THE VILLAGE CLERK

Will Hereafter Hold Office Two Years—Law Passed Saturday

The village clerk will hereafter serve two years instead of one, senate bill No. 389, fixing the term at two years, having passed the house last Saturday. As was the case with the village presidents, the law will probably go into effect at once and those clerks elected this spring are in for a long term.

The law is a sensible one and should have been on the statute books years ago. It is an office for which there is seldom a fight and in many cases the clerk is just becoming acquainted with his duties when the year is up. T. M. Frazier, the present incumbent in Genoa has held the office four years and the chances are that we can stand him two years more. He fits into the office nicely.

Senate bill No. 252 is one that will be hailed with joy by many farmers in this vicinity and thru-out the state. The bill appropriates \$15,000 per annum for the Illinois Farmer's Institute and \$75 per annum for each county Institute. This will enable the officials to offer substantial premiums and thereby arouse more interest among the farmer boys.

Haines-Hunt Nuptials

On last Tuesday evening at 8:30 at the home of the bride's father, Kendall A. Hunt, on North Cross Street, occurred the quiet, pretty wedding of Mr. Arthur M. Haines of Charter Grove, to Miss Sadie A. Hunt. The ceremony was performed by Rev. B. M. Southgate of the Congregational church.

Mr. Haines is a young man of sterling qualities. He has charge of the Plato Center creamery.

The day of the wedding was also the anniversary of the wedding of the bride's parents—True Republican.

New Divorce Bill

The legislature at Springfield placed a ban upon the immediate remarriage of divorced persons in Illinois by passing the bill prohibiting divorced persons from remarrying within a year after the decree has been signed by the court, except in cases where infidelity is involved. In these instances the guilty person shall not marry again for two years. Violation is punishable by a penitentiary sentence of from one to three years, and the marriage is declared null and void.

Grand Army Going to "Camp"

Arrangements have been completed for the annual encampment of the Grand Army of the Republic, department of Illinois, to be held at Rockford May 23, 24 and 25.

The headquarters will be at the Hotel Nelson. There will be a campfire on the evening of May 24.

Commander in Chief Robert Mann Woods has issued an address calling for the proper observance of Memorial day, Tuesday, May 30.

CALIFORNIA LETTER

J. H. Moore Tells of the Advantages of his Adopted Const Home

Fresno, Calif., May 2, 1905
Mr. Editor

Dear Sir:—I thought a few lines to you would be somewhat interesting to my old neighbors and friends in Genoa. We are all well and trust that you are the same. The climate here is ideal, all that a person could wish. We had local showers all winter and spring until about three weeks ago. It got very dry and dusty, but last night it rained about three hours. The dust is well settled and the ground is plenty moist. The alfalfa hay was cut and stacked about two weeks ago.

They are cutting the barley and wheat hay now. They sow the barley and wheat here in November and it grows all winter. I have two acres of wheat, sown the 7th of February and it is now waist high and will be ready to be cut for hay in two weeks. My corn crop is small to what it used to be back east. I have six rows of corn about sixty rods long, planted the tenth of March. Today it stands knee high, and as fine a color as I ever saw in Illinois. My sweet corn is tasseled out. We are on our third crop of radishes also eating our second crop of peas. Today we had new potatoes for dinner and were taken from our garden. They are about the size of a hen's egg. How is that for the second day of May? The fruit crop is very promising. Meat of all kinds is cheaper here than back east. Beef steak 10 cents, pork, salt or fresh, 10 cents per pound. The price of shoes and clothing is the same as in Genoa. Flour is \$1.35 per sack. Tea and sugar about the same as back east. Eggs are 20 cents per dozen. Butter is 30 cents a pound, and potatoes are worth \$1.00 per bushel. I can't see but why a man can make a living here as well as anywhere else. He can find there is any get up or get to him. I just like it here, it is a land of flowers and sunshine the year round. As for winter, we had none here. The coldest weather was three degrees below freezing point. One can have garden vegetables here all winter.

Fresno is a beautiful city of 23,000 inhabitants. It has twelve churches and four or five high school buildings. The church and school system here is number one. I live three quarters of a mile outside of the city limits. More than one hundred teams pass by every day. One can't get homesick if they tried. Will Moore and I went out thirteen miles on Black Stone avenue to see the country. We saw a man plowing who had eight mules hitched to a four gang plow, driving with one line. I asked him how many acres there were in the field. He said he did not know how many acres he had gone around. It is seven or eight miles around the field. I asked how rounds he could make in a day. He said two in the forenoon and two in the afternoon. It looked like a big thing to us but it is true, nevertheless.

Yours Truly
J. H. MOORE.

EXCHANGE GLEANINGS

ITEMS OF GENERAL INTEREST TO GENOA AND VICINITY

New Rural Route for Marengo—The Old Court House is now Little more than a heap of Broken Bricks

Marengo will have rural free delivery of mail over six routes the first of June. There are now five routes out of the city.

With some advance salary and \$110 school money Prof. Shover, principal of the Libertyville school absconded one day recently.

In 1830 John Jacob Astor was the only man in New York who was worth \$1,000,000. Now the Astor estate is approaching the \$1,000,000,000 mark.

To be a bachelor in Wisconsin may soon cost \$10 a year but may there not be bachelors just wicked enough to say that it's worth the price?

House wives should not buy "cheap" hams of strangers. A swindler has been working towns in the neighborhood by selling stale and wormy meat at any prices. Buy your meat of the home butchers.

The "walled cities" of China are well named, for the majority are surrounded by walls thirty to forty feet in height and from sixteen to thirty feet in breadth. The city of Hsianfu is surrounded by a wall sixteen miles in circumference.

A Kansas farmer is kicking because he gave his daughter a pair of chickens two years ago and promised to feed the increase for four years if she would take care of them. He says that she has \$64 in the bank and also 200 chickens that he had to feed all winter. He also says that at the end of four years she will own the farm and be charging him rent for living on it.

The old court house is now little more than a heap of broken bricks. As soon as it is removed and the legal red tape is gone through with, work will be begun on sewer connections. Filling is being done gradually in the grounds and enough earth will be there in a few weeks. The levels have been ascertained this week by Engineer Hay, and the architect will be there in a few days to arrange for grading the grounds.

WATER FAMINE

Main Bursts on Main Street Causing Considerable Inconvenience

The city water works system was badly crippled a few days last week by the bursting of a ten inch main on Main street. From Thursday noon until Saturday evening all the business houses on Main street and the residents on Genoa street were without city water. There are only one or two wells on the latter street and as a consequence people residing there were put to some inconvenience.

The break was found in front of Jesse Evans' place. It was necessary to take out about five feet of the pipe and replace it with new, making three joints to be soldered. The work was done in fine shape by Lew Duval, who has become an expert in that line.

Preparing for the Sport

Elgin has an annual crow hunt, and this year the interest in the coming event is much greater than ever before. Already over one hundred names have been entered. Hunters will start out on the morning of May 15, and shoot for two days. Next year gophers as well as crows will be killed.

NEBRASKA INDIANS

Will Play the Genoa Base Ball Team Saturday, May 20

Green's Nebraska Indian base ball team is now engaged in its annual tour, and will play in Genoa on the 20th of this month. They are all ball players and have won nearly every game played this season, about 35 in all. The Indians are made up of nine different tribes as follows: Sioux, Assinaboines, Wascas, Winnebagoes, Pottowatomies, Shawnes, Chippewas, Santees and Omahas. The manager carries thirteen players.

An enormous amount of red tape must be unwound before manager Green is able to obtain the men which make up his great base ball team. Consent of parents and relatives must be obtained; the permission of the Indian agent secured and finally the whole proceeding must be reviewed and approved by the commissioner of Indian affairs. Sometimes two or three years is required to obtain a particular player.

EPWORTH LEAGUE RALLY

Annual Event to take Place at M. E. Church Sunday Evening

The Sunday evening service at the M. E. church, May 14 will be a notable event in the history of the Epworth League. All over the world wherever the Epworth League is found the sixteenth anniversary service will be held.

On the 15th day of May, 1889 the Epworth League was organized at Epworth church, Cleveland Ohio and on the 15th day of May, 1905, the League will be sixteen years of age.

The growth of the Epworth League is phenomenal indeed, as there are today in round numbers more than 1,000,000 members of the Senior League and 5,000,000 members of the Junior League. There are Epworth League chapters in nearly all nations of the world. Last year the report showed 495 foreign chapters. Last year, 1905, there were 698 new Epworth League chapters organized.

The rally service, Sunday evening, will be one of great interest and every Epworth Leaguer in Genoa township is urged to be present. Extra interest will be given the regular league meeting from 6:30 to 7:30 p. m. as the delegates to the Rockford district convention have returned and no doubt will give an inspiring report. The singing of the evening will be full of life and enthusiasm along league lines. The address of the evening will be a rare treat to the people of Genoa.

Mr. Murakami is a graduate of one of our mission schools at Tokyo, Japan, and is now attending the Ohio Wesleyan University. He is an able speaker and will give us some glimpses of that remarkable land which gave him birth.

The public is most cordially invited to attend all services at the M. E. church next Sunday.

ENTERTAINMENT AND SUPPER

Societies of M. E. Church to Join Forces Friday Evening, May 19

On Friday evening, May 19, the Ladies' Aid Society, Missionary society and Epworth League will unite in serving a supper and entertaining at the M. E. church. The proceeds will be used in paying for cutlery which was recently purchased by the societies. An excellent program is being prepared and the supper will be the best ever. All for 20 cents. Entertainment alone 10 cents.

SYCAMORE DEFEATED

GOES DOWN BEFORE THE GENOA HIGH SCHOOL ATHLETES

Wet Grounds and Drizzling Rain Make a Listless Game of Two and One-half Hours Duration

The Sycamore high school base ball team was defeated on the home grounds last Saturday by the Genoa athletes, the score being 14 to 11. It was anything but an ideal day for base ball. The grounds were wet, the air chilly and part of the game was played in a drizzling rain. It was practically impossible for either pitcher to put the benders over the plate twice in succession, the little sphere being like a piece of wet soap. The Genoa team was superior in every way, and had Evans been able to control the ball Sycamore must have suffered a shut out. By special agreement each team had a player not connected with the schools. Sycamore put in Reynolds of DeKalb while Genoa had Chas. Senska of the Goats at short.

Next Saturday a Rockford high school team will meet the locals on the Genoa grounds.

Lightning struck Rev. J. Molthan's barn shortly after 10 o'clock Thursday morning and in a few minutes the building was a mass of flames. In less than five minutes after the alarm was given the fire department was on the scene with two hose carts, and soon had the flames under control. The roof was badly damaged and the interior charred, but the barn can be easily repaired.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O. Chamberlain's Cough Remedy the Very Best

"I have been using Chamberlain's Cough Remedy and want to say it is the best cough medicine I have ever taken," says Geo. L. Chubb, a merchant of Harlan, Mich. There is no question about its being the best, as it will cure a cough or cold in less time than any other treatment. It should always be kept in the house ready for instant use, for a cold can be cured in much less time when promptly treated. For sale by Hunt's Pharmacy.

I was all run down from nervousness and overwork and had to resign my position and take a rest. I found that I was not gaining my strength and health as fast as I could wish, and as your Wine of Cardui was recommended as such a good medicine for the ills of our sex, I bought a bottle and began using it. I was satisfied with the results from the use of the first bottle, and took three more and then found I was restored to good health and strength and able to take up my work with renewed vigor. I consider it a fine tonic and excellent for worn-out, nervous condition, and am pleased to endorse it.

JOIN HANDS FOR ROAD DeKalb Wants to Bury Hetchet with Sycamore and Fight for Electric DeKalb Review: If the proposed Elgin and Belvidere electric road is built it will be of general interest to the people of the whole county to have what is termed the south route chosen. The people of Woodstock are sparing nothing to have the road go through that city rather than to go by way of Genoa. If the latter route is chosen the DeKalb-Sycamore road may be extended to Genoa, giving DeKalb county direct electric communication with Belvidere and Elgin and all the territory between. This means much to our people. If the north route is chosen it might be twenty years before another electric line would be built out of Belvidere in this direction. The north route might forever bar out a Belvidere-Genoa road. It is time the people of north

DeKalb county quit local contentions, organize and use their united efforts to secure a line of transportation that will be a benefit for all time to come. A union of action might be the means of landing the prize.

There is no excuse for prolonging a local fight. DeKalb was drawn into a court house scrap by the people of DeKalb county. She was obliged to stand by her outside friends to save her honor. Sycamore won and can make nothing by continuing the fight. As a victor she can afford to be magnanimous. There is no general feeling in DeKalb against Sycamore on account of old scores. The past is forgotten. There is a disposition on the part of a few narrow minded irresponsible galoots of both places to keep up the strife by malicious falsifying, but they have not the sanction of thousands and thousands of the best people.

There is a field in DeKalb county for both cities to flourish and the more each does the better for all. It would be thousands of dollars yearly to DeKalb county to get the Belvidere-Genoa-Elgin road.

The Catalogue House

The following from a local paper contains some suggestions that dealers might well place before their customers from time to time:

When the catalogue comes from your mail order house, draw an easy chair to the table where the light will shine full upon the page and put on your glasses that no bargains may escape your eye. What a wonderful book it is to be sure—wonderful for what it does not contain, as well as what it does. We miss some things we would be glad to see. Where is their offer to pay cash or exchange goods for your wheat, oats, corn, beans, butter, eggs, and hay. How much do they pay for the cattle, sheep and hogs, f. o. b. at your depot? How much tax will they pay to support your schools and educate your children, for improving roads and bridges, the support of the poor of the county, for the expense of running the business of the township, county and state. On what page is their offer to contribute money to the church? What line of credit will they extend to you when your crops are poor and money gone, when through illness or misfortune you are not able to send "cash with order" for your tools, clothing, groceries and crockery? Where is their offer to contribute to your entertainment next year? What did they do last year? In short, will they do anything to provide for what you have to sell and thereby keep up the value of your estate? Will they do anything for social, school, church or Government support, or do they take your dollars out of the community with no returns except the goods you buy?

Weekly Market Report

Furnished by Russell, Freeman & Co., Livestock Agents, Union Stock Yards, Chicago. Corrected every Week

Receipts of cattle for the first two days this week are nearly 25,000, and while prices have advanced 10 to 15c on the strictly good grades there is still a rather dull feeling in the trade for the commoner grades. Prospects are for rather moderate receipts for the balance of the week and we look for some improvement in the trade. We quote:

Choice to fancy finished steers	\$.62 to 6.75
Good to choice finished steers	5.65 to 6.10
Fair to medium corn fed steers	5.00 to 5.50
Fair to good corn fed steers	4.50 to 4.90
Common quality and short fed steers	4.00 to 4.40
Fancy well finished yearlings	5.40 to 6.00
Medium yearlings	4.50 to 5.25
Good to choice feeders	4.50 to 4.90
Common to good feeders	4.00 to 4.40
Common light feeders	3.25 to 3.85

We have had a fair proportion of butcher stuff in receipts so far this week, but on account of the Texas grass cattle that are commencing to run there is not a very strong feeling in the trade and prices are only quotably steady with the close of last week. We quote:

Choice to fancy heifers	5.00 to 5.50
Good to choice heifers	4.15 to 4.85
Medium to good heifers	3.60 to 4.00
Common heifers	2.50 to 3.40
Choice, heavy export cows	4.25 to 4.90
Good to choice cows	3.75 to 4.15
Medium to good cows	3.00 to 3.60
Common cows	2.50 to 3.00
Canners	1.75 to 2.25
Good to choice export bulls	4.00 to 4.75
Fair to good bulls	3.40 to 3.90
Bolognas and common bulls	2.75 to 3.25

Monday's receipts of hogs were close to \$6,000, and the market broke about 15c, and followed today with 22,000; the market was only barely steady and closed slightly lower than the opening. We quote:

Mixed	5.25 to 5.45
Mediums	5.40 to 5.52 1/2
Heavy packing	5.10 to 5.45
Selected heavy shipping	5.40 to 5.52 1/2
Selected light (170 to 180 lbs. av.)	5.40 to 5.50
Little pigs	4.40 to 5.30

Taken from Nature.

From the pure fountain of nature flows the stream of energy and health, which renews and invigorates our race. Not only do we get inspiration from nature, but health as well. To live in the open, in the sunshine, in the fields or woods, drinking pure air into the lungs, is best for those who have the opportunity. For people who are run-down, nervous, suffering from occasional indigestion or dyspepsia, headaches, night sweats, whose machinery has become worn, it becomes necessary to turn to some tonic or strengthener which will help them get on their feet. For centuries it has been known that nature's most valuable health-giving agents are roots, herbs, barks and berries, and some forty years ago Dr. R. V. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., found a combination of roots, herbs and barks, taken from the fields and woods and made into an alterative extract, that produced results in the system which were satisfactory in cases of blood disorder and stomach trouble. This concentrated extract of nature's vitality purifies the blood by putting the stomach into healthy condition, helping the assimilation of food which feeds the blood and putting the liver into activity. Nervousness and sleeplessness are usually due to the fact that the nerves are not fed on properly nourished blood. Dr. Pierce's Golden Medical Discovery makes pure, rich blood, and thereby all the organs of the body are run smoothly. You feel strong and strenuous, and are good for a whole lot of physical or mental work. Best of all, the strength and increase in vitality and health are lasting. Every bottle of Dr. Pierce's Golden Medical Discovery bears the stamp of public approval. For the dealer to offer you something he claims is "just as good" is to insult your intelligence.

Tuesday morning the announcement that Chas. Witt had passed away at an early hour brought grief to the community. Last summer an attack of typhoid fever left his heart in a weakened condition and two weeks ago while attending court at Belvidere he caught cold which developed into pneumonia. He was recovering from that disease and a sudden attack of heart failure caused his death. Chas. Witt was born 49 years ago on the home farm west of town where he resided at the time of his death. He was married to Miss Lucy Brainard and to them were born twins who died in infancy, one son Merton and one daughter, Mrs. Ella White, who with the widow survive. He also leaves three brothers, William of this place, Issac of Belvidere, and Henry of Oklahoma and one sister, Mrs. Mott who lives in Kansas. He was a member of the M. W. A. and carried insurance in that order. Hundreds of friends today mourn his death and sympathize with those who are bowed down in their sorrow. Of a jolly, happy, disposition, generous to a fault, he was counted as a friend by all who knew him and most sincerely will he be missed. The funeral ser-

vices will be held at his late home Friday, May 12 at 1 p. m. and the burial will take place at Bloods Point cemetery.
