobile which will take him through New York city and to Sagamore Hill without delay.

Rev. Dr. Elmendorf is Dead. Saratoga, N. Y., July 20.—Rev. Dr. Joachim Elmendorf, a widely-known minister of the Dutch Reformed church, died here Sunday after an illness of several months. Dr. Elmendorf was born in Rochester, N. Y., 81 years ago.

Fall Kills Circus Clown. Clay Center, Kan., July 22.—"Dick" Oskyan of West Hoboken, N. J., a clown in a circus which showed here Monday, was killed by falling on his head. His neck was broken.

QUEBEC READY TO GREET THE PRINCE

WALES EXPECTED WEDNESDAY FOR THE TRICENTENARY CELEBRATION.

Lord Roberts is There—Field Marshal Finds Old Comrades-in-Arms—Powerful Warships Assemble—Young French Canadians Parade.

Quebec, Que., July 20.—This quaint old city is in a flutter of anticipation over the arrival of H. R. H. the prince of Wales, who will sail into the harbor next Wednesday aboard the new British battleship the Indomitable, to inaugurate the three hundredth anniversary of the founding of Quebec by the French navigator, Champlain.

The coming of the future king of England is a significant event in which all Canada is deeply interested, for aside from the pageantry of a royal visit, it is a notable expression of the strong bonds now existing between the imperial government and its American colony.

Fine Assemblage of Warships. Great masses of troops are being assembled here to do honor to the future monarch and to take part in the Champlain exercises. The harbor already presents a striking naval spectacle, with the British battleships Exmouth, Albemarle, Russell, and Duncan, and the cruisers Venus and Arrogant, the French battleships Leon Gambetta and Admiral Aube. These will soon be joined by the United States battleship New Hampshire, and the Indomitable, Minotaur and other ships, the whole presenting an assemblage of the latest Dreadnaught types of three foremost naval powers.

Although the founding of Quebec is the primary purpose of the celebration, the coming of the prince of Wales, Field Marshal Lord Roberts, the duke of Norfolk and many other notable personages is proving of far greater interest than the historical exercises. The prince will be quartered in the citadel, a grim old fortress perched 400 feet above the St. Lawrence.

Roberts Finds Old Comrades. Lord Roberts also is quartered in the citadel. The grizzled old hero is already the idol of the assembled soldiery. Many of them served under him in the Boer war, and he is quick to pick out and welcome his old comrades-in-arms. He has visited the monument erected here to the Canadians who fell in South Africa. The presence of that fine body of picked men, the Northwest Mounted police, and the cavalry, artillery and foot from all parts of Canada brings together many members of the Strathcona horse and other bodies which followed Roberts to Pretoria. Lord Strathcona in person will be here next week, coming from London, where he is Canadian high commissioner.

Vice-President Fairbanks, who is to represent the United States government, is expected to arrive next Tuesday in time to be present at the welcome extended to the prince of Wales. The vice-president is to be quartered at Spencerwood, a beautiful estate on which is the official residence of the lieutenant governor of Quebec.

French-Canadians in Parade. The formal opening of the week's exercises began Sunday with a monster parade of the young French-Canadians, who assembled at the foot of Champlain's monument, heaping it with flowers and singing hymns in his praise. The gathering was suggestive of the status of these young French-Canadians. They are a sturdy lot. They are about holding their own in population as against the Anglo-Saxon element. They are a powerful and almost dominant factor in eastern Canada and they tenaciously cling to the French language and customs.

DISTILLERS WIN CASE.

Enforcement of New Branding Rule Enjoined at Cincinnati. Cincinnati, July 22.—The internal revenue officers in this city were enjoined from continuing in effect the new rule for marking and branding the products of the distilleries by United States Judge Thompson Tuesday night.

The demurrer of the government was overruled and an injunction issued on the application of the Clifton Springs and the Union Distilling companies, both of this city. Millionaire Dies of Apoplexy. Kankakee, Ill., July 21.—Stricken with apoplexy at the home of his aunt, Mrs. Madeline E. Huling, George D. Huling of Kansas City, Mo., a millionaire, died suddenly Sunday night. Mr. Huling was born in Kankakee on April 22, 1857. He was unmarried.

THE OPEN SEASON.

COEY WINS THE BALLOON RACE

THE CHICAGO IS BEST WITH 73 MILES FROM ST. PAUL TO ITS CREDIT.

All Contestants Landed—Short Distances Traveled Due to Lack of Lifting Power in the Gas—Experience of the American.

St. Paul, Minn., July 20.—All of the five balloons which started from St. Paul Saturday in an effort to surpass the world's distance and endurance record have landed, the Chicago, owned by C. A. Coey of Chicago, winning the contest by traveling a distance of 73 miles in an air line. The Pommern, which was the last to report, landed Sunday at 10:30 a. m. near Warsaw, Minn., about 52 miles from St. Paul.

The Chicago, the largest balloon in the race, came down at noon Sunday near Blooming Prairie, Minn., south of St. Paul on the Milwaukee road. Lieut. J. G. Bennett, pilot of the King Edward, which landed at 7:45 Saturday night at Hampton, Minn., on his return to St. Paul denied the story that his balloon had caught in telephone wires.

Couldn't Carry Enough Ballast. A. Leo Stevens, director of the race, in explaining the failure of the aeronauts to sail greater distances than they accomplished, said that the lifting power of the gas was not so great as they had counted on and that consequently the balloons were unable to carry near the amount of ballast necessary for a long flight.

Capt. P. S. Hudson, pilot of the balloon American, which landed at 8:15 Saturday evening, six miles south of Owatonna, Minn., 80 miles south of here, returned to St. Paul with his assistant, Horace E. Wild of Chicago. "We were handicapped to start with," said Mr. Wild, "because the gas was too heavy. To make a long flight we should have carried 50 sacks of sand ballast, but we were unable to get away with more than 14.

"We shot up to a height of 4,600 feet and sailed at that level for a long time. Our highest altitude was 5,200 feet. As the sun began to sink in the west, the gas began to contract and the balloon fell to the 2,000-foot level. Clouds also obscured the sun and caused a further contraction of the gas. We sought a current of air immediately beneath the clouds and for a considerable distance sailed among the most magnificent scenery I have ever beheld.

RACES, GAMES AND OPERA.

Battleship's Crews Having a Gay Time in Honolulu. Honolulu, July 21.—Boat races, basketball and other sports and a gala performance of the old comic opera, "The Mascot," arranged by the society women of Honolulu, were the chief features in Monday's entertainment of the officers and men of the Atlantic fleet.

Big Parade of Hibernians. Indianapolis, Ind., July 22.—Delegates attending the national conventions of the Ancient Order of Hibernians and the Ladies' Auxiliary of the Hibernians, held but brief business sessions Tuesday. National President Matthew Cummings replied to that party at a mass meeting held in Evansville, Ill. The principal speech was made by Eugene W. Chafin, the presidential nominee.

Chafin Opens "Dry" Campaign. Chicago, July 22.—The Prohibition national campaign was formally opened Tuesday night by addresses delivered by prominent leaders of that party at a mass meeting held in Evansville, Ill. The principal speech was made by Eugene W. Chafin, the presidential nominee.

Big Fire in Canadian Town. Fort Williams, Ont., July 21.—Fire Monday afternoon completely destroyed the new business block of the John King company, the warehouses of the company, the Salvation Army headquarters and the stores of Kirkup & Wilkie and R. Strachan. The loss is \$200,000.

LAURELS GO TO THE AMERICANS

SHEPPARD WINS 800-METER RUN, BEATING THE OLYMPIC GAMES RECORD.

Defeats England's Best—Porter Captures High Jump Final, Setting New Olympic Mark—Yankees First in Many Heats.

London, July 22.—Melvin W. Sheppard of the Irish-American Athletic club, who took the measure of England's best distance men in the 1,500-meter run at the Olympic games a week ago, scored another victory Tuesday, when he finished far in the lead in the 800-meter event, establishing a new Olympic record of 1:52 4-5 for the distance and continuing on to the half mile, which he ran in 1:54, within three-fifths of a second of C. H. Kilpatrick's world's record, made in New York in 1895.

Another gold medal went to America when Harry F. Porter of the Irish-American Athletic club captured the high jump by clearing the bar at 6 feet 3 inches, beating the Olympic record made by J. K. Baxter in Paris in 1900 of 6 feet 2 4-5 inches.

BISHOP POTTER IS DEAD

NEW YORK PRELATE SUCCUMBS AFTER LONG ILLNESS.

Was Head of Great Diocese 21 Years and Always Active in Public Affairs. Cooperstown, N. Y., July 22.—Henry Codman Potter, seventh Protestant Episcopal bishop of the diocese of New York, died Tuesday night at "Fernleigh," his summer home here, after an illness of several weeks. The bishop was unconscious all day and the end, which came at 8:35 o'clock, was peaceful and quiet. The prelate was 74 years old.

Gathered at the bedside of the dying churchman were Mrs. Potter, his wife; Mrs. Mason C. Davidge, who came from California, and Miss Sarah Potter, his two daughters; Alonzo Potter, his son; Edward S. Clark, Stephen C. Clark and Mr. and Mrs. F. A. Clark. Mrs. Charles Russell and Mrs. William Hyde, his two other daughters, who are abroad, have been notified.

Death was due primarily to embolism in the right leg, following a long attack of liver and stomach trouble, and the end had been foreseen for several days by the bishop's physicians. Bishop Potter suffered a severe relapse Monday morning and, though oxygen was given, his decline was gradual and he sank into unconsciousness early Tuesday, which lasted until the end.

No arrangements for the funeral have been made as yet, but it is probable that services will be held here and that the body will be removed to New York, where a public funeral will be held at Grace church.

Henry Codman Potter was a native of Schenectady, N. Y. He had been the head of the New York diocese since 1887, succeeding his uncle, Bishop Horatio Potter. In addition to the heavy duties of the oversight of the largest diocese in point of population in the United States, he took an active part in movements of national importance, did much to promote more cordial relationships between employers and employes and when the occasion demanded lent his efforts to improve the standard of municipal government in New York city.

DOUBLE CRIME IN INDIANA.

Merchant Kills Young Farmer and Then Commits Suicide. Frankfort, Ind., July 20.—Early Sunday in the town of Hillsburg, ten miles east of here, Clarence Jones, a young business man, shot and instantly killed Claude Pruitt, a young and well-known farmer, and then sent a bullet into his own brain and fell dead. The men had been drinking and it is alleged the shooting was the result of an argument over a card game. Pruitt was 23 years old and only recently married. Jones was 28 years old and leaves a widow and daughter. The shooting created great excitement.

FIERCE FIGHTING AT TABRIZ.

St. Petersburg, July 22.—It is reported here that fierce fighting occurred at Tabriz Monday, 200 being killed or wounded.

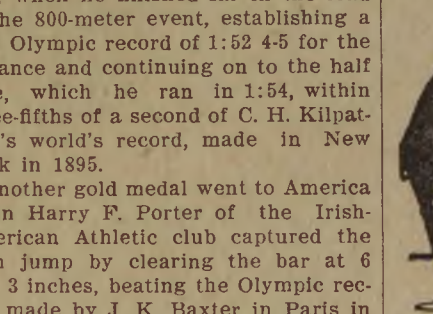

Disaster in a Russian Mine. Yusuovo, European Russia, July 22.—An explosion occurred Tuesday evening in the Aleksievska mines, but the extent of the accident is not yet known. It is rumored that there has been a heavy loss of life.

BED-BOUND FOR MONTHS.

Hope Abandoned After Physician's Consultation.

Mrs. Enos Shearer, Yew and Washington Sts., Centralia, Wash., says: "For years I was weak and run down, could not sleep, my limbs swelled and the secretions were troublesome; pains were intense. I was fast in bed for four months. Three doctors said there was no cure for me, and I was given up to die. Being urged, I used Doan's Kidney Pills. Soon I was better, and in a few weeks was about the house, well and strong again."

Publisher—The third chapter in this manuscript is so blurred I can't make it out. Author—Yes; that is where I used London atmosphere. That is the fog, you know.

The Candy Girl. He was one of those sentimental chaps who imagine the only way to capture a girl's heart is to send her volumes of poetry. Selecting a book of reasonable verse he sent it to his lady fair with the following scribbled on the fly-leaf:

"Dearest, as I seek your heart, A book of verse I do impart!" And the pretty but sensible girl, who did not care a rap if Shakespeare had been a pirate instead of a poet, returned the verses with the following lines:

"To the woods with this sludge, If my heart you'd really judge, Send me up a pound of fudge."

SWADESHI.

In the sense in which Sir William Harcourt remarked "We are all socialists now," it may be said that all Anglo-Indians are believers in Swadeshi. While all reasonable Anglo-Indians deplore the senseless agitation and the unsound economics of the extremist advocates of Swadeshi principles, they are all anxious to assist that natural development of indigenous industries and the creation of new ones upon which the future prosperity of the country so largely depends.—Pioneer Mail.

DROPPED COFFEE

Doctor Gains 20 Pounds on Postum. A physician of Wash., D. C., says of his coffee experience: "For years I suffered with periodical headaches which grew more frequent until they became almost constant. So severe were they that sometimes I was almost frantic. I was sallow, constipated, irritable, sleepless; my memory was poor, I trembled and my thoughts were often confused.

"My wife, in her wisdom, believed coffee was responsible for these ills and urged me to drop it. I tried many times to do so, but was its slave. "Finally Wife bought a package of Postum, and persuaded me to try it, but she made it same as ordinary coffee and I was disgusted with the taste. (I make this emphatic because I fear many others have had the same experience.) She was distressed at her failure and we carefully read the directions, made it right, boiled it full 15 minutes after boiling commenced, and with good cream and sugar, I liked it—it invigorated and seemed to nourish me.

"This was about a year ago. Now I have no headaches, am not sallow, sleeplessness and irritability are gone, my brain clear and my head steady. I have gained 20 lbs. and feel I am a new man.

"I do not hesitate to give Postum due credit. Of course dropping coffee was the main thing, but I had dropped it before, using chocolate, cocoa and other things to no purpose. "Postum not only seemed to act as an invigorant, but as an article of nourishment, giving me the needed phosphates and albumens. This is no imaginary tale. It can be substantiated by my wife and her sister, who both changed to Postum and are hearty women of about 70.

"I write this for the information and encouragement of others, and with a feeling of gratitude to the inventor of Postum."

Name given by Postum Co., Battle Creek, Mich. Read "The Road to Wellville," in pkgs. "There's a Reason."

TO PAY VOLUNTEERS

GOOD NEWS FOR SPANISH-AMERICAN WAR VETERANS.

DUE TO GOVERNOR'S EFFORTS

Persistent Work of Mr. Deneen is at Last Rewarded—Amounts to Be Disbursed—Geological Survey Work.

Springfield, July 20.—The veterans of the Spanish-American war who served in regiments from Illinois will be pleased to learn that Gov. Deneen has received from the United States \$124,071.49 under act of congress of the United States, approved March 3, 1899, to pay for service rendered as Illinois volunteers.

This account has been hanging fire for a long time, but through a recent visit to Washington the governor was enabled to secure the money, and Spanish war veterans will now receive the remuneration long due them.

Officers also will share in the fund. Both officers and enlisted men will receive pay from the time of arrival in Springfield to the date of muster into the United States service, at the following rates per day: Colonel, \$9.72; lieutenant-colonel, \$8.33; major, \$6.94; captain, \$5.00; battalion adjutant, \$5.00; first lieutenant, \$4.17; second lieutenant, \$3.89; first sergeant, \$1.00; sergeant, \$0.72; corporal, \$0.60; artificer, \$0.60; private, \$0.52.

Amounts Due Organizations.

The different organizations of Illinois volunteers will receive the following amounts:

First infantry, Chicago, \$13,174.51.
Second infantry, Chicago, \$14,821.07.
Seventh infantry, Chicago, \$13,669.82.

Headquarters, Third infantry, \$1,059.08; Company A, Third infantry, \$300.81; Company B, Third infantry, \$662.77; Company C, Third infantry, \$608.69; Company D, Third infantry, Aurora, \$540.49; Company E, Third infantry, Elgin, \$618.37; Company F, Third infantry, Pontiac, \$545.53; Company G, Third infantry, Woodstock, \$576.19; Company H, Third infantry, Rockford, \$608.69; Company I, Third infantry, Aurora, \$195.25; Company K, Third infantry, Rockford, \$623.65; Company L, Third infantry, Kankakee, \$573.05; Company M, Third infantry, Rochelle, \$614.85.

Headquarters, Fourth infantry, \$2,275.00; Company A, Fourth infantry, Arcola, \$1,221.33; Company B, Fourth infantry, Newton, \$1,327.33; Company C, Fourth infantry, Carbondale, \$1,088.59; Company D, Fourth infantry, Belleville, \$1,281.35; Company E, Fourth infantry, Mattoon, \$1,093.45; Company F, Fourth infantry, Mt. Vernon, \$1,083.79; Company G, Fourth infantry, Effingham, \$1,275.42; Company H, Fourth infantry, Paris, \$1,299.25; Company I, Fourth infantry, Vandalla, \$1,142.33; Company K, Fourth infantry, Litchfield, \$980.05; Company L, Fourth infantry, Olney, \$1,196.51; Company M, Fourth infantry, Urbana, \$1,259.21.

Headquarters, Fifth infantry, \$921.58; Company A, Fifth infantry, Pittsfield, \$523.02; Company B, Fifth infantry, Taylorville, \$614.85; Company C, Fifth infantry, Springfield, \$324.28; Company D, Fifth infantry, Bloomington, \$227.45; Company E, Fifth infantry, Hillsboro, \$401.42; Company F, Fifth infantry, Quincy, \$470.90; Company G, Fifth infantry, Pekin, \$445.24; Company H, Fifth infantry, Decatur, \$606.93; Company I, Fifth infantry, Jacksonville, \$479.66; Company K, Fifth infantry, Delevan, \$91.88; Company L, Fifth infantry, Peoria, \$486.84; Company H, Fifth infantry, Canton, \$581.31.

Headquarters, Sixth infantry, \$1,425.43; Company A, Sixth infantry, Rock Island, \$806.75; Company B, Sixth infantry, Geneseo, \$585.39; Company C, Sixth infantry, Galesburg, \$842.02; Company D, Sixth infantry, Abingdon, \$776.07; Company E, Sixth infantry, Sterling, \$830.63; Company F, Sixth infantry, Moline, \$685.95; Company G, Sixth infantry, Dixon, \$733.67; Company H, Sixth infantry, Monmouth, \$804.83; Company I, Sixth infantry, Morrison, \$674.63; Company K, Sixth infantry, Lamolite, \$833.63; Company L, Sixth infantry, Freeport, \$833.27; Company M, Sixth infantry, Galena, \$730.03.

Headquarters, Eighth infantry, \$1,228.76; Companies A, B, C, D, E, F, Eighth infantry, Chicago, \$5,873.06; Company G, Eighth infantry, Bloomington, \$1,073.53; Company H, Eighth infantry, Springfield, \$1,217.08; Company I, Eighth infantry, Quincy, \$1,411.51; Company K, Eighth infantry, Chicago, \$1,261.00; Company L, Eighth infantry, Mound City, \$1,498.99; Company M, Eighth infantry, Cairo, \$1,014.23.

Headquarters, Ninth infantry, \$573.28; Company A, Ninth infantry, McLeansboro, \$393.45; Company B, Ninth infantry, Shawneetown, \$408.81; Company C, Ninth infantry, Carmi, \$390.33; Company D, Ninth infantry, Elizabethtown, \$408.09; Company E, Ninth infantry, Fairfield, \$459.03; Company F, Ninth infantry, Benton, \$520.44; Company G, Ninth infantry, Mt. Carmel, \$686.96; Company H, Ninth infantry, Fairfield, \$724.90; Company I, Ninth infantry, Louisville, \$646.40; Company K, Ninth infantry, Mt. Vernon, \$818.11; Company L, Ninth infantry, Belle Prairie, \$764.55; Company M, Ninth infantry, Flora, \$796.21.

Headquarters, First cavalry, \$2,265.18; Troop A, First cavalry, Chicago, \$1,469.17; Troop B, First cavalry,

Bloomington, \$1,396.96; Troop C, First cavalry, Chicago, \$1,329.89; Troop D, First cavalry, Springfield, \$1,382.56; Troop E, First cavalry, Chicago, \$1,359.73; Troop F, First cavalry, Chicago, \$1,430.17; Troop G, First cavalry, Bloomington, \$1,367.04; Troop H, First cavalry, Chicago, \$1,309.04; Troop I, First cavalry, Chicago, \$1,474.14; Troop K, First cavalry, Elkhart, \$1,200.43; Troop L, First cavalry, Lacon, \$1,294.76; Troop M, First cavalry, Chicago, \$1,426.41.

Battery A, Danville, \$778.56.

Spanish war veterans should apply at once to the adjutant-general, Springfield, Illinois, for blank affidavit. The adjutant-general will verify same, and Gov. Deneen, upon proof of claim, will mail check to each beneficiary.

Geological Survey Work.

Active field work for the present season has been begun by the state geological survey. The heavy rains and flooded bottoms delayed the beginning of the work, since one of the most important duties of this bureau is the mapping of the river bottom lands. This is preparatory to determining means for protecting them from floods and for the purpose of affording data regarding possible power development and navigability of the streams. On the Sangamon river maps have been completed from Petersburg to River-ton, and a party in charge of R. E. Fletcher is now running levels from Petersburg to Beardstown. Later levels are to be run from River-ton to Monticello and up Salt Fork to Clinton.

On the Kaskaskia the level lines are completed and a party of engineers is now engaged in making a complete map of the bottoms. Last year the river from Keyesport to New Athens was mapped, and in the course of the winter Shoal creek has been mapped from Greenville to its mouth. The party now in the field, consisting of Messrs. E. W. McCrary, S. K. Atkinson, Lee Morrison and assistants, expect to complete the mapping of the main stream from Cowden to its mouth this season. This party will live in camp and travel by boat. The Kaskaskia has been so neglected and is so filled up with sand bars and logs that it was necessary to build a special shallow-water boat to transport the party. The boat, which draws only ten inches of water when loaded, and which is driven by a small gasoline engine, was built at Carlyle and is now in service.

Examine Mineral Resources.

Not only are the river and topographic surveys being pushed, but this will be a busy season in the investigation of the great mineral resources of the state. Messrs. F. W. DeWolf, John Udden, G. H. Cady and T. E. Savage devote their special attention to the coal fields. Frank Layman is busy collecting samples of clay supposed to be suitable for mixing with the limestone and making Portland cement. These samples are being tested at the university by Prof. Bleiinger. E. F. Lines will work on the fire clays of the western part of the state, tracing their outcrop and testing their quality. Dr. J. A. Udden of Augustana college will study the artesian wells of the state and Raymond Blatchley, with the assistance of Director Bain, will make special studies of the oil fields.

It is interesting to note that in value of its mineral output Illinois now is only surpassed by Pennsylvania and Ohio. The oil output, amounting now to over 100,000 barrels per day, is more than that of any other state except Oklahoma, and possibly California. It exceeds all of the Appalachian states together. It is worth approximately as much as the gold output of California, while the coal output more than equals the gold from Colorado and Alaska, the two largest producers. The clay pits yield more than the silver mines of any state in the union, and if to these items be added the cement, limestone, sand, fluorspar, pyrites, lead and zinc ores, and other materials mined, abundant field for the activity of the survey corps will be apparent.

Object of Survey.

The object of the geological survey is to make complete studies of the geology and mineral resources of the state with a view to their efficient and economical development. In 1906 the total value of the mineral output of this state was \$121,000,000. In 1907 preliminary figures indicate that the total was approximately \$143,000,000. This rapid expansion warrants the expenditure of a reasonable sum to secure efficiency and devise means for preventing waste. One of the means adopted by the geological survey is the making of accurate topographic maps which are at the same time available for a wide range of engineering purposes. These maps are being made on a basis of the federal government paying half the cost. Twelve such maps have been completed and issued, eight more are practically complete.

Survey of the Bottom Lands.

A survey is being made in connection with the internal improvement commission and the national government of the various rivers and the lands subject to overflow with a view to stream improvement, for power, navigation and land reclamation purposes. It is estimated that in the bottom lands of the state to be reclaimed and protected from overflow there will be added to the taxable values of the state more \$100,000,000 above the cost of doing the work, besides resulting benefits from health improvement throughout the areas recovered.

The value of the work done by the geological survey has been conspicuous, and in Gov. Deneen's biennial message he recommended an increased appropriation for the continuance of its labors. The Forty-fifth general assembly continued its appropriations and added \$15,000 for a special survey of the streams.

DIPLOMAT FROM HONDURAS

Doctor Angel Ugarte who represented Honduras at the recent conference which was held in Washington to conserve the peace of the Central American republics.

TO GATHER PRUNES.

CALIFORNIA RANCHER HOPES TO USE MONKEYS.

Orders a Consignment of 500 Chatterers from Panama and Will Train Them to Work in the Orchards.

San Jose, Cal.—Central American monkeys, trained to hop over orchard clods and pick up the succulent prunes that are now ripening in Santa Clara valley, are believed by Martin V. Seely of this city to be the solution of the California labor problem. To this end Mr. Seely has ordered a consignment

ONE STONE FENCES FARM.

Missouri Man Has Land Where No Wheel Ever Rolled.

Jasper, Mo.—Within sight of this town a settler has a farm which probably is unlike any other in the world.

This farm occupies the tableland on the summit of a ridge and is inclosed with a fence which no animal has ever broken through. It does not rise above the surface of the farm, but falls sheer from the edge a distance of many feet. The man who homesteaded the tableland had a hard climb up the face of a perpendicular cliff to reach the comparatively level summit.

At one point a ledge extends out a few inches and along the face of the cliff at an upward grade. By following this ledge and making use of occasional points of rocks and of shrubs growing in the fissures the discoverer pulled himself to the summit and found a surface well covered with a soft and luxuriant vegetation.

Gradually he improved the ledge until he could carry up tools and seed. By blasting and drilling he cleared a narrow trail, up which he was able to take first some pigs and then a cow. Later on he took up a horse.

And that to-day is the condition of this curiously protected farm. No vehicle has turned a wheel within its limits of palisades. The live stock has multiplied and consumes the grain raised. Some stones thrown across the trail completely fence in the hogs and cattle. When the farmer has stock to sell he drives the animals down the private trail and strikes the road to Jasper.

MAN HOLDS MANY JOBS.

Reporter Is Mayor, Magistrate, Auditor, City Clerk and Other Things.

Courtdale, Pa.—Not many public offices have escaped George Washington Williams, who is burgess or mayor, justice of the peace, auditor, secretary of the council or city clerk, and president of the board of health. Were he to lose his job as reporter on a local paper he might easily pick out a local handle several other borough positions. Williams moved to Courtdale from Wilkesbarre two years ago. Almost immediately he was elected secretary of the borough council. He still retained his newspaper job, and one night was detailed to report a Republican caucus. Much to his surprise the caucus selected him as a candidate for burgess. He accepted and was elected by four votes over Jacob Hunt, who had lived there 50 years. His administration is a big success. And then the other offices came. Only one person in Courtdale held as many offices as Williams.

This was Miss Louise Bennett, organist of the Methodist Episcopal church, organist for the Sunday school, teacher, superintendent of the Junior Epworth League and president of the Women's Home Mission society. Just to end the rivalry Williams married the girl.

working by the side of that from the orient, and as a result the little brown men overwhelmed the fruit ranches. Of late seasons, however, there has been a shortage of prune pickers, both American and Japanese, and in many instances shippings were delayed and several crops lost through the lack of harvest hands.

The usual floating labor population of San Francisco did not respond readily to the calls of the ranchers, and consequently the marketing of the crops was hindered.

But now comes Seely with a panacea for the prune men's harvesting ills. Seely proposes to raise the monkey to the level of the fruit grower, and he is confident of ultimate success.

"It always has been difficult for us to obtain adequate help when most needed," he said. "When hands are available we are imposed upon in wages. Last year I sold the crop of a 20-acre lot of prunes, expecting to have them gathered. But when the time for the first picking arrived not one man or boy appeared. Finally, with the help of Japs and Chinese I fulfilled my end of the contract, but at a loss.

"Then an old friend from Iowa visited me. Prunes, orientals and climate were all strange to him. When he first saw the Japs squatting or hopping around beneath the trees he laughed and said:

"Where did you get all those monkeys?"

"After he had returned east I thought over his remark, and the idea occurred to me, why not get genuine monkeys to pick prunes?"

"Before coming to California I worked in Central America, and while there became acquainted with A. B. Jones of Acapulco, Panama. Jones owned a coffee plantation. The forest about his ranch clearings abounded with monkeys. The natives caught many young ones and trained them to pick fruit.

"So I have written to Jones and he is gathering monkeys and will ship them to me at once. Meantime I have obtained a number from San Francisco dealers. They now are in the hands of trainers, but as the animals are still strange I can't say how the venture will result. If I get the right kind of monkeys, I'm sure I will be successful.

"A well-bred, well-behaved monkey ought to be able to do the work of ten Japs. Then there would be no wages and the feed and salary of the trainer would be my only expense. The animals ordered are young and ought to prove satisfactory if properly trained. I will muzzle them to prevent them from eating the fruit, and expect to divide the 500 into 50 bands, ten to a trainer."

ACCUSED BY HIS MOTHER

NEW YORKER ARRESTED FOR ATTEMPTED EXTORTION.

Scion of Noted Van Rensselaer Family Admits He Wrote Threatening Letter to Parent.

New York, July 21.—John A. Van Rensselaer, son of Mrs. John King Van Rensselaer, and a member of one of New York's oldest families, was taken into custody Monday night on a charge of attempted extortion.

The arrest was made on advices from Chief of Police Crowley of Newport, R. I., who received a complaint from Mrs. Van Rensselaer that her son had written a letter threatening her bodily harm unless she provided him with funds. Van Rensselaer is 34 years old and married.

Van Rensselaer is connected with a local brokerage house and when he returned to his home at night he was placed under arrest by detectives, who produced the letter alleged to have been written by Van Rensselaer to his mother. The detectives and Lieut. Mannion, before whom Van Rensselaer was brought in the police station, declare that the young man stated that he had written the letter, which intimates that he might blow off his mother's head if she refused his demands, and is full of insulting passages.

Van Rensselaer, according to the police, made the following statement regarding the demand on his mother:

"I gave her a thousand dollars when she was on her uppers, and now I wanted \$5,000 to go into the brokerage business. When I was in business before I had a good friend who used to loan me any amount I wanted up to a couple of hundred thousand. This friend's mother wanted to get into the Colonial Dames of America, of which my mother was a member, but my mother blackballed her. Then soon after that I went to this friend again for another loan, but he told me if my mother was too good to associate with his mother, he guessed his money was too good for me."

WALKER IS BROUGHT BACK.

Connecticut Absconder on His Way Home for Trial.

San Diego, Cal., July 20.—When the steamer St. Denis arrived from Ensenada Sunday morning she had on board William F. Walker, the New Britain, Conn., absconder, who was in custody of State Superintendent of Police Egan of Connecticut and H. J. Hoffman, a Pinkerton detective.

Walker was rather a pitiable object as he stepped ashore, stoop-shouldered and haggard. The newspaper men who sought to interview him could get little more than a shake of the head and the remark "It is a very fine day." He returned no answer to pointed questions that were put to him. The fugitive and custodians proceeded at once to the Santa Fe depot, where they left for Los Angeles.

SIX KILLED IN AUTO WRECK.

Family of C. S. King of Fort Wayne, Ind., Wiped Out.

Warsaw, Ind., July 20.—Charles Sherman King of Fort Wayne, Ind., his entire family of three, his chauffeur, and a guest, six in all, were killed in Mr. King's automobile Saturday afternoon when the car was struck by the east-bound Manhattan limited on the Pennsylvania railroad west of Columbia City.

The dead: Charles Sherman King, Mrs. Charles Sherman King, Katherine King, aged 16; Josephine King, aged 13; Fayma Bradshaw, aged 14; Carl Timmins, aged 22.

Mr. King was taking his family and Miss Bradshaw to Lake Wawasee, where he owned a cottage, to spend Sunday.

TWELVE BOYS ARE RESCUED.

Leap into Saginaw Bay from Burning Gasoline Launch.

Saginaw, Mich., July 21.—News of a thrilling rescue of 12 boys Sunday afternoon from a burning launch on Saginaw bay reached here Monday from Bay Port. Harvey Light, Russell Meyers and George Wall of Saginaw, with nine young boys, started from Bay Port across Saginaw bay to Point Lookout. When a mile or so out in the lake the gasoline tank exploded and the whole boat was instantly in flames.

The 12 young men grabbed life preservers and leaped into the bay. Two fishing smacks and a gasoline launch put out and rescued the boys, several of whom were exhausted.

St. Paul's Population 225,300.

St. Paul, Minn., July 18.—St. Paul on June 1, 1908, had a population of 225,300, according to the new city directory for this year, which will soon be ready for distribution. This estimate is based on an increase of 12,566 names in the 1908 directory over that of 1905, when the state census showed St. Paul to have a population of 197,025.

Well-Known River Captain Dead.

Gallipolis, O., July 20.—Capt. Martin E. Brown, one of the best known steamboat men on the Ohio river, died suddenly Sunday of heart failure at the Hotel Riverday in this city. Capt. Brown operated packet boats between Pittsburg and St. Louis.

Dies Trying to Save Cousin.

Philadelphia, July 20.—In a vain attempt to save the life of his cousin, Pierre Baron, a boy, was drowned in the Schuylkill river Sunday.

MORE USED TO SELLING PINS.

Absent-Minded Clerk (who has been transferred from notion department)—So, you'll take this piano. Shall I send it, or will you take it with you?

WAS ONLY RED BLOOD.

And Three-Year-Old Had Been Told That it Was Blue.

Three-year-old Allan had a very aristocratic grandma, who prided herself on her own and her husband's blue-blooded ancestry. She told him heroic deeds of them and warned him from ever playing with boys of low degree.

One day Allan came screaming upstairs to his mamma and grandma, holding his hand up covered with blood, where he had cut his little finger. They were both greatly alarmed, as he was a child who rarely cried or complained when hurt. Mamma washed the blood off and, examining the cut, said:

"Why, dear, it's not so very bad. Does it hurt you so much?"

"I'm not cryin' 'cause it hurts," said, "but 'cause it's only red blood and grandma said I had blue."—Philadelphia Ledger.

ITCHING HUMOR ON BAY.

Hia Hands Were a Solid Mass of Itching Disease Spread All Over Body—Cured in 4 Days By Cuticura.

"One day we noticed that our little boy was all broken out with itching sores. We first noticed it on his little hands. His hands were not as bad then, and we didn't think anything serious would result. But the next day we heard of the Cuticura Remedies being so good for itching sores. By this time the disease had spread all over his body, and his hands were nothing but a solid mass of this itching disease. I purchased a box of Cuticura Ointment, and that night I took Cuticura Soap and lukewarm water and washed him well. Then I anointed him and took the Cuticura Ointment and anointed him with it. I did this every evening and in four nights was entirely cured. Mr. Frank D. Ahue, 208 Fremont St., Kokomo, Ind. Sept. 16, 1907."

Had Been Attended To.

An Italian went up to the civil service commissioners' rooms in the general building the other day to be examined for a laborer's position. He answered most of the questions correctly. Finally they asked him had ever been naturalized. He said a bit puzzled, but at last his face lit up.

"Ah, I know what you want. Scratcha de arm. Yes, lasta week Philadelphia Ledger.

A Difficult Lesson.

"It is next to impossible for a man to teach a pretty girl how to whistle, said a musician who is a good whistler.

"How is that?" he was asked.

"Well, providing she is not your wife or sister, when a pretty girl gets her lips properly puckered she usually looks so bewitchingly tempting that he kisses her, and the consequence is she doesn't have a chance to blow a note."

For Circuit Clerk

To the voters of DeKalb county—I am a candidate for the Republican nomination for clerk of the circuit court of DeKalb county subject to the action of the voters at the primary election to be held on August 8, 1908. WALTER M. HAY

Administrator's Sale of Real Estate

By virtue of an order and decree of the County Court of DeKalb County, Illinois, made on the petition of the undersigned, Dillon S. Brown, Administrator De Bonis Non, of the Estate of Thomas W. Burley, deceased, for leave to sell the real estate of said deceased, at the April term, A. D. 1908, of said Court, to-wit: On the 20th day of April 1908, I shall on the 15th day of August next, between the hours of ten o'clock in the forenoon and four o'clock in the afternoon of the said day, sell at public sale, at the Dwelling House on the premises herein after described in the Village of Genoa, in said County, the real estate described as follows, to-wit: Lot Number Two (2) of Block Number One (1) of the Original Town (now Village) of Genoa, situated in the County of DeKalb, in the State of Illinois. Said premises will be sold free and clear of the dower and Homestead rights of the widow, Theodora Burley, on the following terms, to-wit: All Cash, and ten per cent of the amount of bid shall be paid at time of the sale, and the balance on confirmation of said sale by the Court and the delivery of proper deed or deeds of conveyance to the purchaser or purchasers thereof. D. L. S. BROWN, Administrator De Bonis Non of April, A. D. 1908. T. W. BURLEY, Decedent. GEORGE BROWN, Solicitor for Petitioner.

ORDER COAL NOW

It is always wise and safe to order the winter's supply of coal during the summer and have it in the bin before the first touch of fall weather. The price is as low now as it will be. In fact in past years the price has always steadily advanced with the season. Then, with your bin full of coal, a miner's strike or any cause of delay would cause you no worry. Let us talk over the matter with you now. We would like to take the fresh, new coal direct from the cars as it arrives and place it in your cellar or bin.

WE HANDLE THE BEST

There is a difference in coal, don't forget that. But we make it a point to secure the best that the market produces.

THE BEST THRESHING COAL HERE JACKMAN & SON

STEAM AND HOT WATER HEATING

During the present season I will make a specialty of steam and hot water heating, being situated to do the best of work, with years of experience and the necessary labor saving equipment to work with. I have gone through the long list of boilers on the market to find one that in my estimation would prove the best under all conditions. The result is that I have decided to recommend and install where possible the

"IMPERIAL" ROUND BOILERS

These boilers are designed for small heating plants as in residences or any ordinary two or three story building. In designing the boiler the makers have several objects in view, viz: To furnish a boiler that would be simple in construction; easy to install, thus saving in labor; economical in the consumption of fuel, strong and durable. The boiler above the base is cast in one piece, insuring durability, as there are no joints of any description to rust out or leak.
