

NOTES FROM THE COURT HOUSE

Grand Jury Returns Eight Indictments, Forger Held

POUST FILES QUARTERLY REPORT

Freda Schoo of Somanauk Given Decree and \$1,000 Alimony—May Resume Maiden Name

The October grand jury of the Circuit court of DeKalb county which was impaneled on Monday, October 23rd, and then adjourned until Thursday, last Friday afternoon after two days of hard work returned eight indictments before Judge Slusser.

The indictments are as follows: 1. Cary Simmons alias Cary Simons of Sycamore, indicted for assault with intent to murder his wife, Marie Simmons.

2. Jeremiah Albert Hamkins, alias Frank Hughes, etc. indicted for obtaining signature under false pretenses and confidence game.

3. E. W. Campbell, alias G. E. Haughey, etc., indicted for confidence game.

4. Leo A. Zenk of Elgin, indicted for transporting intoxicating liquor with prohibition territory.

5. Henry Hines of Elgin indicted for transporting intoxicating liquor with prohibition territory.

6. Theodore Stanton, formerly employed by George Schule of Hinckley, indicted for forging a check on Mr. Schule.

7. Theodore Stanton indicted for larceny of Mr. Schule's automobile.

8. Roy Brophy indicted for forgery of check of Mr. Darnell of Hinckley on Hinckley State Bank.

The grand jury made a report of an inspection made by them last Monday of the county jail, in which they found the county jail in good repair and the record well kept by Sheriff Decker.

Upon presentation to the court of the indictments in their report the jurors were thanked by Judge Slusser for their work and dismissed, subject to recall should occasion arise.

State's Attorney Pous filed his quarterly report of the fines, fees and forfeitures earned and imposed, and the amount collected by him as state's attorney from June 5, 1922, to October 22, 1922, which was read and approved by the court. The report shows he has earned fees in 60 matters in which he has appeared and secured convictions, on matters of equity and other cases, making a total of fees earned by him for the above period of \$1,200. The report further shows that he has collected fines and fees in 30 cases where he has secured convictions for violations of the law, amounting to \$2,451.80.

The action brought by William Frazer against Caroline A. Armstrong and others to set aside a will had been settled and was dismissed.

The action for damages brought by Paul Disch and Fannie Disch against Owen E. Linceas and William Davis of DeKalb was dismissed for want of prosecution.

The action for separate maintenance recently brought by Freda Schoo against Harry Schoo of Victor, in which she charged the defendant with having placed her in a hospital at Rockford and thereafter taking her to her father's home in Somanauk and neglecting her, was dismissed in circuit court and on Tuesday a bill of divorce was filed and the case proceeded to a hearing before Judge Slusser.

The testimony produced showed that the parties were married at LaSalle on February 5, 1919, and lived together until May 11, 1920. That the defendant deserted the complainant on May 11, 1920, and has remained away from her since.

The court granted the complainant a decree of divorce and according to the decree the complainant is allowed to resume her maiden name of Freda Passow. Defendant is further ordered to pay complainant \$216.25 and is to turn over to her all household furniture now in his possession and is to pay her \$1,000 alimony in full of all alimony to be received by her.

The annual meeting of the 6th supreme judicial district bar association was held at Oregon, Ill., on Saturday, October 28, 1922. The district takes in eleven counties, DeKalb being one of them, and the bar associations of the cities of Elgin and Rockford. Among the officers elected, Cassius Poust, state's attorney, was elected secretary for the ensuing year.

WELL KNOWN GENOA LADY DEAD

Mrs. Geo. Hasler Passed Away at Rochelle Hospital Sunday, Oct. 29

The people of Genoa were saddened Sunday morning when word was received of the death of one of her best known and most likeable citizens, Mrs. George Hasler, who died at the Rochelle hospital following a surgical operation.

Ida Viola Porter, daughter of Leonard and Aurelia Porter, was born in Milton, Minn., March 8, 1857 and died in Lincoln hospital, Rochelle, October 29, 1922. She spent the early part of her life at home with her parents and graduate from the public schools of her home town. At the age of seventeen she united with the M. E. church. When twenty years of age she came to Illinois and September 27, 1882 was united in marriage to Geo. Hasler. To this union was born one son, Frank.

Nearly all her life has been spent on the farm and after twenty-six years on the old home farm near Charter Grove, in company with her husband, Geo. Hasler, moved to Genoa in February of 1917, where she had since resided.

For several years Mrs. Hasler had not been in good health, yet she never complained. Of late her illness became of such a serious nature that relief from suffering was sought thru a surgical operation at the Lincoln hospital, Tuesday, October 24. The operation was successful and strong hope was held for her recovery. However Sunday morning news came that she was failing and Sunday afternoon she passed away.

She leaves to mourn her loss her husband, Geo. Hasler, one son, Frank and wife, one granddaughter, Helen and a brother, Frank Porter, of Roberts, Wis.; besides a host of friends. She was home loving, a devoted wife and mother and a true and loyal friend and neighbor.

Funeral services were held Tuesday afternoon at the M. E. church, Rev. Robeson officiating. Burial in the Genoa cemetery.

CARD OF THANKS

We wish to thank those people responsible for the many acts of kindness and floral offerings during the illness and after the death of our beloved wife, mother and sister.

ACCIDENTS OVER WEEK END

J. W. Elliott Strikes Culvert—Myron Faber Turns Over

Saturday night as Mr. Elliott was driving along the road near the M. J. Corson farm, an automobile coming toward him failed to dim the lights and as a result the driver of the Elliott car was so blinded that he failed to see a cement culvert into which he ran, head-on. The car was badly smashed although none of the occupants were severely hurt.

A few prosecutions of people who fail to dim lights, provided they are known, will eliminate a good many of these unnecessary accidents.

Myron Faber, while driving at a fairly good rate Monday night had the misfortune to have the steering wheel pull out of the case, letting the car choose its own course. It did that very thing and after tearing up the side of the road with one side of the car, skidding along on the top and then turning out the other side, it stopped. Luckily neither he nor his passenger, Walter Dander, were seriously hurt, but the machine is quite a wreck.

HOT STOVE LEAGUE NOTES

The Moon dogs took a chunk out of the Grease-hounds' leg the other night and won the game in the last inning by gathering six runs.

The Half soles continued their winning streak by nosing out the Spark plugs while the Pole-cats are still at the bottom of the pole without a victory, having been defeated by the Half soles in the last game of the evening.

To night the boys will engage in another duel. Spectators are welcome. Admission is nothing.

Former Gov., Frank O. Lowden, spoke on the question of adoption of the new constitution and Chief Justice Cartwright of the supreme court welcomed the members of which there were present about 200. A luncheon was served at the Oddfellows building in Oregon.

VOTE IT STRAIGHT

Republican voters can make no mistake next Tuesday by voting the Republican ticket straight. There is not a Republican candidate on the ticket who is not worthy of your vote, considering past records as citizens and as officials. No man can hold an office and come out with a clean slate in the estimation of everyone. It is well to consider that all men are human, liable to error and subject to condemnation by opponents and political enemies, whether deserving of such condemnation or not. It is especially important that a Republican consider well the qualifications of his candidate basing his estimation of that candidate on facts and conditions as they really exist, rather than listen to the last minute tirade of an opposing candidate of the opposite faith. Estimation of any man should be based on the good he has done as a whole for his constituent and not on one or two facts which may not have met with approval. It is the business of an opposing candidate to belittle the qualifications of his opponent. It is the voter's business to investigate and get at the truth of the matter.

It is useless to use much space in extolling the qualifications of Richard Yates, candidate for congressman at large. He has been before the public for many years and has made good.

Henry Rathbone, also a candidate for congressman at large, should receive the vote of every Republican in the state. His reputation as a man and citizen is beyond reproach. He is a man of high ideals, sound judgment and good common horse sense; and he has the oratorical ability to put his argument across.

Senator Wright of DeKalb is a candidate for re-election. The fact that he is now very much in the limelight is sufficient evidence that his presence was felt at Springfield. It is seldom that a senator is given so much recognition as he is in the same as was accorded DeKalb county's representative at Springfield. He was working every minute of the time and was ready at any time to listen to his constituents. Harry Wright will be given another term as senator and we believe that at the end of the term will have made a record for which no Republican need apologize.

There are four Republican candidates for state representative. Three, Byers, Tourtillot and Allen, have been nominated and their names will appear on the Republican ticket. Byers and Tourtillot have made good records and are entitled to favorable consideration. Allen of Whiteside county is a new candidate. He is a farmer of strictest integrity and has the endorsement of his county.

Harris of Dixon is an independent candidate. He should not be considered in connection with any public office.

Place a cross in the circle at the head of the Republican ticket and you make no mistake.

In a meeting of the W. C. T. U. it was brought out that every loyal American citizen must vote at this election for candidates who will stand by the constitution of the United States. Daniel Webster said, "No state can choose which Federal law to obey."

The candidates in the above column have pledged to support the constitution and stand by the enforcement of the 18th amendment, which is a part of the constitution.

Our candidates for county offices are all known personally and are all dry, so it does not seem necessary to name them.

GENOA BOYS DISCHARGED

Charles Adams on Pention—Harvey Matteson Served Four Years

Charles Adams, son of Mr. and Mrs. Charlie Adams of Genoa has recently returned from China where he was given his discharge from the United States navy after twelve years of service. The twelve is used instead of the sixteen because of the fact that the navy is overworked and the older men must make way for the new. Mr. Adams rates a chief petty officer and will draw a pension just as he had completed the 16-year hitch.

Harvey Matteson was discharged at the Marine Base at New London, Conn., recently and from there traveled to Jamestown where he visited relatives. He states that one hitch in the Marines was enough for him.

He will probably be associated in the milk business with his father.

MILK BLAZE QUENCHED

The home of A. G. Stewart in the north part of town was the scene of a small blaze last Friday night about 6:05 p. m. Sparks from the chimney had ignited the dry shingles and the high wind made the fire at first look dangerous. However a few buckets of water and the hose that was on the job in a few minutes did the work and saved the structure from being badly burned.

AN APPEAL FOR STATE BONUS

Charles W. Schick, State Commander, of Legion Makes Speech

15 STATES HAVE BONUS NOW

Question of Illinois' Stand on Subject to be Voted Nov. 7—Must Have Majority of Votes Cast on Long Ballot

An appeal to voters of Illinois to support the adjusted compensation act when it comes up for referendum vote by the people of the state on November 7 has been issued by Charles W. Schick, state commander of the Illinois Department of the American Legion.

In his appeal Commander Schick points out that fifteen states have already voted on the proposition of giving or paying a bonus to the men who as a result fifteen states have paid or are paying a bonus to the men who fought in the world war.

Commander Schick, in asking support of the bill to appropriate \$55,000,000 for veterans of the world war, said in part:

"Fifteen states point the way for Illinois in the matter of paying a bonus to her heroes of the world war. Those states have passed legislation giving their soldiers adjusted compensation in actual cash.

"In many of the states the question was put up to the people in a referendum, just as it will be in Illinois on November 7, when voters will determine whether \$55,000,000 shall be appropriated for soldiers, sailors, marines and others who were in the war.

"The first state in the Union to give a bonus was Vermont. Compensation of \$10 a month was allowed with a maximum of \$120.

"Four other New England states are paying a cash bonus and the 6th is giving food, clothing and medical aid. Main, New Hampshire and Rhode Island are paying a flat bonus of \$100 Massachusetts is paying \$10 a month for each month of service. Connecticut is giving aid.

"Oregon is paying its service men \$15 a month, with an alternative of a loan of \$3,000 to build a home or improve a farm.

"Minnesota is giving \$15 a month, a minimum of \$50 and a maximum of \$600, to its soldiers, in addition to tuition of \$200 in accredited schools.

"Ohio is paying \$10 a month, with a maximum of \$250. Michigan is paying \$15 a month. Missouri is paying \$10 a month with a maximum of \$250. Washington is paying \$15.00 a month with a maximum of \$465. This state has paid to its soldiers \$12,300,000 at an expense of less than 1 per cent for administration.

"New Jersey is giving its soldiers \$10 a month with a maximum of \$100. Wisconsin is paying \$10 a month with a maximum of \$50 and educational bonus of \$50. North Dakota is paying \$25 a month and South Dakota \$15 a month, with a maximum of \$400.

"Wyoming has given no cash bonus but has allowed tax exemption and medical and hospital aid, under legislation passed in 1920. Benefits have amounted to \$75 a year to each of several thousand soldiers.

"Arizona is helping her soldiers by appropriation to provide farm homes and to lend money for purchase of farm implements and stock. California is giving loans for farm and home aid with a twenty year maturity, vocational training and special privileges in tax exemption.

"There is no cash bonus in Colorado but a fund has been appropriated for loans not to exceed \$200 each for vocational training. An appropriation has been made in West Virginia for the relief of needy veterans. The same is true in Nebraska.

"As in Illinois, the question of a cash bonus will be put up to the people in a referendum in Montana, Iowa and Kansas. In these states the amount to be paid the soldiers will range from 50c to \$1.00 a day for each day of service.

"Let us not have Illinois fall behind in the glorious record of other states. Let us all vote for the adjusted compensation act November 7."

Mrs. Donnell and Mrs. Cora Robinson saw Kich-Koo at Sycamore Wednesday evening.

Mrs. Douglass was a Kirkland caller Tuesday.

Don't fail to see those big wool-nap blankets for \$1.50 at Cooper's.

THE SHEIK

At the Grand Theater Friday and Saturday, November 3 and 4

See the auction of beautiful girls to the lords of Algerian harems; see the barbaric gambling fete in the tiring Casion at Biskra; see the heroine, disguised, invade the Bedouin's secret slave rites; see Sheik Ahmed raid her caravan and carry her off to his tent; see her stampede his Arabian horses and dash away to freedom; see the Sheik's vengeance, the storm in the desert, a proud woman's heart surrendered.

PRETTY HALLOWEEN PARTY

Misses Nora and Esther Awe were hostesses at a Halloween party given at their home Tuesday evening. The rooms were prettily decorated in orange and black. The evening was spent at games and dancing.

At a late hour luncheon was served to the merry guests.

NOTICE

The regular meeting of Della Robeck lodge will be held Friday evening at seven-thirty o'clock, Nov. 3. All officers and members are requested to be present and hear the report of Mrs. Avis Hasler, the delegate to the grand lodge.

Signed by ALTHEA R. DAVY, Clerk of the Board.

LETTER FROM STATE MILITARY AND NAVAL DEPT. IN REMARKING OF GRAVES OF SOLDIERS.

The Clerk presented and read the following letter from the State Military and Naval Department, which was referred to the Committee on Education, by the Chairman.

State properly recognized and marked will appeal to your honorable body and insure your most active co-operation in this work. The record of Illinois in all wars is one of which every citizen is justly proud, the Civil War alone having furnished in excess of 226,000 young men and the great World War in excess of 345,000 young men.

The Act of the General Assembly referred to simply furnished the necessary administrative machinery to carry on this work. Hence all assistance locally in the securing of data must be of a volunteer character, being work in which I feel assured you will be glad to join. When this record is completed and the number of soldiers by counties and cemeteries, both in order that some office in each county will have the complete record as made up for constant reference by the citizens of the county and as a matter of information to those who would decorate the graves of men who served their country. The complete record of the State will be kept in the office of the Adjutant General at Springfield, Illinois.

Your honorable body can be of great assistance in this work if you can give me the names of every cemetery in your county, indicating the townships in which they are located and the number of soldiers buried in each. I am sure this will impress you as not at all burdensome because you are expected to give the names and military records of the soldiers. If your honorable body will co-operate in this great work, I should be glad if you would communicate with me, when proper blanks will be promptly furnished for the purposes intended.

Respectfully submitted,

R. LEWIS, Superintendent, Record of Burial Places, 748 Normal Avenue, Chicago.

AFTON STATE AID ROAD PLEDGES.

The Clerk reported that the Afton State Aid Road pledges, which were reported unpaid at the June session, have since been paid, with the exception of \$100.00 pledged by John Gunstrom, who appears to have left the County.

RESOLUTION FROM HENRY CO. IN RE TAXATION REFERRED TO COMMITTEE ON REFUNDING TAXES.

The Clerk presented and read the resolution from Henry County in regard to taxation, which was referred to the Committee on Refunding Taxes, by the Chairman.

REPORT OF FINANCIAL OPERATIONS FOR YEAR ENDING AUG. 31, 1922.

The Clerk presented and read the following condensed report of the financial operations of DeKalb County for the year ending August 31, 1922, and also presented an itemized statement of his acts as County Agent for the same period.

Both of said reports were referred by the Chair to the Finance Committee.

Why Are Taxes High?

Who Gets the Money?

"Under Governor Small, taxes and expenditures have gone up until there isn't a state worse administered than Illinois at present."—Charles G. Dawes, former director of National Budget, a Republican.

Total appropriation to Department of Public Health under Small in 1921, shown on page 127 of Illinois Session Laws	\$1,083,759
Total appropriation to Department of Public Health under Lowden in 1919 shown on page 194 of session laws.....	625,910
<i>Increase under Small</i>	\$457,849
Included in above appropriation under Small was a provision for 25 district health superintendents at salaries from \$2400 to \$4800 per year. (\$100,000 per annum)	200,000
Same appropriation under Lowden in 1919. For district health officers as salaries from \$1800 to \$2500 each, \$16,000 per annum	32,000
<i>Increase for district health superintendents under Small in 1921</i>	\$168,000
Illinois House Journal shows page 1120 Devine voted for amendment that would have saved this money.	
Byers and Tourtillott voted to spend it.	
Total appropriation to Illinois Commerce Commission substitute for public utility commission. (Session laws 1921, page 133.)	1,397,700
Appropriation to utilities commission under Lowden. Session Laws 1919, page 199.....	675,140
<i>Increase under Small</i>	\$722,560
Illinois House Journal, pages 1447-1448 shows: Devine voted against the appropriation. Byers and Tourtillott voted for the appropriation, <i>ninety-three new state jobs, with salaries from \$1500 to \$7000 per year were provided by the appropriation.</i>	
Summary of increase in two departments:	
Increased appropriation to health department under Small.....	475,849
Increased appropriation to administer utility law under Small	722,560
Increased appropriation for two departments under Small	\$1,180,409

This increase is caused by new jobs and padded pay rolls and is typical of all appropriations made under the Small administration, more than \$4,000,000 increased appropriations can be accounted for in like manner. Space will not permit enumeration of the various items.

It is because Devine voted against these appropriations and called attention to them on the floor of the house when they were being voted upon, and in the public press that the Thompson-Lundin-Small machine is trying to bring about his defeat and elect three republican candidates to the legislature who will not actively oppose their program at the next session.

Byers and Tourtillott voted for these appropriations to furnish political patronage to this machine that is trying to keep its grasp upon the people of Illinois. Leading republicans and the public press throughout the state approved of Devine's efforts in the last session to defeat the Thompson-Lundin-Small machine.

Byers and Tourtillott voted with the machine. They are now seeking re-election and asked to be returned to the next session and they have given no assurance to the voters of the district that they will not vote with the Thompson-Lundin-Small machine at the next session.

The democrat vote of the 35th Senatorial District is not sufficient to re-elect Devine. It will take a large republican vote to insure his re-election. Republicans can elect two candidates and divide their vote with Devine and insure his re-election. The Thompson-Lundin-Small machine framed this fight against Devine in order to avoid his opposition at the next session. Republicans in this district who are against that machine will give it real opposition in the next session by re-electing Devine.

Do not be misled by political processions going through the district with brass bands and imported orators pleading that a straight republican ticket be voted. The Thompson-Lundin-Small machine is not straight and the representatives who voted for padded pay rolls and increased appropriations to build up that machine have forfeited their right to party support.

APPROPRIATIONS AT THE NEXT SESSION MUST BE CUT, NOT WITH A PRUNING KNIFE, BUT AN AXE. DEVINE CAN BE DEPENDED UPON TO DO THIS. HIS RECORD IN THE LEGISLATURE SHOWS THAT HE STANDS FOR LESS LAWS; MORE LAW ENFORCEMENT; LOWER COST OF GOVERNMENT; LESS TAXES; YOU CAN HELP TO PUT THIS PROGRAM IN FORCE IN ILLINOIS BY MARKING YOUR BALLOT,

FOR REPRESENTATIVE IN GENERAL ASSEMBLY

X JOHN P. DEVINE

Editorial Comment

on Minority Leader John P. Devine in the Last Session of Legislature

"This session will go down in history for the magnitude of its appropriations, the bitterness the fight between factions of the majority party, and the energy of the minority in both houses, especially as represented in the lower house by such men as John P. Devine of Dixon and a number of others.—Springfield Register, June, 1921.

Legislature Adjourned.

At last the people of the state can have a sigh of relief as the legislature has adjourned and the Lundin-Thompson-Small crowd has left the dome on the State House. Hardly from choice but the fact that it is fast. From the way the crowd appropriated the people's money, it would not have been surprising had they gotten away with the whole building. The last session should be one of great pride (?) to the members who so faithfully followed the above crowd. Some of them wilted at the last, the stench becoming too strong for them. Minority Leader Devine, though a Democrat, had the audacity to stand up and face the gang in an effort to hold down the appropriations but of course lost out. No matter what his motive—good sense, politics or what, he should be encouraged for his efforts to protect the taxpayer.—Lee County Times (Republican).

Gov. Small's Notions of Economy.

Friends of governmental economy and efficiency urged Gov. Small to apply the pruning knife boldly and vigorously to the appropriation bills jammed through the legislature in the closing hours of the session. The omnibus bill and other measures were denounced by many members of both houses as full of jobbery and graft. Particular items of striking demerit, inserted at the demand of spoilsmen, were pointed out by Representative Devine and others. Gov. Small had a splendid opportunity to save several million dollars to the taxpayers without impairing the efficiency of a single service. Unfortunately, the governor had other notions of economy. He applied the knife, or rather the ax, but in the wrong place. The grabs and jobbery he appears not to have touched. On the other hand, he has slashed appropriations ruthlessly in directions never contemplated by honest champions of economy.—Daily News, Saturday, July 2, 1922.

Why a Special Session?

The good work of the 52d assembly has been mainly defensive, in defeating the attempt of spoilsmen to build up an overwhelmingly powerful machine. Good government had its back to the wall, fighting for its life, and a movement forward was impossible. For the few progressive measures which actually got through and for the defeat of the machine-builders, the state will be grateful to the handful of constructive leaders of the assembly whom the emergency has raised up. Amongst these John P. Devine, Democratic leader in the house, stands pre-eminent in courage and consistency.—Chicago Evening Post, June 20, 1921.

Committee Asks for Three Candidates.

"Had a few Republicans exhibited as much backbone as did Devine in the last legislature in trying to balk the nefarious schemes of the Thompson-Lundin-Small gang, a much better report might have been written and the tax rate somewhat lower."—Lee County Times, March 23, 1922.

"While The Chronicle dislikes to disarrange the plans of anyone who may be laying the foundation of an imposing political machine in this district, it would not be doing its duty to the people it serves if it did not protest against such a selfish and offensively partisan action as this of the committee which seems to mean an attempt to put out of public life, a man, who, though a Democrat, is the biggest figure that the 35th district has sent down to Springfield in many a year.

"We refer to the minority leader in the house of representatives, John P. Devine, of Dixon. John is of the opposite political faith to ours. He is a Democrat. Democracy is woven into the fabric of his being and he conscientiously battles for that political belief. We think his political belief is wrong.

"But John Devine is an honest Democrat and he never has allowed his political faith to work to the disadvantage of his district. He has worked for it and fought for it in the lower house through all of his career and never once has a citizen of this district been discriminated against by Mr. Devine because he was a Republican."—DeKalb Chronicle.

We do not hesitate to say so openly, that Devine is the ablest candidate of the whole outfit, Republican or Democrat. He has had more experience, is a lawyer who knows what lawfully can be done and what cannot be done lawfully in the legislature. He ought to have the solid support of every Democrat in this district and will get the vote of hundreds of Republicans. There would be little sorrow anywhere except to the defeated candidates, if he should be elected."—The Sterling Gazette (Republican).

"This election of members of the legislature comes to us this time as an issue of taxation, pure and simple. You cannot escape it. Every man who pays taxes is interested. All of us know it to be true, because never has there been so much criticism of high taxes as in the last year. Rents on farms have been lowered; everything the farmer buys has been raised; he gets less for his product and his taxes year after year have been raised out of all decency. How are you going to get them down? In all sincerity what can we expect of a man like Tourtillott to beat a bad measure? He voted for most of them last session. Conceding Allen to be a man of good intentions, what can we expect of him? He has not the slightest experience and he could not stop a bad measure to save his life. Byers last session did nothing to stop bad legislation. He, too, voted for the unconscionable Omnibus bill. Devine voted against it and what is more he, more than any other one man in the legislature, actually defeated many of the rotten bills which tried to work themselves through the house at the last session.

"It is about time we began looking after the fellows who are eternally looking after new offices and increasing the pay of others. It is notoriously a fact that millions of our taxes are literally thrown away to keep cheap political job holders in line. You pay for it and I pay for it. Let's help stop it by sending one experienced man to Springfield, anyway, Devine."—Sycamore Tribune (Republican).

An All-Around Source of Supply.

Nothing was wasted by the early-day hunters and the natives of Alaska when they were taking the big sea lions about the Pribilof islands. The meat was dried and saved for food, the skins used as covering for the boats, intestines were made into garments, its stomach was used as a pouch for oil and the long whiskers were sold to the Chinese as pickers for opium pipes.

Whence Alfalfa Came.

Alfalfa is really a Spanish name for the Medicago Sativa, to give it its full botanical name. It is also known as Spanish trefoil. It may be termed one of the old timers on this continent as it was brought over to this country by the early Spaniards. It took very kindly to its new home and now is known and valued as fodder in many parts of Canada and the United States.

Concentration Highly Valuable.

Few things are more valuable to a man than to be able to persistently apply himself to his task until it has been accomplished.

The Uncertain Future.

It isn't the Promised Land, but the promised land that is important to the young man who is about to interview the girl's father.

Secretary Bird's Good Qualities.

The secretary bird, a large, long-legged bird of South Africa, feeds largely on reptiles and is often tamed to rid premises of them. Its crest, suggesting a bunch of pens stuck behind the ear, gives it its name.

Trees Fully Animate.

Trees are living things. They breathe, have circulation, digest their food and assimilate it, have sexual processes and power to adapt themselves to their environment. They lack only intelligence, nervous system and power of locomotion. In all other elementary processes they function as completely as man.

Mirth.

A pleasantness of disposition is of great use, men being willing to sell the interest and engagement of their discourses for no price sooner than that of mirth, whither the nature of man, loving refreshment, gladly betakes itself.—George Herbert.

For State Senator VOTE FOR Charles W. FALTZ WHO IS

Against the Extravagance of The Lundin-Small Thompson Machine, and is in favor of get- ting taxes back to normalcy.

The Legislative Voters' League

A strictly impartial organization whose only object is to see the best qualified candidates elected, issues the following report on the candidates for senator from this district, under date of October 28:

FALTZ PREFERRED FOR SENATE

Harry G. Wright, of DeKalb, physician; served part of one term, having been elected to fill vacancy; record disappointing, as he showed he was wanting in independence; voted for administration measures that were decidedly objectionable.

Charles W. Waltz, Somonauk, editor; formerly member of state penitentiary commission under Gov. Dunne; forceful, independent and well qualified.

Little Banking Stories

Wanted His Money

"It seems that everybody wants my money," said a patron of ours the other day.

"Everywhere I go I find somebody ready to sell me things I should not buy. Some of them would cheat me if they could. Some would steal from me."

"I've been thinking about it and I have decided to keep my money—it must be pretty good stuff when so many others want it."

That man has made a fine decision. He is careful when he makes investments. He buys only what he really wants.

There is a fortune lost in this county every month because people insist upon "spending money they want for things they do not need." Wise spending is the first step toward success.

Has not this been your experience?

Illinois Central System Tells About Shortage of Transportation

We are now in one of those periods when the business of the country, including agriculture, suffers severe losses by reason of the shortage of railway transportation—the inability of the railroads to move promptly all of the traffic awaiting shipment.

The Illinois Central System is leaving nothing undone in its efforts to meet the situation. In our October statement we showed that we have this year added to our rolling equipment new cars and locomotives costing a total of more than \$14,000,000. These purchases included sixty-five locomotives. Since that statement was published we have purchased, in addition, seventy-five large freight locomotives, making a total of 140 locomotives purchased this year. However, we are handling the largest traffic in the history of this system, and our patrons doubtless will continue to be inconvenienced by the general shortage of transportation facilities.

The miners' strike, which continued for nearly five months, and the railway shopmen's strike have naturally had an effect upon the present shortage of transportation, but the main cause goes far deeper than those strikes.

What is commonly called the "car shortage" is in reality a shortage of all kinds of railway facilities, including locomotives, freight cars, passing tracks, terminal facilities, etc. For a number of years the rate at which the railroads have been able to increase their facilities has gradually fallen off, while the ton mileage hauled, which represents the public demand for transportation has been gaining steadily.

In the seven years ended with 1907 the number of locomotives increased 2,500 a year, and the number of freight cars 90,000 a year. In the next seven years the number of locomotives increased only 1,500 a year, and the number of freight cars only 50,000 a year. In the seven years ended with 1921 the number of locomotives increased only 275 a year, and the number of freight cars only 6,000 a year. The increase in the number of locomotives in the seven years ended with 1921 was only one-ninth as great as in the seven years ended with 1907, while the increase in the number of freight cars was only one-fifteenth as great. The decline in the amount and capacity of the equipment provided has been accompanied by a corresponding decline in other facilities. This condition cannot continue without causing frequently recurring losses of a serious nature to the country.

During periods of business depression, when there is a surplus of transportation, the railroads should be most active in enlarging and extending their facilities for future needs, but that has not been possible in the past because business depressions have been accompanied by widespread demands for reduced rates. Such agitations discourage railway managements when questions of recommending extensive and costly improvements are being considered and drive investors away from railway securities. When the confidence of investors in railway securities is fully restored, large expenditures for additions and betterments can be made and the railroads will then be able to supply all necessary transportation. This is the "railway question" in a nutshell.

What the country needs badly are many leaders among business men, farmers and workers with vision to see that business, including agriculture must have ample railway service, and with courage to tell the truth about the transportation situation. Upon the attitude of the public toward the railroads will depend whether such crises as the present one are to be avoided in the future.

Constructive criticism and suggestions are invited.

C. H. MARKHAM,
President, Illinois Central System.

LOST SLEEP OVER NOTHING

Explorer's Story of a Bad Night He Spent in Venezuela Makes Amusing Reading.

William J. La Varre, Jr., who discovered diamonds in South America, tells as follows of an exciting adventure he had in Venezuela, says the World's Work.

The nearest I have ever come to catching up with adventure was just over the boundary in Venezuela when I sought the hospitality of a night at the cabin of a Spanish ranchero in the mountains. He provided me with food and shelter and I tried to convince him that I was conferring as much distinction on him as he was conferring kindness on me by showing him a letter of recommendation from the President of his country. I then discovered that my host was a revolutionist and one of the President's bitter enemies. He did not withdraw his hospitality, however, so I swung my hammock on his porch and was about to drop off to sleep when I overheard him and a companion talking in low tones. Their concluding remark in Spanish was: "We won't kill him till morning." I spent an almost sleepless night with my revolver thrust in the breast of my shirt and with one eye always half open for trouble. In the gray of the dawn I saw a figure emerge from the house carrying in its hand a glittering rifle barrel. I carefully got my pistol ready for action and kept it trained on the figure without shifting my position in the hammock. The figure advanced to the edge of the porch, turned its back to me, took firing position and blazed away. Instantly loud squeals from the brush resounded and to my immense relief I learned that the discussion of the night before referred to the pig which was to be slaughtered for my breakfast.

FLOWER BROUGHT BIG PRICE

English Horticulturists Paid Large Sum for American Plant With Somewhat Peculiar History.

Ten thousand dollars is an extraordinary price for a single plant; yet it was paid by English horticulturists for an orchid raised in America, the cattleya gigas alba.

This cattleya was flowered in 1910 and exhibited at an orchid show in the United States, where it was awarded a gold medal. The plant was found in 1899 in a lot of other specimens of cattleya gigas. It was only by chance that the plant was not sold for a dollar or two. The only reason was that, after most of its companions had been disposed of, this one, with some others was set aside. Finally all the specimens were potted.

To the great surprise of the horticulturists when, next spring, the plant came up, it was with pure white flowers. The plant was sold in London for perhaps the highest figure that an orchid ever brought.

WOMEN OF MIDDLE AGE

A Trying Period Through Which Every Woman Must Pass

Practical Suggestions Given by the Women Whose Letters Follow

Phila., Pa.—"When I was going through the Change of Life I was weak, nervous, dizzy and had headaches. I was troubled in this way for two years and was hardly able to do my work. My friends advised me to take Lydia E. Pinkham's Vegetable Compound, and I am very sorry that I did not take it sooner. But I have got good results from it and am now able to do my housework most of the time. I recommend your medicine to those who have similar troubles. I do not like publicity, but if it will help other women I will be glad for you to use my letter."—Mrs. FANNIE ROSENSTEIN, 882 N. Holly St., Phila., Pa.

The critical time of a woman's life usually comes between the years of 45 and 50, and is often beset with annoying symptoms such as nervousness, irritability, melancholia. Heat flashes or waves of heat appear to pass over the body, cause the face to be very red and often bring on headache, dizziness and a sense of suffocation.

Another annoying symptom which comes at this time is an inability to recall names, dates or other small facts. This is liable to make a woman lose confidence in herself. She becomes nervous, avoids meeting strangers and dreads to go out alone.

Detroit, Michigan—"During the Change of Life I had a lot of stomach trouble and was bothered a great deal with hot flashes. Sometimes I was not able to do any work at all. I read about Lydia E. Pinkham's Vegetable Compound in your little books and took it with very good results. I keep house and am able now to do all my own work. I recommend your medicine and am willing for you to publish my testimonial."—Mrs. J. S. LIVERNOIS, 2051 Junction Avenue, Detroit, Mich.

Lydia E. Pinkham's Vegetable Compound is especially adapted to help women at this time. It exercises a restorative influence, tones and strengthens the system, and assists nature in the long weeks and months covering this period. Let it help carry you through this time of life. It is a splendid medicine for the middle-aged woman. It is prepared from medicinal roots and herbs and contains no harmful drugs or narcotics.

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent you free upon request. Write to the Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information.

It is folly for an eminent man to think of escaping censure, and a weakness to be affected by it.

Being good looking is a duty every woman owes herself.

More Decorous Fashion.

"French draperies are no longer so scant."

"No," rejoined Miss Cayenne. "Paris has gone into the business of clothing instead of unclenching."

Western Canada

Wonderful Stock Raising Country

Vast stretches of undeveloped fertile agricultural land of the highest productiveness await the settler in Western Canada. The land possesses the same character of soil as that which has produced the high quality of cereals that have carried off the world's premier honors so many times in the past ten years.

Native Grasses are Rich and Abundant

Cattle fatten upon them without any grain being fed.

Limited capital on high-priced lands is not a success, neither can the tenant burdened with high rents hope to succeed.

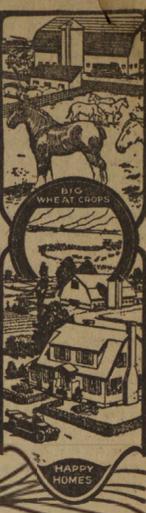

The place to overcome these is in Western Canada—where land is cheap where a home may be made at low cost, and where dairying, mixed farming and stock raising give an assured profit.

Land may be purchased from the Railway Companies or from responsible land companies or from private owners. Free homestead of 160 acres each acre to be had in the more remote districts.

For illustrated literature, maps, description of farm opportunities in Manitoba, Saskatchewan, Alberta and British Columbia, reduced railway rates, etc., write

\$1,000 for Some Woman OR GIRL

Who reads the new mystery story,

"The Green Archer"

By EDGAR WALLACE

In THE CHICAGO DAILY NEWS

Beginning Thursday, November 2

The story—the newspaper serial story—has become the habit, and a very good habit, of the great majority of American newspaper readers. The reason is not far to seek. After the strenuous day the evening story, moving on the wings of imagination, brings with its complete change of thought and interest a benediction of mental rest that makes an almost universal appeal.

In presenting "The Green Archer"—a new story of mystery—The Chicago Daily News introduces a new feature of added interest in story reading—a distribution of \$3,000 in prizes for the best solutions of the story's mystery. Here is a battle of wits that should provoke the best efforts of the reader to rank

as one of the one hundred and sixty victors in the contest.

The Chicago Daily News is pre-eminently a family newspaper, and its long established daily installment of a high-grade serial story is a feature intended specially to commend it to the home circle. To emphasize—and advertise—the fact that The Chicago Daily News is a newspaper particularly intended for women's reading, the condition is made that the three thousand dollars in prizes shall be paid only for explanations of the story's mystery sent in by women and girls. All may read, but only women and girls may enter the contest—and win the three thousand dollars.

Conditions of the Award of \$3,000:

1. To the reader from whom The Daily News receives by mail at its publication offices, 15 North Wells street, Chicago, the most complete and correct solution in all its details of the entire mystery in "The Green Archer" as it shall be disclosed in the final chapter of the story, to be published Wednesday, December 13, in The Daily News, the sum of \$1,000 will be paid. The entire sum of \$3,000 will be awarded in 160 prizes as follows:

- For the best solution \$1,000
- For the second best solution \$250
- For the third best solution \$150
- For the fourth best solution \$100
- For the next best two solutions (\$75 each) \$200
- For the next best four solutions (\$50 each) \$200
- For the next best ten solutions (\$25 each) \$250
- For the next best forty solutions (\$10 each) \$400
- For the next best one hundred solutions (\$5 each) \$500

Making a total of one hundred and sixty prizes \$3,000

2. "The Green Archer," beginning Thursday, November 2, will continue in a daily installment until Friday, December 1, on which date all but the final chapter will have been published. The interval between Friday, December 1 and Saturday, December 9, inclusive, will be allowed for forwarding the solutions of the mystery.

3. The final installment of the story, disclosing the mystery, will be published in The Daily News Wednesday, December 13.
