CEMENT WALKS AT KIRKLAND

John Fair of Belvidere has secured contract for laying 20,000 square feet in that village.

By a recent decision of the appellate court restaurant keepers will hereafter be responsible for the hats, overcoats and wraps of their guests.

About 1500 persons attended the dance given by the officers of the Turner Brass Works in their new building at Sycamore Saturday evening.

As Bill Nye once said, this year winter has been lingering in the lap of spring so long that it has occasioned a good deal of gossip in the neighborhood.

Record of the United States treasury department shows that of all the immigrants who land in New York city only four out of each hundred go to the southern states.

John Fair of Belvidere was at Kirkland last week and secured for the Fair Cement company a contract for laying 20,000 square feet of cement sidewalks in that bustling little burg.

New York is credited with the largest debt of any city in the world. The balance on the wrong side now amounts to five hundred million dollars and still increasing. The sum staggers the citizens, but they see no relief.

J. S. Ellsworth 56 years of age and a resident of Rochelle for thirty years, hung himself in his barn one morning last week. He had been a hard drinker and was so drunk the night of his death that his wife had to put him to bed.

Because, as she claimed, her husband liked the family cow more than he did his wife, Mrs. Carl Prieve of Aurora made complaint to Chief Michaels and offered an officer \$1.50 to go up to the home and decently horsewhip Mr. Prieve.

The barn on a portion of the old H. C. Whitmore farm, about three miles west of Sycamore in Mayfield township, was struck by lightning during the heavy storm of Sunday night, and was totally destroyed by fire, together with the contents.

The village of Cary has about \$5,000 in the village treasury. The progressive little village is saving the money with the intention of putting in a water works system some time. The town has four saloons which pay a license of \$800 a year each.

DeKalb Advertiser: About a thousand head of steers arrived from the Ellwood ranch in Texas Sunday and were distributed among the nearby farms to be fitted for market. It is said that much of the Ellwood stock is counted good enough to fill orders in the export trade, and when loaded here goes direct to the ship at the New York docks.

The unique idea of having the police force collect in all keys to saloons at the closing hour Saturday night and hold possession of them until 5 o'clock Monday morning is reported to be among the plans of Mayor Pierce of Belvidere to enforce Sunday closing.

High water has caused Fox river to overflow its banks and cover the fields, both above and below Dundee. Numbers of carp have been killed with poles, boards, guns and all manner of weapons. The carp caught in this way in the last day or two are large sized, the heaviest one captured weighing about 35 pounds.

MRS. ELIZABETH BAILEY

Obituary as Read by Rev. T. E. Ream at Funeral

The funeral services of Mrs. Elizabeth Bailey were held at the Genoa M. E. church last Thursday afternoon, interment taking place at Genoa cemetery. Rev. T. E. Ream conducted the services and read the following obituary, in part:

Mrs. Elizabeth Bailey, maiden name Olmstead, was born at Davenport, Delaware Co., New York state, on Oct. 10, 1829, and died at her home in Fonda, Iowa, May 21, 1907, being 74 years, 7 months and 11 days of age at the time of her decease.

In the autumn of 1854 she was united in marriage to Clark S. Bailey while living in New York state and in the spring of 1855 Mr. and Mrs. Bailey moved to Illinois and settled in Genoa township where they made their home for nearly thirty-five years, being counted among the older settlers of this community where they have a great many relatives and friends.

Into the home of Mr. and Mrs. Bailey nine children were born, but only three are now living to survive their deceased mother.

About 20 years ago Mr. and Mrs. Bailey and family moved from Genoa to Fonda, Iowa, where they made their home and where Mrs. Bailey died. The husband of the deceased passed away about fifteen years ago while living in the West but was brought to Genoa for burial.

Of her father's family, the deceased leaves two brothers and two sisters. Her brothers are Skuyler Olmstead of Davenport, New York, and George Olmstead of Genoa; her sisters are Mrs. Margetta Albert of Burlington, N. Y. and Mrs. Florence Beams of Westford, New York. Of her own immediate family she leaves to sorrow two sons and one daughter. Her sons are Adelbert Bailey of Balaton, Minn., and Harry Bailey of Grantsville, Wis. Her daughter is Mrs. Udora Craft of McHenry, North Dakota.

Our deceased sister was a good consistent Christian woman and wherever she went or wherever she lived she did what she could to help and bless others and honor God both by her example and influence and her acts of kindness. For a great many years she was a faithful member of the Genoa M. E. church and when she moved west to Iowa she took her certificate of membership with her and cast her lot with God's people there and enjoyed that blessed communion of God's people until Our Heavenly Father saw fit to call her up higher.

Our sister has been a great sufferer at times—for many years she was in poor health, but about one year ago her condition became critical and she was obliged to pass through a serious operation from which he did not fully recover, but at last she passed out beyond all suffering.

Genoa Woodmen Memorial

The annual memorial services of the Genoa Camp M. W. A. will be held in the M. E. church next Sunday morning at 10:30 when the members of the camp will attend divine services in a body. Rev. T. E. Ream will preach the memorial sermon and after the services at the church, the officers and members will march to the cemetery and there decorate the graves of their deceased members. The public is most cordially invited to attend these services.

BASE BALL SATURDAY

Teams of the Genoa and Rochelle High Schools

The Genoa high school team will play the highs of Rochelle on the local diamond next Saturday, the game to be called at 2:30 o'clock.

There is no reason why these high school games should not receive better patronage. The boys are playing well and thus far every exhibition put up by them has been interesting. This will probably be the last game with a visiting team this year. Turn out and help the boys financially; the association needs the funds.

ELGIN BUTTER MARKET

Market Declared Firm at 23 Cents, with no Offerings

The butter market was declared firm at 23 cents on the Elgin board of trade Monday. There were no offerings or sales. The week's output was 671,400 pounds.

Roller Skating

This disease or fad is spreading like a pestilence. It has taken Washington, D. C., and everyone goes on wheels. A member of Congress, a justice of the Supreme Court, or even a member of the Cabinet or President may be found taking this strenuous exercise. Everybody does it, men, women and children. In other cities, especially where they have extensive asphalt boulevards, the people have gone wild over the new sport. It is different than walking, bicycle riding or automobile riding. Every muscle of the body is brought into action. It is an exercise better than medicine, more sure to cure than mountain climbing, and enthusiasts even say that it will grow hair, where all other methods fail. Strange to say that the disease has not yet struck Genoa although this city is better prepared than the average. There are miles of cement side walks that will appeal to the enthusiast when the fad gets here.

What's in a Name

Miss Callie Patterson assisted by Miss Anna Doyle entertained the Thimble Club at her home on Sycamore street Thursday afternoon, May 23. The afternoon was spent socially and at the close a most delicious luncheon was served. "We have had a most enjoyable afternoon" was the verdict of the departing guests. The ladies present were Misses Callie Patterson, Annie Doyle, Ada Olmsted, Grace King, Dehila Ann Hollembeak, Edith Darling, Elizabeth Pond, Sarah Vaughn, Della Coon, Rencilla Belmer, Ida Cook, Addie Gathercoal, Agnes Hutchison, Maggie Jimieson, Lizzie Holroyd, Frankie Hawks, Alice Donahue, Mary Jane Gregory, Maude Sager, Maggie Hewitt, Edith Bidwell, Marguerite Cliff, Mary Irvine, Mary Parker, Elizabeth McLelland, Judith Wright, Emily Pond.

Baccalaureate Sermon

Next Sunday evening at the M. E. church Rev. T. E. Ream will preach the annual baccalaureate sermon to the graduating class of 1907 of the Genoa high school. This service is one in which all pupils, teachers and officers of the school are especially interested. The class will attend divine services in a body, and all teachers and school officials of the village of Genoa and vicinity are especially invited to attend. The public is also most cordially invited to attend.

Ladies' suits below cost at F. W. Olmsted's.

COMMENCEMENT WEEK

SIX WILL GRADUATE FROM GENOA HIGH SCHOOL

FOUR GIRLS AND TWO BOYS

Baccalaureate Sermon by Rev. T. E. Ream at M. E. Church Sunday Evening

The public school will take up the attention of the of the public next week, if you please, with the high school as the center of attraction. It is commencement week, bringing with it the joy of the youngsters, the sigh of relief from teachers and the fluttering heartstrings of the graduates.

There will be six of the latter, four girls and two boys, as follows: Margaret Hutchison, Louise Stewart, Zada Corson, Marjorie Rowen, John Downing and Carl Harvey.

There will be something doing of interest to the pupils in all the rooms on the closing day.

The class night program will take place at Crawford's hall June 6, as follows:

- Overture.....Schubert's Orchestra
- Class History.....John W. Downing
- Reading....."Pipes" Kate Douglas Wiggin
- Zada Belle Corson
- Class Oration.....Gen. Rogers Clark
- Carl Kilian Harvey
- Orchestra.....
- Class Prophecy....."Der Glockenkuss zu Breiten"
- Margaret B. J. Hutchison
- Class Oration....."Die Wallfahrt nach Kevelin"
- Marjorie Mary Rowen
- Class Will.....Louise Gertrude Stewart
- Music.....Orchestra

Prof. Charles W. Whitten of the DeKalb Normal school will deliver the address at the Commencement exercises on Friday evening, June 7, at the M. E. church. Prof. Whitten comes recommended as an able speaker and will no doubt interest his audience.

The program follows:
Voluntary.....Mrs. T. E. Ream
Invocation.....Rev. T. E. Ream
High School Chorus.....Alleluia
Soli.....Margaret B. J. Hutchison
Chorus....."How Can I Leave Thee" Kucken

Presentation of Diplomas.....Henry F. Stout
Chorus....."Good Night".....Peridus
Benediction.....Rev. Hugh Glassburn

Rev. T. E. Ream will deliver the baccalaureate sermon at the church on Sunday evening, June 2.

Not only is it with a feeling of relief that the teachers drop their books and seek recreations but Prof. Stout and his corps of teachers close their desks with a feeling of having performed their duties well. Those who have kept in touch with the school work know that as a whole the Genoa school was never better organized for teaching and learning.

It is gratifying to note that all the present teachers have been engaged for next year, with the exception of the Misses Wennholz and Sherwood of the primary department. Miss Jessie Parker of Kingston will have one of the rooms. At this time no one has been engaged to take Miss Sherwood's place.

Tickets for class night exercises will be on sale at Hunt's Pharmacy Saturday morning. Regular prices.

Birthday Party

Henry Leonard was surprised at his home on Monday evening by a number of friends, in honor of his birthday anniversary. The evening was pleasantly passed at card tables and refreshments served. Mr. Leonard was the recipient of several gifts.

The following were present: Messrs and Mesdames G. H. Miller, Elmer Harshman; Misses Olmsted and Liece; Messrs A. M. Hill, E. A. Sowers, E. B. Little, L. E. Carmichael.

DON'T SMOKE CIGARETTES

Dying Boy Pleads with his Young Companions to Give Them up

"Oh I wish that God would let me live just long enough to save too cigarette fiends. I would ask nothing more."

This was the dying wish of Herbert Secrest, a Detroit school boy of 16. The fulfilment of the wish was denied to him in life, but it bore fruit a few hours after he breathed his last.

Boys to the number of far more than 10 who had known Herbert in life, boys who had been members of "the gang" with him, and with him sneaked into unobserved places to smoke, filed past his coffin as it lay in his father's home and solemnly vowed never again to touch the soul and body destroying cigarettes.

Secrest was a normal boy up to his ninth year. His father is a strict Presbyterian, and all his surroundings were of a wholesome nature. At school he was foremost in his classes. Then he acquired the cigarette habit, taking unusual precautions to prevent the knowledge from reaching his father and mother.

The habit got such a fixed hold on him that he fell behind in his studies and soon gave up school altogether.

His father tried to get him to go to work, but he was listless, weak and couldn't stay at any one thing long.

He commenced to grow thin and ill looking, and his people thought he was going into a decline. They sent him to a farm many miles from town, but even there he managed to get the baneful cigarettes, and he came back no better than he went away.

Then Herbert was compelled to take to his bed, and the doctor came.

"It's cigarettes," the boy whispered to the doctor. "I smoked as many as forty of them in a day. Is there no hope for me?"

The doctor gently told him there was none. "Then I wish I could see all the fellows and tell them to give up smoking," he said, "I've smoked for seven years. The folks never knew. Now everyone will know. I'm just like an elevator whose cable has been cut. I know that I have had the chance to rise, and now I only want to live that I may warn other boys."

Just before he died he called his brother, Frank, 13, to his bedside and said:

"Frank, I want your promise that you will never again smoke a cigarette."

The brother tearfully promised. A post mortem revealed that half his heart had been diseased by the cigarettes he smoked and that the remaining half was in bad shape.

What Might Happen

It is an ill wind that blows no one's good and it is a rare law that may not do an injustice to some one. Some of our exchanges are suggesting what may happen under the new local option law. Suppose for instance, DeKalb and Sycamore should get good and vote no-license. At the same time, some adjoining town like Cortland might do the reverse. Take for instance the Cortland line runs close to Sycamore. Sycamore might go no-license and Cortland license and the six to ten saloons of Sycamore might be moved to the south part of town. Cortland would get the \$1,000 apiece for the saloon license fee and Sycamore would have the saloons just the same.—DeKalb Review.

ARRESTED AT HAMPSHIRE

Virginian Moonshiner Captured, Charged with Murder of Girl

After evading authorities for nearly two months, Grover Beamer, 25 years of age, was arrested in Hampshire Saturday, charged with complicity in the murder of Miss Anna Hall, which occurred in Patrick county, Virginia, last March. Beamer was taken to Chicago last night, on an order from Judge Landis and has been taken back to the Blue Ridge mountains of Virginia, says the Elgin News.

Peter Hall "preached" on the Virginia moon shiners, who were his neighbors. Shortly afterward and before government authorities could make arrests, masked men stormed his house. In defending her father against the angry crowd, Miss Anna Hall lost her life. Hall had been dragged from his bed and the masked owners of stills were beating him when his daughter charged upon them with an ax. A bullet stopped her.

Beamer was accused with others.

About a month and a half ago Beamer arrived in Hampshire. He applied at the office of the Hampshire Canning company for a job. He appeared to be a good laborer and Superintendent Carmichael gave him a position. The packing company rents several large farms in the vicinity of Hampshire and it was on these that Beamer worked. He boarded at the home of Mr. and Mrs. Roscoe Guthrie in the village.

Deputy United States Marshal Thomas Currier, of Chicago, made the arrest Saturday afternoon. The young man was taken to Chicago and confined to the city bastille until Monday when he was sent to Patrick county, Virginia, where he will probably be tried for murder.

Surprise Party

Miss Louise Stewart was surprised at her home last Saturday evening by a party of school friends. The usual good social time, characteristic of such events, was enjoyed, and a lunch, little above the average, was served.

The following were present: Mrs. Temperance Haines, Misses Sherwood of Malta, Golda Sherwood, Frances Fraves, Emma Wennholz, Marjorie Rowen, Margaret Hutchison, Anna Kiernan, Guila Corson, Zada Corson, Mable Pierce, Geneveve Baldwin, Esther Smith, Hazel Brown, Mrs. Arthur Hill, Miss Stewart of Kirkland, Messrs. Lawrence Kiernan, Abiram Crawford, Vernie Crawford, Edgar Baldwin, John Downing, Carl Harvey, Loyal Brown, Fred Browne, Claude Senska, W. McCoy.

An Old Paper

Lloyd Taylor has placed on our desk a copy of the Locomotive Gazette, published at Williamsport, Pa., October 21, 1846. It contains much interesting reading. The advertisements are unique and would cause considerable laughter if published today, the wording and style of type composition being quaint. The most incomprehensible thing that appears in the paper is the advertising rates, which reads as follows:

"Advertisements will be inserted at the rate of One Dollar per square, provided the number of insertions does not exceed three. For every insertion after the third, twenty-five cents per square will be added."

Houses for rent or sale. Good condition. For terms apply to C. A. Brown.

AN ENGINEERING FEAT

SUPERINTENDED BY TRAINMASTER N. P. THURBER

DERRICKS LIFT BIG BRIDGE

The Entire Structure, Together with the Tracks is Removed while Dredge Passes Thru

In order that a big dredge, used by the new Plato, Rutland drainage ditch, could pass the Milwaukee railroad right of way near Pingree Grove, two immense derricks yesterday lifted a forty-foot double track bridge from its foundation in the presence of between 500 and 600 spectators, who assembled from all over the vicinity.

Train Master Nathan P. Thurber had charge of the work. Immediately after the 9:40 o'clock west bound passenger passed the bridge the two derricks, one on the west side and the other on the east, were backed up to the structure. With seeming ease the huge machines pulled the heavy bridge from its foundation and lifted it high into the air.

The west side engine then pulled backward and the structure was laid easily down on the rails. The dredge then began work, passing through the railroad ground. The crowd lingered from the time operations began at 10 o'clock until about 4 o'clock when the dredge had dug its way through and the derricks had replaced the bridge.

The feat of bodily removing and replacing a heavy bridge is considered one of the most remarkable in the engineering world. A number of men and women from this city were present yesterday and viewed the work.

Ice Cream Social

The High School Athletic Association will give an ice cream and basket social on the school grounds Saturday evening of this week. Ice cream will be served at ten cents per dish. Ladies will bring baskets filled with lunch which will be sold at auction to the highest bidder. All who can should attend this social. The students will give you a good time and at the same time you help the treasury out of its crippled condition.

MRS. MCKINLEY DIES AT HOME IN CANTON

WIDOW OF PRESIDENT PASSES PEACEFULLY FROM SLEEP TO DEATH.

End Comes Without Struggle or Pain—Body Will Be Placed in Vault Until Completion of National Mausoleum on Monument Hill.

Canton, O., May 27.—Mrs. McKinley died at 1:05 p. m. Sunday. There was no struggle—no pain. Mrs. McKinley never knew of the efforts made for days to prolong her life, nor of the solicitous hope against hope of her sister and other relatives and friends for her recovery.

At the McKinley home when death came there were present Secretary Cortelyou, Mr. and Mrs. M. C. Barber, Mrs. Sarah Duncan, Mrs. Luther Day, Justice and Mrs. William R. Day, Drs. Portman and Rixey and the nurses.

The funeral arrangements so far as made are that Dr. Buxton will have charge of the services, which are to be simple. They will be held at the McKinley home at two o'clock Wednesday afternoon. It was announced that President Roosevelt and Secretary Loeb will arrive in Canton Wednesday morning to attend the funeral services. Vice President Fairbanks, who had often been a house guest of the McKinleys, is expected to reach here in time to attend the funeral service.

The body of Mrs. McKinley will be placed in the vault in West Lawn cemetery which holds the remains of her husband, until the completion of the national mausoleum on Monument hill, when both caskets will be transferred to receptacles in that tomb.

Mrs. McKinley.

Mrs. McKinley's life of almost 60 years had been made familiar to the nation by the fact that more than half of it was a period of invalidism. Through all this, however, she showed a firm and unwavering belief in the career of her husband and by her cheering words, in spite of personal afflictions, encouraged him when there was darkness at hand.

She believed that his star of destiny would never set until he had become president of this land, and for more than a quarter of a century cherished that belief until her hopes were realized. After President McKinley's death, she expressed a desire to join him and prayed day by day that she might die. Later, however, she frequently told friends she desired to live until the completion of the McKinley mausoleum, which is the gift of the nation, and which is to be dedicated on Monument hill September 30 next.

WISCONSIN COMPANY IS SUED.

Charged With Conspiracy to Defraud the Government. Denver, May 27.—Charged with conspiring to defraud the government out of 9,000 acres of coal lands worth over a million dollars, located in Routt county near the town of Lay, the Wisconsin Coal Mining company, its officers and agents of Milwaukee, are made defendants in an equity suit filed in the federal court Saturday for the recovery of the land, which, it is alleged, they secured through the means of dummy entrymen and entry women, who conveyed the lands to the corporation as soon as they had secured patents.

Criminal action is prevented owing to the fact that the statute of limitations has run against the entries. Sherman Declines Position. Washington, May 24.—Lieut. Gov. Lawrence Y. Sherman, of Illinois, Thursday declined to accept his appointment by President Roosevelt as a member of the Spanish treaty claim commission. The reason assigned by Senator Cullom, who took Mr. Sherman's declination to the White House, was that Mr. Sherman did not feel like leaving his present position when the legislature of Illinois had not yet formally adjourned its session of this year.

Workers Demand Increased Pay. Pittsburg, Pa., May 27.—Demands for a slight wage increase and an eight-hour day are made in a statement issued by the blast furnace workers throughout the country. A strike of 25,000 men is threatened on July 1 unless the matter is amicably adjusted. Baptist Convention Adjourns. Norfolk, Va., May 25.—The Baptist convention of North America, which adjourned at the Jamestown exposition Thursday, left to its executive committee the fixing of the time and place of meeting which will probably be in 1909 at some point in the middle west.

A man going to his wedding fell asleep on the train, was carried past the town where the bride was, and had to get off at the next town and travel back. He won't do it to, remarks the Ohio State Journal.

DECLARES OIL MEN HAVE BROKEN LAWS

JUDGE ANTHONY, OF MISSOURI, RECOMMENDS THAT CHARTERS BE REVOKED.

Three Prominent Companies, He Says, Have Entered into an Agreement to Control Prices—Supreme Court Has the Authority to Oust.

Jefferson City, Mo., May 25.—Judge Robert A. Anthony, appointed by the supreme court of Missouri to take testimony in the suit begun by Attorney General Hadley against the Standard Oil company, the Waters-Pierce Oil company and the Republic Oil company, charging a conspiracy, Friday reported that the three companies entered an agreement to control prices. He recommends that their charters be revoked and that they be barred from the state, and holds that the supreme court has the authority to make the ruling of ouster.

The findings sustain all the contentions of Attorney General Hadley in the petition filed with the court. The report will be reviewed by the supreme court.

Suit Is Two Years Old. Attorney General Hadley filed the suit in the supreme court two years ago, charging that the Standard Oil company, the Waters-Pierce Oil company and the Republic Oil company were in a trust and were parties to a conspiracy to control the price of oil and petroleum products in Missouri, and to limit and prevent competition in the oil business.

Judge Anthony, of Fredericktown, Mo., was appointed by the supreme court to take testimony and report his findings to the court. More than a year has been occupied in the taking of the testimony, witnesses having been examined in New York, St. Louis and other cities.

Power of the Court. If the report should be affirmed and the findings of the commissioner adopted by the court, the court will then have power to take from the Waters-Pierce Oil company, which is a Missouri corporation, its franchise rights as a corporation. With regard to the Standard and Republic companies, both of which are foreign corporations, the court would have power to cancel their right to do business in Missouri. The court may impose fines on the defendants.

Three Killed in Tornado. Willspoint, Tex., May 27.—A tornado struck the eastern portion of Willspoint Saturday. It cut a clean swath of 200 yards in width through the entire town. Three people are reported killed. The dead: Mrs. T. C. Douglas; Jesse Douglas, her eight-year-old son; a child of Mrs. McClellan.

Injured: John Lancaster, Mrs. McClellan, Mrs. R. C. Miller, Mrs. C. H. Crick and two children, a second child of Mrs. McClellan.

President's Itinerary Laid Out. Washington, May 24.—The president, it is said at the White House, will not make more than one stop in any one place on his way down the Mississippi river after he leaves Canton on the thirtieth of September. Unless present plans are changed, only three stops are to be made in all, St. Louis, Mo.; Cairo, Ill., and Memphis, Tenn. He will embark at some point in Iowa.

Evansville Strike Ended. Evansville, Ind., May 27.—An agreement was reached late Saturday between the street railway company and the strikers. By its terms the company does not recognize the union, but an increase in pay is granted which will make the wages from 17 to 19 cents per hour and time and one-half will be paid for all time over 11 hours per day.

Ex-Judge Hargis Acquitted. Lexington, Ky., May 24.—Almost exactly three years after the shooting of Town Marshal Thomas Cockrill at Jackson a verdict of not guilty was returned here Thursday in the case of ex-Judge James Hargis, the first of those who were jointly charged with that murder, and another chapter in the famous Breathitt county feud annals was concluded.

Cold Weather Damages Rye. Omaha, Neb., May 28.—The United States weather bureau reports heavy frosts general all over Nebraska Sunday night. Wheat is probably not injured. Rye suffered greatly. Corn is uninjured, in most fields not having even sprouted. Market gardens in Douglas county suffered \$200,000 damage.

MURDER MYSTERY STILL UNSOLVED

SLAYERS OF PRIEST FOUND DEAD IN NEW YORK NOT YET APPREHENDED.

Police Satisfied That Robbery Was the Motive for the Crime, and Are Searching for Three Armenians to Whom Guilt is Attached.

New York, May 28.—John Ermojian arrested in Chicago on suspicion of knowing something of the murder and later released when he satisfied the police that he knew nothing of the crime. The constant search by the police of New York for Sarkis Ermojian and his brother Simon, who have been connected with the case through cards found in the trunk where the body was discovered, and of a third man believed to have been connected with the case:

The assertion that Father Kasper Variorian recently inherited a snug fortune from a brother who died in Chicago and that he possessed a jewel of great value in the form of a crescent or a cross which had been handed from generation to generation of priests—this money and the jewel giving the police the motive for the crime:

The fact that Mrs. Henry Sherrer, in whose apartments at 333 West Thirty-seventh street the trunk with its body was found, was taken to police headquarters to identify a man who had been arrested as the "express man" who took the trunk to her home, and later announced that he was not the person who carried the trunk in:

These are the developments up to a late hour Monday night in what has become known as the "trunk murder" of New York.

The body of the Armenian priest, Rev. Father Kasper Variorian, which was found "doubled" with the head strapped to the knees, lies in the morgue, positively identified according to the police, but without clew other than those already provided in the finding of the body.

That robbery was the motive for the crime, the police believe. The suggestion that the priest was killed as a result of disclosures of a plot to seize the throne of Serbia was not credited by the bishop in charge of the local field.

Where the murder was committed, how many men were implicated, whether or not a secret society was in any way connected with it, remain questions as yet unanswered.

The police on the strength of later information revised their alarm for the three men wanted in connection with the murder. The new edition of the alarm, telegraphed to the police of all cities of the United States and the principal cities of Europe, reads: "Arrest for the murder of Kasper Variorian, a priest of the Armenian church, Sarkis Ermojian, John Mooradian and Paul Sarkisian."

A description of each man was given and request was made that a thorough search be instituted in all Armenian and Syrian colonies, wherever located.

EX-SENATOR PATTON DEAD. Michigan Statesman Succumbs to Attack of Typhoid Fever.

Grand Rapids, Mich., May 25.—Former United States Senator John Patton died Friday of typhoid fever. He returned last Thursday from Aiken, S.

Ex-Senator John Patton.

C., where he had been in search of health. He is survived by a widow and three sons.

John Patton was born in Curwensville, Pa., October 30, 1850. He came to Grand Rapids in 1878, after having graduated from Yale college in the class of 1875 and taken a course in the Columbia law school. He entered upon the practice of law here.

Mr. Patton was appointed United States senator from Michigan in 1894 to fill the vacancy caused by the death of Senator Stockbridge. He served one year in the senate.

Fruit Is Hurt by Frost. Kansas City, Mo., May 28.—There was frost Sunday night in northwest Missouri and generally over Kansas, with the temperature in many places in Kansas reaching 30 degrees, according to reports received at the weather bureau here Monday. The strawberry crop in Missouri particularly is said to have suffered.

Cold Weather Damages Rye. Omaha, Neb., May 28.—The United States weather bureau reports heavy frosts general all over Nebraska Sunday night. Wheat is probably not injured. Rye suffered greatly. Corn is uninjured, in most fields not having even sprouted. Market gardens in Douglas county suffered \$200,000 damage.

CHAPTER XXXIII.

A Revelation Concerning the True Order of Marriage.

While matters of theology and consanguinity were being debated in Box canyon, the little bent man down in the first house to the left, in his struggle to free himself, was lightening the meshes of his fate about him. In his hurried mind he had formed one great resolution. He believed that a revelation had come to him. It seemed to press upon him as the culmination of all the days of his distress. He could see now that he had felt it years before, when he first met the wife of Elder Tench, the gaunt, gray woman, tolling along the dusty road; and again when he had found the imbecile boy turning upon his tormentors. A hundred times it had quickened within him. And it had gained in force steadily, until to-day, when it was overwhelming him. Now that his flesh was wasted, it seemed that his spirit could see far.

His great discovery was that the revelation upon celestial marriage given Joseph Smith had been "from beneath"—a trick of Satan to corrupt them. Not only did it flatly contradict earlier revelations, but the very Book of Mormon itself declared again and again that polygamy was wickedness. Joseph had been duped by the powers of darkness, and all Israel had sinned in consequence. Upon the golden plates delivered to him, concerning the divine source of which there could be no doubt, this order of marriage had been repeatedly condemned and forbidden. But as to the revelation which sanctioned it there could rightly be doubt; for had not Joseph himself once warned them that "some revelations are from God, some from men, and some from the devil." Either the Book of Mormon was not inspired, or the revelation was not from God, since they were fatally in opposition.

It came to him with the effect of a blinding light, yet seemed to endow him with a new vigor, so that he felt strong and eager to be up, to spread his truth abroad. Some remnant of that old fire of inspiration flamed up within him as he lay on the hard bed in his little room, with the summer scents floating in and the out-of-doors sounds—a woman's voice calling a child afar off, the lowing of cattle, the rhythmic whetting of a scythe-blade, the echoing stroke of an ax, the mellow fluting of a robin—all coming to him a little muted, as if he were no longer in the world.

He raised upon his elbow, glowing with the flush of old memories when his heart had been perfect with the lord; when he had wrought miracles in the face of the people; when he had besought Heaven fearlessly for signs of its favor; when he had dreamed of being a pillar of fire to his people in their march across the desert, and another Lion of the Lord to fight their just battles. The little bent man of sorrows had again become the lute of the Holy Ghost.

He remembered the day was Saturday, and he began at once to word the phrases in which he would tell his revelation on the morrow. He knew that this must be done tactfully, in spite of its divine source. It would be a momentous thing to the people and to the priesthood. It was conceivable, indeed, that members of the latter might dispute it and argue with him, or even denounce him for a heretic. But only at first; the thing was too simply true to be long questioned. In any event, his duty was plain; with righteousness as the guide of his loins he must go forth on the morrow and magnify his office in the sight of Heaven.

When Prudence came softly in to him, like a cool breath of fragrance from the canyon, he smiled up to her with a fullness of delight she had never seen in his face before.

There was a new light in her own eyes, new decisions presaged, a new desire imperfectly suppressed. He stroked her hand as she sat beside him on the bed, wondering if she had at last learned her own secret. But she became grave and was diverted from her own affairs when she observed him more closely.

"Why, you're sick—you're burning up with fever! You must be covered up at once and have sage tea."

He laughed at her, a free, full laugh, such as she had never heard from him in all the years.

"It's no fever, child. It's new life come to me. I'm strong again. My face burns, but it must be the fire of health. I have a work given to me—God has not wholly put me aside."

"But I believe you are sick. Your hands are so hot, and your eyes look so unnatural. You must let me—"

"Now, now—haven't I learned to tell sickness from the glow of a holy purpose?"

"You're sure you are well?"

"Better than for 15 years."

She let herself be convinced for the moment.

"Then please tell me something. Must a man who comes into our faith,

if he is baptized rightly, also marry more than one wife if he is to be saved? Can't he be sure of his glory with one if he loves her—oh, very, very much?"

He was moved at first to answer her out of the fullness of his heart, telling her of the wonderful new revelation. But there came the impulse to guard it jealously in his own breast a little longer, to glory secretly in it; half-fearful, too, that some virtue would go out of it should he impart it too soon to another.

"Why do you want to know?"

"Ruel Follett would join our church if he didn't have to marry more than one wife. If he loved some one very much, I'm afraid he would find it hard to marry another girl—oh, he simply couldn't—no matter how pretty she was. He never could do it." Here she pulled one of the ribbons from her broad hat. She gave a little exclamation of relief as if she had really meant to detach it.

"Tell him to wait a little."

"That's what I did tell him, but it seems hardly right to let him join believing that is necessary. I think some one ought to find out that one

"I'm Afraid He'd Find It Hard to Marry Another Girl—He Simply Couldn't."

wife is all God wants a man ever to have, and to tell Mr. Follett so very plainly. His mind is really open to truth, and you know he might do something reckless—he shouldn't be made to wait too long."

"Tell him to wait till to-morrow. I shall speak of this in meeting then. It will be all right—all right, dear. Everything will be all right!"

"Only I am sure you are sick, in spite of what you say. I know how to prove it, too—can you eat?"

"I'm too busy thinking of great things to be hungry."

"There—you would be hungry if you were well."

"I can't tell you how well I am, and as for food—our Elder Brother has been feeding me all day with the breath of truth. Such wonderful new things the Lord has shown me!"

"But you must not get up. Lie still and we will nurse you."

He refused the food she brought him, and refused Lorena's sage tea. He was not to be cajoled into treating as sickness the first real happiness he had felt for years. He lay still until his little room grew shadowy in the dusk, filled with a great reviving hope that the Lord had raised a new prophet to lead Israel out of bondage.

As the night fell, however, the shadows of the room began to trouble him as of old, and he found himself burning hotter and hotter until he groaned and gasped, and the room seemed about to stifle him. He arose from the bed, wondering that his feet should be so weak, when he felt otherwise so strong. His head, too, felt large, and there rang in his ears a singing of incessant quick beats. He made his way to the door, where he heard the voices of Prudence and Follett. It was good to feel the cool night air upon his hot face, and he reassured Prudence, who chided him for leaving his bed.

"When you hear me discourse to-morrow you will see how wrong you were about my being sick," he said.

But she saw that he supported himself carefully from the doorway along the wall to the near-by chair, and that he sank into it with every sign of weakness. His eyes, however, were aglow with his secret, and he sat nodding his head over it in a lively way. "Brigham was right," he said, "when he declared that any of us might receive revelations from on high; even the least of us—only we are apt to be deaf to the whispered words until the Lord has scourged us. I have been deaf a long time, but my ears are at last unstopped—who is it coming, dear?"

A tall figure, vague in the dusk, was walking briskly up the path that led in from the road. It proved to be the Wild Ram of the Mountains, freshened by the look of rectitude that the razor gave to his face each Saturday night.

"Evening, Brother Rae—evening, you young folks. Thank you, I will take a chair. You feeling a bit more able than usual, Brother Rae?"

"Much better, Brother Seth. I shall be at the meeting to-morrow."

"Glad to hear it, that's right good—you ain't been out for so long. And we want to have a rousing time, too."

"Only we're afraid he has a fever. Instead of being so well," said Prudence. "He hasn't eaten a thing all day."

"Well, he never did overeat himself, that I know of," said the bishop. "Not eating ain't any sign with him. Now it would be with me. I never believed in fasting the flesh. The Spirit of the Lord ain't ever so close to me as after I've had a good meal of victuals—meat and potatoes and plenty of good soup and a couple of pieces of pie. Then I can unbuckle my vest and jest set and set and hear the promptings of the Lord God of Hosts. I know some men ain't that way, but then's the time when I beautify my inheritance

"Well, the time's about up. I've been here over two months now, just because you were so kind of helpless. And one of our wagon-trains will be along here about next Monday. Say, she wouldn't ever have married him, would she?"

"No, she refused at once; she refused to consider it at all."

He was burning again with his fever, and there was something in his eagerness that seemed to overcome Follett's indignation.

"Well, let it go till to-morrow, then. And you try to get some rest now. That's what I'm going to do."

But the little bent man, flushed though he was, felt cold from the night air, and, pulling more logs on the fire, he drew his chair close in front of it.

As often as Follett awakened through the night he saw him sitting there, sometimes reading what looked like a little old Bible, sometimes speaking aloud as if seeking to memorize a passage.

The last Follett remembered to have heard was something he seemed to be reading from the little book: "The Lord is my Shepherd; I shall not want. He maketh me to lie down in green pastures; He leadeth me beside the still waters."

He fell asleep again with a feeling of pity for the little man.

CHAPTER XXXIV.

A Procession, a Pursuit and a Capture.

Follett awoke to find himself superfluous. The women were rushing excitedly through their housework in order to be at hand when the procession of Brigham and his suite should march in. Of Joel Rae he caught but a glimpse through the door of his little room, the face flushed that had a long time been sallow and bloodless. When the door had closed he could hear the voice now strong again. He seemed to be, as during the night, rehearsing something he meant to say. And later it was plain that he prayed, though he heard nothing more than the high pleading of the voice.

Follett would not have minded these things, but Prudence was gone, and no one could tell him where. From Christina, of the rock-bound speech, he blasted the items that she was wearing "a dress all new" and "a red-ribboned hat." Lorena, too, with all her willingness of speech, knew nothing definite.

"All I know is she fixed herself up like she was going to an evening ball or party. I wish to the lands I'd kep' my complexion the way she does her. And she had on her best lawn that her pa got her in Salt Lake, the one with the little blue figures in it. She does look sweeter than honey on a rag in a store dress, and that Leghorn hat with the red bow, though what she wanted to start so early for I don't know. The procession can't be along yet, but she might have gone down to march with them, or to help decorate the bowery. I know when I was her age I was always a great hand for getting ready long before any one else, when my mother was making a company for me, putting up my waterfall and curling my beau-catchers on a hot pipestem. But, land! I ain't no more time to talk with you."

Down the main road he hesitated. To the right he could see where the green mouth of the canyon invited; but to the left lay the village, where Prudence doubtless was. He would find her and bring her away. For Follett was determined to toe the mark himself now.

In the one street of Amalton there was the usual Sabbath hush; but above this was an air of dignified festivity. The village in its Sunday best homespun, with here and there a suit of store goods, was holding its breath. In the bowery a few workers, under the supervision of Bishop Wright, were adding the last touches of decoration. It was a spot of pleasant green in the dusty square—a roof of spruce boughs, with evergreens and flowers garnishing the posts, and a bank of flowers and fruit back of the speaker's stand.

"Yes; I suspicion some one's been sending tales to him about a certain young woman's carryings on down here."

He looked sharply at Prudence, who looked at the ground, and felt grateful for the dusk. Follett looked hard at them both and was plainly interested. The bishop spoke again.

"I ain't got no license to say so, but having done that young woman proud by engaging himself to marry her, he might 'a' got moved if any one had 'a' told him she was being waited on by a handsome young Gentleman, gallivant' off to canyons day after day—holding hands, too, more than once. Oh, I ain't saying anything. Young blood is young blood; mine ain't always been old, and I never blamed the young, but, of course, the needs of the Kingdom is a

different matter. Well, I'll have to be getting along now. We're going to put up some of the people at our house, and I've got to fix to bed mother down in the wagon-box again, I reckon. I'll say you'll be with us to-morrow, then, Brother Joel?"

The little bent man's voice had lost much of its life.

"Yes, Brother Seth, if I am able."

"Well, I hope you are." He arose and looked at the sky. "Looks as if we might have some falling weather. They say it's been moisting quite a bit up Cedar way. Well—good night, all!"

When he was gone the matter of his visit was not referred to. With some constraint they talked a little while of other things. But as soon as the two men were alone for the night, Follett turned to him, almost fiercely.

"Say, now, what did that old goat-whiskered loon mean by his hintings about Prudence?"

The little man was troubled.

"Well, the fact is, Brigham has meant to marry her."

"You don't mean you'd have let her go? Say, I'd hate to feel sorry for holding off on you like I have!"

"No, no, don't think that of me."

"Well, what were you going to do?"

"I hardly knew."

"You better find out."

"I know it—I did find out, to-day. I know, and it will be all right. Trust me. I lost my faith for a moment just now when I heard Brother Brigham was coming to-morrow; but I see how it is—the Lord has wished to prove me. Now there is all the more reason why I should not flinch. You will see that I shall make it all right to-morrow."

"Well, the time's about up. I've been here over two months now, just because you were so kind of helpless. And one of our wagon-trains will be along here about next Monday. Say, she wouldn't ever have married him, would she?"

"No, she refused at once; she refused to consider it at all."

Illinois State News

Recent Happenings of Interest in the Various Cities and Towns.

OPENS WAR ON ROOSEVELT.

Lieut. Gov. Sherman Refuses Job— "Gets Even" for Slight.

Springfield.—Lieut. Gov. L. Y. Sherman has refused the place on the Spanish claims commission to which President Roosevelt had appointed him. At the same time Mr. Sherman declared himself for Speaker Cannon for president, saying:

"I am willing to go with Speaker Cannon as far as the brush is cut and then to help out the brush for him."

Sherman's refusal of a \$5,000 a year place under Roosevelt and his declaration for Cannon is taken to presage a finish fight in the state against the Roosevelt policies.

At the same time Sherman has, in a measure, evened up with the president for numerous slights that he thinks have been cast upon him.

During fair week a year ago, when nearly all the state politicians were gathered in Springfield, Sherman was told that Joseph W. Fifer was about to resign from the interstate commerce commission, and that he could have the place if he would accept it. Sherman replied that if the tender came from President Roosevelt he would seriously consider its acceptance.

Then a short paragraph of news came from Washington to the effect that President Roosevelt desired a lawyer, and not a politician, for the place on the interstate commerce commission.

This slighting imputation cut Sherman to the quick, because he is known everywhere as a lawyer of ability and one whose love for his profession is unsurpassed. Sherman set about to get even, and now, with Roosevelt's name signed to a commission that he declines to accept, he believes he cannot be classed as a disgruntled office-seeker and that he is free to make a fight in the state for Cannon.

SIX DIE IN ARMOUR PLANT.

Fatal Explosion Occurs in Chicago Packing House.

Chicago.—Six men were killed almost instantly and more than a score were injured by the explosion of a two-inch ammonia pipe in the stockyards plant of Armour & Co. The authorities have begun an investigation of conditions preceding and following the explosion. It is understood that they will make a special point of examining into the policy of secrecy said to have been pursued by subordinate officials at the Armour plant after the blast occurred.

This is the third explosion of this kind at the plant within four months, the total death list being 22. It is feared that this list will be swelled by the addition of names of a number of victims who are now at the Provident and other hospitals. Experience has shown that persons who inhale ammonia fumes are likely to contract pneumonia while recovering.

Doctors End Work.

Rockford.—The fifty-seventh annual meeting of the Illinois State Medical society has closed. Just before adjournment word was received that Gov. Deneen had vetoed the optometry bill, against which the society had made a hard fight. Peoria was selected as the next meeting place and these officers were chosen: President, W. L. Baum, Chicago; first vice president, C. W. Lillie, East St. Louis; second vice president, T. H. Culhane, Rockford; secretary, Edmund W. Weis, Ottawa; treasurer, Everett J. Brown, Decatur.

Damages for Workman.

Havana.—Edward Hagan, a minor of this city, has received \$450 damages from the Clinton Gas company for injuries sustained by him by coming in contact with a live wire belonging to the company at Clinton, four years ago. Hagan, at that time, was 14 years of age, but he averred that the injuries were such as to curtail his means of making a livelihood and sued for a large amount. Evidence at the trial in DeWitt county showed that he was able to earn \$1.50 per day and the jury reduced the amount.

Shoots Self in Head.

Jacksonville.—Cyrus Parrott, one of the oldest residents of Prentiss county, took his life in his room while his daughter was out looking after some of the stock. Mr. Parrott placed the gun between his legs, holding one end of the barrel tight under his chin, the entire contents of the load entering his head.

Five Hurt in Wabash Wreck.

Mount Olive.—The Wabash accommodation from St. Louis ran into an open switch here and demolished seven freight cars standing on the switch. Four trainmen were slightly hurt. One passenger, Mrs. McMillan, of Decatur, Ill., suffered a slight scalp wound.

Safe Blown; Post Office Out \$275.

Champaign.—The safe was blown at the Ludlow post office and \$275 in cash and stamps were taken. There is no clew.

PRISON FOR HELEN DIXON.

Bloomington Church Worker Pleads Guilty to Embezzling Funds.

Bloomington.—Tiring of her lawyer's policy of delay and effort to evoke sympathy for her, Helen Dixon, arrested last February on a charge of embezzlement of \$1,300 of the organ funds of the Gleaner society of the Second Christian church, of which she was treasurer, dismissed her legal advisor and asked to be taken into court. When she appeared before Judge C. D. Myers she bravely entered a plea of guilty and was sentenced to the penitentiary at Joliet for an indeterminate term.

The sudden decision of the fair prisoner created a sensation here, as it was generally believed that a brief jail sentence would be given.

The case of Miss Dixon is remarkable in many ways. She came here about five years ago from Chicago, where her aged father yet resides. She was a leader in affairs of the Second Christian church and, through her knowledge of accounts, was made treasurer of the Gleaner society, composed of the women members. This society had been engaged for several years in raising money for a new pipe organ. This spring when the organ arrived and the money was needed to pay for it, Miss Dixon was asked for the money. She then confessed that she had spent it all.

Not only was she guilty of the breach of trust in appropriating the church money, but she also forged the name of a friend to a note for \$300.

THREE DIE IN CIRCUS RIOT.

Drunken Employes Start Fight Which Results Fatally.

Mendota.—After terrorizing the city for eight hours, half-drunken employes of a circus became involved in a general fight with citizens here, which resulted in the killing of three men and the serious injury of a dozen others.

Defying the police department and scoffing at the streams turned upon them by a fire engine company, the rioters finally were quelled by a Kentuckian, King, of Earlsville, who fired repeatedly into the mob, fatally wounding two and seriously wounding two others.

In the fighting the entire police force was badly beaten up and the bluecoats were locked up in the depot waiting-room. The telegraph operator was similarly imprisoned in his room.

The dead are: Emory McIntyre, Amboy, Ill.; Joe Falkner, showman; George Sown, showman.

Policeman Confesses to Holdup.

Chicago.—Patrolman John McKay, of the Englewood police station, was arrested while traveling his beat and taken to the South Chicago police station, where he was held in connection with the recent robbery of Anton Jankowski. Immediately after arriving at the station McKay was questioned by Lieut. Smith and Capt. Dorman and, breaking down, wept and made a complete confession, they say. In the confession McKay is said to have pleaded drunkenness as an excuse for his action.

Watchman in Hard Luck.

Aurora.—Fred Martin went on watch as a special policeman at the Fox River Bleachery company's plant for the first time the night of May 21, and four hours after he had gone on duty a desperado walked in, held him up, took \$12 away from him, and told him to get out of the place and never come back. Then, taking him by the coat collar, the intruder walked Martin from the building to the outside, gave him several blows, and told him to hurry on his way. Martin has resigned his position.

Aurora to Get New Depot.

Aurora.—According to statements made by General Manager Gruber and Chief Engineer Breckenridge of the Burlington road to Mayor E. C. Finch, City Attorney C. F. Clynne and Alderman Fred Fauth in Chicago, the Burlington will spend \$2,000,000 on improvements in Aurora before long. This includes a handsome new passenger station, elevated tracks, new freight yard, new locomotive shops and new freighthouses.

\$30,000 Fire at Tuscola.

Tuscola.—Fire destroyed the yard of the Jones Lumber company in a few moments here. The total will be about \$30,000, about \$15,000 being covered by insurance. It is thought the flames originated from a spark falling on the roof of the main shed.

Boy Saves Teacher's Life.

Peoria.—Plunging into the waters of the Illinois river to save Mrs. Minnie B. Love, his school teacher, Frank Burg, aged 14 years, saved her from drowning. For his deed he will be recommended for a Carnegie medal.

Bishop Calls on Mitchell.

Spring Valley.—Bishop Spalding, of Peoria, and M. W. Ryan, of Springfield, secretary-treasurer of the United Mine Workers of Illinois, came here to visit John Mitchell at St. Margaret's hospital.

CHINESE OFFICIALS KILLED

SERIOUS UPRISING IN PROVINCE OF KWANTUNG.

Rioters Also Reported to Have Destroyed German Mission Station at Lienchow.

Swatow, Province of Kwantung, China, May 28.—A rebellion has broken out at Woukong, in the Uping district of the Chinchi prefecture. All the civil and military officials at Woukong have been assassinated and their yamens burned.

The local revolutionists, who were joined by natives of the neighboring provinces, concentrated their attack on the officials without being molested by the police.

Kwantung province is in the southern part of China and has a population of about 30,000,000.

Berlin, May 28.—According to dispatches received here from Shanghai and Hongkong native rioters have destroyed the German mission station at Lienchow, near Pakhoi. The missionaries escaped.

New York, May 28.—Four missionaries of the Presbyterian board of foreign missions are now stationed at Lienchow, according to a statement made at the offices of the board in this city Monday. They are Rev. John S. Cunkle, who lately returned to Lienchow, after a furlough in England; Rev. Rees F. Edwards and his wife and Miss Ella Patterson. They have been in the mission field so long that their home addresses are not accessible at the office of the board in this city.

No information of trouble at Lienchow has been received from the Presbyterian missionaries.

BIG LEGAL BATTLE BEGUN.

Contest Over Estate of Mrs. Eddy Is in Court.

Concord, N. H., May 24.—Following several skirmishes, the first legal battle fought about the person of Mrs. Mary Baker G. Eddy, leader of the Christian Science denomination, in connection with the suit in equity seeking an accounting of her property, was opened in the Merrimack county superior court here Thursday. The original suit, brought by Mrs. Eddy's son, George W. Glover, of Lead, S. D., his daughter, Mary Baker Glover, and George W. Baker, of Bangor, Me., a nephew of Mrs. Eddy, was brought in the name of the Christian Science leader by her three relatives, acting as "next friends," and was directed against Calvin A. Frye, Mrs. Eddy's secretary, and several other leaders of the Christian Science church, asking for an accounting of Mrs. Eddy's property, which the "next friends" alleged was being misappropriated by the defendants.

Judge Chamberlain announced at the outset of the hearing that the proceedings should be confined strictly to the question of the intervention of the trustees as plaintiffs. He said that he would not consider Mrs. Eddy's competency at this time.

Move to Reduce Pullman Rates.

Washington, May 25.—A definite effort was begun Friday before the interstate commerce commission to secure to the public a reduction in the rate of fare charged by the Pullman company for its sleeping car accommodations. This is the first time in the history of the commission that a proceeding has been brought against the Pullman company, and it promises to be an action of more than ordinary interest and importance in that it will open up the whole question of sleeping car rates, not only on the lines of the road mentioned specifically in the complaint, but throughout the country.

Machinists Leave Their Jobs.

Jersey City, N. J., May 25.—More than 3,000 machinists and helpers along the Erie railroad between New York and Chicago were called out on strike Friday, demanding an increase of pay and the abolition of the "piece work" system. The machinists were receiving 25 and 27½ cents an hour for a ten-hour day, and the helpers 15 and 18 cents an hour. They demand a 10 per cent. increase, which would give the machinists who are receiving 25 cents an hour 27½ cents and those getting 27½, 30 cents.

Do Not Ask Disarmament.

Lake Mohonk, N. Y., May 25.—The recommendations, which the Lake Mohonk conference on international arbitration will send to the international peace conference soon to convene at The Hague, will contain no word on the subject of disarmament or limitation of armaments. The principal recommendations are a general arbitration treaty for the settlement of international disputes, and the establishment of the principle of the inviolability of innocent private property at sea in time of war.

Sunday School Convention Ends.

Rome, May 24.—The fifth international Sunday school convention ended Thursday evening after a speech by the Rev. B. B. Tyler, of Minnesota. The following officers were appointed: Vice presidents, Right Rev. J. C. Hartzell, missionary bishop to Africa; O. Waters, of London, Eng.; Justice J. J. MacLaren, of Toronto, Canada.

Mrs. Ada Smith and son, Claude, were Chicago shoppers last Thursday.

Miss Blanche Chapman of Elgin was a guest at the home of Mrs. Ada Smith Saturday and Sunday.

Joe Blodgett returned from McHenry Sunday evening with a fine string of fish. Joe is certainly a good fisherman as he always brings home a goodly number of the funny tribe.

Mrs. Jas. Hutchison Jr. was at Genoa Tuesday.

J. J. Conner and Will Drymiller spent Wednesday in Elgin.

Jerry Patterson of Genoa was seen on our streets Sunday.

Miss Marie Wright returned from Saybrook, Thursday evening.

Dr. Danforth of Genoa made professional calls here Wednesday.

Mrs. C. C. Godfrey and Miss Etta Richards were Elgin callers Tuesday.

Mr. McDonald of Plato Center was a caller in our burg Tuesday morning.

Lewis Shefner was a business caller at Hampshire Monday morning.

Miss Pina Allen of Sycamore is sewing this week at the home of Mrs. Smith.

Mrs. Ellen Mott and Mrs. May Fothergill were Hampshire callers Wednesday.

Mesdames H. C. Davis and S. G. Blank were Hampshire callers Wednesday.

Miss Pearl Smith closed her school Wednesday in the Englishing district.

Mrs. T. N. Austin and children of Genoa and Mrs. Carl Thompson and little daughters of St. Charles were here to attend the ladies' fair Friday.

FESTIVAL A SUCCESS

Ladies' Aid Society of Burlington Clear \$92.00

The May festival given by the Ladies' Aid Society Friday proved to be a success altho a dismal and rainy day. The ladies cleared \$92.

The hall was prettily decorated with festooning and red bells. There were three booths and all were decorated in white. The work exhibited in the art booth was very fine. A nice musical program was rendered.

Mr. and Mrs. Ed Vogle went to Rockford Friday to consult a specialist about their daughter, little Irene's, eyes.

Mr. and Mrs. E. C. Cripps and daughter, Belle, of Hampshire were guests at the home of E. E. Craft Saturday and Sunday.

There was a large attendance at the dance Saturday evening and a good time was reported by all. Mrs. C. C. Godfrey served the supper.

No charge for cashing checks on Marengo, Sycamore or Belvidere at Farmers' State Bank, Genoa. Also interests on deposits. No charge for issuing drafts.

There will be memorial services at the M. E. church next Sunday afternoon under the auspices of Genevieve Eminent Ladies' Garrison. Rev. E. Ward will give an address and there will be special music. The public is cordially invited.

Kodol for indigestion and dyspepsia not only digests what you eat, it tones the stomach and adds strength to the whole body. Makes rich, pure blood. Kodol is made in conformity to the National Pure Food and Drug Law. Sold by Hunt's Pharmacy.

Celestial Game.

There is a clergyman of Brooklyn who, contrary to the usual custom of his profession, is much given to sport. Especially does he like a bit of shooting in the Adirondacks.

During his last expedition to that region, in company with a friend, they were tramping through a stretch of woods at twilight when suddenly something flitted by their heads. The Brooklyn divine promptly brought his gun into play and brought the creature down. Upon hastening to the spot where it fell they beheld the face of a white owl staring at them out of the grass. Whereupon the clergyman exclaimed, with some agitation:

"Come away, Jack, come away! I've shot a cherubim by mistake!"—Harper's.

A little Kodol taken occasionally, especially after eating, will relieve sour stomach, belching and heartburn. J. B. Jones, of Newport, Tenn., says three bottles of Kodol cured him of dyspepsia. It is sold here by Hunt's pharmacy.

The safe, certain, reliable little pills that do not gripe or sicken are Dade's Little Liver Pills. Best for sick headaches, biliousness and lazy livers. Sold by Geo. H. Hunt's Drug Store. 25-3mo

The Doggerel of "Shall" and "Will" In the north of England "will" is frequently used for "shall." Perhaps it may be worth while to quote the doggerel lines which tell us the distinctive uses of the two words:

In the first person simply "shall" foretells. In "will" a threat or else a promise dwells. "Shall" in the second and the third does threat. "Will" simply then foretells a future feat. —Notes and Queries.

For a cold or a cough take Kennedy's Laxative Cough Syrup. It contains no opiates and gently moves the bowels, thereby driving the cold entirely from the system. Conforms to the National Pure Food and Drug Law. Sold by Hunt's pharmacy.

HOW WE WALK.

The Muscles Used and the Mechanical Work They Do.

The chief muscles concerned in walking are those in the calf and back of the leg, which, by pulling up the heel, also pull up the bones of the foot connected with it, and then the whole body, the weight of which is passed on through the bones of the leg. When walking the trunk is thrown forward so that it would fall down prostrate were not the right foot planted in time to support it. The calf muscles are helped in this action by those on the front of the trunk and legs, which contract and pull the body forward, and, the trunk slanting forward when the heel is raised by the calf muscles, the whole body will be raised and pushed forward and upward. This advancement of each leg is effected partly by muscular action, the muscles used being (1) those on the front of the thigh, bending it forward on the pelvis; (2) the hamstring muscles, which slightly bend the leg on the thigh; (3) the muscles on the front of the leg, which raise the front of the foot and toe, preventing the latter, in swinging forward, from hitching in the ground.

When one foot has reached the ground the action of the other has not ceased. There is another point in walking. The body is constantly supported and balanced on each leg alternately and therefore on only one at once; hence there must be some means for throwing the center of gravity over the line of support formed by the bones of each leg, as it supports the weight of the body. This is done in various ways, and hence the difference in the walk of different people. There may be slight rotation at the hip joint, bringing the center of gravity of the body over the foot of this side. This "rocking" motion of the trunk and thigh is accompanied by a movement of the whole trunk and leg over the foot planted on the ground and is accompanied by a compensating outward movement at the hip. The body rises and swings alternately from one side to the other as its center of gravity comes alternately over one or the other leg, and the curvature of the spinal bones is altered with the varying position of the weight. —London Hospital.

A Man of Few Words.

As every one knows, the great Von Moltke never wasted words and despised anything that approached garrulity in others. German army officers are fond of telling an anecdote illustrative of this peculiarity:

Von Moltke was leaving Berlin on a railway journey. Just before the train pulled out of the station a captain of hussars entered the general's compartment and, recognizing him, saluted with "Guten morgen, excellenz!"

Two hours later the train slowed up at a way station. The captain rose, saluted and with another "Guten morgen, excellenz!" left the train.

Turning to one of his companions, Von Moltke said, with an expression of the greatest disgust, "Intolerable gas bag!" —Harper's Weekly.

Animals' Toilet.

Cats, large and small, make the most careful toilet of any class of animal, excepting some of the opossums. The lions and tigers wash themselves in exactly the same manner as the cat, wetting the dark india rubber-like ball of the fore foot and inner toe and passing it over the face and behind the ears. The foot is thus at the same time a face sponge and brush, and the rough tongue combs the rest of the body. Hares also use their feet to wash their faces, and the hare's foot is so suitable for the brush that it is used to apply the "paint" to the face for the stage. —Birmingham Post.

The Face of the Clock.

When the first clock, resembling those in use today, was made by Henry Vick in 1370 for Charles V. of France, surnamed the Wise, the king found fault with the Roman numeral IV. He said it should be IIII. Vick ventured to suggest that the king was mistaken, whereupon Charles roared: "I am never wrong! Take the clock away and correct the mistake at once on pain of my displeasure." The figure was altered to IIII and has so remained ever since.

A Feathered Weaver.

The crafts are nearly all represented in bird life, but perhaps the most striking achievement is that of the tailor bird of Asia. When preparing to make a nest these birds choose a plant with leaves about the size of a man's hand. These they proceed to make into a bag. They pluck the boll of the cotton plant and actually spin it into thread with their bills and feet and there-with literally sew together the edges of the chosen leaves.

Genoa Alumni

The alumni will meet with Dr. M. R. Harnard of Rockford, Ill., on June 8, 1907. Those going from Genoa will leave on the Illinois Central at 9:47 a. m. and returning arrive here at about 8 p. m. The doctor has chartered a boat for a ride on the Rock river and has kindly arranged to furnish coffee so each one will bring their lunch. All members, their families and sweet hearts are invited. Let as many as possible turn out as a jolly good time is assured. The boat ride and coffee are furnished free of charge by Dr. Harnard. Excursion rates on railroad. N. H. Stanley, sec.

Self Command.

"Self command is the main elegance," "self control is the rule," says Emerson. He is enforcing that rule of manners which bids us avoid the exaggeration that causes loss of power and heat that makes our inferiors our superiors. He quotes from the austere, reserved, eloquent St. Just, "Keep cool and you command everybody," and from the wily old Talleyrand, "Above all, gentlemen, no heat."

Causes For Tears.

Dr. Pitcairn, being in a church in Edinburgh where the preacher was not only emphatic, but shed tears copiously, was moved to inquire of a countryman who sat by him what it was all about. "What the devil makes him greet?" was the inquiry. "Faith," said the man, slowly turning round, "ye had maybe greet yourself if ye was up there and had as little to say!"—Dundee Advertiser.

The Republicans of this district are not losing any sleep over the presidential candidate. We will accept the third term idea with good grace, would take Cannon under our wing and shout a little if necessary, and the thought of Taft is not abhorrent—if it's Foraker we will grin and bear it.

Have You a Friend?

Then tell him about Ayer's Cherry Pectoral. Tell him how it cured your hard cough. Tell him why you always keep it in the house. Tell him to ask his doctor about it. Doctors use a great deal of it for throat and lung troubles.

"I had a terrible cold and cough and was threatened with pneumonia. I tried Ayer's Cherry Pectoral and it gave me quick and perfect relief. It is certainly a most wonderful cough medicine."—BENA E. WHELAN, SIOUX FALLS, S. Dak.

THE BALL GAMES. The ball game in the morning between the Elgin and Genoa White Sox was a disappointment to the fans. Genoa had the game won by a safe margin at one stage, but then a succession of costly errors in the outfield caused the balloon ascension. When the Genoa Sox came down to earth again they found the score 17 to 9 with the little end belonging to them. Neurauter pitched a fair game but not up to his usual style.

The game in the afternoon was attended by a large crowd and it got its money's worth. It was a contest worth seeing, errors being scarce and tight plays plentiful. Evans pitched a good game and had excellent support in both infield and outfield. The score at the end was 8 to 6 in favor of Genoa.

Deafness Can not be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutionally remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

It has remained for Kansas, the state where they decide things emphatically, to come down with both feet on memorial day sports. During the past few years this day has been as much on the gala order as the fourth of July in many places. Supposing that a certain family would set aside a day of each year to commemorate their dead and decorate the graves of the departed members of that family would they observe the day by attending horse races, picnics, ball games, theatres and making it a celebration? It is not likely. Kansas has set an example which should shame the nation.

DECORATION DAY

Is Properly Observed by People of Genoa and Vicinity

Lack of time forbids a detailed account of Decoration Day events in Genoa. It is pleasing to note that the entire program as published in this paper last week was carried out without a hitch.

There were twelve veterans, as many sons of veterans and an army of school children in the procession, headed by the Genoa band. The band is deserving of congratulations for the excellent showing made.

Altho Rev. F. W. Millar is not an orator in one sense, he is an earnest speaker, and his speech at the church was greatly enjoyed.

The ladies' and male quartets rendered selections which were appreciated, while the reading by Mrs. Quick and remarks by Rev. T. E. Ream were appropriate and pleasing.

THE BALL GAMES.

The ball game in the morning between the Elgin and Genoa White Sox was a disappointment to the fans. Genoa had the game won by a safe margin at one stage, but then a succession of costly errors in the outfield caused the balloon ascension. When the Genoa Sox came down to earth again they found the score 17 to 9 with the little end belonging to them. Neurauter pitched a fair game but not up to his usual style.

The game in the afternoon was attended by a large crowd and it got its money's worth. It was a contest worth seeing, errors being scarce and tight plays plentiful. Evans pitched a good game and had excellent support in both infield and outfield. The score at the end was 8 to 6 in favor of Genoa.

Deafness Can not be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutionally remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

It has remained for Kansas, the state where they decide things emphatically, to come down with both feet on memorial day sports. During the past few years this day has been as much on the gala order as the fourth of July in many places. Supposing that a certain family would set aside a day of each year to commemorate their dead and decorate the graves of the departed members of that family would they observe the day by attending horse races, picnics, ball games, theatres and making it a celebration? It is not likely. Kansas has set an example which should shame the nation.

Sciatica Cured after Twenty Years of Torture

For more than twenty years Mr. J. B. Massey, of 3322 Clinton St., Minneapolis, Minn., was tortured by sciatica. The pain and suffering which he endured during this time is beyond comprehension. Nothing gave him any permanent relief until he used Chamberlain's Pain Balm. One application of that liniment relieved the pain and made sleep and rest possible, and less than one bottle has effected a permanent cure. If troubled with sciatica or rheumatism why not try a 25-cent bottle of Pain Balm and see for yourself how quickly it relieves pain. For sale by G. H. Hunt.

Not as Rich as Rockefeller

If you had all the wealth of Rockefeller, the Standard Oil Magnate, you could not buy a better medicine for bowel complaints than Chamberlain's Colic, Cholera and Diarrhoea Remedy. The most eminent physicians can not prescribe a better preparation for colic and diarrhoea, both for children and adults. The uniform success of this remedy has shown it to be superior to all others. It never fails, and when reduced with water and sweetened, is pleasant to take. Every family should be supplied with it. Sold by G. H. Hunt.

TOO LIFELIKE.

Curious Reason For Rejecting the "Portrait of a Doctor."

Concerning the prize, "Portrait of a Doctor," by Seymour Thomas, there is a very amusing story.

Several artists had made paintings of the gentleman who is represented in this celebrated picture, but the family decided that none of them was "lifelike enough." After visiting the Thomas studio the gentleman's relatives commissioned this artist to essay the task.

The work went on well, and the picture was completed. Every one was delighted. All declared—friends, family and enemies—that it was a "living likeness."

One day, before the picture had been sent home, the wife of the doctor called with her sister-in-law. This woman had been suffering from nervous prostration and had come to spend several months with her brother for a rest.

Instantly on entering the studio she threw up her hands and exclaimed in a hysterical, horrified tone:

"Oh, my dear, my dear! How much like Robert that is! Oh, it is horrible! I couldn't stand it in the house a moment. Why, it looks just exactly like him, and I'd almost think him about to speak. Don't take it—it's uncanny!"

Abashed into silence, embarrassed beyond description, the wife and sister-in-law later left the studio.

"And what do you think," said Mr. Thomas, with a gentle smile.

"A few days later I had a note from the wife asking me if I could not 'make the picture a little less like the doctor—a little less lifelike?' Did I do it? Well, I guess not! That was one of my best pieces of work, and I know that in trying to please everybody you are apt to be in the same predicament as the man with the donkey—in the end you'll lose the donkey and will have pleased nobody. Give me changeable sitters, but deliver me from the family."—Scrap Book.
