### Card of Thanks

We wish to very sincerely thank the friends and neighbors for their kindness and assistance in our bereavement, also the singer and those who sent the beautiful flowers.

CHARLES KIMMINS.  
MR. AND MRS. HOUDSHELL.  
MR. AND MRS. CALLOWAY.

**Great Writer Not Fond of Music.**  
Dr. Johnson was among those who had no high opinion of music. He admitted that "if he had learnt music he should have been afraid he would have done nothing else but play," but explained that "it was a method of employing the mind without the labor of thinking at all and with some applause for a man's self." He also confessed that "he knew a drum from a trumpet and a bagpipe from a guitar which was about the extent of his knowledge of music."

### Quaker Slang.

A visitor to Philadelphia, unfamiliar with the garb of the Society of Friends, was much interested in two demure and placid Quakeresses who took seats directly behind her in the Broad street station. After a few minutes' silence she was somewhat startled to hear a gentle voice inquire: "Sister Kate, will thee go to the counter and have a milk punch on me?"—Lippincott's.

### Real Reason of It.

"These hanging gardens of Babylon are said to have been 300 feet in the air." "Why did the king put them so high?" "Perhaps the neighboring kings kept chickens."

### LONG AUTO TOUR

Hampshire Banker and Son Make 3530 Miles in 29 Days

C. H. and C. S. Backus of Hampshire returned Sunday from their auto trip through the east. While gone they covered 3530 miles in 29 days, and no trouble whatever, excepting one blow out and one puncture, four tires came through with New Hampshire air in them. The route was taken from Chicago to South Bend, Cleveland, Erie, Norwich, N. Y., Ithaca, Albany, Pittsfield, Mass., Providence, R. I., New York City, Hartford, Albany, Buffalo, Cleveland and back to Chicago. The roads encountered were fine, the worst stretch being one trip in Ohio and the road between Elgin and Chicago, via Addison and Bloomingdale. The state roads in New York, Massachusetts, and Connecticut are equal to any pavement. The state of New York applies its automobile license money to the roads, and it was stated that the approximate cost per mile was around \$17,000. The diary kept on the trip shows that several days that better than 200 miles per day was covered, and the best run made in any one day was 242 miles. They carried a camping outfit with them and enjoyed camping on several fine lakes in New York. The trip was made in a Knox touring car.

### SUPERSTITIOUS SERVANTS.

Nursegirl Test Questions in a New York Employment Bureau.

The employment agent's first question put Wilhelmina to the blush.

"Been breaking any more looking glasses lately?" he asked.

Wilhelmina had not.

"Know what she did?" the agent went on. "Accidentally let a kid that she was taking care of get a look at himself in a forty-five dollar mirror and turned around and smashed it to keep him from dying inside of six months. Fact. That insured Wilhelmina a job for two months, because she didn't have the money to pay for the glass, and the folks had to let her stay and work it out."

The agent laughed and went on to relate something else about the superstitions of nursemaids.

"The severest test nursegirls are subjected to in this office is in regard to their superstitions," he said. "We submit a list of questions to which we usually receive truthful answers, because the girl who is at all superstitious is so very superstitious that she is afraid to deny her superstition."

"Do you think baby will die if he looks in the glass? Is it dangerous to trim his finger nails instead of biting them off? Is it good luck to fasten his clothes with a crooked pin? Must one stocking be worn inside out to scare away evil spirits?"

"Those and a score more of questions on baby superstitions are put to every applicant for a position as nurse, and on the answers depends the kind of place she gets. Families who have outgrown superstition do not want a superstitious maid, but as there are plenty of parents who still cling to all those old beliefs the girls with funny notions can easily get a job."—New York Times.

### Spotted Her Day.

In the days when executions were still carried out in public a servant girl upon one occasion begged her mistress to allow her a day out for a purpose which she did not divulge. The lady of the house gave the required permission, and the girl accordingly went off for the day, but returned in the evening weeping copiously.

"Why, Mary," asked her kindly mistress, greatly perturbed at the poor girl's evident distress, "what on earth is your trouble? Tell me, and perhaps I can help you."

"Oh, ma'am," blubbered Mary, "I went to see the man hanged at Salisbury, b-b-but he's been reprieved!"—London Tit-Bits.

### Blessing English Crops.

The quaint ceremony of blessing the crops was observed the other evening on the Earl of Craven's estate at Binley, in Northeast Warwickshire, says the London Daily Mail. Meeting at the parish church, the vicar and a number of parishioners formed into procession and various well-known farms were visited.

### Coming Celebration.

A little girl in Sabetha, Kan., is to be baptized next Sunday, and she is proudly telling her friends that she is to be "advertised."

In buying a watch you want a guarantee. An absolute guarantee from the home merchant means more to you than the assurance of a stranger. Pay the price for a good watch at Martin's and it will be a good watch. His reputation is back of the deal.

The Indianapolis auto races were not presented at the opera house last Saturday evening as advertised owing to circumstances over which the management had no control. It is positively assured, however, that the picture will be presented on Saturday evening of this week.

J. W. James, with the N. K. Fairbank Soap Co. of Chicago, is here conducting an advertising campaign in connection with various Genoa merchants. The half-page ad of E. C. Oberg shows one of his methods of doing things. He is working through the country as well.

The hide and rattles of a monster diamond rattler are on exhibition in the show window of R. B. Field's billiard hall, a souvenir sent from Arizona by Fred Marquart. These snakes are about as common in Arizona as frogs in Illinois, but we never heard of any of the natives using them for pets.

Members of the G. A. R. called at the home of Comrade G. W. Johnson Monday and assisted him in celebrating his birthday anniversary. The "boys" were pleasantly entertained by Mr. and Mrs. Johnson, partaking of an excellent supper and passing an enjoyable evening. The host was presented with a rocking chair similar to those presented to other members of the post.

E. H. Cohoon was taken suddenly ill last week and on Friday submitted to an operation at his home north of Genoa, there being no time to take him to a hospital. The case was diagnosed as intestinal strangulation, necessitating immediate operation to save the life of the patient. Drs. E. A. Robinson of Genoa, Bacon of Chicago and Nesbit of Sycamore performed the operation. At the present the patient is getting on nicely, the chances for complete recovery being all in his favor.

Several complaints have been made to the editor of The Republican-Journal regarding the speeding of autoists on the public highways near Genoa. Automobile owners should have sense enough to keep within the limits of the law, if not for their own safety, for the safety of others. Thirty and thirty five miles an hour is so common that people give the evasion of the law to that extent little attention, but when fifty and sixty miles an hour is attained an example should be made. Complaining to the editor does no good, however. The auto owners all know the law and if anyone has a grievance and the evidence to back it up he has the privilege of swearing out a warrant for the driver's arrest. This is the only way reckless driving can be stopped.

## POINTS OF PERFECTION IN Sunny Monday Laundry Soap

A white laundry soap that contains no rosin. READ THE FOLLOWING:

### A Quick Dirt-Starters

SUNNY MONDAY contains marvelous dirt-starting qualities not found in any other soap. It makes the dirt fly before it. It saves time; saves rubbing; saves clothes.

### Works in All Kinds of Water

Naptha soaps can be used successfully only in cold water. SUNNY MONDAY does good work no matter what kind of water you use—hard, soft, cold, lukewarm, hot or boiling.

### Will Not Shrink Woolens

SUNNY MONDAY contains no rosin, and will wash woolens without shrinking. Rosin in soaps is injurious, hardening the threads of fabrics, and causing them to finally break. SUNNY MONDAY will leave woolens as soft and fleecy as they were originally.

## ALL WATERS LOOK ALIKE TO SUNNY MONDAY

**Austrian Red Tape.**  
At Koplitz, near Brueck, in January last a miner named Brzek risked his life in saving a boy from drowning. His heroic action cost him a severe cold, resulting in a long sickness. On the advice of friends, he appealed to the authorities for some assistance.

After a delay of several weeks he received an answer informing him that he had been fined one crown because he had omitted to place the proper stamp on his petition for help. Austrian red tape could scarcely go farther.—Prague correspondence Pall Mall Gazette.

**Protection of Records.**  
In every city of magnitude there are all kinds of valuable records exposed to destruction by fire. The most practical people in the world are strangely remiss in this matter of protection of records that cannot be duplicated or replaced when once lost.—Buffalo News.
