Ev. Crawford's Kind Heart Cost Lives of Seven Chickens

BUTTER SELLING AT 22 CENTS

Two Prairie Schooners Return from Nebraska—Eugene V. Debs Acquitted

Butter sold at 22 cents on the Elgin board of trade Monday.

Overalls 60 cents at E. Crawford's. Emmett Summers is now night operator at the Milwaukee depot. He is a fine cornetist and will join the band.

Two prairie schooners from Chadron, Nebr., passed through here yesterday on their way east. A sign on one wagon said: "In God we trusted, but in Nebraska we busted."

Mr. and Mrs. A. H. Durhan left here Tuesday for Roseland, La. to make their home, after a continuous residence here of over 50 years.

Ev. Crawford is one of the most humane of men. He dislikes to inflict pain on the smallest of God's creatures. Desirous of a chicken dinner, he concluded that shooting would be the quickest death for a chicken. So he borrowed a gun and repaired to the henry. Sizing up the choicest of the flock he took aim and let 'er go. When the smoke cleared away he took inventory with this result: seven dead chickens and a muchly battered chicken house. He says he'll wring their necks next time. (Ev. may deny this now, but its true.)

The big Chicago dailies have been reduced to one cent.

The new residence of A. V. Pierce was the scene of a house warming party Tuesday evening. Eighty people were present.

The Patrons of Industry have let contracts to Wm. Schmidt for blacksmithing and to Merritt & Hadslak for coal and lumber.

MARKERS SHIPPED

Every Soldier's Grave Will Soon be Identified

Wm. Flint has moved to Elgin. It is now ex-champion Corbett. The cases in Milwaukee against Eugene V. Debs were dropped. (It required 25 years to get him.)

(What the—) The Minnesota supreme court rendered a decision holding husbands responsible for slanders uttered by their wives. (Don't worry fellows, they are your equals now and must stand alone.)

The visible supply of grain in the United States on the 4th of November was: Wheat 56,937,000 bushels, corn 4,627,000 bushels, oats 5,289,000 bushels. (Just enough to supply the breakfast food factories now.)

PLATO FARMER KILLED

Struck by Illinois Central Train Friday Morning

Edward Nelson, farmer residing near Plato Center, was almost instantly killed Friday morning when he was struck by Illinois Central railroad train while driving over the crossing at Plato Center.

Nelson was driving a team of horses hitched to a wagon and was returning from the milk distributing station going south across the tracks. He did not seem to see the oncoming eastbound train until it was too late and the train was almost upon him. He jumped to his feet and attempted to make his team go forward. Before they started the train struck the wagon.

He was dragged more than 50 feet by the train and was dead when taken off the engine's fender. One of his horses was killed. The road next to the Illinois Central depot was the scene of the fatal accident. The train at 8:30 o'clock is a through train and does not stop at Plato Center.

A wife and several sons and daughters survive Nelson, who was over sixty years old. He was a farmer on the John Lee farm.

KENOSHA PLANTS CUT WORK

Large manufacturing companies of Kenosha are dismissing hundreds of employes in preparation for what they call a "slack season." In nearly all the plants the working week has been cut down to five days of eight hours each, with no overtime. This reduction has resulted in the loss of thousands of dollars in wages by the workers.

HIGHWAY CONSTRUCTION

Total of 310 Miles Hard Road Built Since January 1

A total of 310 miles of hard roads have been constructed under the supervision of the Division of Highways since January 1, 1920, distributed as follows:

Lincoln Highway 51 miles
Dixie Highway 44 miles
National Old Trails 64 miles
Chicago-St. Louis Road 107 miles
Chicago-Waukegan Road 6 miles
State Aid Work 38 miles

There are still uncompleted contracts on the above roads approximately as follows:

Lincoln Highway 12 miles
Dixie Highway 22 miles
National Old Trails 53 miles
Chicago-St. Louis Road 77 miles
Chicago-Waukegan Road 14 miles

Weather conditions, since the last bulletin was issued, have been exceptionally favorable for road work. Very little delay has been experienced because of rain until within the last week. The transportation situation, especially with those contractors depending upon special permits from the Interstate Commerce Commission, has grown steadily worse.

As we near the season of cold weather, more cars have been taken from road work for the transportation of coal. By order of the Interstate Commerce Commission, all special transportation permits were cancelled on October 11. We were advised that new evidence would have to be submitted to the Commission if renewals were necessary. This was done in a number of cases but there was always a delay of a week or ten days in the securing of new permits, even when the applications for renewals were granted. Because of this delay, a number of contractors who have been doing their utmost to complete their contracts this year, have been forced to stop work at different intervals.

Many of the contractors are closing down work for the season, and probably within the next two weeks construction will be brought to a standstill for this year.

The new locomotives, it is announced, include 100 of 40 per cent greater tractive power than any heretofore in general use on the lines of the Illinois Central. They are for the freight service. Twenty-five are for passenger service and twenty-five for switch service.

The announcement also is made that \$8,000,000 has been appropriated since the return of the road to the control of its owners for the enlargement of roadway facilities, much of which work already is under way.

Expenditures for additions and betterments to the property of this railroad during the last ten years total \$169,279,178, according to Mr. Markham's announcement. He cites the figure as proof that the railroad of which he is at the head has not stood still during the march of business advancement, although he does not claim that its growth has been adequate.

BIG FARM FIRE

Home of John Quigley Near Sycamore Wiped Out

One of the biggest farm fires of record in this vicinity occurred Saturday night at the home of John Quigley, two and one half miles south east of Sycamore about 7:30. All the buildings on the farm were burned to the ground.

The farm house, barns, granaries, and building of all nature were destroyed. Most of the stock was saved, but four horses were led out of the barn but they broke away and ran back into the burning building. The furniture in the house was saved.

The fire was started by spontaneous combustion in the hay mow. It was all new hay put into the barn this season. It is estimated that the loss will be around \$30,000. All the small grain was burned, and about 100 bushels of this year's corn was consumed.

STOCKING FACTORY CLOSES

The Allen A. Company, formerly the Black Cat Textile Co., have closed their branch plant in Harvard, the order to quit coming on Monday afternoon of last week, without any previous inkling of the intention of the company, and was a great surprise to employes, who were told to return to work next morning and that the factory would not again be opened.

SCHERF WANTS DIVORCE

J. W. Cliffe is the first solicitor to file a new suit for the next term of court. It is a divorce suit in which Chris Scherf of Genoa is complainant and Maude Scherf is defendant. He and Maude were married in Chicago March 17, 1909.

HIGH MASS FRIDAY

The Robert Emmet branch of the Friends of Irish Freedom will have a Requiem High Mass for Lord Mayor Terence McSweeney, "who died for human liberty," at St. Catherine's church Friday morning.

ILLINOIS CENTRAL SPENDS MILLIONS

Purchase of Locomotives and cars Amounts to \$27,109,768

NEW RATES MAKE IT POSSIBLE

Over Four Thousand Cars and 150 Locomotives Ordered—Markham Talks

Purchases of locomotives and cars amounting to \$27,109,768 are announced by President C. H. Markham of the Illinois Central Railroad in a statement to the public through the newspapers in the territory served by that road. Delivery of the equipment has been begun.

President Markham announces that the purchases are made possible as a result of the granting of more adequate rates. He says:

"For a decade preceding the war an anti-railroad spirit prevented the levying of rates which would guarantee an investment return sufficient to attract capital for financing the purchasing of adequate equipment, and during the Federal control equipment purchased fell far short of the average of preceding years. Now that the railroads have been returned to their owners and more adequate rates have been awarded, the purchase of equipment has increased greatly."

The orders placed to date by the Illinois Central, according to Mr. Markham's announcement, are for the following equipment: 150 locomotives, 2150 coal cars, 1000 refrigerator cars, 500 stock cars, 300 box cars, 200 flat cars, 20 suburban coaches, 12 compartment coaches, 18 baggage cars, 5 dining cars, 50 caboose cars.

The new locomotives, it is announced, include 100 of 40 per cent greater tractive power than any heretofore in general use on the lines of the Illinois Central. They are for the freight service. Twenty-five are for passenger service and twenty-five for switch service.

The announcement also is made that \$8,000,000 has been appropriated since the return of the road to the control of its owners for the enlargement of roadway facilities, much of which work already is under way.

Expenditures for additions and betterments to the property of this railroad during the last ten years total \$169,279,178, according to Mr. Markham's announcement. He cites the figure as proof that the railroad of which he is at the head has not stood still during the march of business advancement, although he does not claim that its growth has been adequate.

The program of the afternoon was in charge of the legislative department. Judge Cliffe, who was to deliver the address of the afternoon, was unable to be present but sent as his substitute Warren Hubbard, county superintendent of schools, who delivered an interesting and instructive talk, in which he spoke of our duty to our home, church, state and nation, closing with instructions on marking the ballot. The closing number on the program was two pleasing and well chosen vocal solos by Mr. C. J. Bevan.

HAZING COSTS FIFTY

Marengo High School Boys Pay for Their "Fun"

Seven Marengo boys, upperclassmen in the Marengo high school, were fined \$25 and costs each by Judge C. P. Barnes of the McHenry county court for the hazing of Forrest Anderson, a freshman at the school, a month ago.

Costs in the case will amount to about \$50 apiece, making the total fines and costs in the case approximately \$500.

The boys who were fined for taking Anderson into the country, pouring whiskey on his clothes, stripping him and letting him find his way back to Marengo unaided, are: Raymond Davis, Harry Lundy, Leland Powers, Harry Olson, Harry Beebe, Henry Schmars and Raymond Ritzer.

NO COMMUNITY SCHOOL

Malta So Decisively Votes on the Proposition

The Community school question awakened considerable interest at Malta and called out 366 votes on Saturday. The proposition lost by a majority of 83 votes. The vote in detail was as follows: Men for 41; against 145; Women for 68; against 82.

It seems that neither the women or men cast a majority for the proposition. For some reason the campaign was not put up right to the voters says the DeKalb Independent. Some of the Malta people charge that people interested in the DeKalb high school caused the defeat.

ERNESTI-FINLEY

Genoa Girl Becomes Bride of South Dakota Man

Mr. Charles Ernesti of Orient, S. D., and Miss Francis Finley were married at St. Catherine's church Wednesday morning at 8:30.

Miss Finley is a daughter of Mrs. Edward Finley, who resides six miles north east of Genoa. She is a young lady of excellent character and has always been identified with all the activities of St. Catherine's parish whose members wish her all the happiness in the world. The young couple will reside in Orient, S. D.

DIVORCE GRANTED

In the circuit court last Wednesday Gilbert (Bert) H. Vandresser was granted a divorce from Marie Vandresser.

TEACHERS' EXAMINATION

The next Teachers' examination will be held on Friday and Saturday, November 12 and 13, 1920, instead of on Thursday and Friday, November 11 and 12, as previously announced. The examinations will be conducted at the Court House at Sycamore, Illinois.

THE COMMUNITY CLUB

Second Meeting of Year Held at Masonic Hall Monday

The Genoa Community Club held its second meeting of the year at the Masonic Hall Monday afternoon, November 1. The business meeting opened in usual form after which a report of the bakery sale was given by the chairman of the Rest Room committee, Mrs. Schoonmaker.

Her committee sponsored the bakery sale to reimburse the treasury of funds used in repairs on Rest Room. The net proceeds of bakery sale were forty-eight dollars and fifty cents, which does not include several money donations yet to be paid. The above amount more than covered the money used. The chairman of the membership committee, Mrs. Mabel Baldwin, reported the division of the club into two sides, namely, the Blue and White, for a membership drive.

Mrs. Cora Schoonmaker, chairman of the Civic Department, reported the progress made by her department on the Gold Star Tree. Announcement of the dedication of the tree will appear in the Genoa Republican as soon as the committee can determine the exact date for the same.

The Club calendars, previously prepared by the program committee, were distributed to each club member together with a copy of the constitution of club printed in book form. Thru the courtesy of the Genoa Republican the club was presented with two hundred copies of these constitutions for which the club is most grateful and desires to take this means of expressing its appreciation for the same.

Committees were appointed to prepare plans for a community Christmas tree.

The program of the afternoon was in charge of the legislative department. Judge Cliffe, who was to deliver the address of the afternoon, was unable to be present but sent as his substitute Warren Hubbard, county superintendent of schools, who delivered an interesting and instructive talk, in which he spoke of our duty to our home, church, state and nation, closing with instructions on marking the ballot. Illinois Teachers Decide to Use Every Effort to Better Conditions

NORMAL SCHOOLS NOT FILLED

Dr. J. Stanley Brown of DeKalb Normal Decries the Present Shortage

Activities of Illinois teachers to "effect and affect legislation" to obtain a state distribution fund of \$29,000,000 for school purposes next year, J. O. Engleman of Decatur, chairman of the legislative committee of the Illinois State Teachers' association was the subject of an address before 1200 teachers of the Northern Illinois Teachers association in session at DeKalb last week, says the Chronicle.

It is necessary, Mr. Engleman pointed out, that the state funds for education be greatly increased that the poorer districts with many children may have equal educational advantages with the richer districts.

The chief discussion of the meeting centered around taxation and financial relief for the public schools. President F. R. Ritzman of DeKalb in the opening address declared that teachers are tired of hearing about the advantages of their profession in lieu of adequate pay checks. Dean O. L. Manchester of the Illinois State Normal schools, urged a crusade on the part of the teachers for greater revenue for schools.

Dr. J. Stanley Brown, president of the Northern Illinois State Normal, DeKalb declared that the state normal school could handle 1000 additional students and decried the present serious teacher shortage. The earning power of the teaching profession is increasing, he said and there is "no starving period" in it. Every man graduated from the DeKalb Normal last year obtained a position paying not less than \$200 per month he declared. He urged superintendents and teachers to send to the normal school enough students each year to care for the needs of their own districts.

"There must be a league of teachers with an Article X that demands fair salary, reasonable tenure and proper housing accommodations for out-of-town teachers, Superintendent C. H. LeVitt, of Savannah stated. "Teaching is a business and the job of teachers is to sell education. Teaching is the finest indoor sport in the world," he said. He urged that teachers go into politics, advertise and co-operate with laymen.

A shadow was cast over the meeting by the announcement of the death of Superintendent John C. Reeder, who was to have been host to the convention. He has been head of Dixon schools for the past three years. Resolutions were passed in respect to his leadership as an educator and his services as an officer of the association. Other resolutions were directed to the constitutional convention and the General Assembly relative to taxation for school purposes.

Superintendent O. E. Peterson of Sycamore, was elected president.

ARMISTICE DAY

Patriotic Services at the M. E. church Sunday Evening

Under the heading, "M. E. Church Notes," Rev. J. E. Robeson, pastor, hands in the article which appears below. Rev. Robeson is making a strong bid for better church attendance and those who have heard him in the pulpit and met him on the street believe that he will succeed in his efforts. Rev. Robeson has some well established views on topics of the day, but he is far from being a radical or "crank." He handles his subjects in a manner that leaves no doubt as to his own convictions, yet he makes it as well known that he respects the opinions of others. His services are worth hearing.

The invitation: Dear fellow citizens, the one day in our calendar year has arrived when all liberty loving Americans ought to pour out their hearts in praise and thanksgiving that thru Divine Aid the right was victorious and peace has come to the nation which had so courageously struggled in defense of human liberty and justice; and that Day is "Armistice Day," Nov. 11. "Beware, lest we

forget" The Pastor and people of the M. E. church feel that our gratitude can find no more perfect expression than to suitably observe the day and all that it means with a rousing patriotic service next Sunday evening at 7:30 p. m. We hereby extend a cordial invitation to the American Legion boys, ex-service men and men in uniform, to attend this service. Seats will be reserved for the post. We feel you will do us an honor by attending this meeting and we wish to unite with you in rekindling the fires of patriotism and rededicating ourselves to those principles of right which triumphed through God's merciful goodness.

To the people of the town and community we extend a cordial invitation to all our services.

Preaching services Ney Sunday morning 9:00 a. m.

GENOA MUSIC STORE

J. L. Patterson Will Sell Genoa Made Instruments

J. L. Patterson will soon open a music saleroom in the rear room of the G. H. Martin store. He will sell exclusively phonographs and pianos made in Genoa by H. P. Nelson & Son. These instruments are high grade in workmanship as well as in tone quality. The Nelson piano has been known for years as a superb instrument and has always been a ready seller on the market.

Mr. Patterson will have a half page announcement in The Republican next week. Watch for it.

LEAGUE CONTEST CLOSSES

The Epworth League attendance and membership contest, which has been on during September and October, closed with the following results: Orange side, 1170 points; Black side 1010 points. The League will hold a get-together social in the church Monday evening, Nov. 8. Each one who comes is requested to bring some article to be sold at auction. Invite your friends, and let us make this a lively social time for all the young people.

REPUBLICANS IN BIG LANDSLIDE

Sweep the County to the Election Last Tuesday

GENOA REPUBLICAN 7 TO 1

Total Vote in Township is 726, About 300 Less than Possible Vote

Senator Harding of Marion, Ohio, will be the next president of the United States, the voters having so decided last Tuesday by a plurality estimated at 8,000.00 votes. Len Small was carried along with the Republican landslide and swept into office by a tremendous plurality.

The Genoa Vote

A total of 726 votes were cast in Genoa township, divided as follows:

	1st Dist.	2nd Dist.	Total
Men	231	225	456
Women	119	151	270

The largest vote ever cast in Genoa totalled 1022 when the issue was for and against saloons. This was several years ago, so one may safely estimate that at least 250 citizens of Genoa township failed to vote Tuesday.

The Straight Ticket

Straight Republican and Democratic votes in Genoa were counted as follows:

	Rep.	Dem.
For President—		
Men 1st Dist.	177	26
Women 1st Dist.	94	6
Men 2nd Dist.	166	21
Women 2nd Dist.	113	9
Total	550	62

Harding 623, Cox 87

Harding was the choice in Genoa by a lead of over seven to one, the senator receiving a total of 623 votes to 87 for Gov. Cox.

Len Small, Republican candidate for governor ran only 51 votes behind his ticket in Genoa.

Following is the total vote in Genoa for president and governor, all the officers receiving practically the same number of votes as cast for president:

	Rep	Dem
For President—		
Men 1st Dist.	190	29
Women 1st Dist.	107	12
Men 2nd Dist.	194	25
Women 2nd Dist.	133	12
Total	624	78

For Governor— Small J. Ham

Men 1st Dist.	180	38
Women 1st Dist.	99	13
Men 2nd Dist.	173	42
Women 2nd Dist.	120	25
Total	572	118

FAINTING AND DIZZY SPELLS

The Cause of such Symptoms and Remedy Told in This Letter.

Syracuse, N. Y.—"When I commenced the Change of Life I was poorly, had no appetite and had fainting spells. I suffered for two or three years before I began taking Lydia E. Pinkham's Vegetable Compound and the Liver Pills which I saw advertised in the papers and in your little books. I took about twelve bottles of your Vegetable Compound and found it a wonderful remedy. I commenced to pick up at once and my suffering was relieved. I have told others about your medicine and know of some who have taken it. I am glad to help others all I can." Mrs. R. E. DEMING, 437 W. Lafayette Ave., Syracuse, N. Y.

While Change of Life is a most critical period of a woman's existence, the annoying symptoms which accompany it may be controlled, and normal health restored by the timely use of Lydia E. Pinkham's Vegetable Compound.

Moreover this reliable remedy contains no narcotics or harmful drugs and owes its efficiency to the medicinal extractives of the native roots and herbs which it contains.

DODD'S KIDNEY PILLS

Three Dose Name

"DODD'S KIDNEY PILLS are a wonderful medicine for kidney trouble. I used them about 15 years ago and they completely relieved me. My daughter used them recently and they greatly benefited her. I can certainly praise them."

The Best Advice FOR MOTHERS

ELGIN, ILLS.—"I was weak, nervous and run-down after motherhood, and was advised to take the 'Favorite Prescription.' I took about five bottles while nursing my baby and he seemed to improve as much as I did. My appetite was normal once more and I was able to sleep at night, and became strong and well. I would never hesitate in recommending Doctor Pierce's Favorite Prescription to all young mothers who need just such a tonic for they will be benefited as I have been."—MRS. CARRIE HILL, 314 Dundee Ave.

Dr. Pierce's Favorite Prescription is a remedy that any ailing woman can safely take, because it is prepared from roots, does not contain alcohol or narcotics. All druggists.

Send 10 cents for trial package of "Favorite Prescription Tablets" to Dr. Pierce's Invalids' Hotel in Buffalo, N. Y., or write for advice.

Don't Neglect Your Skin

Ladies—A few days' treatment with CARTER'S LITTLE LIVER PILLS will do more to clean up the skin than all the beauty treatments in creation. An imperfect complexion is caused by a sluggish liver. Millions of people, old, young and middle age, take them for Biliousness, Dizziness, Sick Headache, Upset Stomach and for Sallow, Empty and Bloated Skin. They end the misery of Constipation.

BIG ULCER ALL HEALED

"Here is another letter that makes me happy," says Peterson, of Buffalo. "One that I would rather have than a thousand dollars. "Money isn't everything in this world. There is many a big hearted, rich man who would give all he has on earth to be able to produce a remedy with such mighty healing power as Peterson's Ointment, to sell at all druggists for 35 cents a large box." Dear Sirs:— "I was an untold sufferer from old running sores and ulcers. I had tried most everything without any relief from pain. A friend told me of your wonderful ointment and the first box took away the pain that had not left me before in years, and after using just nine dollars' worth of the ointment I am cured. The ulcer was 9 inches by 6 inches, is all healed and I can walk. Never, never will I be without Peterson's again. "You may use this to recommend your ointment, if you wish. I cannot say enough to praise it. Yours truly, Mrs. Albert Southcott, Medina, N. Y. Mail orders filled by Peterson Ointment Co., Inc., Buffalo, N. Y.

WON'T BLOCKADE THE BLACK SEA

U. S. Rejects Invitation of England and France to Participate.

WRANGLER IN SEVERE STRAITS

Official of State Department Says U. S. Has Never Taken Part in Any Movement Against the Soviet Government.

Washington, Nov. 3.—An invitation from England and France to participate in the blockade of the Black sea ports in the interests of General Wrangel, the anti-Bolshevik leader, has been rejected by the United States, it was announced by the State department.

Not only has the United States declined to permit its ships now at Constantinople to assist, but it has cabled to Admiral Bristol, the American commissioner at Constantinople, desiring to know at whose instance the blockade was ordered, against whom it is directed and for what purpose it was begun. Belief is expressed here that the blockade is to help General Wrangel, who is reported to be in severe straits as a result of a huge offensive now being directed against him by the soviet armies. The State department, however, is without information on that point.

At least one Italian merchant ship has already been held up by a British cruiser. A representative from the Italian embassy called at the State department and gave formal notice that Italy is opposed to the blockade on the ground that it is illegal and contrary to the demands of humanity, and that it is in violation of the inter-allied agreement with regard to trade with Russia.

This position, it is understood, is practically shared by the United States. The State department pointed out that all restrictions between the United States and soviet Russia have been removed and that any American is privileged to conduct trade who cares to do so.

Hence if it should develop that the blockade was instituted for the purpose of shutting off trade between soviet Russia and other countries such as Italy and the United States, it is likely that this country will enter vigorous protest on the side of the Italian government. An official of the State department said:

"The United States has never taken part in a movement against the soviet government; on the contrary, we have opened up trade and any one who wants to trade with them has the privilege of doing so."

Important to all Women Readers of this Paper

Thousands upon thousands of women have kidney or bladder trouble and never suspect it. Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease. If the kidneys are not in a healthy condition, they may cause the other organs to become diseased. You may suffer pain in the back, headache and loss of ambition. Poor health makes you nervous, irritable and may be despondent; it makes any one so. But hundreds of women claim that Dr. Kilmer's Swamp-Root, by restoring health to the kidneys, proved to be just the remedy needed to overcome such conditions. Many send for a sample bottle to see what Swamp-Root, the great kidney, liver and bladder medicine, will do for them. By enclosing ten cents to Dr. Kilmer & Co., Binghamton, N. Y., you may receive sample size bottle by Parcel Post. You can purchase medium and large size bottles at all drug stores.—Adv.

Mrs. George Jackson died at her home in Shabbona Sunday after a long illness. Her daughter, Miss Ethel, is well known in Genoa, having often been a guest at the E. H. Browne home. R. H. Browne and sister, Mrs. E. J. Tischler attended the funeral Wednesday.

The Thimble Club members enjoyed a couple of hours of sewing and chatting at the home of Mrs. A. J. Kohn Friday afternoon, when Mesdames Kohn and J. L. Patterson were hostesses. At five o'clock a two course supper was served. The club voted to present the American Legion with a check for twenty dollars.

Some of the gutters about town have been cleaned up during the past week, the mud holes in front of the Republican building and Kiernan's ware house receiving particular attention. Our patrons may now get into the office without using rubber boots. The street committee and mayor have our sincere thanks for the prompt action taken after notification of conditions.

KILLED BY ARMY TRUCK

Camp Grant Driver Runs Down Girl Near Elgin

Six drivers of Camp Grant army supply trucks face court martial and possible criminal prosecution as the result of the death of Miss Elsie Radde, fourteen year old daughter of Mr. and Mrs. Herman Radde of Hanover township, under the wheels of one of the huge supply carriers Friday night.

The girl, who was returning from Elgin, where she was a student at St. John's parochial school, was killed instantly by the second of the fleet of four trucks within a half mile of her home in Hanover Township, shortly after 6 o'clock.

She was returning from school says the Elgin News, with a horse and cart and was about five miles east of Elgin on the Chicago road when the fatal accident happened. It was dark and she had no lights on her cart. The motor trucks, traveling in a fleet of four, were bound for Camp Grant with supplies from Chicago and the drivers planned to make Elgin to stop for the night, as they had no lights.

The driver of the first truck saw the girl in the cart when within a few feet of her and turned his machine into the ditch. The second truck, driven by Joe Bozumowicz, forged ahead in the darkness and ran over the girl, lying in the road after her frightened horse had thrown her from the cart. The trucks were stopped and the body of the girl was taken to her home. She died instantly, the five-ton truck crushing her to death.

Peril in Iodine Fumes.
Fumes of iodine have recently been urged as a method of administering that drug preferable to the usual tincture. It has been shown by experiments that fumes are absorbed through the skin and when inhaled are absorbed by the lungs, but it is shown also that inhalation is very dangerous even in small quantities, especially when there is any disease of the respiratory passages.

Should Have Curled Her.
At a moving picture theater a woman was reading aloud the announcements that accompanied the pictures, oblivious to the annoyance of those in her vicinity. Suddenly her voice slowly died away, and the crowd about her was convulsed with laughter as she read this aloud, from the screen: "We hate to put ashes in anybody's ice cream, but deliver us from the woman who reads the moving picture titles aloud."

THE UNIVERSAL CAR

The Ford Sedan, with electric self-starting and lighting system and demountable rims with 3 1/2-inch tires front and rear, for every day in the year has no equal as a family car. Just as popular on the farm as it is in the city. In fact, it fits the family demands in every vocation of life. Large, roomy seats, finely upholstered, plate glass windows make it an open car in pleasant weather, while in rainy and inclement weather it becomes a closed car, dust-proof and rain-proof. It is not only comfortable, but really cozy, and above all, economical in operation and maintenance, and has all the Ford merits of strength and durability.

Now let us have peace.

President Wilson said, "Let the people decide." They have done so.

Were the American Legion members in favor of the League of nations?

Bill Thompson need not pat himself on the back. Even such a fester in the Republican ranks could not prevent the avalanche of Republican votes in Illinois. The national issue was too great to be turned aside.

Thousands of men and women in Illinois voted for Len Small for governor against their innermost desire in preference to giving J. Hamilton Lewis an opportunity to reside in Springfield. Personally, we know no evil of Mr. Small, but we do know that he has been in bad company and subject to unseemly influence during the past several weeks. Whether the company and influence have made any lasting impression on Mr. Small, none can tell at present. It is now up to the governor-elect to prove his loyalty to the state without Thompson dictation. Mr. Small is a big man, fully capable, and it would please The Republican mightily were he to completely repudiate by actual deeds the thought that he is not bound to the Chicago city hall gang. The Republican wants to give Mr. Small plenty of leeway in which to clear. We expect him to pay his moral obligations and would consider him an ingrate did he forget to do so. He can do this and still prove to the people that he is for the state interests. Despite the trail over which he traveled, we believe that Len Small will be his own man, except for the few moral debts which he must and should pay.

DIXON PLANT CLOSED

Borden Co. Getting Out of Business in Middle West

Indication that the Borden company is at least temporarily quitting the condensing of milk in the middle west was contained in the announcement that Monday, November 1, the Dixon condensary of the company will buy no more milk.

Notice of the cessation of buying was given to hundreds of farmers in the vicinity of Dixon. The Borden company will separate and sell cream for the producers' account until market conditions warrant resumption of condensing operations.

The closing of the Dixon plant which follows the closing of a number of others, some of which have been purchased by the Milk Producers' Co-operative Marketing company, leaves but few Borden condensaries in Illinois. Whether the company will ever resume condensing in the plants or not is a question. The present closing down is declared to be due to a large stock of milk on hand.

The St. Charles and Chemung plants of the Borden company were purchased by the marketing company and plans are being made for the purchase of others in the middle west.

Marine Glue.
Marine glue is prepared by dissolving one part of India rubber in crude benzine and mixing with two parts of shellac by the aid of heat. The waterproof character of this cement in connection with its elastic flexibility makes it a useful substance in many applications to house construction and to furniture. This glue is applied with ease when warm, and cools with promptness. It was originally intended to be used chiefly on board ship and is well known in Europe.

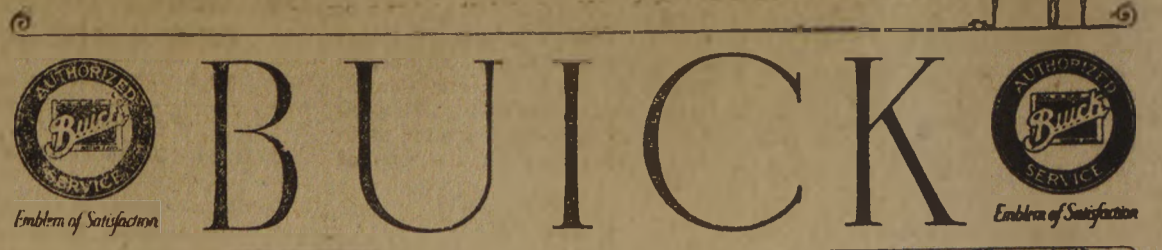

GOOD CLOTHES AT LOWER PRICES

Illinois Central's 1920 Bill For New Equipment Totals \$27,109,768

The railroads of the United States have not been able to move promptly all the traffic offered, and business has suffered. This condition has been caused, very largely, by a lack of locomotives and cars. The railroads are not to blame. For a decade preceding the war an anti-rail road spirit prevented the levying of rates which would guarantee an investment return sufficient to attract capital for financing the purchasing of adequate equipment; and during Federal control equipment purchased fell far short of the average of the preceding years.

Now that the railroads have been returned to the control of their owners and more adequate rates have been awarded, the purchase of equipment has increased greatly. The Illinois Central has placed orders to date for locomotives and cars which will cost \$27,109,768. The purchases include:

A part of this equipment has been received. Further deliveries are under way, and will be kept up for a period of twelve months.

The 150 locomotives cost \$11,809,675. One hundred are for freight service and are 10 per cent larger in tractive power than any now in general use on our lines. Twenty-five are for passenger service and twenty-five are for switch service. Their delivery will begin this month and will be completed early next year.

The 4,150 freight cars cost \$13,473,600. We received 1,500 coal cars. The delivery of the remainder has begun and will extend over a period of twelve months.

The fifty-five cars for passenger service cost \$1,676,493. They will be delivered during the first three months of next year.

The fifty caboose cars cost \$150,000. Nineteen have been delivered—the balance will be ready January 1st.

In addition to this amount expended for new equipment, the Illinois Central System has appropriated \$8,000,000 since the return of its property for enlargement of roadway facilities. Much of this work is under way.

While the growth of the Illinois Central System may not have kept pace with the growth of business in the territory served by it, that it has not stood still is evidenced by the fact that during the past ten years it has expended \$169,279,178 for additions and betterments to its property.

Your attention is invited to these figures as testimony that our first consideration is service to the public.

Constructive criticism and suggestions are invited.

President, Illinois Central Railroad Company.

HER MISTAKE

By IRENE E. HAYES.

(©, 1929, by McClure Newspaper Syndicate.)

Allie and Caroline were quarreling about a man. It was ever thus when there were newcomers—male ones—in Silverwaters. As for the men, well, it depended on whom they saw first. It seemed as though Allie were to be victor this time, since, as she maliciously told Caroline, Mr. Barton was to spend the coming week-end with her folks.

Allie Grant was a statuesque blonde. She gave one the impression of being ever cool and unrumpled. Caroline was of the tawny type—red golden hair, Carmen complexion, temper and all. Betty Murray was their go-between in quarrels, besides an effective foil for their respective charms. From childhood it had been so. Betty's home, appropriately enough, separated those of her two friends, and like theirs, the lawn sloped to the river from which the town derived its name.

"I do wish I weren't so plain!" Betty wanted to compete in this particular affair. She had seen Mr. Keene Barton's picture, and for one solid week had listened to his praise as sung by Allie. Heretofore the victims had never appealed to her as being real, worthwhile men. But now—why, Mr. Barton had just the right kind of wavy black hair, the ideal chin and nose!

Still there were possibilities. It was a dear little heart-shaped, rosy flushed face peeping at her from the mirror. The velvet blue eyes could look almost satiable and the nose was saucily tilted, the mouth delectfully demure.

"There are no homely women in the world, only those who do not know how." That quotation inspired her. "I'm going to the city."

Having no family to say her no, only a grandparent who always said yes—she did go. If I should enumerate the things she bought you might get the impression that she was going to partake in some theatricals.

No sooner had she returned than Allie phoned. For a moment her plans seemed all for naught.

"News, Bets, dear. Dad has sent word that Mr. Barton will arrive to-night instead of tomorrow! His things are here now."

"May I come over and size him up by his trunks?" Betty's voice sounded gay over the wire.

And another inspiration came to her during the examination of the stranger's luggage.

"Oh, Lacey dear, lend me your new bag; mine is too shabby to take with me when I go to cousin Sue's." The bag was brought and Allie thanked.

"And now I'll be going. I hope Mr. Barton will prove the man his trunk indicates." With this enigmatic remark she was gone.

Living alone with only a grandparent has its compensations, especially when one wants to be alone.

"Grampie, dear, let me fix you a nice something and tuck you up for a sleep." "Grampie" fell into the trap neatly.

You'd think she was expecting some intimate caller to see her preen when once alone in her room. She donned the flimsiest of negligees—the kind they wear only in the movies—all ribbons and lace and rosettes. Moreover, she used one of her recent purchases—an eyebrow pencil.

It was perhaps 10 o'clock when the door bell rang. Betty received the unexpected caller, who, when he could, apologized.

"I'm awfully sorry to intrude—but—" It transpired then that Betty had taken his bag by mistake.

"What a lot of trouble I've caused you." She was blushing most charmingly. He was watching a little curl try to kiss a dimple near the moist red lips. Ah! the attempt had been successful. Betty brushed the audacious thing away.

"I'm afraid I'm keeping you from your beauty sleep."

"Oh, beauty sleep! Early morning dips in the river are so much more beneficial. Don't you think so?" The dimples winked.

Keen Barton evidently thought so. At any rate, he was "Johnny-on-the-spot" next morning.

"Yes, I enjoyed my swim." In answer to Allie's query at breakfast later.

"Fibber," he hadn't been in the water any longer than it took to swim to the Murray landing place. Allie became uneasy—he wasn't responding to her smiles.

The reception that evening was a very brilliant occasion. Allie wore an artistic black gown. Caroline—well, Caroline was a Cleopatra for gorgeousness.

"I wonder why Betty came in her grandfather's old harouche when the machine—Oh, look, Lacey, who's that with Mr. Barton?"

Could this pansy-eyed imp be Betty? This pink-clouded butterfly with the tantalizing dimples? Betty herself reassured them.

"Mr. Barton and I have met before." They exchanged smiles.

Wise little Betty to prefer the slow carriage to the more modern car. "The longest way round is ever the shortest way—"

"You see"—Betty finished her confession to Barton while he held the hand adorned by his ring—"I had to take a chance on your coming for the bag yourself."

"Not so much of a chance"—he kissed the flirtatious dimple—"I had seen a group picture of your two friends—and you."

Men Not Practical.

Men are sentimental gossipers. They are not practical enough. Women are. Since the beginning of time it's women that have had to do the practical things—George Bernard Shaw.

High School Notes

Contributed by Ninth Grade

The Junior High School assemblies have been progressing well. The Chairman of last week's assembly was Vila Naker, and the Secretary was Vera Sowers. Piano solos were played by Dorothy Adler and Mario Bright, and the Junior Glee Club sang. Mr. Mackenzie spoke to the assembly. Mr. Hubbard, the county superintendent, was present for part of the program.

The Senior assembly last week was opened by a vocal duet by Evelyn Patterson and Klea Schoonmaker. Franz Grams and Wayne Geithman read papers. Nellie Geithman gave a vocal solo. The assembly ended by singing the Loyalty song.

Mr. Hood has written to the athletic coach at Kingston for a game of basketball. If a change in the weather does not occur very soon, the basket ball teams will practice at the Opera house.

Carroll Swanson is trying out for the first team this year. Although Carroll may not make a first team player, there is no doubt but what he will be made a substitute on the seventh grade team. Keep it up, Carroll, that's fine!

Come on there Sophs! You haven't had a party yet—you're slow!

Genoa has been on slow time all summer but that is no reason the history class should be a thousand years behind. Listen to this: Evelyn said that Charlemagne was a moderate smoker. (He lived in the year 800.)

Erwin said that he wasn't sure whether Attila was a smoker or not.

Why even some of the 7th graders could tell you that tobacco wasn't discovered by white men until late in 1500.

Since Gus has been making such a success in reading Macbeth he has decided to go on the stage. Oh?

Who would have thought that Chas Kellogg was such an enthusiastic Ancient history student?

Well it takes men like Kara to prove it.

Put Ear to Odd Uses.

Burmese men and women delight in ear ornaments. The lobe of the ear is bored with a hole of astonishing size, and in it various articles are worn—pieces of wood, jewels, or rolls of solid gold or silver. When no ornaments are in the ears, the men often put their cigars, or any other small article in frequent use, through them, and the women use the holes for bouquet holders.

How to Judge a Phonograph

Follow This Way of Brunswick Owners

Still the very latest and most advanced in phonographs is The Brunswick. This remarkable instrument has attracted nation-wide attention. Chiefly because of the Brunswick Method of Reproduction. This new development brings finer tone for every record, whatever make. No other instrument has these advanced ideas.

We bring now as a further contribution to the phonographic art our own make of records. We include all the fine standards of today, yet add what we consider a vast improvement. And this we know will be the verdict of the public.

This is the secret—each Brunswick Record is interpreted by a noted director or an accomplished artist technically trained in the art of recording. Thus we unite the talent of the artist with the genius of the composer.

We feel sure that you will recognize the betterment brought out by this idea. We want you to judge Brunswick Records by those same severe tests which people have used in judging Brunswick Phonographs. And that is by comparison.

Remember—Brunswick Records will play on any phonograph with steel or fibre needle.
