HAPPY JUNE DAY WEDDING

Jas. R. Kiernan and Miss Mary Casey Married Wednesday

WERE WEDDED IN CHICAGO

Bride and Groom Immediately Depart for St. Louis to Spend a Few Days at Exposition

One of the surprises in matrimonial circles of the week occurred Wednesday when James R. Kiernan of this place and Miss Mary Casey of Burlington were united in marriage at Holy Name Cathedral in Chicago.

To the many friends of the contracting party, indeed it was a grand surprise. Both bride and groom had kept the matter a profound secret, no one suspecting the developments of the day.

Early Wednesday morning when all Genoa was in quietude the bride and groom left over the Illinois Central railroad for Chicago where the nuptials were celebrated.

The service was performed by Rev. Father O'Brien at 11 o'clock, the only witnesses to the service being the daughter of the groom, Miss Della Kiernan, and a brother of the bride, Thomas Casey.

The bride was beautifully attired in pearl gray crepe-de-chene over taffeta silk. The groom wore the conventional black. Miss Mary Casey, daughter of Mrs. Thomas Casey, has long been a resident of Burlington and through her many kindly ways has endeared herself to a host of friends who shower best wishes for a happy and prosperous future. Because of her acquaintanceship in this and other communities, she is regarded as a lady of most estimable qualities and at the same moment one whose friendship is sought. Mrs. Kiernan will be given a most cordial welcome to Genoa.

James R. Kiernan is one of Genoa's most energetic business men and is known far and wide through the strictly ideal business methods of his profession. His close association with the implement firms of the country has stamped him as a man of integrity, worth and sterling quality, all of which entwined make the capable and prosperous business man that he is.

Mr. and Mrs. James R. Kiernan left Chicago at 1:30 p. m. Wednesday for Springfield, where a few days will be spent prior to their departure for St. Louis where some time will be devoted in viewing the exposition.

The Republican joins with a host of friends in wishing the newly married a bright and happy future.

PIERCE-PRATT NUPTIALS

Popular Young People of Genoa Wed Wednesday Evening

An event of considerable surprise to friends in Genoa is the wedding of Clayton A. Pierce to Miss Estella D. Pratt on Wednesday evening at 7 o'clock.

The ceremony was performed by Rev. C. S. Clay, pastor of the M. E. church at Kingston, at the bride's home about five miles in the country. Only a few friends and relatives witnessed the service. The groom is the eldest son of Mr. and Mrs. A. V. Pierce and is one of the most respected young men in this community. He is very popular among a crowd of Genoa's young people

and their best wishes are for a happy and bright future. The bride is a daughter of Mr. and Mrs. Leroy Pratt. Being popular in church circles, she commands esteem from a host of friends who showered congratulations upon the newly wed. Following the ceremony a luncheon was given those in attendance.

Mr. and Mrs. Clayton Pierce left over the Illinois Central the same evening for Chicago and thence to St. Louis where they will spend several days at the exposition.

SHOT IN THE NECK

Chas. Wallworth of Mayfield Township Received Injury Wednesday

Shooting rats on the Coleman farm in Mayfield township has been postponed indefinitely owing to an accident resulting in serious injury to one of the farm hands, Chas. Wallworth, while ridding the premises of these rodents.

On Tuesday at about 5 o'clock, Wallworth armed with a shot gun had just emptied a few rounds on the rats when he threw the gun into a manger near at hand, the remaining shell in the weapon being discharged and taking effect in his neck. The wound was of such a serious nature that he was brought here at once for medical treatment, Dr. A. M. Hill dressing the wound and making

Formerly Lived in Genoa

On Saturday morning, June 18, occurred the death of Mrs. A. M. Evans at the home of her daughter, Mrs. Robert Beck, at 2223 Congress street, Chicago. Mrs. Evans was a former resident of Genoa, and for many years past she had visited here and in the surrounding vicinity.

Three years ago last February she met with an accident and has been a great sufferer since although a very patient one. Her many friends here will mourn her death, but God was good when he took her home and away from suffering and trials. Interment was at Oak Ridge cemetery, Chicago, Monday, June 20.

GIVEN THIRD DEGREE

Four Candidates Take Degree in Blue Lodge, A. F. & A. M. No. 288

Candidates receiving third degree work constituted the important sessions of the A. F. & A. M. last week, when, on Thursday evening, O. M. Barcus was made Master Mason and on the following evening Alva Ratfield and Fred Robinson received the same honors.

Not only were the meetings largely attended by local members but from cordial invitations sent to nearby towns representatives were in attendance from Kirkland, Kingston, Hampshire and Sycamore.

Following the work of the evening a banquet such as everyone enjoys was given by the Eastern

BIG PICNIC TOMORROW

Camps of the County will Enjoy Day in the Grove

FINE PROGRAM IN ATHLETICS

Hon. E. D. Shurtleff of Marengo will be Orator of the Day—Trains to be run from DeKalb and Sycamore

Organization of county picnics has become very popular, and comparing attendance at the various gatherings, Genoa is slated to have one of the largest crowds at the initial meeting of the organization tomorrow.

The Wilcox grove, one-half mile west of town, is the site selected for the big picnic. The chief address of the day will be given at 1:30 p. m. by Hon. E. D. Shurtleff of Marengo. Among prominent members of the order who will be in attendance are C. W. Hawes, General Attorney Plantz, J. A. Rutledge and F. F. Farmiloe, who undoubtedly will favor friends of the order with short speeches.

Two good bands, the Third Regiment band of DeKalb and the Burlington German band, will dispense popular music.

Program for the day is as follows:

Ball game—10 a. m., Kirkland vs. Genoa.

Address—1:30 p. m.

Athletic Sports—2 p. m.

Ball game—3 p. m., Genoa vs. Kirkland.

Prizes in athletic sports are as follows:

100-Yard Dash—1st \$2.00, 2nd \$1.00.

12-Pound Shot Put—1st \$2.00, 2nd \$1.00.

220-Yard Dash—1st \$2.00, 2nd \$1.00.

Gander Pull on Horseback—Gander to be suspended from rope, head to be pulled off while horse is in motion. Prize, gander.

Barrel Race—1st \$2.00, 2nd \$1.00.

Tug of War, 5-Men Teams, Visiting Camps—\$5.00.

Running Broad Jump—\$2.00.

Fat Men's Race (220 lbs.), 100 Yards—\$2.00.

High Jump—\$2.00.

Three-Leg Race, 100 Yards—\$2.00.

Dance at the opera house both afternoon and evening.

For this occasion arrangements have been made with C. & N. W. and the Illinois Central railroads to sell excursion tickets to Genoa at a very low rate. Passengers from DeKalb and Sycamore will be enabled to arrive in Genoa between 9:30 and 10 a. m., returning leave Genoa at 5:18 p. m. thus getting the people home to Sycamore or DeKalb about 6 p. m. This is the first time in the history of the county that such favorable arrangements have been made for Sycamore, DeKalb and other points in the south part of the county to visit the thriving, beautiful city of Genoa, and we predict a large enthusiastic crowd of Woodmen and their friends from the south will be with us June 25.

Closed School Near Herbert

Miss Maude Kimmey of Belvidere, known to many Genoa people, closed a very successful term of school at Reed's crossing near Herbert last Friday. The event was celebrated by a picnic held in the nearby grove. Miss Kimmey will be one of the teachers at the South Belvidere high school next year.

C. M. & St. P. Excursions

Cleveland's Theater, Chicago

Last week at Cleveland's The-atre, Chicago, drew audiences that taxed the capacity of the house at every performance, the bill being of unusual merit. The aggregation of vaudeville stars which Mr. Cleveland has engaged for the week beginning with Sunday matinee, June 26, are of even greater magnitude than those during the past weeks. Heading the bill will be Hal Davis, Inez Macaulay & Co., in the great comedy melo-drama "Pals." This sketch has proven the vaudeville sensation of the year.

The finish is a most realistic stage fight, the climax of which is more sensational than any that has ever taken place on any stage. In securing this act Manager Cleveland is to be congratulated. The Elinore Sisters, America's most talented comedienne, will present one of their extremely funny skits. The Colby Family are four in number, father, mother, Frank and little Byrle. All of the Colby Family's special-ities are so neatly introduced that one seems to see a happy family amusing themselves in their own parlor.

Annie Abbott, the original Georgia Magnet, is one of the most mysterious and interesting performances ever placed before the public. Miss Abbott's per-formance has baffled countless committees of medics. Unaided she unhesitatingly lifts ten large men, yet the mysterious laws over which she is mysterious, prevent the same number of men lifting her, no matter how they try. The Avoles, European athletes, have created a great furore in New York City, they being the only two gymnasts throwing double somersaults from perpendicular bars, will delight lovers of brawn and muscle.

Kelly & Violet and Hodges & Launchmere are also contracted to appear. The Biograph will have a new series of animated pictures, not to be seen elsewhere. As usual there will be two per-formances daily. Matinee prices 10 to 50 cents. Evening prices 10 to 75 cents.

SCHOOLS CONSOLIDATED

Country Schools Becoming Smaller and Weaker

THERE IS BUT ONE REMEDY

And that is to Collect the Pupils in Larger Groups by Means of Transportation

The state of Illinois is at the present time having an awaken-ing along school lines that prom-ises to bear more good fruit than any similar movement has for many years. Several of our neighbor states have in the last few years found out and profited by the fact that conditions have changed and demand different handling than that which was suc-cessful years ago. The old time country school was a potent, mov-ing force in the community of which it was the social, moral and frequently the religious cen-ter. It was frequently taught by men, sometimes by the preacher, sometimes by college students working to earn a little money because it was the best opening for that purpose, and these men were those who left an imprint figuratively speaking, and some-times literally, upon the pupils and patrons of a community.

Conditions are now different. Men are a rarity among teachers and lady teachers are now so scarce that the best of them are eagerly taken from the country schools to teach in the grades and the county superintendent has to frequently tax his conscience al-most to the breaking point in order that the weak applicant for a second grade certificate may be given one stating that her scholar-ship is such that she is competent to teach in the schools of his county.

The old time school was fre-quently filled to overflowing with pupils, often as high as high as fifty or sixty attending and many of them were men in every sense of the word. Nowadays the coun-try schools seldom have over fifteen pupils and the majority have many less than that number. The boys that used to work on the farm are now in the cities helping to build the machines that do the work they formerly did.

In Genoa township only about fifteen pupils per school are en-rolled on the average and several of these come from adjoining townships where there are union districts. The number of teach-ers employed outside the corpora-tion of Genoa village is eight while these same pupils could be graded and taught in the village by three teachers. The cost per pupil in the country schools in Genoa township is about \$22.00 while in the town of Genoa it is only about \$19.00. Besides this, individuals in the township of Genoa pay the district number one (Genoa village) about four hundred dollars in tuition.

The average cost of educating the country pupil is much greater than in Genoa township. In Kingston it will run much higher. That means that eventually Genoa township will pay still higher in proportion to the number of pupils. From statistics of cost in different states it has been shown that the average cost of elemen-tary education in the country schools is over forty-eight per cent. greater than in the city and village schools including the high school course. During the last year nearly one-fifth of all the pupils in the country districts of Genoa township elected to attend the village schools, the parents thereby paying a double tax for the privilege of graded and high school advantages. These people feel the spirit of the times. The spirit of the times is educate! Educate! Educate! To educate means to spare no expense, time,

or trouble to secure the best that can be secured. Years ago the man who had to make his mark instead of signing his name was not seriously handicapped and frequently succeeded in the struggle for existence. Today a man with no education, or even with the meager education that the average country schools af-ford, is so seriously handicapped that he must be wonderfully endow-ed by nature or his life will be but a series of disappoint-ments.

From the above statements it may be seen that due to the mael-strom-like action of the cities, the country schools are not only be-coming smaller and weaker but relatively more costly as well. The trustees of Tippecanoe coun-ty, Ind., say, "These conditions have come upon us so gradually that they may have escaped our notice, or if our attention has been called to them there seemed no remedy. There is but one remedy and that is to collect the pupils together in larger groups by means of transportation.

This is what is meant by con-solidated or what is sometimes called centralized schools. Where schools have become weak and costly it has been found advan-tageous to combine two or more, thereby making a stronger and cheaper school. It is no new thing in many states even though it is in Illinois. Beginning as early as 1874 Massachusetts has found the consolidated schools so mutually advantageous that over 65 per cent. of the townships now have consolidated schools. In 1893 the state superintendent wrote, "For eighteen years we have had the best attendance from transported children; no more sickness among them and no accidents. The children like the plan exceedingly. We have saved the townships at least \$600 per year."

At present there are consolidat-ed schools in twenty states, from Maine to North Dakota and south as far as Florida. Illinois has one-third of one township consol-idated and that one is at Seward, Winnebago county. It is a suc-cess.

After all that can be, will be, and has been said about consol-idated schools "the proof of the pudding is in the eating." It is a very significant fact that no case is on record in which the change has been made back again from consolidation to the small school.

The statement has been made that the roads about Genoa are not sufficiently good to make it feasible to transport children from the uttermost parts of the town-ship. Let us ask this question which appears to the writer per-

ment of at least one experienced, well educated, broad-minded teacher, under whose supervision even young and inexperienced teachers covering fewer things will do far better than when work-ing alone trying to teach every-thing.

This makes possible the con-duct of a school with the proper regard to the industries and prop-erties of life, and it is the only way in which agriculture, nature study and household science can ever be generally introduced into the country schools.

It equalizes the cost of school-ing, making it no more per capita for an outlying thinly populated district than for any other.

It increases property values as a whole for those who care to sell

It increases property values as a whole for those who care to sell

and it broadens life for those who stay.

It eliminates illiteracy on the one hand and on the other the false views of city life so common-ly imbibed by school children, thus rationalizing the emigration from country to city.

It makes unnecessary the send-ing of young boys and girls away from home for high school privi-leges on the one hand, or the breaking up of a home on the other in "going to town to edu-cate the children."

IN CIRCUIT COURT

Court and Jury Occupied a Day on a Suit Resulting in \$3 Verdict

On Monday, the first day of the second week of the June term of the DeKalb county circuit court, the assault case of Atherton against Foster was tried before a jury.

Alexander Foster was charged with assault and battery on the person of Atherton. The fight took place about a year ago on the public road. Peter Wangler also being involved. The case was tried in a justice's court in DeKalb, which fined Wengler \$75 and Foster \$50. Wangler paid his fine and Foster appealed to the circuit court. These men are neighbors living near Paw Paw. The case took up most of the day, Monday, and was given to the jury in the evening. The jury was out until about 12:15 Monday night when they agreed on a verdict, assessing defendant \$3 and costs.

The other cases acted upon were:

Dena McAllister against Margaret Kirk. Time extended to plead till Monday next.

Bail of George Merriot reduced on motion of plaintiff from \$1,000 to \$500.

People against D. Evans. No bill.

Mary Evans against Supt. L. M. W. of W. Leave given plaintiff to file additional counts.

Charles Dole against DeKalb county Gas Co. Continued by agreement.

L. C. Card against R. C. Wilson. Appeal dismissed as per stipulation.

Joseph M. Oleson against Minnie A. Oleson. Decree of divorce granted.

Captain Fair Is Elected

An article clipped from the Republican of Belvidere has the following to say about the election of Capt. Fair and the first and second lieutenants of the Illinois National Guards, and will be of considerable interest to the members of Company B here:

Colonel A. E. Fisher of Rockford conducted the election of Company B at the Armory Wednesday evening.

The following officers were re-elected by a unanimous vote:

Captain—Robert J. Fair.
First Lieutenant—Will J. Fassett.

Second Lieutenant—George Sweatman.

After the election an informal social session was held. Col. Fisher addressed the boys and gave them some good advice. Captain Stanton Hyer of Rockford made a few remarks. A. C. Fassett also made a clever speech and Captain Fair and others were heard.

Sandwiches, ice cream and cake monopolized the attention of the militia boys and their guests for a time. Col. Fisher and Captain Fair returned on the 10 o'clock car and the social session of the company was continued for an hour later.

One of the features of the evening was the singing of an original song by the musicians of the company, Harry Thompson and August Lembke. The song is said to have made a hit.

Annual announcements of the Rockford Chautauqua assembly have been issued and contain much information for those desiring to attend. These copies have been generously distributed so that when the Chautauqua opens everybody will have a general knowledge of it.

A New Speed Record

The Michigan Central railroad has established a new record for speed in its trip from Niagara Falls to Chicago, covering the entire 590 miles at an average speed of sixty miles per hour, running 200 miles of 70.74 miles and makes a short run at the rate of 111.9 miles per hour. This record is truly remarkable considering the fact that no special preparations in the way of fixing the road bed, spiking switches or other precautions were made.

When the average speed attained in the making of this trip is compared with the best record, established up to but a few years since, one is brought to realize in a measure the vast improvements that have been made by the railroads in the quality of road beds and in rolling stock. The locomotive of twenty years ago is lost along side of the monster ten-wheeler of today. The light, shell like coach which was the pride of that time is being supplanted by the heavy, substantial and practically indestructible Pullman car of today. The light iron rail on a dirt road bed has been abandoned and the heavy steel rail and the ballasted bed have taken their place.

These improvements supplemented by the air brake, the block system and other devices insuring the safety of the traveling public, have made possible the saving in time in the transportation of persons and merchandise which has contributed so materially to the increased productiveness of the present age. But these new records prompt the thought, "Where is the limit?" Are such unusual speeds necessary or desirable? In view of the great dangers involved in case of accident, would it not be more satisfactory in the end to establish a lower rate of speed such as would meet every requirement in the ordinary affairs of life and at the same time reduce to a minimum the loss of life in railroad wrecks?

Ben Camp Improving

Ben Camp, who lives in the town of Bonus, fell on the sidewalk in front of Bowley's store at Belvidere Thursday.

The fall was occasioned by weakness from the effects of heart trouble, which has been an affliction of long standing. He was assisted to the First National bank where he remained for an hour. Dr. Annie Alguire attended the stricken man and advised his removal to the American hospital, where he was taken after recovery from the immediate effects of the prostration. He has had several attacks of the kind at occasional intervals. The patient was in an improved condition Saturday.

Do You Know It?

I am not Made by the Trust

I HAVE A CAR LOAD of fresh, clean and bright MINNEAPOLIS BINDERS ready for the 1904 harvest. It is the best Binder made, and I have been agent for them for 22 years and never failed in making the sale of the MINNIE STEEL BINDER when tried. The MINNIE will do all kinds of cutting and binding where any Binder will, and will cut and bind where some makes of Binders fail. The Minnie has never been misrepresented.

Come in and Have a Look

A MATTER OF FACT is that the MINNIE will cut the tallest grain, the shortest grain and down grain in all conditions. The MINNIE will bind a bundle with less twine than any competing machine. All my competitors hate me. All they can say when they find a prospect sale against the MINNIE is, where can you get repairs when wanted? I have furnished repairs for about 200 MINNIE BINDERS, and not one man owning a Minnie Binder will say he failed to get what repairs he wanted when calling for them. The MINNIE is not made by the trust and is sold at prices that are right. If you are contemplating buying a Binder, drop me a postal card and get prices. I also have some of the best makes of twine and prices are right. Now, if you buy a MINNIE Binder you won't make any mistake. Come in and examine them carefully.

Manufactured by firm having an unlimited amount of capital.

Startling Evidence.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for consumption, coughs and colds to be unequalled. A recent expression from T. J. McFarland Bentorville, Va., serves as example. He writes: "I had bronchitis for three years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing all lung and throat troubles, consumption, pneumonia and grip. Guaranteed by Hunt's Pharmacy. Trial bottles free, regular sizes 50c, and \$1.00.

That Throbbing Headache

Would quickly leave you, if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for sick and nervous headaches. They make pure blood and build up your health. Only 25c, money back if not cured. Sold by Hunt's Pharmacy.

Triumphs of Modern Surgery

Wonderful things are done for the human body by surgery. Organs are taken out and scraped and polished and put back, or they may be removed entirely; bones are spliced; pipes take the place of diseased sections of veins; antiseptic dressings are applied to wounds, bruises, burns and like injuries before inflammation sets in, which causes them to heal without maturation and in one-third the time required by old treatment, Chamberlain's Pain Balm acts on this same principle. It is an antiseptic and when applied to such injuries, causes them to heal very quickly. It also allays the pain and soreness. Keep a bottle of Pain Balm in your home and it will save you time and money, not to mention the inconvenience and suffering which such injuries entail. For sale by G. H. Hunt.

PARIAH OF THE SKY LINE.

Coyote Always a Tantalizing Mark For the Man With a Rifle.

There is a deal of coyote hunting in the west that is not attended by the niceties of the club hunt. Ever since the first pioneers pushed their way across the great plains the coyote has been an outlaw, looking for no mercy at the hand of man. His predatory habits have made the animal the bane of the ranchman, and his howl has made him the exasperation of the camper and the terror of the tenderfoot. Then, too, his habit of skulking just within rifle range has always made him a tantalizing target for the man with the rifle.

In spite of his unpopularity with all classes of men, however, the coyote has managed to hold his own better than any other animal in the great west. The antelope is swifter of foot, mayhap, but, not having the cunning of the coyote, has been lured within rifle range until practically exterminated in many states. The ranchman's lust for fresh meat, the eastern tourist's desire for antlers and elk teeth and the native who slays for the market have depopulated Colorado and several other states of their best game. The bear, cougar and bobcat have felt the same blighting influence, but the coyote still figures in the sky line of the average western picture. Sometimes he is unwise enough to eat of poisoned carcasses of cattle, but this is seldom. Again, he falls a victim to a coyote "drive," organized by ranchmen and participated in by townspeople, tenderfeet, newspaper correspondents and amateur photographers. These coyote "drives" are held annually or oftener in nearly all western communities where the prairie pest flourishes. An average "drive," participated in by several hundred individuals, will yield sometimes none at all. A good deal depends on the wind, and more depends on the coyote's cunning and ability to sprint.—Outing.

Recognized His Genius.

A writer whose stories of southern life have made him famous while on his way across the country a few years ago stopped for a day or two in one of the large cities. The reporter for the daily papers heard of his presence in town and began flocking to the hotel. He sent word to them that he had no desire to be "interviewed," but he would see them all together in his room if they desired.

They came trooping in, and he entertained them an hour or more with stories and reminiscences, told in his best style.

They listened with great interest, and when he had come to the end of them one of the reporters, a young man who had just begun his newspaper career, said, with the utmost earnestness:

"Mr. C., why don't you write up some of those things and have them printed? They'd go like hot cakes!"

Cause For Tears.

Some friends were talking once before a well known caricaturist of the effect of a powerful painting upon the mind, and some one said enthusiastically:

"The painter with his brush can bring tears to the eye quite as well as the poet with his lyre."

"That is indeed true," replied the caricaturist. "I was in _____'s studio yesterday, and he was showing me one of his pictures, and, though I am not usually in the melting mood, I wept for ten minutes."

"Ah! I had heard that — was treating a very pathetic subject. And you found his wonderful brush?"

"Oh, that isn't it. He stuck his wonderful brush in my eye while gesticulating."

A Useful Ladder.

Among the peculiar "geniuses" of Byfield, Mass., a place to be remembered, and of which J. L. Ewell has written a book, was a man in the north of the parish who was asked by a ladder vender if he would like to buy.

"How much are the ladders a foot?" he asked.

"Twelve cents," was the answer. "Very well," said he, "I'll take a foot."

The ladder vender jumped down from his load, pulled down a ladder and sawed off a foot.

The purchaser took it, paid the price and remarked quietly:

"That's just what I've been wanting to pick huckleberries with."—Youth's Companion.

Model Wanted.

"Longhair has received a commission to paint one of those studies from still life for old Muchcash," said the first artist.

"Good!" replied the second painter. "I am glad to hear of his good luck."

"But he can't do the work. Muchcash wants a picture of a \$20 note lying on a cigar box, and Longhair can't borrow a model."

THE SMART SET
A Magazine of Cleverness

Magazines should have a well-defined purpose. Genuine entertainment, amusement and mental recreation are the motives of THE SMART SET, the MOST SUCCESSFUL OF MAGAZINES

Its novels, (a complete one in each number) are by the most brilliant authors of both hemispheres.

Its short stories are matchless—clean and full of human interest.

Its poetry covering the entire field of verse—pathos, love, humor, tenderness—is by the most popular poets, men and women of the day.

Its jokes, witticisms, sketches, etc., are admittedly the most mirth-provoking.

Rev. F. F. Farmiloe of Elgin, who was platform director at the Rockford Chautauqua last year, has again been selected to officiate in that capacity for the coming year. It requires a man with exceptional ability to fill the position and keep things running smoothly to the satisfaction of the patrons and management. Rev. Farmiloe must be ready for business at 8 o'clock in the morning until 10 o'clock in the evening.

Sued by His Doctor

"A doctor here has sued me for \$12.50, which I claimed was excessive for a case of cholera morbus," says R. White of Coachella, Cal. "At the trial he praised his medical skill and medicine. I asked him if it was not Chamberlain's Colic, Cholera and Diarrhoea Remedy he used as I had good reason to believe it was, and he would not say under oath that it was not." No doctor could use a better remedy than this in a case of cholera morbus, it never fails. Sold by G. H. Hunt.

Worst of All Experiences

Can anything be worse than to feel that every minute will be your last? Such was the experience of Mrs. S. H. Newson, Decatur, Ala. "For three years" she writes, "I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed. At length I was induced to try Electric Bitters and the result was miraculous. I improved at once and now I'm completely recovered." For liver, kidney, stomach and bowel troubles Electric Bitters is the only medicine. Only 50c. It's guaranteed by Hunt's Pharmacy.

Line to Connect with Belvidere

A statement given out by John M. Roach, general superintendent of the Union Traction company of Chicago, at Belvidere last Saturday is to the effect that a third rail line direct from Freeport to Chicago, passing through Rockford, Belvidere, Elgin and all intermediate points, will soon be built. Such a move will undoubtedly prove a good investment for capitalists.
