## I. W. Douglass

Mr. and Mrs. Will Duval and Mr. and Mrs. Wm. Gnekow, Jr. visited in Elgin Saturday.  
Call Perkins & Rosenfeld into consultation about that plumbing job. All work guaranteed to be right.  
Mrs. Corwin Lawyer of Janesville, Wis., was a week end visitor at the home of her parents, Mr. and Mrs. J. B. Downing.  
The Cozy Lunch Room for short orders or a full meal. You will be pleased in either case. Expert cook in charge.  
Miss Wilson, a trained nurse in Sherman Hospital at Elgin, is visiting at the home of Miss Jennie Pierce.  
Minnie Walters, Roy and Francis Corson are absent from the German Lutheran school because of sickness.  
W. H. Leonard is again owner of the east barber shop, having purchased the place of Tom Lyman.

R. W. Johnson left for Lloyd Iowa, to attend the funeral of his mother who passed away at the age of 92 years and two months.  
E. C. Rosenfeld has purchased the W. H. Jackman house in the Oak Park addition and will move into the place this week.

English services will be conducted at the German Lutheran church next Sunday evening. Everyone is cordially invited to attend.

J. H. Danforth drove his K-r-i-t car to Chicago Monday and came back with a new King, having made a deal in which the old car was taken in exchange.

Mrs. Abbie J. Patterson is in hospital at Elgin for eye treatment, she having been troubled for some weeks. There will be no operation.

G. E. Stott and Ammon Frazier are putting in a cement driveway to their garages on Genoa street. The work is being done by W. S. Weber of Kingston.

The J. C. Green house at the corner of State and First streets has been purchased by Mrs. Caroline Vandress, the consideration being \$1200.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

Richard Hoover, the oldest son of Mr. and Mrs. T. J. Hoover of this city, cut a gasb in the top of his head, Saturday, which required six stitches to close the wound. While reaching for a nickle, that had fallen under a car in the garage, his head came in contact with the spring on the car.

A R. Cohoon still insists that he has owned, lived on and managed his own farm longer, than any other man in Genoa or DeKalb county, having purchased and moved onto the farm in February, 1861. Let us hear from other old-timers if they can show a better record.

Mrs. E. W. Brown entertained seven ladies last Saturday in honor of the Misses Wernham and Otis of Marengo, who will soon become brides. Three other Marengo ladies were present. Mrs. W. W. Cooper of this city who at one time moved in Marengo society, was one of the guests.

Fred Merswick, while driving to Genoa Saturday evening, was struck by an automobile. Luckily for him no serious accident happened. The auto did not have lights nor did the driver stop to see if anyone was hurt.

Dr. Barber, optician and optometrist, will be in Genoa at Dr. Gronlund's office Wednesday, April 21. Dr. Barber has had years of experience and is doing

work for some of the best families in Genoa. All his work is guaranteed and you have no carfare to pay. See him next Wednesday.

**Horse Breaks Leg**  
While driving near Kirkland Saturday night Ernest Mowers met with an accident which cost the life of his horse. In some manner the lines became entangled in one of the wheels, the winding process pulling the horse backward and throwing it. One of the animal's legs was broken and it was found necessary to end its life. Mowers resides in Esmond, but has been in this vicinity for some time.

## Vanishing Cream

Vanishing Cream is fragrant and refreshing—it imparts to the skin a delightful sensation of coolness and velvety smoothness.  
A light touch of Vanishing Cream before applying powder—especially Pond's Face Powder—gives the complexion an exquisite texture and a soft velvety bloom which cannot be obtained with powder alone. It is the ideal finishing touch.  
As a safeguard against the ill effects of sun, wind, and weather, Vanishing Cream is simply wonderful—it preserves the necessary skin pliancy, and in the case of sunburn does much to prevent unsightly peeling.  
We want you to know, not from what we say, but from actual experience, how good POND'S VANISHING CREAM is for your skin. You have read about it, heard about it; now we want you to use it.

## Plowman Seed Corn

Plowman Corn is the highest yielding corn known for DeKalb County, Illinois.  
Plowman corn is a rich yellow corn resulting from crossing Edmond's corn, Golden Early Dent, and Western Plowman corn, about eighteen years ago.  
Plowman corn has been grown for the past eight years in DeKalb County by the Illinois Experiment Station, yielding for a six-year average from 3.7 to 19 bushels per acre above other varieties.  
One bushel more corn per acre at prevailing market price will pay for your seed corn at \$4.00 per bushel. A profit on this seed corn will enable the DeKalb County Soil Improvement Association to buy or build a seed house, saving rent for seed house and office. This seed house will be your property.  
The seed will all be tipped and butted by hand, shelled and graded. You will get fifty-six pounds of shelled corn for a bushel. The seed house is in DeKalb, and you are invited to look this corn over any day you are here.  
Those farmers who have followed our advice on alfalfa, clover, and the treatment of oats for smut have been greatly repaid for the same. The man who will buy enough of this corn for 20 to 40 acres will have his money back two or four times at the end of this corn crop.

**Price \$4.00 Per Bushel**  
Bags 20c Each

## Improved Reid Seed Corn

Hecker's Improved Red Corn is an extremely early variety of corn. There is no better corn for the silo. There is no other variety that can be planted on peat soil, or on sod land that must be planted late on account of worms, which will make as good corn as will this variety.  
Not only is it good in maturing, but it is equal in yield to Reid's Yellow Dent. This corn is not desirable for the market, as it usually sells below mixed corn. Some dislike it in husking. John Francisco, B. W. Lyons, and Arthur Dodge all used this corn in the season of 1914 and found it extremely good.  
For the above purpose it deserves a place in DeKalb County Agriculture.

## Leaves Jail

After having spent twenty days in the county jail Mrs. Clara Christianson of DeKalb paid up the balance of her fine and was released from custody Monday morning.

Mrs. Christianson was convicted some time ago for selling liquor illegally and was given a heavy fine. She has been in jail for nearly a month working out her fine, but today she paid up the balance of the fine amounting to \$426.50 and made her departure.

## Ford Car Wrecked

Charles Stanley, son of N. Stanley, who resides north of this city, narrowly escaped being in a serious accident Friday morning when the Ford car which he drives to school turned over in the ditch near the Hickory Grove school. Charles turned into the ditch to avoid hitting some chickens that were in the road and on ascending the embankment the front wheel on his car collapsed. The auto turned over and the occupants of the car were thrown beneath. Miss Zelma Storm received bruises about the head and a wrenched shoulder. Charles is suffering from a strained shoulder. The other passengers in the car escaped injury.

## Government Offers Public Land

The United States Reclamation Service announces the opening and availability the latter part of April of a large number of desirable homesteads in the well known Shoshone irrigation project near Yellowstone National Park, Wyoming. This opening will mark the fifth unit to be offered the public in this district and will afford an excellent opportunity for the serious homemaker to secure a desirable 40 or 80-acre tract under the homestead law in a district of proven agricultural worth.

## The Butter Market

What is the price of butter? At the close of the Elgin board of trade session Saturday, President Charles H. Potter refused to guess, and simply pointed to the sale board where there was a motley array of figures showing sales at 29½ cents per pound, 30½ cents per lb and 31½ cents per pound.

Mathematicians figured out the following scales:

75 tubs at 30½ cents per lb.  
100 tubs at 29½ cents per lb.  
170 tubs at 31½ cents per lb.

## Sugar

Sugar was not known as an article of commerce among the Greeks, and it is not mentioned in the Bible, showing that it was not known to the Hebrews. The sugar cane is believed to have grown wild in India, and while no reference to sugar can be found to 300 A. D., there is no doubt that the juice of the cane was in use long before that period. The art of evaporation of the juice to a solid substance is an Indian invention of about the seventh century and was spread all over the then known world. The Arabs and Egyptians prepared candy at an early date by recrystallizing the sugar obtained from the pressed cane.

## His Old Love

Grandfather—What! You fallen in love with Signora Fontalba, the actress at the Pantheon theater? Grandson (excitedly)—Yes, grandpa, and if you have anything to say against the young lady you had better wait till I am out of the room. Grandfather—I say a word against her? Why, my dear boy, I was over head and ears in love with her myself when I was your age!—London Tit-Bits.

## The Point of View

The Squire (sympathetically)—I'm very sorry to hear that your husband is at the point of death, Mrs. Hodge, but you must try to be cheerful, as you know it will be all for the best.

Mrs. Hodge—Ah, yes, indeed, sir. It'll be a blessing when 'e's gone. I'll be able to live in comfort then, as I 'ave 'im in four different benefit clubs.—London Tatler.

## In a Trice

Many persons use the term "in a trice" without at all knowing how it arose, their only conception being that it is synonymous with "doing a thing with celerity." Now, "a trice is the sixtieth part of a second of time." The hour is divided into sixty minutes, the minute into sixty seconds and the second into sixty trices, or thirds, from the Spanish tris.

## Man at His Weakest

Experiments with the dynamometer show that a man is his weakest when he turns out of bed. Our muscular force is greatly increased by breakfast, but it attains to its highest point after the midday meal. It then sinks for a few hours, rises again toward evening, but steadily declines from night to morning.

## Refrain From Scolding

Scolding is not necessary in order to emphasize a rebuke, and sometimes the reproach that is tactful and kind, makes the most impression of all.—Exchange.

## Cleaning Oil Paintings

Oil paintings can be best cleaned at home by rubbing a half of a raw potato quickly over the surface and then polishing with a silk handkerchief.
