### ITEMS OF GENERAL INTEREST TO GENOA AND VICINITY

**Marengo Hotel Keeper Fined for Selling Liquor without License—Epidemics near Elgin—Leland Fire**

The business portion of Leland, 28 miles west of Aurora, was wiped out by fire Monday. Loss \$100,000.

The census experts have discovered 9,770 persons living in the United States at the age of 95 or over. Of these 3,504 are more than 100 years old.

Nearly all the towns about Elgin are afflicted with epidemics, such as scarlet fever, diphtheria and small pox. Dundee, Crystal Lake, Geneva, Aurora, Bartlett and Elburn are in trouble.

There is talk among some of the heaviest growers of cucumbers of starting a co-operative pickle factory at Hampshire. All that seems necessary to make a go of it is for some one to take the initiative.

The curse of unionism today is the man who draws a fat salary for making trouble while the faithful worker foots the bills. Union labor is commendable and unions a good thing, but the walking delegate can handily be spared without detriment to any legitimate interests.

Nunda Herald: Wm. McDonald the Marengo hotel keeper charged with selling liquor without license, was after three days' trial before jury in Justice M. V. Miller's court in Nunda found guilty Wednesday evening, and the fine fixed at \$25 each on seven counts, or \$175 and costs. The jury was out only a short time.

Money orders are now being used by people who like to hoard their money. The orders are payable within seven years, and unless destroyed or defaced are good as government bonds without interest within the period named. People who formerly used stockings and tin cans, now purchase money orders and lay them away.

Thirty-seven cents were awarded Carl Zundt of Dundee in the courts Monday after three years of litigation. A cow quarrel between him and a neighbor, George Sylvester, whose cow bolted the shed and took to Zundt's corn patch, caused all the trouble. One pair of horns and two pairs of hoofs are all the earthly remains of the trouble hatcher, but her deed is still fresh in the minds of these angry neighbors.

County Superintendent of Schools Gross has received a communication from State Superintendent of Schools Bayliss, stating that a stranger is travelling around the country representing himself to be assistant superintendent of schools. The communication is sent out as a kind of warning to be on the lookout for the fellow. His scheme is not exactly known, but it is thought that probably he is selling books or something of that nature.

Twenty years hence the boys of the day will be men. They will be doctors and drunkards, lawyers and liars, senators and sneak thieves, editors and idiots, ministers and murderers, democrats and republicans, and so on down the line. It is impossible to tell to a certainty in just which class your boy will be, but it is possible for your boy to be put into such influence that will steer him in the right direction. Follow the boy of twelve and in twelve years some of them will be in jail. Parents, do you know where your boy is tonight and for what class he is training?

## NEWS FOR FANS

**Genoa Will Have a Good Base Ball Team This Year**

Genoa will have a good base ball team this season from present indications, ten men having signed at this time.

Manager Goding is using great care in selecting material and will have enough men to keep the team in good condition at all times. It will be a purely local team according to present plans. There is enough material in Genoa to make up a team second to none. The chief difficulty will be in trying out the men in the spring. Rorabaugh, one of Kirkland's best players, has been signed, as he is now a resident of this city.

Chas. Sager has signed with the Kirkland team for the season.

The Genoa team may get into the county league if conditions are favorable. Such arrangements would certainly make the games more interesting and draw out larger crowds.

### SNAKE STORY COSTLY.

**The Fake Cabbage Reptile Tale Cost the Nation Millions.**

"Five million dollars paid for a lie," is the way J. W. Brown, a Des Moines wholesale produce merchant, describes the sequel to the story concerning the cabbage snake.

Someone started a yarn to the effect that a small worm or snake was concealed in many of the cabbages on the market, and as a result cabbages are rotting in the produce cellars. People are afraid to buy them.

It is estimated that there are at least \$10,000 worth of cabbages in Des Moines which no one will purchase, while it is claimed that the damage caused by the story throughout the nation will not be less than \$5,000,000.

Trade papers are discussing the matter in furious vein, and regular cabbage raisers declare they would raise a big reward for the punishment of the cabbage snake liar, if punishment were possible.

### Most Interesting of All

It will be a very unique and an altogether new sociable given by the Epworth League next week Wednesday, Jan. 25. You will doubtless hear about it and soon see its shadow. The sociable will be given by the young people and you are especially invited.

To the M. E. church on the twenty-fifth day in the evening you are invited in picnic array. To enjoy a feast and a good time together no matter what the condition or state of the weather.

The Ladies will bring a box of luncheon for two, and the Gentlemen will pay for the box what is due. Then enjoy it all to the fullest extent. And a very pleasant evening will have been spent. If for any reason you cannot attend your lunch box we hope you will not fail to send. Genoa M. E. Church Committee from January 25, 1905. Epworth League.

### On February First

The Ladies Aid Society of the M. E. church will give a very unique and elaborate bazaar and serve a New England dinner and supper in the M. E. church parlors on February 1. It will be a community social event and many from out of town are planning to be present.

### Nearly Completed

The much needed marble for the court house arrived this week. Another car of furniture also came, so that nearly all the furniture is now here. The contractor estimates that the building will be completed within a month, says the True Republican.

### Sycamore Defeats Marengo

The Sycamore highs defeated the Marengo highs in a basket ball game last Friday night, the score being 45 to 20.

## WOODMEN PLAN BIG YEAR

**Believe the Order This Year Will Reach 1,000,000 Members**

The head officials of the Woodmen, who alone know the exact conditions of matters in the order, give out some optimistic calculations for 1905.

Head Consul Talbott urges local camps to a more strict and regular attendance, officers to a more complete exemplification of the work and to a practice of the fraternal side of the order's ritual.

Past Head Consul Northcott has many good words for the order. He says: "An organization that goes to the homes of the poor and pays out six millions of dollars annually to widows and orphans is very deserving of good words."

Head Clerk Hawes says there are a few pessimists among the 710,000 members of the Woodmen, but the Woodman society has grown in strength since the great agitation of 1893 which alarmed so many, and which the head clerk predicts would have sent the average insurance society to the grave-yard. He predicts a million members for Milwaukee.

Head Adviser Dan B. Horn thinks the Woodmen society the greatest of all fraternal organizations, the most cosmopolitan in its management and fraternal and benevolent in its purposes.

Head Banker A. N. Bort tells Woodmen that they now have a million and a quarter of dollars to commence the new year with, and all death losses calls, for charity, etc., of last year were promptly paid.

George W. Riley, chairman of the board of directors, thinks 1905 will be the banner year for Woodmen. He sees great manifestations of vigor in the rank and file of Woodcraft and predicts only eight assessments for the coming year.

### SUNDAY CONVERTS 600

**Revival Just Closed at Redwood Falls, Minn., Most Successful**

Rev. Billy Sunday began a six weeks' revival campaign at Mason City, Ia., Saturday night, all of the churches in that city uniting in the meetings. The tabernacle built there will seat 2,000.

Rev. Sunday's revival at Redwood Falls, Minn., which opened Dec. 10, was closed Sunday night, Jan. 8, with 600 conversions. On the closing day at Redwood Falls \$1,730 was raised and handed to Billy for his services there, this being in addition to \$1,200 which was raised to pay current expenses of the meetings. W. G. Fischer, the musical director, was handed a purse of \$16.80 as a little reminder of appreciation of his services. In leaving Redwood Falls Rev. Sunday had to lay over three hours at Sleepy Eye, Minn., and arrangements were made for him to preach a sermon there, a party of about 40 from Redwood Falls accompanying him to that place.

Rev. Sunday will open his revival at Dixon Feb. 12. The contract for the erection of the tabernacle there has just been let to Greig & Baum, of that city, to be completed by Feb. 4. Fifty-six thousand feet of lumber will be required to build it and it will have a seating capacity of 300 more than did the tabernacle erected at Sterling last year. It will be 88x140 feet and will seat 3,000 people.

### Marries at Seventy-two

E. C. Cooley of Lily Lake, 72 years of age, was married Monday at Elgin to Mrs. Rose Hastings, aged 46 years.

## TO THE GREAT BEYOND

**WILLIAM F. EIKLOR DIES SUD- DENLY SATURDAY LAST**

**The News a Shock to the Friends—Was on the Streets the Day Previous—Funeral Tuesday**

Again was the community shocked last Saturday to learn of the death of our esteemed and honored townsman, William F. Eiklor. Altho Mr. Eiklor has been in poor health for some time no one anticipated that he was to be called so soon. He was on the street the day previous.

William F. Eiklor was born on the 2nd of August, 1838, at Huron, Erie county, Ohio, and died at his own home in Genoa, Ill., January 14, 1905, being 66 years, 4 months and 22 days of age at the time of his decease.

He moved to Genoa with his parents when he was a young boy but ten years of age and grew up and was educated in this community and is well known thru-out DeKalb county and other portions of this part of Illinois.

He was united in marriage to Miss Sophrona Olmsted on the 18th of January, 1858, and a few years after his marriage moved to Livingston county, Illinois, where he remained for about twenty-five years, making a great many friends and acquaintances. He then returned to Genoa township and settled on his farm about two miles north of Genoa where he lived until about four years ago when failing health compelled him to cease his hard labor, and he came to Genoa to make his home.

Into the home of Mr. and Mrs. Eiklor two children were born—one son and one daughter. The daughter died when a little child seven years of age and the son, William A. Eiklor, survives his father.

Mr. Eiklor was one of a family of twelve children, of whom five brothers and three sisters survive him. His brothers are: Edward and Jay Eiklor, both of Oklahoma; Fred Eiklor of Barber, Kansas; John Eiklor of Wellington, Kansas, and Moses Eiklor of Colfax, Washington. His sisters are: Mrs. Celia Culver and Mrs. Nettie Judd, both of Oklahoma, and Mrs. Rebecca Olmstead of Genoa. Of his immediate family besides his wife, Mrs. Sophrona Eiklor, and his only son, William A. Eiklor, who are bowed down in deep sorrow over the loss of a loving husband and kind hearted father, he leaves five grand-sons and many other relatives, among them Edwin Beardsley, a nephew, who has been a member of his family from childhood to young manhood, all of whom must realize their great loss in the death of so good a man.

Mr. Eiklor was a hard working man and made his way to success in life by his personal energy, his devotion to duty and his love for uprightness and honesty. He was a man of his word, kind and generous toward others and was always ready to lend a kind and sympathetic hand to those in need or sorrow or distress. He valued character above every possession, and for the final approval of his acts and motives he looked above this sordid world to his Heavenly Father.

He was also a devoted Christian man and a member of the M. E. church for more than forty-five years. He was converted and baptized in the Christian faith when a young man twenty-one years of age and from that time all thru these years he has been a faithful, consistent Christian and a devoted working member of the church. He has held

every office within the gift of the local church and was a life member of the Foreign Missionary Society. His Christian life did not stop with the church, but he bore the noble reputation of doing good as he had opportunity unto all men. His life needs no eulogy, his history and influence are written in the hearts of those living in this community and he will be long remembered as a strong man of God.

He was not afraid of death and often expressed himself as only waiting to hear the welcome words, "Come home; come home." He loved all good things; he loved the bible and read it carefully; he loved the hour of prayer; he loved God's people and felt most at home in their company; he loved the church of Jesus Christ and toiled to build it up; he loved God and felt content to place his life in His hands.

The funeral services were held on Tuesday afternoon, Jan. 17. The services were very largely attended, many from out of town being present. Rev. T. E. Ream of the M. E. church and pastor of the deceased officiated.

### CARD OF THANKS

We wish to thank our friends for their many kindnesses and remembrances to us in our late bereavement.

Mrs. W. F. EIKLOR AND SON.

### DECIDES PARTITION SUIT

**Judge Willis Decides the Sycamore Land Suit**

Waterman Hall at Sycamore must divide eighty acres of land left the school by the late Mrs. Waterman, with her heirs. The school claimed the entire eighty acres of land, while the heirs contended that only half of the property could be held by the school. The case has attracted a great deal of attention from DeKalb county, and will no doubt be taken to the highest court.

### BUTTER UP

**Half a Cent Advance—Much Higher Than Last Year**

Butter took another advance on the board of trade. The market was declared firm at 29½ cents, half a cent over last week, and 7½ cents more than one year ago. There were no offerings nor sales.

On exhibition was the butter made by the Palace Car Creamery company of Aurora, which took the first prize at the state dairymen's convention.

### Siren Causes Death

A singular thing has just happened at Petersburg in this state. Ethel Degge, a 12-year-old girl, was frightened to death last Friday night by the blowing of a fire whistle. An alarm of fire was turned in and the whistle at the electric light plant was sounded. It is one of those infernal things known as a siren, which shrieks and moans and groans like a colony of cats. Poor little Ethel had suffered from heart trouble and the noise of the siren threw her into spasms and finally produced death.

### Malta Supervisor Dead

Mr. C. W. Haish, one of the oldest and most influential citizens of Malta, died last week of diabetes, after two weeks of confinement to his bed. Mr. Haish had been failing in health for a long time. Jacob, Adam and John Haish of DeKalb were brothers of the deceased.

### Sunday Closing

A wave of virtue has struck the village of Cherry Valley and the council has ordered that all business houses be closed on Sunday,

## THEY DIVIDE HONORS

**EVEN SPLIT IN BASKET BALL GAMES FRIDAY**

**Boys' Team Wins from Rockford While Girls Lose—An Excellent Exhibition of Speed**

The Genoa high school basket ball teams divided honors with Rockford last Friday evening, the boys winning by a score of 29 to 18. The girls' game resulted in a victory for Rockford, the score being 11 to 5.

For skill and alertness the girls' teams were about equal, but the Rockford center was so tall that she had the Genoa team at a great disadvantage, being able to reach over the heads of all and grasp the ball in both hands. This great advantage evidently discouraged the home team for their second half was not as spirited as the first. Altho they found it difficult to make a goal, they succeeded in keeping the Rockford score down. The following girls played in the local team: Stewart, Leonard, Hutchison, Sager, Robinson, Kiernan.

Both the boys' teams were swift and there was enough excitement to please the biggest foot ball crank. Genoa had the best of the argument however in swiftness of foot and team work. Harvey at center got the best of his opponent at nearly every toss-up while all the positions were guarded and interference good. The Rockford teams were composed of perfect ladies and gentlemen, taking victory or defeat with equal grace. Nor did the Rockford papers come out with a column of "kicks" as did a county seat paper after the Genoa-Sycamore games. Genoa has an excellent team and it takes more than newspaper talk to defeat it. The following athletes composed the Genoa team: Harvey, Evans, Crawford, Browne, Downing and Mackey.

The teams go to Hampshire tonight to play return games. The second team of Genoa will play Hampshire's first.

### CANADA WHEAT CROP

**Nearly 60,000,000 Bushels the Record for Last Year**

A crop of nearly 60,000,000 bushels of wheat will be the record for 1904.

The results of the threshing in Western Canada are not yet completed, but from information at hand it is safe to say that the average per acre will be reasonably high, and a fair estimate will place the total yield of wheat at 60,000,000 bushels. At present prices this will add to the wealth of the farmers nearly \$60,000,000. Then think of the immense yield of oats and barley and the large herds of cattle, for all of which good prices will be paid.

The following official telegram was sent by Honorable Clifford Sifton, minister of the interior, to Lord Strathcona, high commissioner for Canada:

"Am now able to state definitely that under conditions of unusual difficulty in the Northwest a fair average crop of wheat of good quality has been reaped and is now secure from substantial damage. The reports of injury by frost and rust were grossly exaggerated. The wheat of Manitoba and Northwest Territories will aggregate from 55 to 60 million bushels. The quality is good and the price is ranging around one dollar per bushel."

Muerchke Bros., proprietors of the famous hotel at Fox Lake, have failed and their place is in charge of a custodian, the owners having disappeared.

### LAW-BREAKERS

"We need in this state to cultivate a higher respect for the law and its administration." Such were the words in Governor Deneen's message.

If we judge the governor rightly those words will not be without meaning. We believe it is his intention to see that some of the most important laws pertaining to the welfare and protection of the youth of the state shall be enforced.

Most particularly should the laws be enforced which control the selling of tobacco to minors, keeping saloons open on Sunday, gambling, book making, keeping places of immoral resort, prize fighting, etc., all of which tend to undermine the character of young men and women of the state.

Not only does the governor warn the evil doers, but hints that those officials who fail to do their plain duty shall be brought to account for their laxity.

If the law makers would cease making laws during one session and spend their time in devising ways and means to enforce those laws which are now on the statute books there would be more happiness in many homes.

GENOA is considered the neatest and cleanest city in the state, excepting none. This condition has been brought about thru the pride of each person in caring for his own property and thru the diligence of the village council. There is one thing lacking, however, and that is more cleanliness on the part of tobacco users. The walks on Main street are invariably filthy. If it is thoughtlessness, some persons should get their thinker in working order. It may be your mother, wife or sister that has to drag her skirts over the disgusting walks.

No one ever had influenza or a gripe in so light a form that it could safely be treated lightly. It is the pioneer that paves the way for heart disease and pneumonia. The best way to treat la gripe is to treat it at once and remain indoors until recovery is complete.

SPEAKER SHURTLEFF has made M. F. Walsh, editor of the Harvard Herald, his secretary. M. F. is capable and will make a good right hand man for Mr. Shurtleff.

CONGRESS discovered that Roosevelt was a man to be reckoned with. The state legislature will also find that Deneen is governor and not the governed.

A MAN who talks boom for his town and spends all his money elsewhere is merely a bluff. Its the letting loose of money in the city that makes things move.

THOSE who know tell us that the cabbage snake is as harmless as the angle worm. Either one may be eaten with perfect safety.

EVERYTHING is all right in its place. Even the cold wave will do in the Arctic circle. It has no business here.

THE best way to knock the city in which you reside is to take your business out of it.

### A Wild Man of the Woods.

In the woods of St. Pierre, near Mairy, in Lorraine, lives a man named Antoine Hedin, who for thirty years has not slept in a bed, eaten bread or cooked meat or worn a pair of boots. Hedin is fifty-five years of age and was born in the village of Mairy, near Brie, in 1849. In summer he sleeps in a ditch, in winter under a tree in the heart of the woods. He makes fires now and then, which he lights with flint and steel. He lives on roots, herbs and grass, which he gathers, and, no matter how inclement the weather may be, he never seeks any other shelter than the foot of a tree or a thicket of brushwood. He is a small, weird looking figure and looks barely thirty. Nobody has ever known him to be ill. He is abnormally strong and very swift of foot and has been seen to run a hare down in the woods and kill it with a stick.

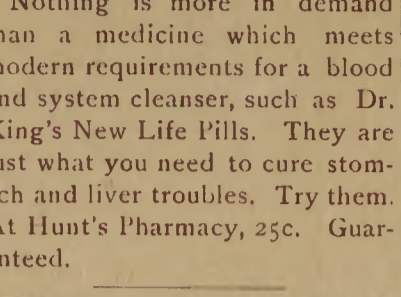

It is a fact that our cities are being over-crowded with young men coming from the country to earn their livelihood in the cities. One day's work on the farm would fire many a trained athlete. Why does not the farmer treat his own body as he treats the land he cultivates? He puts back in phosphate what he takes out in crops, or the land would grow poor. The farmer should put back into his body the vital elements exhausted by labor. If he does not, he will soon complain of "poor health." The great value of Dr. Pierce's Golden Medical Discovery is in its vitalizing power. It gives strength to the stomach, life to the lungs, purity to the blood. Sweet butter cannot be made in a sour churn. A foul stomach fouls the food put into it. When the food is foul the blood made from it is foul also. Foul blood means disease. Cleanse the stomach and you have pure blood. The far-reaching action of Dr. Pierce's Golden Medical Discovery is due to its effect on the stomach and organs of digestion and nutrition.

I write to tell you of the great benefit I received from the use of Dr. Pierce's Golden Medical Discovery," writes Mr. G. B. Bird, of Byrnside, Putnam Co., W. Va. "It cured me of a very bad case of indigestion associated with torpid liver. Before I began the use of 'Golden Medical Discovery' I had no appetite; could not sleep nor work but very little. The little that I ate did not agree with me, bowels constipated, and life was misery. Dr. Pierce advised me to try the 'Golden Medical Discovery,' and after taking four bottles I felt so well that I went to work. Dr. Pierce's Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send to Dr. B. V. Pierce, Buffalo, N. Y., 21 one-cent stamps for paper covered, or 31 stamps for cloth binding.

### CONDENSED STORIES.

#### When the Brakeman Clashed With His Superintendent.

Walter L. Rice, traveling freight agent of the New Haven road, is known all along the line as a good story teller, says the New York Times. The other day he and a friend who came in on a Shore Line train found a long New York express standing between them and the New Haven station. As they climbed over it Mr. Rice was re-

"YOU'RE SMALL ENOUGH TO CRAWL UNDER."

minded of a little story of the days when he worked for the Central Vermont. "The road used to receive frequent complaints," said he, "that our freight trains were in the habit of stopping on a certain grade crossing in Norwich, blocking travel for long periods. Our superintendent sent out orders several times to stop this blockading, but still the kicks came in. Finally the 'super' decided to investigate personally. He was a midget in size and very excitable. He went down to the crossing, and there, sure enough, in defiance of orders was a long freight anchored squarely across it. A big brakeman, who didn't know the superintendent, sat complacently on top of a car.

"Move that train on!" sputtered the little 'super' to the brakeman. "Get it off the crossing so people can pass! Move it on, I say!"

"The big brakeman surveyed the tempestuous little man from head to foot. 'You go to blazes, you little shrimp!' he replied. 'You're small enough to crawl under.'"

#### Tom Taggart's Postscript.

Some years ago Tom Taggart of the Democratic national committee had occasion to write to an active political worker in a distant part of Indiana, giving him timely directions concerning the campaign then in progress. Mr. Taggart's typewriter was absent, so he penned the letter in person, though well aware that his chirography belongs to the Horace Greeley school. He wrote carefully on this occasion, however, it being a very important communication, and thought there would be no difficulty. A week later his correspondent was in Indianapolis and called.

"Did you get my letter? Could you read it?" was Mr. Taggart's greeting.

"I got it all right," replied the man, "and didn't have any trouble with any of it except the postscript. That stuck me. Showed it to everybody in town; same result. They all read the letter, but fell down on the postscript."

The man drew the letter from his pocket and handed it to Mr. Taggart, who gave it one quick glance.

"Great guns," gasped Tom, "the postscript says, 'Don't let anybody see this letter!'"—Saturday Evening Post.

#### Question of Availability.

William L. Alden enjoys telling stories of the troublous experience of a friend who was running a weekly paper in the west. One day there entered the office of Mr. Alden's friend a man of the type common to every town—the individual who has suggestions to offer to the end that the periodical may be made a success.

"My friend," replied the editor, "I must thank you for those bits. They have served to good purpose. The fact is, I am holding them. Now and then I get to thinking that I am not providing the public with as good a paper as I ought to. At such times I look up your articles, which enables me to perceive how much worse the sheet might be. Then I become real cheerful again. Please don't take them from me," he added appealingly.—Denver Republican.

## SUPERVISORS MEET

Board Met at Court House in Sycamore, Monday, January 16

Sycamore Tribune: Pursuant to adjournment on December 10, 1904, the board of supervisors of DeKalb county met at the court house on Monday, January 16, 1905, and was called to order by Chairman Winne. The following members were present: Messrs. Ault, Dodge, Gormley, Hampton, Jordan, McGirr, McMurchy, Olmstead, Randles, Salisbury, Sanderson, Sawyer, Siglin, Townsend, VonOhlen, Whittemore, Williams and Winne.

After the reading and approval of the minutes of the previous meeting, on motion of Mr. Salisbury a committee of five was appointed to draft resolutions in memory of the departed co-workers, L. M. McEwen and Chas. W. Haish.

F. D. Pease, who had been appointed to fill the vacancy created by the demise of Supervisor Haish, took his seat as supervisor of the town of Malta.

On motion of Mr. Whittemore, the clerk was instructed to subscribe for five copies of the new George A. Ogle atlas of DeKalb county for the use of county officials.

The special committee's report filed December 8, 1904, in relation to the right of way of the I. I. & M. R'y Co. and the sale of other lands lying southwest of the line of said railroad and belonging to the DeKalb county poor farm was accepted by a unanimous vote.

Mr. Randles, on behalf of the special committee on poor farm, reported the purchase of 100 acres of land at \$150 per acre adjoining the poor farm on the east. The report was accepted.

Mr. Whittemore's motion that the money in the hands of the special committee derived from the sale of a portion of the lands of the poor farm for railroad right of way be turned over to the county treasurer, and that \$2,800 of said sum be applied by him in payment of Peter S. Warber on his contract with the board, was carried.

On motion of Mr. Hampton, a direct annual tax will be levied to pay interest and principal on contract with Peter S. Warber as the same falls due.

The clerk was instructed, on motion of Mr. Whittemore, to draw an order on the treasurer for \$2,800 to apply in payment of land purchased from Peter S. Warber.

The board then adjourned until February 27.

### Angelina's Yawn.

Augustus (no longer youthful)—Well, there's one comfort—they say at forty a man is either a fool or a physician.

Angelina (yawning)—But you are not a physician.

Augustus—No.

Angelina—Oh!—Tit-Bits.

### A Mean Insinuation.

Mrs. Proudleigh—Yes, burglars got into the dining room the other night, found the silver chest and took all the plate away.

Mrs. Sneerwell—Must have left the silver looking rather bare with all the plate taken away.—New Orleans Times-Democrat.

### Too Bad.

Mr. De Style—Don't you think bamboo essels pretty?

Mrs. De Style—Yes; they are so light and airy and delicate and so suggestive of nature in its pristine purity. I think they are lovely, but they're disgustingly cheap.—New York Weekly.

### Quite Likely.

"Good intentions, you know, never die," said the man who was fond of quoting things in his own way.

"Indeed?" replied the other.

"Probably that would explain why they're so seldom carried out."—Philadelphia Ledger.

## Do Not Suppress a Cough

When you have a cough, do not try to suppress it, but remove the cause. The cough is only a symptom of some disease, and the disease is what you should cure, then the cough will stop of itself. The most common cause of coughing is a cold. Anodynes will promptly suppress the cough, and preparations containing chloroform, opium, etc., are used for that purpose, but they do not cure the cold. Chamberlain's Cough Remedy on the other hand does not suppress the cough, but relieves it by removing from the throat and lungs the mucus which obstructed the breathing and allaying the irritation and tickling in the throat. It also opens the secretions and effectually and permanently cures the cold as well as the cough. For sale by G. H. Hunt.

### G. A. R. Installation

G. A. R. officers were installed Wednesday evening. The affair was public and well attended.

The following program was rendered:

Band Selection.

Song and Chorus—"Can the Soldier Forget."

Short addresses by comrades and others.

Song by Ladies Quartet—"Freedom's Flag."

Music by band.

Vocal Duet—"Bury Me Boys"

—Mrs. R. C. Benson and Miss Grace Benson.

Instrumental Duet—Members of the band.

Selections by the band.

Mr. Wm. S. Crane of California, Md., suffered for years from rheumatism and lumbago. He was finally advised to try Chamberlain's Pain Balm, which he did and it effected a complete cure. This remedy is for sale by G. H. Hunt.

## THE MOON.

Whether or not there really is vegetation on the moon's surface is a matter of some dispute. Professor Pickering believes that there is, basing his belief upon observations of what he has called "variable spots"—portions of which exhibit a rapid darkening, beginning shortly after sunrise, followed by an equally rapid fading toward sunset, accompanied by a diminution in size as they darken. From the peculiar character of the variation observed Professor Pickering concludes that organic life resembling vegetation is the only simple explanation of the changes which he has observed. Considering the long lunar day as a miniature terrestrial year the theory of such life becomes colorable. The vegetation, if there be any, shoots up, flourishes and dies in a lunar day just as it grows and withers on the earth in a terrestrial year.

### The Grand Turk and His Money.

The grand Turk keeps his money to sit on and is such poor pay, even to the bodyguard within his palace, that they revolted the other day, and other troops had to be called in to subdue them. When a baker's dozen or so had been killed, including the sultan's aid-de-camp and the commander of the palace fire brigade, it was considered good domestic economy to pay off the malcontents and establish a new force in their place. The Berliner Tageblatt says that the incident greatly discomfited the sultan, and he would have worn a simpleton's turban if it hadn't.

### Women and Buttons.

Attention was drawn by Dr. James Shaw at the Ambidextral Culture society to the singular fact that the buttons of feminine clothes are on the wrong side, or, rather, since ladies may maintain that it is men's buttons which are wrong, that men's buttons are on the right side of the wearer and women's on the left.

This peculiarity Dr. Shaw ascribed not to feminine perversity, but to the fact that those who set ladies' fashions were supposed to have maids to dress them, for whom this position was more convenient.—London News.

## LOCAL JOTTINGS

FRED P. SMITH, CORRESPONDENT

Mrs. Robert Clark is very poorly.

Rev. C. S. Clay spent Friday in Chicago.

L. M. Gross of Sycamore was in town Wednesday.

Mrs. John Taylor has been quite ill the past week.

A. L. Thorpe was a Kingston business caller Thursday.

The bible study class met with Mrs. Amanda Moyers Monday evening.

Ed Stuart and Stuart Sherman were Chicago business visitors Wednesday.

Ladies from the country served dinner at the M. E. church parlors Thursday.

MARINETTE, WIS., Sept. 25, 1903.

I was all run down from nervousness and overwork and had to resign my position and take a rest. I found that I was not gaining my strength and health as fast as I could wish, and as your Wine of Cardui was recommended as such a good medicine for the ills of our sex, I bought a bottle and began using it. I was satisfied with the results from the use of the first bottle, and took three more and then found I was restored to good health and strength and able to take up my work with renewed vigor. I consider it a fine tonic and excellent for worn-out, nervous condition, and am pleased to endorse it.

AGNES WESTLEY,  
Sec'y, North Wisconsin Holland Society.

Secure a \$1.00 bottle of Wine of Cardui and a 25c. package of Theford's Black-Draught today.

Bert Perry went to Bensenville, east of Elgin, Saturday, where he will in the future act as agent for the C. M. & St. P. R'y. Bert has been a faithful employe of the road for several years and is deserving of the promotion. He will move his household goods as soon as he can secure a house and the weather permits.

There was a regular mid-winter picnic at the home of John Renn Wednesday, all the children being present. They were Messrs. and Mesdames Fred Renn, Howard Renn, Frank Hoffman and G. W. Sowers. The fatted calf was not killed, but two of the finest porkers that ever squealed were butchered. Each hog was eight months old and weighed 800 pounds. Such stock anyone might be proud of. The family gathering was greatly enjoyed.

"The Devil and The Turk"  
Those who did not hear the lecture Wednesday evening by Dr. John R. Reitzel missed a rare treat. Altho Mr. Reitzel was not thoroughly acquainted with the devil and his domain, such cannot be said regarding the Turk. He has traveled extensively in the dominions of the Turk and knows their customs as well as any American living. His revelations regarding the country opened the eyes of his audience in many instances. There was enough wit and humor mixed up with the facts to make the lecture interesting to both old and young. Things were put in a way to leave a lasting impression.

Beware of Ointments for Catarrh that Contain Mercury  
as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists. Price 75c per bottle. Take Hall's Family Pills for constipation.

Spilled Her Beauty  
Harriett Howard of 209 W. 34th St., New York, at one time had her beauty spoiled with skin trouble. She writes: "I had salt rheum or eczema for years, but nothing would cure it until I used Bucklen's Arnica Salve." A quick and sure healer for cuts, burns and sores. 25c at Hunt's Pharmacy.

## Our January White Sales

Are awaited with great interest by our customers in Elgin and vicinity, and it is with pleasure that we announce our 1905 January Sale to open on Saturday, Jan. 21st. This year we have outdone our efforts of every previous year, our stocks are larger, better assorted and because of the recent drop in the price of cotton (our contracts protecting us) we are enabled to quote more attractive prices than for several years past. Our sale this year embraces muslin underwear, infants' muslin underwear, corsets, summer skirts, linens, bedding, domestic cottons, white goods, embroideries, laces, etc., and our displays will be the greatest ever made in Elgin. It is a money saving opportunity for you, besides giving you first choice of the season's best merchandise. Theo. F. Swan, Elgin, Ill.

## Public Sale

Having sold my farm here and being about to locate elsewhere, I find myself with more stock and tools on hand than I care to ship, so have decided to offer at public sale at my farm 3 miles north and 3/4 of a mile west of Genoa on Wednesday, January 25, 1905, commencing at 1 o'clock the following described property:

56 head of livestock, 1 gray mare, 9 years old, weight 1,550 pounds, a splendid brood mare; 1 black, family driving mare; 1 weanling draft filly, nearly full blood; draft filly, weight 1,500 pounds, 2 years old; 1 pair well-matched mules, 10 years old; 10 head of cattle; 1 cow four years old, giving milk; 2 year old cow, fresh, with fine heifer calf by side; 1 white cow 2 years old; 2 heifers coming 2 years old, bred; 1 yearling heifer; 1 bull seven months old, a good one; 2 bull calves eligible to registry in Polled Durham Herd Book. Papers can be secured for \$1.00 each. These cattle are mostly high-grade Durham and Polled Durham; farming implements, 1 Deering binder, 2 wagons, 1 corn planter, 1 Deere gang plow, 1 Peacock corn plow, 1 Budlong disc pulverizer, 8 foot, 1 hay rack, 1 set double driving harness, 41 head of nice shoats.

Free lunch at noon.

Terms of sale—Sums of \$10 and under, cash; on sums over \$10 a credit of seven months will be given purchaser giving note with approved security. Six per cent. interest will be charged on all time sales. No property to be removed until terms of sale are complied with.

J. H. CROUCH.

## A Grim Tragedy

Is daily enacted, in thousands of homes, and death claims, in each one, another victim of consumption or pneumonia. But when coughs and colds are properly treated the tragedy is averted. F. G. Huntley of Oakland, Ind., writes: "My wife had consumption, and three doctors gave her up. Finally she took Dr. King's New Discovery for Consumption, Coughs and Colds, which cured her, and today she is well and strong." It kills the germs of all diseases. One dose relieves. Guaranteed at 50c and \$1.00 by Hunt's Pharmacy. Trial bottles free.

## Our January White Sale

Will open in our store Saturday, Jan. 21st. It presents an exceptional opportunity to select materials for your summer waists, dresses and muslin garments, for our full lines of India linens, Nainsooks, Persian lawns, Swisses, dimities and other white goods, also laces, embroideries and insertions are on sale at prices far lower than you'll pay in mid-season. Then, too, you are prepared to take advantage of stormy days and the coming Lenten season to make them up. Theo. F. Swan, Elgin, Ill.

## Sickening Shivering Fits

Of ague and malaria can be relieved and cured with Electric Bitters. This is a pure, tonic medicine; of especial benefit in malaria, for it exerts a true curative influence on the disease, driving it entirely out of the system. It is much to be preferred to quinine, having none of this drug's bad after-effects. E. S. Munday of Henrietta, Tex., writes: "My brother was very low with malarial fever and jaundice, till he took Electric Bitters, which saved his life." At Hunt's Pharmacy; price 50c; guaranteed.
