GENOA BASE BALL TEAMS KEEP THINGS LIVELY

High School Team Defeats DeKalb Highs—Jack's Goats Lose to Rochelle by Score of 3 to 1

The game of ball at the park last Saturday was not well attended and those fans who were not present are now quietly kicking themselves, for it was a good game, close and exciting. The Genoa and DeKalb Highs were evenly matched and it was nobody's game until the visitors had been at bat for the last time. Evans behaved himself like a veteran and kept the DeKalbites guessing at all times, allowing only four hits. Arnold, the barb city pitcher started in to do things but in less than three innings he was found even by the poorest batters. Genoa only got five hits but they were timely and won the game. Fred Browne made his first appearance for the season with a Genoa uniform and showed up in good form. Guy Brown is making a hit at short stop. He is in the game at all times and covers a large territory. The entire team played winning ball.

GENOA-ROCHELLE

Jack's Goats played Rochelle at the latter city last Sunday and it was a fast, snappy exhibition. Rochelle is a strong aggregation but could not score over three times, only getting three little hits off Ackerman's delivery. Both batteries were in good form and kept the base runners hugging the bags at all stages of the game. Genoa's one run was made by Ackerman in the eighth inning, while Rochelle scored three times in the sixth. The score follows:

ITEMS OF GENERAL INTEREST TO GENOA AND VICINITY

Col. Frank O. Lowden Buys Another Fine Farm—Streator Man 70 Years of Age Marries the Fifth Time

In a little more than ten years the wealth of the Chicago University has grown from nothing to \$18,047,915.

A Streator man, aged 70, has just taken his fifth blushing bride. His name is Youngblood and he is trying to live up to it.

Spain has more hunchbacks than any other country. In some of the villages of the Sierra Madena seven per cent of the people are deformed in this way.

At the present time there are 1,206 patients at the Northern Illinois Insane hospital. 560 of these are males and 646 are females. There are 213 employees of whom 116 are men.

Col. Frank O. Lowden has bought another farm in Nashua township, the consideration this time being \$75 per acre. It contains 158½ acres and purchased of William Williams, a resident of Daysville.

An Oliver typewriter made especially for King Edward VII was recently shipped from the factory at Woodstock to England. The body of the machine was made of mahogany and the keys were of pure ivory. The cost of the machine was \$250.

Statistics published in Spain state that during 1904 nearly 12,000 bulls were killed in bull fights. The bulls killed about 10,000 horses. The best and most valuable bulls for the arena are raised on the vast estates of the duke of Veragua, in Andalusia who has made a fortune out of this business.

After July 1 a third party will no longer be permitted to secure a license for two other persons to wed. The new act provides that the applicants must personally appear before the marriage license clerk. The age and resident statements alone will not be sufficient, but the date and place of birth of each must be furnished.

One of the easiest ways of making idle and useless boys is to encourage them in making trouble for the teacher, by listening to their complaints at home and then censuring the teacher. Give the boys to understand that any outbreak at school will receive a warm reception at home, and nine times out of ten they will not cause the teacher any trouble.

Council Proceedings

May 26, 1905.
Special meeting of village trustees called to order by Pres. Stott. Members present: Hammond, Whipple, Schmidt, Browne, Smith and Malana.

Petition of citizens and property owners of village of Genoa read and referred to street and walk committee. Moved by Schmidt, second by Whipple that Hammond order 300 feet of stone for crossings. Carried.

Summons of circuit court in case of Jennie Riddle vs. Village of Genoa, read. Moved by Hammond second by Malana that we gravel alley between Adler's and Hollembek's and order Dr. Hill to take out cess pool tile. Carried. Moved by Hammond, second by Smith that the president procure Attorney Carnes for consul in the case of Jennie Riddle vs. Genoa Village. Carried.

The marshal was instructed to notify F. E. Wells to put in grates over holes in sidewalk in front of store. Board adjourned.
T. M. FRAZIER, V. C.

An effort is being made to organize a post of Sons of Veterans in Genoa. Survivors of the civil war are going fast and it is fitting that the sons should take up the active work to perpetuate the memory of the departed. If there are any who desire to become members they will please hand their names to D. S. Lord, 25 having thus far volunteered to join.

Go to Olmsted & Co. and get measured for a suit. Hundreds of samples to select from.

FATHER KIDNAPS SON

Rev. J. M. Cormack Grows Tired of Awaiting Court's Decision.

TAKES BOY IN AUTOMOBILE

Had been Given to the Grand-parents, Mr. and Mrs. Thos. Marshall of Charter Grove, last Fall by Decision of Court, and Father Appealed the Case—Not Decided

Charter Grove was the scene of a kidnapping case and the citizens of that community are considerably excited over the affair.

The victim was Kimball Cormack, grandson of Mr. and Mrs. Thos. Marshall of Charter Grove and the kidnapper was the Rev. J. M. Cormack, member of the Rock River district, now stationed at McHenry. He is the boy's natural father.

On Wednesday afternoon an automobile pulled up at the Charter Grove school house. One of the two men went to the teacher and asked if he might see little Kimball. The teacher gave her consent and led the boy out. By some sign made she became suspicious and before releasing the child asked the man his name. He replied saying his name was Cormack. "You cannot have this boy," said the teacher. "I will take him" returned Cormack, taking hold of the terrified little fellow. The teacher was compelled to give up despite her entreaties and all the physical force at her command. The boy was not quietly submitting, but scratched and kicked as fiercely as a young tiger showing his decided displeasure with the extraordinary proceeding. He was finally hustled into the auto, however, and carried away. Where the kidnappers

headed for is not known. At this writing Mr. Marshall is consulting with the sheriff and it is likely that there will be a hunt before night.

The case of Cormack vs. Marshall has been before the people for some years and nearly everyone in this vicinity is familiar with the details. Rev. Cormack's first wife died in a Chicago hospital about six years ago in giving birth to this boy. With the father's consent the grandparents took the boy and gave him a home. In a few years Mr. Cormack married again and then demanded the custody of the boy. Mr. Marshall refused to give him up. It was taken into court and after much litigation Mr. Marshall came out the victor. Mr. Cormack appealed the case and the decision is still pending.

DECORATION EXERCISES

Pleasant Day and Good Program Enjoyed in Genoa

Despite the predictions of the morning the afternoon of Decoration day turned out to be pleasant and a goodly crowd attended the services. The procession formed at Slater's hall at two o'clock, headed by the Burlington concert band. Then followed the school children, old soldiers and sons of veterans, all laden with flowers. The cemetery was in fine shape, thanks to the efforts of Sexton S. Abraham. After decorating the graves Rev. DeLong delivered a short address in memory of the unknown dead. In the Genoa cemetery are the remains of 26 soldiers of the civil war, nine of the war of 1812 and one of the Philippine war.

At the M. E. church Rev. VanHorn delivered a patriotic address which was well received by the vets as well as the rest of the audience. Mr. VanHorn was a member of Taylor's battery of Chicago.

Everyone seemed to be well pleased with the day's program.

Woodman Death Losses

The Modern Woodmen of America, with the largest membership of any fraternal organization, furnishes statistics as to its mortality experience, as compared with that of the regular insurance companies. Of 7,077 deaths in the last two years, 3,604 were among those who had been members of the order for less than five years. The largest number died from tuberculosis, with 1,030, while accident came next with 835 deaths. Pneumonia carried off 746, heart disease 558, 493 died from typhoid fever, 407 from Bright's disease, 354 from cancer and 246 committed suicide.

Butter Market

Butter remains firm at 21 cents. Three hundred and eighty-five tubs were offered and a bid of 20 cents refused. The New York is steady at 21½ cents.

FIVE WILL GRADUATE \$5,000 FOR DAMAGES

INTERESTING EVENTS SCHEDULED FOR NEXT WEEK

Reception by Juniors and Sophomores, Class Night, Commencement and Ball Game—Baccalaureate.

At least five separate and distinct events are planned for commencement week so that the week will be busy one for all concerned. The first event is the baccalaureate sermon which will be preached Sunday night, June 4. Rev. Claude S. Moore, pastor of M. E. church of Sycamore will deliver the address. It is but fitting that Mr. Moore should be chosen for this since he has proven himself a power for good among the men and boys of Sycamore and our graduating class contains just five boys and no girls. Their names are: Elmer Harvey, George Evans, Guy Brown, Jesse Little and Floyd Mackey.

The second event is of a semi-private nature and consists of a reception to the seniors by the juniors and sophomores. It will be Wednesday night, June 7 at the home of Mr. Rowen, just north of the city limits. It will be of the nature of a lawn party, being held on Mr. Rowen's beautiful lawn. Teachers as well as seniors are invited, and an enjoyable time is anticipated.

The third event of the week and in some ways the most important is the class night. On this night the seniors will give their graduating theses and these theses deserve special mention. All of the themes are of the nature of physical demonstration work. Each theme as it is delivered will be illustrated in two ways. Slides have been made by the pupils illustrative of the parts of the machinery they wish to show and these parts will be thrown on a screen by the aid of our excellent stereopticon. In this way every little detail will be pointed out and explained. The preparation of these slides has involved a great deal of work but it has all been done by the person who gives the theme. In addition to the slides which are simply devices to enlarge the small parts so that all of the audience may see, the actual material is shown. Of course the material must be small but it is exact and works.

The first theme is "The Evolution and Technique of the Steam Engine." This is given by Floyd Mackey. In addition to the slides showing the different stages through which the modern steam engine has passed a real working engine is shown and made to work. A real boiler with all the necessary appurtenances will be used to generate the steam, and the engine will be used to run other appliances during the evening.

The second theme is by Jesse Little and the subject is "The Electric Dynamo." A real dynamo is used and slides showing the principles involved in its construction make clear something of the technique of the armature, commutator, and wiring for shunt, series, and compound machines. This dynamo will be run by the steam engine aforesaid named.

The third theme is by Guy Brown and his elucidation is on the subject of "Electric Transportation." His equipment besides the slides consists of a circular track, an electric car, necessary wiring and demonstration material to show what makes an electric car run. Electric power will be furnished by the dynamo aforesaid and by batteries.

The fourth theme is "The Electric Telephone," and the subject will be enlarged upon by George Evans. Slides and demonstration material will be used. The Eureka Electric Co. has assisted in the preparation of this theme by kindly allowing the use of material in its preparation.

The last theme and a very interesting one is "Wireless Telegraphy" and the work is done by Elmer Harvey. This will be in some ways the most interesting theme of the evening, on account of its being a late invention. Mr. Harvey has thoroughly saturated himself with the subject and has succeeded in preparing appar-

GENOA MADE DEFENDANT IN A SUIT FOR ABOVE AMOUNT

Mrs. Jennie Riddle of Elgin, who Fell Into the Basement of F. E. Wells' Store, is Claimant

Mrs. Jennie Riddle of Elgin, formerly of this place, has instituted suit against the Village of Genoa for \$5,000 damages, the summons having been served by the circuit court last Friday.

Last fall Mrs. Riddle fell from the sidewalk into the excavation made for F. E. Wells' store on Main street. The night being dark and no railing nor any signal to warn her she stepped to far toward the inside of the walk and tumbled into the basement.

Just how severe her injuries were will remain for the suit to bring out, but Mrs. Riddle estimates them to be about \$5,000 worth. This, however, will remain for the court to decide unless some kind of a settlement is made before. The village officials endeavored to make a settlement some time ago, but it seems that there was too much difference between the committee and Mrs. Riddle.

The Wells building was being erected by Merritt & Hadsall.

atus that will work across a large room perfectly. The sending station will be placed on the stage and the receiving station in the rear of the room. Wireless messages will be sent from the stage to the rear of the hall where an operator will be placed to receive them. The Marconi system will be used.

The public should not fail to see these demonstrations since one of the objects is to show what is done and can be done at an up to date school. An admission fee of fifteen and twenty-five cents will be charged. Arrangements will be made so that reserved seats can be obtained at Hunt's Pharmacy. Seats can be reserved at the Pharmacy after 9 a. m., Saturday, June 3.

The graduating exercises will be held Friday night, June 9. These exercises will be held at the M. E. church. As in former years no admission will be charged and it is hoped that all will attend. The speaker of the evening is Supt. N. D. Gilbert of DeKalb. Mr. Gilbert is an able speaker and will discuss features of schools that some of us are probably unfamiliar with. The programme of the evening is as follows:

Invocation.....Rev. J. E. DeLong
Song, "O Paradise".....Barnby High School Chorus
Salutatory.....Elmer Harvey
Reading, "The Embroider's Story".....Trobridge
Address.....Mr. Newell D. Gilbert
Valedictory.....George Evans
Presentation of Diplomas.....Mrs. Dillon S. Brown
Song, "Evening Song of the Virgin".....Hemans Girls Sextette
Benediction.....Rev. J. E. DeLong

The last but not least event of commencement week and the school year is the ball game to be held Saturday, June 10 at the ball park. The high school team again crosses bats with the Rockford Juniors. This team beat our boys a few weeks ago and they are the only high school team that has been able to do this trick this year. We think that it would not have happened then if it had not rained. The Rockford boys seemed to be more aquatic than ours and were able to score in the rain while ours were not. The Rockford boys are a nice lot of fellows and in view of the fact that our high school has been able to play good ball this season we think the public should patronize this, the last game of the season, well.

No Secret About It

It is no secret, that for cuts, burns, ulcers, fever sores, sore eyes, boils, etc., nothing is so effective as Bucklen's Arnica Salve. "It didn't take long to cure a bad sore I had, and it is all O. K. for sore eyes," writes D. L. Gregory, of Hope, Tex. 25c at Hunt's Pharmacy.

TELEGRAPH NEWS BOILED DOWN

Events of Moment in Foreign Climes as Well as Our Country Are Chronicled.

RUSSIAN-JAPANESE WAR.

It is reported from Gunshu pass that the situation is very tense and a big battle likely at any moment.

General Lnevitch reports that a Russian detachment routed a Japanese force near Changtufu and dispatches from the front indicates that the two armies are ready to join in battle.

Japanese cavalry in a scouting expedition penetrated to a point twenty miles north of Gunshu pass and in the rear of the Russian army.

Japanese and Russian fleets engaged in a battle in the Korean Straits, according to reports reaching Tokio, but results are not known.

Admiral Togo has won a decisive victory over the Russian fleet in Korea strait. He sank two of their best battleships, five cruisers and an ironclad, and captured two battleships and two ironclads. All the large vessels of the Japanese fleet escaped injury. Admiral Nebogatoff and 3,000 other Russian prisoners were captured.

The news of the Russian naval defeat has been received at Warsaw, Poland, with ill-concealed joy.

The Black sea fleet, bottled up by treaty, is Russia's only remaining naval strength, and is useless in the present conflict.

Admiral Togo, in an official report, sums up his great victory, saying Rojstvensky is a prisoner and the Baltic fleet is practically wiped out, twenty-two ships having been sunk or captured. No Japanese ships was seriously damaged, he says.

St. Petersburg officials are stupefied by the extent of the disaster Russia's fleet has sustained. All official reports show the losses to be greater than even the Tokio dispatches would indicate.

WASHINGTON NOTES.

The senate committee on interstate commerce heard 150 witnesses during the recent railway rateregulation hearings.

The superintendent of the Washington public schools has prohibited the circulation of a publication among the pupils because of an article criticising President Roosevelt's hunting trip.

GENERAL FOREIGN NEWS.

Three thousand starving persons from neighboring villages have invaded Malaga, Spain, asking for bread or work.

The police authorities at Paris are adopting the most stringent precautions against the presence of anarchists here during the visit of King Alfonso.

Mount Vesuvius has entered a new phase of activity. Explosions are heard ten miles distant.

A procession of Jews at Lodz carrying red flags, came into conflict with the Cossacks, who fired, killing three persons and wounding several others.

Emperor William has closed the German reichstag, the Socialists leaving the house, as usual, to show the kaiser how they love him.

Whitlaw Reid, the new ambassador to Great Britain, will be presented by Foreign Minister Lansdowne to King Edward at noon on June 5, when he will present his credentials.

W. W. Rockhill, newly appointed American minister, and his party have arrived at Peking.

The special committee of the house of commons has decided against the pneumatic bill providing for the installation in London of electric and pneumatic tube systems similar to those in use in the United States.

THE CRIMINAL RECORD.

Bothwell Pulford, suspected of the murder of Daniel S. Berry, committed suicide, his act being generally regarded as a confession of guilt and as ending the mystery of the Savanna, Ill., tragedy.

Clarence Coats, of Elkhart, Ind., was fatally injured by Don Kirkendohi, who held a grudge against Coats for the alleged sending of comic valentines.

The country around Yankton, S. D., has been flooded recently with counterfeit half dollars, so skillfully made as to impose on experts.

The trial of Stanley Francis, under \$25,000 bail charged with conspiracy to defraud in connection with the defunct Storey Cotton Company of Philadelphia, has been postponed until Sept. 18.

John Crimmins was fined \$50 by a Chicago justice for stealing \$200 worth of clothing from a dying woman at Dunlap.

George S. Little, a bookkeeper in the National Bank of Commerce, Norfolk, Va., has disappeared after having embezzled \$7,000 of the bank's funds.

A conference between the Republic Iron and Steel company and the Amalgamated Association of Iron, Steel and Tin Workers will be held on June 5 in Detroit.

BUSINESS AND INDUSTRIAL NOTES
The Federal Cartridge company was incorporated at Trenton, N. J., with an authorized capital of \$2,000,000.

The Illinois Southern railroad, of which John R. Walsh and C. F. Weiland of Chicago, are respectively president and secretary, has filed at Nashville, Ill., a certificate of increase in capital stock from \$3,000,000 to 5,000,000.

The statement issued by the defunct M. L. Stewart & Co.'s bank at Owosso, Mich., which suspended April 14, states that the depositors will probably receive 80 per cent.

The attorneys for the state board of railroad commissioners of Kansas has decided that the board has jurisdiction over the Pullman company in Kansas.

A deal involving \$1,000,000 and 100,000 acres of land in Liberty and Franklin counties, Fla., has been closed at Brunswick, Ga., by a Chicago syndicate.

Mayor Dunne has ordered that another 1,000 men be added to the police force for strike duty, hoping that this additional strength will avert a call for troops.

Plans have been completed for the fifth annual convention of the National Association of Referees in Bankruptcy. It will meet May 29 and 30 at Niagara Falls.

The Erie railroad has placed an order for 12,000 tons of ninety-pound steel rails for immediate delivery.

Mulligan and Donahue, Chicago strike leaders, were sentenced to jail for contempt of court. President Shea of the teamsters was upheld by Judge Kohlsant in refusing to answer questions at the hearing.

Equitable officials in New York learn that any national inquiry into its affairs instituted by President Roosevelt is impossible.

The spread of the Chicago teamsters' strike to the lumber district led to a renewal of rioting and many arrests were made.

Life insurance companies may be put under federal control by congress because of the row in the Equitable.

Frank J. and Helen Gould are said to have lost more than \$2,000,000 in the failure of the Merchants' Trust Company of New York.

The Clinchfield corporation of Bristol, Va., has purchased the coal properties of the Interstate Coal and Iron Company, aggregating 75,000 acres, for over \$1,500,000.

The formation of a corporation to include all the hop growers of Washington, Oregon, California, New York and England is proposed.

The thirty-first annual convention of the American Bankers' association will be held at Washington, Oct. 25, 26 and 27.

MISHAPS AND DISASTERS.

Harry Brindley, of Des Moines, Ia., was cut in two by a Burlington train at Aurora.

In revolver practice at Newark, O., Dr. William Knauss, surgeon of the Fourth regiment, O. N. G., accidentally shot himself through the body. His condition is serious.

The body of John Kelley was found in his shanty near Hillsdale, Ill., where it is believed he was killed by lightning.

George Clark, of Prophetstown, Ill., was killed in a head-end collision on the Chicago, Burlington and Quincy at Rochelle.

The Palm hotel at Greenville, Ky., burned, and Leo Durville, a guest was burned to death.

Ex-Governor D. R. Francis, of Missouri, who suffered a severe sprain in the leg in an automobile accident at Cincinnati, arrived at St. Louis, very lame.

At San Francisco the steamer Arctic ran down a gasoline launch in the bay and Robert Howell, engineer of the launch, and Alexander Miller were drowned.

Made in the Golden Sunlight

It is conceded by the highest authorities that the soda cracker contains the life-giving elements of wheat in the best proportions.

This being so, then **Uneeda Biscuit** must at once take first place as the food of the world—a soda cracker, but such a soda cracker! Made by exact science in sunny bakeries so light, bright and clean, that they are a revelation. The flour is tested; the purity of the water is absolutely assured; the very air is filtered,—why even the temperature and moisture of the atmosphere is accurately regulated. The sponge is kneaded by polished paddles, not by hand. Indeed, **Uneeda Biscuit** are only touched once, and then by a pretty girl, from the time the flour leaves the bag until the beautiful package is placed on your table.

You ask why all this work, all this care in the making of a soda cracker? Because the soda cracker is the best of all food and **Uneeda Biscuit** is the most wonderful of all soda crackers. And with all of it the price is only 5¢ a package.

OUR FASHION LETTER.

Suspender Frocks Are Almost Universally Worn.

THREE-QUARTER PONGEE COAT.

Skirts Are Much Shorter Than They Were Expected to Be—Elaborately Tucked Matinee Jacket of Crepon. Fashions in Linen Frocks.

Nothing is prettier to freshen up a young girl's white tub frock than bretelle suspenders made of dainty pompadour ribbon. The suspenders cross back and front and fasten with smart bows to a girdle of the same ribbon.

Suspender frocks are decidedly youthful, but this summer are worn by maid and matron alike in volle, cloth and taffeta silk. These gowns are not exclusive style, but in some instances are very pretty when the suspender idea is a little lidden with shirrings and luted soft bretelle-like pieces. Worn over soft lingerie waists the effect is very good. The gown itself is made in princess lines—that is, the skirt and girdle

DRESS OF PALE BLUE BATISTE.

are cut in one. With these frocks goes a tiny bolero jacket, which is put on for appearance more than protection.

A nice present for the girl who is graduating this June is a three-quarter length pongee coat to wear over the organdie frock. The plain character of this coat is completely changed with a bit of embroidery about the collar and cuffs. Some of the smartest of these pongee coats have trimmings of bright red silk braided in black and silver. This ornamentation gives an oriental effect at slight expense.

Skirts on gowns not designed for dressy occasions are much shorter than they started out to be at the beginning of the season. Indeed, some women are wearing walking skirts as short as the average schoolgirls.

The frock pictured is of finest pale blue batiste. The skirt is trimmed with lace, ruffled top and bottom with frills of ribbon. This lace runs up the skirt in graduated points trimmed with bows of velvet ribbon. The bodice has a deep pointed yoke and a bolero effect of batiste edged with lace.

India linen waist patterns. 2 1/2 yards, 40 inch material to a pattern with embroidery front, collar and cuffs, 95c. Come and look over our assortment before you buy of peddlers. F. W. Olmsted.

Tired out, worn out woman cannot eat, sleep or work; seems as if she would fly to pieces. Hollister's Rocky Mountain Tea makes strong nerves and rich red blood. 35 cent's, tea or tablets. Slater & Douglass.

STRANGE ADVICE!

Dr. G. G. Green gives alert personal attention to his great humanitarian contract.

In our Almanac for many years past we have given unusual advice to those afflicted with coughs, colds, throat or lung troubles or consumption. We have told them if they did not receive any special benefit after the use of one 75-cent size bottle of German Syrup, to consult their doctor. We did not ask them or urge them to use a large number of bottles, as is the case in the advertising of many other remedies. Our confidence in German Syrup makes it possible for us to give such advice. We know by the experience of over 35 years that one 75-cent bottle of German Syrup will speedily relieve or cure the worst coughs, colds, bronchial or lung troubles—and that, even in bad cases of consumption, one large bottle of German Syrup will work wonders. New trial bottles, 25c; regular size, 75c. At all druggists.

Beware of Heavy Coffee.

A German review contains an article by Bertarelli on a new adulteration of coffee. The roasted beans are plunged in a 5 per cent solution of borax and then left to dry. The borax makes them shine and absorbs water, thus adding to the weight of the coffee. The way to discover this ingenious fraud is to dry the coffee, and if it loses over 4 per cent of its weight there has been a fraudulent absorption of water. London Globe.

Cures For Bad Temper.

Sir Lauder Brunton is inclined to believe that ill temper is often the result of disordered nerves and can be controlled and modified in a great measure by drugs. In some gouty people twenty grains of bicarbonate of potash, with ten or twenty of bromide of potassium, taken when the feeling of irritability comes on, frequently soothes it, and it has the further effect of lessening the worry even in those who are not irritable.

GENOA-ELGIN

The Goats scalped the Elgin City Club on Decoration Day by a score of 9 to 4, and but for a little hard luck in the ninth inning Elgin would have gone home with a nice string of goose eggs. Neurauter was in the best of form allowing only eight scattered hits. Rorabaugh behind the bat is the best in the business in this neck o' woods. He stops all kinds of twisters and delivers the ball to second base as straight as an arrow. He caught two there in this game and then the Elgin boys gave up the idea of stealing bases. Sager was in batting form, smashing out a triple and double. Ackerman was the star thruout the game, putting up nothing less than the professional article. He secured four hits out of five times at bat, stole seven bases and accepted seven chances at second base without an error. With the exception of left field the line up was strong and would do to go against any amateur team. The story is told below:

SOCKS AND STOCKINGS

The Genoa White Socks, a newly organized team, and the Hampshire White Stockings played at the latter's grounds Tuesday, the result being a victory for Hampshire, score 9 to 8. It was a hot game and Hampshire was worried until the last man was retired on the Genoa side. Al Salender for the Sox pitched good ball and Harry Whitney did effective work behind the bat. The team is nicely uniformed and has a pretty good line up. Will Merrill's nose was broken in the game Tuesday, a base runner coming in contact with that organ.

BASE BALL NOTES

Hampshire White Stockings defeated Sycamore at Electric Park last Sunday, the score being 11 to 0.

The Kirkland team is now ready for action with nearly the same strong line-up that made such a good showing last year.

Next Saturday, June 3, Jack's Goats will meet Genoa's old-time rivals, the Monroes, on the local diamond. Look out for a good contest. Manager Goding will put a strong line-up into the field and intends to win.

On Sunday, June 4, the Goats will go over to Hampshire and trim the White Stockings. Oliver Christensen will pitch for the latter.

A GENOA LOT for only 50 cents per week

Beautiful Morningside Addition

26 lots sold the opening day. 37 good lots left and will be closed out this week. Come today if you want one. No wonder these lots are selling fast when you consider the reduced prices we have made and the easy terms on which we are selling.

Only \$1.00 or 50c a week

Anyone can pay for a lot on these terms and not miss the small payments. While you are paying for your lot we paying interest and taxes and every cent you pay is credited on the lot, besides it is increasing in value. No investment on earth is as good as an investment in the earth itself.

REMEMBER THESE FACTS:

- Buyer will not have to pay taxes.
- Possession of property given at once.
- Waranty Deed given when lot is paid for.
- \$1 00 cash, balance 50 cents per week, no interest.
- Buyer in case of sickness need make no payments.
- Money furnished to help build home on lot if wanted.
- 10 per cent. discount at any time by full payment of balance of purchase price.

REMEMBER THESE FACTS:

- That no interest whatever is charged.
- That these lots are low in price—\$75 up.
- That while you are sick no payments are required.
- That every lot is high, level, and the surroundings high-class.
- That the taxes are paid for you while you are paying for your lot.
- That the payments are so low that they will not be missed from the smallest income.
- That the title is perfect, all conveyances made by warranty deed and an abstract of the title given with every lot.

IN BUYING A LOT on time you are simply entering into a contract or agreement with yourself to save \$1 per week. Better than a Savings Bank because the lot is growing in value and you are not tempted to withdraw your deposit. The best real estate proposition ever offered to the citizens of Genoa. Buy a lot and start a home of your own. Be independent. You cannot dream of an easier way to secure a lot and finally own your home. If you are in middle life you have paid enough rent to own a good home. Nothing is more worthless than a bunch of old rent receipts. Stop paying rent and become your own landlord. You can build at once and live in your own house while paying for the lot. Agents on the ground daily, early and late. Don't fail to visit this addition and secure a lot. All payments are made to your home people, The Farmer's State Bank, who own the addition. See these lots at once. Come today if possible.

Coupon Good for \$5.00
