## GEO. BENNETT KILLED

### LIFE CRUSHED OUT UNDER WRECKED AUTO

Accident Happens at Harmony—Robert Willard Seriously Injured in Wreck—Bennett Well Known

George Bennett, superintendent of rural mail delivery routes in northern Illinois, was killed and his cousin, Robert Willard, a wealthy manufacturer of Marengo, was probably fatally injured in an automobile accident at Harmony, at noon Friday last.

The men were on their way from Marengo, where both live, to Huntley, a town about twelve miles distant. Mr. Bennett had been accustomed to use an automobile to cover distances rapidly and attend to matters connected with the rural routes. Near the town of Harmony is a small wooden bridge twelve feet above a dry run used for the passage of cattle.

It was while the machine was running at a terrific rate and approaching this bridge that a farmer's horses became frightened. Both men glanced back at the farmer when the front wheels of the automobile struck the first plank in the bridge. Eye witnesses declare that the steering gear was wrested from Bennett's hand and that the machine made a sudden lurch to one side. So great was the momentum that the car swept the railing from the bridge without lessening its speed and plunged into the air. Making half a revolution forward, it fell bottom side up with both men underneath. Apparently the occupants of the car had no time to jump.

One witness said Mr. Bennett apparently paid more attention to the team in the road than he did to his machine. He touched a lever with the intention of stopping the automobile, but in his confusion caught the wrong one and turned the machine sharply to one side.

When rescuers arrived it was found that Bennett had been crushed beneath the heavy machine. He died in a short time. His head was crushed, his limbs were broken and his entire body was a mass of bruises.

Willard had crouched apparently in his seat and had fallen sideways when the inverted vehicle struck the ground beneath. One hip and shoulder were fractured and he suffered internal injuries. Concussion of the brain is feared.

Mr. Bennett was for many years supreme secretary of the Patrons of Industry. He entered the United States mail service several years ago and at the time of his death was rural route inspector of northern Illinois.

Willard is one of the proprietors of the Marengo Foundry company.

## REBEKAH BANQUET

Staff from Sycamore Assist in Initiating New Member

The hall of the local Rebekah lodge was the scene of much activity last Friday evening when a new member, Mrs. Clark Strong, was initiated. All the work was done by the staff from Sycamore, about twenty ladies from that city being present. After the work of the evening had been finished supper was served. The Genoa lodge is in a flourishing condition.

## Butter

Butter was firm at 21½ cents on the Elgin board of trade, an advance of ½ cent on last week's price. There were no sales.

## GETS A NEW BLOW

Oleo Industry Ruined if Palm Oil Decision Stands

Another blow against oleomargarine manufacturers was delivered Monday by Justice Brewer of the United States supreme court in his decision that palm oil constitutes artificial coloring matter, and that the product thus colored is subject to a tax of 10 cents a pound.

"With palm oil barred there will be no possibility of putting anything but the natural or white oleomargarine on the market unless it pays the extra 10 cents a pound," declared John Dadie, secretary of the William J. Moxley company. "To sell the stuff with that added tax would be unprofitable, and to sell it in its natural state would be almost impossible. Other cases pending bring up the matter in a different manner. If we are not successful in the new contention that palm oil is 'natural,' I believe the business practically ruined."

"I expect to see the dairy business increase 100 per cent as a result of this ruling," said Herbert Emerson of Emerson & Marlow, butter commission merchants. "The farmer will know cheap imitations of butter cannot flood the market at prices which he cannot meet."

## Will Arrest Spitters

As a result of the posting of the antisputting ordinance thruout the business section of Rockford by Electrician Johnson of the city forces, Mayor Jackson announced that spitters will be fined in Rockford in the future.

The city officials will allow a few days to pass before arrests will be made but within about two weeks if any person is seen to spit on a sidewalk, stairway, street car floor, or in a public building, there will be arrest and prosecution.

"We will have clean sidewalks," said the mayor, "and that is why the ordinance is to be enforced."

Such an ordinance would make some difference in the appearance of Genoa sidewalks, especially in some places on Main street. It is a mystery why a man will deliberately spit on a walk when he could just as easily turn his head and shoot toward the street.

## Mothers' Meeting

The next regular Mothers' meeting will be held in the first primary room, Friday, November 4, at 3 p. m. The following prepared papers will be read and discussed:

The Object of Mothers' Meetings..... Mrs. Moan  
The Mistakes of Mothers..... Mrs. Sykes  
Temperance Work with the Little Children..... Mrs. L. Holroyd  
Love for Our Children..... Mrs. Chas. Brown

There will be a question box in which mothers may place written questions and topics which they wish discussed at future meetings. These meetings which will be held every two weeks are not confined to mothers of pupils in the first primary. All mothers are most cordially invited.

## Bazaar Cleared \$122

The ladies of the M. E. church at Charter Grove are elated over the success of their bazaar and dinner which took place last Thursday. The sum of \$122 was cleared. The Charter Grove ladies entertained their guests in a most substantial manner, by giving them all they could eat and the quality of the food that loaded the tables was not second-grade by any means. The Genoa people who attended the affair were more than pleased. The articles on sale were about all disposed of.

## A COMPLETE SURPRISE

Mr. and Mrs. Will Moore Will Soon Leave for California

Last Tuesday evening about forty-five friends and neighbors gathered at the home of Mr. and Mrs. Will Moore. There could be no doubt about the surprise being complete, for the guests caught Mr. Moore in the act of bathing his pedal extremities, preparing to retire. Mr. and Mrs. Moore were equal to the occasion, however, and soon recovered from the shock, entertaining their guests in a most jolly manner. The evening was spent at games and at a late hour a bounteous supper was served.

Mr. and Mrs. Moore will soon move to California, a fact that is generally regretted in the neighborhood where they have resided many years. They have the best wishes of all for success in their new home.

## DENEEN AT DEKALB

Makes Many New Friends as Result of His Speech

Those who had any doubts as to C. S. Deneen's sincerity and ability had those doubts removed if they heard the speech at DeKalb Saturday. Mr. Deneen does not make a flowery speech, nor can he be classed with the orators of the country, but he speaks with such conviction that his words sink in and make a lasting impression.

He handles the political questions in such a manner that leaves no room for argument or doubt. His speech was devoid of all mud slinging, in fact he had nothing but words of praise for his opponent, Mr. Stringer, as a man and citizen. Most of his time was taken up in defending the administration in its Philippine policy as that is the only question that is now being argued by the Democratic candidate. Mr. Deneen is thoroughly familiar with the situation in the Philippines and all that pertains thereto and his version of the question was a revelation to nearly every man in his audience.

The attendance was small, but what it lacked in size was made up in enthusiasm.

## Subscription Statements

On or about November 1 the Republican-Journal will send out statements to all who are in arrears. These statements will hereafter be mailed every year. Publishing a newspaper is purely a business proposition and there is no reason why it should not be conducted as such. A dollar or two may not seem much to each subscriber, but the aggregate means several hundred dollars to the publisher. We trust that no one will be offended with the statements as all who are in arrears will receive one. Some will be presented personally, where the party can be easily reached. We would be pleased to have all call and "square up" with the printer before the first, thus saving us the time and expense of mailing.

## MRS. BENNING DEAD

Funeral Held Today at Home of Albert Cudden

Mrs. Benning, mother of Mrs. Emil Johnson of this city and Mrs. Albert Cudden, died Tuesday night at the latter's home south of town. The funeral will be held this (Friday) forenoon at the Cudden home, Rev. T. E. Ream officiating. Interment takes place at Esmond. Obituary will be published next week.

## NEW EUREKA OFFICERS

### J. B. STEPHENS OF SYCAMORE ELECTED PRESIDENT

V. H. Messenger Is Secretary and Treasurer—No Vice President Elected—Business Prospects Good

The annual meeting of the board of directors of the Eureka Electric Company was held at the offices in this city last Monday and officers elected for the coming year.

J. B. Stephens of Sycamore was elected president and V. H. Messenger as secretary and treasurer. The election of Mr. Stephens was not a surprise to many as it had been predicted by those who were in a position to make a forecast that he would be the next president of the company. The office of vice president was done away with.

According to reports from headquarters the prospects for the Eureka company look encouraging. The factory is now running ten hours a day owing to increased orders. There will undoubtedly be a decided increase in the volume of business after election when the country has again settled down to the steady grind of prosperity.

## FOR THE HOMELESS

Noble Work of the American Home-Finding Association of Chicago

Dr. George K. Hoover, superintendent of the American Home-Finding Association of Chicago, was here this week in the interest of that institution. It is a noble cause in which Mr. Hoover, formerly of Genoa, has enlisted and we take pleasure in submitting to our readers a statement of the work done by the association. As the name indicates, it is an organization for securing homeless and training for all the homeless classes.

1. It provides good family homes for abused and neglected children, with continuous oversight and care.

2. It places mother and child in the same home, thus keeping them together.

3. It furnishes employment and home influence for big boys and girls, and for graduates from industrial schools.

4. It helps paroled and ex-prisoners to home-life with employment.

The association since its organization, September 3, 1897, has placed 1,370 such persons and has helped many more specially needy cases in various ways.

The method of caring for the homeless commends itself as the most natural, helpful, practical and economical. Then, too, it not only relieves the sad condition of these helpless cases, but contributes largely to the betterment of society in the prevention of misery and crime.

Whoever will open his home, or find a home, for one of these, or report the case of a child or other person needing the care of the association, can do so by writing to the American Home-Finding Association, 167 Dearborn street, suite 712, Chicago, Ill.

## No Assessment

The Woodmen are jubilant over the fact that there will be no assessment for November. This makes four months without an assessment this year. A wonderful record for an order with so large a membership.

## FREDERICK SCHNUR DEAD

Passed Away at His Home Near Genoa Sunday Afternoon

Frederick Schnur was born January 12, 1854, at Strahlenburg Mecklenburg, Germany, and died at his home near Genoa last Sunday afternoon at 5 o'clock, being 50 years, 9 months and 10 days of age at the time of his death.

The departed was married to Miss Anna Bottcher on October 26, 1877, which was 27 years ago on the day of his funeral. In the year 1879 the family emigrated to this country and located near Hampshire, Ill. Some years later they moved to New Lebanon and thirteen years ago they moved onto the place where the balance of his days were spent. His last illness was lung trouble, brought on by an attack of pneumonia last March. He suffered intensely at times, but he bore it with patience and Christian fortitude. Mr. Schnur was brought up in the Lutheran faith and was a faithful member of that church for many years.

He leaves his bereft widow, three daughters, Mrs. Fred Schnur of this place, Mrs. John Reborn of Hampshire and Miss Lena, who resides at home, and John Schnur, who also lives at home; also one brother, John Schnur of Genoa and a sister, Mrs. Martin Olson of Hampshire, who deeply mourn his departure.

The funeral took place on Wednesday at 10:30 a. m. from the home, thence to the M. E. church, Rev. J. H. Johnson of the United Evangelical church of Hampshire had charge of the services and assisted by Rev. T. E. Ream. Burial by the Woodmen order.

## CARD OF THANKS

We, the bereaved family of the late Frederick Schnur, desire and do herewith express our hearty thanks to our many friends for the much kindness shown us during the last and protracted illness of our beloved husband and father.

Mrs. Frederick Schnur and Children.

## Death Takes Prominent Farmer

August Kouyardt of Riley died Saturday, October 15, 1904, at his home in Riley, of cancer of the stomach. His age was about 55 years. He leaves a widow and seven children.

The funeral services were held Monday afternoon from the Zion Lutheran church. Rev. Paul Doederlein officiated and delivered a comforting sermon to the afflicted and sorrowing family. Burial was made in the Marengo cemetery. The casket bearers were Wm. Gehrke, Ferdinand Trebes, Fred Eickstadt, Albert Kunda, Wm. Eickstadt and Christ Fritz.

Mr. Kouyardt was well known in the community, and the funeral was very largely attended, there being over fifty carriages containing friends in the procession from his late home to the church—the large number of friends present attesting the esteem in which he was held. The family has the sympathy of all in their great loss and sorrow.—Marengo Republican.

## Circuit Court

The October term of circuit court commenced Monday afternoon at Sycamore, and adjourned later to Wednesday morning, Judge Bishop presiding. The docket for this term is somewhat larger than usual, says the Tribune, containing nine criminal, seventy-six common law and eighty-two chancery cases. A large percentage of the latter are divorce cases.

Frank Loos Shoots and Kills His Wife Near Elgin and Attempts Suicide—Big Shipment of Honey

Andy Bowen broke both bones in his arm in a foot ball game at Belvidere Sunday.

C. L. Lundgren, the star twirler for the Colts, will live on his father's farm for the winter.

The pickle works established in Sycamore this year by Messrs. Graham, Branan and Townsend has in brine the large amount of 15,000 bushels of excellent pickles.

W. L. Stephens of Malta died at his home Friday, October 21, at 6 o'clock p. m., after an illness covering a period of nearly a year.

F. E. and C. B. Gustafson have completed the new six inch tubular well at the Hampshire Canning factory at a depth of 269 feet. 75 feet of which was drilled through rock.

Wm. H. Lee of Shobonier, Ill., is the sole pensioner of the Black Hawk war, and so far as known the only survivor of that struggle between the white settlers and the Sac and Fox Indians. He was born 89 years ago.

Mrs. Henry Riley of Marengo is in St. Joseph hospital at Belvidere as a result of being dumped into a ditch by a fractious horse which had been frightened by an automobile. Her injuries are not fatal.

On the way to a road house east of Elgin Saturday night Frank Loos, a teamster of 568 Orange street, shot and killed his wife, Frances Loos, daughter of Andrew Fehd and Mary Tansy Fehd, and then sent a bullet into his own brain. Loos' chances of recovery are not favorable.

The Hinckley ball team has played forty games this season and won at least thirty-three. Many of the games have been hard contests, and excellent specimens of ball have been exhibited, with the Hinckley boys generally coming out on the top of the heap.

Belvidere Northwestern: Mrs. Charles Myers and her four young children are in the depths of a great sorrow at their home at 319 East Hurlbut avenue through the desertion of the husband and father who mysteriously disappeared about two weeks ago and of whom no trace can be found.

Marengo Republican: Dr. C. C. Miller made his annual shipment of honey to Pittsburg Tuesday. The honey was very neatly and carefully packed in a special car and weighed 8,000 lbs. net. The product of Dr. Miller's apiary (about 200 colonies) is world renowned, and finds a ready market at top-notch prices.

AND Parker thinks the army and navy are too expensive. But nothing can frighten those national defenders.

It is freely predicted by those who ought to know that Ulster county, New York, Judge Parker's home county, will give Roosevelt a good majority.

THERE will be a ballot-box famine in the middle west unless the election officials provide a good stock of new ones to hold the first voters' ballots for Roosevelt.

PARKER declares that the American nation is extravagant in its expenditures. But the people know what they want, and they mean to have it. They are working hard to earn more money; that's the way they meet necessary bills.

If there is a citizen of the United States anywhere who has too much business and too much employment and longs for the stagnation that prevailed from 1893 to 1896, he can contribute to that end by voting the Democratic ticket this year.

GROVER Cleveland originated the phrase: "It is the condition that confronts us, not the theory." Applying it to the present situation it may be remarked that the condition is Republican prosperity and the theory consists of Democratic promises.

If the American people really want a change from the present conditions to those which prevailed before McKinley's election in 1896, they know how to get it. Every vote for the Democratic party is a vote for such a change.

A VOTE for Judge Parker in the coming election will be a vote of censure on Theodore Roosevelt. It is inconceivable how any patriotic, fair-minded American can take that position toward a man of President Roosevelt's character and record.

"THE Republican party has not been the nerveless party of the expediency. It has stood for the right and challenged all comers. It has met emergency which has arisen upon the high level of duty and honor. Above mere party triumph, it has put the welfare of the people."—Senator Fairbanks at Saratoga.

Boss Patrick H. McCarren has indirectly conceded that Roosevelt will carry New York by 50,000 to 60,000. In discussing what should be the proper betting odds between Higgins and Herrick, candidates for governor of New York, he said it was an even thing, and immediately thereafter in answer to another question claimed that Higgins would run 50,000 to 60,000 behind Roosevelt. Putting two and two together would indicate that there is no doubt in the boss' mind how New York will go in the national election.

In 1860, when the Republican party first came into power, this was almost exclusively an agricultural country and the policy of the Democratic party was to keep it so. That party said the United States is destined to be the granary of the world, but a manufacturing country, never. The Republican policy was to make it a greater manufacturing as well as an agricultural country, and it has done so. In the year 1900 the United States produced one-third of all the manufactured products of the world and shipped them broadcast to the foreign markets. This never could have been done under the Democratic policy of free trade.

**MILITARY CINCH PARTY**

In Honor of Bride and Groom at Home of Miss Mae Burroughs

In response to about thirty invitations, a very pretty and unique party was given at the home of Miss Mae Burroughs on Genoa street Wednesday evening.

It was all in honor of Mr. and Mrs. Baldwin of Pennington, New Jersey, who are spending a part of their honeymoon here.

The house was profusely but tastily decorated with flags and bunting, about 700 flags being used in creating the unique effect. The guests were soon seated at small tables where the evening was spent at military cinch. Refreshments of ice cream, cake and candies were served.

Miss Burroughs proved to be an able entertainer and deserving of congratulations on the success of her decidedly original ideas as a hostess. The out-of-town guests, besides the bride and groom, were Mrs. Brown of Elgin and Miss Corkings of DeKalb.

**STARKS IN JAIL**

Formerly Justice of the Peace at Hampshire in Trouble

W. H. Starks, a barber of Rockford, is under arrest at Geneva, the county seat of Kane county, because of his failure to appear in court to show why he should not be removed as guardian of his son, Arthur, who recently obtained \$3,000 from the Chicago Junction railway company on account of a loss of a limb. He was served with a bench warrant issued by Judge Williams.

Starks was formerly a justice of the peace at Hampshire and it was his divorced wife, Mrs. Van Fleet, who was murdered at North Aurora.

The Ladies Aid Society of the M. E. church will meet at the home of Mrs. D. S. Brown on Friday afternoon, Oct. 28. A cordial invitation is extended to all ladies.

Choir rehearsal will be held at the M. E. church Saturday evening at 7:45. All members are expected to be present.

Evangelist Wilson of Ohio will be in Genoa next Tuesday evening to assist Rev. Ream in special meetings. A report has reached here of his great success in his work in Ohio. The public is most cordially invited to take part in these special services.

**Seed Corn from South**

Several farmers near Belvidere are up against it this fall as a result of buying poor seed corn. The seed was good enough and was called early corn. But the merchant did not tell his customers that the seed came from the south and would be "early" for that climate only. One of the farmers who was unfortunate enough to get some of the southern seed said: "It might be fine early corn down in Louisiana, but for Northern Illinois it's about a couple of months behind time."

**BILIOUSNESS AND CONSTIPATION CURED BY THEDFORD'S BLACK-DRAUGHT**

Because the liver is neglected people suffer with constipation, biliousness, headaches and fevers. Colds attack the lungs and contagious diseases take hold of the system. It is safe to say that if the liver were always kept in proper working order, illness would be almost unknown.

Theodor's Black-Draught is so successful in curing such sickness because it is without a rival as a liver regulator. This great family medicine is not a strong and drastic drug, but a mild and healthful laxative that cures constipation and may be taken by a mere child without possible harm.

The healthful action on the liver cures biliousness. It has an invigorating effect on the kidneys. Because the liver and kidneys do not work regularly, the poisonous acids along with the waste from the bowels get back into the blood and virulent contagion results.

Timely treatment with Theodor's Black-Draught removes the dangers which lurk in constipation, liver and kidney troubles, and will positively forestall the inroads of Bright's disease, for which disease in advanced stages there is no cure. Ask your dealer for a 25c. package of Theodor's Black-Draught.

**GARDEN PRAIRIE FIRE**

Oldest Butter Factory in These Parts Burned to Ground

A disastrous fire which wiped out one of the oldest butter factories in this part of the state and for a time threatened to burn the village broke out at Garden Prairie Tuesday evening at 5 o'clock. It is estimated that the loss to the American Milk Products company who own the plant will be close to \$10,000 as it was thoroughly equipped with the best machinery and had a capacity of handling about ten tons of milk a day.

The burned building was a frame structure and was first built for the purpose in 1868 by Porter Bros. Since then it has been enlarged from time to time and its capacity increased according to need. There will be some hardships come to the dairymen of the country surrounding, because of the destruction of this industry which consumed their milk, but the other creamery now in operation in the village will probably take much of it. The property was insured for \$15,000.

**COMMON SENSE STOCK POWDER**

Concentrated

We Tell You What It Is Made of:

R

- Dried and powdered Glauber, pure
- Powdered Willow Charcoal
- Powdered Gentian Root
- Ground Flaxseed (not oil cake)

Combined in the proportions that will attain the best results. Properties: The salts act on the bowels and kidneys and keep them in a healthy condition, they are also cooling and keep the blood pure.

The charcoal is an absorbent for gases, prevents colic, keeps the stomach sweet and the digestive organs in good condition.

Gentian is a general tonic, creates an appetite and aids digestion.

Flaxseed is fattening and the oil it contains is laxative. The combination is all that is required, you can get no better for a general purpose stock powder.

Use Common Sense Stock Powder and you get better results from your stock. Your horses will stand fatigue because the system is in the best of shape to meet the demands. Your cows will give more and richer milk.

Your cattle, hogs and sheep will thrive and take on fat more quickly because the entire system is kept in first-class condition and the elements of food are diverted to their proper channels.

**LET US TELL YOU SOMETHING!**

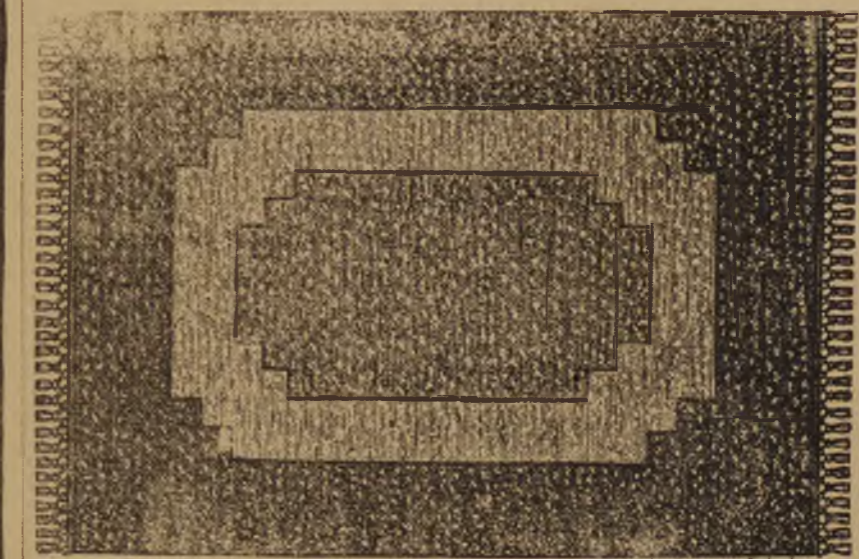

If you prefer a stock food to a stock powder, mix 100 pounds of Common Sense Stock Powder with 300 pounds of bran or ground oil cake, and you will have the best and cheapest stock food on the market. The 400 pounds will cost you about \$11.50, about one-half the price of any stock food you can buy, and there is nothing better. We sell Common Sense Stock Powder in bulk at the following prices:

3 lbs. 25 cents 10 lbs. 80 cents 50 lbs. \$3.85 100 lbs. \$7.50

### Chamberlin's Cough Remedy

No one else who is acquainted with its good qualities can be surprised at the great popularity of Chamberlin's Cough Remedy. It not only cures colds and grip effectually and permanently, but prevents these diseases from resulting in pneumonia. It is also a certain cure for croup. Whooping cough is not dangerous when this remedy is given. It contains no opium or other harmful substance and may be given as confidentially to a baby as to an adult. It is also pleasant to take. When all these facts are taken in consideration it is not surprising that people in foreign lands, as well as at home, esteem this remedy very highly and very few are willing to take any other after having once used it. For sale by G. H. Hunt.

### Illinois Farmers' Institute

The annual state farmers' institute will be held at Joliet February 21, 22, 23, 1905. B. F. Wyman of Sycamore is president, and reports that the following counties are represented in the institute: Boone, DeKalb, Grundy, Kendall, LaSalle and Winnebago. One of the new features is the offering of a free scholarship in the College of Agriculture of the University of Illinois to each county.

### The African Machilla.

In a recently published book on central Africa H. L. Duff says: "The principal means of conveyance all over the Nyasaland and the Shire districts is the machilla, or hammock, a simple contrivance of canvas and bamboo carried on the shoulders of natives. An average machilla team for a fairly long journey may consist of from fifteen to twenty men, and if these are up to their work and have good roads before them they will travel at a very creditable rate indeed and will cover thirty or forty miles without difficulty between dawn and dusk. As a rule the machilla is carried by only two men at a time, one at each end of the pole, the remainder trotting behind and relieving the carriers at intervals of ten minutes or so. The whole team as it speeds keeps up a constant chorus, varying from mere individual yells to actual songs of regular beat and rhythm."

**Cause of Lockjaw**

Lockjaw, or tetanus, is caused by a bacillus or germ which exists plentifully in street dirt. It is inactive so long as exposed to the air, but when carried beneath the skin, as the wounds caused by percussion caps or by rusty nails, and when the air is excluded the germ is roused to activity and produces the most virulent poison known. These germs may be destroyed and avoided by applying Chamberlain's Pain Balm freely as soon as the injury is received. Pain Balm is an antiseptic and causes cuts, bruises and like injuries to heal without maturation and in one third the time required by the usual treatment. It is for sale by G. H. Hunt.

"See that man?"  
"The one with such a vigorous and healthy look?"  
"Yes. You wouldn't think he had one foot in the grave, would you?"  
"No, indeed. He looks the picture of health."  
"Well, he is."  
"What made you say he had one foot in the grave, then?"  
"Because he has. He lost his foot in a railway accident, and it was buried. You'd never think he could walk so naturally with a cork foot."  
"But the man had gone, and he was left to talk to vacancy."

**GOOD CLOTHING**

Copyright 1904 by Hart Schaffner & Marx

**I**N THESE TIMES of keen competition, when dealers are trying to undersell one another, there is one thing that has to suffer--that one is quality. We look after the quality first and fix the price afterward. Which is cheapest--to pay from \$5.00 to \$10 for a Suit of Clothes and have it lose its shape after you have worn it once and break down completely after a few times wear, or pay from \$15 to \$20 for a Suit that will wear from one to two seasons or more and hold its shape as long as you wear it? We know what your answer will be. When it comes to cheap Suits, we have them as well as other dealers, but we also have better Suits than most dealers dare to buy. These are the ones we want to get you interested in. Good goods make friends, poor goods don't. You will number us among your best friends after you have bought some of our good Clothes.

Our many years of experience in the Clothing business enables us to judge on qualities and the large amount of merchandise bought and sold by us every year is the reason why we can sell you a better grade of goods for the same price that smaller dealers charge you for inferior goods.

It will pay you to come and take a look at our immense stock of Suits, Overcoats, Fur Coats, Boots and Shoes, Rubber Goods, Underwear, Hats and Caps, etc.

## SLATER & DOUGLASS

# Furnace Talk

We feel justified in talking about Furnaces, because we know all about them. We have made many sales this fall and would have made more had some people realized that they could save money by leaving their order here instead of giving the contract to outsiders. We can put in a better furnace than our foreign competitors and make the price

\$25 to \$50 Less

This is not idle talk, but a fact that can be proven in several instances. Let us figure with you. It will be to your advantage.

### Acorn Stoves

The most reliable stoves on the market. We have them all sizes and prices to suit, in base-burner, ranges, etc.

A party was given at the home of Mr. and Mrs. Clare Morris last Friday in honor of Mr. and Mrs. Henry Witt, who have been spending the past two months with relatives in this vicinity.

Despite the threatening weather about eighty of their old friends and neighbors gathered at their old home and passed the day with them. A fine dinner was served such as only farmers wives can prepare and the hours passed all too quickly for the merry makers who were reluctant to bid Mr. and Mrs. Witt good-bye. Mr. and Mrs. Witt will carry with them to their Oklahoma home the fond remembrance of the few happy hours passed with their friends at the old home.

## ILLINOIS CANDIDATES

Names of Men on State Ticket—Seven Parties Represented

The ballot this fall will be a bulky one, as the voters of Illinois will have seven electoral and state tickets from which to make their choice of a candidate next month at the general election.

The parties which have full electoral and state tickets in the field are the republicans, democrats, people's, prohibition, socialist, labor and continental parties. The people's and continental parties have no legislative tickets in many districts.

The following are the names which will go on the official ballots for state officers.

Republican—Governor, Charles S. Deneen; lieutenant governor, Lawrence Y. Sherman; secretary of state, James A. Rose; auditor, James S. McCullough; treasurer, Len Small; attorney general, William H. Stead; university trustees, Charles Davison, William L. Abbott, Mary E. Busey.

## LUCKY FARMER BOY

Invents a Device That Will Make Him a Fortune

Beloit News: Hollis Burchfield, son of Mr. and Mrs. Hiram Burchfield, well known in Beloit and living a short distance south of town on the electric line, claims to have been offered \$50,000 for an invention that he has recently had patented. He is still in doubt whether to accept the offer of the New York firm, which he says wants to give him that amount for all rights, or to manufacture the article himself.

The device which he has invented and patented is a simple but useful one. It consists of a kind of tin case to hold an ordinary lantern so that there would be no danger in having a light in a barn. It is also used to carry in a buggy in cold weather, and is said to keep a vehicle as warm as a house heated with a coal stove.

## A Base Ball League

How would the fans like a baseball league made up of Belvidere, Rockford, Freeport, Janesville, Beloit and Madison? The Interurban League, for instance. That's the latest, and while old Boreas whizzes the snow flakes over the diamond and the hot-footers are rooting and playing the game about the red hot stoves the suggestion made this fall may materialize into a base ball league.

which will interest everybody in this section of Illinois and southern Wisconsin. The plan commends itself at once. All these cities save Madison are now connected by electric lines, making transportation quick, easy and cheap. Madison will also be connected up next year. Then with the probability of Sycamore, Kirkland and DeKalb getting hitched on, and even Marengo and Elgin, the scheme begins to take roscate hues. The officials of the Beloit, Janesville and Rockford road are ready to back a project like this. They would like to see such a league formed and it is probable that the men behind the other roads would be equally willing to help. With Rockford thrown out of the Three-Eye League it is probable that that city would be more than willing to get into such a combination.—Belvidere Republican.

## No Sunday Funerals

Funeral directors and livery drivers of Elgin have decided to take no part in Sunday funerals, and to do their best to see that none should take place on that day in the future.

Livery stable men say that they can make considerably more money by common hack business on Sundays.

It is understood that the clergymen of the town are in sympathy with the movement, feeling that the several church services on the Sabbath are labor enough. This

matter has been much agitated but Elgin takes the initiative in definite action.
