## EXCHANGE GLEANINGS

### ITEMS OF GENERAL INTEREST TO GENOA AND VICINITY

**Deer Running at Large in Ogle County Cause Damage on Farms—Farm Land Sells at \$225 per Acre**

Governor-elect Higgins of New York has certified that his election expenses amounted to \$22,189.53.

John Partridge, a farmer living near Beloit, Wis., was gored by an angry cow Saturday and died from his injuries.

The Illinois supreme court recently handed down a decision that a man could not recover money lost in gambling.

Frank Hamer, a boy of Pecatonica, was adjudged insane by a jury last week and sent to Elgin. He was a cigarette fiend.

Sycamore will probably have two more new business blocks in the near future, to be constructed of cement blocks, the new building material.

A. Appel & Co., one of the best known business firms of Rockford, failed last week with liabilities of about \$100,000. The stock is the only assets.

Socialists, by polling ten per cent of the total vote in Chicago and Cook county, raise to party dignity and hereafter, under the law, must hold primary elections.

Agent Leman of Harvard university positively asserts that President Roosevelt has agreed to become president of Harvard at the expiration of his term in 1909.

The new State institution—the home for delinquent boys at St. Charles, is nearly ready for occupancy and will open about the first of December with accommodation for a hundred.

The highest price paid for farm land in Livingston county was recorded Thursday in the transfer of the Sheldon farm of 180 acres near Campus, to Col. H. Carmon for \$40,000, or over \$220 per acre.

There isn't a saloon, a railroad or a telegraph wire in Calhoun county. No colored man is allowed to remain in the county more than 24 hours. There hasn't been a criminal case there for three years and the jail is used as a public corn crib.

Plans are being discussed by business men and musicians for the revival of Elgin's fame for its band. It is thought that before next summer arrangements will be completed for the support of an organization which will be a credit to the city and again spread its fame as a musical center.

A meeting was held in DeKalb last Wednesday for the purpose of forming a league for next summer's base ball. The towns which it is proposed will be in the circuit are Sycamore, DeKalb, Rochelle, Morrison, Dixon and Sterling. This would make a good circuit as they could all be reached easily by rail.

Geneseo is in an odd situation, with saloons closed, no police, and all city legislation blocked. It is due to a desertion from the city council by the aldermanic faction that favors licensing saloons. This bolt of the aldermen which prevents a quorum has lasted for the past three weeks and it followed a dispute over the appointment of an officer.

It sounds rather queer that a farmer in Ogle county should be compelled at this late date to make complaint that deer running at large in the woods were damaging his crops and ruining his fruit trees by gnawing the bark from them and yet such are facts in the northeast part of Byron township. Sometime during last winter a bunch of a dozen or more deer escaped from the park of Frank Johnson, living near Kishwaukee.

The Rev. Seward Baker has been dismissed by the trustees of the Geneseo Unitarian church for drunkenness. Last week he was away ostensibly on business. After his return it was learned he had spent several days in Rock Island on a protracted spree. Called to account, he confessed, but pleaded domestic trouble as the cause of his fall. Investigation showed he had yielded to similar temptation while at Sheffield prior to coming to Geneseo.

## THE WOMAN VOTE

**Is It Worth Cost?—Mrs. McCullough Explains Situation**

In 1894, the first year woman was given part suffrage in Illinois, 24,000 voted in Chicago. At the last election, ten years afterward, only around 1,000 women voted. To give them limited suffrage costs Chicago about \$500 an election. The expense to the state is more than \$3,000.

In view of the decreasing use to which the women put the privilege of voting for university trustees, the question has arisen: "Should women be disfranchised on the ground that they do not care to vote?"

Mrs. Catherine Waugh McCullough, formerly of Rockford, one of the leaders for equal suffrage, answers as follows:

"In the first place I do not believe that in any county outside of Cook there has been any decrease. There are various reasons for a falling off in Cook. If a decrease should be found there is good reason for it. Voting is a kindergarten experiment with women. They proved themselves capable the first year. They have not been promoted. They are still in the kindergarten class. The only reason many of them vote now is to keep in training in preparation for an extension of their rights.

"If it is desired to see what use the women would make even of their limited suffrage, let either party nominate for university trustee a repobate, unfit for office, a thoroughly disreputable candidate. This will bring out the vote. If it is proposed to disfranchise women because they stay at home when there is no necessity for their voting, or because they do not care to vote, what shall be done with the democrats, who balked at the Parker ticket this year and stayed at home? Shall they be disfranchised?"

That there has been a remarkable decrease in the women's vote in Chicago in the last ten years is apparent, and on the surface it is said by observers to indicate a corresponding decrease in desire for limited suffrage, although the equal suffragists say otherwise.

In 1894, when the legislature put in operation the new law allowing women to vote for university trustees, nearly 31,000 registered and around 24,000 voted. In ten years the figures dropped to one-eighth of this number.

## DELIVERY TIME CUT

**Rural Mail Carriers Must Make Their Circuit in Less Time**

An order has gone into effect limiting the time to seven hours in which the rural mail carriers can make their deliveries on circuits of twenty-five miles. Heretofore the time has been eight hours. Except when the roads are in bad condition it is thought that the seven hour limit is sufficient to enable them to complete the circuit provided they have good horses. If the animals now in use cannot make the time it will be necessary to purchase faster steeds. In case of bad roads, such as experienced in winter, the excuse will be sufficient to allow more time. The order will in no way effect the pay of the carriers nor does it effect the Genoa carriers who make the trip in much less time even in the winter months.

## Meetings Close

The revival meetings, which have been conducted at the M. E. church by Rev. Manly Wilson, closed Wednesday evening. There was a large attendance at the last meeting. During the services there have been several converts and those who were luke warm Christians have been awakened to a sense of their laxity in the church work. He has without doubt done the city a great deal of spiritual good and would be warmly welcomed here at some future time. At the meetings Sunday a free-will offering amounting to about \$250 was tendered Mr. Wilson and his singer, Mr. Brown, for their services.

## A GOOD SHOWING

**Made by the Women's Home Missionary Society of Genoa**

The Women's Home Missionary Society, organized in Genoa, last March with sixteen members, has made an excellent showing. There is now a membership of forty-one. In dues, \$33.62 has been paid in and used in mission work. Seven boxes of flowers and one box of jelly valued at \$2.35 have been sent to Wesley Hospital. Seventy quarts of canned fruit and twenty glasses of jelly valued at \$18 was shipped to the Old People's Home at Edgewater. Besides this a pledge of \$500 has been met, making a total of \$60.97. What a wonderful lot of good could be done for the dependent poor in the United States if every branch of the society in the country would do as well as Genoa.

The next meeting of the society will take place on Tuesday, November 29, at the home of Mrs. Freeman Nutt.

## COTTAGE CHEESE

**Delicious Product of Ira J. Mix Co. Creamery in this City**

The Ira J. Mix Dairy Co. has put another product on the market and from the start it was a success. It is nothing more or less than cottage cheese. Samples were sent out to the company's customers in Chicago last week and since then there have been many orders to fill every morning. The editor was invited to the creamery Monday to note the manner in which the cheese is made. From the time the milk flows from the farmers' cans into the vats the methods of manufacture suggest cleanliness in every detail. The cheese is put up in one pound boxes. After the cheese is made it is put upon the butter worker and mixed with pure rich cream. It is delicious.

The product will be on sale at the factory in Genoa on Wednesdays and Saturdays of each week. Customers desiring the cheese however must leave their order the day before, as no more than is ordered in advance will be held over. It retails at 10 cents per one pound box. In ordering call telephone No. 6.

## The Moan Funeral

The following facts regarding the funeral of Frank Moan were learned since the last issue of this paper:

Two altar boys were with Father Huth to assist in the services. The singing by the Misses Bollinger of Sycamore is deserving of commendation. The following from abroad attended the funeral:

From Belvidere—Dennis Moan, Sr., uncle; Dennis Moan, Jr., and wife, cousins; T. J. Moan, P. H. Moan, Fred Moan, and wives, brothers; Jas. P. Moan and wife, Frank Waugh, wife and children, cousins; James Lyons, Miss Nora Lyons, Patrick Doran, John Drelan, Fred Bailey, Thos. Mulligan and others, friends.

From Chicago—Mrs. Mary Evans, Mrs. John Philan, Mrs. J. J. Hoye and daughter, Gladys, cousins of Mrs. Moan; Mrs. Thos. Kelley, Mrs. Margaret McNamara, Mrs. Mary Shields, Miss Anna Brennan, Mr. and Mrs. W. A. Moan, cousins.

From Harvard—Mr. and Mrs. Patrick Moan, parents; Mrs. Maria Nolan, sister, and son, Edward, J. Sweeney.

Will Moan, brother, of Ruthven, Iowa; W. L. Sharkey, Miss Martha Sharkey, brother and sister of Mrs. Moan, and Miss Addie Welch of Floyd, Iowa.

## CARD OF THANKS

Mrs. Mary Moan, the wife, and the parents, brothers and sisters of the deceased desire to express thru these columns their sincere gratitude for the kindly assistance of neighbors and friends in their sad bereavement.

## Old Settler Dead

Daniel D. Buzzell, one of the old settlers of Hampshire, died Monday afternoon after an illness of three months with cancer. He was 72 years old and a resident of Hampshire township for fifty years.

## A BEAUTIFUL STORE

### OPENED BY JOHN LEMBKE ON WEDNESDAY

**A Credit to the City and to the Owner—Large Plate Glass Show Windows and Abundance of Light.**

It is safe to say that John Lembke has grown at least ten years younger this week. At any rate he has taken a new lease of business life and starts in with as much vim as he did twenty years ago. When one steps into the new store he is not surprised at all this. With such elegant surroundings there is cause for a merchant to feel elated over his past success and the prospects of the future.

The store is about ninety feet deep, well lighted both day and night. The large plate glass windows let in an abundance of day light while at night eleven electric lamps in ground glass globes illuminate the room to perfection. The shelves on the east side contain the dry goods while the west side is taken up with shoes, underwear and clothing. There are five handsome floor show cases containing ribbons, laces and other finery. The grocery department, a model of neatness and convenience, is at the rear.

Wednesday of this week was opening day and a large number of people were present to congratulate Mr. Lembke. The show windows were neatly trimmed and the entire place had a holiday appearance.

Mr. Lembke has contracted for regular space in the Republican-Journal. He is a firm believer in printer's ink and his past success proves that his theory in that direction is correct.

## SUGGESTS COL. LOWDEN

**For Cabinet Position Under Roosevelt—Colonel Is Down on the Farm**

It is reported that Col. Frank Lowden will sell his Chicago residence and make his permanent home on his big farm in Ogle county. The genial colonel, in fact, has made that his home and voting place in the past, objecting to being called a Chicago citizen but he had retained a residence in Chicago where he spent a part of the time.

A Chicago paper says that he is likely to become a member of President Roosevelt's cabinet, that he is competent and qualified, is regarded favorably by the president and the American even goes so far as to say that a portfolio either has been or will be offered to him. But these reports don't seem to worry the colonel. He continues preparation to enjoy life on his farm near Oregon, and has bought another team of spanking blacks for his carriage, getting them from D. W. Hogan of Byron.

And, by the way, when the state committee asked for funds for the state campaign for the election of Mr. Deneen, it was Col. Lowden's district, that represented in congress by Mr. Hitt, which bore off the banner for contributions, giving to the campaign more money in excess of that asked than did any other district in the state.

## May Be Speaker of The House

The Chicago Record-Herald Friday contained a picture of Hon. E. D. Shurtleff of Marengo, who is mentioned as a candidate for Speaker of the House of Representatives, says the Republican. Mr. Shurtleff stands well with the members of the House and is in line for the honor to be awarded. He has made an excellent record during his many years of service, is specially qualified for the position, and the indications point to his being the next Speaker of the Illinois House.

Alleged cruelty in connection with the shipments of 200 tons of dog fish and carp from Lake Koshkonong to the Chicago and New York markets this summer is being investigated. It is said these fish were packed in barrels filled with ice and that for three days they would live in transit to New York. Provided the fish were alive they commanded a high price.

## A GOLDEN STREAM

**Hundreds of Tons of Corn Being Shipped From Genoa This Fall**

Corn is king this fall. It has been passing thru Genoa to the outside markets in a veritable golden stream. Scarce are the farmers who have not a few loads of corn to sell after having made sufficient allowance for their own needs in feeding stock, and this in the face of all the anxiety during the early fall. Wagon load after wagon load is hauled into town every day, shelled at the elevator and shipped to Chicago. The price in Genoa has averaged 45 cents per hundred pounds. As a general thing the quality is good. Some farmers claim the best they have had in years while in other localities the kernels are small and loose.

Estimates on the production of corn this year indicate a total yield of about 2,453,000,000 bushels, or an average of 26.7 bushels per acre, as compared with an average yield of 25.5 bushels per acre in 1903. The general average as to quality is 86.2 per cent as compared with 83.1 last year, 80.1 in 1902 and 72.7 in 1901.

## OFFERS RIDE GETS BLOW

**Mysterious Attack on Fred Lane on Belvidere Road Saturday Evening**

Fred Lane, who lives in the town of Spring, was viciously assaulted Saturday evening on the Genoa-Belvidere road near Sager's corner. It was after 5 o'clock and he was going home. Ahead of him was a rig occupied by two men. They were driving slowly and Mr. Lane tried to pass them. They deliberately turned from side to side to prevent it but finally Mr. Lane succeeded in getting past them. One of the men shouted for him to wait a minute. He stopped and the men came towards the buggy. Thinking that he recognized the voice as that of one of his former hired men, he supposed the man wanted to ride with him and said: "Oh, you want to ride with me." He started pulling back the robes and cautioned the man against getting his feet into the groceries when he was struck a vicious blow. When he regained consciousness he was leaning over the dash board with his face covered with blood and his horse going at a lively gait. He had several bunches on his head, indicating that the stranger had struck him several times. As soon as he could see he wiped the blood away and turned back to Belvidere. Dr. McInnes took two stitches to close the wound near his eye.

It was a most cowardly attack and if the identity of the brute is discovered the friends of Mr. Lane propose to take good care of his case.—Belvidere Republican.

## Union of Happy Hearts

A wedding of much local interest took place Wednesday evening, November 16, 1904, at 7:30 o'clock at the home of Mr. and Mrs. Ferdinand Trebes in Riley when their daughter, Anna E., was united in marriage with Arthur L. Kraft, of Union, by Rev. Paul Diederlein, pastor of the Zion Lutheran church in this city. The house was beautifully decorated with pink and white carnations, and the bridal couple stood before a bank of palms and ferns, where the marriage ceremony took place.—Marengo Republican.

## Convenient Office Rooms

Attorney G. E. Stott is moving into his new office rooms over Lembke's store this week. He has three rooms, the floors of which are covered with linoleum. The largest room will be used for general purposes, while the two smaller ones are used by G. E. and J. E. Stott as private offices. The entire apartment is light and well ventilated. The three front rooms will be occupied by Dr. T. N. Austin. These rooms are very pleasant and are well adapted to the purpose for which they will be used.

## THE AMPUTATION BEE

### STARTLING RESULTS DURING THE PAST WEEK

**Fingers, Hands and Arms Lost In Husking Machines—Over-confidence cause of Many Accidents.**

The amputation bee is now on in full blast and the number of victims who are losing fingers, hands and arms in the husking machines each week is appalling. In nearly every case those who meet with accidents are experienced hands. It probably can be truthfully said in these cases that "familiarity breeds contempt." Those who feed the machines day after day become so familiar with the work that they forget for a time the treacherous rollers and in the twinkling of an eye at the least miscalculation an arm is gone.

Martin Fitzpatrick, Jr., aged 25 years, lost one hand in a corn shredder last Thursday while at work on the Comley farm near Pecatonica. His hand was caught in the husking rollers and before the machine could be stopped had been chopped off. The entire hand was removed back to the wrist.

Frank Tail of Albion Prairie, Friday afternoon, last, lost all of the fingers of his right hand, and came near losing his right arm, by a corn shredder.

On Monday of last week a son of Matt Hannes of Sumner, Winnebago county, had an arm torn entirely out of the socket, by a corn shredder.

John Myer, aged 22, of Virgil Center had his left hand badly mangled last Wednesday, requiring the amputation of all the fingers, and the thumb is also badly crushed—by a corn shredder.

Jerome Davis, a young man, lost his left forearm in a machine near Beloit last Thursday. The arm was so badly mangled that it had to be amputated at the elbow.

Frank Baxter, a farmer of New Milford, had his left hand mangled last Tuesday, amputation being made at the wrist. Mr. Baxter had worked about corn shredders for years.

## TRIES FASTING

**Elder DeGries Finds It of the Greatest Benefit**

Eld. B. L. DeGries, formerly pastor of the A. C. church at Genoa, who has filled the pulpit in Elgin on various occasions, is trying the fast cure at a sanitarium in Los Angeles, Cal. When he wrote he had been fasting three weeks, and was going to do so for one more week. He said:

"The first week was extremely hard, the second week much better, and the third week I felt so much improved that I decided to continue for another week. I am born again, physically; I never felt so much like a new man as now."

He wrote at the end of the third week, and said he felt his disease, a chronic one, leaving. His mind never was so clear, and never did his thoughts come more rapidly. He expects to return east in the spring.

## Butter Market

The quotation committee declared the official market firm at 25 cents on the Elgin board of trade Monday.

The factorymen were slow in getting together and apparently were not enthusiastic over the conditions that have developed during the past two weeks. Amount of fresh milk has not been much in evidence and the outlook for any increase poor. Buyers are using storage goods wherever possible. The demand for fancy Elgin is good, because the general run of creamery is irregular.

There were no offerings or bids on the call.

## Bowling Alley

Jesse Geithman will soon open a bowling alley just west of F. W. Duval's market on Main street, the building now being under way. The small building formerly used as a shoe shop which stood on the lot has been moved to the rear.

PORT ARTHUR STILL holds out.

THERE are 50,000 beautiful women in the United States, and every woman wonders who the other 49,999 are.

Was ever such ideal weather for the farmer? Who wouldn't vote the Republican ticket under such conditions?

It is not always policy to let well enough alone. That is what the voters thought on the 8th. They made it still better.

CARTER HARRISON has taken notice of the direction of the wind and will not be a candidate for Mayor of Chicago again.

ONLY 302 democrat votes were cast in Boone county. Little Boone still holds the banner and with greater honors than ever before.

THE boy who mixes cigarettes with his school work has no show of keeping pace with his companions who leave the coffin tacks alone.

GENOA only lacks a sewer system to make it the ideal city of Northern Illinois. The time is coming when this proposition must receive serious attention.

WHY not send a few old-style corn shredders over to the contending armies in the east. They could beat any battery of ten pounders in exterminating the enemy.

THE insurgents of the Philippines may as well make up their minds to become civilized and learn to live. The Republican party will look after their welfare for a few more years.

THE City of Genoa would only show its appreciation of the efforts of a good citizen by changing the name of Genoa street to Moan street. It is not possible that anyone would object to the move.

"WHEN Missouri goes Republican, then will I become a Christian," said Colonel Robert G. Ingersoll. But, then, Bob never did expect it to happen. Too bad he is not living to fulfill his promise.

WITH snow storms to the west and east of us and cold weather north and south of us the people of Genoa would do well to consult the dry goods and clothing merchants. We will soon be in the vortex.

BRYAN is still "It" in the democratic camp. Not much of an "It" at that. Democracy has had little to offer as an inducement to voters since Cleveland's last administration, and now it has nothing. Perhaps all the would be leaders are pleased to leave Bryan at the helm of the leaky old craft and let him go down with it.

ALL users of the weed will admit that tobacco chewing is a nasty habit at the best. Those who are in doubt should look at the sidewalks on Main street where a crowd of men have been standing the evening before. Some men can chew tobacco and be clean about it. All could if they would. Try it.

THE 35th district will be represented in the legislature by Castle, Sheldon and Brennan, the latter having won out over Wirsching, the Prohibition candidate, by a small margin. The result taught the Republicans a lesson that will be of service hereafter. By throwing their support into the Brennan and Wirsching fight it cut down the vote for the Republican nominees to an alarming extent.

The Crazy World.

"At the present rate of the development of insanity, according to the world's statistics," says Dr. James P. Lynch of Chicago, "and with present conditions of work and living unaltered half of the civilized world will be more or less insane 500 years from now, and in another 200 years from that time, under the same conditions, most of the Caucasian race will be mentally deranged and civilization wiped off the face of the earth by the multitudes of Goths and vandals of Asia."

The Great Mississippi Valley.

It has required but two decades to shift the center of population from Ohio to Indiana, the center of farm values from eastern Indiana to western Illinois, the center of the farm income to the western banks of the Mississippi and the center of farming area from eastern Illinois to central Missouri. Two centers have already crossed the Mississippi, and two more decades will be sufficient to advance another across the Father of Waters.—Des Moines Register-Leader.

A Small Legacy.

Next to the proverbial shilling, perhaps the smallest legacy has been inherited by a native of New Zealand. The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. London Relics.

In the seventeenth and eighteenth centuries when a London street was newly formed its name and date were frequently recorded on a tablet built into the wall of a corner house. The houses themselves were also sometimes distinguished by initials, names or dates, either placed like the street tablets or on a rain pipe or inside the building. Some of these relics still survive, but there is constant danger of their destruction, for every year many old houses are leveled with the ground, and streets once important cease to exist, are merged into other streets or lose their importance by being renamed.—London Truth.

Coddling the Stomach.

THE SO-CALLED "SCIENTIFIC FEEDING."

In this 20th century of advancement, people are too apt to listen to new theories and put into practice new-fangled notions of feeding. Not only do adults follow so-called "scientific systems," but they cram down the mouths of their children such scientific soft foods that require no exercise of the digestive organs, that the children are apt to become fragile and their stomachs too weak to take in strength-giving food and be able to assimilate it. This is a hothouse condition that no man, woman or child should permit. The muscles of the stomach require exercise just as any other muscles of the body; neglect them with too much ease and inaction and you raise a dyspeptic. Use a tonic made of medicinal herbs which will stimulate the stomach into greater activity—a remedy which will do this is one which has stood the test of public approval for nearly forty years, containing no alcohol or narcotic. We refer to Dr. Pierce's Golden Medical Discovery.

A New Welding Process.

An invention has recently been shown in Birmingham, England, for the seamless welding of iron, steel and other metals by a new process. A flame is formed by burning acetylene with oxygen, and it is directed in the usual way by means of a blow-pipe. It is said that the hardest metals may be welded in this way as readily as lead. Notwithstanding the immense heat of the flame, the process does not make necessary the protection of the eyes by dark glasses, for the mixture of oxygen with the acetylene removes the glare and leaves a small flame of a greenish blue color.—New York Times.

## FIRST NUMBER OF COURSE

G. E. Weaver, Chalk Talk Lecturer, stands Unique Today Among Entertainers

The first number of the lecture course was presented at the M. E. church Friday evening. The course this year bids fair to become as popular as the one last year, about 125 tickets having been sold at the present time.

Prof. Weaver is a natural born artist, mimic and humorist, and can entertain an audience as well with or without the crayon. From early childhood he displayed marked ability for art. Possessing a keen sense of original wit and humor, coupled with his skill in handling the crayon simultaneously with both hands, and more than all, his production of marvelous scenes of beauty by a few rapid strokes upon the canvas with colored crayons, make Mr. Weaver's entertainment highly instructive to both eye and ear.

In Prof. Weaver, the old adage that a genius is born and not made is truly verified. His versatile ability is seldom given to one man. Both hands are trained with seemingly equal skill, and inverted writing and drawing flows from either hand with perfect ease. For many years, Prof. Weaver has had charge of the Art Department of Mt. Morris College.

The second number of the course is slated for Wednesday evening, December 14, with the Troubadours.

## A Runaway Bicycle

Terminated in an ugly cut on the leg of J. B. Orner, Franklin Grove, Ill. It developed a stubborn ulcer unyielding to doctors and remedies for four years. Then Bucklen's Arnica Salve cured. It's just as good for burns, scalds, skin eruptions and piles. 25c at Hunt's Pharmacy.

## Like Small Bills

Dollar bills are replacing silver dollars, gold is little cared for, and a large amount of small coin is being used according to the statement of the bankers in this part of the country. The marked difference in the kind of money used in the different sections of the country, especially the east and west, is fast disappearing, say the men in the banking houses.

The time was when it was easy to determine from what part of the country a man came. If he wanted \$1 and \$2 bills, it was a sure sign that he was from the east. If he asked for silver, it was ten to one he was from Iowa, and if he asked for the yellow metal it was almost certain he was a westerner, especially from along the coast line. The same is partially true today with some men from the Pacific coast, but man in the middle west is using more small bank notes than ever before.

## Doesn't Respect Old Age

It's shameful when youth fails to show proper respect for old age, but just the contrary in the case of Dr. King's New Life Pills. They cut off maladies no matter how severe and irrespective of old age. Dyspepsia, jaundice, fever, constipation all yield to this perfect pill. 25c at Hunt's Pharmacy.

## LOCAL JOTTINGS

FRED P. SMITH, CORRESPONDENT

Chas. Foster was here from Belvidere last Friday.

Mrs. Ira Wilson was a Belvidere visitor Saturday.

Mr. and Mrs. A. T. Rand are entertaining her parents of Huron, S. D.

Jos. Lanan transacted business in Chicago the latter part of last week.

Harry Penny was here from Belvidere Saturday calling on friends.

W. D. Boies of Quasqueton, Ia., is a guest of his sister, Mrs. Ira Bickler.

Union services were held at the Baptist Church Thanksgiving morning at 10:30.

Mrs. M. Ault of Kirkland spent Wednesday and Thursday with Mrs. Katie Robinson.

Mrs. George Pratt and son, Ray, were guests of Chicago relatives the first of the week.

The masked ball at Herbert Friday night was attended by a number from this vicinity.

For Rent—A farm of 120 acres near Kingston. Inquire of F. P. Smith at the Home Bakery.

Postmaster Hix and family have moved into the Mrs. Sallie Harper residence on Main street.

Mr. and Mrs. I. A. McCollom spent Sunday in South Grove, guests of Jas. Gross and family.

Mrs. Seymour Hix of Nevada, Ia., is a guest this week at the homes of A. E. Hix and Joseph Collier.

Thos. Clark and wife, who reside near Sycamore, were guests of the former's sister at Fairdale Tuesday.

Postmaster Hix and grandson, Leslie Ackley, spent Sunday with the former's daughter, Mrs. Ackley of Rockford.

The Italians, who have been employed on the St. Paul section during the past summer, returned to Chicago Saturday.

Prof. I. E. Conover and family were over from Kirkland Friday evening and attended the first number of the lecture course.

Mr. and Mrs. Robert Foster came from Twin Lakes, Colo., last Thursday to spend a few weeks with friends and relatives.

The postoffice at Deer Grove was entered by robbers sometime during Tuesday night and the safe was forced open, \$60 in silver and paper money being taken.

Misses Maude Chalmers and Mayme Blaine came out from Chicago Wednesday evening to spend Thanksgiving at the home of Mr. and Mrs. H. G. Burgess.

John L. Merrill of Lansford, N. D., arrived in this vicinity Thursday of last week and will spend a few days with friends. He is interested in the real estate business in the Dakotas.

The public school closed Wednesday for the remainder of the week. The instructors have returned to their several homes; Miss Anna Schiller to Chicago, Miss Maude Garard to Mendota and Miss Mae Conklin to Paw Paw.

Leb Phelps, while engaged in plowing on his farm in Hartland one day last week, plowed up the horns of a large elk, which were in a good state of preservation. The fact that they must have been buried in the ground fifty or sixty years makes this statement as to their condition seem all the more remarkable.

Work on the new dam across Rock river at Dixon was fully completed last Thursday and the last timber in the temporary bridge which was constructed for teams to drive out upon the sheet piling, which had been put in around the last cribs to be placed in the dam, were cut off and now a sheet of water to the depth of four inches is flowing over the crest of the dam along its full length.

J. J. Sheley spent Saturday in Chicago.

Roy Gibbs is now day operator at the tower.

Stuart Sherman was in Sycamore Tuesday.

Rev. C. S. Holm was over from Esmond Monday.

Miss Gladys Burgess is home from Aurora for a few days.

Among marriage licenses issued in Chicago last week was that of W. H. Winchester of Creston to Miss Mae Ball of Malta.

Revival services are well attended at the M. E. church this week. Rev. Manly Wilson will have charge of the services, beginning Sunday evening.

A series of union meetings were commenced here last Sunday evening, the Methodist and Baptist churches meeting in a revival effort. The services of Evangelist Wilson have been secured for next week. The meetings will be held alternate weeks in each church commencing this week in the M. E. church.

A prize haul was made by the seiners ridding the Fox river of carp Thursday afternoon of last week when one scoop of the great seine brought in no less than 1,600 pounds of flopping, scaly fish. Some of the carp weighed as high as eight pounds, there were a number of five-pound size and the majority would weigh from two to four pounds.

## Not a Sick Day Since

"I was taken severely sick with kidney trouble. I tried all sorts of medicines, none of which relieved me. One day I saw an ad. of your Electric Bitters and determined to try that. After taking a few doses I felt relieved, and soon thereafter was entirely cured, and have not seen a sick day since. Neighbors of mine have been cured of rheumatism, neuralgia, liver and kidney troubles and general debility." This is what B. F. Bass of Fremont, N. C. writes. Only 50c, at Hunt's Pharmacy.

## Wire Fences and Lightning.

Since the use of wire fences has become so extensive the number of cattle killed each year by lightning has greatly increased. Farmers' insurance companies have investigated the matter and now come forward with a warning to policy holders. Nearly all of the cattle killed by lightning have met their death in open fields, where, in many instances, there was not even a tree to attract the electric fluid. As many dead cattle were found near wire fences, this led to the discovery that the lightning was carried along the wires composing the fences. During a severe storm cattle are liable to run until stopped by a fence. Here they stand huddled together, ready for the bolt. A remedy is suggested in running a ground wire every ten rods several feet into the earth.

A rich financier once called upon Victorien Sardou and explained briefly that the passion of his life was to attend on the first night of the representation of a play. "Sorry I can't oblige you," said Sardou, anticipating the request. "I thought not, M. Sardou, but I have an idea. I have a beautiful daughter eighteen years old. I will give her 200,000 francs if your son will accept her as his wife; then, being the father-in-law of the son of the author, I shall have a right as a member of the family of the author to assist on the first nights of his pieces."

Cereals should be emptied in their proper receptacles of tin or glass and closely covered to prevent insects getting in. Coffee should go immediately into an airtight canister in order to keep its aroma. Olive oil should be put into a cool, dark place and salt, soap and cheese in dry places.

## LAST SAD RITES

Friends by the Score Attend Funeral of George R. Pratt Wednesday

George R. Pratt was born in Waukesha, Wis., May 7, 1852, and died at Kingston, Ill., November 12, 1904. He was married September 2, 1873 to Lillian M. Tupper. He was a faithful and kind husband and as a neighbor was greatly respected.

He leaves to mourn a wife, six children and two sisters. The children are Mrs. Myra Gibbs, Ray, Earl, Grace, Blanche and Florence, all of whom are living at Kingston. The sisters are Mrs. Louise Brown of Milwaukee and Mrs. Mary Kelley of Chicago.

## AND THE LIFE EVERLASTING.

The days and months have lengthened into years  
Since pale lips said Farewell,  
And 'twixt thy heart and mine, oh best beloved!  
Death's strange sad silence fell.

The air, so vibrant with joyous laughter,  
Has strangely silent grown;  
The path so easy when we walked together  
Is hard to tread alone.

Alone, yet not alone, for hearts so closely  
Entwined as mine and thine  
Are one forever, though we walk no longer  
Thy dear hand fast in mine.

For time and for eternity, how often  
I heard that low, deep tone;  
Each day of time but linked our hearts more  
closely.

And thou art still my own.  
Death only robbed me of the body, holding  
Thy soul, my life's one star,  
And still my life I feel thee shining,  
So near and yet so far.

How rich is life! Fond memory illumines  
The darkness of today.  
Eternity's calm glory casts a brightness  
Along my lonely way.

Patience, my soul! Think, in thy darkest hours,  
Of joys that thou hast known.  
Courage, my heart! Each day the hour draws  
nearer.

When thou shalt claim thine own.

## Disastrous Wrecks

Carelessness is responsible for many a railway wreck and the same causes are making human wrecks of sufferers from throat and lung troubles. But since the advent of Dr. King's New Discovery for Consumption, Coughs and Colds, even the worst cases can be cured, and nopeless resignation is no longer necessary. Mrs. Lois Cragg of Dorchester, Mass., is one of many whose life was saved by Dr. King's New Discovery. This great remedy is guaranteed for all throat and lung diseases by Hunt's Pharmacy. Price 50c, and \$1.00. Trial bottles free.

## MONEY SAVED

### By Piano Purchasers at Closing Out Sale

Bryant E. Wade's retirement from the Piano and Music Business in Rockford forced upon the market his Entire Stock, consisting of a Large Number of Fine Pianos and the Largest Stock of Small Instruments and Sheet Music in this part of the state. Mr. Wade has always carried a Fine Line of Instruments and his retirement on account of his health, being obliged to seek a different climate, is regretted by many.

In buying this entire stock at the great sacrifice price made by Mr. Wade enables us to sell it at even less than cost of production. Music teachers as well as colleges and schools are availing themselves of this great opportunity and are securing pianos for one-fourth to one-half the regular retail price. Such well known makes as the Ivers & Pond, Marshall & Wendall, Crown, Weber, Haines, Schaffer, Wheelock, Stuyvesant, Krainach & Bach and the Bryant E. Wade piano, a very fine piano manufactured especially to Mr. Wade's order. Many of the latter instruments are to be found in Rockford homes giving the best of satisfaction.

All pianos are marked to close at from one fourth to one-half and some for less than one-half regular price. Never in the history of Rockford or any other city has it been possible to buy good pianos at such great bargain prices as we are now offering in order to close out this fine stock of pianos and musical merchandise quickly. People wanting fine pianos and who are desirous of saving a goodly sum of money in the purchase, find here instruments that will please both as to make, tone, style or finish. This is not a holiday but a closing out sale and a sacrifice of all profits, at the same time a piano is a most appropriate article for a Christmas gift and it will take but little money as first payment to purchase one. The terms we are making are as easy as renting a piano. If you can spare \$5, \$6, \$7 or \$10 per month and a little bit as first payment (good faith money) come now and get one and at the same time save one-third to one-half the usual cost. Your credit will buy as low as all cash at this sale.

One inexpensive case piano Mr. Wade sold regularly for \$275, sale price \$120. Another in antique oak case was marked to sell for \$300, sale price \$138, and four others in walnut cases marked to sell for \$325 each, they go for \$163. Terms, \$10 cash and \$5 per month buys them. Handsome upright pianos in very pretty cases, best of makes, former prices \$350, \$375 to \$400, sale prices \$167, \$175, \$195 to \$247. Elegant cabinet grand uprights that retail the world over for \$450 to \$500 go for \$250, \$267 to \$297; terms, \$20 cash, \$8 to \$10 per month buys them. These used pianos, superior makes, go at \$75, \$98 to \$130; terms, \$3, \$4 and \$5 per month.

Many good square pianos offered for but little more than cost of drayage, \$5 to \$15 takes any of them on terms of \$1 per month. Attend this sale. Store openings until 9 o'clock at Wade's old stand, 101 1/2 West State Street. We pay railroad fare both ways, also freight on piano purchased, to any person from Genoa or vicinity purchasing a piano.

FROM SOUTH AFRICA

New Way of Using Chamberlain's Cough Remedy

Mr. Arthur Chapman writing from Durban, Natal, South Africa, says: "As a proof that Chamberlain's Cough Remedy is a cure suitable for old and young, I pen you the following: A neighbor of mine had a child just over two months old. It had a very bad cough and the parents did not know what to give it. I suggested that if they would get a bottle of Chamberlain's Cough Remedy and put some upon the dummy teat the baby was sucking it would no doubt cure the child. This they did and brought about a quick relief and cured the baby." This remedy is for sale by G. H. Hunt.

Facts and Figures

There are 2,500 accident suits against railroads awaiting trial in the supreme court, of which fully 99 per cent are against the street railroads. The amount sued for is about \$14,000,000.

Although American sewing machines cost twice as much in Constantinople as the European, more than two-thirds of the 10,000 sold there in 1903 were of American make.

An Austrian newspaper reports that the fight against the corset is having some effect, as shown in a considerable decrease in the number of corsets manufactured and the closing of several factories.

Of the 66,000,000 pounds of prunes exported in 1903, 9,000,000 went from San Francisco and 53,000,000 from New York, although they are chiefly the product of the Pacific coast.

Lieutenants in the Canadian army are to receive hereafter \$2 a day, captains \$3, majors \$4, and colonels \$5.

Sir Richard Sankey estimates that Ireland's bogs contain the equivalent of 5,000,000,000 tons of coal, and he advocates creating power for varied industries by converting the fuel into electricity on the spot.

The crown of the queen of Holland is very gorgeous. It is of dull gold, only the edges being polished, and the design is quaint.

Analysis of the returns for Ireland consumes per head slightly more spirits than England and Scotland nearly twice as much. Of beer England consumes 75 per cent more per head than Ireland and over 300 per cent more than Scotland.

India has perhaps a greater variety of plants than any other country in the world, having 15,000 native species, while the flora of the entire continent of Europe only embraces about 10,000.

The daily rations of a Russian soldier in the field are two and one-half pounds of bread or one and three-quarter pounds of biscuits, one pound of meat and for making soup four ounces of barley groats, three-quarters of an ounce of dried vegetables and three ounces of flour. Then salt, pepper, tea and sugar are given out in the usual quantity.

In the schools of Rhenish Prussia a change of stockings and shoes is provided for the use in school of children who arrive with wet feet.

Inundations caused the loss in Germany last year of nearly \$11,000,000 worth of property, mostly crops.

France has kept 200,000 tons of coal stored at Toulon since 1893, to be ready in case war should break out.

Is Pleasant to Take

The finest quality of granulated loaf sugar is used in the manufacture of Chamberlain's Cough Remedy, and the roots used in its preparation give it a flavor similar to maple syrup, making it quite pleasant to take. Mr. W. L. Roderick of Poolesville, Md., in speaking of this remedy, says: "I have used Chamberlain's Cough Remedy with my children for several years and can truthfully say it is the best preparation of the kind I know of. The children like to take it and it has no injurious after effect. For sale by G. H. Hunt.

Good Manners of the Children of Two Centuries Ago.

In 1701, two centuries ago, the boys and girls had most courteous manners. If comparisons were made between the "then and now," there is little doubt that the child of long ago would be accorded first place. Here are some of the instructions as laid down by the fashion of the time and published in a book for children:

Never sit down at the table until asked. Ask for nothing. Tarry till it be offered thee. Speak not. Spit not, cough not nor blow thy nose at the table if it may be avoided. If there is great necessity, do it aside and without much noise. Lean not thy elbows on the table or on the back of thy chair. Stuff not thy mouth so as to fill thy cheeks. Be content with smaller mouthfuls. Blow not thy meat, but, with patience, wait till it be cool.

Theford's Black-Draught comes nearer regulating the entire system and keeping the body in health than any other medicine made. It is always ready in any emergency to treat ailments that are frequent in any family, such as indigestion, biliousness, colds, diarrhoea, and stomach aches.

Theford's Black-Draught is the standard, never-failing remedy for stomach, bowel, liver and kidney troubles. It is a cure for the domestic ills which so frequently summon the doctor. It is as good for children as it is for grown persons. A dose of this medicine every day will soon cure the most obstinate case of dyspepsia or constipation, and when taken as directed brings quick relief.

DANVILLE, ILL., Dec. 23, 1902. Theford's Black-Draught has been our family doctor for five years and we want no other. When any of us feel badly we take a dose and are all right in twelve hours. We have spent lots of money for doctor bills, but got along just as well with Black-Draught. IRA H. BADER.

Ask your dealer for a package of Theford's Black-Draught and if he does not keep it send 25c. to The Chattanooga Medicine Co., Chattanooga, Tenn., and a package will be mailed to you.

Hog cholera appears with the first feeding of new corn. Haas' Hog Remedy is a sure preventative. Sold by Jackman & Son.  
If you want to buy a house or a lot or a farm worth the money, call on or address D. S. Brown at the Exchange Bank, Genoa, Ill.  
Miss Davis, the music teacher and able leader of the M. E. church choir, is enjoying a vacation this week at the St. Louis exposition.  
Farm for Sale—Known as the Wm. Powers farm of 189 acres, all tillable land. For further information inquire of Thos. Powers, Charter Grove, Ill. 10-5t  
If you want your sewing machine repaired so that it will do the work, call on Max Herlinger, Jos Smith house, foot of Genoa street. Satisfaction guaranteed. 11-4t  
F. W. Olmsted's show windows are the center of attraction on Main street this week. The attractive articles displayed there are but a sample of the large stock within.  
For Sale—4 acres of land, good house, barn, chicken house and other outbuildings. Plenty of fruit and shrubbery, city water. All in good repair and at a price that is right. D. S. Brown.  
J. Kepple of Belvidere was a guest at the home of his daughter, Mrs. Floyd Rowan, Monday. He left here Tuesday morning for a visit at Leechburg, Pa.  
John Brown of Chicago was in Genoa Monday calling on relatives. Until recently he has been connected with the Chicago American, but will now take a position with the Elgin Press.  
C. A. Brown is setting out trees in his Emmett street addition this week. The road has been nicely graded and the lots leveled up, making the addition a desirable one in every way. The narrow street that connects Sycamore and Genoa streets, north of the M. E. church, will be continued thru to the new street.  
Mr. and Mrs. Wm. Johnson left Monday morning for Chicago where they will reside in the future. Mr. Johnson was formerly an employe at the Eureka factory. This estimable couple had many friends here and their departure will be greatly regretted especially by members of the M. E. church in which they were ardent workers.  
The old Lembe building will soon be moved over to the Morningside addition. From the building two dwelling houses will be made and fitted up in modern style. Work of moving will probably begin next week. It will cause no little trouble for the electric light and telephone men as it must pass thru Main street where there is a network of wires to be taken down.

"Diamonds and Hearts."  
See Olmsted's show window.  
Jas. Mansfield came home from Elgin yesterday.  
Mrs. Ralph Field has been quite ill this week.

Try Our Special Cold Cream for chapped hands and faces. 25c a jar. Hunt's Pharmacy.  
The popular play, "Diamonds and Hearts" at the opera house Thursday evening, Dec. 8.  
Alva Sowers came home from Evanston Thursday to spend a few days with his parents.  
Our White Pine and Tar Cough Syrup will stop that cough. 25c a bottle. Hunt's Pharmacy.  
For interior painting and decorating there is nothing better than Senour Enamel Paint. Hunt's Pharmacy.  
Fifteen Polled Durham and Short Horn heifers for sale by S. M. Henderson and J. M. Smiley, Waterman, Ill. 11-3t  
Mrs. Desinberre will have a mid-season sale of fine Pattern hats at greatly reduced prices for the next ten days.  
Mr. and Mrs. Jas. Hutchison, Sr. and daughter, Maggie, took dinner at the home of Jas. Hutchison, Jr. at Burlington yesterday.  
"Diamonds and Hearts" will be presented at the opera house on Thursday evening, Dec. 8. It is a play that takes with old and young.  
The Republican-Journal force laid off yesterday to lay in a supply of turkey, hence the paper comes out a few hours later than usual this week.  
Evangelist Wilson will begin a series of meetings at Kingston next Monday evening. The two churches there will join forces during the meetings.  
H. N. Olmsted attended the Grand Lodge I. O. O. F. at Springfield three days last week, as representative, after which he went to St. Louis to visit the fair.  
The new furnaces have been installed at the Lutheran church. The old one failed to heat the building comfortably in the coldest weather. The new furnaces are located at either end of the basement thus making possible an even heat thruout the room above.  
Rev. O. H. Loomis will preach at the A. C. church every Sunday morning and evening hereafter until further notice. Everybody cordially invited to attend the meetings. The children's meeting takes place at 2:30 p. m. Sunday. The Helpers' Union will meet at the home of Mrs. Perry Harlow on Thursday afternoon, December 1.  
The comedy drama, "Green Farm," will be presented at the opera house on Friday evening, Dec. 2, by local talent under the management of Edward Christman, author of the piece. The play is full of realistic rustic scenes and presents many side-splitting situations. An evening of rare pleasure is assured. Look for advertising matter.  
The heirs of Wm. P. Ainlay received a check Wednesday from the M. W. A. for \$3,000, that being the amount of insurance carried by the deceased in the order Mrs. John Schnur, whose husband died recently, also received a check for \$2,000. Such prompt action speaks well for the order of Modern Woodmen and should encourage the members to greater confidence than ever before.  
The Republican-Journal and Chicago Weekly Inter Ocean one year for only \$1.40, provided the former is paid for in advance. This offer is made to old as well as new subscribers. Pay up a year in advance now and get the benefit of this offer. The Inter Ocean gives the news of the world in condensed form, with market reports. You know the value of The Republican-Journal.

Everett Smith and wife went to Wayne Thursday to attend a funeral.  
Miss Gertrude Kirk went to Chicago Thursday morning for a few days visit.  
Rev. C. A. Briggs of Evanston was the guest of Miss Jessie Hutchison Thursday.  
Mr. and Mrs. Allie Smith of Elgin ate Thanksgiving dinner with the former's parents.  
Miss Helen Wing of Elgin and Miss Lizzie Jeffries of this place were guests of Miss Mabelle Pierce at dinner yesterday.  
Miss Jennie Beardsley, deaconess in the M. E. Church, came out from Chicago to spend Thanksgiving.  
Mr. and Mrs. Thos. Shanahan of Fairdale and Mr. and Mrs. Ora Koch of Burlington were guests yesterday at the home of Mr. and Mrs. Chapel and Mrs. Koch.  
City water is being installed at the C. M. & St. P. stock yards this week, and it requires considerable digging to make the connection. The main on First street, north of the tracks, is the nearest, the distance being about 218 feet. There will also be two branches of 30 feet each in the yards, making the trench a total of 278 feet. Lew Duval has the contract for excavating. The amount of dirt he can throw out of a ditch in a day is surprising.  
The McMillan Moving Picture and Stereopticon Co. will give an entertainment in Odd Fellow hall on Tuesday evening, Nov. 29. It is both amusing and instructive and interesting for old and young. Large pictures of the wreck at Almorá last week will be thrown on the canvas. Those who have not seen the results of such a wreck will gain a good idea of how a pile of nineteen cars and their contents look in a heap. Admission 10 and 20 cents.  
There was a family reunion at the home of L. P. Kellogg in Ney yesterday, the following being present: Mr. and Mrs. L. D. Kellogg and children of Ney; Mr. and Mrs. Ed. Kellogg of Cedar Falls, Iowa; Mr. and Mrs. H. A. Kellogg, son Vay, and daughter Flossie, Mrs. J. C. Wilcox of Genoa. It was a happy group. That which pleased the old gentleman most at the dinner table was the mess of delicious fresh fish of which he is very fond. They were shipped from Seattle, Wash., by Mrs. H. A. Kellogg's sister, Mrs. Priscilla Chesley.  
Mrs. Brown in DeKalb  
DeKalb Chronicle: About forty ladies were entertained Tuesday at the home of Mrs. A. W. Fisk for her friend, Mrs. D. S. Brown, who is a sister of Judge Pond and is a guest of his family for a few days. The affair was of the most informal nature, the guests being invited yesterday morning, but none the less enjoyable.  
Mrs. Fisk was assisted by Mrs. H. W. Fay and Mrs. Earl Hunt, who had charge of the dining room where tea, wafers, cakes and confectionary were served. The ladies were so pleasantly entertained they lingered long after the hour of five o'clock when they were supposed to be in their own homes.  
Not to Be Mentioned.  
One day the children were having an object lesson on the guinea pig. The teacher called attention to its short tail, saying, "You see it has no tail to speak of." Shortly afterward she asked the scholars to write a description of the animal, and a little German girl wound up by saying, "The guinea pig has a tail, but it must not be talked about."

**An Example of Yankee Shrewdness.**  
"Talk about Yankee shrewdness," said the traveling man. "I was in a little tavern up in Connecticut not long ago, and a farmer came in with eggs to sell. The transaction took place in the barroom of the establishment. The proprietor agreed to take two dozen, and when the farmer came to count over the contents of his basket he found that he had twenty-five eggs. The proprietor wanted the extra egg thrown in for good measure. The farmer didn't see it that way, and they argued the matter. At last the proprietor said he'd take the twenty-five eggs, give the man a drink and call it square. The farmer agreed and pocketed his money.  
"Now, what'll you have?" asked the proprietor.  
"The Yankee farmer was ready with his reply.  
"Sherry and egg," said he."—Washington Post.
