### A New Tramp Coming

A genuine tramp, a detective, a life insurance agent, a wealthy rogue and a deceitful husband, a persecuted wife and mother, a beautiful daughter and a village ne'er-do-well, are the principal characters which go to make up Manager U. D Newell's comedy sensation, "A Jolly American Tramp," which will be presented at the Genoa opera, house, Thursday, evening, Nov. 2. The play is from the pen of Mr. E. E Kidder, a playwright who is responsible for more tender, touching, pathetic, heart-interesting plays than any other author now before the public. His "Peaceful Valley" and "Poor Relation" made Sol Smith Russel famous and a millionaire. In this work he promisstirring situations, startling cliinterest cannot be surpassed. Manager Newell has cast "A their respective roles.

perience with Kidney Sickness.

Mrs. Mary Cogin, 20th st. and Cleve-

Mr. Simons of Osceola, Ia., writes: "I am a renter. Have been farming 160 acres for five years. I pay cash

We answer this through this department, for we find in attending the different farmers' institutes throughout the West that there is in some parts a general feeling of discontent. High rents, high taxes and a disposition on the part of many landlords to not keep up their places is making the better class of tenants look up farms for themselves, where they can build their own homes.

We believe that any farmer who has got a few hundred dollars ahead can not afford, under ordinary circumstances, to pay from \$4 to \$7 per acre rent. If he lives close to a good market where he can carry on truck farming and market everything he grows directly to the consumer, he might then make ends meet, but it will require the greatest business sagacity and management for the ordinary tenant to pay expenses and have anytrip through the Northwest, visiting some of the newer sections of Northwestern Iowa and South Dakota, especially those sections that have been adjacent to the C. M. & St. P. R. R. We personally know several renters who left central Iowa only a few years ago and went to South Dakota. They were barely able to make the first payment on their land, but now after two or three years many of them have paid nearly out on their farms, and none of them but are in better condition financially than they would have been if they had remained rent-

When one sees so much undevelod country Northwest, and Southwest, tings of shrubs and fruit plants, do it also, we would advise any renter who now. is able to get a few hundred dollars to make the change and get a piece of land of his own and commence own "vine and fig tree."

### THE BREEDING BUSINESS.

decline in prices and saying, with all this crop. the positiveness of a sneer, "I told you "I knew the business would soon be overdone." Yes, he knew all about it. 'Tis ever thus. The man with little or no experience is ever the most ready to give advice. He will give you pointers on the proper method of conducting the government as readily as he will tell you in what phase of as he will tell you in what phase of the moon your potatoes should be planted. He can see no further than to-way's sunrise and sunset. He does not seem to realize that pure-bred stock, sold even at present prices, is making the breeder good money.

An' the cows at the barn to greet ye, ole Speckle an' Bess an' Brin; An' then when the chores were finished an' the when the chores were finished an' the wood an' the shavin's in. With cheeks as red as yer mitten, an' cyes that were all aglow, A passin' your bowl to father for the spoonful o' cream, ye know. making the breeder good money.

Breeding stock, even in the poorest sales, is selling for from three to four times as much as would the best grades. There is very little more expense in handling blooded stock or the rich and an imilk an sweet apple that I et in the long ago.

Spoonful to tream, For the spoonful to tr and when a yearling bull will sell for more than a two or three-year-old fattened steer, it must appeal to any thinking man as sheer folly to claim in calf, will bring twice as much.

To be sure we cannot all be breeders, but by far the greater portion have no desire or taste for the detail work that is always necessary in a breeding business. This reason alone will always make plenty of room for | for the statement that on the island of the man with push and enterprise. We have | is first a small drink of cool water, that you travel considerable and write | found this an admirable way to keep | and then rest, followed in half an hour on agricultural subjects. Would you them. Have all gladiola bulbs replease give me your opinion on the moved and dried and placed in a dry, warm cellar. If you are wanting to keep your geraniums through and do not care to pot them, dig them up, tie them by the roots and hang them up in the cellar. The chrysanthemums should be dug and potted and taken in for winter bloom. Also look after the tender shrubbery and see that it is pruned back and properly cared for. Some can be protected by putting heavy mulch about the roots. Others by wrapping with straw. If the grass on the lawn is not as heavy as it should be, cover with a light mulch of well-rotted manure. You will find this greatly pays for the labor. See that ll grape vines are pruned as soon as the leaves fall, and laid down with a veight on top. Tender raspberry and blackberry vines can be handled the same way. Remember that moisture is one of the requisites for ideal winter protection, and this can be made by mounding up with earth, and cover ing the vines if they are not too large thing left. We have lately made a lif you have neglected cutting out the old wood from the raspberry patch, see that this is done now. All dis eased canes with anthracnose should be removed. Put a load of manure on the rhubarb. See that the asparagus has a top dressing also. The vines on the veranda, such as clematis, climbing roses and Akebia, should be taken down soon and given a little covering of earth or some other covering. If the squashes and pumpkins that you want for winter use are out in the field, remove them to some dry place. getting only well matured specimens if you want them to keep. We have always kept ours in a woodhouse. If you have neglected putting out cut-

Some growers of millet are becoming more and more in favor of cutting farming and stock-raising on his own the crop with the binder. They claim account. And in addition to this think that in showery weather it will take of the great blessing of having your less injury when cut thus than when gous disease to which the plum is own home, your own hearthstone, your cut in the ordinary way. One of the subject, but it may be kept under he said?" asked his mother. All these are surely wonder- a product which it is not always easy

### FEEDING THE WORK HORSE.

Many horses are injured by kindness which leads to overfeeding, says John George of Illinois. This is particularly true in summer time. The horse gets home hot and dry, is given all the feed he will eat, then led to tion he is not in shape to eat much

with a feed of oats and corn. A horse that drinks a large amount of water soon after eating washes the food out of his stomach into the intestines, where it is not digested, but ferments, gives off much gas and causes more or less disturbance and distress. When Saturday night comes the feed should be cut down half, both in summer and winter, and feed a bran mash with a few carrots in winter and a run in pasture in summer. This cools out the system and the horse is in better shape for another week of hard work.

Hay should not be fed at noon. It is bulky, not easily digested, particularly when the horse is at work. Many successful farmers feed half the hav ration at night and divide the remainder equally between morning and noon. If the horse is at hard work, be particular to choose old hay and sound clean grain.

### CLEAN UP THE ORCHARD.

Between now and freezing weather an effort should be made to clean up the rubbish that has gathered through the summer in the orchard. There are always quantities of diseased fruit that may be found in the orchard, which if permitted to remain during the winter will start many fungous diseases in the spring. One of the most troublesome diseases which affect the plum orchard is the brown Most of the fruit attacked by this disease drops off, although some of it will dry up and hang on the tree over winter. Twigs and leaves may also be attacked by it, hence the importance of cleaning up the plum orchard thoroughly. All diseased fruit stroyed.

The black rot is another deadly funfew knots on the trees, they may be pruned out and destroyed and the tree preserved for one or two seasons, or perhaps longer. Remember that we have been enabled to keep the orchard quite free from fungous diseases and we believe that we have reduced the attacks of insect pests to

bred Jerseys very seldom give trouble with the cross-breds. The length of the teats in the Ayrshires is increased consequently the cross-bred from these breeds is likely to have a better udder than the breeds if kept pure.

### STORED APPLES AND MOISTURE.

A merchant who has considerable experience in storing apples says: "We never had our apples keep so

well as the winter we stored them in a cellar in which water stood the whole time. I'll admit it was rather out the latter part of the winter look ing as fresh and hard as the day it was packed. We always head our barrels of winter fruit in the field, believing that the nearer air tight we can keep them the less they will headed, but as they were the last we

LAW URGED BY SELF-SEEKERS.

Real Animus of Movement Against

An adroit but plausible scheme by which it is hoped to prejudice the sale of proprietary medicines is the proposition to prohibit the sale of any remedy which "contains poison" unless each package or bottle is expressly labeled "Poison." Such bills are also well designed to impose upon men who have no familiarity with the subject matter. The pretense of protecting the public health put forth in support of such bills is generally the merest subterfuge; and whenever you hear a demand for a law of this kind it originates with those who have a direct pecuniary interest to serve by destroying the sale of proprietary rem-

Some of the best and most widely used remedies in the world contain some one ingredient which, if taken in sufficient quantities, might be poisonous, and yet the preparation as a whole is not poisonous at all. Opium, for instance, is used in small quantities in many of the best cures for coughs, colic, diarrhea, etc., in toothache drops and in almost all liniments. To require such medicines to be falsely labeled "poison" would be merely a cunning device to alarm the public and thus bring about the destruction of the sale of those remedies, and indirectly to compel people to procure the medicine they want by the more expensive method of consulting a physician and getting his prescription. In other words, it is an effort to prevent them from gettin theaply the reme-dies which they at their fathers before them have used for many years.-Medical exchange.

### A Teacher's Testimony.

Hinton, Ky., Oct. 30th.—(Special.) -It has long been claimed that Diabetes is incurable, but Mr. E. J. Thompson, teacher in the Hinton school, has pleasing evidence to the contrary. Mr. Thompson had Diabetes. He took Dodd's Kidney Pills and is cured. In a statement he makes regarding the cure Mr. Thompson says:

"I was troubled with my kidneys for more than two years and was treated by two of the best doctors in this part of the state. They claimed I had Diabetes and there was little to be done for me. Then I started to use Dodd's Kidney Pills and what they did for me was wonderful. It is entirely owing to Dodd's Kidney Pills

that I am now enjoying good health." Many doctors still maintain that Diabetes is incurable. But Diabetes is a kidney disease and the kidney disease that Dodd's Kidney Pills will not cure has yet to be discovered.

### Argument Unanswerable.

A little 5-year-old boy was telling his 3-year-old brother that "John the Bapand twigs should be removed and de- tist was an animal, a four-legged anistroyed, and if trees have been so mal." "Why, Willie," said his mother, badly damaged as to be half dead "don't tell your little brother such from this cause, they should be de- stuff as that." "Well, he was an animal with four legs, our Sunday school superintendent said he was," insisted Willie. "Do you remember just what

People Will Drink Coffee When It "Does Such Things."

"I began to use Postum because the old kind of coffee had so poisoned my whole system that I was on the point of breaking down, and the doctor warned me that I must quit it.

My chief ailment was nervousness and heart trouble.

Any unexpected noise would cause me the most painful palpitation, make me faint and weak.

"I had heard of Postum and began to drink it when I left off the old coffee. It began to help me just as soon as the old effects of the other kind of coffee passed away. It did not stimulate me for a while, and then leave me weak and nervous as coffee used to do. Instead of that it built up my strength and supplied a constant vigor to my system which I can always rely on. It enables me to do the biggest kind of a day's work without getting tired. All the heart trouble,

etc., has passed away. "I give it freely to all my children, from the youngest to the oldest, and it keeps them all healthy and hearty." Name given by Postum Co., Battle

Creek, Mich. There's a reason. Read the little book, "The Road to Wellville," in pkgs.

# OPERATIONS AVOIDED GIVE REBATES

Two Grateful Letters from Women Who Avoided Serious Operations.—Many Women Suffering from Like Conditions Will Be Interested.

that an operation is necessary it, of course, frightens her.

The very thought of the operating table and the knife strikes terror to ther heart. As one woman expressed it, when told by her physician that she must undergo an operation, she felt that her death knell had sounded.

Our hospitals are full of women who are there for ovarian or womb operations!

It is quite true that these troubles may reach a stage where an operation is the only resource, but such cases are much rarer than is generally supposed, because a great many women have been cured by Lydia E. Pinkham's Vegetable Compound after the doctors had said an operation must be performed. In fact, up to the point where the knife must be used to secure instant relief, this medicine is certain to help.

Ask Mrs. Pinkham's Advice—A Woman Best Understands a Woman's Illa.

Railroad President Reveals the Method Used to Evade Injunction.

RETURN MONEY TO SHIPPERS

Young Men Employed by Routing submerged to well below their ordi-Agencies Quietly Visit Customers, nary water line and as a result the Leave Bundles of Bills Upon Desks ships were crank and their water line and Then Disappear from Sight. ..

St. Paul, Minn., dispatch: President | French expert, holes made by the A. B. Stickney of the Great Western shells from the Japanese fleet were railway has boldly allied himself with thus frequently under water, which, President Roosevelt in the fight for railroad rates reform. The speech which was most remarkable in many particulars, was delivered at the banquet given here Friday night on the occasion of the president's forty-seventh birthday by the "Original Roosevelt club.

President Stickney revealed the extreme methods to which the railroads go to gain business through rebates and the ingenuity exercised in keeping the rebates secret. The railroads, said the president of one, have an absolute monopoly and against them the shipper has no chance for a square deal.

Coming from President Stickney, the address created nothing short of a

Return Money to Merchants.

"Since the injunctions were issued and the terrors of the law are considered imminent," said President Stickrey, "I have been told-I do not youch for its truth, although I have seen what purports to be a copy of the contract between shippers and the routing agency—of cases where young men from so-called routing agencies in New York make periodical trips through the western cities, leaving rot bank checks but packages of actual money, without note of comment, upon certain merchants' desks, taking no voucher or receipt. Curiously when these packages are counted, they are found to be exactly a certain percentage, supposed to be 25 per cent of the amount of freight which such merchants have paid a certain railway company since the last previous visit of the young man who thus distributes hundreds of thousands of dollars an-

President Stickney explained how it was the big shipper and not the railroad who was responsible for the rebate. He explained how the big flour mills of Minneapolis put the small country mills out of business through the rebate system and later how through the milling-in-transit scheme the oueside millers turned the tables on the Minneapolis millers.

Not a Square Deal. "Stating the gist of the law in a nutshell," he continued, "the railway companies have an absolute monopoly and under the law fix the price upon that which they alone can produce and courts able to find out the name or which every living man must consume whereabouts of any of his relatives. -railway transportation-and the law Arnold Pann devoted himself to the makes it a misdemeanor for the consumer to kick. Is that a 'square followed clews in Austria and Gerdeal'?

"Theodore Roosevelt says it is not finding not one or two relatives but a square deal, and every fair-minded thirty. The money was handed out man will say it is not a square deal. to him to be equally divided among In twenty years, possibly in ten years, the claimants, while he himself rethere will be few, if any, competitive railways, and it therefore becomes important while we can to establish the correct principle in the law.

"Experience has proven that no was sent to Africa by the French govcommission can be a disinterested ernment to reform administration board of arbitrators while at the same time it is engaged in the prosecution of the case at bar. Hence if the rec- Paris correspondent says: "He had ommendation of the president is the strangest physiognomy I can readopted the arbitration commission, member ever to have seen, and the which should be appointed for the purpose of arbitrating disputes in respect to rates, should not be charged with the executive duty of enforcing the provisions of the law or of their own what that struck me as Hungarian and decisions."

Governor Cummins followed Mr. Stickney, speaking on the topic of the | The complexion had the color of a not president and the tariff:

DRESSMAKER HEIR TO \$815,000

Former Chicago Woman Shares in Estate of Wealthy Uncle.

Los Angeles, Cal., dispatch: Mrs. S. E. Bowdell, a dressmaker, who came to Los Angeles three years ago from Chicago, has fallen heir to an estate in Colorado worth at least \$815,000. Mrs. Bowdell's uncle, L. Hilton, who died recently in Colorado, left an estate valued at \$25,000,000, and Mrs. Bowdell will receive, with other relatives, portions of the estate. Hilton made his fortune in mines.

DEFECTS IN RUSSIAN VESSELS.

Errors Contributed Greatly to Togo's

Decisive Victory.

A French naval officer has been at-

empting to explain the collapse of

some of the Russian line of battle-

ships in the fight in the Sea of Ja-

pan. He said that, from their design,

number of ships had only a moder-

te degree of stability. They were

top-heavy and some of them rolled

so much on the voyage out that the

officers were afraid they would turn

turtle. When a large amount of coal

was taken on board, some even be-

ng carried on deck, the vessels were

armament in some cases submerged.

This deep loading caused the vessels

to roll, and, in the opinion of the

with the vessels in ordinary trim,

would not have been the case. As the

fire of the Japanese was naturally

directed at the bows of the approach-

ing Russian ships their forward com-

partments filled first and the ships

went down by the head and capsized.

This food is truly the "meat of the wheat." It is made by the world's and the annoyance of the iron stickgreatest millers and it is free from artificial coloring or adulteration. It is not especially a child's food. Your whole family will enjoy this common sense cereal. It makes a wholesome, substantial breakfast or an appetizing dessert and can be prepared in one hundred different ways.

Every good grocer will supply you with Pillsbury's Vitos. Large package-enough to make twelve pounds of strength-building food 15c. Ask your grocer about it to-day.

Nobody was killed in the Vanderbilt Cup race. It was a famous victory.

Try me just once and I am sure to come again. Defiance Starch.

Wounded hearts may heal, but it always seem to affect their shape.

HEALTHY CHILDREN,

Without good health life is not worth living. Sickly, peevish children are a source of endless trouble and anxiety to their parents, yet the children's condition is frequently due to their parents' ignorance or thought-To make children healthy and to

keep them in that condition it is necessary to feed them proper food and to see that they get plenty of exercise and fresh air. Meat is very bad for children. It should be avoided and food rich in phosphates, such as Pillsbury's Vitos, should be given in

Every housekeeper snould know that if they will buy Defiance Cold Water Starch for laundry use they will save not only time, because it never sticks to the iron, but because each package contains 16 oz.—one full pound-while all other Cold Water Starches are put up in %-pound packages, and the price is the same, 10 cents. Then again because Defiance Starch is free from all injurious chemicals. If your grocer tries to sell you a 12-oz, package it is because he has a stock on hand which he wishes to dispose of before he puts in Defiance. He knows that Defiance Starch has printed on every package in large letters and figures "16 ozs." Demand Defiance and save much time and money ing. Defiance never sticks.

W.L. DOUGLAS MAKES AND SELLS MORE MEN'S \$3.50 SHOES THAN ANY OTHER MANUFACTURER. ANY OTHER MANUFACTURER.

\$10,000 feWARD to anyone who can disprove this statement.

W. L. Douglas \$3.50 shoes have by their excellent style, easy fitting, and superior wearing qualities, achieved the largest sale of any \$3.50 shoe in the world. They are just as good as those that cost you \$5.00 to \$7.00—the only difference is the price. If I could take you into my factory at Brockton, Mass., the largest in the world under one roof making men's fine shoes, and show you the care with which every pair of Douglas shoes is made, you would realize why W. L. Douglas \$3.50 shoes are the best shoes produced in the world.

If I could show you the difference between the shoes made in my factory and those of other makes, you would understand why Douglas \$3.50 shoes cost more to make, why they hold their shape, fit better, wear longer, and are of greater intrinsic value than any other \$3.50 shoe on the market to-day.

W. L. Douglas Strong Made Shoes for Men. \$2.50, \$2.00. Boys' School & Dress Shoes, \$2.50, \$2, \$1.75, \$1.50 CAUTION,—Insist upon having W.L.Douglas shoes. Take no substitute. None genuine without his name and price stamped on bottom.

WANTED. A shoe dealer in every town where W. L. Douglas Shoes are not sold. Full line of samples sent free for inspection upon request. Fast Color Eyelets used; they will not wear brassy. Write for Illustrated Catalog of Fall Styles. For Over

THE CAUSE OF COLDS.

How Can We Prevent "Taking Cold."

One of the most distressing things that the average human being is subject to is "catching cold." In itself it is not serious. Some people ascribe all kinds of causes, namely, that they went out witheant their hats, forgot to close the windows, got the feet wet, or some such accidental exposure. The truth is, we could not eatch cold if our blood was active and vigorous. The fact is the right reason for taking cold is not very often correctly given. If you are accustomed to leading an active outdoor life and suddenly stay indoors you are liable to bring on a cold. Eating too much, more than is needed to nourish the body, will cause a cold—in fact the stomach plays a very important part. The person who can keep out in the pure air and sunshine, keep his muscular and functional system thoroughly active by exercise, can commit all kinds of indiscretions without taking cold. Perhaps one of the greatest physicians of his day is Dr. R. V. Pierce, founder of the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y. He says, in his Common Sense Medical Adviser, "at such times you should see that the skin and bowels are active, that you are breathing freely of water, and try first to the blood into circulation by some means or other. You will notice that when you catch cold your feet are usually cold, because the circulation is not vigorous."

After years of experience in an active process. One of the most distressing things that

Banker and Prominent Citizen Is Slain by His Sister's Husband.

Insane Murderer Drags Body of Another Victim Into Iron Chamber, Holds Avengers at Bay, Defying Sulphur Fumes and Chloroform.

Chenoa, Ill., dispatch: Charles Nickmost prominent citizens of McLean grudge against Nickel. county, was wantonly murdered Saturday afternoon by his brother-in-law, William Leduc, in the State Bank, of which Mr. Nickel was president. Hugh D. Jones, a bystander, was fatally wounded while attempting to wrest the revolver from the hand of the of the bank.

After he had killed Mayor Nickel gathered with rifles and revolvers.

With the dying man beneath him, the maniac, for no other theory but that of insanity is advanced in explanation of his actions, fired round after round from his two revolvers through the opening in the vault doorway in reply to the volleys directed at him by his besiegers.

Takes Refuge in Vault. For over six hours Leduc held the town at bay. The fumes of burning citizens were talking of lynching, when Sheriff Edwards arrived from Bloominduced him to surrender at 9 o'clock at night. He was kept under a strong guard until midnight, and then taken to Bloomington and locked up in the

When captured Leduc had exhausted all his ammunition in bombarding his besiegers, having fired between thirty and forty shots through the opening in the vault entrance. Probably twice as many shots had been fired at him by the enraged crowd, but none of them took effect. Jones was and his body was taken to an underthat of Mayor Nickel.

whom he was trying to overpower.

Settles Old Score. Leduc, who is a farmer from northeastern McLean county, entered the wild talk, for he was generally regard- ing season for several years.

### HONESTY OF BANKERS SHALL BE FOUNDATION

Vice President Fairbanks Declarer There is Only One Way to Protect Depositors.

Indianapolis, Ind., dispatch: Vice President Charles W. Fairbanks in addressing the Indiana Bankers' association Thursday said: "We need not only sound money and sound banks, but we need sound bankers also. There is no system of supervision, I care not how thorough and searching it may be, which can surely protect stockholders and depositors against either inefficiency or dishon esty. In banking there is little difference in final results whether a bank is operated by men who do not comprehend the real science of banking or by those who are wanting in a high order of business morality.

"Failure is the result in either case, with consequent confusion and embarrassment to stockholders, depositors and the community generally. There is no department of our domestic economy where there is required the a higher order of sound business judgment and a more inflexible adherence to honest, conservative business methods than in banking."

The association elected these offlcers: President, C. H. Church, Muneie; vice president, Jonce Monyhan, Orleans; secretary, Andrew Smith, Indianapolis; treasurer, J. A. Dehority,

FOUR DEATHS IN TRAIN WRECK

Twenty Are Injured When Collision

Occurs Near Fairfield, Iowa. Fairfield, Iowa, dispatch: Two fast passenger trains on the Chicago, Rock Island and Pacific railway collided head on at a point one mile south of Fairfield Thursday. The wrecked trains were No. 11, which left Chicago Kansas City at 6:30 Wednesday even-"We appeal to all faithful sons of ing. Four persons were killed and tramp, name unknown. Both engines were demolished. Four cars of No 12 were derailed and seven damaged and most of the injured were on this train. All the killed were on No. 11, which also was badly damaged.

Find a Headless Body.

Glyndon, Minn., dispatch: A decapttated human body has been found a mile east of here. Documents upon the body disclose the name of Joe of securing pledges against the use Modjiski, en route, evidently, from Spokane to Hastings, Mich.

### PARALYSIS CURED

Mr. Kenney has actually escaped from the paralytic's fate to which he seemed a short time ago hopelessly doomed. The and some important details secured in a personal interview with the recent suf-

"The doctor," said Mr. Kenney, "teld has not calmed. Firing is heard al- me that if I wanted to live any length most continuously in the streets. All of time I would have to give up work altogether, and he told my friends that the paralysis which had begun would in time involve my whole body. "Just how were you afflicted at this time?" Mr. Kenney was asked.

"Well, I had first hot, and then cold and clammy feelings, and at times my body felt as if needles were being stuck come over me, and I would not be able to

move. The most agonizing tortures came from headaches and a pain in the spine. "Night after night I could not get my Kharkoff, Oct. 31.—The postoffice has resumed work, but no trains are running. About 30,000 passengers are effect of the opiates I was forced to take to induce sleep. As I look back on the terrible suffering I endured during this period I often wonder how I retained my held up here, costing the government

reason through it all.

"But relief came quickly when I was induced to try Dr. Williams' Pink Pills for Pale People. The very first box seemed to help me, and seven boxes made me entirely well. There can be no doubt about the thoroughness of my cure, for I have worked steadily ever since and that

is nearly four years."

Mr. Kenney is at present employed by
the Merrimac Hat Company and resides at 101 Aubin street, Amesbury, Mass.
The remedy which he used with such
satisfactory results, is sold by all druggists, or direct by the Dr. Williams Medicine Company, Schenectady, N Y.

Cannot Spend Half of Million. The city of Edinburgh is in possession of \$500,000 or more which it cannot spend. It was bequeathed by a public-spirited citizen named Usher, ten years ago, for the building of a city hall, but the town council has

never been able to agree on a scheme. How's This? We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

Catarrh Cure.

### You Have No Right to Suffer

From Constipation, Bowel and Stomach Trouble.

Q. What is the beginning of sickness! A. Constipation.

nicipal record.

Q. What is Constipation? A. Failure of the bowels to carry off the waste matter which lies in the alimentary canal where it decays and poisons the entire system. Eventually the results are death under the lame of some other disease. Note the deaths rom typhoid fever and appendicitis, stomach and bowel trouble at the present time.

Q. What causes Constipation? A. Neglect to respond to the call of nature promptly. Lack of exercise. Excessive brain work. Mental emotion and improper diet.  $Q.\ \ What are the results of neglected Conftipation?$ 

A. Constipation causes more suffering than any other disease. It causes rheumatism, colds, fevers, stomach, bowel, kidney, lung and heart troubles, etc. It is the one disease that starte all others. Indigestion, dyspepsia, diarrhea, loss of sleep and strength are its symptoms—piles, appendictis and fistula, are caused by Constipation. Its consequences are known to all physicians, but few sufferers realize their condition until it is too late. Women become confirmed invalids as a result of Constipation. Q. Do physicians recognize this? A. Yes. The first question your doctor asks you is "are you constipated?" That is the secret.

Q. Can'it be cured?

A. Yes, with proper treatment. The common error is to resort to physics, such as pills, salts, mineral water, castor oil, injections, etc., every one of which is injurious. They weaken and increase the malady. You know this by your own experience. Q. What then should be done to cure it?

A. Get a bottle of Mull's Grape Tonic at once. Mull's Grape Tonic will positively cure Constipation and Stomach Trouble in the shortest space of time. No other remedy has before been known to cure Constipation positively and permanents.

Q. What is Mull's Grape Tonic? A. It is a Compound with 40 per cent of the juice of Concord Grapes. It exerts a peculiar strengthening, healing influence upon the intestines, so that they can do their work unsided. The process is gradual but sure. It is not a hysic, but it cures Constipation, Dysentery, stomach and Bowel Trouble. Having a rich, fruity grape flavor, it is pleasant to take. As a tonic it is unequalled, insuring the system against disease. It strengthens and builds up waste tissue.

Q. Where can Mull's Grape Tonic be had? A. Your druggist sells it. The dollar bottle contains nearly three times the 50-cent size.

Good for Ailing Children and Kursing Mothers. A free bottle to all who have never used is because we know it will cure you.

FREE BOTTLE. Send this coupon with your name and address and your druggist's name, for a free bottle of Mull's Grape Tonic for Stemach and Bowels, to

The decision of the circuit court for the northern district of New York was confirmed.

WORLD'S MOST POWERFUL GUN.

Composition of the 16-inch Breechloading Rifle.

Describing the making of the most powerful gun in the world, Day Allen Willey says, in "The Technical World Magazine:'

"Technically this great 'peacemaker' is called a 16-inch breech loading rifle. It is, perhaps, unnecessary to say that the '16 inches' refers to the diameter of the bore, of the calibre. In fact, this is so large that a man of ordinary size can crawl inside the muzzle without difficulty. A better dea of the gun can be gained when it is stated that the forgings for the tube and jacket weigh no less than 184 tons. The tube itself is 491/2 feet in length, and, as the gun is of the builtup type favored by artillery officers of the present day, it is reinforced at the base by the jacket, which was shrunk into position. The tube is further strengthened by four sets of hoops, which really make it of four thicknesses of metal between the centre of the tube and the breech."

academy at Annapolis. Rear Admiral Brownson is now in command of the powerful armored cruiser squadron which consists of the West Virginia (flagship), Colorado, Poryland and Pennsylvania. He brought President Roosevelt back from New Orleans on the flagship.

Rockefeller Would Play Violin.

John D. Rockefeller, denied the solace of teaching a bible class because of his physical condition, is learning to play the violin. He is said to be making considerable progress, though as yet he is the rawest kind of an amateur. He was rather discouraged the other day when a friend told him of Victor Herbert's advice as to learning to master the 'cello: "Simplest thing in the world. All you have to do is buy your 'cello, secure a competent instructor and then practice about eight hours a day for three years.'

Maclaren Talks of Life Work. Ian Maclaren is retiring from the

Congregational ministry. Those who have felt the charm of his work as an author will be interested in his conclusions concerning his work and its methods, deducted from the ripe experience of his long public career. If I were beginning instead of closing my career," he said, "I would be careful about three things in particular: I should preach shorter sermons; I should be more attentive to my English, and I should preach

more comfortingly."

### Consumption

There is no specific for consumption. Fresh air, exercise, nourishing food and Scott's Emulsion will come pretty near curing it, if there is anything to build on. Millions of people throughout the world are living and in good health on one lung.

I From time immemorial the doctors prescribed cod liver oil for consumption. Of course the patient could not take it in its old form, hence it did very little good. They can take

# **EMULSION**

and tolerate it for a long time. There is no oil, not excepting butter, so easily digested and absorbed by the system as cod liver oil in the form of Scott's Emulsion, and that is the reason it is so helpful in consumption where its use must be continuous.

We will send you a sample free.

Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.

No Poison in Chamberlain's Cough Rem-

From Napier, New Zealand, Herald: Two years ago the Pharmacy Board of New South Wales, Australia, had an analysis made one that they declared entirely SEC. 111. This ordinance shall free from all poisons. This exception was Chamberlain's Cough Remedy, made by the Chamberlain Medicine Company, Des Moines, Iowa, U.S. A. The absence of all narcotics makes this remedy the safest and best that can be had; and it is with a feeling of security that any mother can give it to her little ones. Chamberlain's Cough Remedy is No doubt you read it, the best especially recommended by its makers for coughs, colds, croup Their patterns are just as high and whooping cough. This rem-

### Where do you Buy your Clothes?

There is a difference in stores as well as in clothes. Some stores go in for "cheapness," others for "quality." Which do you prefer? You may pay your Which do you prefer? You may pay your money and take your choice. You should consider quality first, as a good article is worth what you pay for it, while a poor article is dear at any price. If good style, perfection of fit, thorough reliability, at a fair price, you are after, then our store is the Clothing Store for you. We sell nothing but reliable goods, we have an enormous stock to pick from, styles absolutely correct, and no fancy prices attached to our goods. If you once try them you will come again. We sell everything in Men's and Boys' wear.

Anderson Bros., Sycamore,
