

THE GENOA REPUBLICAN-JOURNAL

ENTERED AS SECOND-CLASS MATTER, SEPTEMBER 16, 1904, AT THE POSTOFFICE AT GENOA, ILLINOIS, UNDER THE ACT OF CONGRESS OF MARCH 3, 1879

PUBLISHED BY C. D. SCHOONMAKER

GENOA, ILLINOIS, FRIDAY, AUGUST 8, 1913

NEW SERIES | VOLUME VIII, NO. 46

HAROLD MORTON KRAMER.

FEW Americans today can boast the unusual and thrilling experiences that have come to Mr. Kramer in the course of his strenuous career. Cowboy, editor of a city daily, reformer in a graft cursed city, soldier in the Spanish-American war, his thrilling experiences at once render him an ideal hero of the adventure loving young American. His words of fiction, well known to readers everywhere, will at once intensify the interest of the general public in this remarkable and versatile man. Gifted with an excellent voice and a pleasing personality, Mr. Kramer is a favorite everywhere on Chautauqua platforms. He will appear on the afternoon and evening programs of our local assembly.

COUNTRY LIFE CONFERENCE

Big Demonstration Scheduled for DeKalb First Week in September

A state wide Conference on Country Life, calling together representatives of every type of farm organization and discussing phases of rural welfare, will convene in DeKalb, during the first week of September. The meeting will open with a two-day conference on the country church, followed by a three day's discussion of general rural problems and concluded on Saturday with a big soil day under the auspices of the DeKalb County Soil Improvement association.

The ever present problem of road improvement will receive a round also. Among the speakers secured for this topic on Thursday morning are M. O. Eldridge, of the office of Public Roads, Washington, D. C.; William G. Edens, president of the Illinois Highway commission, Springfield; and Homer J. Tice, author of the new Tice road bill. Country school improvement will be presented Friday afternoon by C. G. Schultz, State Superintendent of Minnesota, and others.

A unique and helpful feature will be a Country Life Exhibit. The chief feature of this exhibit will be a miniature model of a country community center designed to show the social possibilities of country life. This exhibit will consist of small models of a consolidated school and teacher's cottage, a country church and parsonage, a Grange hall and fair grounds, a co-operative and laundry, all set in an attractive rural landscape and connected by a miniature telephone line and a hard road.

Dunham Barn Burns

Aroused at 12:30 o'clock last Thursday morning by the ringing of every bell on the famous Dunham stock farm, the whole town of Wayne turned out in more or less scant attire to watch the burning of the handsome rebuilt dairy barn and assist in saving the other buildings. The barn has been called one of the model dairy barns of the dairy district. It was a complete loss. One hundred and seventy-five tons of newly cut hay, a considerable quantity of feed and a dozen hogs were burned up. The loss was estimated at \$30,000, fully covered by insurance.

Bradt is Named

S. E. Bradt of DeKalb has been appointed a member of the state highway commission by Dunne, A. D. Gash, a democrat of Chicago was named at the same time as president of the commission. Don't forget, Young's Home Bakery is the place to get good things to eat. Strict attention paid to children. 32-1f

This Country Life Conference is the third annual meeting of the Illinois Federation for Country Life Progress, a state wide organization designed to unite all rural progress agencies of country life. As an organization the Illinois Federation differs from the ordinary association in that it is an association of associations and its plan and policies have been strongly endorsed by national country life leaders. For complete programs and other information concerning this conference and movement address the secretary of the Illinois Federation for Country Life Progress at Normal, or DeKalb, Ill.

BIG CROWD IN GENOA

Horse Races and Band Concert last Thursday Entertains Hundreds of People

About five hundred persons witnessed the horse races in Genoa last Thursday, and they were not disappointed in having a good time at least. Some of the horses entered did not appear, but there was enough excitement to make it interesting.

The first heat of the free for-all-race was won by Simbol Bracke, owned and driven by J. J. Neidigh of Burlington, time 2:28; second heat by Halmore, owned by Joe Heldt of Kirkland and driven by J. Kirk, time 2:20. In the third heat Mr. Neidigh did not hear the starter and did not get in on the heat, Halmore going alone, time 2:40. Halmore won the fourth heat and race, time 2:20.

As the 2:10 trot did not fill, Cooper started Bill Wesley against Fred Griebel's hobble pacer, 1/4 mile heats, three in five. Bill Wesley won the first heat in 1:15. Griebel won the next three heats and race. Second heat 1:13, third heat 1:13, fourth heat 1:11.

There were four starters in the green race, mile heats, best three in five. Wilkes C., Charles Corson's horse, won the first heat. DeWitt Anderson's horse came in second, Tom Gray third and Mr. Wiley fourth. Time 1:20. DeWitt Anderson won the first heat, Corson second, Gray third, Wiley fourth. Time 1:16. Third heat, Anderson first, Corson second, Gray third, Wiley fourth. Time 1:11.

The street was crowded in the evening, automobiles and carriages being so thick that the police were compelled to regulate the traffic at the principal crossings to prevent collisions and other accidents. At one time fifty machines and as many carriages were parked in the street around the band stand. A large crowd attended the dance later. The crowd on the street was actually larger than that on the evening of the fourth of July, and it was orderly. The Burlington band rendered good music and were not in the least stingy with the number of selections.

Another date will soon be set for a repetition of the events, including horse races and concert.

Brakeman Dies on Central

The body of Ben Black, head brakeman on an Illinois Central freight, was found maimed and crushed in the Perryville yards, a small station west of Irene, at 1:15 Saturday morning. The freight going west had pulled in on the siding to let the Omaha passenger pass. After the departure of the Omaha train the freight crew started to leave and Black was missing. A search was made and soon Black's body was discovered near the main track. It is surmised that he dozed into a nap near the main track and when awakened by the roar of the speeding passenger may have toppled against the train. No one, however, knows exactly how it happened.

Killed at Hampshire

While walking the Milwaukee tracks at Hampshire Sunday, Edward Bennett, aged 40, who went by the nickname of Edward Kelley, was killed by a fast train. He was employed at the canning factory at Hampshire. Coroner Norton held an inquest Monday morning and a verdict of accidental death was returned. Bennett was cut into numerous pieces and his body strewn all along the right of way for half a block.

Killed by Lightning

A message from Palacios, Texas, announces the death of Leslie E. Whitacre of that place on Monday, August 4, death resulting from a stroke of lightning. The deceased, who is the youngest brother of A. L. Whitacre of this county, was about twenty-four years of age.

TWO KILLED AT FAIRDALE

Train Strikes Buggy and Causes Instant Death Friday

Fairdale had one of the worst tragedies in its history last Friday, two prominent farmers of the vicinity being instantly killed at a Milwaukee grade crossing in that village.

The dead are: George Upstone, aged 40 years, and Andrew L. Matthews, aged 28 years.

Bodies of both of the men were badly mutilated, one of them being hurled nearly 100 feet. The team of horses they were driving was killed and their carriage demolished to kindling wood.

The accident happened at 12:15 o'clock Train No. 27, a west bound passenger known as the Colorado Special, did the killing. It did not stop at Fairdale and is said to have been traveling nearly sixty miles an hour.

Upstone and Matthews were leaving town when the accident occurred. The crossing is said to be considered a dangerous one.

When the accident happened the train was ten minutes late, and it was delayed an hour more by the smashup. The train was in charge of Engineer Reid and Conductor William Lally.

Matthews leaves a widow. Upstone is survived by a widow and five children. The men were driving to their homes about a mile south of the village.

For fly blankets, nets and dust-ers see W. W. Cooper. Prices right. 45-2t

HON. FRED SCHUYLER JACKSON.

THE Kansas City Star recently said of Mr. Jackson's service in congress, "He accomplished more in his first twelve days in the United States house of representatives than many other men have done in twelve years' service." Before going to congress, as attorney general he won his reputation by a fair and fearless fight against the trusts and the liquor outlaws of Kansas. A sincere patriot, a thorough progressive, an able lawyer and an interesting speaker, Mr. Jackson is an ideal representative of the new order of statesmen our times are producing. We are fortunate in having him as one of the speakers on our Chautauqua program.

Chautauqua Program

Six Big Days

Twelve Sessions - Twenty-four Entertainments

National Lincoln Chautauqua System

PROGRAM BEGINS PROMPTLY

Afternoon Music - 2:30
Afternoon Lectures 3:15

Night Music - 7:30
Night Lecture 8:15

FIRST DAY
Afternoon—Opening Exercises
Concert—Lincoln Glee Club
Lecture, "Popular Government".....
.....Gen. Fred S. Jackson
Admission—Adults, 25 cents
Youths, 15 cents

Night—
Introduction and Announcements
Entertainment, vocal and instrumental.....

Impersonations.....
.....Mr. Hendry
Civic Lecture, "Our Country's Greatest Need".....
.....Mrs. Curtis
Farewells and Goodbyes
Admission—Adults, 35 cents
Youths, 25 cents

Plato Creamery Burns

The Ira J. Mix Dairy Co. creamery at Plato Center burned to the ground Monday evening, the entire plant being a total loss. It is thought that the fire started in the roof, due to a defective smoke stack. The building was erected about four years ago and was one of the chief Mix creameries, having a big run at this time. It is only a short time ago that the creamery belonging to the same company was destroyed by fire at Burlington. There was no adequate means of fighting the flames in either case. The value of the building and contents was about \$12,000, it being insured for one-half that amount. The Mix Co. has purchased a piece of land directly south of the old location and will soon begin the erection of a modern brick creamery. In the meantime the patrons of the creamery are being paid a bonus of ten cents a can for cooling their own milk and taking care of cans. Part of the product is being shipped directly to Chicago and the balance to the creamery at Bowes. James Hutchison, Sr., manager of the Mix line of creameries, is very grateful for the good will and patience shown by the patrons of the creamery, all of whom are making an effort to help keep things going until the new building is erected and the plant in operation.

Moral Lesson Wasted.

"Say, mother," asked a dreamy Edgar, "when I grow up I'll be a man, won't I?" "Yes, my son," seizing the opportunity to press home a needed moral, "but if you want to be a real man you must be very industrious at school and learn how to behave yourself. You must not be dull or lazy, if you want to be a man." "Why, mother," came the wondering query, "Do the lazy boys turn out to be women when they grow up?"

MORGAN'S INJURIES FATAL

Hampshire Man Has Narrow Escape Saturday—Wife a Genoa Girl

L. Judd Morgan, who was seriously injured in an automobile accident near Huntley Saturday afternoon remains in a critical condition at St. Joseph's hospital.

Morgan is under the care of Drs. Higgins of Huntley and O. L. Pelton, Sr., of Elgin. His back is broken and chances for his recovery are slight. He was slightly improved yesterday and his condition was about the same today.

Dr. Higgins said this afternoon that there is more chance of recovery now than Saturday. He said there is some sensation in the lower extremities and this is declared to be a good sign.

Mrs. Lina Ellithorpe Morgan, bride of a few weeks, Miss Bernice McCullom, his cousin, who were in the automobile with him were not seriously injured. Both are suffering from bruises and cuts and the shock, and will recover.

Miss McCullom resides at Royalton, Minn. She was on a visit at the Morgan home in Hampshire.

Morgan's automobile had just recently been changed from a touring car into a machine with a racing body. It is said that the machine was geared to a speed of over eighty miles an hour and that it had just been put into good running condition.

The accident occurred on a turn on a narrow turnpike two miles from Huntley. The machine is believed to have skidded into the ditch. After spilling its opponents, the powerful machine righted itself.

Morgan is a liveryman at Hampshire and is the son of Delos Morgan.

Gasoline

Gasoline, George Fitch tells us, was originally used only for cleaning gloves and ejecting hired girls thru the kitchen roof, but has now been taught a great variety of interesting tricks, such as running automobiles, aeroplanes, motorboats, windmills, street cars, hearses, corn shellers and bicycles. By the aid of gasoline we can travel 60 miles an hour thru the air, 150 miles an hour over the land and six feet into the ground with the greatest care. A gallon of gasoline can do as much work in an hour as a horse can do in a day, and it doesn't have to be bedded down at night. It can drive an automobile 20 miles, and while doing this can cause three runaways, a collision, a \$20.00 fine for speeding, a divorce suit and an inquest. A gallon of whiskey at a Saturday night dance can cause a great deal of trouble, but it is tame and kittenish beside a gallon of whiz-water which is conducting a joy ride. Gasoline is a clear nervous liquid which is composed of speed, noise and trouble in equal parts. It is made of kerosene reduced to a more violent stage, and is kindly supplied to the restless portion of mankind by the fragments of the late Standard Oil Company.—From Graphite.

Free High School Tuition

A free high school tuition law passed by the last legislature and an increase of the school appropriation by a million dollars are both important articles of legislation to the local community. State Superintendent Blair says of the former, "At last after four legislative struggles a free high school tuition bill has passed into law. Of course, a bill that pretended to accomplish this end was passed in 1907, but it carried a proviso injected into it near the close of the session which rendered it unconstitutional. The bill just enacted at the present session is free from this constitutional defect. There are practically 350,000 boys and girls in Illinois for whom there has been hitherto no free high school opportunity. This act opens the door for them and makes the district from which they come responsible for the cost of the tuition."

Ready for Reception.

Annoyed by a notice that the local sanitary committee were going to inspect his cowhouse, a Dorset (England) farmer spread linoleum over the floor of the building, displayed hearthrugs in convenient positions, hung the walls with pictures and a mirror, and installed a harmonium. When the committee arrived he gravely invited them to wipe their feet on the doormat before entering.

A PRETTY PAIR

of shoes is every girl's ambition. We cater to this longing by providing a splendid variety of new and stylish shoes in the best makes and most elegant appearance for our lady customers.

They are easy fitting and comfortable to the feet too, and very durable. Button or lace. Prices are very moderate for such high grade footwear.

John Lembke
GENOA, ILL.

THE PUEBLO INDIANS.

A REPORTER on a prominent Chicago daily recently met his Waterloo when he attempted to interview the Pueblo Indian governor, whose picture appears above, while the latter, with some of his people, was en route to Washington to appear before a congressional committee. The morning was bitter cold, and the reporter, summoning up his best lingo, approached the Indian at one of the railroad stations and said, "Heap cold." In faultless English the governor replied, "Yes; it is cold, but we are accustomed to severe weather and do not suffer from it." A band of eight Pueblos in charge of Dr. George LaMont Cole will tour the prominent eastern cities during the coming summer, giving a varied program of Indian speeches, war and religious dances, with vocal and instrumental Indian music. The announcement that they will appear on our Chautauqua program will be received with intense interest.

BLAND'S BAND AND ORCHESTRA.

BANDS and orchestras without number are going up and down the land. A few of these are excellent, some are fair, many are mediocre. Rarely in the history of the musical fraternity has it happened that any organization has met with unanimous approval throughout a long and difficult season. Bland's orchestra is one of these rare exceptions. Before the 1912 Chautauqua season was half over the insistent demands of the towns visited compelled the management to re-engage them for the coming season. With ten accomplished musicians, a fine brass quartet, a brass trio, interspersed with vocal numbers, they will please all classes of hearers. At our Chautauqua on the fourth day: Band in afternoon, grand orchestra concert at night.

Leon H. Potter

Leon H. Potter, after more than a year and a half of intense suffering passed away on Saturday, July 26, at the hospital in Elgin. He was the eldest son of the late Almon and Martha Potter, and was born in Riley April 18, 1859, hence was a little more than 54 years of age. He spent his boyhood days in Riley.

About twenty-five years ago he was united in marriage to Miss Minnette Andrews of Seneca, and to them was born one daughter, Miss Nettie L. Potter. Mr. Potter moved from Marengo to Elgin twenty-two years ago, and nearly all that time had been connected with the Elgin city electric street railway

PLEA FOR THE MERCHANT

Writer has Feeling of Sympathy for the Long Suffering Merchants of Long Hours

On several different occasions the business men of Genoa have made an attempt thru agreement to close their stores earlier in the evening, but after a short time the deal fell thru. A reader of The Republican-Journal has taken note of the conditions and sends in a communication relative to the matter, giving vent to his feelings as follows:

The business men of Genoa keep open their stores until ten o'clock, p. m. and not infrequently as late as eleven and twelve o'clock. They also have the reputation of selling under their competitors in neighboring towns. The customers also have at least an average opportunity in selection and variety. Genoa should be an exceptional place to trade and we believe it is. Keeping open stores as long as Genoa

does, however, offers the store keeper but little aside from his work, and it is principally work.

There is no question that such long hours is not for the best interests of society. The merchant has a duty to perform in society aside from his store as any other man. Because he offers a legitimate line of goods at a low price, it does not follow that he is privileged to do as he pleases with his business. His clerks and help are involved in these long hours, and their families too. It is not right and can not be successfully defended to compel men to work thru the whole day and a good portion of the night and then call it a day's work.

These stores are actually open from fourteen to seventeen hours a day. It is inexcusable, and there is no grounds for doing so. It is probably true that at heart the business men would like to close at an early hour and it is certain the help would, but a few

persons who may want to buy something, but not very much of anything, make it seem undesirable to the merchant to close up. A man comes into a store at a late hour and buys a few articles, goes home and retires. The same merchant keeps his store open on the following night, while his customer of the previous night rests, in order to accommodate another customer who is too late to be early. If this customer is a farmer it is certain he could find no man who would work for him every night as late as these store keepers must. Yet he expects the help in the stores to work at an hour when he is dosing most every night in the year. It is said that Christian people make it a part of their common practice to buy as late as any. This is not right and such a practice ought to be discontinued. It is true that occasionally one might find it to his advantage to get something at a late hour, but it is fair to believe that it could be put off until morning with

less loss than keeping stores open every night of the week until near midnight. No one believes that Genoa gets any trade from those living near Sycamore, due to the stores being closed in Sycamore, and if Sycamore can close so can Genoa. Surely the customers about Genoa are not more demanding than other people. The initiative in closing lies with the business man, but he needs the moral support of every one to aid in the matter. Naturally he wishes to please his trade, but in another sense he should not allow his business to fall into careless and unwise habits. One feels sure that when the store keepers and clerks decide to stop the practice of late hours the community as a whole will welcome it. That would be a very ragged character who begrudged a man the evening with his family and it would be an even more ragged character who would not advantage himself of his home in the evening if possible. No sir, fellows, the homes need these men more than the community needs their stores open. Give it a boost.

The Final Clearance of all Summer Stocks

Beginning Saturday, Aug. 9

Continuing Throughout The Month

THIS GREAT AUGUST CLEAN-UP SALE is of intense importance to both you and us—to us because it enables us to rid ourselves and counters finally and completely of all Summer Stocks—to you, because it presents unrivalled opportunities to secure desirable hot weather merchandise at the smallest fractions of the actual worth.

TO COMPREHEND THE LOWNESS of the prices and the big quantities there are embraced in this sale you must come personally to the store and investigate every single item that is offered. Not a value quoted here but what is genuine and applies to merchandise that you need right now, so come prepared to share in the greatest economy chances of the entire year.

If you did not receive one of the big circulars giving full particulars of this great clearing event, send your name and address on a post card and a copy will be mailed to you at once.

Below Are Listed Just a Few of The Remarkable Values That Are Offered:

Clean-up of regular \$9.98 Serge Dresses at \$4.98

Handsome dresses of fine quality pure wool serge in desirable one-piece models, dresses usually priced up to \$9.98, in the Clean-up Sale at choice \$4.98

Wool Challis and Silk Dresses priced at \$7.98

All that remain from our lines of one-piece dresses made from handsome silks and dainty wool challis, some in panel back and front effects with waists made with yokes of fine lace, values ranging up to \$13.98, priced for clearance at choice \$7.98

Voile and Batiste Waists Clean-up Price 79c

Dainty white voile and batiste waists, some with fine lace yokes and others hand embroidered, sizes 34 to 44, Clean-up Sale price, choice 79c

House Dresses at 79c

Every house dress in our extensive stock that usually sold up to \$1.49, made from good quality percales in light and dark patterns and neatly trimmed and finished, high and low neck styles, priced in the Clean-up Sale at choice 79c

75c Muslin Gowns at 49c

Woman's excellent quality muslin gowns in high and low neck styles, lace trimmed, 75c values in the Clean-up Sale at 49c

98c Princess Slips at 78c

Women's and Misses' perfect fitting Princess slips of fine lawn and cambric trimmed in embroidery and laces, the regular 98c values in the Clean-up Sale at 78c

Home for rent September 1, consisting of large house, barn and three lots, two blocks from post-office. Inquire of Addie M. White, Genoa.

"INTO THE NORTH"
"Into the North" is Petey Wales' two-reel special for next Wednesday night. This is a strong story of the Canadian Mounted Police. It's something out of the ordinary, giving the audience an idea of the life at the top of the world, an insight to the privations and hardships of that country where only men who are men can exist. These reels cost a mint of money to produce. Don't miss them. Better than a 300 page story of the north. Watch for "Wamba."

the "jig was up" for future sport in this part of the country.
In a letter to J. F. Wilson of Marengo, Congressman Copley states that the agricultural appropriation act provides that wild geese, ducks and other migratory birds which do not remain permanently within the borders of a state shall be deemed within the custody of the United States government; and the department of agriculture is authorized to make suitable regulations and to fix the closed seasons.
Mr. Copley also sent regulations which the said department proposes to prescribe. These proposed regulations, which go into effect October 1, make the closed season on wild geese and ducks in Illinois, between December 16 and September 1 next, following. This makes the open season from September 1 to December 16, and does away with spring shooting.
The shooting of ducks in the spring of the year should have been prohibited long ago.

CEMENT TILE

That the Cement Tile is one of the greatest boons to land owners is acknowledged by everyone who has investigated. They are far more absorbent than the clay tile and will never rot. In fact the cement tile will grow harder and more durable as the years pass. We make them in all sizes. Investigate today. It will pay you.
Remember, we also make the everlasting.

Monolithic Cement Silos
GLAD TO GIVE YOU FIGURES

GENOA, ILLINOIS

YOU FARMERS!

Who Produce THE FOOD OF THE WORLD----

ON your prosperity hangs the welfare of our nation. Should you not guard well the interest of your posterity, that they retain the standard of thrift that you have built? Is it not possible that you may not live to mature the plans you have made for your wife and children? We have a proposition that will guarantee the maturity of any investment that you make at a small cost each year. We not only give you immediate protection for your estate, but at the same time create a future cash estate for yourself, if living, or for your family at your death.

Would you not be willing to buy a farm on these terms?

BY paying 4% annually of the purchase price as rent to be applied on the property for twenty years, at the end of which time the Farm is Yours, should you live. Should you die before all the payments have been made, the farm becomes the property of Your Heirs and Assigns, Without Further Payments. In Either Event, You Win! Furthermore, You Pay No Taxes!

The crops you produce may be Bumpers or Failures. Our proposition is conservative and Never Fails. In order to avail yourself of it, however, you must be accepted while in a state of health; therefore, Do Not Delay. If, owing to the large territory that must be covered, our representative seems slow in calling on you, just drop a card to our offices, GENOA, ILLINOIS.

Lee W. Miller
GENOA, ILLINOIS

Everybody's Doin' It!

What?
Buying their Drugs and Sundries from us. Why? Because we are seldom "Just Out" of anything and never try to give you something "Just as Good." Besides our service means much to you. We have a splendid stock, low prices, reliable delivery. We extend the same courtesy whether your purchases are in cents or dollars and whatever comes out of our store is always backed by the Quality Endorsement.

DO IT TOO.

L. E. Carmichael R. P.
GENOA, ILLINOIS.

Build a Rat Proof Corn Crib
Rats cost the nation \$35,000,000 per year. Much of this loss is at the expense of the farmers' corn. Concrete Construction is the perfect cure.
The owner and one man built the corn crib pictured at the left, using

Chicago AA Portland Cement
Farmers the country over prefer the "Chicago AA" brand for their concrete work. They have found it always the same grade—always uniform—always results in satisfaction. Stop in for a **Free Booklet telling how to build a corn crib.** Or if you prefer, write Chicago Portland Cement Co., 30 N. La Salle Street, Chicago, for a copy.

For Sale by

Get our proposition before buying or you will regret it, also bargains in used Motor Cycles. Write us today. Enclose stamp for reply. Address Lock Box 11, Trenton, Mich. 40-11
E. H. Richardson is nursing a decidedly sore hand, the fingers of his right having been badly lacerated by the blades of an electric fan. In moving the fan Saturday afternoon two fingers came in contact with the blades, cutting a large artery. Twelve stitches were required to make the repairs.
There is nothing more unsightly than a patch of weeds, and there is nothing more easily eliminated. A few minute's work with a scythe will improve the appearance of a back yard or a vacant lot a thousand per cent. Superintendent of Streets Harshman is after the weeds on city property this week. Let everyone in the city have a little civic pride and strive for neatness. It is a simple proposition. One can not get more satisfaction for as little labor involved.

The R. N. of A. will meet with Mrs. Eva Stuart, next Tuesday, August 12.
Master in Chancery A. W. Fiske of DeKalb transacted business in Genoa Tuesday.

Mrs. S. S. Slater and son, Roy, and Mrs. C. A. Brown were Chicago visitors last Friday and Saturday.
Mrs. W. O. Holtgren and daughter, Helen, of Chicago are visiting at the home of C. M. Corson.

Mrs. Gilchrist and son and Mr. and Mrs. F. W. Duval of Fairdale were Genoa callers Monday evening.

Glasses fitted scientifically at Ward Hotel, Sycamore, every Tuesday. All other days at my office in DeKalb. Prices reasonable. Eyes examined free.

38f. H. U. Meyers, Oph. D.
Dr. Barber, Optician, will be in Genoa every two weeks at the office of Dr. Ovitiz. His next date is August 13. All work guaranteed. School children examined free thru August.

Mr. and Mrs. G. E. Stott left Wednesday for the Pacific coast where they will spend several weeks! Their first stop will be Seattle, Wash., where Mr. Stott's sister, Mrs. Grace Wilkes, resides.

Breaking an Appointment.
Unfaithfulness in the keeping of an appointment is an act of clear dishonesty. You may as well borrow a person's money as his time.—Horace Mann.

Mr. and Mrs. Geo. Moore, Mrs. Nina Moore and daughter, Edith, were guests of relatives at Fairdale Tuesday.

Mrs. Emily McCollom entertained Mr. and Mrs. Pooler and family and Mr. and Mrs. John Christman of Cortland Tuesday.

Mrs. H. A. Lanam went to Sherburne, Minn., the fore part of this week to see her brother, Chas. Uplinger, who is seriously ill at his home there.

Mrs. Albert Smith, Mr. and Mrs. Arthur Wheeler and Mr. Myers autoed from Belvidere to Kidgston Sunday afternoon and were callers at the F. P. Smith home.

The band concert that was given here by the Kirkland Military band Saturday evening was enjoyed by all. The streets were well filled by people who fully appreciated the good music.

Mr. and Mrs. L. C. Shaffer of Sycamore, Dr. and Mrs. Wyllys and family of Fairdale, and Mrs. Olson of Wyoming, Ill., were callers at the home of Mrs. Emily McCollom Sunday.

Mrs. E. J. Stuart and sister, Mrs. Flora Taylor left last week Thursday for Copenhagen, N. Y., where they will spend a few months with relatives and friends.

Mrs. Stuart has been in poor health for some time. Their friends wish them a very pleasant trip.

Sunday Receives \$10,000
Independence Reporter: Billy Sunday has just received \$10,000 for saving souls at South Bend, Ind. This same amount of money put where it ought to be put—in the churches of South Bend—would have accomplished far more good. But people who scream with horror when asked to give a dollar to the local minister, the man who faithfully baptizes the babies, marries the sons and daughters and buries the beloved dead, will become so enamored of Billy Sunday's abuse that they will gladly part with their last cent to fill his already stuffed purse. This is a funny old world and among its other anomalies is the traveling evangelist who gets the coin.

Greeks Send Money Home
A war fund of over \$500 has been raised by the Greek population of Freeport, which will be sent to the Greek government to aid in the cost of the war now in progress. The fund has been solicited from men from that country only, the men responding liberally to the cause. It is expected that the fund will be raised to \$1,000 or over in a few days when it will be sent away. Several months ago the Freeport Greeks showed their patriotism by sending over \$1,000 to the Red Cross society in Greece to help in caring for the wounded soldiers.

Chautauqua Plans
Space will be reserved in the big chautauqua tent for those who wish to bring their own chairs and settees for their own use. The only condition necessary is that you must hold a season ticket for each seat brought to the tent. Of course you will be responsible for your own seats. A person will be in charge of the tent to see that no harm comes to the furniture. Let H. M. Crawford, L. E. Carmichael or E. H. Brown know at an early date so that sufficient space can be reserved. Those who are in the country can get tickets at Carmichael's or Browne's. Buy season tickets. They are sold cheap so that everyone can afford it. The tent will be pitched on Dr. Mordoff's lot.

Butter at Same Price
Butter sold at 26½ cents firm on the Elgin board of trade today, one-half cent higher than last week's market. Sales aggregated 232 tubs. A comparison of prices for the last few years follows:

August 5, 1912—25 cents.
August 7, 1911—26 cents.
August 8, 1910—29 cents.
August 9, 1909—26 cents.

Area of the Oceans.
The Atlantic ocean has an area of 24,636,000 square miles; Pacific, 50,809,000; Indian, 17,084,000; Arctic, 4,781,000, and Southern, 30,592,000.

HEAVIER POST PARCELS

Weight Limit of Parcel Post Packages Increased to Twenty Pounds

On and after August 15, 1913, the weight of parcel post packages that may be delivered in the first and second zones will be increased from 11 to 20 pounds.

The rate of postage on parcels will remain the same, one cent an ounce, to any zone, but on parcels exceeding four ounces up to 20 pounds the postage shall be five cents for the first pound and one cent for each additional two pounds or fraction when intended for local delivery, and five cents for the first pound and one cent for each additional pound or fraction when intended for delivery at other offices within the first and second zones, which means within a distance of 150 miles of the office where mailed.

The rate for local delivery shall apply to all parcels mailed at a post office from which a rural route starts, for delivery on such route, or mailed at any point on such route for delivery at any other point thereon, or at the office from which the route starts, or on any rural route starting therefrom, and on all matter at a city carrier's office, or at any point within its delivery limits, for delivery by carriers from that office, or at any office for local delivery.—True Republican.

SEYMOUR GETS BUSY
Reorganized Traction Company Lets Contract for Building to Woodstock

Stockholders of the Chicago, Waukegan & Fox Lake Traction company, at a meeting in Chicago last week, named J. P. Mason of Elgin president, Michael Nelson of Chicago was named vice president, and M. W. Whitmore of Marengo, secretary and manager.

Besides electing officers the stock holders authorized the extension of the line from Marengo to Woodstock, a distance of thirteen miles. The contract for the extension is to be let at once.

At present the company's line only operates from Sycamore to Marengo. It is planned to eventually extend it to McHenry, and thence to Waukegan. Connection with Chicago to be made by boat. When completed the line will be 35 miles long.

The Chicago, Waukegan & Fox

Lake Traction Company recently absorbed the Woodstock & Sycamore Traction Co., the two companies in the first place having been launched by some of the same promoters.

Contractor John Seymour, who has built all the line put in to date, has been awarded the contract for building the line to Woodstock and will begin operations at once from the Woodstock end.

Part of the grading was done more than a year ago. Except for a short distance before the line reaches Woodstock the country is as level as a plank, making it possible for quick work, provided a sufficient number of men are put to work.

Young Farmer is Killed
Herman Schultz, 19 years old, was fatally injured last Saturday afternoon at Bensonville when a Chicago, Milwaukee & St. Paul train crashed into the wagon in which he was riding. The train

was backing off a siding and its approach was not heard by Schultz who was driving a team over a crossing. Schultz died four hours later. The team broke away and practically escaped all injury, but the wagon was demolished.

Hail Storm at Fairdale
The hail storm which passed over Genoa very lightly last Thursday afternoon, struck Fairdale with full fury, causing considerable damage in certain sections of the farming district. Lee W. Miller of this city, who has a farm near Fairdale, was a loser to the extent of about \$1,000, much of his corn being ruined. Seventeen window lights in his farm house were broken at the same time. Others in the community suffered loss thru ruined corn and broken windows.

No Time.
"Have you ever had nervous prostration?" "No. I work for a salary which stops when I'm not on my job."
—Chicago Record-Herald.
