Plan to Have Binder Twine Cheapened
Convict Labor—Bank Failure Causes Ruin to Poor Man

"I am not much of a mathematician," said a cigarette, "but I can add to a man's nervous troubles, I can subtract from his physical energy, I can multiply his aches and pains, and I can take interest from his work, and discount his chances of success."

It cannot be claimed that the men in either the Russian or Japanese armies are fighting for the money there is in it. The Russian soldiers get but 12 cents per month, while the Japs receive 60 American privates get \$13 per month; France pays \$174; Germany, \$250; Great Britain, \$714, and Austria Hungary 73 cents.

Abram Brokaw, the "millionaire in overalls" who for years kept the books of his vast business interests on the pieces of pine shingles; who, in spite of his great wealth, toiled at the lathe six days out of seven, and who was the most eccentric citizen of Bloomington, died there Monday in his eighty-eighth year.

As a result of a wave of reform that has recently swept over the city of Oregon, five saloon keepers against whom warrants were issued last Tuesday for violating the Sunday closing law, have each paid a fine of \$35, thereby excusing one hundred or more unwilling witnesses, who had been summoned to testify against them.

A plan is under consideration by the state legislature for the erection of a binder twine factory at one of the penitentiaries and experiment in making twine for the farmers. It is argued that the convicts can make the twine and the state can sell it to farmers as cheap as they now buy it and make a good round profit. Such a plant is used in Minnesota and it is said that the profits the first year were greater than the cost of the plant.

The Union correspondent of the Marengo News enters a plea for the general public to contribute a purse to help out School Treasurer Lucas, who lost several thousand dollars in the defunct Union bank and who as a consequence of the banker's dishonesty faces bankruptcy and poverty. It was at first thought that there might be some legal way in which the various towns might vote the money to reimburse the treasurer but there is now declared to be none. It is advocated that each township take up the matter, and that if the citizens contribute from their private means about \$200 for each town the fund will be made up and the unfortunate official saved.

A False Report

We wish to say that the story told against Charles Nimpz, that he was accused of stealing chickens of any of the undersigned is not true. The story is told by his enemies in an effort to hurt him, and we who have known him for years do not believe a word of it.

Genoa's "Dandy" Policemen

The following article was clipped from the Chicago Journal one evening last week. What in blazes does it mean?

"In Genoa the policemen wear silk hats and carry silver-headed walking sticks. Genoa seems to be the only place where a policeman can look as big as he feels."

DEATH CLAIMS THEM

Mrs. Mary Scherf and George During
Pass to Great Beyond

Mrs. Mary Scherf, nee Niss, was born May 1, 1833, in Grenzien, Germany, and died Friday, March 17, 1905, aged 71 years, ten months and sixteen days. General debility was the cause of death.

The deceased was married on the 7th of May, 1858, to Joachin Scherf at Richtenberg, Germany. In 1872 they came to America and resided a number of years near Palatine, Ill. Several years ago they came to Genoa. Eighteen children were born, among them being three pair of twins. They all died in infancy. Mr. Scherf died about six years ago. Mrs. Scherf leaves two brothers and one sister.

The funeral services were held Monday at two o'clock at the German church, Rev. J. Molthan officiating. Interment took place at the Genoa cemetery.

GEORGE DURING SR.

George During, Sr. was born March 24, 1838, at Wandelsdorf, Germany, and died of asthma and dropsy March 17, 1905, aged 66 years, two months and 23 days.

He came to America in 1874 and resided most of the time in the vicinity of Palatine, Cook county, and Genoa. He was married in 1868 to Anna Bauzer. To Mr. and Mrs. During were born three sons, all of whom are living. George, being on a farm near this city. The others reside at Arlington Heights. Mrs. During died a number of years ago.

The funeral services were held Sunday at the German church, Rev. J. Molthan officiating. The remains were interred at Genoa cemetery.

BIRTHDAY DINNER

Mrs. D. S. Brown Agreeably Surprised at Her Home

A number of ladies quietly took possession of Mrs. D. S. Brown's home last Thursday a short time before the noon hour, bringing with them mysterious packages and baskets. Friday was Mrs. Brown's birthday anniversary, but the ladies, thinking to make the surprise more complete, dropped in just a day in advance. Of course they all had a good time, but when those packages were opened and the contents placed upon the table the good time commenced in earnest. About this time hungry men, who could find nothing at home, dropped in for a few minutes. The following were present when the pie was passed:

Messrs. and Mesdames:
C. A. Patterson C. A. Brown
D. S. Brown A. A. Stiles
Ralph Field H. F. Stout

ELECTRIC ROAD TALK

Genoa and Sycamore Offering as Good
Inducements as People on North

North or south route, which? The question in which all of the towns immediately tributary to Elgin and Belvidere are vitally interested is still as undecided as ever says the Elgin Press. Although there have been meetings in Belvidere, Marengo, Sycamore and Genoa for the purpose of discovering which way the proposed line is to go there has been nothing definite learned.

Marengo, fighting against Sycamore, Genoa and Hampshire seemed to have the better of the argument last week. Sycamore and Genoa have secured the right of way between the two towns, thus giving an inducement for the traction magnates to build directly west and connect with the Sycamore spur. But Hampshire was in the way, and a luke warmness exhibited by the residents of that town, and antagonism on the part of the merchants detracted from the enthusiasm that was shown by Genoa and Sycamore people. Hampshire last week eliminated that phase of the matter, and has come to the front with a committee to work for the right of way. This recent attitude puts a new face on the matter, and if they secure the right of way through the township they are liable to swing the tide of battle in favor of the southern route.

On the other hand Marengo is solid for the northern route. She wishes to have a rival to the Northwestern road. Freight tariff is to high to suit Marengo merchants, and the passenger traffic is not good enough to warrant the service Marengo desires. Her citizens are a unit on the new electric line matter. The farmers along the route are also in favor of the line, and many have volunteered to give the right of way.

Belvidere, too, wants the road. The town is divided over the north and south project, President Wolf of the Elgin, Aurora and Southern Traction company and the Aurora, Elgin and Chicago line, is in favor the Elgin-Belvidere line but does not make public which route he favors. And after all it rests largely with Mr. Wolf which route will be chosen. He commands the entrance to Elgin, and will let the new company in. Even if he owns no stock in the new company he is a good business man and the line that will open up the fertile field of northern Illinois to his great third rail system will be as a matter of course most welcome.

MRS. JOHN AWE DEAD

Passed Away Tuesday, March 21, at Home East of Genoa.

The death of Mrs. John Awe occurred Tuesday, March 21, at her home in New Lebanon. The funeral will be held this (Friday) forenoon at 11 o'clock, at the German Lutheran church.

Millinery Opening

I will display the latest fashions in spring millinery at the opening next Tuesday and Wednesday March, 28 and 29, and invite the ladies of Genoa and vicinity to call. New styles, new stock and prices within your reach.

Gertrude Kirk.

Must Face Grand Jury

Benjamin Burton was brought before Justice M. C. Marean Monday afternoon at Belvidere on the charge of shooting Bert Clay with intent to kill. He waived examination and was returned to the county jail under \$600 bond which he was unable to furnish.

FOUR HUNDRED VOTES

CAST AT REPUBLICAN CAUCUS LAST SATURDAY

Contest for Office of Highway Commissioner Close and Exciting—Thos. G. Sager Nominated for Town Clerk

An even four hundred votes were cast at the Republican town caucus last Saturday, the contest for highway commissioner bringing in many votes from the neighborhood of Ney and New Lebanon. A. F. Corson and Wm. Dumolin were the candidates, both putting up an energetic fight. The count gave Dumolin one vote the best of the argument.

The rumor mentioned in the Republican-Journal last week regarding another candidate for supervisor materialized at noon Saturday when H. H. Shurtleff put his ticket into the field. Mr. Siglin won out, however, with flying colors.

The contest for the office of town clerk was not so sharp as was first expected, Thos. G. Sager winning out by a comfortable majority. Mr. Perkins is not weeping over the defeat, however. He has held the office continuously for twenty-one years. During that time he has made an able and courteous official. Heretofore the office has been his without the asking.

The collectorship contest was a surprise to many when the votes were counted. It was predicted that the battle lay between Cooper and Arnold, but the count gave Mr. Cooper a majority of 83 over all the other candidates. The fact that Mr. Arnold is not so well known in the country districts probably accounts for his small vote.

G. E. Stott and L. S. Ellithorpe were nominated for justice of the peace, there being no opposition. There was no opposition for constable, Steve Abraham and Jas. Spence being nominated. Oscar Davis was renominated for school trustee by a good majority. The trustees of Ney cemetery nominated are G. C. Kitchen, Geo. Eicklor and Geo. White. J. W. Sowers has no opposition for assessor. Following was the vote in detail:

Supervisor
Joshua Siglin.....336
H. H. Shurtleff.....52
Town Clerk
Thos. G. Sager.....227
H. A. Perkins.....152
Collector
W. C. Cooper.....240
E. B. Arnold.....101
A. Hewitt.....16
August Fite.....8

Highway Commissioner
Wm. Dumolin.....199
A. F. Corson.....198

School Trustee
Oscar Davis.....135
Geo. White.....69

A. F. Corson will enter the race again on a petition ticket. This contest will probably bring out a large vote on election day.

H. H. Shurtleff will also appear on the ticket as an independent candidate for supervisor.

Inflammatory Rheumatism Cured

William Shaffer, a brakeman of Dennison, Ohio, was confined to his bed for several weeks with inflammatory rheumatism. "I used a great many remedies," he says. "Finally I sent to McCaw's drug store for a bottle of Chamberlain's Pain Balm, at which time I was unable to use hand or foot, and in one week's time was able to go to work as happy as a clam." TOWNSHIP HIGH SCHOOL

Mass Meeting Monday Night—Election Tuesday, April 4

A Petition to call an election "for" or "against" a Township High School signed by 50 qualified voters has been filed with the township treasurer. The Election will be at the same time and place as regular township election, Tuesday, April, 4, at Jackman's office.

A mass meeting is called for Monday evening of next week at Crawford's hall and it would behoove all interested in the township high school proposition to be present and hear the discussions. N. D. Gilbert, superintendent of the De Kalb high school, and others will speak on the subject. This is a matter that is being given attention thruout the United States. Attend these meetings if you are not familiar with the plans and you will know how to vote intelligently at the election. Country residents are particularly urged to be present. The time to talk the matter over is now.

NEW LEBANON MEETING

A meeting bearing on the above subject will be held at the school house in New Lebanon Saturday evening of this week. Persons will be present to explain the benefits and plans of the township high school system. All the citizens of New Lebanon and vicinity should be present. It is to your interest and to the interest of your children.

THE ART EXHIBIT

Second Annual Exhibit at Crawford's Hall Next Week

The second annual art exhibit of the Genoa public schools will be held in Crawford's hall, Thursday, March 30, Friday, March 31, and Saturday, April 1. Hours from two until nine the first two days and from ten a. m. till ten p. m. Saturday.

The exhibit will be more extensive and better in many ways than last year. Owing to the larger space it will be made much more attractive. Each of the six rooms will have a booth at which candy, raffia work and fancy materials will be displayed and sold. These booths are to be very artistic. The high school booth will be in form of a Dutch windmill and the attendants will wear Dutch costumes. Another will be Japanese, etc. At the door each holder of a season ticket will be given a handsome souvenir. Refreshments will be served free of costs to patrons of the exhibit. An exhibit of school drawing eclipsing that of last year will be shown. On each evening a short program will be rendered. On Thursday evening a half hour program will be given by the pupils of the primary rooms. On Friday evening the pupils of grades four, five, six and seven will give a short program after which a stereopticon lecture will be given on our native birds by Mr. Stout. On Saturday night the pupils of the eighth grade and high school will give a short program and this will also be followed by a stereopticon lecture. subject and lecturer to be announced later.

The exhibit itself the central feature is to consist of two hundred pictures which will occupy 1400 feet of wall space. Last year there were two hundred fifty pictures and the wall space that was covered was two hundred feet less. Thus it will be seen that the pictures will be larger and finer. No pains will be spared to make the exhibit an occasion long to be remembered by Genoa people.

It would have been incredible brutality if Chas. F. Lemberger, of Syracuse, N. Y., had not done the best he could for his suffering son. "My boy," he says, "cut a fearful gash over his eye, so I applied Bucklen's Arnica Salve, which quickly healed it and saved his eye." Good for burns and ulcers too. Only 25c at Hunt's Pharmacy.

ROCKFORD WINS BOTH

BASKET BALL TEAMS HAVE HARD LUCK FRIDAY

Girls Game Results in a Tie at End of Second Half—Elgin Y. M. C. A. Team Defeated Saturday

Both the boys' and girls' teams were defeated at Rockford Friday evening, but by such narrow margins that Rockford can not be over boastful. Following is what the Rockford Star says of the games:

"The high school basket ball teams retrieved all lost honors from the Genoa players last evening and the members of the boys and girls teams of the Rockford high school won decided victories over their opponents. The audience which witnessed the games saw some of the best basket ball playing which has characterized the season here, and they were enthusiastic in the applause, and this was well divided between the two teams, for each side made some spectacular moves."

"The girls' team played first last evening and the game was a fast one. Until the very close it was easily the game of either team. Clever work was done by both teams, in which Miss Hunter for Rockford and Miss Leonard for Genoa took the lead. Rockford was a point to good at the close of the first half and when the second was finished the score was a tie, each having 15 points to their credit. Overtime play was decided on, and after a few moments of fast scrimmage Miss Hunter for Rockford threw a field goal and won the game."

"The locals in the boys' game were faster than the visitors and were the best at all stages of the game. At the close of the first half the locals had piled up 22 against 19 for Genoa. In the second half the visitors tightened up their playing and held the locals close, but could not overcome the lead obtained in the first half." The total score was 40 to 30.

Regarding the Elgin game the Press said:

"Genoa high school won its right to be called one of the gamiest and fastest aggregations in this part of the state in not only defeating the second Y. M. C. A. team 30 to 22, but doing it decisively after they had been outplayed. Smarting under the defeat of December 23rd, 1904, when the Elgin team beat them by one score on their home grounds, they came down to take the game home with them. However, in the first half the Elgin boys played rings around them, and had them apparently down and out by a score of 17 to 9."

"In the second half, aided and abetted by their center, Harvey, who is about the best for a high school man in this neck of the woods, the Genoa boys outplayed the second team, and scored 21 points to the locals' five, making the final score 30 to 22 in favor of the visitors."

"Both teams played a good article of ball although at times was a trifle rough."

Incredible Brutality

It would have been incredible brutality if Chas. F. Lemberger, of Syracuse, N. Y., had not done the best he could for his suffering son. "My boy," he says, "cut a fearful gash over his eye, so I applied Bucklen's Arnica Salve, which quickly healed it and saved his eye." Good for burns and ulcers too. Only 25c at Hunt's Pharmacy.

The Colonel's Waterloo

Colonel John M. Fuller, of Honey Grove, Texas, nearly met his Waterloo, from liver and kidney trouble. In a recent letter, he says, "I was nearly dead, of those complaints, and, although I tried my family doctor, he did me no good; so I got a 50c bottle of your great Electric Bitters, which cured me. I consider them the best medicine on earth, and thank God who gave you the knowledge to make them." Sold and guaranteed to cure, dyspepsia, biliousness and kidney disease by Hunt's Pharmacy at 50c a bottle.

A NEW MOON OF JUPITER.

Professor Perrine's discovery of a sixth satellite or moon of Jupiter, announced from Lick observatory on Jan. 7, is another of the many advances in astronomical science accomplished by the aid of photography. The discovery was made by using the Crossley reflector, a telescope which has a three foot reflecting mirror instead of the more usual lenses. This telescope has been at Lick observatory for a number of years and in 1899 was remounted and soon after used with marked success in the photography of stellar nebulæ. The new satellite of Jupiter was discovered in the course of a photographic investigation where an unknown body which changed its position was seen on the photographic plate. Subsequent investigation showed that this was a new satellite of Jupiter and was much farther away from the planet than the five others. It is interesting to record that the fifth satellite of Jupiter was also discovered at Lick observatory, it being found by Professor Barnard in 1892. The others date back to 1610 and first were seen by Galilei.—Harper's Weekly.

Mark Twain's Fame.

Clifford Johnson has this interesting account of the early days of Mark Twain in Outing: "When I returned to Hannibal, Mo., I met other old time acquaintances of the humorist. According to two ancients whom I interrupted in an endless series of checker games at the back of a store, Mark Twain is the most overrated man in America. 'There's about as much truth in those sayings in his books,' I was informed, 'as there is in a ten cent novel. His brother Orion, who was a printer, knew more in a minute than Sam ever did know, and yet Orion never made no reputation. As a boy Sam was just like other boys, except he might have been a little slower. He was considered dull, to tell you the truth. It was his peculiar drawl and accent that made him famous, I'll be dogged if it wasn't.'"

STATE LEGISLATURE

What the Solons at Springfield Are Doing for the Commonwealth.

STATE HAPPENINGS RECORDED

News of Illinois Prepared for the Benefit and Convenience of Our Readers.

Springfield, Ill., March 17.—The house did little beyond advancing bills on the calendar. With the day's calendar clear and freed from the long roll call for the introduction of bills members called up pet measures and had them read and advanced. The most important of these was Grein's saloon limitation bill, fixing the ratio in the state at one saloon to each 500 inhabitants, and Phillips' bill prohibiting the sale of liquor within a mile of public schools in country districts, which went to second reading, where, however, they will find the road harder. One lone bill was introduced by unanimous consent, Mundy introducing a measure raising the tax limit to the counties outside of Cook to one-fourth of the appraised valuation. The present limit is one-fifth.

The senate passed six bills, among them being the house Chicago municipal courts bill, minus the common pleas court provision, and a bill putting physicians, nurses and internes of the Cook county hospital under civil service.

Springfield, Ill., March 18.—The amended special assessment bill prepared by the finance committee of the Chicago city council and the board of local improvements was introduced in the house by Glackin, and referred to the committee on municipal corporations.

Not over thirty members were present at the session, and no attempt was made to pass bills. Favorite measures were called up and advanced, and a score or more of bills on the calendar went a step forward. The only bills introduced other than the anti-corpsal punishment bill referred to elsewhere were two from the appropriations committee, the omnibus bill covering appropriations for the state charitable institutions, carrying \$1,777,870, and a bill appropriating \$1,200 for the repair of the monument to General John Hardin at Jacksonville. The house adjourned to 5:30 Monday afternoon.

No business was transacted in the senate and an adjournment until Monday evening at 5:30 o'clock was taken immediately after meeting. Rees and Bartley were the only members present.

Springfield, Ill., March 20.—Besides the local option bill, which is expected to supply some trouble for both houses of the legislature this week, the senate will have to deal with the Chicago charter legislation and primary elections, which will be taken up by the senate committees on Wednesday. The primary elections bill already greatly changed from the form in which it passed the house, will not be reported out until next week. The charter committee will take up the Chicago park consolidation bill. Civil service bills will remain in the pigeon holes of the senate committee until the house disposes of the bills there, and the senate will not attempt to take the initiative in passing any of these measures.

The house calendar is jammed. The committees are at work wading through the deluge of bills awaiting consideration, but with the Cooke-McCaskrin election contest and the local option bill tomorrow, the probability of civil service debate Wednesday, and the certainty of consideration of the Burke-Lindly civil service bill Friday, there is little prospect of work this week that will make much showing on the calendar.

Springfield, Ill., March 21.—Norden's civil service bill for state departments and institutions was called up during the brief session of the house and read for the first time. This puts civil service squarely up to the house, and as the bill, without much doubt, will come up for second reading before the end of the week the strength of civil service sentiment among the house members will soon be known.

Little was accomplished at the session. Four bills, including the civil service measure, were advanced on the calendar, the newspaper men were given an extra messenger to see that they are supplied with the bills, and a petition was presented advocating the passage of the juvenile court and other laws affecting delinquent and neglected children. Then the house adjourned.

Assistant Secretary Savage called the senate to order. Bare was named to act as president pro tem. Immediately thereafter the senate adjourned, as usual, for the day. Rees and Templeton were present.

Springfield, Ill., March 22.—To quote a number of the members of the house that body has disposed of two "nightmares." The Cooke-McCaskrin election contest was fought out on the floor, and after two hours of savage debate was settled in favor of the sitting member, McCaskrin—with a motion for reconsideration pending, however. The local option bill then came up for reference, and after a deep breath the house tackled this delicate subject also, finally consigning the bill to the merces of the committee on judiciary. The senate at a rather brief session passed seven bills, among them being Clark's bill creating a state board of examining nurses, a measure urged

by the nurses of Chicago, and Mueller's bill revising the law in relation to habeas corpus. Hall introduced a bill making it unlawful in cities of over 100,000 inhabitants to erect billboards within 1,000 feet of any public park or boulevard.

Mrs. Daiter.

A LITTLE NONSENSE.

Comical Sayings From the Mouths of Youngsters.

First Small Boy—My sister got her picture in the paper for bein' cured.

Second Small Boy—Huh! That ain't nothin'. My goat got his picture in colors on a brew'ry poster.

Grocer (to small customer)—Johnny, would you like to have an apple?

Johnny—No, sir. I'm afraid to eat 'em.

Grocer—Why?
Johnny—'Cause my grandfather died of apple-plexy.

"Tommy," said the teacher to a small pupil whose hands were not as clean as they should have been, "what is that on your hands?"
"Huh!" exclaimed Tommy contemptuously. "You ain't much of a schoolteacher if you don't know dirt when you see it."

Little Johnny — Papa says that honesty is the best policy.

Mamma—Well, what of it, dear?
Little Johnny—Papa's a politician, isn't he?

Mamma—Yes.
Little Johnny—Then how does he know?—Chicago News.

A Welcome Change.

She—And are you really so much better since you returned from your trip abroad?

He—Yes, indeed. I'm quite another man, I assure you.
She — Well, I'm sure all your friends will be delighted to hear it.

In For Keeps.

Boy—There's a man out here that wants to know if you are in.

Lawyer—A rather seedy man, eh? He probably wants to borrow a dollar. You can tell him I'm in and prefer not to be out—not even to the extent of a quarter.—Boston Transcript.

BILIOUSNESS AND CONSTIPATION CURED BY THEDFORD'S BLACK-DRAUGHT

Because the liver is neglected people suffer with constipation, biliousness, headaches and fevers. Colds attack the lungs and contagious diseases take hold of the system. It is safe to say that if the liver were always kept in proper working order, illness would be almost unknown.

Theodor's Black-Draught is so successful in curing such sickness because it is without a rival as a liver regulator. This great family medicine is not a strong and drastic drug, but a mild and healthful laxative that cures constipation and may be taken by a mere child without possible harm.

The healthful action on the liver cures biliousness. It has an invigorating effect on the kidneys. Because the liver and kidneys do not work regularly, the poisonous acids along with the waste from the bowels get back into the blood and virulent contagion results.

Timely treatment with Theodor's Black-Draught removes the dangers which lurk in constipation, liver and kidney troubles, and will positively forestall the invasions of Bright's disease, for which disease in advanced stages there is no cure. Ask your dealer for a 25c. package of Theodor's Black-Draught.

Jiu Jitsu.

Many readers have no doubt struggled over the pronunciation of the Japanese physical training system "jiu jitsu," the correct form of which is as if spelled "jew jits." It was months ago that it was proposed to adopt the system at the Naval academy, and, though the proposition lingered, it was bound to come, and a Japanese instructor has been secured to teach it to the midshipmen. Another system of physical training in Japan is ken jitsu, two handed sword play, and it is probable that this may be made a feature of the training system at the Naval academy. Still another is known as botori, a game in which two sides try to drag down a pole that their opponents have planted.

King Edward's Overcoat.

The favorite overcoat of the king this winter is a double breasted sack Chesterfield made of dark gray, soft vicuna overcoating. The lapel is kept light, and the step runs in the true horizontal, with very little opening between the collar end and the lapel. The length extends well over the knees, and the lapel turns moderately low, giving full view to the collar and tie worn underneath. The collar is covered with velvet, and the edge is double stitched. A turnback cuff forms the finish of the sleeve, and horizontal flap pockets are placed on the hips.—London Tailor and Cutter.

London Street Names.

Paddington proposes to change its Warwick road into Browning avenue, since the postmaster general has complained of too many "Warwicks" in the field of the London postman. There are thirty-four Warwicks of various sorts, but the Wellingtons surpass with forty-four, the Yorks with sixty-nine and the Victorias with four and ninety. It would be a blessing if some genius with imagination at a desk in Spring gardens would differentiate between our London streets and give them names of their own.—London Chronicle.

CHALLENGE FROM HUNT'S PHARMACY

Offer to Refund Money if Dr. Howard's Specific Will Not Cure Any Case of Constipation or Dyspepsia

Hunt's Pharmacy is seeking the worst case of dyspepsia or constipation in Genoa or vicinity to test Dr. Howard's new specific for the cure of those diseases.

So confident is he that this remarkable medicine will effect a lasting cure in a short time, that he offers to refund the money should it not be successful.

In order to secure the quickest possible introduction Hunt's Pharmacy will sell a regular fifty cent package of this medicine at half price, 25 cents.

This specific of Dr. Howard's will cure sick headache, dizzy feelings, constipation, dyspepsia, and all forms of malaria and liver trouble. It does not simply give relief for a time; it makes permanent and complete cures.

It will regulate the bowels, tone up the whole intestinal tract; give you an appetite, make food taste good and digest well, and increase vigor. Joy and happiness will take off that don't "care whether I live or die" feeling.

Take advantage of Hunt's challenge and secure a bottle of Dr. Howard's specific at half price, with his personal guarantee to refund your money if it does not help you.

There is no need of suffering with constipation, dyspepsia, or liver disease when you can get sixty doses of a scientific medicine for their cure like Dr. Howard's specific for the small sum of 25 cents.

BAUMAN-DUNDER

Wedding Ceremony at the German Church
Wednesday Morning

At eleven o'clock Wednesday forenoon at the German Lutheran church in this city occurred the marriage of Mr. Wm. Bauman of Racine, Wis., and Miss Emma Dunder, Rev. J. Molthan pronouncing the words that made them one. They were attended by the Minnie Lembke, Lena Bauman, Miehle Awe, Martha Brandenmuhl, Messrs. John Bauman, Will Awe, Fred Smith and Chas. Gnekow.

After the ceremony the ceremony the wedding party went to the home of the bride's parents, Mr. and Mrs. Michael Dunder, east of Genoa where an excellent repast was served.

The gifts left by the guests were many and beautiful and will give the young people a good start in preparing their home.

Both contracting parties are well known here and have the hearty congratulations of a host of friends.

The bride's parents celebrated their 21st wedding anniversary on the same day as their daughter's wedding. The veil used by the mother 21 years ago in Germany was used by the bride Wednesday.

SUNDAY AT DIXON

Has a record of of 745 Conversions at
This Time

Eighty-five responded to the invitation to accept Christ at the close of Evangelist Sunday's sermon on "The Incarnation," at Dixon. At the afternoon services ten went forward, making the total conversions for the day ninety five, and raised the total number of conversions to 745.

Dr. Earnegy, presiding elder of the Rockford district of the Methodist Episcopal church, was on the rostrum and made a few remarks before the sermon. Dr. Earnegy was formerly pastor of the Dixon M. E. church. He told the audience that the best things were in store for these last days of the revival. He said that Mr. Sunday had preached in seven places of the Rockford district and that there were twenty-seven places in which he would like to have him preach. In Rockford at the closing services 194 went forward at one time and a dozen came later, making over 200 conversions at the closing service and the people stayed in the tabernacle until after 12 o'clock.

Mr. Earnegy impressed upon the Christian people of Dixon the necessity of doing much work through the closing days; spoke of the great meeting the evangelist had conducted at Rockford, and said with emphasis, "I believe in W. A. Sunday." This remark was greeted with great applause. He also said that when it came to the matter of money he hoped that Mr. Sunday would take a good round sum out of Dixon. The people again applauded.

LATER—Up to Monday of this week the number of converts has reached 1,173. Sunday \$2,700 was raised for Rev. Sunday and \$300 for charity. He has preached seventy sermons and talked to 185,000 people.

HEAD CAMP "Q" W. O. W.

A. B. Brown of this City Attended Meeting at South Bend

On Tuesday, March 14, 1905, the first convention of head camp "Q" Woodmen of the World opened in South Bend, Ind., with nearly 100 delegates in attendance Arthur Brown of this city being present. The states of Illinois and Indiana constitute the district of head camp "Q" and the delegates are from all parts of both states.

The local W. O. W. camps made elaborate arrangements for the entertainment of the delegates and their friends.

Sov. C. C. Farmer of Illinois representing the Sovereign Camp called the meeting to order. Temporary Clerk was elected followed by an address of welcome by Mayor Fogarty and an address of welcome on behalf of the local camps. Response by Sov. Adam E. Wise of Plymouth, Ind.

The speeches were heartily enjoyed by all and frequent applause was given as the beauties and excellent qualities of perfect woodcraft was dwelt upon by the able representatives of the order.

A very excellent program was given in the evening to the visiting delegates and their friends. 2000 people were in attendance.

Wednesday the temporary officers who had been elected to preside were installed at the close of the meeting. Tuesday the meeting was called to order and the regular business taken up and transacted. Officers for the ensuing two years were elected, also delegates to attend Sovereign Camp convention at Chatanooga in May. The place for holding the next head camp meeting, convention of district "Q" was then chosen, Chicago being the place selected.

The net increase for the year in the Sovereign jurisdiction was 30,076 being in excess of any other fraternal order.

For fraternal insurance or in fact life insurance of any kind, the Woodmen of the World ranks with the best with its ample rates, its rapidly increasing emergency fund for the protection of old members as age increases and the safeguard which this emergency fund stands as a guarantee against an increase in rates or number of assessments, besides this 400,000 members of Perfected Woodcraft who stand ready to reach out the helping hand to the needy and bereaved ones of the departed members.

She stood before her glass in the sitting-room. The girl she saw there had a well-rounded face and figure, expressive eyes, and her cheeks had the freshness of rose petals; her hair was wavy and beautiful. She looked well and strong. The reason for it is given in her own letter, as follows:

"I am glad to be able to testify to the merits of Dr. Pierce's Favorite Prescription for the many ills that women suffer with," writes Miss Gertrude Mitchell (President Young Ladies' Christian Endeavor Society), 43 Columbia, R., Detroit, Mich. "After many years of suffering and pain I took your medicine, and in a short time began to feel stronger, became more regular and didn't have the bearing-down pains which had been my lot for so long. Continued its use until I was a well woman, and shall never cease to be very grateful that it was brought to my notice. I have no pains, and feel much stronger generally."

A healthy body will usually be a shapely body, and no means at hand will more quickly restore the womanly functions to a healthy state than Dr. Pierce's Favorite Prescription.

The proprietors of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay \$500 in legal money of the United States, for any case of Leucorrhoea, Female Weakness, Prolapsus, or Falling of Womb, which they cannot cure. All they ask is a fair and reasonable trial of their means of cure. Could any test be more fair showing the faith of the makers. Send 31 one-cent stamps to Dr. R. V. Pierce, Buffalo, N. Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.
