

## THIS WAS NEWS IN THE YEAR 1895

### Band Concert Interrupted by Band of Hoodlums

### Report of The Primary Attendance

Georgie Evans and Others are Good Boys—Muslin Only 5c a Yard

These "news" items were clipped from the Genoa issue of October 17, 1895, "when you and I were young Maggie."

Dr. Billig is driving a "bit of horse flesh" second to none in Genoa these days.

Among the pupils in the primary rooms who were neither absent nor tardy during the first month of school we find the names of Maggie Hutchison, Edgar Baldwin, Vila Scott, Chester Evans, Minard Scott, Libbie Brown, Lawrence Kiernan, George Evans, Alma Sumner and Florence Crie were teachers. (Of the 34 names on the roll, only five now reside in Genoa.)

The entertainment given under the auspices of the newly organized band Thursday evening was an enjoyable affair. It was one of the best entertainments of the kind ever given here and were it not for the efforts of Genoa's young hoodlum element, it would have been enjoyed more fully. (Do any of you fellows know to whom the editor was referring?)

The Illinois Federation of Labor in session at Peoria laid on the table a motion expressing sympathy for Eugene V. Debs. (He still has sympathizers.)

The two pacy mares, Miss Rita and Josie E. went a mile double in 2:12 at Lexington, breaking the world's record.

James J. Corbett and Bob Fitzsimmons will box with soft gloves at Hot Springs, Ark., October 31, 1895. (Meaning that they will not box with bare knuckles.)

Muslin 5c a yard at E. Crawford's. Miss Effie Sisson is still confined to her home from the effects of a fall from her bicycle.

A. C. Sensa intends moving his present back and will begin the erection of a new building soon.

### EIGHTY-FIVE YEARS

Mrs. H. Heineman celebrated her 85th birthday anniversary at her home in Huntley last Sunday. Many friends and relatives called unexpectedly, among them being the following from Genoa: Mr. and Mrs. C. H. Awe, Miss Evelyn Awe, Walter Awe, Mr. and Mrs. Frank Awe and Mr. and Mrs. W. H. Awe and daughter, Vida. Mr. and Mrs. Max Burrows and daughter, Ina May, of Riley, were also in attendance.

### RECORD CROPS

Department of Agriculture Gives Assurance of no Famine

Forecasts of production this year of the country's principal crops, estimated from their condition October 1, or at time of harvest, were announced by the department of agriculture as follows:

Spring wheat, 218,077,000 bushels; all wheat, 750,648,000 bushels; corn 3,216,162,000 bushels; condition, 89.1 per cent.

White potatoes, 414,986,000 bushels condition 82.7.

Sweet potatoes, 103,779,000 bushels condition 87.1.

Tobacco, 1,478,788,000 pounds; condition 83.3.

Flax 11,704,000 bushels; condition 62.8.

Rice 52,298,000 bushels, condition 83.1.

Apples, 34,287,000 barrels; peaches, 44,423,000 bushels; kafirs, 139,503,000 bushels; peanuts, 39,217,000 bushels; beans, (six states) 9,364,000 bushels.

Condition on October 1 and production forecast in principal producing states, follows: Indiana 95, and 76,342,000; Illinois 94, and 150,692,000; Wisconsin 96, and 105,996,000; Minnesota 96, and 120,720,000; Iowa 96, and 214,500,000; Missouri 93 and 43,128,000.

### WANT RURAL CARRIER

The Civil Service Commission announces an examination for the position of rural carrier at Kirkland, Ill., to be held in the Post Office building at Sycamore, Ill., on October 23, 1920. Apply at Post Office for blanks

Found it? Use a want ad.

### BELVIDERE MILK PRODUCERS

Have 30,000 Pounds Daily and "No Place to Go"

Belvidere Milk Producers' association members have joined the movement to take over plants of the Borden company and others in their district and probably will complete the purchase of a distributing station in the next few weeks.

H. M. Huntington, president of the Belvidere local of the Milk Producers' association told The Elgin Daily News today that stock is now on sale for the purchase of the Walte company's creamery and cheese making business at Belvidere and that place will probably be purchased by members of the Milk Producers' local and business men of the locality to provide an outlet for the farmers' milk.

The Belvidere Borden company plant, which closed down October 1, because of the delared surplus of canned milk, will be purchased by the association members if the Walte plant is not taken over.

"Whichever plant is purchased will be used as a distributing center, and not for the manufacture of condensed milk," said Mr. Huntington, "At the present time farmers in the vicinity of Belvidere are taking their milk great distances to find an outlet. Very little is being brought to Belvidere to be made into butter.

"Some are taking their milk to Rockford, some to Cherry Valley and others to places in the district where there are plants of any kind. Prices of milk range from \$3.70 down to \$2.45 a hundred pounds. At Rockford the \$3.70 price is paid.

Daily Output 30,000 Pounds According to the Belvidere officials of the Milk Producers' association the daily output averages over 30,000 pounds in the Belvidere district.

"We have never become affiliated with the marketing company of the Milk Producers' association," said Mr. Huntington, "And so any plants that are purchased will be for our own use.

A total of 160 shares are offered, Belvidere farmers and forty to business men and others not in the association.

Milk at the present time is selling at 10 cents a quart in Belvidere because of the break in the wholesale milk price. Some dairymen may quit the business unless an outlet is provided immediately. The large crop of corn and ensilage has helped hold down costs this year.

The Borden company plant at Belvidere manufactured condensed milk and "condensed coffee"

The present situation which has caused farmers to have no outlet for milk is due to the quick ending of the war, according to E. W. Engstrom, of Rockford, one of the directors of the Milk Producers' co-operative marketing company.

The Nestles company had huge British war contracts and was endeavoring to buy all plants it could. It was understood that it was expecting to buy all Borden plants. When the war ended the Nestles company had bought a few of the eastern plants but their program fell down. Jobbers are avoiding carrying large stocks bending their efforts to get pre-war prices on milk.

### WAR ECHOES

Roscoe Youth Dies from Effects of George Overseas Ailment

George B. Barnes, son of Mr. and Mrs. Joseph Barnes residing on a farm two miles south of Roscoe, died at the Rockford hospital Saturday morning from trench mouth, sickness familiar to overseas veterans. Shock following an operation late Friday afternoon, is believed to have hastened his death.

Last Tuesday his brother, Ralph Barnes, submitted to an operation for the transfusion of a quart of blood from his veins into those of his brother in an effort to save his life.

Deceased was born in Argyle, November 30, 1895. He served overseas for eight months with the 38th Infantry.

### THE PENALTY

The Soil Improvement Association could resort to other methods in eradicating the barberry pest Those who knowingly allow the destructive plant to grow on their premises are subject to a fine of not less than \$10 and not more than \$100. This being a case of education, rather than prosecution, the association is taking the more pleasant and perhaps the more effective method of eradication.

Want to sell it? Use a want ad.

## GENOA LOSES A GOOD CITIZEN

### Thos. M. Frazier Passed Away, Sunday, October 10, 1920

### LONG ILLNESS OF TUBERCULOSIS

Funeral Services Held Tuesday—Burial According to the Masonic Rites

Thomas M. Frazier passed away at his home on West Main street Sunday, Oct. 10, after many weeks of illness, tuberculosis of the throat having fastened its grip on him months ago.

Funeral services were held at the M. E. church Wednesday afternoon, Rev. L. B. Lott officiating. Music was furnished by a mixed quartet, composed of Mesdames Will Englo, Frank Elklor, Messrs. C. J. Bevan and C. D. Schoonmaker.

Members of Genoa Lodge No. 288, A. F. and A. M., escorted by uniformed Knights Templar, attended services in a body and the body was laid to rest in Genoa cemetery according to the impressive Masonic rites. Mr. S. Wrigley of Sycamore acted as Master and performed the work in a manner that elicited much favorable comment.

Thomas M. Frazier, son of William and Matilda Frazier, was born in Mackeyville, Pa., April 4, 1865. He came to Genoa about 25 years ago and on April 30, 1907 was united in marriage to Miss Margaret Hewitt, in Genoa. Besides his wife he leaves three sisters and three brothers, one of whom, Ammon, resides in this city.

Mr. Frazier has, many years been a faithful and true Mason and held the office of secretary of the local lodge several terms.

He was initiated into Genoa Lodge December 4, 1895; passed January 21, 1896; exalted to the degree of Royal Arch in Sycamore Chapter No. 49 at Sycamore Ill., October 23, 1899; dubbed Knight and created a member of the Order of the Temple in Sycamore Commandery No. 15, April 18, 1900. He was also a member of the Genoa lodge of Odd Fellows. The deceased always took an active part in civic affairs and was village and city clerk several terms. At the time of his death he was an alderman in the third ward. Having been in the mercantile business himself and a clerk in various stores many years, he had acquired a wide acquaintance, having the satisfaction of knowing that by leading a square and upright life he had made those acquaintances his friends.

### POLAND CHINA LEADS

But the Duroc is a Close Second in Illinois

Poland China hogs are the most popular with Illinois farmers, altho Duroc Jerseys run a close second, according to figures compiled by the United States bureau of Crop Estimates through S. D. Fessenden, agricultural statistician for Illinois. His figures show that 34.4 percent of the hogs raised in the state on Aug. 1, 1920, were Poland Chinas, and 36.6 per cent were Durocs. Third in point of relative number came Chester Whites, 14.5 per cent, with other breeds trailing down as low as one per cent, Razorbacks.

Other varieties showed the following percentages: Berkshires, 5.8; Yorkshires, 3; Tamworth, 8; other including nondescript hogs 5.6 per cent. The Duroc Jersey breed is more numerous in the United States at large, composing 34.2 per cent of the total with the Poland China second at 27.9 per cent.

In the matter of cattle, the Durham Short Horn is by far the most popular in Illinois, 31.3 per cent of the cattle in the state being of that breed. Herefords and Holsteins made up respectively 16 and 16.4 per cent of the total, and the Jersey only 11.9 per cent. Aberdeen Angus 7.6 per cent, with several other varieties in much smaller numbers.

The Durham Short Horn also leads in the nation although not with as large a percentage as Illinois, being 22.6 per cent of the total.

### BOOKKEEPER SHORT

An alleged shortage of \$3,100 in the books of the Woodstock Type-writer company Tuesday resulted in the indictment by the McHenry county grand jury of Mrs. Gertrude Bohardt, for ten years one of the company's chief bookkeepers. She is charged with embezzlement.

### AND THEY STILL LIVE

Reporter Finds a New Drink, "Lubricated Oil"

Here is a new drink, wine and lubricated oil mixed.

Saturday when Walter Hengesbach who lives on a farm in Milan town ship, south west of Malta, went to town a couple young fellows went out to his place and stole a lot of wine and lubricated oil. The latter was thought to be wine. The young men came back to DeKalb and they were treating their friends to the new drink, lubricated oil and home made wine. They were feeling pretty good when the police picked them up and took them over to the station.

The local officers say that the young men saw when Mr. Hengesbach came to DeKalb and then made a bee line for the farm cellar. It must have been dark as they picked up 10 gallons of lubricated oil which they thought was the real stuff.

When they mixed the wine and oil together they thought they had a real drink—DeKalb Independent.

The Republican has "some friends" who are disappointed in their dandelion wine—that is, the klick does not hit the spot that one would expect a self respecting wine to reach. Now we want to get in touch with some of that "lubricated" oil. It's a new one, but it must be a lollapalooza.

### High School Notes

Earle Russell, Editor

The Junior class has selected its class ring. This has been the first Junior class of the G. T. H. S. that has ever selected rings. However, Evelyn has informed the girls that they should not get rings to fit the finger on which they are going to wear their engagement rings, because a diamond and a class ring (she must expect to wear a diamond) might clash.

Lost !!! The squeak of my shoe. Finder please return to James Crandall and receive liberal reward.

John Dyer is becoming a regular reclus in school and has absolutely refused to associate with humanity. At almost any time during the day he may be seen in some seat in a remote corner of the room with wrinkled brow and straggled hair pouring over some cover-work book. Maybe he is studying osteopathy, presidency, theology or some other far-fetched subject.

The High School schedule has again been changed to the joys and sorrows of the affected pupil.

Something should be said of the advanced manual training class. It has been in progress several weeks and meets regularly every day. There are at present seven in the class Earle Russell and Donald Young are constructing porch swings (which by the way they hope to put into use this season). They are nearly all made and will soon be ready to put together. They are larger than the majority of porch swings and are made of many pieces, and several different kinds of lumber. Earl Bright is making a desk set of about nine different pieces of which several have been put into shape on account of their requiring much skill and accuracy. The design and construction is distinctively original.

The set is being made from a piece of beautiful cypress and is to be hand polished and finished in mahogany. Franz Granz has already finished a foot-stool of excellent workmanship and he is now expecting to start work on a typewriter table. He is showing extraordinary ability although this is his first experience at the art. Carroll Swanson is making a magazine stand of very unusual design. The shelves, instead of being supported by one piece boards are held together by thin strips.

Charles Kellogg is making some piece of furniture of which the identity has not yet been determined by the rest of the class. Just you leave it to Kellogg and he will show you what it is going to be in a short time. Wayne Geilman, being a new member of the class, is drawing plans for a shoe polishing cabinet which will undoubtedly be a success.

### WILKINSON WINS

Recount of Ballots Gives Winner Greater Majority

The recount of the ballots cast for coroner at the primary election was completed last Thursday after some five days work in the county court, and on Saturday Judge Pond passed on the remaining issues and announced the vote as follows:

Wilkinson ..... 3588  
Brewer ..... 3563

It will be remembered that the judges and clerks in the various precincts reported that Wilkinson has received 3621 and Brewer 3620 votes a majority of only one vote. This final count gives Wilkinson 23 majority.

It will be noted that 90 votes counted the first time were thrown out. The recount assures Wilkinson's name on the ballot.

## FIFTY DOLLARS REWARD OFFERED

### For the Finding of Greatest Number of Barberry Bushes

### FIRST AWARD IS TWENTY-FIVE

### Second Fifteen Dollars and Third Ten—Open to DeKalb County Residents

Twenty-five dollars reward will be paid by the DeKalb County Soil Improvement Association to the DeKalb County, Illinois, boy or girl under 21 year of age who finds and reports the greatest number of COMMON BARBERRY bushes, found in said county not previously reported, before November 15, 1920.

Exact location of each and every find must be given in report, and find and report must be verified and approved by some school teacher in said county or some person approved by County Agriculturist.

All such reports must be filed in the office of the DeKalb County Soil Improvement Association before November 20, 1920.

\$15.00 will be paid to such boy or girl who so makes and reports second greatest number of such finds, and \$10.00 to third.

### How Rust Works

In submitting the above offer, county agriculturist, Thos. H. Roberts says: The black rust cut our wheat crop over the county from one to ten bushels both this year and last year. A loss of one bushel to the acre would mean a loss to DeKalb county farmers of approximately \$50,000.

We are instituting a movement for the eradication of this pest. You no doubt know that the fungus of this plant has a life cycle a good deal like a great many of our common insects. It starts with a black spore which we find on the wheat stubble in the fall which is carried to the barberry bush by wind, birds and insects. Here the spore lodges and it goes thru a period of incubation. When the new wheat comes on in the spring, vast numbers of eggs or spores are carried from the barberry back to the new wheat plant. Here it develops into a red rust, living by sapping the plant food from the wheat plant. As the season goes on this red rust turns to a black rust and is ready for the next life cycle. Rust cannot multiply without going thru the barberry stage.

The plants which have been pilaged by this fungus do not develop properly because of the shortage of plant food. The result is a badly shriveled wheat and a greatly decreased yield. Our means of overcoming this pest is to destroy the common barberry bush which is intermediate host.

Mr. D. S. Brown of Genoa has been very persistent in his efforts to eradicate this disease and is much responsible for the work we are doing.

### BE FOREWARNED

Precaution Every Day Will Prevent Flu Epidemic

The telegraphic news from day to day record a few cases of "flu" in various parts of the country, and arouses the fear that there is to be a devastating epidemic of that dread disease in this country again this fall.

Call it "summer flu," "summer cold," or what you will, its development is a matter of considerable concern to the state health authorities, especially in view of the approach of the season when the disease ordinarily takes on greater severity.

Some health authorities hold that in the light knowledge of previous epidemics of influenza we may look for another epidemic wave of serious proportions with the onset of fall. Others express the belief that the disease has spent its force and that developments of any material consequence are quite unlikely the coming season. The Illinois director of health is of the opinion that influenza developments during the fall or winter will be of lesser consequence than the two previous outbreaks.

Leading authorities agree that influenza is spread by the contact with infection bearers, and that the chances of infection increase proportionately with the larger number of persons with whom one comes in contact. The really important thing to do at this time is to strictly enforce the reporting and quarantine requirements. Every case of suspected "summer flu," "bad cold" or suspicious bronchitis, pneumonia or undoubted influenza should be immediately reported to the local health authority and by him to the state department of health. Every case or suspected case should be effectively isolated, only the necessary attendant being permitted in the sick room.

Visiting on infected premises is strictly forbidden. In other words, closely confine the infected person and prevent the well from coming in contact with the patient or attendant. Where isolation is not properly carried out, general quarantine must be applied to the premises and all residing thereon. Efficient quarantine is indispensable to control of the disease.

Warning should be issued against permitting any sick or ailing child or one residing on infected premises from attending school. Every precaution should be taken to safeguard the health of the community.

### O, SHUCKS!

And We Just Thought They Were Good for Pipes

Corn cobs, which, from the beginning of agriculture in America until now have been a waste product, are about to become an important raw material in manufacture. Capital at various places is becoming interested in the establishment of cob-utilization plants. This is due to a set of discoveries made in the Bureau of Chemistry, by which it was found that the entire content of the corn cob can be made into highly useful articles. From it our chemists produced a very excellent adhesive. After the high grade adhesive is removed, a considerable quantity of a lower-grade product can be made, the residue is practically pure cellulose, from which it is possible to manufacture a great number of commodities including a very good quality of paper. Some valuable lime products also are recovered. After all these processes had been worked out, it was discovered that a considerable quantity of a very costly chemical—furfural—was being lost. This is now saved as a by-product, and an even larger quantity of it can be produced by redistillation of the adhesive. Before this discovery was made furfural used to sell as high as \$20 a pound. Furfural is a basic intermediary in dye manufacture and, in addition, is so effective as an insecticide that it was used for that purpose when it sold at \$20 a pound.

### YET ANOTHER "BUG"

The United States Department of Agriculture has in press a new bulletin on control of the alfalfa weevil, which made its appearance in Utah a few years ago and has been spreading at the rate of about 10 miles a year. Reports received at the department in the last few weeks show that the weevil has been discovered in Reno, Nev.; Tippet, Nev.; Castle-dale, Utah; Twin Falls, Idaho, and in the Malheur Valley of Oregon.

No great amount of damage has been reported this year, but every effort is being made to intercept the progress of the new pest before it can reach large alfalfa areas.

## THE FIRST RALLY OF CAMPAIGN

### In Genoa Thursday Evening of Next Week, October, 21

### ADJUTANT GENERAL DICKSON

### And Several State and County Candidates Will Be in Genoa

The first Republican rally of the campaign will be held in Genoa on Thursday evening, Oct. 21. The meeting will be held on Main street, weather permitting. In case of inclement weather the meeting will be held in one of the halls.

The party of speakers and candidates will tour the country on the above date on the following schedule:

Cortland, 9:00 a. m.  
Malta, 10:00 a. m.  
Clare, 11:00 a. m.  
Kirkland, 12:00-2:00 p. m.  
Fairdale, 3:00 p. m.  
Kingston, 4:00 p. m.  
Genoa, night meeting.

In the party will be Adjutant General Frank Dickson of Springfield; John Byers and A. T. Tourtellot of Dixon, candidates for state legislature; H. G. Wright of DeKalb, candidate for state senator; Dr. Wilkinson, candidate for coroner; Cassius Poust, candidate for states attorney and Circuit Clerk Geo. James.

### STILL SLASHING

Bordens at Algonquin Reduce Milk Price One-third

The Borden company has cut the price of milk at the Algonquin plant from \$3.70 to \$2.52, a reduction of thirty three and a third per cent from the price which has prevailed since September 1. The Algonquin plant is one of the few Borden concerns in this part of the country still operating. The price is based upon the usual 3.5 butter fat test with a 7 1/2 per cent increase or decrease for variations of one tenth per cent butter fat.

At Garden Prairie and Cherry Valley the Gifford & Cullum factories announce a price of \$2.65 for the next two weeks, at which time a new price will be set. This is a reduction from \$2.70. This is also based upon a 3.5 butter test with variations up or down.

It is reported that Libby, McNeil & Libbey have announced no new price for their plants at Union and Capron. The Bowman factories at Poplar Grove, and their stations at Caledonia and Herbert will pay the contract price of \$3.70 until December 1.

### AURORA-CHICAGO NEXT

Road Between These Two Cities Next to be Paved

The Aurora-Chicago state highway will be the next to be paved," is the promise given by State Highway Commissioner Samuel E. Bradt of DeKalb to Wm. McCollough, president of the Aurora Automobile club, Supervisor Elliott Pritchard, Asst. Supervisor N. W. Tomlin, and James Lind, representative of the Chicago Motor club.

The contemplated stretch of paving will extend from Chicago to Princeton. This will cover a good portion of the Cannon Ball trail in Illinois.

The good road boosters on the trail some time ago were promised that the road between Princeton to Chicago would be paved. No action for getting work started was taken by the state highway department. Many were the excuses, including shortage of labor, also material and the depreciated dollar. Yet other roads were paved.

An appeal was made to the Chicago Motor club and Pres. Chas. M. Hayes and his assistant, J. E. Bugler agreed to work with the other towns between Princeton and Chicago, to bear upon the state officials and get the preliminary work done so that the road could and would be paved. The appeal was productive as shown by the promise of Mr. Bradt.

The heavy traffic between Aurora and Chicago—local and through—will require a pavement 24-ft. wide. The route to be paved will be what is known as Route 18 of the C. M. C.

### RAISE PASTOR'S PAY

Assured that the Rev. Arthur H. Smith would hold the pulpit of the Methodist church in Belvidere for at least another year, the official board met on Tuesday and voted unanimously to increase his salary from \$2,000 to \$2,500.

**GRAND THEATRE PROGRAM**

Sat., Oct. 16—Enid Bennett—"The Haunted Bed Room"  
 Wed., Oct. 20—Paramount Aircraft Special—"The Career of Katherine Bush"  
 Sat., Oct. 23—Bryant Washburn—"Putting It Over"  
 Wed., Oct. 27—William S. Hart—"Wagon Tracks"  
 Sat., Oct. 30—Chas. Ray—"Hay Foot Straw Foot"  
 Wed., Nov. 3—Paramount Aircraft Special—"The Dark Horse"  
 Sat., Nov. 6—Lila Lee—"A Daughter of The Wolf"

**SHOWS BEGIN AT 8:00 p. m.**

Mrs. John Sell was an Elgin visitor Saturday.  
 C. M. Corson left for Orient, S. D. Sunday night.  
 Chas. Senska was out from Chicago over Sunday.  
 E. McMackin was over from DeKalb Wednesday.  
 Eli Hall was out from Chicago a few days last week.

That good home made candy at the Genoa candy kitchen.  
 The sweetest of kisses at the Genoa candy kitchen. Home made.

Mrs. Gertrude Rowan visited in Rockford Thursday of this week.

Mr. and Mrs. A. J. Kohn were week-end guests of Chicago friends. Miss Laura Teyler is spending this week at the Klinger home in Rockford.

Mrs. Roy Stanley and Mrs. Frank Rudolph were Elgin visitors Saturday.

Mrs. Lillie Dyer and son, John visited Kenosha friends over the week-end.

Mrs. Knoll visited at the home of her son, Henry of Elgin Saturday and Sunday.

Mr. and Mrs. C. A. Goding visited over the week end at Byron and Rockford.

Mr. and Mrs. M. L. Geithman and daughter, Cecile, spent the week-end in Rockford.

Mr. and Mrs. Wm. Ashelford of Esmond visited at the Wm. Watson home Friday.

Mrs. Roy Slater is in the DeKalb hospital, where she underwent an operation Saturday.

Mr. and Mrs. Geo. Kirby of Ottawa visited Mrs. Libbie Kirby Saturday and Sunday.

Mrs. Ann Dushinberre of Marengo visited Mrs. Bryce Smith several days of this week.

A large gang of men is at work reballasting the tracks of the C. M. & St. P. road thru the city.

Mrs. Wm. Gnekow of Detroit, Mich. is spending several days with her sister, Mrs. Minnie Schmidt.

Mr. and Mrs. R. H. Browne and children and Mrs. Gertrude Rowan were DeKalb visitors Sunday.

I will run my cider press every Tuesday and Friday for the next three weeks. M. L. Geithman

Mrs. Harvey Geithman and children of Rockford are spending this week in Genoa with relatives.

Mrs. Maggie Hutchison spent the week-end at the home of her daughter, Mrs. C. A. Briggs of Freeport.

Melburn Duval of Elgin spent Saturday and Sunday with his grandparents, Mr. and Mrs. John Lemke.

Dr. and Mrs. J. T. Shesler and daughter, Patty, returned Monday from a several days' visit in Chicago.

Mrs. Roe Bennett and children visited the former's sister, Mrs. Geo. Brungart of Rockford over Sunday.

Mrs. Emma Corson entertained Mrs. Emma Long, Miss Ione Long and Mr. Will Long of Elgin Sunday.

Mrs. Frank Crawford is seriously ill in the Rockford hospital, where she underwent an operation Tuesday.

L. E. Carmichael and F. G. Robinson of Rockford were here Tuesday to attend the funeral of T. M. Frazier.

The P. E. O. Slaterhood held its first Fall meeting at the home of Miss Irma Perkins Wednesday afternoon.

The stated meeting of Golden Star chapter No. 359, O. E. S. will be held in the Masonic hall, Tuesday evening, October 19.

Mr. and Mrs. L. J. Kiernan and children, Mrs. Bryce Smith and guest Mrs. Ann Dushinberre, were Rockford visitors Tuesday.

The members of the Jolly Diner's club were guests of Mrs. Lewis Anderson at a one o'clock dinner Thursday of this week.

A. C. Senska, one of the oldest past masters of Genoa lodge, is attending the grand lodge of masons in Chicago this week.

Every Sewing Machine sold by Wetzel Brothers, Sycamore, carries the same guarantee that is placed on their watches.

Mr. and Mrs. J. L. Patterson and family visited Saturday and Sunday with Mr. and Mrs. Chas. Shoemaker of Janesville, Wis.

E. E. Rich of Hampshire visited at the home of his niece, Mrs. H. S. Mateson, on Tuesday and Wednesday of this week.

Mr. and Mrs. Geo. Richardson and daughter, Miss Ruby of Dane, Wis., were week-end visitors at the P. J. Lapham and H. E. King homes.

Mr. and Mrs. John Suhr of Bertrand, Nebraska, and Mrs. Meinke, of Wisconsin, visited at the C. H. Awe home the first of the week.

The American Legion will give a dance at the opera house on Friday evening of this week. Tetzner's orchestra of Elgin will furnish the music.

The Republican comes out in small form this week owing to the fact that the express company fell down in delivering the regular supply of paper.

The Township Board of Education were delightfully entertained at an informal dinner party at the home of Mr. and Mrs. H. Mackenzie Saturday evening.

Mr. and Mrs. Klinger of Rockford were guests of Mrs. Erdina Teyler over the week end. Mr. Klinger was proprietor of the Commercial hotel several years ago.

A substantial railway has been placed along the east side of the highway between the two bridges at "Drake's corner," a precaution that is appreciated by motorists.

Mrs. L. S. Nutting, who has been sick with typhoid fever at the home of her parents, Mr. and Mrs. E. L. Smith, for the past five weeks, is gaining nicely and expects to sit up in a few days.

Mr. and Mrs. L. P. Durham and Mrs. F. L. Russell and son, Clarence, arrived in Genoa Sunday and spent the day with the former's sister, Mrs. O. M. Leich and daughter, Florence, who have been spending the summer with the former's brother, G. Bartholf of Rochester, N. Y., returned home Wednesday. Mr. Leich met them in Erie, Pa.

Mrs. R. J. Mundt.

Mrs. A. C. Reid's mother, Mrs. McElwain of Fort Covington, N. Y. is visiting here and Mr. Reid's mother, who has been spending the summer in Chicago, is here for a several weeks' visit.

Mr. and Mrs. Howard Chave and children of Peoria visited the fore part of the week at the home of Mrs. Chave's sister, Mrs. A. J. Kohn. Mrs. Louise Potter returned home to Peoria with them for a several weeks' visit.

Harley R. Williams of Howard will begin operating the Genoa flour and feed mill next Wednesday, Oct. 20. The mill will run every day in the week. Mr. Williams is installing a flour mill. Farmers need not drive to Union hereafter with their wheat.

Mrs. Emma Olmstead and son, Lee of this city and the former's daughter, Mrs. T. C. Nelson of Chicago, returned Thursday of last week from a short visit at the home of the former's son, Ralph of Turlock, Calif. They also stopped at Los Angeles and San Francisco.

The Philathea Sunday school class gave a six o'clock luncheon Thursday evening of last week, in honor of Mrs. L. B. Lott. Until ill health compelled her to give up the work, Mrs. Lott was teacher of this class of young women and as a token of remembrance she was given a cut glass jam pot.

Mrs. F. W. Duval entertained the Jolly Eight club at their first Fall meeting Wednesday afternoon. Mrs. S. T. Zeller and Mrs. Carrie Richardson acted as substitutes.

E. M. Trautman opened his candy store in the Hokroyd building last Saturday evening and dispensed kisses to all callers. The store is done in pure white and is as spotlessly clean as pure paint itself. All candy sold here is home made.

Particularly desirable as wedding gifts for the autumn bride and as Christmas tokens are: Sheffield silver bread trays and cake baskets, cut glass compotes, perfume bottles, vases, bon bon dishes, water sets, sherbert glasses, goblet and hand-painted plates, creamers and sugars, salts and peppers and scores of other useful articles may be found at Martins'. Your inspection is cordially invited.

Mr. and Mrs. E. J. Rauchenberger and sons, of Elgin are visiting at the Fishback home. The Rauchenbergers expect to move to Michigan in the near future.

Eighteen relatives surprised Mr. and Mrs. W. A. Geithman at their home on Genoa street Tuesday evening. The guests presented the newlyweds with a set of kitchen kit knives. Those present from out of town were Mr. and Mrs. Al Opp and daughter, Pauline of Belvidere and Mrs. Harvey Geithman and two children of Rockford.

The Normandy Singers (Male Quartet) will appear at the opera house on Monday evening, Oct. 18, this being the second number of the entertainment course being put on by Bayard Brown Post of the American Legion. The first number of this course was excellent. The Genoa boys are endeavoring to give the public something good and clean and their efforts should be substantially appreciated. Attend the concert Monday evening. You will get your money's worth and at the same time encourage the Legion in the good work.

The Bank That Serves The People

## Who's Your Friend?

### MARENGO WOMAN INJURED

Mrs. Paul Kunde, who resides on a farm between Genoa and Marengo, lies in a critical condition in an Elgin hospital, as a result of serious injuries received in a runaway.

She had driven down to the field to carry some supplies to the men at work and on her return to the house the horse ran away. Her ankle became tangled in the spokes of one of the wheels and she was hurled to the ground, suffering a fractured leg. She was found lying unconscious by the roadside by the men on their way to dinner. No one saw the accident.

### CONSOLIDATION WINS

The proposition to consolidate the two rural school districts known as the Wilson and Poyer districts, in Marengo township, carried last Saturday in an election held in the Wilson school house. The vote was 40 for consolidation and 3 against.

### OBITUARY

Nellie Blanche Mursewick-neo-Story was born in Bedford Township, Meigs County, Ohio, June 17th 1891. When she was 3 years of age, she came to Illinois with her parents. In 1907 she was united in marriage to Fred C. Mursewick of Hampshire. She departed this life Monday, October 4th at 11:45 A. M. aged 29 years 3 months and 17 days. During the time of her married life she lived in the vicinity of Genoa. In March of this year they moved to Belvidere, Ill., where they were living at the time of her death. She leaves to mourn her loss, her husband and 3 children, Levoiy Alfred, Velma Viola and Gladys May Mursewick, also her father and mother and two sisters, Eva Alta and Carrie Story and many friends and relatives.

She requested all her friends to meet her in Heaven where sickness, sorrow, pain and Death will never come.

A precious one from us has gone,  
A voice we love is stilled,  
A place is vacant in our home,  
Which never can be filled.

Leaving many friends behind her  
Upon this dismal shore,  
Waiting for the happy day  
When they shall part no more.

But if one word would bring her back  
From her Heavenly Home,  
Who would say it,  
Who would bid her come?

Although we miss her greatly  
Wherever we may go,  
We would not have her to return  
To this cold world below.

The funeral services were held at the home of W. W. Story last Thursday afternoon, and she was laid to rest in the cemetery at Hampshire, Ill. Rev. L. B. Lott of Genoa officiating.

### Card of Thanks

We wish to thank the neighbors, relatives and friends for their kindness and sympathy during the period of our bereavement.

Fred C. Mursewick and children  
W. W. Story and Family

### BELVIDERE WANTS 'EM MOVED

### A GREAT DISPLAY OF HOUSEHOLD UTILITIES at THEO. F. SWAN'S

There's scarcely an item in kitchen equipment and other household needs that you will not find displayed in our great second floor store. We offer an immense assortment of cooking utensils in tin, enameled, iron and aluminum wares, extensive showings of dinnerware and glassware, and an almost endless variety of other home needs, all at prices that show worthwhile savings. We invite your inspection of this very interesting display in our great second floor store.

### THEO. F. SWAN, "Elgin's Most Popular Store"

### RUDE AND NUDE HAZING

Information, charging disorderly conduct, growing out of a hazing episode, was filed against six Marengo high school students in the county court at Woodstock last week. They are alleged to have taken a freshman out in the country, where his clothing was taken away from him and he was forced to return to Marengo in the nude. The trial is being held this week.

### NEMO and WARNER'S CORSETS at THEO. F. SWAN'S.

Our showing of these widely and favorably known corsets includes models designed for every type of figure. Warner's Rust-Proof Corsets in topless and medium top styles, back laced, are priced from \$1.50 to \$7.00. Nemo Self-Reducing Corsets, made from the durable Usaro Cloth, are \$5.00. The new Nemo "Circlet" and Juspul brassieres at \$1.50 to \$3.00.

### THEO. F. SWAN, "Elgin's Most Popular Store"

### SOME PICKLE CROP

A tenant farmer in the Harvard territory has just realized \$800 from a three acre patch of ground planted to cucumbers. The crop was sold and delivered to the Wodard Pickle company of Harvard.

### CHARMING FALL DRESSES \$14.95 and UPWARD at THEO. F. SWAN'S.

We offer a wonderful variety of the very newest Fall styles in dresses made from tricotine, French serge and other favored materials. Included are dresses in the fashionable straightline, tunic and coat effects, displaying the newest ideas in trimmings of braid, embroidery and beads. Interesting values are shown at moderate prices from \$14.95 to \$42.50. New coats with large con-

vertible and cape collars, some fur trimmed, are here at \$39.50 and up. Large showing of new separate skirts at \$9.95 and up. Theo. F. Swan, "Elgin's Most Popular Store".

### BIT BY DOG

Lawrence, the young son of Geo. Weidner, residing on a farm east of Genoa, was bitten in the leg by a neighbor's dog recently. The flesh was punctured in three places by the dog's teeth.

When in need of a nice pair of shoes for yourself or any member of the family call and inspect our stock.

Remember shoes bought here must give satisfaction; every pair must be as we represent them.

We carry a full line shoes for the entire family.

## CLEANING PRESSING, REPAIRING Men's and Ladies' Suits and Coats Over Holigren's Store JOHN ALBERTSON

THE UNIVERSAL CAR

The Ford car can well be called the "peoples car," because there are more than 3,000,000 of them in daily operation. That is about four to one of the nearest follower in the motor car industry. This would not be so if the Ford car had not for sixteen years proven its superiority in service, in durability, and in the low cost for operation and maintenance; this would not be so if the Ford car was not so easy to understand, so simple in construction that anybody and everybody can safely drive it. Let us have your order for one now to avoid delay in delivery.

E. W. Lindgren, Genoa, Ill.

## NASH MOTORS

# NASH SIX

### A STATEMENT

Our policy has always been to give the consumer the best automobile and best truck we could build at the least possible cost. We have never asked a dollar more, simply because we could get it.

In view of the fact that there is no reduction today in the price of materials or labor entering into Nash products and that there is no possibility of any reduction for some time to come that can substantially affect manufacturing costs, the policy of The Nash Motors Company will be to absolutely maintain its present prices on both passenger cars and trucks to at least July 1st, 1921.

## How to Judge a Phonograph

### Follow This Way of Brunswick Owners

Before you buy a phonograph, we suggest hearing several. It will be to your advantage to make tone tests for yourself.

Please do not think that this is difficult or that it takes a musically trained ear.

In over 300,000 homes music lovers enjoy The Brunswick because they have followed the above advice. Critical people have chosen Brunswicks because they come to appreciate the betterments afforded by the Brunswick Method of Reproduction.

You need only hear The Brunswick play several selections—you need only compare it with one or two other phonographs and you will appreciate the tone qualities brought about by the Brunswick Method of Reproduction.

Come in and find out for yourself. You cannot afford to make a mistake and it costs you nothing to be sure.
