## SUDDEN DEATH SUMMONS

Attorney John Brown Died in Elgin Saturday

REMAINS ARE BROUGHT HERE

Deceased Formerly Made Home in Genoa but Had Lived in Elgin Since 1894. Prominent Man of Elgin Bar

While sitting in his chair in the office at Elgin last Saturday drawing up important papers for a client, John Brown, a well known member of the bar at Elgin, answered the death roll at 6 p. m.

During the day, Mr. Brown had appeared in his usual health. Having completed the business with his client he turned in his chair to talk with her. He had remained in this position for a few moments when he apparently suffered from an attack of heart trouble. He slipped from the chair to the floor, and when the woman returned with aid it was found that death had occurred during her absence. Medical assistance was summoned but life was found to be extinct. At the coroner's inquest it developed that deceased had long suffered with heart disease and that he expected to die from its effects. Jurymen came to the conclusion that his death came through natural causes.

The remains were brought here Sunday morning to the home of his sisters, Misses Lottie and Henrietta Brown. The funeral services were held Tuesday at 1:30 p. m. from the home, Rev. T. E. Ream of the M. E. church preaching the funeral sermon from the text, 2nd Samuel 20ch, 3v.—"There is but a step between me and Death."

The funeral was largely attended. The floral pieces were very beautiful, many of them being expressions of sympathy from Elgin Bar associates. Mr. Brown was a member of the Kane County Bar Association and there were a great many of the members present. The pall bearers were members of the above association and were as follows: C. T. McBriarty, E. E. Kenyon, Charles Lehman, R. S. Egan, D. E. Botsford and Judge Healy.

The out of town attendants at the funeral services were: Judges H. B. Willis and J. H. Healy; Attorneys C. T. McBriarty, E. E. Kenyon, C. E. Botsford, Charles Lehman, R. S. Egan, R. H. Kramer, R. D. Holmebeck; Messrs C. H. Potter, Leslie Griggs, A. M. Bunidge, A. A. Lee, G. R. Thompson and G. W. L. Brown; Mrs. Ruth Wilcox and Mrs. Vanderhoof of Elgin; Attorneys H. A. Jones, J. B. Stephens, H. S. Early, E. M. Burst, Carl Heideklang and W. V. Henrie of Sycamore; Mr. and Mrs. Yeller, Mr. and Mrs. W. J. Brown and Mrs. Della Vaill of Marengo; Attorney D. J. Sholes of Hampshire, Mrs. E. H. Willard of Chicago, Mrs. Sarah Chapman of Kingston, E. I. Griggs of Plato Center and Mr. and Mrs. J. R. Patterson of Rochelle.

John Brown was born in Genoa township January 1, 1849 and died May 7, 1904, being 55 years, 4 months and 6 days of age at the time of his decease. He had always regarded Genoa as his home town, having spent his boyhood days in this community. His early education was secured in Genoa and Sycamore, and there are a great many of his school companions who reside in DeKalb county.

When a young man, Mr. Brown engaged in school teaching near Kingston. Later in life, he pursued his studies further at Hillsdale College, Michigan, and in 1877 graduated from the Union College of Law in Chicago, standing high in his studies and fully prepared to take up the practice of law. At first Mr. Brown took up the work of his profession at Carroll, Iowa, where he remained about six years, returning to Illinois and settling in his chosen profession which work was continued for more than ten years, or until "Our All-wise Heavenly Father" suddenly called him to the life of the "Great Beyond."

He was a hard worker and an ardent student as the work of his profession showed—he possessed great scholarly traits and was a lover of books, not only his professional books but books of recognized literary value as well. He possessed a keen intellect, naturally logical, concise in expression and yet both his speech and writing revealed a rhythm and symmetry that made his speaking pleasant to hear and his writing charming to read. Mr. Brown's ability as a lawyer and his intellectual powers as a man have long been recognized and appreciated by the members of the legal fraternity who were acquainted with him and by his many friends and neighbors who from time to time have conversed and associated with him in his every day life.

Mr. Brown came from a family of seven children, three of whom survive his departure. He leaves one brother, George, who resides at Sycamore, and two sisters, Misses Lottie and Henrietta, both residing in Genoa.

He was united in marriage to Miss Juliette Strong on July 1, 1871. To them five children were born two of whom, Misses Annie and Addie, died in childhood. Those who survive the father are: Miss Sadie Brown, attending the Northwestern University at Evanston, John L., and Miss Agnes Brown of Elgin. The death of Mrs. John Brown occurred at Elgin November 26, 1898. And it seems needless to note that not only the members of his father's family and his immediate home circle are here bowed down in deep sorrow because a tender hearted brother and a loving, devoted father has been called away from them, but his associates in the legal profession, old friends and neighbors take their places today beside the sorrowing family and "Weep with those who weep."

The great Gentile preacher, Paul, said, "All things work together for good to them that love God." This language is a challenge to our faith and our hope in "God's providences." We may not know the why of all of God's dealings with us and ours but this gives place to a faith in our God for without faith it is impossible to please God.

Thus in the life and death of our departed brother, father and friend, well prepared to work, he has been called to rest clothed with that armor "to fight the good fight," he has been called to cease his warfare, having just passed under the mid-day sun of this world the swift winged messenger summoned him to the other world beholding and handling and mingling with things material and temporal here he was suddenly ushered into the presence of things spiritual and eternal there. For God is abroad in the world "doing all things well," and death is God's translating man from one world to another.

## ENJOYING TRIP IN SOUTH

D. S. Brown and Ruluff Holmebeck Sight-seeing in Louisiana

ARE LOCATED AT LAKE CHARLES

The Former Gentleman Writes Entertainingly of the South—Some Time Spent in Various Large Cities

Crowley, La., May 5, 1904.

We arrived at New Orleans on scheduled time yesterday and put in the balance of the day and last night there. During the day, we visited the principal points of interest chief among which was Audobon Park now with its fresh green lawns, flowers in bloom and trees and shrubs in full leaf is at its best. The great live oaks with their massive trunks, wide-spreading branches thickly hung with gray Spanish moss and with their dense dark green foliage seemed to mostly interest Ruluff. They are grand.

There is a row of these trees on each side of the broad walk leading from the main entrance to Horticultural Hall about thirty rods. This walk is about 150 feet wide and the branches of the trees meeting overhead form an arch. Under one tree back on the grounds, a whole school was having a picnic and there was plenty of room in its shade.

We visited the levee above the city. The water is now within five feet of high water mark and is many feet above much of the city and surrounding country. Wood pirates were gathering in many cords of all kinds of wood brought down by the floods from tributary streams.

St. Louis Cathedral, the oldest in New Orleans, has still some of its original decorations and the whole seems to be well preserved. A stream of people continually pass in and out, crossing themselves and dipping their fingers in the Holy water and sprinkling themselves with it.

In the old French quarter we saw swarms of children, many of them playing in the gutters along the sides of the street. These gutters are sewers on the surface and from them we saw the children take the mud and make it into mud pies and mud balls.

In the evening, we took in Athletic Park. This is fixed much as were the World's Fair grounds at Jackson Park and is visited evenings by the swell people. When the park is fully illuminated it is very beautiful.

On leaving New Orleans this morning we crossed the river above the city on a huge float on which our entire train was run. There were two tracks on the barge, and two tug boats pulled us across.

Along the road today we saw immense fields of sugar cane and corn, much of it being about as far advanced as our corn is the 1st of July.

In many of the fields about here the rice is well up and the water is turned on.

Respectfully,  
D. S. Brown.

Prof. Adee Resigns

Prof. John Adee, who has been superintendent of the Sycamore schools for the past six years, has accepted a fine position at Keewauke. Mr. Adee has filled the position here with much credit both to himself and school and the community at large loathe to have him depart.

## HAS INTERESTING TRIP

Rev. H. M. Bannen of Rockford gives Account of Trip to Holy Land

It will be remembered by many in this vicinity that Rev. H. M. Bannen, of Rockford, left about one month ago on a tour through the Holy Land, in company with a number of ministers of the gospel from Chicago. In a recent letter to the Rockford Star he said:

"The days have been so strenuous since my hasty letter from Gibraltar that I had about despaired of sending another. This morning, however, at ten we arrived in a storm off the coast of Joppa, and, while the storm has passed, the sea is much disturbed and all day we have waited for the calm that has not come. The city of white buildings with red tile roofs, of domes and minarets rising high from the water's edge is only two miles away and makes a beautiful picture in the evening sunlight, but the breakers dashing on the rocks and reefs near the shore are hurled in great white volumes high as the buildings and makes landing impossible. At 5 o'clock this afternoon our state room servant announced, "the boats are coming." And a few fearful people gathered on the deck. Later the flags signalled, "Land at day break," and there was a relaxation of suppressed tension as might come to a convicted criminal whose execution was stayed a day.

"Scholars consider this one of the oldest cities in the world, and sailors consider it one of the very worst landings known. Just three weeks ago we landed in Algiers, the home of the pirates of the past. It has a population of 90,000, two-thirds Europeans under control of France. We were taken through the famous Arab quarters. Malta, made famous by St. Paul's landing, came next and was a novel surprise. Valetta, the capital, bristles with cannon and contains architecture charming, it is said, as any city of Europe. Among the places visited was the armory hall of the governor's palace where we saw the very armor in which the Knight's of St. John had fought and held the whole Mediterranean for the Christian faith against the Moslems.

"The delight of our three days' stay at Athens was rich beyond expression. Here we stood amidst the fallen white marble ruins of the Parthenon that crowns the Acropolis, the high point that for centuries crowned the world's civilization.

"At Constantinople we secured from the Minister of Police the freedom of the city and from the Sultan's Royal Majesty the rare privilege of visiting the national treasury in which is gathered the valuables of all the Turkish conquests."

## Northwestern Engineer Suspended

Engineer Tuttle, who for a number of years pulled the throttle on the Northwestern between Caledonia and Spring Valley, has been given a notice of 120 days suspension. On the regular run last Tuesday on the main line Tuttle ran by a Hall signal set at danger, says the Sterling Gazette. He was at once notified by the company for the violation of the rule ordering trains to stop when signals are at danger. For some time the Northwestern company has had spotters along the road setting signals at danger in order to catch trainmen.

Territories are often in a strange state.

There is little bluster in the real march of progress.

"My mother has been a sufferer for many years with rheumatism," says W. H. Howard of Husband, Pa. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried, in fact, she is never without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." For sale by G. H. Hunt.

ORDINANCE NO. 138

An Ordinance Concerning Dogs. Section One. Be it ordained by the President and Board of Trustees of the Village of Genoa, Illinois, that an annual tax of one dollar on each dog, and two dollars on each bitch, within the corporate limits of said Village, is hereby declared payable for each municipal year, on the first day of July, of each calendar year by the owner or keeper of such dog or bitch to said Village.

Any owner or keeper of such dog or bitch, who shall fail to pay said tax, or kill or permanently remove from the corporate limits of said Village, such dog or bitch, on or before the time fixed for the payment of such tax, or who shall thereafter refuse to surrender to the Village Marshal on demand such dog or bitch for the purpose of being destroyed, shall be subject to a fine of five dollars. But said penalty may be avoided before trial by the payment of said tax and costs to date of payment.

Section Two. It shall be the duty of the Village Superintendent of Streets to annually, during the month of May, to compare a complete list of all the dogs and bitches, and the owners and keepers thereof, within the corporate limits of said Village. He shall submit said list for approval, additions and corrections to the Village Board, and the regular meeting of the Village Board in June. The Village Clerk shall furnish a true copy of said list to the Village Treasurer, and also to the Village Marshal, at least fifteen days before the First day of July of each year.

Section Three. The Village Marshal shall proceed as soon as said list is placed in his hands, to immediately demand and collect the dog tax indicated on said list as far as possible before the First of July of each year, and deliver in lieu of a receipt therefor, a metallic plate having the letters G.

D L. and the calendar year in figures, which characters shall signify that the Village Tax is paid for the municipal year, beginning in the calendar year indicated.

The owner or keeper of any dog or bitch, upon which the dog tax has been paid as aforesaid, shall affix, in a permanent manner, to his or her dog or bitch, the metallic plate aforesaid, so that the same can be readily seen by the officers of said Village. All dogs and bitches (not personally known to the Village Marshal as having the dog tax paid thereon), found running at large upon the streets and public grounds of said Village, without the metallic plate affixed as aforesaid, are hereby declared a public nuisance, which may be summarily abated and destroyed, according to the provisions of this ordinance.

Section Four. The Village Treasurer shall purchase a supply of metallic plates aforesaid, in such numbers as the Village Board shall direct; and shall, from time to time, furnish the same to the Village Marshal, taking a receipt therefor; and the Village Marshal shall account for the manner of disposing of the same whenever required by the Village Treasurer.

Section Five. No dog or bitch shall be suffered to run at large within the corporate limits of said Village, unless securely muzzled, when danger of hydrophobia shall be declared to exist, by the proclamation of the President of the Board of Trustees of said Village; and any owner or keeper of such dog or bitch who shall willfully violate the provisions of this section, shall be subject to a fine of five dollars.

Section Six. No bitch, while in heat, shall be suffered to run at large within the corporate limits of said Village; and any owner or keeper thereof willfully violating the provisions of this section, shall be subject to a penalty of three dollars.

Section Seven. The Village Marshal shall cause, under his

personal supervision, all dogs and bitches, living or kept, and found running at large within the corporate limits of said Village, upon which no tax has been paid, by the owner or keeper thereof, according to the provisions of this ordinance, to be killed or summarily disposed of. The provisions of this section shall apply to the dogs and bitches of non-residents who have a permanent place of business in said Village; but not to the dogs or bitches of such non-resident, if they have no such place of business.

Section Eight. The following fees shall be allowed for services rendered, under the provisions of this ordinance, out of the Village Treasury:

To the Village Clerk, five per cent. of the dog tax collected.

To Village Marshal, ten per cent. of the dog tax collected; also 50 cents for each dog or bitch killed and buried under the supervision of the Village Marshal, who shall verify his claim against said Village, for such last named fee by an affidavit, stating the time when such dog or bitch was killed and the place where the same was buried.

Section Nine. The Village Treasurer and Village Marshal shall promptly credit each person on their respective lists, who shall have paid their dog tax aforesaid; and the Village Board shall cause said list to be often examined by the financial committee of said Board of Trustees, and shall make such orders upon the report of said committee respecting said lists, as they may deem advisable for the public good. All ordinances conflicting with this ordinance are hereby repealed.

Section Ten. This ordinance shall be known as Ordinance No. 138.
