ELGIN PASTOR VISITS SALOON

Man in Marengo Works Forgery Game but Is Released After Several Days Confinement in City Jail

Marengo Republican:—A man signing the names of Wm. Miller and Harris passed two checks on a Genoa bank here the first of the week, which proved to be forgeries. He was arrested and placed in the cooler for a few days but was released Wednesday morning.

Elgin Courier:—Mrs. A. J. Mann entertained her four sisters Saturday at dinner. The youngest sister is sixty-four years of age and the oldest is eighty-two. They were Mrs. Ann Maynard of Hampshire, eighty-two; Mrs. China Lane of San Jose, California, seventy-nine; Mrs. Hannah Maynard of Hampshire seventy-six; Mrs. A. J. Mann of Elgin, sixty-eight; Mrs. S. D. Mann of Genoa, sixty-four. In addition to being Mrs. S. D. Mann's birthday, the gathering was also in the nature of a family reunion.

Elgin Press:—Rev. F. F. Farmiloe is greatly interested in the work of the crusade and besides the work the police department is doing, has taken a permanent hold of the work of securing evidence. Under the disguise of a laboring man, he last evening started out and visited several saloons to see for himself what was being done behind the blind doors. At quarter past ten o'clock, he was seen standing at the bar of a well known dram shop on River street by a policeman and others. It was said that a glass of foaming beverage stood before him on the bar but that it was left untouched.

Rev. Farmiloe's disguise was said to be most complete, but by careful scrutiny the officers recognized him. The preacher wore the soiled garments of a working man—blue overalls, shirt and coat that had seen better days, a dirty red kerchief and a pair of shoes with plenty of room. In none of the places was he recognized and it is known that he visited several saloons and drug stores. Just how many places he found violating the dram shop act is not known.

When seen in regard to the matter, the reverend gentleman said, "Everything that I know will be told in court at the proper time. Of course I have considerable evidence at my command. Unless you are perfectly positive that I was out last night, I would not publish it if I were you." The pastor would not answer the question as to whether or not he was disguised in this round-about-way.

Elgin News:—Washington, September 14.—The weather bureau has issued a special bulletin predicting frosts in the corn belt tonight as far south as northern Kansas, in the extreme northern Missouri and all of Iowa and northern Illinois.

Barn Burned

A large barn on the Dunham stock farm at Wayne, Ill., was burned to the ground last Sunday night. The barn contained 800 tons of hay, and other large barns narrowly escaped conflagration.

DIED OF TYPHOID

Mrs. Fannie Truax Sherwood Passed Away Last Friday

Fannie Truax, wife of Roswell Sherwood, passed away at her home in Chicago last Friday morning at 3:30 o'clock after an illness of three weeks.

The deceased was taken ill some three weeks before her death with typhoid fever and failed rapidly until death came.

Mrs. Sherwood was born at Maqueta, Iowa, December 10, 1856, being 46 years of age.

The death of this loved one renews sorrow in the family, for only five weeks ago a sister was laid to rest. The deceased was the daughter of Dr. and Mrs. G. Truax, and besides the parents two sons are left to mourn.

The funeral services were held last Saturday at 10 o'clock from the Episcopal church at Ravenswood. The remains were brought here on the afternoon train for burial, and at sun-down Episcopal services were held over the grave.

ADDITION UNDER WAY

Work was Commenced Last Saturday by County Surveyor

S. T. Armstrong, county surveyor, on last Saturday commenced the work of laying out the new Emmett street extension and the stakes have been partially set.

Much time was spent in arriving at how many acres there were in the piece which C. A. Brown bought.

The lay of the plat as far as the surveyors have proceeded calls for an addition similar to the Moan addition with thirty-four lots therein. Emmett street will for the present be extended as far south as Hill street. Hill street will also be extended west of its present termination.

This new addition is receiving much notice, and as it is very desirable property many of Genoa's prominent citizens have made partial arrangements for lots.

Jas. J. Hammond, Genoa's active and prosperous contractor and builder, is contemplating building on the south-west corner of Emmett and Jackson streets. The home which he will put up will be for his own use and will cost about \$4,000.

NORTHWESTERN DISBANDS

Oldest Paper of Belvidere Closed Up Shop Last Monday

The daily and weekly Northwestern of Belvidere, which was the oldest paper in Boone county and was in its thirty-eighth year, suspended publication last Monday, and the paper was turned over to the mortgagee.

The paper changed hands about six months ago and since that time has been edited by Ira S. Carpenter, who at that time bought the publication from the former publisher, A. H. Keeler.

The paper has been running down for some time, and on account of being pressed by creditors and the constantly accumulating debts, Mr. Carpenter decided to suspend business.

A mortgage on the plant for \$1,000 is held by Mrs. A. J. Yaw, who will sell the property.

California and Arizona

The Chicago Great Western Railway will sell tickets September 15 to November 30, inclusive, to points in above named states at a reduction of \$15 from usual rates. If you contemplate going it will pay you to inquire of any Great Western agent, or J. P. Elmer, G. P. A. Chicago, for further particulars.

Don't growl at what you can either help or not help.

GENOA'S NEW POSTMASTER

On Friday morning of this week the patrons of the Genoa postoffice were greeted by Genoa's new postmaster, C. B. Crawford

C. B. Crawford was born in Genoa some thirty-seven years ago, his parents, Mr. and Mrs. A. Crawford, being among the earliest settlers. The family located about four miles east of Genoa in '39.

C. B. Crawford is one of five children. Like his father before him, he is an out-and-out Republican, and the hearty support of the Republicans of Genoa aided him in securing his honorable position.

When a young man, Mr. Crawford received a business education in his father's general store, located where Frank Olmsted's store now stands. He was in the grocery business two years, then was in partnership with Earle Browne and later with Browne and Swan, Mr. Crawford selling out some three years ago and starting the restaurant now run by E. A. Sowers.

Two years Mr. Crawford served acceptably as township assessor, being elected on the Republican ticket. He was re-elected for this year, but has resigned in order to accept the position of postmaster.

C. B. CRAWFORD

HAS NARROW ESCAPE

Mrs. George W. Richardson, Formerly of Genoa, Nearly Killed by Train

The following item of interest to many Genoa people appeared in the Milwaukee Sentinel of a recent date:

Madison, Wis.,—September 11.—Mrs. G. W. Richardson, wife of the Northwestern railroad agent at the Village of Dane, narrowly escaped being ground beneath the wheels of a Northwestern passenger train here this afternoon. She jumped from the train while it was in motion. She alighted on her back with her feet touching the rails. She would certainly have been crushed to death had not Andrew Cunningham dragged her from her perilous position.

Mrs. Richardson is a daughter of Benjamin G. Westover of this place, and has a wide acquaintance here, this being her former home. Mrs. Maria Richardson of Genoa, who has been visiting at Dane, accompanied Mrs. George W. Richardson on her trip to

Madison and was present when the accident occurred. The shock was so great, and supposing that her daughter-in-law had been ground up by the cars, Mrs. Richardson fainted away and could not be revived for some hours.

Wedded in Kingston

Cupid's arrow has found a sure mark, and has resulted in the uniting of two lives in the bonds of connubial bliss, which event took place at the M. E. church parsonage, Tuesday evening, September 15, at Kingston, the interested parties being William A. Brandt of Colvin Park and Miss Minnie F. Packard of Kirkland, Rev. C. S. Clay performing the ceremony.

The groom is a prosperous farmer and is held in high esteem in the community where he resides. The bride is a most estimable young lady, and is a most fitting companion to the young lover who has successfully won her love. Many friends extend congratulations.

Rev. T. E. Ream Returned

REV. T. E. REAM, who for the past year has served as pastor in the Methodist Episcopal Church of Genoa, was by a unanimous vote at the last quarterly conference of the year held here recently, asked to return to the Genoa charge for the coming year.

The quarterly conference which was held Saturday was presided over by Presiding Elder Earney, and the session was attended by representatives from Ney and Charter Grove churches. While in Genoa, Rev. Ream has become widely known and his diligent work among the people in general as well as the people of his church has made him one of us that we cannot part with.

This being the action of the quarterly conference which is forwarded to the annual district conference of the Rock River district which will renew the Genoa charge for another year.

OFFICIALS USE PRECAUTION

Heavy Rains Cause Heavy Slide at Steep Embankment on Illinois Central Road—Did not Delay Traffic

On Tuesday morning, the I. C. track near the heavy embankment was in a dangerous state, there having been a heavy landslide caused by the constant rains.

For fully fifty rods along the east side the gravel grading had in a body slid down about thirty feet, causing the track to be in a dangerous condition at this point.

The slide is said to have occurred about 6 o'clock in the morning when a heavy freight train went through at a high rate of speed. The milk train was the next to pass over the track, and Conductor White in charge of the train ordered the passengers to leave the train while it passed over at a very slow speed.

The Omaha train was the next to pass through, and by this time the men of the section had repaired the track so that it was partially safe, and after an inspection by the road master who arrived on this train, the heavy flyer slowly passed over the stretch in safety.

HIGH SCHOOL NOTES

Happenings at the Genoa High School By Special Correspondent

On Tuesday afternoon of last week after the close of school, the higher departments, including the grammar room, met and organized an athletic association to play basket ball, base ball, football and other sports.

The meeting was presided over by Prof. Stout, who addressed the gathering on the subject of "Athletic training and physical culture." At the close of his talk, Mr. Stout advised that a committee on constitution be elected—three from the high school department and two from the grammar room department. The following were elected: Geo. Evans, Florence Clefford, Esther Mohr, Albert Quick and Abiram Crawford.

At the close of the meeting the committee on constitution held a short session at which time the by-laws were drafted and a constitution accepted.

The next regular meeting of the association was held last Friday evening, and the following officers were elected: President and business manager, Prof. H. Stout; treasurer, Guy Brown; secretary, Florence Clefford; coach, Albert Quick.

The constitution provides that every pupil participating in any of the sports must at all times of the school year have a percentage in his studies of not less than seventy-five per cent.

Many Attend Picnic

The attendance from Genoa at the Kingston picnic was larger this year than ever before. During the entire day, Main street was a thoroughfare for farmers, living east and south of Genoa, on their way to and from the picnic. The morning train on the Milwaukee carried a large delegation as did also the 3 o'clock passenger.

A big heart and a big head rarely go together.

MORPHINE

Can Morphine and Other Drug Habits be Cured?

It has been long contended by physicians that there is no cure for the drug habit. This is true so far as the rank and file of the medical profession are concerned.

The reason, therefore, is that they are ignorant of the full scope and nature of the disease; but fortunately for the cause of suffering humanity we have demonstrated that the morphine or other drug habits can be cured and guaranteed an absolute, permanent and painless cure to those addicted to the use of drugs if they will take our treatment and follow our instructions.

Each case submitted to us receives individual attention and treatment from an experienced nerve specialist. We give immediate relief. Appetite for drugs is destroyed and an appetite for food is restored.

Proper Treatment for Sprained Ankle

As a rule a man will feel well satisfied if he can hobble around on crutches two or three weeks after spraining his ankle, and it is usually two or three months before he has fully recovered. This is an unnecessary loss of time, for in many cases in which Chamberlain's Pain Balm was promptly and freely applied, a complete cure has been effected in less than one week's time, and in some cases within three days. For sale by F. T. Robinson.

NEW RAILWAY PROPOSED

Rockford and Belvidere May Be Used as Continuation of Run

There are immediate prospects of another electric line as a feeder for the Rockford-Belvidere line.

In fact, negotiations have already been opened with the Rockford people for the use of their lines by the DeKalb-Sycamore people, who have already secured the right of way from Sycamore to Genoa, and will build the Sycamore to Genoa road and to Belvidere as soon as possible next summer. The owners of the Rockford-Belvidere line have been approached regarding the use of their lines as a continuation of this run, and it is probable that this end will be achieved. This information comes from the very best authority.

Preliminary work on the Belvidere-Marengo line is progressing slowly but surely. Both these proposed lines would open up rich and populous districts.—The Rockford Register Gazette.

Life Saved by Chamberlain's Remedy

"B. L. Byer, a well known cooper of this town, says he believes Chamberlain's colic, cholera, and diarrhoea remedy saved his life last summer. He had been sick for a month with what the doctors call bilious dysentery, and could get nothing to do him any good until he tried this remedy. It gave him immediate relief," says B. T. Little, merchant, Hancock, Mo. For sale by F. T. Robinson.

OLD SETTLERS' PICNIC

At Kingston last Saturday was a Glorious Event

The Pioneer Settlers of Northern Illinois Gathered Here and Related Experiences of the Early Days

The annual reunion of the Old Settlers' and Farmers' of DeKalb county was held Saturday in Stuart's Grove, and attended by 3,000 people.

This annual event is the most widely known in DeKalb county, and, although the date was postponed, the event drew the usual big crowd. The morning trains brought in many from the nearby towns, Belvidere sending the largest delegation; Genoa, Kirkland, Sycamore and DeKalb were also well represented.

The exercises of the day were interesting throughout. The orator of the day was Rev. E. D. Hull, pastor of the M. E. church of Belvidere. He is a most interesting speaker and his address was one of the best ever delivered to the old settlers for many a year and was one that coached the settlers of the day to raise the standard of their citizenship and cast off the ways of the olden days. Much pleasure is derived from this annual gathering, as it affords those present to commune one with another and relate their experiences of the pioneer days.

The gathering on the banks of the Kishwaukee was one to be proud of, and those having the picnic in charge are entitled to much credit for its success.

What is Life
In the last analysis nobody knows, but we do not know what it is under strict law. Abuse that law even slightly, pain results. Irregular living means derangement of the organs, resulting in constipation, headache or liver trouble. Dr. King's New Life Pills quickly re-adjusts this. It's gentle, yet thorough. Only 25c at F. T. What is Life
In the last analysis nobody knows, but we do not know what it is under strict law. Abuse that law even slightly, pain results. Irregular living means derangement of the organs, resulting in constipation, headache or liver trouble. Dr. King's New Life Pills quickly re-adjusts this. It's gentle, yet thorough. Only 25c at F. T. Robinson's Drug Store.

50 Years of Success

This is our record. From a small beginning we have grown until our factories now cover many acres. Many of our machines sold forty to fifty years ago are still giving their users faithful service. Can anything be more convincing of their merits and durability? Did you ever hear of any other machine with such a record?

Note a few of the many superior points of the

Wheeler & Wilson No. 9 Sewing Machine

The Rotary Hook displaces the old, out-of-date, unmechanical and troublesome shuttle.

The Frictionless ball bearings and perfect mechanical construction enable it to be operated with one-third less exertion than is required by ordinary machines. It sews three yards of goods while a shuttle machine sews two.

It makes the most elastic and most perfect stitch whether sewing light or heavy goods.

With our superior attachments the greatest variety of work is possible.

Do not make the mistake of buying a sewing machine until you have given the Wheeler & Wilson No. 9 a trial.
