SEVEN AND ELEVEN

THE GOATS HAVE WON ELEVEN GAMES IN EIGHTEEN

Woodstock Reds and Unions are the last Victims—Hampshire Rooters Do Not Like Genoa.

Jack's Goats added two more victims to their string by defeating the Woodstock Reds 7 to 6 and the Unions 10 to 5.

The game Saturday with the Reds was close and exciting and devoid of any wrangling whatever. As so often happens the goats were thrown off their feet in one inning and let the Reds get a few more runs than they were entitled to. Al. Salander who has been pitching for the Genoa White Sox was in the box and practically won his own game. He pulled the team out of a tight hole when the visitors had a runner on second and third with only one man out. The score was a tie at the beginning of the last half of the eighth. Furr was the first man up, making a clean two bagger. Neurauter and Kirby were both retired by putting pop ups into the hands of the Reds. Salander was next up and with a single brought Furr in with the winning run, the Reds failing to score in the next inning.

The Woodstock Reds are acknowledged to be the champions of McHenry county.

The score follows:

Genoa 10, Union 5

It was a case of nothing doing in the extra inning line down at Hampshire last Sunday. The first three innings told the tale.

The game was Genoa's from the call of "play ball" by umpire Fred Anderson, and with the exception of the sixth when our boys did a little stunt in aerial exploration, it was simply a case of a slaughter of the innocents, with the Hampshire fans as chief mourners.

The Unions gave a farcical rendition of how not to play ball. The pitching of Kremer was fairly good despite the fact of the Genoa huskyites' singles, but his support was as ragged as a two-piece \$2.98 marked down suit of last summer's clothes. With the exception of the sixth the Unionites were as helpless before Neurauter as was Hampshire before the spits and drops and shoots of Ackerman.

On the other hand the Genoa boys seemed to take a fiendish delight in connecting with the ball. They started in from the outset with three runs and then three times three and some more. Were it not for a season of careless overconfidence in the sixth

the Unionites would have been blanked. In that fatal inning was Hampshire's only opportunity for rooting against the team that made their boys look like three bad ten cent pieces and they did it with a vengeance.

Stillman Valley Next

Next Saturday the Goats will meet the Stillman Valley team on the home diamond. This will be the stiffest proposition the boys will meet this year. The Valley boys are the best amateurs in the business, having repeatedly defeated the Rockford teams. They have also taken a game from the mighty colored Union Giants. It will be a game worth seeing. The Goats will go in to win and promise to play ball every inning.

THE ARMY WORM

Is Making Its Appearance in the Adjoining Counties

The army worm has appeared in many adjoining counties and states. Oats are suffering from the ravages of the pest in Algonquin township, McHenry county. The army worm appears in vast hords and in a few days lays waste whole fields of grain, cutting it close to the ground. They are keeping a close watch for the insect which derives its name from its habit of sweeping over the country like a devastating army. In Northern Indiana the farmers have stopped the further ravages of the worm by plowing deep furrows with steep sides which they soon found filled with worms a foot deep.

BLACK WALNUT IS LOST.

Forests are Denuded of Wood, Which is Rare as Mahogany.

Forests in this vicinity have been denuded of the once plentiful black walnut and the wood had become almost as costly as mahogany. Not many years ago every farm household could boast of solid walnut furniture, and the farmers' sons had no trouble in going to woods and gathering a plentiful supply of walnuts but it is not the case now—only the wealthy can afford the luxury of solid walnut furniture.

The price of black walnut has advanced steadily for years and now it is alongside of mahogany, the relative prices being \$100 per thousand for walnut, and \$100 to \$150 for mahogany.

Sweet Sixteen

Miss Louise Stewart was pleasantly surprised at her home last Saturday evening, all in honor of her sixteenth birthday anniversary. About twenty of her friends were present and what they didn't think of to make the event a pleasant memory is hardly worth mentioning. Refreshments were served and it was at a late hour that the intruders departed.

Just a Picnic

Mrs. Belle Wyld and her Sunday School class in Jos, Patterson's grove last Saturday afternoon greatly enjoyed a genuine old-fashioned picnic. It is needless to say that the children made the most of the outing.

Good for 2 Votes in Genoa Republican-Journal's Ladies' Sewing Machine Contest

Vote for _____

The Genoa Republican Journal has decided to inaugurate a contest in which all ladies, both married and single may have a chance to compete, and, in the end the winner gets a prize well worth the effort.

The prize, an Eldredge Sewing Machine, will be given to the lady receiving the largest number of votes placed in the ballot box left at this office, the contest to be decided by the final count by the judges on Wednesday evening, Oct. 4, at eight o'clock.

Great care has been taken in selecting judges widely known as honest, professional and business men who will show no partiality in awarding the prize. The judges are G. E. Stott, Geo. W. DeWolf and L. E. Carmichael.

The prize is the best sewing machine put out by the National Sewing Machine Company of Belvidere, listed in their catalogue at \$60.00. The style of the machine is termed a drop head. It is not only the latest thing in the line of sewing machine woodwork, but it is also by far the most popular. This is not surprising when its simplicity and ease of handling are considered. When the machine is in use the head is in the same position as on the ordinary style. The leaf shown on top is folded over to one side, thus forming an extension table. When through using, it requires only one motion of the hand to drop the head down completely out of sight. The top or leaf then folds over, forming a handsome table with highly polished top. While in this position the machine is securely resting in a dust-proof box that thoroughly protects it; furthermore, the box is so arranged that no oil can run out and soil either the cabinet itself or the floor on which it stands.

The machine is now on exhibition in one of the show windows of the Exchange Bank of Brown & Brown.

1. Any lady may enter the contest for the elegant Eldredge Sewing Machine which is listed in the catalogue of the National Sewing Machine Company at \$60.00.

2. Each paper, including this issue, will contain one coupon good for two votes. The name of the person for whom the ballot is cast must be written in blank space and the coupon mailed or brought to The Republican-Journal office before eight o'clock p. m., October 4, 1905.

3. For each new subscription or renewal of old subscription for one year will be given a coupon good for one hundred votes. For each new subscription or renewal of old subscription for three years will be given a coupon good for three hundred votes.

4. For every dollar's worth of job work brought in a coupon good for 100 votes will be given.

5. In order to vote for a contestant it is necessary to write plainly the name (for whom you wish to cast your votes) in blank space left for that purpose on the coupon. The same is then placed in the ballot box.

6. A contestant may work for her own interests and secure as many votes as possible.

7. A count of the vote will be made each Wednesday night of the weeks while the contest is on. The official count will be given to the editor and the same correctly published in the next issue of The Republican-Journal on the following Friday.

8. If the name upon the vote is not plainly written, the vote will be cast out, or the decision of three of the judges will decide its identity.

9. Attorney G. E. Stott of Genoa will be chairman of the judges and Geo. E. Patterson will act in his stead if sickness or any unforetold circumstances should not allow Mr. Stott to be present.

10. The qualifications of a contestant and the rules will be published in every issue of The Republican-Journal during the contest.

11. A contestant wishing to withdraw cannot cast her votes for any other contestant

Can Was Loaded

This was not a case of "the gun was loaded". It was a can this time, and it was even more dangerous than a beer can. Floyd, young son of Orrin Buckle, found the can Sunday morning and seeing that it contained nothing more than gun powder applied a lighted match. There was a result of course and the doctor was called. Floyd's face and eyes were badly burned, but fortunately he will not lose the use of his optics. He is recovering nicely.

Gave Genoa Two

In writing up the Genoa-DeKalb game of Sunday, July 22, the Review says that Genoa was presented with its two scores and should have been shut out. Now such an assertion is more than the Goats can stand for. Nearly everyone present from Genoa and many conscientious DeKalb fans claim that Genoa was simply robbed of the game in the last inning, by the umpire. The Republican-Journal is not in the habit of making excuses for the home team nor do the boys want it, but when statements as above are made we must show up the other fellow.

MRS. FRANK O. SWAN

Passed Away After Lingerin Illness on Sunday Morning.

Mrs. F. O. Swan, daughter of the late Cyrus Waite and Mrs. E. J. Waite, passed away at her home in this city Sunday morning, July 30, at about eleven o'clock. Besides her sorrowing husband and mother Mrs. Swan leaves a host of friends who deeply grieve over her untimely death.

The funeral was held at the home on Sycamore street Tuesday forenoon, Rev. T. E. Ream officiating.

Rev. C. A. Briggs and the ladies' quartet rendered beautiful selections. The floral offerings were many and beautiful.

The remains were laid to rest in Genoa cemetery.

Before her death Mrs. Swan made known her desires with regard to details of the funeral, appointing the singers and pall bearers and requesting that the regular form of obituary be omitted.

FRIGHTENED BY AUTO

Horse Runs Away, Throws Out and Painfully Injures Mrs. Mary Harris.

Another automobile accident happened on Sycamore road last Saturday evening, and the people in the automobile who were the cause of the trouble did not stop, but swiftly disappeared.

Mrs. Mary Harris, whose home is about three miles east and south of Genoa, was returning from Sycamore, where she had transacted business and called on some of her relatives. She is the daughter of the late Marshall Stark.

She was alone when she reached the Pond farm and passed the machine. Her horse had met automobiles several times before and did not appear frightened to any considerable extent, but these people were going so fast, that the horse was surprised and plunged off the pike, upsetting the buggy, throwing Mrs. Harris out and then breaking loose and running away. Help was soon at hand and she was taken to her home where she is suffering much. Although no bones were broken, a bone in the arm was cracked, and she was so shocked, that it is feared her injuries may prove serious. She is about 60 years of age and weighs over 200 pounds.

At last accounts it was not known who the people were who caused the damage, but it was known that there were five women and one man, and that they came from Belvidere.—True Republican.

WOMAN WINS INSURANCE.

Mrs. Jerry D. Brown Placed in Charge of \$600 Left Son.

Through her attorney, F. E. Shopen, Mrs. Jerry D. Brown, daughter of G. W. L. Brown of Elgin was Tuesday placed in charge of insurance money to the amount of \$600 left her son Raymond, by his father, the late J. D. Brown of Genoa. Shortly after his death in December 1903, Mrs. Brown claimed that she was compelled to sign papers placing the guardianship of her child in the hands of a Genoa man. Inasmuch as she declared she signed the papers under duress she prayed the court to depose the guardian. The matter was adjusted out of court, the guardianship being transferred to this county and the estate closed in DeKalb.—Elgin Courier.

POLICE KEEP BUSY

THREE CHICAGO CRIMINALS ARRESTED THURSDAY

One Held For Attempt at Murder, Breaks Jail Friday Night And is Again Captured.

Three Chicago toughs, all known well to police of that city, were arrested here last Thursday morning and locked up in the city bastille by Officer Christensen. "Irish" Charlie Carlson, one of the trio who was wanted in Chicago for attempted murder, and his brother and a friend with him were held on general principles for being in bad company. All were taken to Chicago Friday afternoon by officers who came out from that city.

"Irish" Charlie was wanted for shooting two men, one of whom was supposed to be dying of his wound. Now the supposed dying man has disappeared and the police are left without a case.

Boyle, it is declared, was shot by "Irish" Charlie Carlson in a quarrel over a young woman, said to be Miss Anna Burns, 193 Washington boulevard. Carlson was taken to the Park Avenue hospital by the police and to the second floor, where Boyle was supposed to be dying. Seemingly with effort Boyle raised himself to a sitting posture and looked at Carlson.

"Yes," he said slowly, "yes, that's him."

Carlson admitted to the police that he shot Boyle.

"He attempted to force his attentions upon my girl and I told him to keep away," he said at the hospital. "I was at Green and Washington boulevard when Boyle attacked me with a knife. I held his wrist with my left hand and shot him."

Saturday morning the police declared that "Whitey" Armstrong, who is believed to have been shot in the neck by Carlson, is also missing. He could not be found at places where the police were told he was recovering from his wound.

When detectives went to Miss Annie Burns' home in Washington boulevard they were told they were "just too late," as she had taken her clothing and gone away. The police are making earnest efforts to find the missing persons, for without them they will be unable to prosecute Carlson.

Carlson and his pals got off the midnight train here Wednesday and the fact was telegraphed back from Kirkland by the conductor. Officer Christensen was soon on the trail and found the bunch down near the river. He took no chances, but "covered" the men at once with his gun and forced them to hand over their weapons. "Irish" had a cheap revolver, but it is claimed that he usually carried a magazine gun, probably making the change before leaving the city.

All three were locked up. When Christensen went down to see his birds Friday morning he found the one called "Irish" missing. He had taken the iron prop from his cot and broken the lock, thus letting himself out. The Yale lock with which the door is usually secured was out of order and a cheap one put in its place. This made the task an easy one for an habitual jail bird. "Irish" was soon taken again, being found near the Illinois Central water tank west of the city.

For Sale—4 acres of land, good house, barn, chicken house and other outbuildings. Plenty of fruit and shrubbery, city water. All in good repair and at a price that is right. D. S. BROWN,

History of Base Ball.

Somebody who has looked deeper than the ordinary observer gives this history of base ball. The devil was the first coacher. He coached Eve, and when Eve stole first, Adam stole second. When the servant of Isaac met Rebecca at the well she was walking with a pitcher. Samson struck out a good many times when he beat the Philistines. Moses made the first home run when he slew the Egyptians and Cain made a base hit when he slew Abel. Abraham made a sacrifice. The prodigal son made a home run. David was a long distance thrower, and Moses shut out the Egyptians at the Red Sea.

HAPPENINGS IN PRAIRIE STATE

Items Prepared with Special Care for the Convenience of Our Own Readers.

Springfield, Ill., July 31.—Aldermen Hay was knocked down by a policeman, revolvers and blackjacks were drawn by other officers and a free-for-all fight marked a special meeting of the city council. The council was called by three members of the council and a resolution was offered extending time for lighting the city by the Springfield Electric Light and Power company one month, until the council could decide whether to operate a municipal light plant. Corporation Counsel Salzenstein had rendered an opinion that in order to extend the lease an ordinance and not a resolution was necessary.

Mayor Handles the Gavel. Alderman McGroery moved to adjourn to "forestall passage of a resolution and though mayors were apparent in the majority Mayor Devereux declared the motion adopted and refused to entertain an appeal from his decision. Alderman Hay then moved that Alderman Hickox be made chairman and this carried, but Hickox, in attempting to take the chair, was confronted with a drawn revolver in the hands of a police sergeant, and Hickox desisted.

Alderman Down: Lights Out. Alderman Hay attempted to take a hand in the matter and was knocked down by a policeman. Then the lights went out. Hickox was prepared for such a move and produced a dozen candles. Mayor Devereux ordered the council chamber cleared and ten of the fourteen aldermen adjourned to the office of Logan Hay, where they went through the form of adopting the order extending the contract for thirty days.

Was the Alderman Kidnaped? During the fight in the council chamber Alderman Hanselman disappeared and members of the combination charged that he had been kidnaped. In the melee Alderman Hay was struck in the eye. Friends of the mayor insist his injury resulted from falling and striking his head against a chair. After the meeting was over Attorney Lowrie, for the lighting company, was assaulted in the street by two police officers and taken to city police headquarters, but was soon released.

Injunction Against the Mayor. Later Mayor Devereux was served with a temporary injunction, issued by Judge Creighton, of the Sangamon county circuit court, on application of Emil G. Schmidt, general manager of the lighting company, restricting the mayor from interfering with the operation of the city electric light plant used by the general utilities company.

FAILED TO AGREE ONCE MORE

Shot-Firer Dispute Seems To Be Like the Poor, Always with Us—Matter of Weight.

Springfield, Ill., July 29.—After an all-day session, the joint committee of the operators and miners of the Chicago and Alton sub-district, which was appointed to adjust the matter of employing shot-firers in that district, failed of an agreement, and the subject has been referred back to the main boards of the two organizations. In the meantime the mines will be shut down and 1,800 miners will be out of employment while it is pending. The miners offered to return to work, but they insisted that, pending the final adjustment of the difficulty, the mines must employ shot-firers.

A concession of this sort the operators felt would result in fastening the shot-firers upon them for all time and they declined to make it. The dispute is a matter of weight. The operators say there is no necessity of using two pounds of powder in each blast in their coal. With less than two pounds shot-firers are not required. The miners insist that two pounds shall be used because that much has been used heretofore.

"Fellow of Infinite Jest," Is Franklin.

East St. Louis, Ill., Aug. 2.—When deputy sheriff served notice of intended eviction upon the houseboat squatters of Sandy Hook last Friday, the squatters made threats, but they have been evicted without trouble, three boats being set adrift. When the houseboat of J. Franklin was set adrift he started his phonograph to playing "Sailing, Sailing, Over the Bounding Main."

Egan Is Qui Vive for Yellow Jack.

Cairo, Ill., Aug. 1.—Dr. J. A. Egan, secretary of the Illinois state board of health, accompanied by his assistant, Dr. George T. Palmer, has arrived in Cairo and later left for Memphis, where he will confer with Commissioner Jones in regard to the yellow fever situation in the south.

Boy Drowned at a Resort.

Bloomington, Ill., Aug. 1.—Kenneth Chase, aged 14, an inmate for three years of the Soldiers' Orphan's Home here, was drowned at Kappa, a resort north of here, where he had accompanied a party of the inmates.

Road Increases Its Stock.

Springfield, Ill., July 31.—The Edwardsville and Granite City Railroad company has certified to the secretary of state an increase in capital stock to \$300,000 from \$100,000.

SALARY IS ONE CENT

New Hampshire Mail Carrier Receives Small Warrant

The Postoffice Department recently issued a warrant in favor of Odriel L. Stuart of Freedom, N. H., in the sum of one cent. This is Stuart's pay for carrying the mails for four years, beginning July 1, 1901, and ending June 20, 1905, from Freedom to a railroad station seven and three-quarters miles away.

He travels this distance of fifteen and a half miles six times a week. His pay is a quarter of a cent a year, or one three hundred and twelfth part of a cent for one trip. This is the smallest treasury warrant ever issued and Stuart will have it framed instead of cashed. He bid this low figure because of the prestige which the sign "U. S. Mail" on his wagon gives him in his passenger carrying business.

Recent Experiments.

A pin prick and a drop of blood on a glass slide will tell whether your blood is in a healthy condition or not. Every healthy man should have five million red blood corpuscles to every square millimeter of blood. If there are too many white blood corpuscles the person is said to be anemic and run down. A chemical test of the water from the human body will tell whether the kidneys are in good health or not. These tests of health are conducted by expert physicians and chemists every day. Such examinations are made without cost. This is only a very small part of the work of the staff of physicians and surgeons under the direction of Dr. R. V. Pierce, of Buffalo, N. Y., the founder and director of the Invalids' Hotel and Surgical Institute of that city. To build up the body that has been weakened by an attack of grip, pneumonia or typhoid, write Dr. R. V. Pierce for advice, giving all your symptoms, and he will give you the best medical advice, and without cost. For those who are weakened by the after effects of a bad cold, cough or grip, nothing will eradicate poison from the blood so quickly as Dr. Pierce's Golden Medical Discovery. A most stimulating tonic because it goes to work in the right way, assisting the stomach to assimilate the food thus furnishing the blood proper nourishment, which in turn feeds the nerves. The blood should contain red blood corpuscles, which are capable of warding off the attack of germs if they get into our systems. Dr. Pierce's Golden Medical Discovery is just what is needed and it has received the praise of thousands of people throughout the United States.

Spain's Linguistic King.

King Alfonso has a fair claim to be regarded as the best educated of our crowned heads. He is a linguist, being familiar with French, Italian, German and English. He never travels without Goethe, Schiller and the Austrian poet, Grillparzer, whose name will be new to most people. Of the ancient classics King Alfonso prefers Horace, many of whose odes he has translated into Spanish. Moreover, he revels in mathematics and history and adores drawing. What attention he has paid to English literature is not made public.—London Chronicle.

She Knew Napoleon.

There are very few people now alive who saw and conversed with the first Napoleon. A St. Helena newspaper records the recent death of a Mrs. Mary Smith at the age of ninety-five. In her girlhood she was a member of the household staff at Longwood, the home of the exiled emperor. She knew both Napoleon and his jailer, Governor Sir Hudson Lowe. Some twenty or thirty years ago there were still a fair number of people living in St. Helena who remembered Napoleon.

Forks For Butchers' Customers.

The butchers of Tottenham, in London, in terms of a circular just issued by the medical officer to the district council are, with the view of preventing contamination by handling of meat exposed for sale and of preventing the spread of infectious diseases, requested to provide a suitable supply of forks wherewith intending purchasers may make examination of meat before buying.

Nothing Doing.

"Nothing doing" seems modern enough. Is it slang? In the "Creedy Papers" there is a letter written to Thomas Creedy by a Dr. Currie, dated May 1, 1803. He is referring to Napoleon: "We are all cursed flat here about the spinnet negotiations. Nothing doing. Everything stagnated. We shall have war, because it is just the most absurd thing in creation."

Perversity.

Mrs. Jackson—Waal, parson, I knows de Bible says de meek shall inherit the earth, an', 'deed, I tries to be meek as I kin!

Parson Polhemus—Dat's right, sietah! Dat's right!

Mrs. Jackson—But it'll be jest mah luck when it comes time fo' me to inherit de earth dat dar'll be municipal ownership.—Puck.

Peculiar Disappearance

J. D. Runyan of Butlerville, O. laid the peculiar disappearance of his painful symptoms, of indigestion and biliousness to Dr. King's New Life Pills. He says: "They are a perfect remedy for dizziness, sour stomach, headache, constipation, etc." Guaranteed at Hunt's Pharmacy, price 25c.

CONFIRMED THE JUDGE.

Judge Kennedy of the Newton police court, although a model of courtesy on the bench, never fails to nail a lie, especially if the falsifier is on trial for a crime.

An old offender was arraigned before him, charged with drunkenness. When the complaint had been read the defendant bravely answered, "Not guilty." The judge, eying him sharply, inquired, "How long since you were drunk?" The prisoner answered that he hadn't taken a drink for more than a year.

"That's not true," replied his honor. "I saw you drunk within a month on the street in Boston, and you had the impudence to accuse me."

"Did I spake to you, sor?" asked the prisoner.

"You did," said the court.

"Well, thin, I must have been drunk, yer anner."

No one in the courtroom enjoyed the incident more than the judge.—Boston Herald.

Was Unable to Get the Letter Back.

Miss Carey Thomas, the president of Bryn Mawr college, talked at a luncheon about the ingenuousness of children.

"A friend of mine," she said, "once showed me a letter that her little son had written her from Andover. The letter ran like this:

"Dear Mother—I am well, and I hope you are well. Will you please send me two dollars? I know the last did not last long, but it is all spent now, and I need two dollars badly. I hope you are well. I am well. Please do not forget, two dollars."

"Then there was this postscript: 'I was so ashamed to ask for money so soon after the last you sent that I sent after the postman to get this letter back, but it is too late. He had gone.'—Louisville Courier-Journal.

American Ice Cream Habit.

When I was in New York the extraordinary amount of ice cream devoured by Americans was proved to me by the large area devoted to the department stores to the sale of this popular refreshment. "I guess we Americans have cast iron fixings," said one of them when I expressed my astonishment at the way in which even elderly men and women took ice cream at social festivities. Certainly the ice cream habit must have something to do with the indigestion from which so many suffer in the summer. At all the parties one attends in America ice cream is an inevitable item on the menu, and it is consumed in quantities which would delight a London caterer who charges by the quart.—London News.

The Green Peril.

France has a "green peril," which, however, it does not dread, but rather courts. In round numbers, it is said, 2,926,000 gallons of absinth are annually required to allay the thirst of Frenchmen, or, rather, French men and French women, as the latter consume their full share not only in the cafes of Paris, but throughout France. One result attributed to the absinth habit is the increase in lunacy in France. During the last sixty years the number of lunatics has increased from 10,000 to 80,000, while the increase in crime during the same period has also been great.

The Blood Bible.

A famous Bible known as the "Blood Bible" has been sold by public auction at Breslau to the descendants of Frederick von Trenk, its original owner, for \$200. Frederick von Trenk was imprisoned and confined in chains by Frederick the Great for his temerity in making love to the king's sister, Princess Amalia. During his incarceration Von Trenk inscribed 200 blank pages in this Bible, a present from the princess, with love sonnets in her honor, every word of which was written with his own blood.

Fiendish Suffering

is often caused by sores, ulcers and cancers, that eat away your skin. Wm. Bedell of Flat Rock, Mich., says: "I have used Bucklen's Arnica Salve for ulcers, sores and cancers. Public is Aroused

The public is aroused to a knowledge of the curative merits of that great medicinal tonic, Electric Bitters, for sick stomach, liver and kidneys. Mary H. Walters of 546 Clair Ave., Columbus, Ohio writes: "For several months, I was given up to die. I had fever and ague, my nerves were wrecked; I could not sleep, and my stomach was so weak, from useless doctors' drugs, that I could not eat. Soon after beginning to take Electric Bitters I obtained relief, and in a short time I was entirely cured." Guaranteed at Hunt's Pharmacy; price 50c.

Weekly Market Report

Furnished by Russell, Freeman & Co., Livestock Agents, Union Stock Yards, Chicago. Corrected every Week

Receipts of cattle for the first two days of this week were 25,500 and while there has been some strength shown on the choice handy weight cattle the prospects of liberal receipts of rangers from now on have created a dullness in the trade on the medium cattle at prices practically unchanged from the close of last week. We quote:

Fancy finished heaves	5.35 to 5.80
Good to choice steers	4.85 to 5.25
Fair to medium steers	4.25 to 4.75
Common quality and short fed steers	3.75 to 4.15
Fancy well finished yearlings	4.75 to 5.15
Good to choice yearlings	4.00 to 4.65
Good to choice feeders	3.60 to 4.00
Fair to good feeders	3.00 to 3.50
Common light stockers	2.40 to 2.80

There was a fair supply of butcher stuff in the run of cattle and while the choice heavy cows of prime quality held strong there is some weakness in the trade on the common and medium grades of cows and heifers. We quote:

Choice to fancy heifers	4.40 to 5.00
Good to choice heifers	3.65 to 4.25
Medium to good heifers	3.00 to 3.50
Common heifers	2.35 to 2.85
Choice, heavy export cows	3.50 to 4.00
Good to choice cows	3.00 to 3.40
Medium to good cows	2.50 to 2.90
Common cows	2.00 to 2.40
Canners	1.25 to 1.75
Good to choice export bulls	3.40 to 4.00
Fair to good bulls	2.85 to 3.35
Bolognas and common bulls	2.35 to 2.75

Receipts of hogs much lighter than anticipated yesterday and today. Market 25c to 40c higher than Saturday, that day there being an especially bad market. Shipping demand good and all want hogs. Quality good. We quote:

Mixed	5.75 to 5.95
Mediums	5.95 to 6.10
Heavy packing	5.60 to 5.75
Selected heavy shipping	5.90 to 6.05
Selected light (170 to 180 lbs. av.)	6.00 to 6.15

Associated Press Censorship.

Seven hundred newspapers, representing every conceivable view of every public question, sit in judgment upon the Associated Press dispatches. A representative of each of these papers has a vote in the election of the management. Every editor is jealously watching every line of the report. It must be obvious that any serious departure from an honest and impartial service would arouse a storm of indignation which would overwhelm any administration.—Melville E. Stone in Century.

The Shake-hand-less Salute.

Dr. Nalpassee is preaching in Paris the gospel of the shake-hand-less salute, which, he declares, is partly responsible for the excellent health prevailing in unhygienic Turkey. You put your hand to your heart, lips and forehead successively to express that your friend is always in the heart, on the lips and in the thoughts. It is pretty, and you neither give nor take microbes.

A Touching Story

is the saving from death, of the baby girl of Geo. A. Eyer of Cumberland, Md. He writes: "At the age of 11 months our little girl was in declining health, with serious throat trouble, and two physicians gave her up. We were almost in despair, when we resolved to try Dr. King's New Discovery for consumption, coughs and colds. The first bottle gave relief; after taking four bottles she was cured, and now is in perfect health." Never fails to relieve and cure a cough or cold. At Hunt's Pharmacy; 50c or \$1.00 guaranteed. A Horse that Earns a Thousand Dollars a Day

In Chicago you can hire a good horse for a dollar and a half a day. The man who earns fifty dollars a week is considered lucky nowadays, but there is a celebrated horse who earns, not wins, from five hundred to thousand dollars a day nearly every day in the year. At the St. Louis Exposition, among the many applications for space along the Pike was one from a Mr. Rogers of New York, who wanted space to exhibit an educated horse. The management was inclined to turn him down, for they wanted only such attractions as would bring in a big revenue. Mr. Rogers said: "I will guarantee you at least \$4,000 per week gross receipts." That meant that the exposition would receive \$1,000 per week percentage. His guarantee was good and the exposition let him in. The result was this marvelous money-earner became the feature of the famous Pike. It was found that at the final settlement Beautiful Jim Key, who is known as the most wonderful educated horse in the world, was not only the most popular attraction, but had made the most money on the Pike. This summer he is to be a big feature in Chicago's new million dollar amusement park, White City. It is his first appearance in Chicago and he is a sure winner. Jim Key can read, write and spell and even uses a National cash register. He is not a trick horse such as is often seen on vaudeville stages. Observers can hardly believe their own eyes when they see him, the most intelligent animal in the world, perform; and, best of all, he was taught by kindness. So highly is Beautiful Jim Key thot of by the American Humane Association that they elected him their equine honorary member. His exhibitions are simply marvelous.

If you want to buy a residence at any price from \$500 to \$5000 come and see me. I can fit you. D. S. BROWN, at Exchange Bank, Genoa, Ill. 15-11

GOLDEN NUGGETS FOR SALLOW PEOPLE

JAPANESE CADETSHIPS.

Cadetships in the Japanese navy are open to every subject in the empire, as are also commissions in the army and all civil appointments under the government. There is no system of nomination, and the successful candidates are chosen entirely by competitive examination. The naval exploits during the present war have naturally given a strong impetus to the eagerness of high spirited youths to enter a service which has won such glory for their country, and the applications for naval cadetships during the present year already far exceed in number those of any preceding entire year. In one district of the four in which they are received they already amount to over 9,700 as against 3,000 in 1903 and 5,500 in 1904.—London Chronicle.

Russian "Press Caviare."

Foreign newspapers circulating in Russia, the land of caviare, are examined by the press censors before they are offered for sale by the newsboys. When the censor finds it unnecessary to eliminate entire pages any objectionable articles undergo what is known as the "caviare" process before they are distributed. This consists of the daubing over of the condemned passages with printer's ink or, as a suffering correspondent has aptly termed it, "a nauseous and dirty mixture of lamp-black and oil." Sand is then scattered over them, and the whole is put in a press. The result is a latticelike pattern, in appearance not unlike pressed caviare, and called by the Russians "press caviare."

Mourning Customs.

Jokes about mothers-in-law and undertakers are equally distasteful to Governor Hoch of Kansas. So he told the Kansas Association of Undertakers, in session in Topeka. So far from seeing anything amusing in the business of the undertaker the governor considers it one of great dignity and importance and thinks that those engaged in it might exert a most salutary influence on society. He asked the Kansas undertakers to discourage the exposure of the dead to public view and the use of black for mourning. The emblems of death, he said, should be the white of purity and light, not the black of darkness and despair.

American Goods in Russia.

A mile of shops in St. Petersburg and I found only one which displayed an article of British manufacture! Could it be possible? One could not walk the same distance in Berlin, Paris and New York, I assured myself, with the like result. Ha! Here is an ironmonger's with its shop front crammed with tools of every description—lathe carriers, planer centers, saws, planes, ax heads, speed indicators, stopcocks and the thousand and one utensils of the engineer and mechanic. My eye fastens eagerly on a dozen articles. I look them over one by one. All made in U. S. A.—London News.

Paderewski and His Hair.

There is something almost pathetic in remarks with which Mme. Paderewski is credited—that her husband simply dare not cut his hair. He might desire to have a head as trimly neat and smooth as a greyhound, says his wife, but the public would not let him. Were he to abate his ambrosial locks to even half their present proportions the music lovers of London and New York would cry out, and if he persisted in shortening his hair they would desert him for a new idol. Such is fame!

A Warning to Mothers.

Too much care cannot be used with small children during the hot weather to guard against bowel troubles. As a rule it is only necessary to give the child a dose of castor oil to correct any disorder of the bowels. Do not use any substitute, but use the old-fashioned castor oil, and see that it is fresh, as rancid oil nauseates and has a tendency to gripe. If this does not check the bowels give Chamberlain's Colic, Cholera and Diarrhoea Remedy and then a dose of castor oil, and the disease may be checked in its incipency and all dangers avoided. The castor oil and this remedy should be procured at once and kept ready for instant use as soon as the first indication of any bowel trouble appears. This is the most successful treatment known and may be relied upon with implicit confidence even in cases of cholera infantum. For sale by G. H. Hunt.

SUNDAY HITS HARD

Says Harsh Things About Hypocrites in Closing Joliet Chautauqua.

Evangelist Billy Sunday closed the Joliet Chautauqua Sunday with two strong addresses to thousands of people. He spoke in his characteristic vein and gave hypocrites a few hard raps. In the course of his morning sermon he spoke in part as follows to his Joliet audience:
I would not a minute deter the honest, law abiding, patriotic foreigner from coming to these shores, but let them drive out the heathen ideas and customs. America has become the back door yard of Europe, and into it are emptied the scum and filth of lands across the sea.
There is no land on earth where the criminal can so easily escape punishment; if a man has money he can make a football of the law.
Another potent factor in bringing about the present conditions has been fifty years of negative preaching, the liberalizing influence of the pew. The average preacher is afraid to preach the truth. The Godless rich run the church. The world is crying out for Jesus Christ as never before and yet in the sermons preached in Chicago today a sinner cannot find Christ with a search warrant. He couldn't tell whether man came from the Garden of Eden or a zoological garden.
I try to be the half way station between the brown stone church and the Salvation Army barracks. Each has its place yet neither is enough. There is nothing that will do for the heart of man except the religion of Jesus Christ. Modern culture is like wind pudding.
The teaching of pure doctrine is needed in our churches. The work of some of our modern seminaries is damnable and contemptible. They are bringing out scores of miserable little infidels. I have frequently been asked why I do not preach against the Catholics and I answer because we have too much dirt in our yards to criticize our neighbors. There are just as good Christians in the Catholic church as in the Protestant and just as great hypocrites in the Protestant as in the Catholic churches. None is perfect. The Roman Catholic church, however, has said high mass over the remains of the Unitarian church, because the Roman church is faithful to Christ as the son of God. No man can be a Christian who denies the deity of Christ.
One of the most valuable helpers I ever had in a revival meeting was a Catholic sheriff of a county in Wisconsin. He alone brought more people to Christ than any other person in the town. He was a true Christian.
If you give yourself up to the belief that the Bible is a very good old book, part of it written by inspiration and the remainder of it to be believed or discarded as you please, and think that it is to be taken as Shakespeare or Milton, and think that God had no more to do with it than with the writing of any good book, you will surely be wrecked on the reefs of liberalism.
We need evangelic preaching. Too many of us simply try to make an apology for sin. We call a thief a kleptomaniac, a drunkard a bum or a dipsomaniac, a liar a prevaricator. Shoot a man through with bichloride of gold and he has a straight ticket to Heaven.
You can go to hell just as easily whether you have enough gray

matter to fill a hogshead or a thimble. There will be lots of other people there. Lots of Presbyterians, Methodists, Congregationalists, Baptists, Catholics, Christian Scientists, Unitarians—but you say, 'Mr. Sunday, Longfellow and Emerson were Unitarians.' God will dam Ralph Waldo Emerson just as quick as He will a miserable chicken stealing nigger. I believe in hell. I wish that I couldn't but it is better to believe in an unpleasant doctrine than a pleasant lie. I can preach better to struggling sinners when I show a hell and that God is willing and anxious to save from that hell. Many men can preach the gospel better than I do but no man can preach a better gospel.
I have a quarrel with the church. Protestant and Catholic, and that is the laxity with which they discipline, or rather do not discipline the men and women who do not try to live up to their professions, who make up a large body of the hypocrites among supposed Christians.
I love the church of God, it is my spiritual mother, and when I see her sick and in trouble I want to help with remedies as I would if my own dear mother were ill.
It is useless to ask the butcher to join the church when he has on his books as outlawed, the names of dozens of the church members.
I am no pessimist. I believe the church is in the best and finest period of its history, and I believe that the church should never be opened, no sermon be preached or a song sung unless the object is to save souls and bring them closer to Jesus Christ, and to make it harder to do wrong. What the church needs is the baptism of the Holy Ghost, the upper room. There is too much "cultured, refined, liberalized religion." We have enough men and women and money to capture the world for Christ, but what we need is men and women

who are consecrated to Him and whose lives are lived near to Him and show it.
We shall capture the world for God when the church is full of men and women who will not lie and sell out to the devil, and when the pulpits are filled with the same kind of men.

Hunt's Pharmacy

DIED IN LOUISIANA.

Mrs. Jennie Durham's Body Brought to Genoa for Burial.

Mrs. Jennie Durham died at her home in Arcola, La., Sunday last and the remains were brought here for interment on Wednesday. The following obituary was read by Rev. T. E. Ream at the funeral:

Our deceased sister, Mrs. Jennie Durham, maiden name Farr, was born in Pennsylvania on the 24th of January, 1843, and died at her own home at Arcola, Louisiana, July 30, 1905, after an illness of several months. She was 62 years, 6 months and 3 days of age at the time of her decease.

Her father's family moved from Pennsylvania to Illinois during the latter part of the year 1843 when she was a mere babe and first stopped in Genoa township and finally settled in the township of Spring northwest of Genoa where she lived until the time of her marriage.

On the 1st day of January 1862 she was united in marriage to Mr. Henry Durham after which Mr. and Mrs. Durham moved to Genoa where they made their home until about 10 years ago when they moved to Arcola, Louisiana, where they have since resided.

Of her father's family she leaves to mourn her departure an aged mother, Mrs. Roxana Farr of Waverly, Ia., and four sisters and three brothers. Her sisters are: Mrs. Martha Starr and Mrs. Mary Morril, both residing at Waverly, Ia., and Mrs. Mina Hall and Mrs. Nancy Winner both residing at Shell Rock, Ia. Her brothers are Messrs. Millard and Wm. Farr both of Cedar Falls, Ia., and Minard Farr residing in South Dakota. Of her immediate family she leaves her bereaved and sorrowing husband, Mr. Henry Durham and three sons who mourn the loss of a beloved mother. Her sons are Lenny Durham of Roseland, Louisiana, Amber Durham of Genoa, Ill., and Roy Durham of Arcola La. And besides these there are other more distant relatives living in this community and numerous friends and neighbors who are bowed in sorrow over her departure.

Mrs. Durham was very much beloved by all who knew her, and throughout her entire lifetime bore the reputation of being a kind sympathetic wife and mother and a helpful, generous neighbor. She lived to help and bless others, was unselfish in her character and whenever possible rendered that helpful christian spirit to those in need and sorrow.

Since learning of her death many in this community have expressed their sorrow and deep regrets in the loss of so good a woman. Naturally we sorrow and we weep over the loss of our loved ones, but

"Jesus smiles and says, Well done, Good and faithful servant thou, Enter and receive thy crown, Reign with me triumphant now."

Funeral services were held at the M. E. church on Wednesday afternoon at 2:30 p. m. The ladies' quartette furnished the singing. Rev. T. E. Ream officiated at the services and spoke from scripture found in 1st Cor. 15:24, "Then cometh the end." The services were largely attended, many being present from Ney, Herbert and the surrounding country.

SORRY THEY SUBSCRIBED

Sycamore Forced To Sue For Money Subscribed Court House Fund

A case was filled in the circuit court at Sycamore this week, entitled board of Supervisors of DeKalb county for the use of etc., vs David W. Westgate. This suit is brought to compel the payment of \$500 which it is set up Mr. Westgate subscribed toward the building of the new court house.

Suits of a similar nature against about seventy other subscribers will be instituted, notices to whom have been sent this week, the total claims amounting to about \$5,000.

In order to raise promptly the money Sycamore subscribed toward the building of the court house, forty citizens guaranteed the sum subscribed, and on their guarantee the money, \$55,000, was borrowed of the banks, and paid to the county at the time and manner promised. For various reasons a number of subscribers refused to pay. A few died and against their estates and against a few other subscribers a judgment of the court is desirable in order to collect the money. Most of these have property and a judgment against them is collectable. Only a few, those who subscribed for smaller amounts, would be judgment proof.

The money which is recovered will revert to those who paid, and in proportion to the amount of their subscriptions.

The first case is expected to be heard in the October term of court.

Saw Service

A good example of the remarkable service given by Keen Kutter Tools is shown in the Keen Kutter Hand Saw illustrated here. This saw was used for twelve years by a carpenter, who pronounced it the best saw he had ever used in thirty years' experience, and as perfectly satisfactory in every respect.

And every other tool in the Keen Kutter line is as good a tool of its kind as Keen Kutter Hand Saws. The long life of tools bearing the

KEEN KUTTER

trade mark is not chance or accident. It is due to the fact that nothing is spared to make Keen Kutter Tools the best that brains, money and skill can produce.

The Keen Kutter Line has been Standard of America for 36 years and was awarded the Grand Prize at the World's Fair, St. Louis, being the only complete line of tools ever to receive a reward at a great exposition.

Following are some of the various kinds of Keen Kutter Tools: Axes, Adzes, Hammers, Hatchets, Chisels, Screw Drivers, Auger Bits, Files, Planes, Draw Knives, Saws, Tool Cabinets, Scythes, Hay Knives, Grass Hooks, Brush Hooks, Corn Knives, Eye Hoes, Trowels, Pruning Shears, Tinners' Snips, Scissors, Shears, Hair Clippers, Horse Shears, Razors, etc., and Knives of all kinds.

If your dealer does not keep Keen Kutter Tools, write us and learn where to get them. Tool Booklet sent free.

Every Keen Kutter Tool is sold under this Mark and Motto:

"The Recollection of Quality Remains Long After the Price is F." Trade Mark Registered.
