Sneak thieves made their second appearance in Genoa on Monday night. On that evening about eight o'clock Newton Stanley took off his coat and vest and laid them on a chair in his home. He then passed into an adjoining room remaining there but a short time. Returning to the room where he left his garments, his astonishment can easily be imagined when he found that they were missing. It is now pretty safe to assert that ex-President Harrison will not be a candidate for the presidency.

SYCAMORE has at this early date four candidates for township collector. Strange, isn't it, what a mania those Sycamore fellows have for office.

BELVIDERE and Sycamore are talking of constructing a system of sewerage. It's a good thing if they don't let it rest there.

THE Republican says that Sycamore is using fifty thousand gallons of water daily. According to the police records even the minors must take water with theirs.

THE death of Frank Lawler removes a prominent figure from the Democratic party in Chicago. He held a number of prominent offices and was always popular with his constituents.

THERE is no doubt that THE Republicans of Illinois favor the candidacy of Wm. McKinley. According to the Tanner-Jamieson dictum that fact will cut no figure whatever in the matter, and the query naturally arises, what are the Republicans going to do about it.

HOPKIN'S stock is now in the ascendancy. He is Speaker Reed's right-hand man now and presides over the house during the latter's absence. As the chief executive of Illinois Hopkins will reflect nothing but credit on his state. How about Tanner?

IT is said that a movement will soon be started tending to the removal of the county seat to DeKalb. What truth there is in the assertion we are not in a position to state, but this we do know, if such movement is started Sycamore will have to do some tall hustling to retain it. DeKalb has bagged bigger game than that and from weightier opponents.

IT must be a bitter pill for the Democracy to swallow when such pyrotechnics fall from the pen of that eminent Kentucky statesman Henry Watterson, as the following: "The Democratic party has been nothing but a loose bundle of warring factions since the war," is "utterly incapable of any affirmative policy" and "cannot win in the coming election."

THAT great and good paper, the Belvidere Northwestern, shows the beneficial effect of new blood, in the person of Chas. B. Truitt. The Northwestern has been a good paper for thirty years but it is now better than ever not unlike old wine. May success crown the efforts of the new firm and may they always have such a worthy standard bearer for state honors as A. J. Hopkins.

THE candidacy of Wm. A. Northcott for lieutenant governor on the Republican ticket has been announced by that gentleman. Mr. Northcott is well and favorably known throughout the state through his connection with the Modern Woodman society. He has been a life-long Republican and is in every way equipped for the position. He is particularly gifted as a presiding officer and is a fine parliamentarian, being conservative, firm and just in all rulings.

YEARS OF INTENSE PAIN.

Dr. J. H. Watts, druggist and physician, Humboldt, Neb., who suffered with heart disease for four years, trying every remedy and all treatments known to himself and fellow-practitioners; believes that heart disease is curable. He writes: "I wish to tell what your valuable medicine has done for me. For four years I had heart disease of the very worst kind. Several physicians I consulted, said it was **Rheumatism of the Heart.**

DR. J. H. WATTS.

It was almost unendurable; with shortness of breath, palpitations severe pains, unable to sleep, especially on the left side. No pen can describe my sufferings, particularly during the last months of those four weary years. I finally tried

Dr. Miles' New Heart Cure, and was surprised at the result. It put new life into and made a new man of me. I have not had a symptom of trouble since and I am satisfied your medicine has cured me for I have now enjoyed, since taking it

Three Years of Splendid Health. I might add that I am a druggist and have sold and recommended your Heart Cure, for I know what it has done for me and only wish I could state more clearly my suffering then and the good health I now enjoy. Your Nerve and other remedies also give excellent satisfaction." J. H. WATTS. Humboldt, Neb., May 9, '94.

Dr. Miles Heart Cure is sold on a positive guarantee that the first bottle will benefit. All druggists sell it at \$1.00 bottles for \$5.00 or it will be sent, prepaid, on receipt of price by the Dr. Miles Medical Co., Elkhart, Ind.

On last evening the spacious home of our respected citizen and merchant, Henry H. Slater, was the scene of one of the largest gatherings at a private residence ever held in Genoa. Evidence of Gratitude. On Friday evening last Miss Luna Markel was completely surprised by a large number of the pupils, whom she has been teaching, who gave her a call without an invitation. The event took place at the residence of Mrs. R. Cliffe, whom the participants thank heartily for her hospitality, and a very enjoyable evening was made of it by the young folks.

In behalf of the pupils of the grammar room, Miss Ethel Brown presented Miss Markel a beautiful gold pen and a photograph holder with the following simple but meaning words: "Miss Markel will you accept this present in remembrance and appreciation of you."

After bidding the teacher they had learned to love an affectionate farewell, the young people wended their way to their parental domiciles.

Goldman presented Miss Malana with a ring set with pearls and turquois.

Children Cry for Pitcher's Castoria. Two Lives Saved.

Mrs. Phoebe Thomas, of Junction City, Ill., was told by her doctors she had Consumption and that there was no hope for her, but two bottles of Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Thomas Eggers, 139 Florida St., San Francisco, suffered from a dreadful cold approaching Consumption, tried without result everything else then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which these are samples, that prove the wonderful efficacy of this medicine in Coughs and Colds. CASTORIA

for Infants and Children.

MOTHERS, Do You Know that Paregoric, Bateman's Drops, Godfrey's Cordial, many so-called Soothing Syrups, and most remedies for children are composed of opium or morphine? Do You Know that opium and morphine are stupefying narcotic poisons? Do You Know that in most countries druggists are not permitted to sell narcotics without labeling them poisons? Do You Know that you should not permit any medicine to be given your child unless you or your physician know of what it is composed? Do You Know that Castoria is a purely vegetable preparation, and that a list of its ingredients is published with every bottle? Do You Know that Castoria is the prescription of the famous Dr. Samuel Pitcher. That it has been in use for nearly thirty years, and that more Castoria is now sold than of all other remedies for children combined? Do You Know that the Patent Office Department of the United States, and of other countries, have issued exclusive right to Dr. Pitcher and his assigns to use the word "Castoria" and its formula, and that to imitate them is a state prison offense? Do You Know that one of the reasons for granting this government protection was because Castoria had been proven to be absolutely harmless? Do You Know that 35 average doses of Castoria are furnished for 35 cents, or one cent a dose? Do You Know that when possessed of this perfect preparation, your children may be kept well, and that you may have unbroken rest? Well, these things are worth knowing. They are facts.

The fac-simile signature of *Chas. H. Pitcher* is on every wrapper. Children Cry for Pitcher's Castoria.

RECOGNITION.

The Government May Soon Acknowledge Cuban Insurgents.

It Is Reported That President Cleveland Is on the Point of Issuing a Proclamation Which Will Have This Effect.

Nashville, Tenn., Jan. 21.—Congressman Benton McMillin reached the city Monday night from Washington, and in an interview with him concerning Cuban affairs he said he had good grounds for the statement that President Cleveland, in a few days, will send a message to congress recognizing the Cubans as belligerents. Mr. McMillin says he is satisfied this will be done, and that the rumors connecting England with the purchase of Cuba are bringing matters to a crisis. Mr. McMillin spoke with positiveness in regard to the early recognition of the revolutionists.

Washington, Jan. 21.—A crisis has been reached in the Cuban war. Recognition of the belligerency of the patriot army by the United States is imminent. President Cleveland is said to have prepared a proclamation, which may be issued in the immediate future.

The president, it is said, will issue a proclamation immediately. Authorities agree that the executive, and not congress, should take the initiative. Congress will support the president heartily. Senor Palma, head of the Cuban party in the United States, says: "Our case is complete. The president and congress will recognize the insurgent cause." Senor Palma adds that it is not necessary that the insurgents should hold a port, but that, as a matter of fact, Gen. Gomez has taken half a dozen ports in the last week, leaving the Spanish army penned up in Havana.

Belligerency can be recognized when insurgents have established themselves on a basis of apparent permanence by having military establishments able to compete with the armies of the parent country and have established a form of government.

Washington, Jan. 21.—The senate subcommittee on foreign relations, charged with the investigation of the Cuban situation, of which Senators Sherman, Morgan and Lodge are the members, on Monday morning discussed the matter referred to them for an hour and a half. It can be said that these three senators are a unit in their opinion as to what, under certain conditions, should be done. They are each in favor of the recognition of the insurgents as belligerents, but they have been unable to convince themselves that the time has come for such a resolution or that the insurgents have accomplished that which will justify the United States in taking such steps.

It is believed, however, that this subcommittee will report material progress when the full committee meets Wednesday. If they are confronted with the convincing fact that the insurgents have not done that which justifies the passage of a resolution by congress asking the president to grant the recognition asked the committee will probably do the next best thing and order a favorable report on a resolution declaring the sympathy of this government with those in rebellion against the Spanish government and expressing the strong hope that they may ultimately triumph.

JOHN B. ALLEY DEAD.

Millionaire Ex-Congressman and Ex-Director of the Union Pacific Railroad.
Boston, Jan. 21.—John B. Alley, of Lynn, Mass., died Sunday night from paralysis, aged 78 years. Mr. Alley was an ex-representative in congress, an ex-director of the Union Pacific railroad and a pioneer of the old free-soil party. He began life as an apprentice in a shoe factory and was worth several million dollars when he died.

Mr. Alley's political career began in 1852 by his election as alderman in Lynn. The next year he was in the governor's council, later in the Massachusetts senate and in 1853 he was a member of the constitutional convention and free-soil chairman of the state central committee. In 1854 he entered congress and served four years. He was connected with Oakes Ames in the Union Pacific enterprises.

FIVE CHILDREN DROWNED.

They Break Through the Ice on a River While Playing.

Ottawa, O., Jan. 21.—Almost the entire population of Cuba, Putnam county, was engaged Monday dragging Blanchard river for the bodies of five children, a girl and four boys, drowned Sunday afternoon. Three children of John Shuman and two children of George Formas were playing on the ice when it broke and four of the children disappeared. The eldest, a boy of 16, attempted to rescue the girl and was drowned also.

SPAIN SENDS MORE TROOPS.

Sixteen Battalions Soon to Start for Cuba Under Two Generals.

Madrid, Jan. 21.—The conservative organs at Havana protest against the assertion of Marshal Campos that he is the victim of political intrigue. They insist that his recall is due to his failure as a general and not to political pressure.

Reinforcements of 16 battalions of troops, under Gens. Barges and Ahumada, will be sent to Cuba shortly.

THE DAVIS RESOLUTION.

Full Text of the Document Reaffirming the Monroe Doctrine.

Washington, Jan. 21.—Numerous petitions were presented in the senate Monday and referred to committees in favor of the Stone bill relating to immigration, raising the level of the great lakes, service pensions, the recognition of Cuban belligerency, the retirement of greenbacks and relating to the Transvaal republic.

Senator Davis (rep., Minn.), from the committee on foreign relations, reported preamble and resolution on the Monroe doctrine as follows:

Resolved, by the senate, the house of representatives concurring, that, Whereas, President Monroe, in his message to congress on December 2, Anno Domini 1823, deemed it proper to assert as a principle, in which the rights and interests of the United States are involved, that the American continent, by the free and independent condition which they have assumed and maintained, were therefore not to be considered as subjects for future colonization by any European power,

And whereas, President Monroe further declared in that message that the United States would consider any attempt by the allied powers of Europe to extend their system to any portion of this hemisphere as dangerous to our peace and safety; that with the existing colonies and dependencies of any European power we have not interfered and should not interfere; but that with the governments who have declared their independence and maintained it, and whose independence we have on great consideration and just principles acknowledged, we could not view any interposition for the purpose of oppressing them, or controlling in any other manner their destiny, by any European power, in any other light than as the manifestation of an unfriendly disposition towards the United States, and further reiterated in that message that it is impossible that the allied powers should extend their political system to any portion of either continent without endangering our peace and happiness,

And, whereas, the doctrine and policy so proclaimed by President Monroe have since been repeatedly asserted by the United States, by executive declaration upon occasions and exigencies similar to the particular occasion and exigency which caused them to be first announced, and have been ever since their promulgation and now are the rightful policy of the United States,

Therefore be it resolved, That the United States of America reaffirms and confirms the doctrine and principles promulgated by President Monroe in his message of December 2, 1823, and declares that it will assert and maintain the doctrine and those principles and will regard any infringement thereof and particularly any attempt by any European power to take or acquire any new or additional territory on the American continent, or any island adjacent thereto, or any right or sovereignty or dominion in the same, in any case or instance as to which, the United States shall deem such attempt to be dangerous to its peace, or safety, or by or through force, purchase, cession, occupation, pledge, colonization, protectorate, or by control of the easement in any canal or any other means of transit across the American isthmus, whether under unfounded pretension or right in cases of alleged boundary disputes, or under any other unfounded disposition toward the United States, and as an interposition which it would be impossible, in any form, for the United States to regard with indifference.

The concurrent resolution was placed on the calendar, Senator Gray (dem., Del.), a member of the committee on foreign relations, stating that the report was not an unanimous one.

The resolution heretofore offered by Senator Sewell (rep., N. J.) placing limitations on the Monroe doctrine and condemning the president's message on the subject was taken up and Senator Sewell addressed the senate upon it.

Senator Sewell talked for a long time in support of his resolution and argued that Mr. Cleveland's position was far in advance of what was contemplated in the Monroe doctrine, and that the effect of it would be the establishment of a protectorate over Mexico and over each of the South American and Central American states. No action was taken on Senator Sewell's resolution, but Senators Wolcott (rep., Col.) and Daniels (dem., Va.) gave notice of their intention to address the senate upon it next Wednesday and Thursday.

Senator Peffer's bill to provide for proper disposition of the remains of deceased members of the senate and house of representatives who die at the capital during the sessions of congress was then taken up. Objections to some of the provisions of the bill were suggested by Senators Platt (rep., Conn.), Hale (rep., Me.), Faulkner (dem., W. Va.) and Hawley (rep., Conn.). The bill was referred.

GEORGIA PREACHER SLAIN.

Parishioner Suspected of Having Taken Offense at a Sermon.

Toomsboro, Ga., Jan. 21.—News has just been received here of the mysterious assassination of Rev. Warren Powers, a well-known country preacher, near Halls Station. Powers was called to his door at night and shot, falling dead in the arms of his wife. The suspicions of the officers here have been directed to a man named Dixon, a member of Powers' congregation, and he is under arrest. It is said that last Sunday Mr. Powers preached a strong sermon against the marital infidelities of some of the community, and Dixon took the sermon as applying to him.

HURRAH FOR PENNSYLVANIA.

The farmers of Pennsylvania are to be congratulated. M. M. Luther, East Troy, Pa., grew over 200 bushels Salzer's Silver Mine Oats on one measured acre. Think of it! Now there are thirty thousand farmers going to try and beat Mr. Luther and win \$200 in gold! and they'll do it. Will you?

Then there is Silver King Barley, cropped on poor soil 116 bus. per acre in 1895. Isn't that wonderful—and corn 230 bus. and potatoes and grasses and clovers, fodder plants, etc., etc. Freight is cheap to all points.

If you will cut this out and send it with 10c postage to the John A. Salzer Seed Co., La Crosse, Wis., you will receive their mammoth catalogue and ten packages grains and grasses, including above oats, free. (K.)

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

borrowing from health.

If you have borrowed from health to satisfy the demands of business, if your blood is not getting that constant supply of fat from your food it should have, you must pay back from somewhere, and the somewhere will be from the fat stored up in the body.

The sign of this borrowing is thinness; the result, nerve-waste. You need fat to keep the blood in health unless you want to live with no reserve force—live from hand to mouth. SCOTT'S EMULSION of Cod-liver Oil is more than a medicine. It is a food. The Hypophosphites make it a nerve food, too. It comes as near perfection as good things ever come in this world.

Since custom is the principal magistrate of man's life, let men endeavor to obtain good customs.
