QUARTERLY CONFERENCE

Important Session of Clergy Is Being Held at Aurora

MANY QUESTIONS COME UP

It Is Learned Upon Good Authority that Rev. T. E. Ream of the Genoa Charge Will Be Returned

This week at Aurora the annual conference of the Rock River district is being held and many important questions are to come up. Upon good authority at this early date, the **REPUBLICAN** states that Rev. T. E. Ream, who for the past year has filled the Genoa charge, will be returned.

The conference this year is dwelling upon many important questions.

Shall the restrictive rules against card playing, dancing and theater-going be abolished or modified? Shall the experiment of the limitless pastorate be abandoned in favor of a return to the three or five year periods?

These are the principal questions to be considered by the delegates to the Rock River conference of the Methodist Episcopal church, which is now in session for one week at Aurora.

It will be the bishop's duty to appoint pastors to the various charges in the conference. There were 325 charges to fill one year ago. He will also have the appointing of the seven presiding elders, of whom the following will succeed themselves: W. E. Tilroe, Chicago; F. H. Sheets, Chicago Western; L. C. Burling, Freeport; A. T. Horn, Dixon; Samuel Earngey, Rockford.

While no questions involving revision of doctrine are to come before the conference, it is expected that the consideration of the movements to amend the restrictive rules and to abolish the limitless pastorate will occasion some exciting debates. There will be 300 delegates from the northern Illinois and Chicago clergy and as many laymen at the Aurora meeting.

The movement to abandon the limitless pastorate is the result of a four years' experiment, and is likely to succeed. The rule, as adopted at the last general conference, abolished the five year limit and made tenures unrestricted, with the provision that appointments should be made or extended annually. Formerly a congregation dissatisfied with its pastor was sure of a change in time, and was relieved of the unpleasantness of an open complaint. Under the present system, however, the congregation must speak out at the end of the first year if the reappointment of the pastor is not desired. It is also argued that preachers grow rusty after holding a charge for more than three or four years.

DOES LARGE BUSINESS

Financial Transactions of Postal Department Are Enormous

Expenditures of the postal service for the fiscal year ending June 30 were \$138,785,000; receipts, \$134,224,000; deficit, \$4,560,000. The total financial transactions of the postal service for the year were \$1,026,731,000 for the first time passing the billion dollar mark.

Work never fails to declare some sort of a dividend.

MRS. PIERCE DEAD

Passed Away at Her Home at Healdsburg, California, September 14, '03

The many friends in this vicinity are able to learn of the death of Mrs. Orrin Pierce, through the courtesy of the California Christian Advocate.

Mary Elizabeth Pyne was born in Utica, New York, November 29, 1845, and died near Healdsburg, California, September 14, 1903.

These two dates mark the extremes of an exceedingly useful life. While in youth she gave her heart to God, and united with the Baptist church.

In the sixties she was teaching in the city schools of Belvidere, Illinois. January 2, 1872, she was married to Orrin Pierce of Illinois, who immediately returned, with his bride, and settled in Genoa, DeKalb County, Illinois, where they became identified with the Methodist Episcopal church in which Mrs. Pierce at once was placed in leading positions. For years she was an official member, and president of the W. F. M. S.

Four children were born to her, all of whom, during the pastorate of W. C. Howard in Genoa, 1893-5, were converted, baptized and received into the church. In 1896 the family moved to Healdsburg, California, where they have become identified with the life of the church and community, Mrs. Pierce being especially interested in the work of the W. C. T. U. Her health, however, which began to fail in Illinois, did not become vigorous, so as to enable her to become so extensively active as in Illinois. But she was always ready. On the day of her departure an internal hemorrhage began, and "she was not, for God took her."

The husband and four children—Mrs. May Floyd, John M. Pierce, Harry G. Pierce and Ruth H. Pierce—are left to mourn, with a large circle of friends in three States, but their hearts are comforted by him whom she loved and served. The funeral services were conducted September 16 in the Healdsburg, M. E. church, her former pastor, W. C. Howard, officiating. Her body rests in the beautiful cemetery near by, but her spirit is with God who gave it.

LABOR LAWS

Illinois Federation Prepares to Defend Statutes

The Illinois Federation of Labor is preparing to take action to prevent the repeal of any of the acts favoring union labor which were passed by the last general assembly. At a meeting of the federation to be held at Springfield on October 13, a defense fund will be created for the purpose. No avowed candidate for the office of president has yet appeared in the field.

The Year's Rainfall

The rainfall in this section usually averages about thirty inches a year. In the past twenty-two years, it has fallen short of that amount during ten years. In the last twenty-one years, the average was 34.3 inches. The rainfall of 1902 was 48.08 inches, the heaviest in the past twenty-two years with the exception of 1883 which was 50.91, and 1885 which was 48.50. The rainfall of 1903 will break the record if the next three months average a little more than four inches.

CRUSADERS LOSE CASE

Third Attempt to Convict Liquor Dealers of Elgin Comes to Nought Saturday

The crusade instituted at Elgin two months ago by Rev. F. F. Farmiloe, formerly of Genoa, against the liquor dealers, has received a severe blow. Last Saturday, the third case brought into court was dropped when a jury decided that there was no cause for action.

The case was brought by Harry Van Dusen, a minor, although married. When he was called to the stand, he said that he had purchased liquor in Moritz Klingler's saloon for nearly two years and that he had never been asked his age. Other testimony showed conclusively that his age had been questioned and that he had said he was twenty-one. While the trial was on, he took a half dozen friends out to a neighboring saloon and bought drinks, telling the bartender at that time that he was of age. When the case went to the jury it took but ten minutes to decide that there was no cause for action.

This is the third case that has been lost by the crusaders and it is believed the effort to convict the liquor dealers will be abandoned.

The Way to Save Money

Find the place where a dollar goes farthest and put your dollar in that place. Read advertisements but not the "ads" of just one man, read the other fellow's too. Compare their prices and then their goods. Remember price alone doesn't mean much. Follow these rules and you will save money—and we will get your business.

Ladies' all wool fall Eton jackets 98c; good fleeced hose 10 and 13c per pair; 325 pair men's ¾ wool pants, genuine 1.50 and 1.75 goods, 98c and 1.29; ladies' 50 in. boas, with six tails, 63c; handsome 72 in. double fur scarfs 1.79; men's canvas coats, with fur collars, 1.29; men's entire overall suits 49c; 600 pairs ladies' and children's double all wool mittens 10c per pair. Sample underwear values—from one to four garments of each kind—½ off from regular prices. Ladies' fancy double flounced petticoats 49c; a good absolutely safe 22 cal. rifle 1.33; men's extra quality patent leather shoes 2.69; ladies' ¾ wool walking skirts 1.49; fancy dress skirts 1.98 and 2.69; baby jackets all wool 25c; special flannelettes 8c per yd. Men's fall overcoats (only 36 on sale) all wool, new style 4.69 and 4.95.

Edward Stolp Killed at Sandwich.—Five Poisoned at Elgin by Contaminated Cheese, but Live

Dr. Postle of Hinckley has succeeded to the practice of Dr. Wilder at DeKalb. He will move his family there about November 1.

Edward Stolp met death at Sandwich last Monday afternoon by falling from a load of hay. A peculiar incident in the history of this family is that two suicides and two fatal accidents have occurred within the past few years.

Rev. C. S. Moore, pastor of the M. E. church in Sycamore, went to Clare last Saturday to organize the new M. E. church there. A pastor will soon be appointed for this charge.

Boone Co. Republican:—Emil Walz, alias Price, has been caught and is now in the hands of the police at Detroit where it is thought that he committed a fiendish murder of which a little child was the victim. Frank Kessler and Bennie Cope left Rockford last night to go to Detroit to see if they can identify him as the man suspected of the murder of little Dick Tebbets, the Rockford newsboy. It has been thought that the same man murdered both children.

Contaminated cheese nearly caused the death of five of the inmates of one home at Elgin Saturday night. Through the prompt action of a physician, who administered an antidote, the sufferers were saved. Two of them are still under the care of a physician.

The Mystic Workers have prepared plans for a new official residence at Fulton, Ill. The matter will be held in abeyance for a time to determine whether Fulton shall be the permanent abiding place of the order.

It is rumored that a Crystal Lake mother told her pretty daughter that the young man that called so often was staying too late at night and that she must sit down on him. The young lady remarked that was what she had been doing everytime he called.—Marengo Republican.

Have New Quarters

Ellis' Modern Business College and School of Shorthand at Elgin has moved from 18 Douglas Ave., to the second floor, Town's Block 9, 11 and 13 Grove Ave., where 2,400 square feet of floor space has been placed in order to accommodate the large attendance. Graduates from this school are sought after by business men, because they have learned from experience that they are well prepared to fill responsible positions. The demand for book-keepers and stenographers during the past year has been far greater than the school could supply. One Chicago firm writes that they will place every graduate sent them from Ellis' school; that they find them superior to graduates from Chicago, and other schools.

Notice

Anyone holding accounts against the late Maria Burton send bill to Lee Hall, Genoa, Ill.

The Civil Service Commission has just received a call from the Philippine government for 150 male teachers with salaries as follows: 25 at \$1,200; 70 at \$1,000; 55 at \$900 per annum. It is desired to secure these teachers without unnecessary delay, and an examination will be held on October 19-20 in various cities.

Peace has been established in the Philippines and the conditions of living are improving every month. This examination affords an opportunity for young men to enter an attractive service which offers opportunities for promotion. Teachers appointed are eligible for promotion to the higher grades in the service, the salaries ranging from \$900 to \$2,000 for teachers and from \$1,500 to \$2,000 for division superintendents.

For application blanks and further information concerning the scope of the examination, transportation, conditions of employment, etc., applicants should apply to the United States Civil Service Commission, Washington, D. C.

Representative of Large Well Drill Concern Here on Friday

The success met with while on the road for a large well-drill concern caused a representative to be sent here on last Friday to secure the services of O. F. Bright, of the firm of Bright & Olmsted, to accept a high position in South Africa as a foreign representative of the company.

Mr. Bright was unable to accept on account of his local interests and it was with an expression of disappointment that R. F. Martin, who came in the interest of the well-drill company, returned to Chicago to make his report. Mr. Bright was on the road for the company mentioned for a number of years and the manner in which he executed his duties placed him in high esteem of the officers of the company and when the question came up for a foreign representative, Mr. Bright was the first to be sought.

Don't Stop my Paper

Don't stop my paper, printer,
Don't strike my name off, yet;
You know the times are stringent,
And dollars hard to get;
But tug a little harder
Is what I meant to do,
And scrape the dimes together,
Enough for me and you.
I can't afford to drop it;
I find it doesn't pay
To do without a paper,
However others may.
I hate to ask my neighbors
To give me theirs on loan,
They don't just say, but mean it,
Why don't you have your own?
You can't tell how we miss it,
If it, by any fate,
Should happen not to reach us,
Or comes a little late,
Then all is in a hubbub,
And, printer, if you're married
You know the reason why.
I cannot do without it,
It is no use to try,
For other people take it,
And, printer, so must I.
I, too, must keep me posted,
And know what is going on,
Or feel, and be accounted
A foggy simpleton.
Then, take it kindly, printer,
If pay be somewhat slow,
For cash is not so plenty,
And wants not few, you know.
But I must have my paper,
Cost what it may to me,
I'd rather dock my sugar,
And do without my tea.
So, printer, don't you stop it,
Unless you want my frown,
For here's the year's subscription,
And credit it right down,
And send the paper promptly
And regularly on,
And let it bring us weekly
Its welcomed benison.
Genoa, Sept. 10, '03. J. R. S.

Genoa will have a new machine shop. T. J. Hoover of Elgin will be the proprietor. The shop will be located on west Main street, and the new building will be completed early in October. It will be equipped for all kinds of work.—Rockford Star.

One of the best ways ever invented for driving a boy away from a farm where his services are needed, to the city where he is not needed, is to compel him to work for his board and clothes until he is willing to go. If he is a boy of spirit and energy, it won't be long before he goes.

The most successful state fair in the fifty-one years' history of the Illinois state board of agriculture was brought to a close Saturday evening. Every one of the eight days of the exposition has been a record-breaker in points of attendance, gate receipts and number and quality of exhibits shown. Gate receipts for the week approximate \$51,000, which is \$16,500 in excess of receipts of any previous exposition.

The republican party of Rhode Island, in annual convention assembled, most cordially endorsed last Tuesday the administration of our chief executive, Theodore Roosevelt; a worthy successor of the great republican presidents, Lincoln, Grant, Hayes, Garfield, Arthur, Harrison and McKinley. His ability, courage, honest and sound practical statesmanship have won for him and his administration the high regard of the American people, as well as the admiration of the rulers and people of the world over.

An exchange has "no room for stories, puzzles, or mere theories." Exactly, and that paper will do well for the home where they have no time to think about anything but raising cabbage heads as big as their own and developing dropsical swine. We some how have got the notion that the mind needs a little cultivation, and that it is no discredit to a man to labor with his brain, allowing those with more muscles than brains to do the drudging. We insist that the farmer's calling if pursued aright demands more intellectual than physical labor, and that the time will come when it will be said of a man: "Yes, he may do for a lawyer, minister or congressman, but he isn't smart enough to make a good farmer!"

Only a Very Few Published

It is not possible for the proprietors to publish more than a very few of the numerous letters received in praise of Chamberlain's Colic, Cholera and Diarrhoea Remedy and telling of its remarkable cures. They come from people in every walk in life and from all states in the Union. The following from Mr. T. W. Greathouse, of Prattsburg, Ga. speaks for itself: "I would have been dead now but for the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It cured me of chronic diarrhoea after seven years of suffering. I can never say too much in praise of that remedy." For sale by F. T. Robinson.

Do Good—It Pays

A Chicago man has observed that, "Good deeds are better than real estate deeds—some of the latter are worthless. Act kindly and gently, show sympathy and lend a helping hand. You cannot possibly lose by it." Most men appreciate a kind word and encouragement more than substantial help. There are persons in this community who might truthfully say: "My good friend, cheer up. A few doses of Chamberlain's Cough Remedy will rid you of your cold, and there is no danger whatever from pneumonia when you see that medicine. It always cures. I know it for it has helped me out many a time." For sale by F. T. Robinson.

ATTACK ON OFFICE

Movement to Abolish the Office of Presiding Elder in Methodist Church

The Rock River conference, which convenes at Aurora October 6, will be of more than usual interest.

As Bishop Merrill of Chicago has announced his retirement from the bishopric, a great strife for the Chicago place will be made.

The original preachers' time of pastorate was three years. It was extended to a five year term, and then made unlimited. Presiding elders uniformly favor the old three year [pastorate]. The six months' probative membership period will be reduced to three months.

An effort will be made to abolish the office of presiding elder. It is asserted that the office is a useless one.

California and Arizona

The Chicago Great Western Railway will sell tickets September 15 to November 30, inclusive, to points in above named states at a reduction of \$15 from usual rates. If you contemplate going it will pay you to inquire of any Great Western agent, or J. P. Elmer, G. P. A. Chicago, for further particulars.

HEARD ALONG THE KISHWAUKEE

The average housekeeper is just aching for the time when she can have the smithereens beaten out of the sitting-room carpet.

A subscriber asks for a cure for cold feet. Try banking them up with sawdust; if they still remain cold, set the sawdust on fire.

At this season a man may wear his coat buttoned up to the chin without causing suspicion that it is absence of shirt and not absence of heat which forces him to do it.

As General Tcherthemoslems-headoff was leaving Russia for foreign duty, his sweetheart remarked to him, in tears, "Though I no more behold thee, yet is thy name a spell."

A new book entitled, "Hints to Poets" has recently made its appearance. It is to be hoped that the book will have the desired effect. Some poets will never take a hint till they have had a hole kicked through them.

An English writer estimates that all the gold in the world, if melted in one lump, could be stored in a cellar twenty-four feet square by sixteen feet deep, and a San Francisco editor offers to furnish the cellar, if the people who own the gold want to store it. The chances are that that editor is dishonest. He would steal the gold, go to Europe and marry a duchess.

A society personal in a Covington, (Ga.) paper reads as follows: "Miss Carrie Whitlock, the beautiful and vivacitative belle of daisy Marietta, is in the city, the guest of Miss Annie Pace, one of Covington's many spirituelle, fascinating young ladies." Evidently the southern scribes are determined to keep pace with their northern brethren. In fact, "vivacitative" rather gets away with any full-dress adjective in vogue hereaway.

Never put off till tomorrow what you can say good today.

50 Years of Success

This is our record. From a small beginning we have grown until our factories now cover many acres. Many of our machines sold forty to fifty years ago are still giving their users faithful service. Can anything be more convincing of their merits and durability? Did you ever hear of any other machine with such a record?

Note a few of the many superior points of the

Wheeler & Wilson No. 9 Sewing Machine

The Rotary Hook displaces the old, out-of-date, unmechanical and troublesome shuttle.

The Frictionless ball bearings and perfect mechanical construction enable it to be operated with one-third less exertion than is required by ordinary machines. It sews three yards of goods while a shuttle machine sews two.

It makes the most elastic and most perfect stitch whether sewing light or heavy goods.

With our superior attachments the greatest variety of work is possible.

Do not make the mistake of buying a sewing machine until you have given the Wheeler & Wilson No. 9 a trial.
