## WILL BE A GRAND DAY

Glorious Fourth Will be Greatest Day for Genoa

ARRANGEMENTS NOW COMPLETE

Weather Only Can Prevent Grandest Day in Genoa's History—Large Attendance Is Now Assured Genoa

Arrangements are about completed for Genoa's celebration. All that remains to be done will be carried out on the morning of the Fourth.

The entire community has been well billed and the sentiment everywhere is to come to Genoa for the Fourth.

Many neat little comments have been made by the surrounding publications, and the following publications have joined Genoa by using pictures of the new factory: Elgin "Courier" and "Press," Sycamore "Tribune." It is expected that over one thousand will represent Elgin here on that day, while Hampshire, Kirkland, Sycamore and DeKalb will turn out in a body.

On Wednesday and Thursday three thousand invitations for the grand ball in the Eureka factory were sent out, and it is expected that this affair will be one of the most sumptuous affairs ever held in Genoa.

The committee on this affair succeeded in securing Tetzner's orchestra of Elgin to furnish the music.

The reception committee has been completely made up, and follows, with the floor and arrangements committees:

## AGED PEOPLE ARE DEAD

The Hand of Death Takes Many Useful Lives

SERVICES LARGELY ATTENDED

Mrs. William White and Mrs. Polly Witter Are the Dead—Rev. T. E. Ream Conducted the Services

Mrs. William White was born in the township of Alden, McHenry county, Illinois, May 29, 1850. She passed to the other world June 18, 1903, at the age of 53 years and 19 days.

She was united in marriage to William White at Harvard, Ill., December 23, 1875. To them were born seven children, all of whom are living with exception of one.

She leaves to mourn: a bereaved husband; three sons, William R. White of Sunnyside, Washington, James A. White of Harvard, Illinois, and George A. White of Genoa, and three daughters, Mrs. McCune of Milwaukee, Wis., Misses Addie and Viola White of Genoa. Of her father's family she leaves one sister, Mrs. Reynolds of St. Louis, Mo., and one brother, William Finton of Harvard, this state, all of whom feel the grief which comes to them—bereft of a devoted and faithful wife, a sacrificing and loving mother and a fond-hearted sister.

Mrs. White was baptised in the Christain faith when a child, and maintained that strong faith in God and his plan of salvation even to the end of her earthly journey. Even more she emphasized in her daily life the Christain virtues, and many were the evidences left to her loved ones and friends of her part in that mansion which he has gone to prepare for his people. She believed that "all things work together for good to them that love God."

In her methods of life, Mrs. White was unassuming and sympathetic; her home was her greatest, and her mission was great before God because her daily life became a benediction to her husband, sons and daughters, for the impress of character will never leave the loved ones of the home.

In her illness, she suffered very much, but in imitation of the suffering Christ—unmurmuringly she endured the agony when God at last called her to the "realm above."

The funeral services were conducted at Riley, Sunday afternoon at 2:30 o'clock, Rev. T. E. Ream officiating. The singing was in charge of the Ladies' quartette of Genoa.

MRS. POLLY WITTER  
The deceased was born at Danube, Herkimer county, New York, July 24, 1818, and died at the home of her step-daughter, Mrs. L. Hill, of North Kingston, June 20, 1903, having lived to be nearly 85 years of age.

In the year 1837, she was united in marriage to Hiram Taplin. From this marriage four children were born, two of whom are still living—Mrs. Mary J. Witter of Genoa, Illinois, and Mrs. R. J. Jeffris of Charles City, Iowa.

After the death of her husband, she moved west with her parents to Illinois in 1849.

She was again married in 1850 to William Witter, and from this marriage three children were born, two of whom survive their mother. They are Mrs. H. F. Branch and Sylvester Witter of Kingston. There are also five step-children who mourn—Mrs. Thomas Dean, Mrs. Robt. Wood, and Oliver Witter, all of Rudd, Iowa; Joseph Witter of Belvidere; Mrs. L. Hill of North Kingston.

Before she came to Genoa, Mrs. Witter made her home at Flora, Illinois, but for twenty-five years she has lived in Genoa. Mrs. Witter was a member of some church nearly all her life. When a young lady she was baptized in the Christain faith, and joined the Baptist church. Later in life she became a member of the M. E. church at Genoa, of which she was a member at the time of her death.

The funeral services were held at the home of Mrs. L. Hill in North Kingston, Monday afternoon, June 22, at 1 o'clock.

Rev. T. E. Ream, pastor of the deceased, preached a very appropriate and interesting sermon from the text: Job 5:26—"Thou shalt come to thy grave in a full age, like as a shock of corn cometh in his season."

A quartette of young people from the Genoa M. E. choir had charge of the singing and rendered three appropriate selections which all appreciated.

The funeral was very largely attended.

### Notice

The Fourth of July subscription list in last week's paper was incorrect, owing to an error of \$2.00, which sum was subscribed by the Sylvester Brothers Land Co. and was omitted in the list.

**His Last Hope Realized**

(From the Sentinel, Getho, Mont.) In the first opening of Oklahoma to settlers in 1880 the editor of this paper was among the many seekers after fortune who made the big race one fine day in April. During his traveling about and afterwards his camping upon his claim, he encountered much bad water, which, together with the severe heat, gave him a very severe diarrhoea which it seemed almost impossible to check, and along in June the case became so bad he expected to die. One day one of his neighbors brought him one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a last hope. A big dose was given him while he was rolling about on the ground in great agony, and in a few minutes the dose was repeated. The good effect of the medicine was soon noticed and within an hour the patient was taking his first sound sleep for a fortnight. That one little bottle worked a complete cure, and he cannot help but feel grateful. The season for bowel disorders being at hand suggests this item. For sale by F. T. Robinson, Druggist.

## NORTHWESTERN ACADEMY

Popular Institution Plans Celebration in October

Dr. Fisk, who has had charge of the NorthWestern Academy since 1873, will be given a great ovation at Evanston next October, on the completion of thirty years of faithful service. An academy instructor furnishes the Genoa Republican with the following particulars.

"The University plans to recognize the completion of his thirty years of service by an appropriate celebration next October. Within the past few days seven thousand announcements have been sent out. The Principals of all the four year High Schools, private schools and Academies within a radius of ten states are to be invited. College Presidents and educators from various parts of the country are to take part. The cost of the celebration will not be far from \$5000. Scores of letters are received from former students enclosing from one to twenty-five dollars. Every effort is being made to make the proposed celebration one of the notable events of the educational world.

"The benefit on the whole to be derived by a course in the Academy is hard to overestimate. The school is cosmopolitan in its make up, and the young man coming here soon begins to feel that he is a part of the great world and his ambitions are aroused to strenuous effort. On every hand he comes in contact with men who have done, are doing or struggling to do something for civilization, learning, culture and happiness.

That the above development is due largely to the efforts of one man is an undisputed fact. When Dr. Fisk came to the Academy in 1873 he found a mere handful of students and no faculty. He did much of the teaching himself and in every way made himself felt.

Soon the faculty was increased; students began to come and ere the first five years had passed the school numbered 185 students and a faculty of college graduates. Progress has been rapid until today 481 young men assemble within the walls of the Fisk Hall, and twenty-two instructors and tutors give their whole time to the Academy interests. President James in speaking of the rapid growth of the Academy says:

"One of the very greatest elements in the success of the Academy has been the continuity of its administration. We have had at the head of our school one of the most successful, devoted and efficient Principals of secondary schools in the country. He stands with Taylor and Bancroft of Andover."

The academy, by the way, has been very popular with Genoa people.

Alva Sowers graduated there this year, and Earl Browne is a student there. George Harvey and Chas. Stewart plan to enter the academy this fall.

## JULY 4TH

Grand Celebration and Dedication of New Factory, an Event of Novelty, melody, and general rejoicing mingled with an opportunity of a life time to secure a home and steady employment

in a little city unsurpassed on the American Continent. Don't fail to visit EUREKA PARK ADDITION the most beautiful sub-division ever placed on the market. One grand view of beauty anticipated by the divining hand of nature for home spots of ideality, where peace and contentment can anchor on the hearthstone of love in security, and children can grow surrounded by all the advantages of culture and refinement. If you have been thinking of buying a lot in EUREKA PARK better do it before July 4; if you have not been thinking read the following:

### Did it ever strike you?

Did it ever strike you that you could be a millionaire? Did you ever stop to think why Jones made lots of money, Smith lived in a finer house and Smythe became a capitalist while you worked away at the same old stand year after year without anything to show for it.

If your mind has not been active, we are going to roast you for about a minute and see if we can't stir up a little mental activity. If you have not thought about this STOP NOW and spend five minutes THINKING, then quit it for the rest of your life, if you wish, and go back to the same old drudgery.

**Do you know why** Marshal Field, who was once a poor boy, is now the Merchant Prince of the world? Did the fairies transform the poor boy Rockefeller into the multi-millionaire of today. Was it simply "luck" that made the Potter Palmer estate what it is today? Shall we go on with some more? Who handed them their wealth? How did they make their money? By taking advantage of the opportunity when it was presented. You have an opportunity now to make some money. Will you take it?

Call it **SPECULATION** Do you

Well lets see--Is the Standard Oil company a "speculation?" Yet Rockefeller's first purchase of oil was.

Are the Oliver Typewriter Works of Woodstock a "speculation?" It was when they started their first factory at Epworth, Iowa.

Who handed Ike Ellwood of DeKalb the millions he owns today? He got his start by using his brains and hard work.

### Don't you know that every business

in this world is a "speculation" more or less? The first crop of wheat ever sown was a "speculation." Every farmer "takes a chance" on every fruit tree he plants. Wasn't the first electric motor, the first electric car, the telephone, the telegraph--every money-maker of today, a "speculation?" And where and when was the money made in these things. When they were new or when you bought in at the top and got your little 3 per cent.

Your neighbor was killed in a railroad wreck, so you won't ride on railroads.

Your uncle bought a "gold brick," so you are afraid of \$20 gold pieces.

Your cousin "got stuck on a "salted mine," so Clark should not have bought the United Verde.

Your wife's uncle dropped his money in a "loaded oil well," so Rockefeller ought to quit business.

STOP--Don't you see where you will land. We shall all have to stop eating because they sell adulterated foods.

**FREE! ONE LOT FREE!**

One lot will be given away during one hour of sale on July 4. Everybody attending the sale will be given one chance free of all cost.

FUNK, LAWRENCE & CO.

### Wake Up!

Wake Up! Now is when you want to get in, not a month from now.

We have no "gold bricks" to sell.  
We don't sell "green goods."  
We have no "salted mine for sale."  
We have no system for skinning the other fellow.

### ONE WORD FARTHER

The trouble with you is that you have let Jones and Smith take hold of the new things as they were presented, work them up to perfection, make Big Profits and then you woke up and bought in when they were ready to quit.

### Now, do a little thinking for yourself

Opportunities have come and will come and go, but if you don't take advantage of them they never exist for you. No one will "hand" you money, but they will give you a chance to make money because they need your help.

If you are not thoroughly awake now your case is hopeless. Now read this all over, and if it is not all true, throw it away. You know it is true, and have known, but you never had the courage to tell it to yourself, so we had to tell it to you. The same lack of courage keeps you where you are.-- Wake up!--Buy a lot and build a house.

**Your Doubting** Never hurt a good enterprise, but it did hurt you. Your "not believing" never made you a dollar. If you did not believe there was food in this world, you would die of starvation but the food would exist just the same and the fellow would get it.

Now that we have awakened you, throw this away if you wish. We have done you one good turn at least. We can do more if you let us.

You can select now--if you wait you can't select
