

Genoa Republican-Journal

ENTERED AS SECOND-CLASS MATTER, SEPTEMBER 16, 1904, AT THE POSTOFFICE AT GENOA, ILLINOIS, UNDER THE ACT OF CONGRESS OF MARCH 3, 1879

PUBLISHED BY C. D. SCHOONMAKER

GENOA, ILLINOIS, FRIDAY, NOVEMBER 27, 1908

NEW SERIES } VOLUME V, NO. 12

SCHOOL NOTES

The following is a report of the absence and tardiness for the past week:

First primary—absent Klea Bennett, Myrtle Rebeck, Olive Hawks, Viola Fryer, Ennis Clark; tardy Arthur Jackson.

Second primary—absent Hazel Lawyer, Lettie Lord, Gretchen Marquart, Earl Stoll, Myrtle Pratt. This room had no tardies.

First intermediate—absent Ida Witt, Willie Schnur, Leroy Pratt, Johnnie Clausen, Mabel Rebeck, Allen Patterson, Walter Noll. This room had no tardies.

Second intermediate—absent Earl Geithman, Raymond Lange. This room had no tardies.

Grammar room—absent Bennie Clausen, Inez Helwig, Irvin Patterson. This room had no tardies.

High school—absent Loyal Brown, Irma Perkins, Elna Lord, Bayard Brown, Robert Geithman, Wm. Lankton, Frank Stanley, Wm. Hannah; tardy Eda Smith, Grace Sandall, Verne Crawford, Loyal Brown, Abiram Crawford.

The following pupils were neither absent nor tardy during the month of November:

First primary—Cloa Kindelsparker, Roger Weber, George Wolter, Gertrude Rowen, Clarence Altenburg, Freddie Barcus, John Dempsey, Floyd Dralle, Harold Dralle, Walter Gleason, Hanna Niss, George Stevenson, Alma Stoll, Helen Sturtevant, Max Whitwright, Glenn Barcus, Floyd Altenburg, Lionel Baker, Loreen Glass, Della Hawks, Amos Johnson, Lura Lawyer, Teddie Scott.

Second primary—Walter Albertson, Clarence Crawford, Ollie Dralle, George Goding, Helen Ide, Mabel Iauling, Floyd Mansfield, Hazel Pierce, Lily Clausen, Martha Scherf, Wallace Hopkins, Rose Kindelsparker, Griffith Reid, Derwin Scott, Francis Sturtevant, George Van Wie, Agnes Weber, Eldora Ivan, Harry Jackson, Laura Clausen, Dorothy Glass, Mabel Wilson, Gertrude Nutt.

First intermediate—Helen Barcus, Irene Patterson, Harold Wilson, Lillian Lange, Millie Hawks, Lyle Shattuck, Helma Carlson, Floyd Johnson, Walter Rosenfeld, Lydia Dralle, Dorothy Bauman, Leslie Lauman, Ivan Ide, Elmer Albertson, Emma Bender, Otto Dralle, Floyd Buckle, Earl Deardurff, Dewey Nulle, Lillian Stoll, Horatio Perkins.

Second intermediate—Florence Albertson, Roy Abraham, Marion Brown, Frank Bender, Lorene Brown, Sara Carb, Tillie Dralle, Edwin Dempsey, Herman Dralle, Harold Durham, June Hammond, Hazel Harshman, Viva Layton, Myrtle Portner, Verna Pierce, Greta Ricketts, Harry Stanley, Clarence Tischler, Clara Wolter, Lina Lord, Harold Austin, Johnnie Baker, Carl Carlson, Irving Dralle, Verna Hannah, Charles Schoonmaker, Mary Ritter, Donnie Wyld, Hazel Goding, Elmer Johnson, Tom Abraham, Clara Stephenson.

Grammar room—Eva Ainley, Guy Bowers, Sydney Burroughs, Floyd Durham, Lawrence Duval, Dillon Patterson, May Ritter, Ida Stoll, Alys Sowers, Nellie Stephenson, Earl Shattuck, Edwin Albertson, Gladys Brown, Marion Bagley, Essie Clark, Frank Crawford, Arla Crawford, Lulu Dralle, Margaret Deardurff, Jay Evans, Mildred Hewitt, Amarett Harlow, Carl Holtgren, Pearl Rann, Marion Slater, Grace VanDresser, Vila White.

High school—Genevieve Baldwin, Belle Campbell, Thos. Hepburn, Esther Smith, Earl Moyers, Guyla Corson, Jennie Pierce, Ruth Slater, Harry Carb, Malwin Nulle,

Ward Olmstead, Claude Patterson, Harry Whipple, Irene Anderson, Myrtle Anderson, Ruth Crawford, Velma Crawford, Gertrude Hammond, Edna King, Cora Watson, Mason Campbell, Edgar Lettow, Lewis Scott, Clive Watson, Mamie Duval, Jessie Griggs, Mary Payne, Myrtle Van Dresser, Alvina Schmidt, Clayton Brown, Floyd Brown, Edwin Cooper, Merle Evans, Alve Peterson, Harold Patterson, Rutberford Patterson, Howard Stanley.

The following are the first and second ranks of the various classes for November:

FIRST GRADE

Floyd Altenburg, 1st.

Glenn Barcus, 2nd.

LOWER SECOND GRADE

Ennis Clark, 1st.

Velma Wahl }
Gertrude Rowen } 2nd
Hanna Niss }

UPPER SECOND GRADE

Dorothy Glass }
Richard Witt } 1st
Laura Clausen }
Lily Clausen } 2nd

THIRD GRADE

Hazel Lawyer }
Gretchen Marquart } 1st
Agnes Weber }
Pearl Hawley }
Walter Albertson } 2nd

FOURTH GRADE

Walter Rosenfeld }
Helen Barcus } 1st
Irene Patterson }
Allen Patterson }
Lyle Shattuck } 2nd

LOWER FIFTH

Floyd Buckle, 1st

Horatio Perkins, 2nd

UPPER FIFTH

Donnie Wyld, 1st

Chas. Schoonmaker, 2nd

SIXTH GRADE

Clara Walter, 1st

Florence Albertson, 2nd

SEVENTH GRADE

Ida Stoll, 1st

Dillon Patterson, 2nd

EIGHTH GRADE

Karl Holtgren, 1st

Gladys Brown, 2nd

FRESHMAN CLASS

Mary Payne, 1st

Merle Evans, 2nd

SOPHOMORE CLASS

Edna King, 1st

Irene Anderson, 2nd

Gertrude Hammond, 2nd

JUNIOR CLASS

Grace Sandall, 1st

Ruth Slater, 2nd

SENIOR CLASS

Esther Smith, 1st

Earl Moyers, 2nd

TONY IS DEAD

The following pupils of the second intermediate were perfect in spelling for the month: Frank Bender, Viva Layton, Greta Ricketts, Clarence Tischler, Clara Wolter, Lina Lord, Verna Hannah.

The following of the second intermediate received E in deportment for the month: Frank Bender, Florence Albertson, Marion Brown, Lorene Brown, Sara Carb, Edwin Dempsey, Harold Durham, June Hammond, Hazel Harshman, Viva Layton, Verna Pierce, Harold Austin, Carl Carlson, Verna Hannah, Charles Schoonmaker, Mary Ritter, Donnie Wyld, Hazel Goding, Elmer Johnson.

The following pupils of the high school made E on spelling for the month: Earl Moyers, Eda Smith, Verne Crawford, Belle Campbell, Guyla Corson, Ward Olmstead, Esther Smith, Jennie Pierce, Irene Anderson, Ruth Slater, Edna King, Irma Perkins, Gertrude Hammond, Cora Watson, Nina Patterson, Merle Evans, Mamie Duval, Mary Payne, Grace Sandall, Myrtle Anderson, Myrtle Van Dresser.

The following high school pupils made E in deportment for November: Genevieve Baldwin, Belle Campbell, Vernon Corson, Thomas Hepburn, Earl Moyers, Guyla Corson, Myrtle Anderson, Harvey King, Gertrude Hammond, Nina Patterson, Myrtle Van Dresser, Mary Payne, Clayton Brown, Floyd Brown, Alve Peterson.

OF GENERAL INTEREST

ITEMS STOLEN FROM COLUMNS OF EXCHANGES

SHREDDER GETS A VICTIM

Rochelle Hunter Fatally Injured as Result of His Own Carelessness—Snake Bites in Rockford

Caught in the fly-wheel of a corn shredder and literally torn to pieces, Edward B. Kromer, 65 years, met death last week on the farm of Doreen Hill at Big Woods, east of Batavia. Kromer is the first victim this season of the fatal corn shredder in Kane county, although there have been numerous smaller accidents.

W. B. Sechler, aged 50 years, of Rochelle is in the hospital there in a critical condition, the result of a hunting accident south of that place Thursday. Both barrels of a twelve gauge shot gun emptied their contents into the hunter as he was getting into a buggy. It was stated at the hospital yesterday that little hope was entertained for the recovery of the injured man.

There were 2,931 cases of snake bite treated at Rockford drug stores during the month of October and 2,979 during September. The reports carry out the belief that liquor is still one of the popular medicines of the day, one of the cure alls, time-tried and true.

Ernest Lynn, a man who had stored away more Beloit liquid refreshments than he could carry home, was picked up by the police Friday night in Beloit just in time to save him from being run over by the cars. He was lying asleep on the railroad track.

According to the closest calculations, DeKalb county will be \$3,000 poorer on account of the recent election.

If an old brindle cow gets out many a man will walk the streets half the night looking for her, but let a twelve-year-old son or a sixteen-year-old girl not show up until eleven o'clock, and the parents will retire for the night without a disturbing thought.

The whiskey trust reports that the sales for 1908 were 127,000,000 gallons against 168,000,000 gallons of the year 1907. Whether the people are getting better, or times are so good that people are not driven to drink is not stated.

J. H. Ahrens, owner of a \$40,000 stock of merchandise at Sterling, says he received a wireless message from Jesus to sell his stock and become an evangelist, and he obeyed the command.

Twelve thousand pounds of honey were shipped from Morris over the Rock Island Friday afternoon by Lars Ness, the bee raiser of Aux Sable township. It was sent to a firm in Indianapolis and was one of the largest shipments of honey ever recorded from any one point.

Burglars looted two safes at Cherry Valley Thursday night, but secured only \$10 in the two of them. The post office was again entered and robbed, and Jordan Brothers, grocers and meat market, were the other victims.

Tony was only a little fellow, about as large as a good sized cat, with long shaggy hair—and he was only a dog, but his death last Wednesday caused not a little sorrow in the heart of its owner, Wm. P. Lloyd. Tony was eleven years old and was known by everyone in the town. He was unusually intelligent, many of his actions being almost human. Money could not have bought the dog from its owner.

ARE SENT TO ELGIN ASYLUM

Judge Pond Commits Three to Hospital at Elgin Monday

Judge Pond examined three individuals as to their sanity in county court Monday, the jury in every case determining it best to send the patient to Elgin for treatment.

John Tyberg, a young man of DeKalb, was the first examined. He was taken violently insane only a few days ago. The authorities say they never handled an insane person more violent. He was taken suddenly at his home in DeKalb one day last week. He began pacing up and down the street near his home. The home folks unable to care for him turned him over to Sheriff Hohm who placed him in the county jail. It was determined he was too violent to be brought to the court room so the judge and jury visited the jail where they found the patient securely strapped to the birth in his cell. His insanity manifested itself by the most incoherent talking and raving. He was taken to Elgin Monday afternoon by the sheriff. He is but 23 years of age, single, and the son of John Tyberg, a respected citizen of DeKalb. The young man has been employed in the manure spreader factory in DeKalb and was considered a young man of exemplary habits and character.

William Juris, of DeKalb, applied to the court to go to Elgin asylum as a voluntary patient. He is suffering from a nervous affection which he believes can be treated successfully there. The petition was granted.—Tribune.

The Picture Show
The moving picture show given by the Bijou Company Tuesday was a little better than any thus far produced here. The story of Sampson, the strong man of Bible fame, was beautifully depicted with an elaborately colored film. In this film which is 1000 feet long there are no less than 16000 distinct and separate photographs, each of which is colored by hand. One can easily judge of the amount of labor required to produce a film of this nature. The picture of the big fire was also a wonderful production and well worth the price of admission. On next Tuesday evening special pictures will be shown together with something new in the side attractions. Don't forget the date, Tuesday evening, Dec. 1.

Judgment for \$42,439.22
The Pierce Trust and Savings bank of Sycamore secured judgment last week against Ratus and Eva Pace for \$42,439.22. This is the largest judgment that has been rendered in Lee county for several years, perhaps the largest individual judgment in twenty-five years. It was made on a judgment note. All the parties to the affair live in Sycamore and the only reason for the getting of judgment in this county was that the Paces held landed interests in Lee, said to be far in excess of the claim. The attorney's fees for getting judgment were \$1,044.85. The attorneys were John R. Cochran for the plaintiff and William C. Fulton for the defendant, both from DeKalb county.—Dixon Star.

Butter 30 Cents
The price of butter remained at 30 cents on the Elgin board of trade Monday. The output for the Elgin district for the week was 649,700 pounds.

Notice
I will prosecute to the full extent of the law anyone caught stealing traps. Wm. H. WAGER, 1*12-21

WORK ON ELECTRIC

GRADING WITHIN FIVE MILES OF MARENGO

BOND SALE PROGRESSING

Sycamore Asked to Buy \$8,000 Worth of Bonds to Insure Service in the Spring

In a recent interview Mr. Seymour, contractor for the Woodstock-Sycamore Traction Co., states that grading has been finished from Genoa north to a point within five miles of Marengo, and if the weather continues mild that city will probably be reached shortly after the first of the year. There is little doing between Genoa and Sycamore.

Bonds are still on the market and are being offered for sale along the route of the road. Concerning this effort to dispose of the paper the True Republican says:

"A meeting called by over 30 of the citizens of Sycamore was held in the Commercial club rooms on Thursday evening of this week, and the prospects for the completion of the Woodstock-Sycamore electric railway north from Sycamore were discussed. Much information and encouragement was gained from the talks.

In order that the road may be constructed in a reasonable time, it is necessary that the people most interested—those who live in the territory benefited—should show some confidence in the enterprise by taking stocks and bonds. Genoa has done well, taking \$7,000 worth. Sycamore is now asked to take \$8,000 worth. If the people of Sycamore do this it is promised that grading will be hurried and the rails laid between Sycamore and Genoa so that the road will be in operation in the spring."

Killed at Marengo

Ground beneath the wheels of an interurban car, William Hicks, Jr., 26 years old and son of W. G. Hicks, prominent farmer of Boone county, was fatally injured early Sunday morning in the yards of the Elgin and Belvidere Electric company at Marengo. The accident is one of the few that has proven disastrous since the erection of the electric line two years and a half ago.

Hicks had gone to Marengo Saturday evening, as was his regular practice, to fill up on tangle-foot. In walking along the tracks of the interurban he was overcome by the effects of drink and fell asleep on the rails at a curve where the motorman could not see his body until too late.

Strike at DeKalb

A little muddle in the shoe factory at DeKalb Monday resulted in the stitching room employees walking out and the superintendent announces the room is closed indefinitely.

The trouble was caused by the discharge of Miss Mae Hill for defective stitching, so claims the superintendent.

Evidently Miss Hill was a very popular young lady, for the employees in the stitching room went with her.

Nearly Million Woodmen

According to the membership statement for the first ten months of the year 1908, ended October 31, and just completed by Head Clerk G. W. Hawes, the M. W. A. has made a net gain in beneficial members of 64,827, and a net gain in insurance in force of \$93,037,000. On October 31 the society had 944,891 beneficiary members in good standing, carrying \$1,523,715,000 insurance.

LESLIE GRIGGS DEAD

Passed Away at Canyon City, Texas, after Long Illness

Genoa relatives received a telegram Tuesday evening announcing the death of Leslie Griggs at Canyon City, Texas.

Mr. Griggs was stricken about four months ago with fever and he never recovered from the effects of the disease, passing away on Monday evening, Nov. 23.

E. H. Griggs, father of the deceased started back to Genoa with the body Wednesday morning, but at this writing the time for the funeral has not been set. Mr. Griggs was a member of one of the Elgin I. O. O. F. lodges.

MEEHAN AT LARGE

Former Genoa Man Escapes from Elgin Asylum

William (Billy) Meehan has taken French leave from the Northern hospital for the insane at Elgin.

Meehan was sent to the asylum from Belvidere some months ago after he had tried to hold up the Weber meat market at the point of a revolver and had also tried blackmailing. When the case was called in court local physicians testified that they believed him insane and he was sent to the asylum at Elgin.

It appears that Meehan skipped about four weeks ago. The circumstances of the escape are not known here, but it is said that he is now in another state.

Meehan at one time resided in Genoa, being a member of the fast base ball team of 1897.

Business Men Win

Two bowling teams, composed of business men and employees of the Cracraft, Leich Electric Co., came together in an interesting contest at Evans' alleys last Wednesday evening, the business men winning by a narrow margin.

CRACRAFT, LEICH

Players	First Game	Second Game	Third Game
Lietzow	153	126	137
Adams	139	142	101
McAllister	124	120	128
Nelson	120	126	136
Ruehlman	145	137	104
Totals	681	651	666

Team average 133 1-5.

BUSINESS MEN

C. Patterson	120	178	121
Totals	645	682	683

Team average 134.

Can't Print Card Party Winners

Under recently adopted postal laws it is not permissible for a newspaper to print lists of prizes won at cards, fairs or club parties, or to even announce such prizes in advance. This law reads in part:

"Nor shall any newspaper, magazine, pamphlet or publication of any kind offering prizes dependent on chance, or containing any list of prizes awarded at the drawings of any such lottery or gift enterprise, whether said list is of any part or of all of the drawing, be carried in the mail or delivered by any postmaster or letter carrier."

Disbarment from the mails is not the only punishment prescribed under the above section, as any person who deposits in a mail box, or offers for delivery, any such matter as described above, is guilty of a misdemeanor, which is punishable by a fine of \$500 or one year's imprisonment, or both.

As soon as weather will permit E. C. Crawford will add another story to the addition at the rear of his building at the corner of Main and Emmett streets.

THE LIQUOR CASES

GRAND JURY RETURNS FIFTY-ONE INDICTMENTS

EXPENSE FOR THE COUNTY

Red Lewis Is Indicted for Larceny—Stole Money and Watch from Railway Cook

After three weeks work, requiring the longest session of that body known to this county, the grand jury reported their indictments on Thursday night. They returned in all 51 indictments, most of which were for selling liquor contrary to the local option law, the proprietors of the several soft drink places being charged with selling liquor contrary to the new law, and the proprietors of the drug stores being charged with selling liquor as a beverage. Of course it is understood that none of the accused are allowed to appear in defense before a grand jury, and therefore an indictment is little if any evidence of the guilt of the persons indicted. But the indictments mean a large amount of work and expense in court. The names of those indicted, the number of counts and the names of the witnesses against them are as follows:

DeKalb—
Gus Kirchner 23 counts; witness Frederick Bates.
James Rowe 22 counts; Wit. Dell Price, Edward Lillanpoa, Knute Riipi, Paul Johnson, Victor Frigard, Wicktor Frigard, Mike Holma, Paul Johnson and Lawrence Brock.
Henry Hoyt 21 counts; Wit. John Hanson, Christian Lausen, Roger Smith, Frederick Larson, Sam Loma, Paul Johnson and Andrew Erickson.
Saren Arenkill and Thomas Collins 10 counts; Wit. Lawrence Brock, John Hanson, Christian Lausen and August Schallblom.

Gus Johnson 7 counts; Wit. August Scholblom, Andrew Erickson and Paul Johnson.
George Tadd 12 counts; Wit. Webster Scott, John Hanson and Christian Lausen.
William Brown 6 counts; Wit. Sam Nesta and Webster Scott.
Michael Hannan 9 counts; Wit. Webster Scott and August Scholblom.

Timothy Dugan 11 counts; Wit. Lawrence Brock, Gust Engstrom, Edward Lillanpoa, Oscar Mari and Paul Johnson.
Moses Brown 4 counts; Wit. Wick Blagevich and Joe Mandich.
Sycamore—
Hiram Gilmore 23 counts; Wit. John Lundberg, Charles Burt, R. J. Holcomb, Charles Rohkohl and Fred Reinhart.
William Sanford 9 counts; Wit. Charles Rohkohl and Fred Reinhart.

Louis E. Peck 32 counts; Wit. Rohkohl and Reinhart and Reuben Holcomb.
Norman Kelley 19 counts; Wit. Rohkohl and Reinhart.
Minnihan & Hart 8 counts; Wit. Rohkohl and Reinhart.
Elmer Stroberg 5 counts; Wit. Rohkohl and Reinhart.
Peter Johnson and John Strombom 10 counts; Wit. Rohkohl and Reinhart.

The persons against whom indictments were found have given bonds of \$500 each for appearance. Some of the cases will be set for trial at this term and will probably come up before the court next week. The time for preparation for trial is so short, however, that they will ask a continuance, which may be granted. Indictments were also found as follows:

George L. Brown, alias Emory Lewis alias Red Lewis for larceny on October 30, from Lewis Burton of one gold watch and sum of money.—True Republican.

THE NEWS IN BRIEF.

Mrs. Carrie A. Nation sailed for Scotland to conduct a temperance crusade. A German balloon that passed over Russian territory was fired on by Russian frontier guards. Elliott Archer, accused in Newark, N. J., of forgeries aggregating \$70,000, was arrested in Seattle. The hospital ship Relief is several days overdue at Manila and some concern is felt for her safety. Dr. O. S. Mills, house physician at the Columbus (O.) insane asylum, committed suicide at Gallipolis, O., by shooting. The Eldred bank of Eldred, McKean county, Pa., has suspended. It is a private institution and the capital stock is \$100,000. Serbia, fearing an Austrian raid on Belgrade, removed 17 carloads of coin and the archives of the national bank to the fort at Nish. Three firemen were seriously injured and ten others overcome by smoke during a fire at the new Hotel Monroe in Butler, Pa. An unconditional gift of \$50,000 to the endowment fund of the University of Virginia has been made by Col. Oliver R. Payne of New York. Gen. Sir Henry Wilkinson, a well-known British capitalist, who was largely interested in mining in the Lake of the Woods district, died at Winnipeg. Carl Loose, a New York baker, shot and killed his daughter Meta, aged 17, and probably fatally wounded his son Frederick, pastor of a Lutheran church at Yale, S. D. Girth Spencer, a young farmer of Owen, Ind., was accidentally shot and killed by Miss Ida Reinhart, to whom he was engaged to be married Christmas day, at the girl's home in Louisville, Ky. George R. Sheldon, treasurer of the Republican national committee, filed the list of contributions for the recent national campaign. It shows 12,330 contributors. The total amount contributed was \$1,579,578.27. Mrs. Georgianna Sampson of Palmyra, N. Y., widow of Harry Sampson, nephew of the late Admiral Sampson, was arrested charged with the murder of her husband, whose death was at first said to be suicide. Miss Lillian McKee, supervisor of art in the North Side high school of Pittsburg, and V. S. Bell, a well-known and wealthy photographer, were run down by a passenger train, Miss McKee being killed and Mr. Bell badly injured.

PYTHIANS IN CELEBRATION.

Fortieth Anniversary of First Western Lodge is Observed. Omaha, Neb., Nov. 24.—Six thousand members of the Knights of Pythias Monday began a celebration of the fortieth anniversary of the establishment of the first lodge west of the Allegheny mountains. That lodge, known as Nebraska No. 1, was founded in Omaha November 23, 1868, with nine members, George H. Cramer instituting the lodge. A feature of the evening program was the conferring of the third rank on a class of 1,080 members, the largest ever taken into that rank at one time. Eight states are participating in the celebration and many others have sent representatives.

CUMMINS NOW A SENATOR.

Elected to Succeed Allison — Garst Governor of Iowa. Des Moines, Ia., Nov. 25.—Tuesday was Iowa's busy day. A United States senator to fill out the unexpired term caused by the death of the late Senator Allison and the selection of a governor to fill out the unexpired term of Gov. A. B. Cummins was the order of business. Following the election of Gov. Cummins to the senate by a vote of 109 to 35 at 12:20, Lieut. Gov. Garst at three o'clock was duly inaugurated and assumed the reins of office immediately.

THE MARKETS.

Table with market prices for various goods like Live Stock, Flour, Butter, Eggs, etc. Columns include item names and prices.

MILWAUKEE.

Table with market prices for various goods like Grain, Cattle, Hogs, etc. Columns include item names and prices.

KANSAS CITY.

Table with market prices for various goods like Grain, Cattle, Hogs, etc. Columns include item names and prices.

ST. LOUIS.

Table with market prices for various goods like Cattle, Hogs, Sheep, etc. Columns include item names and prices.

APHTHOUS FEVER IN PHILADELPHIA

SOME CATTLE INFECTED WITH THE FOOT AND MOUTH DISEASE FOUND IN THE CITY.

Slaughter Is Ordered—State Health Official, After Investigating Cases of Children at Danville, Says Humans Have Little to Fear.

Philadelphia, Nov. 23.—The first cattle in this city found to be suffering from apthous fever, or hoof and mouth disease, were located Sunday through the department of health and charities. Inspectors learned that four cattle had been shipped from an infected district near Norristown, Montgomery county, to Jacob Haesler, a dairyman in the northern section of the city. When an investigation was made it was found that two cows were suffering from the fever. They were in a pen with 15 others, and as a matter of precaution the department killed the entire herd, confiscated a large quantity of milk and disinfected the barns, pens and milk house and quarantined the place. Other Animals Slaughtered. A report that reached Dr. Leonard Pearson, the state veterinarian, in which it was stated that eight cattle had been shipped from an infected district to a slaughter house in the lower section of the city, caused the inspectors to also quarantine that place and order the destruction of eight cows which had been received and also 125 sheep which were in the yards with them. The animals were slaughtered Monday. Humans Need Not Fear. Dr. Herbert Fox, chief of the laboratory of the state department of health, who was sent to Danville last week to examine seven children who were supposed to have contracted the cattle disease, said Sunday at his home in this city that there need be little fear of the fever becoming epidemic among humans. Of the seven cases he examined, he said, but one was severe and that while it may have been a case of apthous fever, there was nothing to prove conclusively that such was the case, while in the case of four others it was certain they were not suffering from the disease. Dr. Fox said that he does not believe that the disease is intercommunicable between cattle and man by butter and milk. He thinks the danger lies in the careless handling of milk. Infected Herds in Michigan. Detroit, Mich., Nov. 25.—On five farms in Livonia township Tuesday were found 100 cattle infected with foot and mouth disease. These cattle will be killed. Secretary of Agriculture Wilson and Dr. A. D. Melvin of the United States bureau of animal industry arrived late at night for a conference with the officials already here.

TWO TORNADOES SWEEP ARKANSAS

THIRTY LIVES REPORTED LOST IN WESTERN PART OF THE STATE.

Property Loss Is Great—Many Towns Partly Laid in Ruins by the Furious Storms—Details Are Slow in Coming In. Little Rock, Ark., Nov. 24.—Two tornadoes, one north and the other southbound, swept over west Arkansas Monday afternoon, destroying many lives and much property. All means of communication were destroyed and only indefinite reports have come from the districts visited by the tornado. From reports received at least thirty lives were lost. The property loss will reach hundreds of thousands of dollars. According to advices received, the storm was at its height when it swept through Piney, a German settlement on the Iron Mountain railroad between Knoxville and London. Late reports from Russellville, the nearest town with which communication can be had, are that between twelve and twenty persons were killed and about thirty injured at that place. Five are also reported to have been lost ten miles from Mulberry, where one of the tornadoes did great damage. Many Towns Are Hit. The storms also visited Ozark, whence nothing has been heard yet; Lodi, near Texarkana, where three buildings were destroyed and a woman injured; Lewisville, in Lafayette county, where great damage was done to timber and fences, and several buildings destroyed; Berryville, where eight people were injured but not seriously, and a number of residences were wrecked; Palmos, where great damage is reported, and Jethro and Wallersville, which towns are reported to have been completely wrecked. No advices have been received from Jethro, Wallersville and Palmos as to the loss of life or damage. Sweeps Everything Away. The tornado also struck Walla Walla and Dyer, two other small towns, doing great damage, paths ranging in width from two miles to a half mile being swept through towns, forests and open country. Some reports stated that nothing had been left in many districts, that homes, timber, buildings, fences and everything had been uprooted and blown to bits. A report from Fort Smith states that it seemed that 25 lives are lost in towns outside of Piney and Mulberry. This dispatch declares the destruction of the town of Cravens was complete. Four persons were killed, two fatally injured and eight missing at that place.

MISSOURI VOTE ALL TAFT'S.

Gov. Folk Decides Disputed Question About Electors.

Jefferson City, Mo., Nov. 24.—Gov. Joseph W. Folk Monday afternoon decided that, under the Missouri statute, all the electoral votes of the state should go to William H. Taft. This decision was made in spite of the fact that Brannock, the Bryan elector for the Sixteenth congressional district, received more votes than Kiel, the second Republican elector-at-large, who received the lowest vote on the Republican electoral ticket. Brannock, however, received fewer votes than the Republican elector for the Sixteenth district. The Missouri statute requires that an elector shall reside in the district for which he is elected. Taking the vote of the first elector as a basis, the plurality of Taft in Missouri is 1,026. Both the Democratic and Republican electors in the Sixteenth district ran ahead of their respective electoral tickets. This is explained by the theory that some of the voters in the Sixteenth district voted only for the district elector.

FOUR MEN DIE IN A FIRE.

Daring Rescue of Four Others by New York Firemen.

New York, Nov. 24.—Four men are believed to have lost their lives in a fire which partly destroyed a seven-story business building on Canal street Monday night and which incidentally afforded an opportunity for a display of heroism on the part of two firemen who saved the lives of four men trapped on the top floor of the building. The heart of the structure was a seething mass of flames when, at a nod from Chief Croker, Firemen Edward A. Rose and Frank Wintrich escaped a 35-foot ladder to the fire escape on the third floor, climbed through fire and smoke to the roof and there, with the flames bursting out all around them, succeeded in rescuing four unconscious men, carrying them down one by one.

TO Manage Taft Inauguration.

Washington, Nov. 25.—Chairman Frank H. Hitchcock of the Republican national committee Tuesday announced the appointment of Edward J. Stollwagen as chairman of the inauguration committee. Mr. Stollwagen is one of the leading capitalists of the district, among other positions occupied by him being that of president of the Union Trust Company. Caracas, via Wilmington, Nov. 25.—President Castro sailed Monday from La Guaira on the steamer Guadeloupe for Bordeaux, for the purpose of undergoing an operation at the hands of a skilled specialist of Berlin.

TOO LATE.

ENGLAND EASY TO INVADE

LORD ROBERTS STIRS PEERS BY ALARMING SPEECH.

Declares That Germany Could Land Forces in Britain and Impose Humiliating Conditions.

London, Nov. 24.—Speaking in the house of lords Monday night, Field Marshal Lord Roberts expressed the conviction that the lack of military force to make hopeless the attempt of an invasion would, in all probability, be the cause of the loss of Great Britain's supremacy at sea. In a studied speech he pointed out the comparative ease with which Germany could land an army on the shores of England. Under the present conditions England would be forced, he said, to submit to most humiliating demands. He disclaimed all hostility to or fear of Germany; but he declared that the defense of the islands required immediate attention. There should be an army so strong in numbers and efficient in quality that the most formidable of foreign nations would hesitate to make a landing in England. He had ascertained, the speaker continued, that vessels capable of accommodating 200,000 men always were available in the northern ports of Germany, and that as a result of the new German service law 200,000 men could be collected in the districts of the nearest port without any trouble. The great German steamship lines were in constant practice in embarking and disembarking, and as the railroads were owned by the state, all preliminaries, up to the actual dispatch of troops, could be carried out with the utmost secrecy. Germany was perfectly aware, the field marshal went on, that it would be essential for her transports to evade the British fleet, and she could easily distract attention by small raids while the main disembarkation was proceeding undisturbed.

THREE NEGROES ARE LYNCHED.

Tiptonville Mob Metes Out Swift Justice to Murderers.

Union City, Tenn., Nov. 25.—The little town of Tiptonville, bordering on Reelfoot lake, which has been the scene of many stirring incidents the past month, witnessed the lynching late Tuesday afternoon of three negroes, who were arrested in the morning for murdering Special Deputy Sheriff Richard Burruss, and fatally wounding Deputy John Hall. The negroes were Marshall Stineback, Edward Stineback and Jim Stineback. These brothers created a disturbance at a religious meeting near Tiptonville Saturday night. When the two officers attempted to arrest them a fight ensued in which the officers were shot. The mob waited until they had been tried, convicted and sentenced in Justice Davis' court to death, and then seized and hanged them.

Teachers Will Meet in Denver.

Winona, Minn., Nov. 25.—The executive committee of the National Educational association Tuesday announced that Denver has been selected as the place for holding the forty-seventh annual convention. The date selected is July 5 to 9, 1909. The presidents of the 21 departments will meet in Chicago on January 1 and 2 to formulate a program. Well-Known Circus Man Dead. New York, Nov. 24.—Frank Melville, one of the best-known circus men in the United States and for a number of years equestrian director of the Hippodrome, succumbed to heart failure Monday night in the general offices of the Hippodrome. Mr. Melville was 67 years old, 44 of which he proudly boasted he had spent in the saddle. Aerograms Cross the Pacific. San Francisco, Nov. 25.—Across 4,700 miles of ocean aerograms have been received from Japan by operators in the United States wireless telegraph station in this city. Two Minnesota Boys Drowned. Cass Lake, Minn., Nov. 24.—Albert Gamache and Charles Dupont, boys, were drowned near here while skating on this ice.

ARCHBOLD ENJOYS TELLING OF TRUST

VICE-PRESIDENT OF STANDARD OIL COMPANY IS PUT ON THE STAND.

Rockefeller Ends Story — Testifies That When the Combine Was Effected He Owned Nearly One-Third of the Company's Stock.

New York, Nov. 25.—John D. Rockefeller was replaced on the stand by Vice-President John D. Archbold of the Standard Oil Company late Tuesday afternoon in the government's suit to dissolve that organization. Mr. Archbold beamed with satisfaction in telling of the Standard's early history. His clear blue eyes twinkled when he told of the industrial fights, saying that he kept careful watch on his competitor and then "tried to beat him." After telling of his earlier experiences in the oil industry, Mr. Archbold said the introduction of refined oil for domestic use was most difficult because of opposition of the public as a result of its odor and burning qualities. From 1870 to 1875 the multiplication of refineries brought about a surplus which caused wide fluctuations of prices of oil. There were no systems of reserve or storage, he added. Speculation in oil stocks was rampant, and even the price of oil was speculated in, which demoralized the business and made it hazardous for the manufacturer. The management of gathering lines was very bad, said Mr. Archbold. John D. Tells of His Holdings. For the first time since he has been on the witness stand at this hearing Mr. Rockefeller was a little late in arriving Tuesday. Frank B. Kellogg, the government's special assistant attorney general, resumed his cross-examination, taking up the organization of the Standard Oil Company of New Jersey where he ended it Monday. Mr. Kellogg read what he said was a list of stocks obtained by that company in 1899 for which it had exchanged its own shares. He said that 442,797 out of a total of 983,383 shares first issued were in the name of John D. Rockefeller. Mr. Rockefeller said he did not own so much stock as that but did own 256,854 shares of the Standard Oil Company of New Jersey at that time and that he accepted the other stock and distributed it to the proper stockholders. He added that frequently holders of certificates of the Standard Oil trust exchanged them for stock in the Standard Oil Company of New Jersey rather than accept shares of the various subsidiary companies. "I turned over my trust certificates to the liquidating trustees," said Mr. Rockefeller, "and obtained a paper on which I secured shares in the constituent companies, which I turned in to the Standard Oil Company of New Jersey." Mr. Rockefeller declared that he never acted as an attorney for any one in this process of liquidation. John D. Didn't Create Trust. New York, Nov. 24.—Credit for the creation of the Standard Oil trust, which counsel for the federal government claim still exists as the Standard Oil Company of New Jersey, was given by John D. Rockefeller, as a witness Monday under cross-examination in the federal suit to dissolve the Standard to two men—Henry M. Flagler and Samuel C. T. Todd. To these two master architects of the oil combine Mr. Rockefeller gave full credit, saying that he was sure it was not himself as he did not possess the ability for so progressive a move. Mr. Rockefeller spent an arduous day on the stand under the incessant questioning of Frank B. Kellogg, the government counsel, and when adjournment was taken he gave every evidence of delight that the day was done.

TWO TORNADOES SWEEP ARKANSAS

THIRTY LIVES REPORTED LOST IN WESTERN PART OF THE STATE.

Property Loss Is Great—Many Towns Partly Laid in Ruins by the Furious Storms—Details Are Slow in Coming In. Little Rock, Ark., Nov. 24.—Two tornadoes, one north and the other southbound, swept over west Arkansas Monday afternoon, destroying many lives and much property. All means of communication were destroyed and only indefinite reports have come from the districts visited by the tornado. From reports received at least thirty lives were lost. The property loss will reach hundreds of thousands of dollars. According to advices received, the storm was at its height when it swept through Piney, a German settlement on the Iron Mountain railroad between Knoxville and London. Late reports from Russellville, the nearest town with which communication can be had, are that between twelve and twenty persons were killed and about thirty injured at that place. Five are also reported to have been lost ten miles from Mulberry, where one of the tornadoes did great damage. Many Towns Are Hit. The storms also visited Ozark, whence nothing has been heard yet; Lodi, near Texarkana, where three buildings were destroyed and a woman injured; Lewisville, in Lafayette county, where great damage was done to timber and fences, and several buildings destroyed; Berryville, where eight people were injured but not seriously, and a number of residences were wrecked; Palmos, where great damage is reported, and Jethro and Wallersville, which towns are reported to have been completely wrecked. No advices have been received from Jethro, Wallersville and Palmos as to the loss of life or damage. Sweeps Everything Away. The tornado also struck Walla Walla and Dyer, two other small towns, doing great damage, paths ranging in width from two miles to a half mile being swept through towns, forests and open country. Some reports stated that nothing had been left in many districts, that homes, timber, buildings, fences and everything had been uprooted and blown to bits. A report from Fort Smith states that it seemed that 25 lives are lost in towns outside of Piney and Mulberry. This dispatch declares the destruction of the town of Cravens was complete. Four persons were killed, two fatally injured and eight missing at that place.

MISSOURI VOTE ALL TAFT'S.

Gov. Folk Decides Disputed Question About Electors.

Jefferson City, Mo., Nov. 24.—Gov. Joseph W. Folk Monday afternoon decided that, under the Missouri statute, all the electoral votes of the state should go to William H. Taft. This decision was made in spite of the fact that Brannock, the Bryan elector for the Sixteenth congressional district, received more votes than Kiel, the second Republican elector-at-large, who received the lowest vote on the Republican electoral ticket. Brannock, however, received fewer votes than the Republican elector for the Sixteenth district. The Missouri statute requires that an elector shall reside in the district for which he is elected. Taking the vote of the first elector as a basis, the plurality of Taft in Missouri is 1,026. Both the Democratic and Republican electors in the Sixteenth district ran ahead of their respective electoral tickets. This is explained by the theory that some of the voters in the Sixteenth district voted only for the district elector.

FOUR MEN DIE IN A FIRE.

Daring Rescue of Four Others by New York Firemen.

New York, Nov. 24.—Four men are believed to have lost their lives in a fire which partly destroyed a seven-story business building on Canal street Monday night and which incidentally afforded an opportunity for a display of heroism on the part of two firemen who saved the lives of four men trapped on the top floor of the building. The heart of the structure was a seething mass of flames when, at a nod from Chief Croker, Firemen Edward A. Rose and Frank Wintrich escaped a 35-foot ladder to the fire escape on the third floor, climbed through fire and smoke to the roof and there, with the flames bursting out all around them, succeeded in rescuing four unconscious men, carrying them down one by one.

TO Manage Taft Inauguration.

Washington, Nov. 25.—Chairman Frank H. Hitchcock of the Republican national committee Tuesday announced the appointment of Edward J. Stollwagen as chairman of the inauguration committee. Mr. Stollwagen is one of the leading capitalists of the district, among other positions occupied by him being that of president of the Union Trust Company. Caracas, via Wilmington, Nov. 25.—President Castro sailed Monday from La Guaira on the steamer Guadeloupe for Bordeaux, for the purpose of undergoing an operation at the hands of a skilled specialist of Berlin.

ARCHBOLD ENJOYS TELLING OF TRUST

VICE-PRESIDENT OF STANDARD OIL COMPANY IS PUT ON THE STAND.

Rockefeller Ends Story — Testifies That When the Combine Was Effected He Owned Nearly One-Third of the Company's Stock.

New York, Nov. 25.—John D. Rockefeller was replaced on the stand by Vice-President John D. Archbold of the Standard Oil Company late Tuesday afternoon in the government's suit to dissolve that organization. Mr. Archbold beamed with satisfaction in telling of the Standard's early history. His clear blue eyes twinkled when he told of the industrial fights, saying that he kept careful watch on his competitor and then "tried to beat him." After telling of his earlier experiences in the oil industry, Mr. Archbold said the introduction of refined oil for domestic use was most difficult because of opposition of the public as a result of its odor and burning qualities. From 1870 to 1875 the multiplication of refineries brought about a surplus which caused wide fluctuations of prices of oil. There were no systems of reserve or storage, he added. Speculation in oil stocks was rampant, and even the price of oil was speculated in, which demoralized the business and made it hazardous for the manufacturer. The management of gathering lines was very bad, said Mr. Archbold. John D. Tells of His Holdings. For the first time since he has been on the witness stand at this hearing Mr. Rockefeller was a little late in arriving Tuesday. Frank B. Kellogg, the government's special assistant attorney general, resumed his cross-examination, taking up the organization of the Standard Oil Company of New Jersey where he ended it Monday. Mr. Kellogg read what he said was a list of stocks obtained by that company in 1899 for which it had exchanged its own shares. He said that 442,797 out of a total of 983,383 shares first issued were in the name of John D. Rockefeller. Mr. Rockefeller said he did not own so much stock as that but did own 256,854 shares of the Standard Oil Company of New Jersey at that time and that he accepted the other stock and distributed it to the proper stockholders. He added that frequently holders of certificates of the Standard Oil trust exchanged them for stock in the Standard Oil Company of New Jersey rather than accept shares of the various subsidiary companies. "I turned over my trust certificates to the liquidating trustees," said Mr. Rockefeller, "and obtained a paper on which I secured shares in the constituent companies, which I turned in to the Standard Oil Company of New Jersey." Mr. Rockefeller declared that he never acted as an attorney for any one in this process of liquidation. John D. Didn't Create Trust. New York, Nov. 24.—Credit for the creation of the Standard Oil trust, which counsel for the federal government claim still exists as the Standard Oil Company of New Jersey, was given by John D. To these two master architects of the oil combine Mr. Rockefeller gave full credit, saying that he was sure it was not himself as he did not possess the ability for so progressive a move. Mr. Rockefeller spent an arduous day on the stand under the incessant questioning of Frank B. Kellogg, the government counsel, and when adjournment was taken he gave every evidence of delight that the day was done.

ENGLAND EASY TO INVADE

LORD ROBERTS STIRS PEERS BY ALARMING SPEECH.

Declares That Germany Could Land Forces in Britain and Impose Humiliating Conditions.

London, Nov. 24.—Speaking in the house of lords Monday night, Field Marshal Lord Roberts expressed the conviction that the lack of military force to make hopeless the attempt of an invasion would, in all probability, be the cause of the loss of Great Britain's supremacy at sea. In a studied speech he pointed out the comparative ease with which Germany could land an army on the shores of England. Under the present conditions England would be forced, he said, to submit to most humiliating demands. He disclaimed all hostility to or fear of Germany; but he declared that the defense of the islands required immediate attention. There should be an army so strong in numbers and efficient in quality that the most formidable of foreign nations would hesitate to make a landing in England. He had ascertained, the speaker continued, that vessels capable of accommodating 200,000 men always were available in the northern ports of Germany, and that as a result of the new German service law 200,000 men could be collected in the districts of the nearest port without any trouble. The great German steamship lines were in constant practice in embarking and disembarking, and as the railroads were owned by the state, all preliminaries, up to the actual dispatch of troops, could be carried out with the utmost secrecy. Germany was perfectly aware, the field marshal went on, that it would be essential for her transports to evade the British fleet, and she could easily distract attention by small raids while the main disembarkation was proceeding undisturbed.

THREE NEGROES ARE LYNCHED.

Tiptonville Mob Metes Out Swift Justice to Murderers.

Union City, Tenn., Nov. 25.—The little town of Tiptonville, bordering on Reelfoot lake, which has been the scene of many stirring incidents the past month, witnessed the lynching late Tuesday afternoon of three negroes, who were arrested in the morning for murdering Special Deputy Sheriff Richard Burruss, and fatally wounding Deputy John Hall. The negroes were Marshall Stineback, Edward Stineback and Jim Stineback. These brothers created a disturbance at a religious meeting near Tiptonville Saturday night. When the two officers attempted to arrest them a fight ensued in which the officers were shot. The mob waited until they had been tried, convicted and sentenced in Justice Davis' court to death, and then seized and hanged them.

Teachers Will Meet in Denver.

Winona, Minn., Nov. 25.—The executive committee of the National Educational association Tuesday announced that Denver has been selected as the place for holding the forty-seventh annual convention. The date selected is July 5 to 9, 1909. The presidents of the 21 departments will meet in Chicago on January 1 and 2 to formulate a program. Well-Known Circus Man Dead. New York, Nov. 24.—Frank Melville, one of the best-known circus men in the United States and for a number of years equestrian director of the Hippodrome, succumbed to heart failure Monday night in the general offices of the Hippodrome. Mr. Melville was 67 years old, 44 of which he proudly boasted he had spent in the saddle. Aerograms Cross the Pacific. San Francisco, Nov. 25.—Across 4,700 miles of ocean aerograms have been received from Japan by operators in the United States wireless telegraph station in this city. Two Minnesota Boys Drowned. Cass Lake, Minn., Nov. 24.—Albert Gamache and Charles Dupont, boys, were drowned near here while skating on this ice.

PE-RU-NA AS A LAST RESORT

MR. WM. F. VAHLBERG. Mr. William F. Vahlberg, Oklahoma City, Okla., writes: "One bottle of Peruna which I have taken did more toward relieving me of an aggravated case of catarrh of the stomach, than years of treatment with the best physicians. "I had given up hopes of relief, and only tried Peruna as a last resort. "I shall continue using it, as I feel satisfied it will effect an entire and permanent cure. "I most cheerfully recommend Peruna to all who may read this." Peruna is usually taken as a last resort. Doctors have been tried and failed. Other remedies have been used. Sanitariums have been visited. Travel has been resorted to. At last Peruna is tried. Relief is found. This history is repeated over and over again, every day in the year. It is such results as this that gives Peruna its unassailable hold upon the people. We could say nothing that would add force to such testimonials as the above. That people who have had catarrh and have tried every other remedy available, find relief in Peruna, constitutes the best argument that could be made.

MR. WM. F. VAHLBERG. Mr. William F. Vahlberg, Oklahoma City, Okla., writes: "One bottle of Peruna which I have taken did more toward relieving me of an aggravated case of catarrh of the stomach, than years of treatment with the best physicians. COLDS FROM EXPOSURE

to all kinds of inclement weather are of such common occurrence that they are not generally considered dangerous. This is a great mistake. Serious illness often follows in the wake of a neglected cold.

DR. D. JAYNE'S EXpectorant

has been successful for seventy-eight years in curing Colds, Coughs, Bronchitis, and Pleurisy. It is also a standard remedy for Croup, Whooping Cough, Inflammation of the Lungs or Chest and Asthma. Cure your cold now—go to your druggist's and get a bottle of Dr. D. Jayne's Expectorant. Three sizes, \$1.00, 50c, and 25c. Dr. D. Jayne's Tonic Vermifuge will build you up and drive "run down" from a severe cold.

Western Canada MORE BIG CROPS IN 1908

Another 60,000 settlers from the United States. New districts opened for settlement. 320 acres of land to each settler, at \$300 per acre. "A vast rich country and a contented prosperous people"—Extract from correspondence of a National Editor, whose visit to Western Canada, in August, 1908, was an inspiration. Many have paid the entire cost of their farms and had a balance of from \$100 to \$200 per acre as a result of one crop. Spring wheat, winter wheat, oats, barley, flax and peas are the principal crops, while the wild grasses bring to perfection the best cattle that have ever been sold on the Chicago market. Splendid climate, schools and churches in all localities. Railways touch most of the settled districts, and prices for produce are always good. Lands may also be purchased from railway and land companies. For pamphlets, maps and information regarding low railway rates, apply to Superintendent of Immigration Ottawa, Canada or to the authorized Canadian Gov't Agent: C. J. BROUGHTON, Room 430 Quincy Bldg., Chicago, Ill.; W. H. ROBERTS, third floor, Terminal Bldg., Indianapolis, Ind.; or T. O. CURRIE, Room 12 N. Callahan Block, Milwaukee, Wis.

FOR SALE—Southern California best citrus fruit, a vegetable and grain lands; five acre tracts and up. Near Los Angeles, on both electric and steam lines. Cash or easy payments; prices reasonable, varying according to improved or unimproved lands. Address, Pacific Ranch Co., 422 Citizens National Bank Building, Los Angeles, California, owners. Pecos Valley, New Mexico, 12 miles of Roswell, 2 miles of railroad town. 120 acres irrigated by artesian well. Fine reservoir. 90 acres alfalfa. 40 acres orchard, most all bearing. Good buses, barn and grove. Price \$600 per acre. Corn Belt Land & Loan Co., Des Moines, Iowa. BUY A FARM in Trumbull County, Ohio. Rich soil, best markets, macadamized roads, centralized schools, healthful climate. Big list free. E. E. Gregg, Warren, Ohio. PATENTS Watson E. Coleman, Wash. D.C. Best references. Best results.

GERMANY, AMERICA AND FRANCE WANT WRIGHT AEROPLANES.

BY WILLARD W. GARRISON

ORVILLE WRIGHT

A SUCCESSFUL FLIGHT

ORVILLE AND WILBUR WRIGHT bid fair to become millionaires within a decade. This Dayton, O., pair of brothers, who have been working their wonderful aeroplane in both America and France, are being trailed by Germany and several other European countries, which hope to perfect themselves in this—the latest mode of modern warfare.

But until their contracts with both America and France are fulfilled the Wright brothers will enter into no further agreements, they say.

The mishap at Fort Meyer in which Orville Wright was severely injured by falling with his aeroplane a distance of 75 feet, however, made no difference in the plans of the brothers. The machine was repaired and soon the American demonstrations are to be started

from friends and strangers alike.

While they were experimenting in America, it was some time before even the newspapers succeeded in unearthing the fact that a wonderful air ma-

THE WRIGHT BROTHERS' MACHINE AT LE MANS

anew. The death of Lieut. Selfridge was a blow to the cause, for it was hoped that congress would give appropriations towards the work. However the Wright brothers hoped to overcome the setback by brilliant feats later.

The aeroplanes which were recently tried at Fort Myer in the United States and at Le Mans in France are of about the same variety and experts who have seen either of the contrivances declare that as aerial machines the devices are perhaps the height of present-day inventions in that line.

The French government's contract with the Wrights called for two flights of 50 kilometers each, carrying one passenger besides the operator. For this accomplishment with the invention the brothers were scheduled to receive \$100,000, the device being turned over to France.

They learned to call Wright the "bird-man" over in France because of the grace with which his machine soared through the air and was able to land at the point from which he started. Just about the time that Wilbur in France was making a hit with his success at the Les Hunaudieres race course, his younger brother, Orville, started in to do things at Fort Myer, selected as the airship experimental grounds by the United States government.

Wilbur Wright declared that he had more trouble in the course of making his contract and experimenting with his airship in France than he ever wants to experience again. It was in 1905 that Wilbur Wright asked the French government to purchase his machine for \$200,000, the officials replying that after the machine had proved its worth it would be bought. One of the brothers went to France, but no understanding was arrived at during the time of his visit. The following year a committee was selected to act as mediator between the Wright brothers and the government.

A short time later Wilbur Wright was handed \$5,000 as a guarantee, which aided in defraying expenses. Again communications were established with the minister of war and Wilbur agreed to make a flight between two different points at a height of 20 meters and at a speed of 60 kilometers an hour. The machine was to return to the point from which it started. In case success graced the efforts of the inventor, the firm was to receive \$200,000 for the invention. That arrangement fell through a short time later, as set forth above.

It took five months for Wilbur Wright to set up his machine after it had been transported from Ohio to France. It was nearly two weeks after his arrival at Le Mans that the inventor was able to get his motor into working order. The motor is the invention of the Wrights themselves, hence the degree of delicacy of its mechanism can be imagined when the length of time taken to arrange it correctly is taken into consideration.

The machine is started from a sort of catapult and it has attained a level of 50 feet after leaving its stand which is raised a few feet from the ground in order that the delicate parts close to the ground may not be brought into contact with the earth.

Frenchmen and Frenchwomen and children in search of curiosities upon which to feast their eyes, bothered Wilbur Wright to a great extent in France, but his brother Orville at Fort Myer where he made a number of successful tests declared that he had no trouble whatever with curious persons. The brothers were inclined to keep their machine as much of a secret as possible

the shed which shielded his invention. It was a damp spot and the few friends he made among the French public declared that his health was being impaired by his method of guarding the precious secret.

The aeroplane with which Orville Wright experimented at Fort Myer was an exact duplicate of that used in France. There was not a single variance except in a few of the parts, but to the untutored eye both devices were exactly the same, part for part.

Regarding the future the Wright brothers have said little, as is their wont on most occasions when the airship topic is brought into the conversation, but from their closest friends the fact has been learned that Germany is after the invention also and while the brothers, of course, realize that their first duty is with the United States government, they expect to demonstrate the efficiency of the air craft somewhere along the Rhine and hope to secure the prize which the German government has hung up for successful navigators of the ether.

The fact that the Wright brothers were approached by agents of the kaiser puts Germany in the front ranks regarding the study of aviation. It will be remembered that the emperor gave liberally to Count Zeppelin in order that he might construct a new machine after his first airship was destroyed and the authorities among the Teutons believe that when they have secured a "copy" of the Wright device, they will be in a fair way towards taking a lead in affairs aerial.

Just what other countries are also desirous of getting into line with an aeroplane order is not known outside of the firm of Wright & Wright, but that there were a number of agents of other European kingdoms in France at the time that Wilbur Wright was engaged in making his experiments went to show or at least was a strong hint that the aeroplane inventors could derive a lot of the "root of all evil" by simply saying so to the agents, who were careful when visiting to drop a well-placed remark as to their identity.

But for this year, at least, it is declared the experiments are to be confined to the United States and France. Germany, of course, will be next in line and it is considered probable that England will take some share in the game. If the Britons decide to go in for aerial navigation in connection with their war department, it is probable that Orville Wright will be given the assignment of demonstrating the air device somewhere in the neighborhood of London.

One of Orville Wright's most successful flights at Fort Myer, near Washington, occurred just a short time before the official tests. He encircled the field set apart for the experiments five times in addition to going its full length. Then he landed directly in front of the shelter tent, which had been provided for the aeroplane. The total time needed for that trip was four minutes and 15 seconds. Throughout the entire trip the machine was under perfect control, the engine not losing a single "kick," and Wright being able to send it hither and thither without any apparent effort.

The wind was blowing at a rate of three and three-fifths miles an hour and the average speed of the device was estimated at 35 miles an hour. Thirty feet from the ground was the greatest height attained throughout the aerial tour. As Orville continued to experiment with his machine he secured better control and when the time for the tests approached he was able to manipu-

late the aeroplane with as much ease as did his older brother far across the Atlantic in France.

The account of the trial trip at Fort Myer points out the possibilities of the aeroplane. Wilbur Wright in France made trips which were much like those which his brother took at Fort Myer. He made his best performance when he encircled the Les Hunaudieres race course over seven times and maintained a speed slightly over 30 miles an hour. Wilbur gained such superb control of his airship one day that he decided to try a bit of aerial tactics which previously had not entered into the regular daily routine.

He attempted to swoop down suddenly from a height of about 20 feet and the left wing of the invention struck the ground with much force, crippling the machine and making it necessary for him to take several days from his experimental work to repair the injured part.

However the work was soon accomplished and the routine proceeded as usual, except that Wright mastered that swoop until he accomplished it each day. Then the French gave him the title of the "bird-man," which has stuck to him at least in the foreign pictorial magazines and newspapers.

One of the beauties of the accomplishments of Wilbur Wright in France was the demonstration of the superiority of his machine over those which were promoted by the natives of France themselves. When Wright first operated in aeroplane in France, there were several Frenchmen who were able to outdo his feats. In fact one French aerial navigator set a world's record before Wright's eyes. But the mark could not stand for long.

A few days later the American ascended in his contrivance and remained in the air an hour and a half, an accomplishment which has not been touched since, and which probably will not be equaled in more than a decade by the French experts.

The wrecking of the Orville Wright aeroplane at Fort Myer near Washington was a disaster which put a severe kink for a time at least in the work of the brothers.

It is only a few years since the brothers commenced experiments with the aeroplane, and they, themselves, admit that their device to-day is somewhat crude to what it will develop into within a few years. Readers of the newspapers remember how a few years ago the fact that the Wright brothers were destined to make their mark in the world of aeronautics was shielded from the eyes of possible trespassers on their invention. So secretly was the work carried on that it was impossible for even disinterested persons to get within several miles of the machine when it was in action. For several months and even after the aeroplane had been put on exhibition, the brothers would allow no photographs to be taken of the machine. In this stand inventors say they were perfectly justified, for they claimed to have several points which, if secured by other prospective navigators, might deprive them of much of the credit which their great invention has since bestowed upon them.

WILBUR WRIGHT

POPULAR MUSIC

Popular music has melody—it has rhythm—it has simplicity. It is easy to remember and easy to quote. Schoolgirls can play it without doing serious violence to the integrity of the musical score or the main intention of the composer. In listening to popular music little or no effort on the part of the listener is required. One is borne along on the full flood tide of harmony, the flowing stream of melody. And to give oneself to the unrestrained enjoyment of music of this kind is quite as legitimate a recreation as to read a light novel or witness a comedy. The music that is easy to perform and easy to remember has and holds its place.—Philadelphia Ledger.

500 LIVES ARE IN DANGER

TWO STEAMERS IN COLLISION NEAR NEW YORK.

Passengers Leap from One to the Other While Captains Keep Vessels Together.

New York, Nov. 23.—The lives of more than 500 persons were imperiled Sunday when the fruit steamer Admiral Dewey, inward bound from Jamaica, crashed into the steamer Mount Desert, outward bound from Bay Ridge for the fishing banks.

The Admiral Dewey, coming suddenly out of a fog bank, struck the Mount Desert almost amidships, opening a gash in the fishing vessel that extended from the upper deck to the water's edge.

There were 450 passengers, including 20 women and six children, on the Mount Desert, and the Admiral Dewey carried 45 passengers. In addition there were the crew of the two steamers. Panic immediately followed the collision and it was due to the prompt action of Capt. Davidson of the Dewey that a catastrophe was averted, for the passengers on the fishing steamer began piling over the guard rails of that vessel and leaped for the deck of the Admiral Dewey. Had he backed his steamer away many would have fallen into the water. Capt. Davidson kept the steamer moving slowly ahead and this held the prow of the fruit steamer in the rent that had been made and afforded a boarding place for the frightened passengers of the Mount Desert.

In the space of 15 minutes fully 350 of the passengers of the Mount Desert sprang to the deck of the Admiral Dewey. By this time the Admiral Dewey had pushed the Mount Desert close to the east bank. The Admiral Dewey drew more water than the other vessel and Capt. Davidson discovered that the keel of his steamer was striking bottom. Nearly all of the passengers of the Mount Desert had been transferred and the panic was subsiding, so Capt. Davidson signalled to have the engines stopped and a few minutes later the boats drifted apart.

BELL COMPANIES ENJOINED.

Mustn't Interfere with Business of Independent Concerns.

Cleveland, O., Nov. 23.—United States Judge Taylor granted an injunction against the American Telephone & Telegraph Company (Bell long distance system) and the Central Union Telephone Company (Bell company operating in Ohio, Indiana and Illinois), restraining them from interfering with the business of the independent companies operating in those and adjoining states.

The injunction was granted upon the application of Clarence Brown, general counsel, and James S. Brailey, Jr., president of the United States Telephone Company, which is the independent long distance telephone company operating in Ohio and adjoining states, in a suit brought by that company.

DEMOCRATS SPENT \$619,410.

National Committee's Statement Shows \$1,234 Balance on Hand.

Chicago, Nov. 23.—The Democratic national committee received in all \$620,644.77 and spent \$619,410.06 during the recent presidential campaign, leaving a balance in hand of \$1,234.71.

So reads a statement made public by the officers of the committee and the itemized statement will be filed for record in the office of the secretary of state of New York in compliance with the resolution adopted by the national committee at Lincoln, Neb., last July. The statement includes a certificate of audit by Myron D. King, auditor of the national committee.

WHITE HOUSE TURKEY KILLED.

Thanksgiving Dinner Bird Shipped to President Roosevelt.

Westerly, R. I., Nov. 23.—The Rhode Island turkey, which Horace Vose will send to the president, according to his annual custom, to grace the table of the White House on Thanksgiving day, went on the execution block Sunday. It is the best of a lot of chestnut-fed birds which have been selected and specially reared as candidates for the distinction. The bird weighs 26 pounds.

Bride Slain, Husband Arrested.

St. Louis, Nov. 24.—Mrs. Kate Rossman, a bride of a month, was shot and killed as she lay in bed in a room at her home, 807 Rutger street, Monday afternoon. Her husband, Peter Rossman, was arrested and is a prisoner. Rossman declares that his wife shot herself.

Veteran Ohio Jurist Dies.

Chillicothe, O., Nov. 23.—Judge Thaddeus A. Minshall, aged 75 years, an ex-justice of the supreme court of Ohio, died here Sunday. He was one of Ohio's ablest jurists and was Chillicothe's leading citizen. He has been an invalid confined to his bed for five years.

San Juan Arch Unveiled.

Santiago, Cuba, Nov. 23.—The dedication and unveiling of a memorial arch on San Juan hill in honor of the American, Cuban and Spanish soldiers who fell in battle in 1898 took place Sunday.

No Constitution for Persians.

Teheran, Nov. 23.—The shah of Persia has definitely decided that the people shall not have a constitution and his proclamation to that effect was posted in the mosques Monday.

DOWN MISSOURI WAY

CANADA'S RESPECT FOR LAW AND ORDER THE SUBJECT FOR FAVORABLE COMMENT.

Those who have visited Canada are always impressed with the strict observance that is given to the laws of the country, and the order that is preserved everywhere. The editor of the Gazette, of Fulton, Nev., recently paid a visit to Western Canada. He was so impressed with the conditions that he saw everywhere, that on his return home he was inspired to write as follows: "Reverence and respect for law is a dominant characteristic of the Canadian people. Wherever one goes in Canada, whether east or west, the law is supreme. The law is obeyed because it is law, seemingly, and not because violation carries a penalty. Canada enforces the law and makes every law effective. No country is more free than Canada. In name Canada is a dependency of the British Crown. In fact, it is almost a third republic. All its taxes are voted, collected and expended by the Dominion and the provinces. The nominal head of the Government is the Governor General, appointed by the English Crown. Practically his only authority is to veto the acts of parliament, which he scarcely ever exercises. Canada gives nothing to the support of the English government or the English king. She gives England the advantage in trade regulations and tariff laws, and in return receives the protection of the British army and navy. Canada enjoys the protection without sharing in the expense.

"The sale of liquor is strictly regulated. None but hotel-keepers may obtain license to vend the stuff, and before a license can be secured an applicant must prove good character and provide twenty rooms in his tavern for the accommodation of guests. The bar-rooms close at 7 o'clock Saturday evening and remain closed until Monday morning. The schools and churches in Western Canada excite admiration. Though new, Western Canada is not godless. The finest buildings in every town are the churches. Next come the school houses."

Turning to the wheat fields of Western Canada, the editor of the Laurel (Neb.) Advocate of Sept. 17th says: "I have often thought that the reason that the characters of Charles Dickens are so impressed upon the minds of his readers is because he dwells upon them so long and describes them so minutely that by the time one has waded through his long drawn out stories they are so burned into his brain that he can never forget them. It was this way with the Canadian wheat fields. Had we only seen a few the memory of them might have worn away in time, but a long drawn out experience such as we had is sure to leave an uneffaceable impression. Never while we live shall we forget the Canadian wheat fields. They call it the granary of the British Empire, and we don't blame 'em. Nobody who has seen these wheat fields can wonder at their enthusiasm."

It is worth while to record that these fields have now been harvested, and in many cases yields as high as forty and fifty bushels per acre have been marketed, while the general average has been away above 20 bushels per acre. Oats and barley have also done well, and the profits, the prices of grains being high, have paid the entire cost of the farms of many a farmer. There is now 160 acres of land given away, in addition to the 160 acres that the homesteader may purchase at \$3.00 an acre. Particulars of this as well as the lowest railway rates will be given by the Canadian Government Agent.

They Don't Speak Now.

"You love long rambles in the country?" asked the girl in the white sweater.

"Yes, indeed," responded the young man in the green hat with the purple band and buckled shoes. "When I go out in the country all nature seems to smile."

"Gracious! I don't blame her. It is a wonder she don't laugh outright."

WATER POWER HELPS

Electricity Generated from Streams Bore
Tunnel Through Mountains

Never before in the history of railroads was a great building project carried out so quietly as the Pacific coast extension of the St. Paul road. In this great undertaking, which means so much to the Pacific Northwest, more than \$100,000,000 is being expended with as little fuss as an ordinary business enterprise would make in expending a few thousand dollars. The St. Paul road is not coming into a country that needs the aid of the promoter or the land agent. In timber alone there is almost a competency for the new line, for the St. Paul management has been given assurance that not fewer than 50,000 carloads will be given it the first year after the work has been completed.

It is not generally known that over the 800 miles of mountain stretches electricity is to be used as the motive power, and the engines will be 200-ton electric motors. Down the sides of the Bitter Root mountains are pouring a sufficient number of streams to furnish abundant power for all of the electric motors which the St. Paul will need to handle its trains over the mountain division.

Through the fastnesses of the Bitter Root range a tunnel 8,750 feet long is being constructed by electrical power and through it will be operated trains hauled by motors. One end of this tunnel will open in the state of Montana and the other will land the traveler in Idaho.—Exchange.

Says Easterners are Slow

Harvey Westgate, formerly of Sycamore, editor at Belfry, Montana, wants to know when the slow-going residents of Illinois and adjoining states are going to wake up. He says: "Easterners are renting land worth \$200 an acre for \$6 a year. In Clark's Fork valley one has to pay from \$10 to \$15 rent for land which can be bought for from \$40 to \$75 an acre. And what is more Clark's Fork valley renters are making more money than the eastern renters. When will those slow-going residents of Illinois, Iowa, Indiana and Michigan wake up?"

NEW TRAIN A DAY

Locomotive, Twenty-four Cars, Caboose and Train Crew Start Away Daily

A train a day!

That is what the Chicago, Milwaukee & St. Paul Railway has been sending out to its Pacific Coast Extension from its Milwaukee shops of late. An engine of the big KI type, twenty-four freight cars and a caboose, with train crew aboard, have pulled out from the Milwaukee shops each day, not to return, crew and all going through.

The shops have been turning out twenty-four freight or stock cars and a caboose daily, two locomotives of the KI type each week and one mail and one express and baggage car weekly. In addition the company has been receiving fifty of the KI engines from a locomotive company, so the engines have come along at the rate of one a day, figuring in the two a week turned out in Milwaukee.

After having turned out 5,000 freight cars of late the Chicago, Milwaukee & St. Paul Railway recently asked for proposals for the parts of 2,000 additional cars. Before the proposals were opened the number was increased to 3,000 and finally to 5,000. Metal enters very largely into the new cars, probably not to exceed 800 pounds of wood being used in the new stock cars.

The foundry plant at the Milwaukee shops is turning out 400 car wheels daily and at that cannot keep up with the demand.

When the complete trains are made up they are ready for business, including the operatives, and the new engines move off under their own steam with the "empties" to be used on the far western divisions.—Milwaukee Free Press, September 29, 1908.

EXECUTOR'S NOTICE

Estate of Catherine Waters, deceased. The undersigned, having been appointed Executor of the last will and testament of Catherine Waters, late of the county of DeKalb and state of Illinois, deceased, hereby gives notice that he will appear before the county court of DeKalb county, at the court house in Sycamore at the January term, on the first Monday in January next, at which time all persons having claims against said estate are notified and requested to attend for the purpose of having the same adjusted. All persons indebted to said estate are requested to make immediate payment to the undersigned.

Dated this 16th day of November, A. D. 1908.

WILLIAM E. HOWETT, Executor.

SHOES

That Satisfy at **PRICES**

That Are Right

Every pair of shoes admitted to this stock has passed our rigid examination. The shape must be smart and comfortable, the leather must be high grade and comfortable, the making must be without a fault and comfortable.

No matter how low the prices are, and all of our prices are very low for the style they represent, the quality must be high.

High shoes, low shoes, dress and every day shoes, slippers, pumps, boots and shoes for heavy wear.

And Here Are Some Pointed Economies:

Boys' Shoes at \$2.00 to \$2.75.

Sturdy and comfortable.

Girls' Shoes at \$1.10 to \$2.00.

Pretty enough to please the girl, lasting enough to please her mother.

Babies' Shoes at 50c to \$1.00.

Kindly little shoes that keep the feet "comfy."

Women's Dress Boots at \$1.50 to \$3.50. Button and lace.

REED-STRONG

Marriage Ceremony Takes Place in Chicago November 18

Mr. Wm. Reed and Miss Nellie Strong were married in Chicago last Wednesday, Nov. 18, the announcement coming as a surprise to many friends who supposed that Miss Strong would spend the winter in Mississippi with her father.

Mr. Reed has resided

JOHN HENRY ON LAWMAKERS

BY GEO. V. HOBART, ("HUGH M'HUGH.")

Dear Bunch: I've been in this burg for a few hours mingling with the lawmakers, and it isn't such expensive mingling at that—only about 50 kopecks to the hour.

This afternoon I was introduced to a couple of hand-made politicians, and they certainly did hand me a scream.

These two language-killers have been political enemies for years, and every time they meet they simply stand around and throw worn-out words at each other.

One of them listens to the name of Mike, and the other will squeeze up to the bar and nominate his brew if you call him Rudolph.

As for their last names—well, in the interests of good government I won't mention them.

Suffice it to say that Mike bears the same relation to Albany politics that a mustard plaster does to a cold on the chest—even if he doesn't get there, he leaves his mark.

When Mike reached the age of discretion he decided to become a great man, so he opened a saloon and became.

I was standing in front of the Ten Eyck talking with Mike when Rudolph, his lifelong opponent, bore down upon us.

Just to show me a good time, Mike immediately stopped Rudolph and asked him if business was good in his lemon factory.

"Ha! ha!" roared Rudolph, like an old war-horse answering the bugle call; "I challenge you to a joint debate!"

"All right," said Mike; "let us go to my joint and have it."

They did so, and I followed on.

Never before in Albany were there so many quick questions and loose answers.

Epigrams flowed like water.

"Two beers—what will you have?" inquired Mike.

"Make mine the same," answered Rudolph.

"You are my opponent, I believe?" said Mike.

"Your belief gives me much pleasure," said Rudolph, with a tall, fat bow.

"How long have you been in politics?" asked Mike.

"Not so long in as to be out," answered Rudolph.

"Score one for Rudolph," said the referee.

"One what?" asked Mike.

"Make it a beer," answered Rudolph.

"Do you know Demosthenes?" asked Mike, winking at the bartender.

"Yes; his first name is Abe, and he works in a seegar-store near the N. Y. Central depot," said Rudolph.

Mike began to look worried.

"I wish to conduct this joint debate along literary lines," said Mike.

"All right," said Rudolph; "make mine the same!"

"Do you know Socrates?" asked Mike.

"Do you mean the guy that runs the butcher-shop over at Troy?" said Rudolph.

"No," said Mike; "the Socrates I mean is dead."

"Cut out the dead ones—they don't vote," said Rudolph.

"Score another for Rudolph," said the referee.

"Make mine the same," said Rudolph.

"What is politics?" inquired Mike.

"Politics is where we get it—sometimes in the neck and sometimes in the bank," answered Rudolph.

"You're full of wisdom, ain't you?" said Mike.

"Yes; but I'm willing to get it wet—another beer, please!" said Rudolph.

"Time!" said the referee; "take your corners!"

"Now," said Mike; "you ask me some questions."

"What is a politician?" asked Rudolph.

"A politician is the reason we have so much politics," answered Mike.

"Much applause left the hands of those present."

"What is a statesman?" inquired Rudolph.

"A statesman is a politician in a glass case," answered Mike.

"Do you believe that all men are born equal?" said Rudolph.

"Sure I do," said Mike; "but some are lucky enough to get over it."

"The joint debate is finished!" exclaimed the referee.

"What is the result?" inquired Mike.

"About eight dollars in cash and 16 rounds of beer on the house," said the bartender.

This shows you what to expect in

One of Them Listens to the Name of Mike.

ILLINOIS HAPPENINGS

Springfield.—For the second time the jury list in the case of Abe Rayer, charged with destruction of property during the race riots, has been challenged. This time the ground was taken that the supervisors did not select the veniremen at least 20 days before the first day of court. Judge Creighton overruled the challenge.

Springfield.—James Burns of Springfield has resigned as a member of the executive board of the United Mine Workers of Illinois to become coal commissioner with the Illinois Coal Operators' association and engage in settling disputes between operators and miners. He has been succeeded by James Watson of Virden.

Petersburg.—The ministerial alliance, composed of Revs. Johnston, Roden, Groves, Hawkins and others, have started a movement to bring Rev. C. P. Pledger and other "Billy" Sunday helpers for a union revival meeting immediately following the Sunday revival in Springfield, which begins February 5.

Taylorville.—Mrs. Phoebe Neel, a pretty young widow of Taylorville, who answered an advertisement by Peter Erand of Farmington, Mont., for a housekeeper, accepted the proposal made by the rancher as they were journeying from the railroad station to his ranch in an automobile. The couple were married.

Quincy.—A jury in the Perry county circuit court which heard the case of Rev. J. L. Payne, pastor of the First Baptist church of Pinckneyville, against Alfred Gruver, a farmer, for \$5,000 on a charge of slander, rendered a verdict in favor of the plaintiff, but allowing him no damages.

Elgin.—Ruling public phonographs into the class of common nuisances the city council has established a precedent by ordering Chief of Police James W. Younger to notify the management of the five-cent amusement house to abolish at once its crowd-attracting noise producer.

Aurora.—One of the boldest thefts ever recorded in this city occurred when an unknown man, supposed to be a Chicago crook, grabbed a wallet containing \$500 in money and \$1,000 in indorsed checks from the desk of William Jungles, a saloonkeeper, and made his escape.

Pontiac.—J. W. Rogers, indicted at the May term of the Livingston county grand jury for the alleged killing of William Hamlin of Quincy, while Hamlin was an inmate of the reformatory here, will not have to stand trial on the charge. Judge Patton quashed the indictment.

Litchfield.—When Judge Dryer of Hillsboro wanted a more substantial fee than the thanks of the groom for marrying Joseph Claypool and Miss Ida P. Crawford of Litchfield he was reminded of a boyhood promise to marry Claypool free if he ever became judge.

Carthage.—The dedication of the new courthouse here and the abandonment of the historic old citadel of justice, recalls the part that the ancient structure took in the days of Mormonism, in one of the most remarkable chapters of Illinois history.

Chicago.—Edward, Ira and Mrs. Sarah Morris, executors of the estate of the late Nelson Morris, filed an inventory in the probate court. The value of the estate was fixed at about \$18,000,000 at the time the will was filed for probate.

Stonington.—The village board and populace paid tribute to Mayor Shaw at a reception in the opera house. Mr. Shaw gave up his office to make his residence in Wichita, Kan. He was presented with a loving cup by the village board.

Chicago.—One man was killed instantly and five others injured by the bursting of a huge rendering vat which was being tested by compressed air in the railroad yards of Armour & Co. at Forty-third place and Packers avenue.

Clinton.—Married when she was 15 years old, divorced when she was 17, and married again on her eighteenth birthday anniversary is the record of Virsa O. Dubois of Clinton, who was married to Everett A. Johnson of Streator.

East St. Louis.—Women's clothes have been adopted by an East St. Louis negro highwayman for the purpose of stalking his victims without exciting suspicions. John Ader fell into the clutches of this opera bouffe highwayman.

Havana.—Arrangements have been about completed for a poultry show which will be held here from February 9 to 12, inclusive.

Lincoln.—The Lincoln Daily Press, a morning newspaper conducted for nine weeks by R. W. Shaw, suspended publication.

Owaneco.—Harry Anderson, farmer, suffered a fracture to his jaw, and several bruises on the body in a runaway accident.

Pontiac.—James Brannon of Chicago, an inmate of the Illinois state reformatory, who escaped two years ago, was returned to the reformatory after being captured at Hot Springs, Ark.

Freeport.—W. W. Kelley of East Rockford was ground to pieces under a Chicago, Milwaukee & St. Paul train here in a mysterious manner.

Chicago.—More than 500 former residents of Logan county attended the annual banquet of the Logan County association.

Pittsfield.—Dr. J. L. Miller arranged to convert his handsome residence into a modern hospital.

ONE KIDNEY GONE

But Cured After Doctors Said There Was No Hope.

Sylvanus O. Verrill, Milford, Me., says: "Five years ago a bad injury paralyzed me and affected my kidneys. My back hurt me terribly, and the urine was badly disordered. Doctors said my right kidney was practically dead. They said I could never walk again. I read of Doan's Kidney Pills and began using them. One box made me stronger and freer from pain. I kept on using them and in three months was able to get out on crutches, and the kidneys were acting better. I improved rapidly, discarded the crutches and to the wonder of my friends was soon completely cured."

Sold by all dealers. 50 cents a box. Foster-Milburn Co., Buffalo, N. Y.

PAMPARED.

Mrs. Newrich—Will your hounds follow a fox?
Newrich—Why—er—I think they would if the fox was dressed and cooked.

NO SKIN LEFT ON BODY.

For Six Months Baby Was Expected to Die with Eczema—Now Well—Doctor Said to Use Cuticura.

"Six months after birth my little girl broke out with eczema and I had two doctors in attendance. There was not a particle of skin left on her body, the blood oozed out just anywhere, and we had to wrap her in silk and carry her on a pillow for ten weeks. She was the most terrible sight I ever saw, and for six months I looked for her to die. I used every known remedy to alleviate her suffering, for it was terrible to witness. Dr. C. gave her up. Dr. B. recommended the Cuticura Remedies. She will soon be three years old and has never had a sign of the dread trouble since. We used about eight cakes of Cuticura Soap and three boxes of Cuticura Ointment. James J. Smith, Durmid, Va., Oct. 14 and 22, 1906."

A MATTER OF HEREDITY.

Agnes Had Only Followed in the Footsteps of Her Mother.

Even if there had not been kernels of rice on her hat and a glad light of love in her eye any bachelor could have told that she was a bride. And the manner in which she spoke to her husband showed they had not been married long.

A man in the passing crowd splashed the couple, and rushed over to greet the bride.

"Well, well, Agnes," he cried, extending his hand, "you don't mean to say that you're married?"

"Why—why, yes," the girl stammered, vivid color mounting to her cheeks, as she tried to defend her novel situation. "You—you know, it runs in the family. Mother was married, too."

Always Exciting.

"I visited E. R. Thomas and found him doing well after his motor accident," said a member of the Automobile Club of America. "Thomas, as usual, rallied against our bad roads."

"He said that a friend who lived in the country had been in to see him."

"The country is all right in the summer," Thomas admitted, "but in the fall and winter don't you find it dull?"

"Dull?" said the other. "No, indeed. Why, out our way some motor car or other gets stuck in the mud every night."—Philadelphia Bulletin.

NEW LIFE

Found in Change to Right Food.

After one suffers from acid dyspepsia, sour stomach, for months and then finds the remedy is in getting the right kind of food it is something to speak out about.

A N. Y. lady and her young son had such an experience and she wants others to know how to get relief. She writes:

"For about fifteen months my little boy and myself had suffered with sour stomach. We were unable to retain much of anything we ate."

"After suffering in this way for so long I decided to consult a specialist in stomach diseases. Instead of prescribing drugs, he put us both on Grape-Nuts and we began to improve immediately."

"It was the key to a new life. I found we had been eating too much heavy food which we could not digest. In a few weeks after commencing Grape-Nuts I was able to do my housework. I wake in the morning with a clear head and feel rested and have no sour stomach. My boy sleeps well and wakes with a laugh."

"We have regained our lost weight and continue to eat Grape-Nuts for both the morning and evening meals. We are well and happy and owe it to Grape-Nuts." "There's a Reason."

Name given by Postum Co., Battle Creek, Mich. Read "The Road to Wellville," in pkgs.

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

USED TO IT.

Old Gent—Are you not ashamed to stand there listening to such awful language?
The Boy—Oh course I ain't. I'm a golf caddy.

MIX FOR RHEUMATISM

The following is a never failing remedy for rheumatism, and if followed up it will effect a complete cure of the very worst cases: "Mix one-half pint of good whiskey with one ounce of Toris Compound and add one ounce Syrup Sarsaparilla Compound. Take in tablespoonful doses before each meal and at bedtime." The ingredients can be procured at any drug store and easily mixed at home.

One of the Three.

"Well, there were only three boys in school to-day who could answer one question that the teacher asked us," said a proud boy of eight.

"And I hope my boy was one of the three," said the proud mother.

"You bet I was," answered Young Hopeful, "and Sam Harris and Harry Stone were the other two."

"I am very glad you proved yourself so good a scholar, my son; it makes your mother proud of you. What question did the teacher ask, Johnnie?"

"Who broke the glass in the back window?"

A Terror to His Kind.

A certain congressman is the father of a bright lad of ten, who persists, despite the parental objection and decree, in reading literature of the "half-dime" variety.

"That's a nice way to be spending your time," said the father on one occasion. "What's your ambition, anyhow?"

"Dad," responded the youngster, with a smile, "I'd like to have people tremble like aspen leaves at the mere mention of my name."—Lippincott's.

Anacharsis: Laws catch flies and let hornets go free.

Not Always What They Seem.

Prof. and Mrs. Madley were on a train bound for New York, where Yale's president was to speak before a national convention. He made use of the hour and 20 minutes he spent in the train by rehearsing his speech in a low voice, using his hands to emphasize certain passages.

A kindly matron who was sitting directly behind Mr. and Mrs. Madley, and who had been watching and listening, leaned forward and, tapping Mrs. Madley on the shoulder, said, feelingly: "You have my sincere sympathy, my poor woman; I have one just like him at home."—Success.

An Intelligent Child.

A small boy was playing with the scissors, and his kindly old grandmother chided him.

"You musn't play with the scissors dear. I know a little boy like you who was playing with a pair of scissors just like that pair, and he put them in his eye and put his eye out, and he could never see anything after that."

The child listened patiently, and said, when she got through the narrative: "What was the matter with his other eye?"—Bystander.

You always get full value in Lewis' Single Binder straight 5c cigar. Your dealer or Lewis' Factory, Peoria, Ill.

Time isn't money, yet people are always spending it.

EXPERIENCE
IS AN EXPENSIVE
TEACHER
WHY NOT PROFIT BY THE
EXPERIENCE OF OTHERS
AND USE

EXCELSIOR
FLOUR

It has stood the test of years and is as good today as it was when first put on the market. Made of the best wheat which is selected carefully every season. There is nothing too good to go into Excelsior Flour.

TRY A SACK
T. M. FRAZIER

WHY
our trade is increasing. New customers are being added to the list every day. This fact is due to the quality of meat we are cutting.
Good Meat
is only secured by care in selection. We would rather pay a little more for beef and make a smaller profit. This will satisfy our customers, and pays us in the long run. Give us a trial today.

KINGSTON NEWS
FRED P. SMITH, CORRESPONDENT

John Moore of DeKalb spent Sunday in town.

Mrs. O. W. Vickell and Mrs. John Helsdon were in Chicago Monday.

C. H. Powers and Ellis Cooper attended the horse sale at DeKalb last Friday.

Miss Nettie Martin of Oak Park is a guest at the home of R. C. Benson this week.

Mrs. Gernault of Chicago was a guest at the home of James Stuart on Thursday last week.

Frank Shrader won the clock at D. G. Ottman's last Saturday evening in a guessing contest.

C. W. Parker left Sunday evening for Beresford, South Dakota, where he will be a guest of relatives.

Mesdames O. W. Vickell, D. G. Ottman and E. J. Stuart and Miss Selma Arison spent last Saturday in Rockford.

Mrs. Warren Wilson went to Belvidere last week Wednesday remaining a few days with her sister, Mrs. Will Cooper.

The M. E. ladies will hold a handkerchief bazaar, Thursday, December 17. The ladies of East street will serve dinner that day.

The pupils of the grammar room gave Cecil Bassett a surprise on Thursday evening of last week in honor of her birthday. Refreshments were served.

Mr and Mrs. E. A. Lutter are entertaining their daughter, Mrs.

Reich and child of Milwaukee, Wisconsin, this week.

The first quarterly conference of this year was held in the M. E. church last Thursday morning. Presiding Elder A. D. Traveller was present.

J. H. Uplinger of Kingston is offering special inducements in buggies and wagons. See his ad in another column. Rare bargains for cash buyers.

Mr. and Mrs. H. N. Peavey moved last week into their own home which has been recently vacated by Rev. and Mrs. John Hitchcock.

William Aves who purchased the Tower property on West street has built a new barn and is repairing the house. He will move to town next spring.

Misses Gladys Burgess, May Taylor and Mae Conklin were entertained at the home of Mr and Mrs. Frank Wilson in Sycamore Sunday.

Will Arbuckle was out from West Chicago last week Wednesday to attend the funeral of his sister held at Belvidere and spent Thursday with his brother, D. B. Arbuckle, and family.

Mr. and Mrs. F. V. Cobb have removed to West McHenry, their household goods going from Henrietta Tuesday. They have resided here a number of months and have made many friends who will regret their departure.

A basket social will be given by the Y. A. A. at the G. A. R. hall in Kingston, Saturday, Nov. 28. A short program will be rendered before the sale of the baskets. All are cordially invited.

D. B. Arbuckle, Mr. and Mrs. Frank Arbuckle, Mrs. H. F. Branch, Mr. and Mrs. E. J. Vosburg, Mr. and Mrs. S. Witter, Homer Witter, Mrs. H. G. Burgess, Miss Kittie Heckman and John Taylor attended the funeral of Mrs. Eliza Taplin held in Belvidere last week Wednesday.

Elmer Bell, son of W. H. Bell, and Miss Floy Moore, daughter of Mrs. Wm. Moore, were quietly

married at the M. E. parsonage by Rev. W. H. Tuttle, Thursday evening of last week. They are receiving congratulations from their friends.

Between six and seven o'clock Thursday morning of last week the kitchen roof of the home of Mr. and Mrs. James Mackey was seen to be afire caused by sparks from the chimney. Help was soon at hand and the fire was put out with very little damage done.

The entertainment given last Friday evening by Frank and Walter Briggs of Rockford assisted by M. E. orchestra and young ladies quartette, was well attended. The next number will be given December 18 by H. M. Bannen whose lecture will be "Sunshine."

A basket social will be given at the Arbuckle school, 2 miles north of Kingston, on Friday evening, Dec. 4. Under the united efforts of teacher and pupils an interesting program has been prepared for the purpose of entertaining the public for a short time before the sale of the baskets. We extend a cordial invitation to all. Ladies bring baskets, men their pocket books.

NEW DISCOVERY
FOR COUGHS AND COLDS
PREVENTS PNEUMONIA

I had the most debilitating cough a mortal was ever afflicted with, and my friends expected that when I left my bed it would surely be for my grave. Our doctor pronounced my case incurable, but thanks be to God, four bottles of Dr. King's New Discovery cured me so completely that I am all sound and well.—MRS. EVA UNCAPHER, Grovertown, Ind.

STEAM AND HOT WATER HEATING

"IMPERIAL" ROUND BOILERS

These boilers are designed for small heating plants as in residences or any ordinary two or three story building. In designing the boiler the makers have several objects in view, viz: To furnish a boiler that would be simple in construction; easy to install, thus saving in labor; economical in the consumption of fuel, strong and durable. The boiler above the base is cast in one piece, insuring durability, as there are no joints of any description to rust out or leak.
