BIG WRECK NEAR IRENE

Two Freight Trains on Illinois Central Piled in Ditch

TRAINMEN JUMP FOR THEIR LIVES

Eleven Cars Destroyed in Disastrous Wreck Last Saturday Night.—Three Men Receive Injuries

Three miles west of the town of Irene on Saturday night occurred one of the disastrous freight wrecks of the year. Eleven cars, part of them filled with merchandise, and engine were practically destroyed.

The wreck occurred within forty rods of the place where the freight and passenger trains piled up a year ago last winter. The wreck of Saturday night took place just west of the wagon road which crosses the track near the big curve, and the wreck a year ago was east of the wagon road. Two freight trains running west with only a few minutes between them passed Irene shortly after 11 o'clock. Near the big curve the first train broke in two, and for some reason the accident was not discovered. As soon as the men in the caboose found that their section of the train was detached, and slowing down to a stop, they sent a man back with a red lantern to flag the freight coming behind them. The flagman did not get around the curve before the second train running at a high rate of speed whirled past him. On the curve the engineer could not see the flagman until he was nearly upon him, and then the heavy train behind him pushed forward in spite of the reversed engine and they struck the caboose with terrific force.

Just before the collision the engineer, fireman and head brakeman jumped from their engine and escaped with bruises. The men on the caboose had sought places of safety.

The big engine went through a half dozen cars, tossing them into the air, and the engine and tender rolled over into the ditch. The cars behind pressed on, piling debris high upon the track, and when the wreck caught fire six cars burned with their contents.

The freight destroyed consisted of empty barrels for the Rockford glucose, a car of salt, a car of brick and general merchandise. A car of hard coal was smashed but the coal will be shoveled up and saved.

Section Foreman Reid of Irene and his force were routed out and were the first on the scene. The wreck was burning fiercely and they could do nothing. Two cars which were not smashed at all stood on the tracks with a burning heap of cars before them and three cars piled up behind them. The men saved the merchandise but could do nothing to get the uninjured cars out of the wreck.

In the accident three men were hurt but none seriously. They were the engineer, fireman and head brakeman of the engine which went into the ditch. Several hundred people from Cherry Valley and Rockford viewed the wreck Sunday.

POSTOFFICE ROBBED

Safe Blowers Escape With \$80.00 in Cash

Postmaster Hix Comes to Office at 5:30 O'clock Thursday Morning and Finds Front Door Open

The town of Kingston was in great confusion Thursday morning over the robbery of the postoffice which occurred sometime Wednesday night. The amount of money taken was \$80.

Postmaster Hix came to the office as usual at 5:30 o'clock Thursday morning to make up the early mail, and at sight of the front door was startled, and making his way to the office found the safe in a demolished condition.

Before entering the postoffice, the bandits broke into the blacksmith shop of John Howe and secured the tools with which they gained an entrance to the office and safe. The combination on the safe was chiseled off, and a bar used to force the bolts to release the door.

Eighty dollars was taken from the cash drawer, most of which was silver. In the bottom of the drawer was a tin box under which was concealed \$40 in bills, and this was overlooked by the robbers. No stamps were taken.

Two suspicious characters were seen on the street during the afternoon and evening, but no clew of them can be found.

Deputy Sheriff Smith was on the scene Thursday morning.

Made Young again

"One of Dr. King's New Life Pills each night for two weeks has put me in my 'teens' again" writes D. H. Turner of Dempseytown Pa. They're the best in the world for Liver, Stomach and Bowels. Purely vegetable. Never gripe. Only 25c. at F. T. Robinson's Drug Store.

GREATLY ALARMED

By a Persistent Cough, but Permanently Cured by Chamberlain's Cough Remedy.

Mr. H. P. Burbage, a student at law, in Greenville, S. C., had been troubled for four or five years with a continuous cough which he says "greatly alarmed me, causing me to fear that I was in the first stage of consumption." Mr. Burbage, having seen Chamberlain's Cough Remedy advertised, concluded to try it. Now read what he says of it: "I soon felt a remarkable change and after using two bottles of the twenty-five cent size, was permanently cured." sold by F. T. Robinson.

Still They Come

Although the Spring has been backward, it has put no damper on our trade. Our business this Spring is far ahead of anything we have experienced in former years.

There is a reason for this. The public is beginning to find out more that their money will go farther here than at any other store in this part of the state. The fact is that we can watch Chicago prices on anything in our line, and we do it every day in the year. Then again, we carry such an immense stock to select from that no one needs to go away disappointed.

MRS. I. A. McCOLLOM

Passed Away last Friday Morning after long illness

Roxie A. Taylor was born in Kingston township, July 6, 1848, and passed into endless life April 24, 1903, aged 54 years, 9 months and 18 days.

She was united in marriage to I. A. McCollom on October 28, 1866, to which union were born two daughters, Mrs. Effie Shaffer and Mrs. Hattie Landis.

Converted at the age of eighteen, under the ministry of Rev. R. M. Smith, she lived a trustful Christian life. In 1897, she united with the M. E. church of this place, of which she remained a faithful member until death. Her life was one of exemplary piety, modest, unassuming, trustful, meek, she served her master whose grace was a source of richest comfort to her in her last moments, which to her were not moments of grave apprehension and fear but glorious moments of expectancy and of realization. A few hours before her final summons, she requested that her most loved hymn, "Nearer My God to Thee," be sung, in which she joined heartily in song, and her soul was filled with a joy exultant, which God alone can bring. She was a loving wife, a devoted mother, a respected neighbor—and while the stricken home sheds tears of sorrow, there weeps with them a host of friends who rise to call her blessed.

In 1870, Mr. and Mrs. McCollom removed to Iowa. In 1877, they removed to Sycamore where they resided until 1880. They also lived in Chicago a few years, returning to Kingston in 1885, since which time they have conducted the hotel.

Those who mourn are her father and step-mother, Mr. and Mrs. John Taylor, a sister, Mrs. O. F. Lucas of Belvidere, a brother, Edward of Mayfield, two daughters, Mrs. Effie Shaffer and Mrs. Hattie Landis, two grandchildren, Eva and Marie Landis, an adopted sister, Miss May Taylor, and a host of friends.

Funeral service was conducted at the home Sunday at 2 p. m., Rev. C. S. Clay of the M. E. church officiating. Place of interment in Kingston cemetery.

RELIABLE JEWELRY - HOLIDAY GIFTS
CHICAGO - ST. ELGIN - ILL.

A Common Trading Point

Most every individual has some particular store in the different lines, where the bulk of his trading is done.

WHY? Is it simply a co-incidence, or is it the natural result of Courtesy, Fair Dealing, and Good Judgment in Buying and Selling?

We believe our large and growing patronage is the result of the latter, and judging from the appearance and quality of the new goods arriving daily, we shall be enabled to retain all of the old and add many new customers this season.

DON'T BE FOOLED

Advertisements having appeared in various publications wherein Sears, Roebuck & Co., offer Wheeler & Wilson sewing machines, we wish to warn the public that they are not our authorized agents and that we do not sell our machines to them nor any other catalogue house or department store. Their advertisements are not for the purpose of promoting the sale of our machines. They are using our reputation as makers of the highest grade machines only, in order to get the names of possible buyers and persuade them to purchase one of their cheap STENCILED MACHINES, the manufacturers of which they are, evidently, ashamed to make public. If you want a genuine Wheeler & Wilson machine, do not waste your time writing to anyone who is unable to furnish it. The genuine Wheeler & Wilson machine, made by us and backed by our warranty, is for sale by our authorized dealers only. When you buy a Wheeler & Wilson, you get a machine that is a machine, backed by a reputation of 50 years' unparalleled success.

If the above offer is not accepted by May 10th, it will be withdrawn.

EUREKA PARK ADDITION is located on a beautiful tract of land in the north-east part of Genoa, Illinois, one block north of the Chicago Milwaukee & St. Paul railway, just across the street from the new factory of the Eureka Electric company, one block from the Selz Shoe factory and only two blocks east of the Genoa High School. The Eureka Electric company makes telephones and a complete line of apparatus and equipment for telephone exchanges. They will employ 200 or more people, skilled artisans, refined and educated class that will make desirable, prosperous and permanent citizens.

Eureka Park Addition has been designed and laid out by competent engineers into six blocks with broad streets and avenues with also an alley in the rear of each lot. About the center of the subdivision, ground has been reserved for a park which will be improved and beautified at once and be known as Eureka Park. The streets will be graded, side walks built, water mains extended and ornamental shade trees planted on each lot. No effort or expense will be spared to make this the most desirable residence portion of Genoa.

There are 150 residence lots in Eureka Subdivision besides the ground reserved for Eureka Park. Each lot has 50 feet frontage on street or avenue with perfect drainage and there is not a single undesirable lot in the subdivision.

Fifty of these lots have been sold and reserved for Eureka Electric company employees, many of whom will build homes. Of the remaining 100 lots

See Genoa and Eureka Park. See the new factory building, and where there will be more factories in the near future. Mr. Funk, our resident manager at Genoa, will be glad to see you. There is going to be some big money made in Genoa real estate, and Eureka Park is right in Genoa. The question for you to decide is whether you want to make some of this money, as well as others are doing.

N. B. In our next sale we expect to get 25 to 50 per cent. higher prices.

10 per cent a month

would be unpleasant if you were paying that rate of interest, but would be

Delightfully pleasant

if you were taking that much profit every month.

Genoa property

has advanced ten per cent. monthly since February 1, when it was definitely settled that the Eureka Electric Company and the Advance Telephone and Electric Company would consolidate and remove their plants to Genoa.

If this rate of rise in values continues for a year the results for a year will exceed our prediction that Genoa real estate would double in value within a year.
