Mrs. N. Kuhns and Mrs. J. H. McGowan were guests at the Dr. J. T. Shesler home over the week end.
 The Misses Gladys Montgomery, Freida Kohn, Klea Schoonmaker, Mabel Montgomery and Evelyn Patterson, who are attending the summer school at DeKalb Normal school, were home over the week-end.
 Mrs. Frank Crawford was hostess to the members of the H. G. L. club and Mesdames Clayton Faber, Frank Eklor, O. M. Barcus and A. Abbott Thursday afternoon. After several games of cards a luncheon was served on the spacious porch.
 Work on the new school building is progressing rapidly, about twenty five men being employed. Most of these men are from Rockford and are camping on the grounds. The concrete walls are completed and masons are now laying brick.
 Mrs. E. H. Crandel and children Margaret and Esther and the former's sister, Miss Mabel Morgan of Herbert motored to Belvidere Saturday where they visited their mother, Mrs. John Morgan, who is in the hospital in that city.
 Mrs. Will Lembke and daughter, Elaine, will go to Chicago Friday where the former will transact business for the Genoa Mercantile Co. On Saturday Mrs. Lembke and daughter will leave for Pennville, Mich., where they will visit relatives for several days.
 Mr. and Mrs. C. E. Wager attended the commencement exercises of the West Aurora high school in which Stiles Harlow, formerly of Genoa, took part. Mr. and Mrs. Wager then motored to Chicago and spent the remainder of the week there with friends.
 The corn crop never looked more promising at this time of the year. There will be very few fields which will not show corn far above "knee high" on the fourth of July. The recent rains and warm nights have shown results.
 Several friends surprised Clifford Lane on his seventh birthday, Wednesday afternoon. The following were present: Mrs. Calloway, Mrs. Lane, Harold Lane, Mr. Lane, Mrs. Wahl, Lila Wahl, Ray Wahl, Lucile Ainlay, Helen Ainlay and Marie Ainlay. Refreshments were served and a birthday cake delighted the children.
 About seventy-five children were present at the picnic given in honor of the Mother's Jewels and the Standard Bearers organizations Wednesday afternoon on the school grounds. Sandwiches, lemonade, cookies and jello fruit salad were served by the King's Heralds. The playing of games and kodaking preceded the serving of refreshments.
 Miss Patricia Shesler, in honor of her third birthday anniversary, entertained the girls of the King's Heralds society at her home on Saturday, June eleventh. Games were played after which refreshments were served. The large gold birthday cake with its three lighted candles beautified the center of the table which was decorated in blue and yellow. Patricia was delightfully surprised with a number of beautiful gifts. Twenty eight children enjoyed the occasion and departed declaring Patricia a charming little hostess. (One of the guests.)
 The Genoa High school class of 1919 and teachers held a class meeting at the country home of Miss Zella Morehouse on last Friday afternoon and evening. At 6:30 a bounteous supper was served. Games were enjoyed and speeches were made by J. E. Taylor, Hazel Rylander, Paul Mitchell, Edward Christensen and Merrill Lott. Out of town guests were Mr. and Mrs. O. E. Taylor and daughter, Meredith and Miss Hazel Rylander and A. Shear of Marengo. Paul Mitchell of Battle Grounds Indiana, Edward Christensen of Chicago, Merrill Lott of Downer's Grove, and Daniel Corson of Elmhurst.

Material of Comets' Tails.
 Exactly what comets' tails are made of is one of the unsolved problems of astronomy, but the theory most generally accepted is that they are formed from particles of the comet itself, forced away by the pressure of sunlight, as they apparently increase in size and activity the nearer the comet gets to the sun.

Truthful.
 There is a man who keeps a list of all the banks in the country, so as to be able to say he keeps a bank account.
Napoleon in 60 Battles.
 During his long military career Napoleon fought 60 battles.

Usually a Dub.
 It is very seldom that the man who thinks he knows more than anybody else seems to profit by his information.
For the Defense.
 Let us not be unreasonable. People went crazy before there were any moving-picture shows.—Toledo Blade.

THE BANK THAT SERVES THE PEOPLE

A YEAR FROM NOW

will you be any better off than you are today?
 You will if you have a Savings Account and save a part of your earnings regularly.

Farmers State Bank
 A PROGRESSIVE STATE BANK

Are You Waiting for Rents to Come Down?

Are you one of the millions who are patiently paying rents that are from 20 to 50 per cent too high?
 If you are, do you know the facts?
 Do you know that Genoa is short homes; that experts estimate the United States to be four years behind in building requirements?
 The law of supply and demand always fixes prices. So long as there is a home shortage landlords will demand high rents and tenants will be forced to pay them.
 The one way out is to **become a home owner yourself.**
 You can build now cheaper than at any time in the past five years, and almost as cheaply, we believe, as at any time in the next five years.
 Lumber and building materials have taken a tremendous drop. The complete cessation of building has caught manufacturers with big stocks which they have been forced to sell almost at cost.
 If you buy now you can take advantage of their situation. If you wait, you will buy when everyone else is buying, and you will find the increasing demand forcing prices upward.
 In our opinion, **right now is a good time to build.**
 You owe it to yourself to investigate thoroughly. Call and see us, or a letter or phone call will bring us to you at once.

"See Slim"

THE AMERICAN PRESS ASSOCIATION

The Illinois Central Railway sounds the note of future prosperity. It is already planning development.
Now that the state legislature is about to adjourn, let us count up the achievements. It will not take long to enumerate the items of constructive legislation. Most of the time has been devoted to fighting bills of an asinine nature.

Thompson and Lundin are gasping for political breath. They are losing their grip, and it now looks as tho Governor Small is not the easy mark anticipated. The governor had political debts to pay and he would be an ingrate did he refuse to substantially pay those debts, but he is apparently watching his step.

Do you know that Genoa has a police officer whose record for efficiency is not confined to Genoa. During his eight years on the force, Mr. Crawford has not made one false step nor has he left an opening for any just criticism. This is a record of which he may justly be proud. He is spoken of by officers in neighboring cities with greatest respect. He is thoro in his investigations, and can be firm in dealing with criminals without being a bully.

Admiral Sims may have erred in that famous speech in England, but no one is going to believe all that the press dispatches say. One knows how a story is distorted in merely traveling down a village trest. The Sims story traveled some distance, was handled by several reporters and telegraph operators. These men are all human and it is the business of the metropolitan newspaper to make a story a good one. When Sims and Secretary Denby get together, matters will be cleared.

The criminal who stands before Judge A. C. Cliffe of this circuit is entirely out of luck. Judge Cliffe has a heart as big as an ox, he can show pity and that feeling is evident in his facial expression and words of admonition when pronouncing sentence. But his pity is tempered with justice. Judge Cliffe fully realizes the condition of the country today and will do his share in administering justice that will tend to put a stop to the carnival of crime which is sweeping the country. The judge believes that the community is as much entitled to justice as the criminal.

OBITUARY

Henry Keornor, Jr., oldest son of Mr. and Mrs. Henry Keornor, passed away Friday evening at half past six at the St. Joseph hospital, Elgin. Funeral services were held at his parent's home Monday afternoon at 1 o'clock and thence to the German Lutheran church at Hampshire. Rev. Meier, pastor of the church was in charge of services. The choir of the church rendered appropriate musical number. Surviving Henry Jr., are his parents, one sister, Lillie, and a brother, Walter. Henry had many friends and many likeable qualities, winning the regard of all. He was a member of the German Lutheran church. The floral pieces were numerous. The sympathy of the community goes out to the family in sorrow.

CARD OF THANKS

We wish in this way to thank relatives, neighbors and friends, for the floral offerings and sympathy extended us in our recent bereavement; also Rev. Meier for the many kind words and deeds, those who donated their autos, the singers and the many friends who showed us so much kindness during our boy's illness and after his death. Mr. and Mrs. Henry Koerner and family.

The Lantz bill, which was intended to put the board of trade out of business, according to opponents of the bill, is dead as far as this session of the legislature is concerned. That there were two sides to the question is evidenced in the fact that farmers were for as well as against the bill, altho the editor of The Prairie Farmer seems to think otherwise. It is a subject too weighty for a mere editor, but The Republican must concede there is an opening for argument when it takes into consideration the class of farmers who oppose the bill as well as those who are for it.

STOVE EXPLODES
The home of Wm. Awe on Genoa street was the scene of a little excitement Wednesday afternoon when a kerosene stove caught fire from a leaky pipe and started to ruin things in general. Mrs. Awe was not in the room when the fire started but immediately she saw the danger she called the fire department, but neighbors had it under control before its arrival. The damage to the house was slight.
Son's Acting in "The Kid" So Effects Mrs. Coogan That She Won't See End As a general rule mothers are pre-

ty good judges as to whether their children are in real trouble, or are shamming tears for the purpose of gaining some object. Once in a while, however, a juvenile actor really happens and such is Jackie Coogan, who plays the title role in "The Kid", the special Associated First National attraction, starring Charlie Chaplain, which will be the attraction at the Grand Theatre Friday and Saturday evening, June 17 and 18. Also a matinee Saturday afternoon at 3:00.

The picture contains one of the most pathetic ever seen, when the authorities insist on separating Charlie and the Kid, on the grounds that Charlie is not a fit guardian for him. The Kid bursts into tears at the idea of the parting.
Mrs. Coogan, mother of the boy, was invited to a special showing of the picture, and left the projection room in the midst of this scene.
"You may tell me it is only acting" she said outside with tears streaming down her face, "but I know better than that. Jackie would never cry like that unless his heart was broken. Although I know he is at home this minute and probably up to some mischief, I can't stand to see pictures of him, when his heart is being torn right out of him."

Ford
THE UNIVERSAL CAR
ANNOUNCEMENT

Mr. Edsel B. Ford, President of the Ford Motor Company, gives out the following statement:

"Another reduction has been made in the list price of all types of Ford cars and the Ford truck to take effect immediately. The list prices, f. o. b. Detroit are now as follows:

- Touring Car \$415.00
- Runabout 370.00
- Coupe - 695.00
- Sedan - 760.00
- Chassis - 345.00
- Truck-Chassis 495.00
- Tractor - 625.00

"The big reductions last Fall were made in anticipation of low material costs which we are now getting the benefit of, and this fact together with increased manufacturing efficiency and the unprecedented demand for Ford cars, particularly during the past three months permitting maximum production, have made another price reduction possible immediately.

"Ford business for April and May, 1921, was greater by 56,633 cars and trucks than for the same months in 1920; in fact, the demand has been even greater than the supply, so that our output has been limited, not by unfilled orders but by manufacturing facilities.

"During May we produced 101,424 Ford cars and trucks for sale in the United States alone—the biggest month in the history of our company—and our factories and assembly plants are now working on a 4000 car daily schedule for June.

"The Fordson tractor is still being sold at less than the cost to produce on account of the recent big price reductions, and it is impossible, therefore, to make any further cut in the price of the tractor."

Can you afford to go without a car any longer when Fords are selling at these new low prices? There is no reason now why you should delay purchasing a Ford car, Ford truck, or Fordson tractor.

We will gladly advise you concerning the delivery of a Fordson tractor or the particular type of car in which you are interested. Just phone us or drop us a card.

The best thing for potato bugs. They like it, But they eat just once and finish.

BALDWIN'S PHARMACY

GOOD YEAR

THERE ARE NO MILES IN A BOTTLE OF INK

ONE of the pleasantest fictions of the tire business is that a manufacturer can repair with a pen what he has failed to accomplish in his factory.

Upon no more fallacious a ground rests the virtue of the definite mileage guarantee.

But the difference between mileage as adjusted over a counter, and mileage as delivered on the road, is pressing hard for recognition upon the intelligence of the American automobile owner.

STERLING ABOUT RIGHT

Lieutenant Governor Would Give Legislators Vacation

Lieut. Governor Fred. E. Sterling attended the annual meeting of Illinois editors at East St. Louis a short time ago, and when called on for a talk responded by giving his auditors some sound truths worthy of consideration. Among other things the well known public official and successful Rockford newspaper publisher said:

"I would call the legislature together for six months to repeal laws and reduce the size of Hurd's revised statutes. Then I would send the legislature home to remain for five years. We have too many laws to stop things and too few to start things.

"I fear taxes are going to get so burdensome we shall break down. The appropriations asked total two hundred millions. Not all will be allowed, but the total may be in the neighborhood of eighty million dollars and the state tax rate will jump forty to eighty cents.

"Illinois must resort to indirect taxes as New York and Pennsylvania have. A cent a ton on coal delivered at the top of the mine or a cent a gallon would raise enormous amounts and would not be felt by anyone.

"Governor Small deserves credit instead of criticism, for his courageous stand in refusing to award contracts for hard roads when prices were so high. The criticism comes from people who wanted to rob the state.

"Everybody should go to church on Sunday, but we must be vigilant or the blue laws will come down upon us. After church a citizen should have the privilege of indulging in any recreation or amusement that is innocent. I am opposed to any more Sunday restrictive legislation.

"There are too many churches. There should be a consolidation of the weaker ones into strong organizations that could do more real work. Give us more service and fewer services."

AN INCH OF RAIN

Means 110 Tons of Water on an Acre Land

When it rains "cats and dogs," or "pitchforks" for a length of time, it is likely the weather man will announce that "the precipitation was one inch."

And just what does that mean? What is an inch of rain? The weather man has instruments for very accurate measurement of it, just as he does snowfall, the sunshine, and the direction and velocity of the wind, to say nothing of the rise and fall of the temperature.

An acre is composed of 6,272,640 square inches, and if there was an inch of water on it, that would mean 6,272,640 cubic inches. There are 227 cubic inches in a gallon, so that 6,272,640 cubic inches equals 22,000 gallons and that much would weigh 220,000 pounds or 110 tons.

It figures out then that an inch of

CHARLIE CHAPLIN

In the 6-reel comedy on which the famous comedian worked a whole year

THE KID

AT THE GRAND THEATRE

Friday, Saturday, Monday Evenings, June 17, 18, 20

Special price Saturday afternoon matinee at 3:00

rain falling is at the rate of 110 tons per acre. It is a good thing that the tonnage is scattered over so much territory.

If an inch of rain fell at Phoenix, Arizona, in one storm it would give the people something to talk about for a long time, for in an entire year the rainfall is less than eight inches. On the other hand, folks at New Orleans wouldn't give it more than a passing thought, for the average rainfall there is nearly five inches a month.

GOING FISHING?

Here are a Few Pointers Regarding Wisconsin Laws

Advice to fishermen who intend to invade Wisconsin during the coming months is contained in a letter from the commission at Madison. Following are a few extracts from the letter:

"Non-residents, with a \$2 license, may catch black bass with a hook and line on and after June 15, 1921, until March 1, 1922, except in the northern counties of Wisconsin. The season for black bass in the northern counties opens July 1, 1921. An additional charge of \$1 is made for license to fish for trout. The counties which prohibit black bass fishing until July 1 are Douglas, Vilas, Price, Bayfield, Burnett, Polk, Ashland, Washburn, Barrow, Iron, Sawyer, Rush, Oneida, Florence and Forest.

"All fish classified as game fish, namely pike, pickerel, muscallonge, large and small mouth black bass, rock bass and perch can be caught June 1, with the exception of black bass. Black bass caught before June 15 must be carefully removed from hook and returned to water, whether living or dead.

PICKS UP ANOTHER BOY

Another boy, escaped from the St. Charles Home, was picked up by Chief Crawford Wednesday night. The lad had a big line of talk, but was evidently some prevaricator. He

is now in the city bastle awaiting instructions from the St. Charles Home authorities.

HIS BACK UP

Movie Man at Shabbona Will Not Pay License

Dr. E. J. Brewer, who runs the opera house at Shabbona, has canceled all his contracts and closed the movie house because the city council demanded he pay a license fee of \$25 a year. Heretofore no license fee has been collected, but with the incoming council with four new members, he was asked to put up, instead he closed up. The merchants of the town offered to pay the license fee if the doctor would continue but he refused. A petition is being circulated asking the council to rescind its action.

SOMETHING WORTH WHILE

The Barrington American Legion post last week acquired title to a nine acre tract of land in that village, which is to be made into a community play ground for young and old. The price paid for the tract was \$5,000.

KILLED AT HARVARD

Attempting to cross the street between two automobiles in a funeral procession Saturday afternoon at 3:00 o'clock, Henry Wetlofer was fatally injured. He died on the way to a hospital a few minutes after being being knocked down and run over by the car of Mrs. Susann Glover, also of Harvard.

The accident took place during the funeral of Mrs. Walter Sund at Harvard, Saturday. Wetlofer, eighty-three years old attempted to dodge Mrs. Glover's car as he went thru the procession. He was a Mason and well known in the McHenry county city.

NARROW ESCAPE

Mistaking lysol for cascara almost cost the life of Bernard Lipofsky, a five-year-old Barrington youth, one day last week. The poison was administered by a Chicago nurse who was attending the lad. The mother discovered the mistake just in time and called two physicians into immediate attendance. The boy's life was saved and the nurse discharged.

A MARENGO BOY

Among the newly elected circuit judges of Cook county is a former Marengo boy, Phillip L. Sullivan. Mr. Sullivan is a brother of the well-known Sullivan Bros. of Marengo. Mr. Sullivan is at present master in chancery of the circuit court. Politically, he is a Democrat and a 4th ward leader.

OLD AND HARD BOILED

James Mayfield, 77 years old, confessed Kentucky moonshiner and an early-day pal of the famous Jesse James bandits, must go to the penitentiary at Joliet, to serve a sentence of from one to twenty years. Mayfield was found guilty of attempted jail delivery in the circuit court at Woodstock last week. He entered a plea of not guilty and was tried before a jury. He is accused of sawing the bars in his cell at the county jail at Woodstock, where he is serving a sentence for operating a still and selling moonshine. The aged defendant was sullen in court and refused to answer questions put to him by the state's attorney.

CARD OF THANKS

We wish to express our sincere thanks for the kindness of friends during the long illness of our mother and for words of sympathy and assistance following her death.

Mrs. C. E. Saul and family.

COAL FACTS

1921

Bituminous (soft coal): Output at present is running less than 6,500,000 tons weekly, for the whole United States. We shall need at least 500,000,000 tons this year.

That means the weekly production must average 10,000,000 tons.

We are running behind at the rate of 3,500,000 tons every week.

Anthracite (hard coal): There is need, taking the year as a whole, for all the hard coal the mines can produce. Their limit has about been reached—working steadily, 12 months, the entire year, we can only expect about 90,000,000 net tons, and only a little more than half of this is domestic coal.

They must produce steadily this spring and summer—or acute shortage next winter is inevitable.

It is plain, then, if your requirements are to be met, the miners must operate this spring and summer, when Mining conditions are best; Transportation least liable to interfere by weather; Retail conditions most economical. Otherwise: Shortage next fall and winter—and high prices.

Mrs. George Tower was an invited guest to the banquet given by the Adult members of the M. E. church in Genoa last Thursday evening. Tables were set for 150. Rev. Masterson of Sycamore, former Baptist Minister in Kingston, gave the address.

FOR BUSY MEN AND WOMEN

Rules of Health as Prescribed by Department of Health

National, state and local health organizations have been conducting educational campaigns with gratifying results. The general aim has been to improve the general conditions surrounding child life. The public conscience has been awakened to a considerable extent. Busy men and women should also take notice. They should not shorten life nor reduce earning power or capacity for enjoying life by neglecting their bodily condition. The United States Public Health Service publishes the following:

Rules of Hygiene

1. Ventilate every room you occupy.
 2. Wear loose, porous clothing suited to season, weather and occupation.
 3. If you are an indoor worker, be sure to get recreation outdoors.
 4. Sleep in fresh air always; in the open if you can.
 5. Hold a handkerchief before your mouth and nose when you cough or sneeze and insist that others do so too.
 6. Always wash the hands before eating.
 7. Do not overeat. This applies especially to meat and eggs.
 8. Eat some hard and some bulky foods; some fruits.
 9. Eat slowly; chew thoroughly.
 10. Drink sufficient water daily.
 11. Evacuate thoroughly, regularly.
 12. Stand, sit and walk erect.
 13. Do not allow poisons and infections to enter the body.
 14. Keep the teeth, gums and tongue clean.
 15. Work, play, rest and sleep in moderation.
 16. Keep serene. Worry is the foe of health. Cultivate companionship of your fellow men.
 17. Avoid self drugging. Beware the plausible humbug of the patent medicine fakir.
 18. Have your doctor examine you carefully once a year. Also consult your dentist at regular intervals.
- The above simple rules should be given a prominent place in every home, school and workshop. Commit them to memory and be a booster for every health movement in your community.

BELVIDERE'S PLAY HOUSE

A permit was voted the Belvidere Amusement company to erect an opera house at 101-109 North State street, at an estimated cost of \$75,000. The structure will be one story 28 feet high, a balcony 9 feet high included, and to be completed within five months, according to plans and specifications submitted.

Me-o-my, how you'll take to a pipe—and P. A.!

Before you're a day older you want to let the idea slip under your hat that this is the open season to start something with a joy's jimmy pipe—and some Prince Albert!

Because, a pipe packed with Prince Albert satisfies a man as he was never satisfied before—and keeps him satisfied! And, you can prove it! Why—P. A.'s flavor and fragrance and coolness and its freedom

from bite and parch (cut out by our exclusive patented process) are a revelation to the man who never could get acquainted with a pipe! P. A. has made a pipe a thing of joy to four men where one was smoked before!

Ever roll up a cigarette with Prince Albert? Man, man—but you've got a party coming your way! Talk about a cigarette smoke; we tell you it's a peach!

Prince Albert is sold in peppy red bags, tidy red tins, handsome pound and half pound tins, humidors and in the pound crystal glass humidors with sponge moistener top.
